- **Community-Friendly Messaging –** To ensure local residents feel this event is *for them* and not just for outsiders, our local marketing will underscore the festival aspect: "**Foiling Week Festival – Fun for All Ages**." Creative concepts for the race village include calling it a "**Hydrofoil Innovation Expo**" or "**Foiling Festival**" in promotions, emphasizing the interactive and entertainment components (live music, food trucks, tech demos). By marketing it in this way, even those unfamiliar with sailing will be intrigued to come down to the waterfront to see what it's about – effectively expanding our audience. We will avoid overly technical jargon in mass marketing; instead of saying "Sailboat Regatta," we say "Flying Boats racing at speeds up to 30+ knots," which is more likely to catch the eye of a non-sailor and communicate the excitement in layman's terms.
- **Integration of Pensacola's Identity –** All creative work will tie back to Pensacola's unique identity as a destination. This includes featuring imagery of not only the on-water action but also iconic local scenes (the Pensacola Beach sign, historic downtown, Blue Angels jets, etc.) in b-roll and social posts, to reinforce that this event is deeply connected to place. We want anyone who sees our content to remember *Pensacola*. Our partnership with local cultural groups (for instance, involving a Pensacola Mardi Gras troupe or a Navy band during ceremonies) will also appear in creative outputs, showing that the event honors local culture and community. By blending the international spectacle with local authenticity, the marketing materials will appeal to both an external audience (as an enticing travel event) and the local audience (as a point of pride).

In summary, Foiling Week Pensacola's marketing plan for 2026 is a comprehensive, multi-faceted approach that builds on proven strategies and the inaugural event's data-driven insights. By maintaining a clear structure of goals, targeting well-defined audiences, engaging through multiple channels, and delivering consistent, compelling messaging, we will significantly grow the event's footprint. The inclusion of the World Foiling Series elevates Pensacola's global standing, while the removal of earlier class-specific plans streamlines our focus on the broader foiling festival experience. With strong support from the TDC and community partners, Foiling Week Pensacola 2026 is poised to set new benchmarks in tourism impact and pave the way for Pensacola to thrive as an international foiling destination for years to come. The return on the

TDC's investment will be seen not only in impressive visitor numbers and economic metrics, but in the enduring legacy of a world-class event that showcases the very best of Pensacola – its waters, its innovation, and its welcoming spirit.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

RULES AND REGULATIONS

Application Dates

- The permit application process should begin at least 30 days prior to the event date.
- All completed permit applications and fees are due to the Special Events office at a minimum of ten days prior to the event date. Applications submitted after the deadline may be subject to denial of permit.

Cancellation Policy

- The damage / clean-up deposit may be returned if the event is cancelled prior to the date of the event. (Restrictions may apply based on the event location).
- No permit fees will be refunded if the event is cancelled.
- Although permit fees are non-refundable, if an event is cancelled due to inclement weather, the permit fee may be credited towards an alternate date. Event organizers must inform the Special Events Office when cancelling any event or rental. An alternate date must take place within eight months of the original event date.

ADA Accessibility Guidelines

- Event Organizers must make the event accessible to people with disabilities to the greatest extent possible in compliance with the requirements of the Americans with Disabilities Act (ADA). If the event calls for portable restroom facilities, 5% of the total number of portable restroom units and at least one in each grouping of units must be accessible to persons with disabilities.
- Accessible parking must be provided for persons with disabilities. Depending on the location, City designated accessible parking lots must be utilized for accessible parking for the event. Information regarding accessible parking locations should be included as part of the event advertising and clearly marked at the event site. At a minimum, all event personnel and volunteers should be aware of the locations of accessible parking to direct persons with disabilities and handicap tags to the appropriate parking areas.

Portable Restrooms

- For requirements regarding portable restrooms please review the State of Florida, Department of Health, Chapter 64E-6, Florida Administrative Code Standards for onsite Sewage Treatment and Disposal Systems -64E-6.0101 Portable Restrooms and Portable or Stationary Holding Tanks.

Please Read and Initial Below - Park Rental Rules and Guidelines

Initial

User shall at User's expense, supply and furnish all personnel, workers, equipment, furniture, furnishings, services, and all other things and items that User deems necessary to the success of User's scheduled event, including sufficient portable restrooms to accommodate the public during the period of the event.

User shall remove from the rented park property all equipment, furniture, furnishings, and items placed thereon by User for the scheduled event by no later than the scheduled "break-down" time for the event.

Motor vehicles are prohibited to drive into the park at any time.

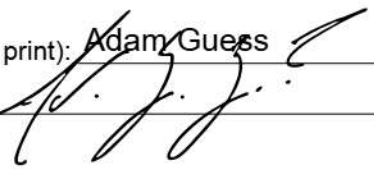
Staking of tents, inflatables, or other equipment is not allowed within the parks without prior permission. All damage resulting from staking will be the responsibility of the user.

Glass containers will not be allowed in the park and User shall ensure that all vendors adhere to the "NO GLASS" policy or the vendor may be removed from the event at the discretion of the City.

User shall not affix any signs or objects on any roof or any portion of the exterior of any park facility; make changes to exterior lights, paintings, signs, or displays; install any sign or displays on fence, sidewalks, parking lots, or driveways without prior written permission from the Special Events Office. The User shall submit examples (drawings, computers graphics, site map, etc.) of all proposed signage installations. Any approved signage left on the premises after the end of the event/ park rental shall be removed and disposed of at the users/event organizers expense.

User understands that storage of equipment before and after an event /park rental is strictly prohibited.

Refunds will not be issued due to rain. The City will endeavor to reschedule park rentals based on availability. Renters must call within three business days of rain-out date to reschedule.



The undersigned hereby agrees on behalf of the organization, to indemnify and hold harmless the City of Pensacola, its subsidiaries or affiliates, elected and appointed officials, employees, volunteers, representatives and agents from any and all claims, suits, actions, damages, liability and expenses in conjunction with loss of life, bodily injury or personal injury, or property damage, including loss of use thereof, directly or indirectly caused by, resulting from, arising out of or occurring in connection with this activity.

The undersigned also agrees to protect and hold harmless the City of Pensacola, its subsidiaries or affiliates, elected and appointed officials, employees, volunteers, representatives and agents from any and all claims, suits, actions, damages, liability and expenses, present, past or future which may be asserted by this organization, or any member of this organization, or any participant of third party arising out of or occurring in connection with this event.

User shall be liable for any and all damage done to the property covered by this agreement located in and on the rented park area, regardless of who causes such damage or how such damage is caused, during the period of use contained in this agreement. Further, User shall agree to defend,
indemnify and hold-harmless the City, its officials, employees, and representatives for any and all claims caused by or arising out of, in whole or in part, the activities permitted by this agreement.

I hereby attest that the information contained in this contract is true and correct. I agree: (1) if any of the information contained in the contract is found to be false; or (2) should my conduct, or the conduct of any participants or guests not be described in the contract; or (3) should any applicable City,
County, State or Federal rules, regulations, codes or laws be violated, this contract shall automatically become null and void and any activity associated with this reservation will immediately cease. If the event has not taken place, the contract will be cancelled.

INSURANCE REQUIREMENTS

In General:

The Event Organizer/Applicant is required to provide liability insurance with coverage limits that depend upon the size, scope, and location of the event. The insurance policy must include coverage for all Event Organizer/Applicant approved event activities, including those activities being provided by third party vendors. The policy must be for the date(s) of the event, including set-up and breakdown days.

Liquor Liability Insurance (if alcohol is sold) or Host Liquor Liability Insurance (if alcohol is given away) must be provided if alcohol is to be present at the event.

Insurance Limits:

Minimum limits for event liability insurance are $1,000,000 per occurrence and in the aggregate depending upon the scope of the event. The minimum limit for Liquor Liability Insurance or Host Liquor Liability Insurance is $1,000,000 each common cause and in the aggregate.

Additional Insured Status:

The City of Pensacola must be listed as an additional insured on all insurance coverage. Other additional insured entities may be required, depending on the scope or location of the event.

Certificate of Insurance:

A Certificate of Insurance evidencing the required insurance must be sent to the Risk Management Office a minimum of ten days prior to the event.

The Certificate Holder should read:

City of Pensacola

Risk Management

P.O. Box 12910

Pensacola, FL 32521

The Certificate may be faxed to (850) 435-1733 or emailed to riskmanagement@cityofpensacola.com

City Code

In the event of any conflict between any provision of this summary document and City Code, the City Code takes precedence.

Pet Friendly Events, Large Banners, Stages, etc.

Coverage must be provided for all activities associated with the event.

Questions?

Please contact the City of Pensacola's Risk Management Office at (850) 435-1731 with any questions. Feel free to have your insurance company contact the Risk Management Office directly regarding your event if you prefer.

STOP HERE IF:

You aren't closing a state road

You aren't requesting a variance to an ordinance such as noise, animals, or alcohol

You aren't renting any city equipment such as barricades, stages, bleachers, or street sweepers (sweepers required for large street festivals and parades)

You aren't having any vendors for food, commercial, nonprofits etc.

Not sure if you are closing a state road? Visit:

FOOD VENDOR AND OUTDOOR COOKING REQUIREMENTS

These requirements are based on local, State, and Federal fire and health regulations. The Fire Marshall must approve all food vendors and outdoor cooking on the event site. Propane gas lines shall be inspected whenever the mobile unit moves and documentation showing the inspection by the owner shall be kept in the unit.

If cooking is being done with an open-flame, an officially certified (by the Pensacola Fire Department), rechargeable, and up-to-date fire extinguisher must be present within each food vendor space. That is, each food vendor must have their own fire extinguisher that is tagged and inspected annually, in an easily accessible place

If a propane tank is in use, it must be secured in an upright position. The tank may be secured by bungee cord or rope in a fixed upright position, or it may be placed in a milk crate or similar box with a blat bottom to prevent tipping.
Additionally, all types of fuel in cylinder containers (like helium) must be secured in this manner.

No open-flame cooking may occur under any tent.

Proper containment and disposal of cooking waste (that is waste, water, grease, etc.) must be adhered to. It is the event organizer's responsibility to ensure that vendors comply to local, State, and Federal containment and disposal regulations. It is the responsibility of the event organizer to ensure that proper containers for the collection and disposal of cooking grease are available at the event site.

All tents that are larger than 10' x 10' must have a tent permit, which can be obtained from the 5th Floor at City Hall.

All tent fabric shall meet the flame propagation performance criteria contained in NFPA 701, *Standard Methods of Fire Tests For Flame Propagation of Textiles and Films.* A certificate or photo of label affixed at the time of manufacture to the exterior of the tent are acceptable.

Be aware that there are significant additional requirements for food vendors/food vending area if the event is permitted as "pet-friendly".

The Health Department and the State of Florida issues permits and certificates regarding proper food handling and food vending at events.

Escambia County Tourism Development Council
221 Palafox Place, Suite 200
Pensacola, Florida 32502

Dear Members of the Tourism Development Council,

On behalf of FloridaWest Economic Development Alliance, I am writing to express our enthusiastic support for continued funding and partnership for **Foiling Week Pensacola 2026**.

Foiling Week 2025, the inaugural edition of this internationally recognized World Sailing Special Event, far exceeded expectations. Per the economic impact report for the event, it brought 181 competitors from 18 countries, filled over 10,000 hotel room nights, and generated more than $2.2 million in media value through broadcast and digital channels, with coverage reaching over 1.5 billion people worldwide. This extraordinary exposure placed The City of Pensacola and Escambia County firmly on the map as a premier destination for high-performance sailing.

In February 2025, FloridaWest entered into a Memorandum of Understanding with The Foiling Organization, committing to a shared vision of making Pensacola the **Center of Excellence** for foiling activities, advanced marine R&D, and sustainable manufacturing in the United States. This aligns directly with our region's broader economic development goals of diversifying industry, leveraging our marine and aerospace assets, and attracting global innovators to Escambia County.

Foiling Week is more than a regatta, it is a catalyst for economic growth, community engagement, and workforce development. Highlights from the 2025 event include:

- Hosting the largest WASZP regatta in North American history
- A vibrant Race Village that welcomed over 6,400 spectators
- Engagement with local students through the Satori Foundation
- Sustainability initiatives with BioDesign Foundation and Ocean Hour
- The first-ever United States Foiling Business Forum, connecting international marine businesses with local opportunities

The Foiling Business Forum was an incredible opportunity for FloridaWest to showcase the sailing cluster, that includes American Magic and the WAVE Program at the University of West Florida. These assets and other infrastructure are in place ready to support maritime manufacturing in Escambia County. As a direct result of the event and the partner dinner we sponsored, FloridaWest generated five potential economic development projects. Based on this activity and the quality of prospects, both domestic and international, this event produced more qualified leads per dollar invested than any other initiative we have undertaken to date.

Looking ahead, Foiling Week Pensacola 2026 is forecasting to **double hotel stays to more than 21,000 room nights** and generate an estimated **$4.5 million in economic impact** for Escambia County. This growth is not speculative, it is the result of a scalable, proven model in Europe built on global partnerships and a successful inaugural year.

We respectfully urge the TDC to **renew and increase its support** for Foiling Week Pensacola 2026. This event offers a rare opportunity to combine tourism promotion, international exposure, and targeted economic development in one cohesive initiative. FloridaWest remains fully committed to supporting its long-term success of Foiling Week and the vision we have begun to build together.

Thank you for your continued leadership and investment in events that elevate Pensacola's global profile.

Sincerely,

Chris Platé

Adam Guess

CEO/ Guess Consulting, Inc

Ciao Luca,

Thank you for the follow-up and for sharing the event report. I'm happy to provide some clarifications and a supporting statement based on our coordination and the overall success of the event.

Regarding the comment about resource strain—particularly with reference to Pensacola Mardi Gras—I'd like to clarify that we coordinated extensively in advance with all relevant City departments, including Police, Fire, and EMS. In fact, during early planning stages, we proposed a reduced police presence based on anticipated needs. However, following the tragic events that occurred in New Orleans over New Year's, both the City of Pensacola and the Pensacola Police Department recommended increasing security resources as a precautionary measure. We fully supported and implemented their recommendations, prioritizing public safety and seamless coordination. At no point were we informed of any critical resource conflicts, and emergency services operated smoothly and professionally throughout the event.

As for the attendance numbers in the event report (page 25), they align well with our own observations and tracking data. The methodology used—calculating room nights based on village attendance and distinguishing between locals and visitors—seems valid and reflects the strong draw the event had for out-of-town attendees.

In addition to the physical turnout, the international digital reach of the event was unprecedented for the City of Pensacola. Through our online streaming and virtual race courses, where users across the globe participated in real-time racing simulations, we generated massive international engagement. Spectators and gamers from Europe, Asia, South America, and beyond interacted with the event, immersing themselves in the racing experience from their own countries. This kind of global, interactive exposure is something Pensacola hasn't experienced before and positions the city as a forward-thinking host for innovative and tech-integrated events. It also provided an opportunity to showcase Pensacola's beautiful waterfront, downtown, and community to a global audience.

All in all, this event brought a vibrant international presence to the city, not only in terms of visiting athletes, partners, and vendors, but also through online participation and global engagement. The response has been overwhelmingly positive, and the buzz surrounding the event has opened the door to future growth and deeper international connections.

We strongly believe this event must return and grow. With solid groundwork now established and continued collaboration with the city, next year's edition has the potential to be even more impactful for the local community, economy, and Pensacola's global reputation.

Performance Regattas

To Whom It May Concern,

Performance Regattas had the opportunity to collaborate with Foiling Week during the 2025 season, and we found the experience to be productive and well-aligned with our goals in the high-performance sailing space.

The organization of the event was solid, and the environment created around it helped support both sailors and partners. We especially appreciated the way Foiling Week connected with local companies in the nautical sector, offering them a relevant platform to engage with the community and industry stakeholders.

From logistics and communication to on-the-water execution, the collaboration was efficient and easy to manage. We felt that both sides brought value to the table and worked well together to deliver a high-quality event.

We look forward to continuing our relationship and building on this foundation for the 2026 season.

Sincerely,

To whom it may concern,

The World Foiling Congress, also known as Foiling Week, took place here in Pensacola Florida from February 24th to March 2nd, 2025. The University of West Florida greatly benefited from Foiling Week in several ways. First, the University has received funding from Triumph Gulf Coast towards a new WAVE (Water and Vessel Engineering) center in Pensacola. The WAVE center will connect students and faculty to foiling companies and teams such as American Magic. The Foiling Week enables WAVE to meet with many new companies and establish important relationships that will greatly benefit WAVE and the University of West Florida. Second, all the activities during Foiling Week gave great exposure to what is happening in Pensacola, Florida. As the founder of WAVE I received many emails and phone calls asking about what is going on and how others can be a part of it. I made many connections with people in the US that were here for the event or had heard about it. Third, the Foiling Week events helped many students and faculty learn more about what is happening around the world in foiling. Many students were inspired by the presentations and wanted to learn more about how they can be a part of foiling.

Foiling Week was the spark of many future activities and efforts around watercraft here in Northwest Florida. Foiling Week was a great event, and I am grateful to be a small part of it.

Dear Escambia County,

On behalf of US Sailing, I wanted to send a note of gratitude for your support of Foiling Week Pensacola. The United States is still on the road to foiling's nationwide acceptance and integration to the American sailing scene, and this movement relies heavily on generous counties like yours that support the future of the sport and the evolution of boat and board equipment.

As the national governing body, we recognize our responsibility to endorse new foiling platforms as legitimate activities to enjoy the wind and water, and by providing a home for innovative events like Foiling Week, Pensacola has set itself apart as a community that goes above and beyond to bridge the gap between traditional sailing and emerging foiling classes. Your example is one we celebrate and share with our stakeholders as an illustration of significant contributions in our sport.

Our representatives thoroughly enjoyed being on site and experiencing Escambia County by water and land. From the vibrant energy of sailors at Foiling Week to engaging with the community through events in town, the impact of Foiling Week will continue to resonate throughout the sailing world with Pensacola at the heart of the conversation.

Luca Rizzotti and Scott Over have been very complimentary of your support leading up to and throughout the event and have communicated their trust in you in supporting Foiling Week as agent of change. Foiling Week has established itself as a premier global platform, and US Sailing sees the event as a critical tool for bringing experts like them to the US, providing high quality racing and instruction for athletes, and supercharging the American foiling movement.

We look forward to future US Foiling Weeks with Los Angeles 2028 and its five foiling classes on the horizon and thank you for your investment in Foiling Week Pensacola 2025. The future is bright with events like Foiling Week joining forces with counties like yours to bring sailing into the modern era.

Gratefully yours,

Dear Luca,

Thank you for your continued relationship and for the work being done toward the 2026 Foiling Week event in Pensacola. Foiling Week Pensacola 2025 was a great success, and we are fully supportive of you building on the foundations for 2026 and beyond.

The events you host are globally recognized as leading in the foiling space, and US Sailing is proud to support your efforts. Looking ahead, we are supportive of the proposal for Pensacola to host the 2026 Foiling Week.

We value the opportunity to continue working together and look forward to further collaboration in delivering another high quality event that supports the growth of foiling and innovation in sailing across the U.S.

Foiling Week Pensacola – Comprehensive Marketing Plan (FY2026)- DRAFT

Submission to Pensacola Tourist Development Council (TDC)

Foiling Week Pensacola is a premier international hydrofoil sailing festival and World Sailing Special Event poised to establish Pensacola as the "Foiling Capital" of the United States. Following a highly successful inaugural edition in 2025, this marketing plan outlines a strategic roadmap for growing the event's tourism impact, global reach, and community integration in 2026 and beyond. It maintains the core goals and strategies of the original plan while incorporating updated elements – including featuring the World Foiling Series in 2026 – to ensure Pensacola continues to shine on the world stage of sailing.

Goals

- **Elevate Pensacola as a Global Foiling Destination:** Position Pensacola Bay as a world-class venue for hydrofoil sailing. In 2026, Foiling Week Pensacola will be a key stop of the World Foiling Series, attracting elite sailors and enthusiasts from around the globe. The event's prestigious status as a World Sailing Special Event underscores Pensacola's prominence on the international sailing calendar.
- **Drive Tourism and Economic Impact:** Leverage the event to generate substantial tourism benefits for Escambia County, particularly in the spring shoulder season. Our goal is to exceed the 10,243 hotel room nights **(2025 actual)** achieved in the first year by at least 75% in 2026, filling hotels and boosting local businesses during a traditionally off-peak period. The nine-day event is strategically scheduled in late March to extend visitor stays over weekdays, increasing mid-week occupancy. We aim for **300+ competitors** (more than doubling 2025's ~180) and thousands of spectators, resulting in appreciable direct spending on lodging, dining, and attractions in the Pensacola area.
- **Expand Participation and Audience Reach:** Grow both the participant base and the spectator/online audience annually. Foiling Week Pensacola 2025 saw 176 foiling boats and boards on the water, representing 18 countries across five continents – the largest gathering of foiling craft ever in North America. Building on this, our 2026 goal is to attract an even broader international field and greater out-of-state attendance. We will amplify global media exposure from the **90.4 million** potential reach achieved in 2025, targeting over 100 million in 2026 with enhanced broadcast distribution. The event's media coverage and content will be leveraged to achieve an **equivalent advertising value** exceeding $3 million (2025 baseline: $630,000), delivering outstanding ROI in global visibility for Pensacola.
- **Community Integration and Legacy:** Ensure the event benefits and engages the local community, leaving a lasting positive legacy. This includes robust educational outreach to local youth and students, partnerships with area institutions and businesses, and volunteer opportunities. A core aim is to inspire the next generation of sailors and innovators in Pensacola by showcasing cutting-edge sailing technology and fostering skills that can lead to marine industry jobs. The event will continue to offer free public

access to the Race Village and integrate with local culture (as seen in 2025's alignment with downtown festivals), solidifying community support and pride in Pensacola's status as a hub of innovation and sport.

Target Audiences

Our marketing efforts will focus on several key target segments to maximize participation and tourism inflow:

- **Competitive Sailing Community (Domestic & International):** Competitive dinghy, skiff, and board sailors worldwide who are active in foiling classes. This includes professional and amateur sailors from North America, Europe, Oceania, South America, and Asia. These athletes are primary participants, and we will reach them through sailing federations, class associations, regatta circuits, and international sailing media. **Goal:** Drive strong registration numbers (300+ competitors) by promoting Pensacola as a must-visit venue on the global foiling circuit (especially as part of the World Foiling Series).
- **Recreational Water Sports Enthusiasts:** Broader sailing and boating enthusiasts, kiteboarders, windsurfers, and fans of high-performance water sports. This group includes individuals and families who may travel to Pensacola to watch the races, enjoy the foiling technology displays, or even participate in amateur clinics. We target these visitors through digital advertising on sailing/outdoor adventure platforms, social media campaigns, and partnerships with clubs and coastal tourism boards. **Goal:** Boost spectator travel and local attendance, aiming to surpass the ~6,600 visitors who attended the 2025 race village, thereby increasing tourist spend in the region.
- **Local and Regional Community:** Residents of Pensacola and the broader Gulf Coast region (Florida Panhandle, Alabama, Mississippi) who can easily attend and contribute to the event atmosphere. Marketing to this audience will emphasize the free downtown **Foiling Village** experience – including food, live music, and hands-on activities – positioning it as a family-friendly festival and a source of community pride. **Goal:** Achieve strong local turnout and volunteer engagement, fostering community ownership of the event and support for it becoming an annual tradition.
- **Youth, Students, and STEM Enthusiasts:** A critical audience for our educational outreach initiatives. This includes school-aged children, high school and college students (especially those in STEM programs), and youth sailors in training. We will coordinate with schools, youth sailing programs, University of West Florida (UWF), and the Institute for Human and Machine Cognition (IHMC) to involve students in event activities, tech talks, and on-water clinics. **Goal:** Engage hundreds of local youths through field trips, demonstrations, and internship/volunteer roles, using the excitement of foiling to spark interest in science, engineering, and sailing.
- **Tourism & Business Stakeholders (Secondary Audience):** While not the direct consumer of event promotions, this group – including local hospitality businesses, potential sponsors, and travel operators – is crucial for amplifying our marketing reach. We will keep hoteliers, restaurants, and tour providers informed and involved so they become event ambassadors (offering package deals, displaying posters, etc.). We'll also communicate the event's successes to sponsors and the Pensacola business community to encourage investment and partnerships. **Goal:** Strengthen stakeholder buy-in and

collaborative marketing (e.g., cross-promotion through Visit Pensacola and partner channels), ensuring the event's growth is supported by the wider community and private sector.

Multi-Channel Marketing Strategy

Foiling Week Pensacola will execute a robust multi-channel marketing campaign to reach these audiences and achieve our growth objectives. Each channel is tailored to engage the target demographics most effectively, while a cohesive message ties all channels together: Pensacola is the premier place in the U.S. to witness and experience the future of sailing. Key components of our strategy include:

Digital Marketing

- **Website & Email Marketing:** Maintain and regularly update the official Foiling Week website (and dedicated Pensacola event pages) with 2026 event details, schedules, and registration information. Utilize email newsletters to past participants, class associations, and mailing lists from sailing organizations to announce the 2026 event and provide ongoing updates (registration opening, travel info, etc.). Clear calls-to-action ("Register Now", "Plan Your Visit") will drive conversions. We will also leverage the Pensacola Beach and Visit Pensacola websites for event promotion and tourism information, ensuring prospective visitors have easy access to accommodation and destination guides.
- **Social Media Campaigns:** Expand our social media presence to build excitement both locally and internationally. A content calendar will deliver engaging posts across **Instagram, Facebook, YouTube, and TikTok** (the latter two to tap into younger and broader audiences). Content will include high-impact visuals from the 2025 event (foiling boats soaring above the water, crowds at the race village), athlete spotlights, behind-the-scenes looks at preparations, and Pensacola destination highlights (beautiful bay scenery, local attractions). We will use event-specific hashtags (e.g. **#FoilingWeekPensacola**) alongside popular sailing tags to amplify reach. In 2025, our social media team produced over 100 posts and stories (115 Instagram stories, 59 IG posts, 40 FB posts), resulting in widespread engagement. For 2026, we plan targeted social media ad buys (Facebook/Instagram) focused on sailing interests and travel intenders in key markets (major U.S. sailing hubs, Europe, Australia/NZ), to convert interest into event registrations and travel bookings. We will also foster online community by interacting with followers, answering questions about Pensacola travel, and sharing user-generated content from participants.
- **Online Video & Streaming:** Capitalize on the spectacular nature of foiling through video. In the lead-up, we will release teaser videos and athlete interviews on YouTube and social channels. During the event, live streaming of races or highlights will be broadcast on platforms like YouTube or Facebook Live, allowing global fans to follow the action in Pensacola. We will collaborate with **Foiling Week's global media team** to ensure high production quality; in 2025 our media crew generated ~8.5 hours of edited video (including daily highlight reels and news releases). For 2026, these videos will be strategically distributed through World Sailing and international sailing websites as part of the World Foiling Series promotion, further increasing Pensacola's exposure.

- **Virtual Engagement:** Continue the successful **Virtual Regatta** online game integration. In 2025, over 8,000 unique players participated in a virtual sailing race mirroring Foiling Week Pensacola, which kept remote audiences engaged and thinking about Pensacola. We plan to expand virtual racing challenges in 2026 and incorporate real-time data from the actual races, if possible, to enhance the interactive fan experience. Additionally, we will explore augmented reality (AR) filters on Instagram/Snapchat (for example, a filter that places a foiling boat in the user's environment with Pensacola branding) to create buzz and encourage shares.

Broadcast & Traditional Media

- **Press Releases & News Media:** Issue a series of press releases to local, national, and international media at key milestones: event announcement (mid-2025), registration opening, major sponsorships or partnerships, and a pre-event media advisory highlighting story angles (e.g. local hero stories, technological innovations, human-interest pieces such as an inspiring youth competitor). In 2025, we secured coverage through at least 7 global press releases and earned media interviews (including TV news features and radio spots). For 2026, our goal is to broaden media pickup by pitching to travel writers and sports journalists, positioning Foiling Week Pensacola as a unique tourism draw (combining world-class racing with a festival atmosphere and Pensacola's charm). We will emphasize that Pensacola is hosting a **World Foiling Series** event – a distinction that adds newsworthiness – and leverage World Sailing's publicity channels for additional reach.
- **Television & Radio:** Work closely with local TV stations and radio to promote the event in the region. We will schedule interviews and segments with event representatives, sailing athletes, and local stakeholders in the weeks leading up to the event to drive community awareness. In 2025, coverage included a TV interview with America's Cup sailor **Riley Gibbs** (training in Pensacola) alongside a former Blue Angels pilot, creatively linking Pensacola's naval aviation heritage with the "flying boats" of foiling. We plan similar media opportunities highlighting Pensacola's unique story: for example, a feature on how the presence of the American Magic sailing team and the foiling event series is transforming Pensacola into a high-tech sailing hub. Live radio broadcasts (such as morning shows on event days) and on-site reporting from the Race Village will be arranged to capture the event's excitement and encourage any last-minute attendees.
- **Event Broadcast & Highlight Shows:** For a broader audience, we intend to produce a post-event televised highlight program (or digital video series) summarizing the week's races and festival activities. This could be offered to sailing-oriented TV networks or content partners (e.g., CBS Sports Network's sailing segments, Olympic Channel, or streamed on YouTube Sailing channels). The aim is to package Pensacola's event as compelling content that showcases both the sport and the destination, thereby reaching viewers who may then plan to attend in future years. Additionally, as part of the World Foiling Series, there may be opportunities to collaborate on a series-wide broadcast package – we will actively pursue inclusion of Pensacola's stop in any global broadcast arrangements.
-

Influencer and Ambassador Engagement

- **Sailing Influencers & Athletes:** Engage prominent figures in the sailing and foiling world to act as ambassadors for Foiling Week Pensacola 2026. This includes champion sailors, America's Cup team members training in Pensacola (American Magic athletes), and social media influencers known in the sailing community. We will invite these individuals to share their experiences and excitement about Pensacola – for instance, through short testimonial videos or takeover posts on our channels. By highlighting that world-class competitors are coming (and love the venue), we build credibility and buzz among competitive sailors and fans. We also plan to feature diverse voices (including top female foilers and youth champions) as influencers to broaden the appeal and inspire new audiences.
- **Local and Regional Influencers:** Partner with travel and lifestyle influencers in the Southeast U.S. to promote the event as a must-visit experience. We will host a few influential bloggers/vloggers during the event for first-hand coverage (offering them unique experiences like a ride on a chase boat to film the action, or an insider tour of the event operations). Their content (blogs, Instagram stories, YouTube vlogs) will highlight Pensacola's attractions – from the thrilling foiling races to our beaches, seafood, and downtown scene – reaching audiences that follow general travel and boosting Pensacola's profile.
- **Cross-Promotion with Partners:** Utilize the networks of our partners and sponsors. For example, coordinate with American Magic to share event announcements on their channels (they have a significant following of sailing enthusiasts who are likely interested in foiling events). We will also seek co-marketing with World Sailing and class associations: e.g., have the **foiling classes (moth, kitefoil, wingfoil, etc.)** share Pensacola event content with their memberships. These collaborations significantly extend our reach with authentic endorsements.
- **Community Champions:** Identify local "champions" – respected figures in Pensacola (business leaders, educators, or even the Blue Angels team members) – who can advocate for the event in community meetings, tourism forums, and on personal social media. Their support can galvanize local interest and lend a hometown pride angle to promotions ("Pensacola is hosting a world-class event, come be part of it!"). We will provide these ambassadors with talking points, promotional materials, and perhaps a special role during the event (such as emceeing a ceremony or leading a welcome for international guests).

Travel Packages & Tourism Promotions

- **Collaborations with Visit Pensacola and Hotels:** Work hand-in-hand with Visit Pensacola to develop attractive travel packages for participants and spectators. We are negotiating special **hotel rates** and blocks during the event week to ensure availability and affordability, with a focus on downtown and beach accommodations. These will be promoted on event and tourism websites ("Book your Foiling Week stay – partner hotels offering 20% off for attendees") and through direct outreach to registered sailors. In addition, we will encourage hotels to create **Foiling Week Pensacola** packages (including perks like shuttle service to the venue or breakfast vouchers) to enhance visitor

experience. Our goal is to smoothly convert interest into actual trip bookings, contributing to our target of >20,000 room nights in 2026.

- **Air Travel and Transportation:** Although Pensacola International Airport offers convenient access, we will explore partnerships with airlines (for example, a discount code or group rate for event attendees coming from key hubs like NYC, LA, London). We will also coordinate with rental car agencies or rideshare companies for any event-week promotions. These efforts will be communicated on our website's "Plan Your Trip" section, making it easy for international visitors to find travel information.
- **Experience Packages:** Develop themed experience packages that bundle the event with local attractions to entice visitors to extend their stay. For instance, a "Foiling + Fishing Adventure" package could combine attending the regatta with a charter fishing trip, or a "Foiling Week Family Fun" package could include tickets or discounts to the Pensacola aviation museum, beach activities, or eco-tours in addition to event access. By highlighting the full range of activities Pensacola offers, we not only draw more visitors but also spread economic benefits across different local businesses. These packages will be marketed via tourism outlets and social media (e.g., "Make it a vacation: Enjoy world-class sailing and a beach getaway in one trip!").
- **Regional Outreach:** Promote the event in drive markets (within a few hours' drive of Pensacola). We will run targeted ads and PR in cities like New Orleans, Atlanta, Tampa, and throughout the Florida Panhandle, emphasizing the unique spectacle of Foiling Week and Pensacola's attractions. Weekend getaway pitches will be used (e.g., "Come for the foiling races, stay for the beach sunsets and seafood"). Partnerships with regional travel bloggers or inclusion in regional event calendars will support this outreach. The intent is to draw not only hardcore sailing fans but general tourists looking for an exciting event to attend during spring.

Educational Outreach & Community Engagement

- **Schools and Youth Programs:** Expand our partnership with local schools and youth organizations to make Foiling Week an educational opportunity. In 2025, a **Foiling Symposium** at the Race Village featured discussions on foiling technology and sustainability (#Regeneration theme), which several school groups attended. For 2026, we will formalize a "Schools Day" during the event week: inviting area schools (middle, high school, and college STEM clubs) to attend the Race Village in a guided program. This may include Q&A sessions with engineers and sailors, demonstrations of how hydrofoils work, and interactive exhibits (possibly with IHMC showcasing related tech or UWF engineering students presenting projects). We will provide teachers with pre-event educational materials to tie into science and physics curricula, so the field trip has clear learning outcomes.
- **Try Sailing / Try Foiling Clinics:** Continue and grow the popular **"try out" sessions** for the public. In the 2025 Race Village, visitors could try boards and small foiling craft under instructor supervision – an initiative that demystified the sport and encouraged new people to get involved. In 2026, we plan to offer more extensive clinics: a beginner sailing afternoon where local youth (especially from underrepresented communities) can learn basics on a simulator or in a stable foiling dinghy, supervised by certified coaches. We'll work with organizations like **Sail Pensacola (the local non-profit)** to recruit

participants and instructors. This not only builds grassroots sailing interest but also connects the event to community health by promoting outdoor recreation.

- **University and Institute Collaboration:** Deepen our integration with UWF and IHMC. For example, we will invite IHMC researchers to present at the Foiling Symposium on topics like aerodynamics or human-performance aspects of foiling, bridging the gap between sport and science. We also intend to offer internship roles to UWF hospitality and sports management students, letting them gain experience in event operations/marketing as part of Foiling Week. Such involvement strengthens community ties and builds local expertise for sustaining the event in future years.
- **Volunteer Program:** A strong volunteer base is key to community integration. We will launch a volunteer recruitment drive in late 2025, targeting local sailing club members, university students, and civic groups. Volunteers will be involved in various aspects (race management support, visitor assistance at the village, environmental cleanup teams, etc.). We plan to host volunteer orientation sessions that double as community social events (e.g., a kickoff BBQ) to foster a sense of ownership and excitement among locals. Recognizing volunteers publicly (thanking them in media, providing certificates or event-branded apparel) will further cement goodwill.
- **Legacy and Sustainability Initiatives:** Emphasize that Foiling Week Pensacola is not just a one-off event but part of a long-term vision for Pensacola. We will communicate how the event, with TDC support, contributes to the **Pensacola/Escambia County Strategic Plan** by attracting international visitors and high-tech sports, inspiring youth, and even potentially incubating a local marine tech industry. Our 2026 event will again champion sustainability (building on the 2025 theme of "#Regeneration"). We'll implement eco-friendly measures (e.g., beach clean-ups, single-use plastic reduction, carbon offset for event operations) and highlight them in marketing—appealing to environmentally conscious audiences and aligning with the community's values.

Budget and ROI Overview

Budget Strategy: The marketing budget for Foiling Week Pensacola 2026 is designed to efficiently deploy both TDC funds and private sponsorship contributions to maximize promotional impact and visitor yield. Below is an overview of the planned allocation of the ~$1,000,000 total program budget (with a request of $500,000 from TDC, matched by other sources):

- **Digital Marketing & Media Production – $250,000:** This covers content creation (professional photography/videography, social media content production), digital advertising buys, website management, and live streaming infrastructure. A significant investment here is justified by the global online reach; for example, our 2025 digital content yielded an estimated $630k in media value from social and news mentions, a figure we plan to substantially increase with boosted investment.
- **Broadcast, PR & Influencer Initiatives – $150,000:** Costs include PR agency support to secure media coverage, travel and hospitality for key influencers or media personnel (bringing in high-profile content creators or journalists to Pensacola), and production of a post-event highlight program for broadcast. By amplifying earned media and influencer word-of-mouth, we extend Pensacola's brand far beyond what paid ads alone could do.

- **Tourism Packaging & Hospitality – $50,000:** Budgeted to develop and promote travel packages (including any subsidies for hotel blocks, cooperative marketing with Visit Pensacola, and on-site hospitality events for travel industry reps). This investment is aimed at converting interest into actual visitation and ensuring a quality experience that encourages repeat tourism.
- **Community Outreach & On-Site Experience – $75,000:** This includes educational program materials, local advertising (billboards, local radio spots to drive community attendance), Race Village setup related to visitor experience (signage, interactive exhibit costs), and volunteer program expenses (training, uniforms, appreciation events). These efforts enhance on-site engagement and strengthen the community bond, which indirectly boosts word-of-mouth marketing and long-term support.
- **Event Operations (Marketing-Related) – $125,000:** Certain operational costs intersect with marketing objectives, such as the creation of a high-profile spectator venue and running safe, visually impressive races. This budget portion covers items like spectator viewing facilities at Maritime Park, audio-visual equipment for public commentary and presentations, safety measures that allow closer public access, and race management resources that ensure a thrilling but secure spectacle for attendees and media. While these are operational, they contribute directly to the marketability and positive impression of the event.
- **Contingency and Evaluation – $50,000:** A reserve for unplanned promotional opportunities (e.g., a chance to sponsor a segment on a national sports show, last-minute advertising boosts if registration is lagging in a certain demographic) and for post-event analysis (contracting a research firm to measure economic impact, visitor satisfaction surveys, etc.). Rigorous evaluation will help quantify the ROI to the county and inform marketing improvements for subsequent years.

Note: No funds are allocated to salaries of permanent staff – Foiling Events US Inc. operates with a lean structure and no full-time employees on payroll, instead contracting experts and agencies as needed. This ensures that TDC funding goes directly into program execution and promotion rather than overhead.

Return on Investment (ROI): The anticipated returns on this budget are significant for Pensacola and Escambia County, aligning with TDC's goals for tourism development:

- **Tourism Economic Impact:** With an expected **300+ competitors and their entourages, thousands of spectators, and 9 days of activity**, we project over 15,000 hotel room nights in 2026 (up from 10,243 in 2025). This translates to roughly $2.5–3 million in direct lodging revenue (estimating an average nightly rate), plus additional spending on food, entertainment, retail, and transportation. Conservative models suggest a total direct spend of **$5+ million** in the local economy from event-related tourism, which would yield a strong return in sales and bed tax revenues. For every $1 of TDC funding, the event could generate over $10 in direct visitor spending, not counting multiplier effects.
- **Media Value and Destination Branding:** The global media exposure from Foiling Week Pensacola functions as an extended advertising campaign for the destination. In 2025, coverage and content distribution reached an audience of over 90 million worldwide, with an estimated advertising value equivalency of ~$630,000. With the

enhancements in 2026 (World Foiling Series affiliation, increased media push), we aim to achieve **media impressions well into nine figures**, potentially worth **$3 million or more** in paid media value. This is visibility that the county gains in markets across Europe, Asia, and the Americas – branding Pensacola as a forward-looking, attractive place to visit. The long-term ROI of such branding is incalculable but real: it can stimulate future tourism outside the event dates and even interest in Pensacola as a venue for other international events.

- **Community and Social ROI:** While harder to quantify, the benefits to the local community are substantial. The event provides youth education opportunities, inspires local sailing and technology initiatives, and fosters civic pride. The partnership with local organizations and businesses ensures that a significant portion of event expenditures (vendors, services) recirculates in the local economy. Moreover, by developing a signature annual event, Pensacola strengthens its cultural and recreational offerings for residents. A successful 2026 event, supported by TDC funding, sets the stage for sustainable growth of Foiling Week Pensacola in subsequent years – moving towards self-sufficiency with increased sponsor revenue and possibly reducing the need for public funding as ROI accumulates.
- **Performance Metrics:** We will closely track key performance indicators to measure success and ROI, reporting these back to the TDC in our post-event report. Metrics include: number of participants (with breakdown of out-of-town vs local), hotel room nights and length of stay, estimated visitor spending, media impressions and AVE (Advertising Value Equivalency), social media engagement stats, and community engagement numbers (volunteers, students reached). All metrics will be compared against targets and 2025 baselines. For example, a target KPI is "Competitor count: 300+ (2025 baseline 176)" or "Social media reach: 20% increase from 2025." This data-driven approach ensures accountability and helps demonstrate the concrete returns on the TDC's investment.

Promotional Timeline & Key Milestones

A coordinated promotional calendar has been developed to roll out marketing activities in phases, maximizing momentum as the 2026 event approaches. Below is the timeline of key marketing initiatives and milestones:

- **Spring–Summer 2025 (Apr – Jul 2025): Post-Event Analysis & Early Outreach** – Immediately after the 2025 event, conduct debrief meetings and analyze survey feedback and metrics to refine marketing tactics. Secure 2026 event dates and World Foiling Series inclusion; announce the 2026 dates early (press release and website update by June 2025) to capture interest from international class schedules. Over the summer, our team will attend/promote at other major sailing events (e.g., Foiling Week Malcesine in Italy in June 2025) distributing Pensacola save-the-date flyers and networking with class leaders to seed the word globally. Initial outreach to potential sponsors and partners will also begin in this window, laying the groundwork for later announcements.
- **Fall 2025 (Aug – Oct 2025): Launch of Marketing Campaign** – Unveil the creative theme for 2026 and kick off digital campaigns. In August, release a teaser video ("Foiling Week Pensacola is back – Bigger in 2026!") across social media. September will see the

opening of competitor **registration** (timed roughly ~6 months out from event); a coordinated push will include an email blast to 2025 participants and class mailing lists, and targeted ads encouraging early sign-ups (perhaps with an early-bird entry incentive). Press release in early September to sailing media announcing that registration is open and highlighting the World Foiling Series aspect. By October, confirm any major international events (e.g., a world championship race or special exhibition) that will be part of Foiling Week 2026 and promote these in our materials to drive excitement. Locally, begin volunteer recruitment announcements through community channels.

- **Winter 2025/26 (Nov 2025 – Jan 2026): Building Momentum & Local Engagement** – As the new year approaches, intensify content releases and local promotions. November will feature the reveal of any high-profile athletes committed to attending ("Olympian X and World Champion Y will compete in Pensacola") via social posts and press notes. In December, run holiday-themed promotions (for example, "Give the gift of experience – a trip to Pensacola's Foiling Week 2026!") on social media and travel sites, capitalizing on people planning winter getaways. January 2026: conduct a **media tour** – invite local TV/radio to a "100 Days to Foiling Week" media day, possibly including a demo sail if weather permits or a tour of the American Magic training base to tie in the story. This will regenerate coverage after the holidays and keep the event in the public eye. Also in January, finalize and publish the **Event Schedule & Program** on the website, including details of the Foiling Village attractions, symposium topics, and any community events, so attendees can plan their visits.
- **February 2026: Intensive Promotion & Final Countdown** – With roughly one month to go, step up advertising and community touchpoints. Paid digital ads will peak in this period, retargeting anyone who has engaged with our content but not yet registered or booked (using pixels from our website). We'll also push out weekly content series: e.g., "Foil Facts Fridays" (educational snippets about foiling or Pensacola trivia to maintain interest) and "Competitor Spotlights" highlighting stories of a few sailors coming to the event. Mid-February, hold a press conference in Pensacola (potentially at City Hall or the Visitor Center) with city officials, organizers, and sponsors to underline community support and expected impact – invite media to ask questions, and use this platform to issue a final public call to action for attendance. Volunteer training sessions will occur in this month, generating additional local word-of-mouth. By late Feb, coordinate with Maritime Park and city services on installing signage and banners around town ("Welcome Foiling Week visitors!") to visually reinforce the upcoming event for residents and early arrivals.
- **Event Week (Late March 2026): On-Site Marketing & Live Coverage** – As Foiling Week unfolds, our marketing activity shifts to on-site engagement and real-time content. Each day of the event, our media team will produce **daily highlight videos and photo galleries** to post online by each evening, capturing dramatic race footage and festival scenes. These will be widely shared (and provided to media outlets for same-day use). We'll manage active social media live coverage: live-tweeting race results, Instagram Live tours of the Race Village, and responding to spectator posts. VIP and media hospitality events (such as a welcome reception with city dignitaries and key sponsors) will be held to strengthen relationships. We will also facilitate any **live broadcasts** (local radio doing a live show from the village, etc.) during peak weekend days. Importantly, we will gather data during the event – foot traffic counts at the village, monitoring of

social media mentions – to feed into post-event reports. Throughout the week, ensure that every success (record attendance numbers, notable visitors, any new records on the water) is quickly communicated via press release or social updates to keep positive news in circulation.

- **Post-Event 2026 (April – May 2026): Follow-up and Reporting** – Immediately after event conclusion, push out a comprehensive press release touting the event's successes: e.g., "Foiling Week Pensacola 2026 draws X sailors from Y countries, generates Z visitor nights and breaks attendance records." Include quotes from officials and participants praising the venue and experience. This not only cements the achievement publicly but also serves as an early promotion for the next edition. We will thank the community and partners on social media and share a recap video that can live on as a promotional tool. In April and May, focus on ROI documentation: work with Visit Pensacola and local hotels to gather actualized tourism stats, compile social/media analytics, and prepare the annual report for TDC (as required for grant recipients). An internal debrief will identify lessons learned. By early summer 2026, planning for 2027 will quietly begin, using 2026's outcomes to attract new sponsors and potentially bid for even larger events or championships to fold into Foiling Week Pensacola's schedule – keeping the virtuous cycle of growth in motion.

Creative Concepts and Messaging

The creative direction for Foiling Week Pensacola centers on the fusion of **high-tech excitement, Pensacola's coastal charm, and community inclusivity**. Our messaging will consistently highlight not just the races, but the *experience* of Foiling Week in Pensacola. Key creative concepts include:

- **"Where Flying on Water Becomes Reality" –** A tagline conveying the thrilling essence of foiling and connecting it to Pensacola. Many of our visuals and graphics will play on the idea of flight – a nod to Pensacola's Navy aviation heritage – showing hydrofoil sailboats seemingly flying above the bay. For instance, marketing imagery might feature a foiling catamaran airborne off a wave with the Pensacola skyline in the background, paired with the phrase "Come See the Future of Sailing Take Flight in Pensacola." This positions the city as the backdrop of something futuristic and exciting.
- **Pensacola as the Foiling Capital & Innovator –** We will brand Pensacola during the event as the **"Foiling Capital of the U.S."** – a place at the forefront of a new wave in sailing. This messaging will be reinforced by showcasing local contributions to innovation: for example, stories about collaboration with IHMC or the presence of American Magic's training camp, portraying Pensacola as a nexus for cutting-edge marine technology. In creative materials, we'll include logos of World Sailing and the World Foiling Series to emphasize the event's prestige, along with the Pensacola name/logo, effectively associating Pensacola with world-class sailing in all communications.
- **Visual Identity & Design Elements –** The event's visual identity will align with Foiling Week's global branding (modern, energetic graphics) while incorporating local flavor. Expect a color palette inspired by Pensacola's environment – emerald blue waters, sunsets, and white sands – alongside sleek graphic elements symbolizing foils/wings. The

2026 event poster, for example, will likely depict a collage of foiling craft (moth dinghies, kiteboards, foiling windsurfers) racing on Pensacola Bay with the tagline and event dates prominent. All creative outputs (posters, social media graphics, merchandise) will maintain this consistent branding for recognition. We will also produce **merchandise and collateral** (shirts, hats, stickers, brochures) that carry these designs, turning participants and volunteers into walking ambassadors for the Pensacola foiling brand.

- **Storytelling Themes –** Beyond taglines, our content will tell compelling stories: the international sailors coming to Pensacola (e.g. "Meet the Team from Spain – traveling 4,500 miles to foil on our bay!"), the local sailor making his/her debut, or the family that discovered Pensacola through last year's event and returned. We will weave human-interest angles into our media outreach and social narratives, which makes the marketing more relatable and shareable. A special emphasis will be on **youth and sustainability** themes, as these resonate widely: for instance, highlighting a junior foiling champion or how our event pledges environmental responsibility (continuing the #Regeneration theme in practical ways for 2026).
- **Community-Friendly Messaging –** To ensure local residents feel this event is *for them* and not just for outsiders, our local marketing will underscore the festival aspect: "**Foiling Week Festival – Fun for All Ages**." Creative concepts for the race village include calling it a "**Hydrofoil Innovation Expo**" or "**Foiling Festival**" in promotions, emphasizing the interactive and entertainment components (live music, food trucks, tech demos). By marketing it in this way, even those unfamiliar with sailing will be intrigued to come down to the waterfront to see what it's about – effectively expanding our audience. We will avoid overly technical jargon in mass marketing; instead of saying "Sailboat Regatta," we say "Flying Boats racing at speeds up to 30+ knots," which is more likely to catch the eye of a non-sailor and communicate the excitement in layman's terms.
- **Integration of Pensacola's Identity –** All creative work will tie back to Pensacola's unique identity as a destination. This includes featuring imagery of not only the on-water action but also iconic local scenes (the Pensacola Beach sign, historic downtown, Blue Angels jets, etc.) in b-roll and social posts, to reinforce that this event is deeply connected to place. We want anyone who sees our content to remember *Pensacola*. Our partnership with local cultural groups (for instance, involving a Pensacola Mardi Gras troupe or a Navy band during ceremonies) will also appear in creative outputs, showing that the event honors local culture and community. By blending the international spectacle with local authenticity, the marketing materials will appeal to both an external audience (as an enticing travel event) and the local audience (as a point of pride).

In summary, Foiling Week Pensacola's marketing plan for 2026 is a comprehensive, multi-faceted approach that builds on proven strategies and the inaugural event's data-driven insights. By maintaining a clear structure of goals, targeting well-defined audiences, engaging through multiple channels, and delivering consistent, compelling messaging, we will significantly grow the event's footprint. The inclusion of the World Foiling Series elevates Pensacola's global standing, while the removal of earlier class-specific plans streamlines our focus on the broader foiling festival experience. With strong support from the TDC and community partners, Foiling Week Pensacola 2026 is poised to set new benchmarks in tourism impact and pave the way for Pensacola to thrive as an international foiling destination for years to come. The return on the

TDC's investment will be seen not only in impressive visitor numbers and economic metrics, but in the enduring legacy of a world-class event that showcases the very best of Pensacola – its waters, its innovation, and its welcoming spirit.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 33-3435993. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

Based on the information received from you or your representative, you must file the following forms by the dates shown.

Form 1120	04/15/2026

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification (corporation, partnership, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

IMPORTANT INFORMATION FOR S CORPORATION ELECTION:
If you intend to elect to file your return as a small business corporation, an election to file a Form 1120-S, U.S. Income Tax Return for an S Corporation, must be made within certain timeframes and the corporation must meet certain tests. All of this information is included in the instructions for Form 2553, Election by a Small Business Corporation.

If you are required to deposit for employment taxes (Forms 941, 943, 940, 944, 945, CT-1, or 1042), excise taxes (Form 720), or income taxes (Form 1120), you will receive a Welcome Package shortly, which includes instructions for making your deposits electronically through the Electronic Federal Tax Payment System (EFTPS). A Personal Identification Number (PIN) for EFTPS will also be sent to you under separate cover. Please activate the PIN once you receive it, even if you have requested the services of a tax professional or representative. For more information about EFTPS, refer to Publication 966, *Electronic Choices to Pay All Your Federal Taxes*. If you need to make a deposit immediately, you will need to make arrangements with your Financial Institution to complete a wire transfer.

The IRS is committed to helping all taxpayers comply with their tax filing obligations. If you need help completing your returns or meeting your tax obligations, Authorized e-file Providers, such as Reporting Agents or other payroll service providers, are available to assist you. Visit www.irs.gov/mefbusproviders for a list of companies that offer IRS e-file for business products and services.

IMPORTANT REMINDERS:

* Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.

* Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.

* Refer to this EIN on your tax-related correspondence and documents.

* Provide future officers of your organization with a copy of this notice.

Your name control associated with this EIN is FOIL. You will need to provide this information along with your EIN, if you file your returns electronically.

Safeguard your EIN by referring to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business.

You can get any of the forms or publications mentioned in this letter by visiting our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions about your EIN, you can contact us at the phone number or address listed at the top of this notice. If you write, please tear off the stub at the bottom of this notice and include it with your letter.

Thank you for your cooperation.

WARNING! This email originated from an outside network. **DO NOT CLICK** links or attachments unless you recognize the sender and know the content is safe.

Hello Allyson,

I am working with Luca and the Foiling Events US Inc team handling their tax filings and financial reporting. In the email below, you asked the organization to provide 2024/2025 tax returns and financial statements.

The organization was created w/ the state of Florida on 02/14/2025 and received its 501(c)(3) letter of determination from the IRS on 07/07/25 . To date, it has not collected any financial support/contributions/revenues, nor has it incurred any expenses. Accordingly, the organization has no tax return or financial statements to provide.

Is there anything else we can provide to satisfy your request below and move the application forward?

Thank you in advance for your help.

Hello Luca,

As part of your FY 26-27 funding application, financials are required.

From the checklist on your application, please submit the following:

__ Submit a copy of your organization's 2024 or 2025 tax return (Form 990 or 990-EZ with additional backup). You may submit a 2023 tax return along with explanation for late filing.

__Submit a copy of your organization's most recent 2 years of financial statements, with audit if applicable. Updated financials may be requested by the County periodically including prior and subsequent to reward date.

Please send me these requested documents as soon as possible. Your attention to this matter is greatly appreciated.

Sincerely,

Dear Allyson,

This letter is to clarify and describe the organization of Foiling Events US Inc and its affiliations, or lack there of, with any other organization with respect to its governance, finance, and operation responibilities.

The contracting party for this event will be Foiling Events US, a new US-based 501(c)(3) entity. Our model is to deliver events through standalone, country-specific entities that operate autonomously, with their own governance, finances, and operational responsibilities.

We have deliberately structured the event in this way following recommendations received after the first Pensacola event. For the inaugural event, the contracting party was Sail Pensacola under a one-year agreement. As we looked to establish a longer-term presence in the United States and create a more sustainable operating model, we were advised to establish a dedicated US entity to contract, manage, and deliver future events directly.

Foiling Events US will therefore have its own financial structure, and the revenues and support required to deliver the event will be secured directly by the organization through third parties such as sponsors, grant funding, National Sailing Associations, local partners, and other event stakeholders.

As a result, we do not have a parent organization that is providing the balance of the funding for the event, and therefore we do not believe that the financial statements, audits, or tax returns of another organization are applicable or required in this case. Foiling Events US is the contracting and operating entity for the event and is intended to stand on its own merits.

Attached are the amended budget figures based on the County submission for your review.

Please let us know if you require any further information regarding the structure, governance, or funding model of Foiling Events US.

III. FOR DISCUSSION

1. Recommendation: That the Board confirm its support related to County funding for the Foiling Week Pensacola Event with Foiling Events US, Inc., located in Escambia County using Tourist Development Tax (TDT) funds. This request is for a multi-year funding commitment from the board, beginning in 2027 through 2029 in the amount of $375,000 per year paid from TDT funds.

   Funding is available in the Tourist Development Tax Fund (108).

Motion: Move that we fund it in the way it's presented, $375,000 per year for three years from TDT **For Information:** Scott Over, Managing Partner of Foiling Week, presented a presentation on the merits of Foiling and its impact on Pensacola. The Board discussed the economic development impact of Foiling Week as well.
Made by: Commissioner Barry **Seconded by:** Commissioner Stroberger
Disposition: Carried unanimously
Speaker(s): Scott Over, David Bear, and Chris Platé

2. Recommendation: That the Board take the following action concerning the purchase of 9360 Gulf Beach Highway from Waste Management, Inc.:

   A. Approve, by super-majority vote, or deny the contract to purchase 2.16 acres for the construction of Pleasant Grove Fire Station, for $162,500, which is above the appraised value;

   B. Authorize and approve the Chair to execute the Contract for Sale and Purchase approved by the County Attorney for the acquisition of real property located on 9360 Gulf Beach Highway;

   C. Approve Administrative Budget Amendment, ABA-26018 establishing the Pleasant Grove Fire Station Project Budget, Fund 353, LOST IV, in the total amount of $8,662,500; and

   D. Authorize the County Attorney's Office to prepare, and the Chair to execute, subject to legal review and sign-off, any documents necessary to complete the acquisition of this property without further action of the Board (if the purchase is approved).

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

GENERAL INFORMATION

Agency Name: African American Heritage Society, Inc.

Agency Address: 200 Church Street, Pensacola, FL 32502

Program Name for which funding is being requested: African American Heritage Society cultural tourism, programs and events. Note that we have sought a legal name change and are awaiting finalized documents.

Note: We will soon be known as: Museum of Culture and Heritage

Amount Requested: $ 95,000

Program Contact: Cheryl Howard

Contact Email: aahspensacola@gmail.com **Contact Phone:** (301) 514-8861

Description of Program: The African American Heritage Society Museum is a cultural tourism program incorporating an art gallery of curated cultural art, artifacts, and a rotating cultural heritage and history exhibit of local Pensacola/Escambia County of people, places and events. Additionally, we present independent programs, events and presentations designed to enhance the cultural tourism landscape of Pensacola/Escambia County and the Northwest Florida Region.

How many years has your organization provided services in the County? 36 years.

How many years has your organization received funding from the County?
Approximately 15 years.

Explain how receiving funds from the County would impact your organization:

This funding enables us to promote tourism in Escambia County by operating the African American Heritage Society Museum and Center located in downtown historic Pensacola. The funding helps by subsidizing many of the operating expenses including utilities, office supplies, and salaries of employees who are essential as this allows for the Museum to be open for tourists to visit and learn about Pensacola's very unique history. Staff members greet guests warmly when they arrive and answer the many questions that they usually have about our museum, the area, where to eat and shop after their visit and so on. There are many expenses associated with operating this nonprofit tourism art gallery, museum and cultural center. We believe that we play a vital role in the cultural tourism landscape of Pensacola and Escambia County.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $75,000

Briefly describe how last year's funds were used?

During our 2025-26 Fiscal Year, we have been able to host many tourists and to provide several in-person, at the museum, programs and events as well as participate with community co-sponsored events. Tourists visit the Museum to learn about Pensacola/Escambia County local history. We provide the information they seek in many ways, including providing with a tour of our informative local history exhibit in the Art Gallery which has grown due to the acquisition (by donation) of additional significant art which supplements our permanent cultural art collection. Tourists visiting with tour groups often request a guided tour and information on our speakers' series programs. We continue to have a demand for our heritage trail guided tours around Escambia County, noting places and events of historical significance. In addition to out-of-town tourists, we also welcome local groups and families who are seeking to learn more about the culture, heritage and history of Pensacola so that they may gain knowledge that allows them to be ambassadors of the community when they encounter tourists. In order to provide these services, we must have paid staff to receive and interact with tourists and visitors and to maintain the facility and secure the valuable pieces of art, artifacts, equipment and so on. The continuation of resources also aid us in updating the events, programming, and exhibits, all of which cost money, in addition to the basic cost of utilities, which have increased along with other related necessary fixed expenses.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

According to the FY2025 Annual Economic Impact Report from Visit Pensacola, Escambia County welcomed 2.5 million visitors and according to visitors, cultural tourism, as per the availability of cultural and heritage activities, ranks consistently as one of the top reasons for visiting, second only to the beaches.

Visit Pensacola visitor tracking showed that cultural history museums and historic sites accounted for approximately 22% to 25% of visitors touring; tourist interest in spending time downtown and in the historic district was noted by 30% of visitor respondents, and 10% to 15% cited an interest in attending arts and events as key during their trip. The Florida Senate noted that "cultural tourism is highly valued by the county because these visitors tend to stay longer and spend more than the average day tripper." See **Visit-Pensacola-FY2025-Annual-Economic-Impact-Visitor-Tracking-Report -** PDF (visit-pensacola.s3.amazonaws.com)

As for ROI (Return on Investment), myescambia.com found that "nationally, cultural tourists spend roughly 60% more per trip than other travelers." Furthermore, "unlike beach-only tourism, cultural tourism drives spending toward local businesses, restaurants, and retail in the city's interior." The African American Heritage Society museum contributed to that attraction as we received more than 2,000 visitors to our events.
id. (or same as above) **Visit-Pensacola-FY2025-Annual-Economic-Impact-Visitor-Tracking-Report -** PDF (visit-pensacola.s3.amazonaws.com) ; attributed to Escambia County.

Not all cities and counties have a cultural tourism museum such as ours with decades of experience and programming available to tourists and local citizens. We understand the value of collaborations and partnerships with the City, County, Visit Pensacola, local businesses, PSC, UWF, UWF Historic Trust and other non-profit agencies and organizations. To that end, we embrace the power of collective cooperation and provide each of our tourists (in-person and

virtual) with our African American Heritage trail guide and encourage them to walk and later drive all around downtown to dine and shop. We then include information regarding downtown attractions, shopping and dining. We also encourage tourists to visit Belmont Devilliers, East Hill, North Hill, NAS, Pensacola Beach, Fort Pickens and other local places to promote tourism in those areas also. If we can maintain funding, we will seek to solidify greater partnerships and collaborations. We believe that by connecting tourists with other businesses in the city and county it increases the tourism dollars collectively, thereby cultivating a network of local and area economic empowerment, which benefits all segments of the community ultimately, thereby decreasing the burden on the budgets of local government. We also serve the citizens of Escambia County, who have reported that our programs, events, and current exhibits have and continue to enrich their lives tremendously. They are growing as individuals and collectively as a community. We continue to welcome in person visitors to our current exhibit and many out-of-state viewers of our website and the information while planning their trips to Pensacola. Our website analytics show that we have views of our website from the USA, Europe and Asia. We have met many tourists who engage virtually first and later visit Pensacola and stop by to introduce themselves when they arrive in Pensacola.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

The funding is critical to our efforts to promote tourism generally and cultural tourism specifically. Funding will be used for salaries, museum maintenance, utilities, and to continue our guest speaker initiative and programs, expansion of our local history exhibit, culture and heritage education, and support of our Heritage Trail interactive experience.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: No.

Is this a one-time request or a recurring request for funding? Recurring.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

There are no public nor private organizations/agencies that provide similar services. However, we have partnered with public and private organizations that have expressed an interest in expanding cultural tourism in Escambia County. As an example, we have partnered with our county cultural tourism partner, Visit Pensacola, to provide our heritage trail guide tour to several professional tour guides from around the country. The tour professionals from different geographic locations around the country all agreed to visit Pensacola at the same time to assess the areas cultural tourism offerings. Based upon feedback from the tour guides and our liaison with Visit Pensacola, that partnered opportunity went well, in part due to our participation and by virtue of our historical trail tour that we provided via bus around the city pointing out Pensacola's meaningful locations for history based/culturally relevant purposes.

Explain how you are the best partnering agency for your program. Please differentiate your program from a similar program.

We have been providing services in this field for more than thirty (30) years now and have the contacts, network, subject matter expertise, and support of the community to provide the services that we provide. We have hundreds of supporters locally, regionally, and nationally who travel to attend some of our programs and whenever we curate and open a new exhibit. Our followers are diverse and cover the entire spectrum of citizenship in the County. They like our organization, the people, the work, and enjoy spending time at our museum and events. It took decades to cultivate our following. We love our community and out of town tourists and it translates. We provide a variety of programming and events that cover a wide spectrum of Pensacola historical figures, places and events; whereas, the only somewhat similar organizations feature the history of one Pensacola born historical person/figure, or one singular/focal point for the tourist/visitor. Our programming has a combination of consistent historical content while the events and programs are everchanging and expanding to maintain curiosity and interest. The African

American Heritage Society Museum and Center in historic Pensacola village is a vital part of the cultural tourism landscape of Pensacola. Many tourists who want to immerse themselves with a diverse cultural tourism experience, they have a place to visit. We have many non-African American tourists from other States and Countries who are intentionally visiting African American museums and centers like ours seeking both a vacation and cross-cultural learning opportunity at the same time. Over the years, many other non-profits and "cultural organizations" have been formed. None of those that were started within our first 25 years are still in existence. Time will tell as to the newer initiatives that have begun in the past few years. We make this work look easy, but it is NOT. We have proven longevity and a reputation for quality programming which is why nearly ALL of our events "sell out."

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

N/A There are no other similar programs.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: _____60___%
- Percentage for direct programming costs: _____40____%
- If only a portion of your requested funding is granted, how will you offset the difference?

  We will solicit donations, have more fundraisers, seek alternate funding from other sources that might become available if Escambia County was no longer a funding source, but we might have to close our doors if not enough alternative funding is found.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

No, regrettably we have been advised that as recipients under the Tourist Development Council, we are not eligible for other local funding such as the Visit Pensacola funding, nor City funding sources. We would like to request reconsideration and a modification to the rule that does not allow "outside agencies" to apply for other local funding to set forth an exception for outside agencies receiving less than $250,000 in TDT funding. With that exception, our organization would apply to also partner with the City for certain events, and we would apply for grants from Visit Pensacola to provide two-day art and music events that would encourage out-of-state visitors who would need to stay overnight for said two-day program. We would be better positioned for those types of programs, with "one and done" Visit Pensacola single grants. Noting that we also need our current funding which provides the framework for greater cultural tourism initiatives.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) **Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.**

Goals and Metrics Scorecard	FY25	FY26	FY27	% Change (FY25 to FY27)
Enhance the Museum with a local history exhibition highlighting Pensacola, Escambia County, and the Five Flags history and its cultural significance.	100	500	750	650%
Attract out-of-town tourists to the African American Heritage Society Museums' programs, events, and tours, increasing awareness of Pensacola/Escambia County and NW Florida's diverse history.	600	800*	1,000	67%
Recognition of cultural holidays (MLK Day, Emancipation Day, Juneteenth) through programs and events that attract tourists.	Est. 700	800	1,000	43%

*FY26 figure is a projected goal for Sept 30, 2026; actual numbers may vary.

b) State the source used to provide your program metrics:

In-museum tracking of visitors is measured by completed visitor information forms, as well as a daily count to include those guests who choose not to complete the visitor intake form for personal reasons. Translation: we count the tourists daily and tally for quarterly numbers. We also rely on Google Analytics and Visit Pensacola Metrics.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY25 -26
1. Our primary goal is to significantly increase Cultural Tourism in the Northwest Florida Region and especially to Escambia County.	55%
2. We would like to increase business network affiliations by 33%. We currently collaborate with the County and City of Pensacola, Visit Pensacola, University of West Florida, UWF Historic Trust, Pensacola State College, community groups and when appropriate other non-profits and entities that may assist with augmenting our Cultural Tourism goals, supplementing our 4th edition of our African American Heritage Trail Guide, as well as our other African American Heritage Society mission centered objectives, to the extent possible. And we will expand or cultural tours offerings.	33%
3. We would like to increase the number of programs, events, and exhibits offered by AAHS. Every event, program and exhibit brings traffic to historic Pensacola.	12%

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY26 - 27
1. Regarding Cultural Tourism: We will increase out of tourists and local tourists with our new permanent cultural art collection and local history exhibit of Pensacola.	55%
2. Collaborations and Partnerships/Afr. Amer. Heritage Trail Guide: We currently incorporate and encourage tourists to also take our Pensacola Heritage Trail Guide with them to use during their visit to the area. If we can attain additional funding and cement greater partnerships and collaborations, we would like to connect tourists with other businesses in the city and county to increase the tourism dollars collectively, thereby cultivating a network of local and area economic empowerment, which benefits all segments of the community ultimately. The current baseline has been the immediate downtown historic district area and to some extent, Belmont Devilliers as that area was the outer limit of our African American Heritage Trail Guide. We would like to increase the network of partnerships listed in Question 2, Goal 2 above by 33% to increase business network affiliations and combined Escambia County/Federal Government Historic Sites added to our Trail Guide listings over the next grant period and to add a larger array of cultural tours.	55%
3.. Programs, Events and Exhibits: We measure success by attendance, and the fact that 100% of guests usually remain throughout, along with positive comments and top numerical scoring is written on the participant's program exit survey, and for virtual programming on the online poll. We believe that programs, events, and exhibits are essential to support the additional components of our other offerings. We would like to see an increase in attendance numbers by 33% for virtual attendance, when offered, we are often at capacity for the in-person events and we will likely begin offering the same experience over several days to accommodate more tourists and community members without adding the expense of moving events to a larger space, particularly when it is a signature event that has always been held at our Gallery or at a partners location.	55%

Non-reimbursable expenses associated with programs such as providing water and in some cases, light refreshments such as cheese and crackers. We must often take into account the length of the program, age of the participants, and in some cases visible and/or often stated health needs of participants. For example, when we facilitate midafternoon programs, it is not uncommon for participants with diabetes or low blood sugar to ask for accommodation. During the summer, tourists often come in and ask for water before they can tour our museum because they are so hot and sometimes dehydrated from touring. We are obliged to address these concerns where possible.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

African American Heritage Society, Inc.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(2).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(2) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(2) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Marketing Plan- FY 2026-27

Introduction

The African American Heritage Society (AAHS) Museum and Cultural Center, located in Pensacola's downtown historic area, is committed to enhancing the cultural tourism landscape of Pensacola and Escambia County, Florida. This marketing plan aims to attract tourists specifically, visitors generally, increase awareness, and secure funding for our cultural tourism museum, programs, events, presentations, and festivals. Note that we have requested a legal name change which has been granted. However, we are awaiting additional documentation and new state and federal documents. We will soon be known as the Museum of Culture and Heritage.

Objectives

- Marketing rebrand of our new name while maintaining our current initiatives.
- Increase visitor attendance within the next year.
- Expand our membership base.
- Secure additional funding and sponsorships of at least $35,000 within the next year.
- Enhance community engagement through partnerships and collaborations with local businesses and educational institutions.
- Increase Museums' local history, heritage and culture exhibitions.

Target Audience

- Tourists: Visitors to Pensacola and Escambia County who are interested in learing about Pensacola's unique history.
- Local Residents: Individuals and families who reside in Pensacola and surrounding areas, seeking cultural and educational experiences.
- Schools and Educational Institutions: Students, teachers, and educational groups looking for enriching field trip opportunities.
- Donors and Sponsors: Philanthropists, local businesses, and organizations interested in supporting cultural tourism

Marketing Strategies

Digital Marketing

- Website: Redesign and optimize the AAHS website to be more user-friendly, informative, and visually appealing. Include detailed information about programs, events, exhibits, and membership options. Incorporate a more robust online donation and ticket purchasing system.
- Social Media: Continue to utilize platforms such as Facebook, and Instagram, more optimally to share engaging content, including event announcements, behind-the-scenes looks, and educational posts. Implement a consistent posting schedule and use targeted ads to reach a broader audience.
- Email Marketing: Continue to use our email newsletter to keep subscribers informed about upcoming events, programs, and special offers. Further segment the email list to tailor content to different audience groups (e.g., members, donors, general visitors).

Print Marketing

- Brochures and Flyers: Create (update) more visually appealing brochures and flyers to distribute at local businesses, tourist information centers, hotels, and educational institutions.
- Posters: Design eye-catching posters to display in high-traffic areas such as shopping centers, libraries, and community centers.
- Press Releases: Write and distribute press releases to local newspapers, magazines, and radio stations to promote major events and milestones.
- In museum exhibitions curated in-house.

Events and Collaborations

- Community Events: Host regular community events such as art exhibits, cultural festivals, and educational workshops to attract visitors and engage the local community.
- Partnerships: Collaborate with local businesses, schools, and organizations to co-host events and offer joint promotions. For example, partner with local restaurants to offer discounts to museum visitors and out of town tourists.
- Membership Drives: Organize membership drives with special incentives such as exclusive event invitations, discounts, and free admission days.

Advertising

- Local Media: Purchase or request community interest ad space in local newspapers, magazines, and on radio stations to reach a broader audience. Consider sponsored content and interviews to provide more in-depth information about our programs.
- Online Ads: Utilize Google ads and social media ads to target potential visitors based on their interests and demographics. Use engaging visuals and clear calls to action.
- Signage: Invest in strategically placed signage around Pensacola to increase visibility and attract tourists.

Budgeted Amount: $18,000

Evaluation and Metrics

- Track website analytics to monitor visitor traffic, page views, and online donations.
- Analyze social media engagement through likes, shares, comments, and follower growth.
- Monitor email open rates, click-through rates, and subscription growth.
- Collect visitor feedback through surveys and comment cards to assess satisfaction and areas for improvement.
- Evaluate the success of events based on attendance numbers, participant feedback, and media coverage.
- Review budget expenditures and adjust strategies based on the return on investment.

Conclusion

The African American Heritage Society Museum and Cultural Center plays a vital role in promoting cultural tourism in Pensacola and Escambia County. By implementing this marketing plan, we aim to attract more visitors, increase awareness, and secure the necessary funding to continue our mission. Together, we can ensure that Pensacola cultural tourism continues to thrive and grow and that Pensacola's rich history and culture are celebrated and preserved for future generations.

TO: Tourism Community Partner

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director
Escambia County

FISCAL YEAR 2027

ESCAMBIA COUNTY
TOURISM PROMOTION
COMMUNITY PARTNER FUNDING APPLICATION

All agencies requesting Tourist Development Tax (TDT) funding from Escambia County must submit the below-listed information and complete the attached form. Failure to submit all required information or to complete the form will disqualify your organization from consideration for funding. Please submit the completed application packet electronically to **Budget@myescambia.com.**

DEADLINE - Monday, March 30, 2026

ELIGIBILITY CRITERIA:

Organizations eligible to apply for funding must:

- Indicate all funding amounts received from sources other than local governments.
- Qualify as: a) a municipality located in Escambia County; b) an organization designated tax exempt by the IRS and incorporated as a not-for-profit corporation with authorization to conduct business in the State of Florida; OR c) an organization incorporated as a for-profit corporation or organized as a limited liability company with authorization to conduct business in the State of Florida.
- Located in and serve residents of Escambia County.
- Provide at least 2 full years (24 months) of independently prepared, audited or reviewed financial statements or tax returns, unless organization was formed within the last 3 years.
- The Board of County Commissioners retains the right to waive the eligibility criteria.

APPLICANTS SHOULD:

- Explain why receiving funding would have a significant impact on their organization.
- Have a mission and programs or services that directly and primarily promote tourism.
- Plan to expend funds within 12 months.
- Plan to provide quarterly metric reports and an annual report. ****Please be able to provide the source of your data that will be used to quantify your request.**

Funds may be provided for programs, services, projects, activities, events or other initiatives that directly and primarily support tourism in Escambia County. Funds may be provided for facility and infrastructure projects subject to the additional eligibility requirements as provided in Escambia County's TDT Policies and Procedures.

Funds will not be provided for:

- debt reduction, operating deficits, interim or bridge funding or endowment funding,
- individuals or private foundations,
- activities that are religious or political in nature,
- fund drives, annual appeals, fundraising events or general capital campaigns, and
- salaries that do not directly impact the program unless mandated by statutory or regulatory requirement.

When submitting your completed application with all required documents, provide your documents in original Word format or a direct PDF of the Word document. **Please limit scanned documents as much as possible.**

APPLICATION CHECKLIST (Required)

__ Submit a fully completed Agency Funding Request Application.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)
Pensacola Area Chamber Foundation, Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors
Pensacola Bay Area Chamber of Commerce, Inc.
(d/b/a Greater Pensacola Chamber) and Affiliate
Pensacola, Florida

We have reviewed the accompanying consolidated financial statements of Pensacola Bay Area Chamber of Commerce, Inc. (d/b/a Greater Pensacola Chamber) and Affiliate (the Organization), a nonprofit organization, which comprise the consolidated statements of financial position as of September 30, 2024 and 2023, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the Organization's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the consolidated financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Pensacola Bay Area Chamber of Commerce, Inc. and Affiliate and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

A ountant's Con lusion

ased on ou eview, we a e not awa e of an mate ial modifications that should be made to the accompan ing consolidated financial statements in o de fo them to be in acco dance **c** with accounting p inciples gene all accepted in the United States of me ica.

NOTE A - ORGANIZATION

Pensacola Bay Area Chamber of Commerce, Inc. (d/b/a Greater Pensacola Chamber) (the Chamber) is a Florida nonprofit charitable corporation formed in 1992 for the promotion of business development in the Pensacola area; its primary means of support comes from local businesses. The Pensacola Area Chamber Foundation, Inc. (the Foundation) was created for raising funds to support and promote the Chamber.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting - The Organization prepares its consolidated financial statements on the accrual basis of accounting. Thus, revenues are recognized when services have been performed, and expenses are recognized when a liability has been incurred.

2. Principles of Consolidation - The accounts of the Foundation (the Affiliate) are consolidated with the Chamber to present the consolidated financial statements of the Pensacola Bay Area Chamber of Commerce, Inc. (d/b/a Greater Pensacola Chamber) and Affiliate (the Organization). All material balances and transactions among the entities have been eliminated in consolidation.

3. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. Basis of Presentation - The Organization reports information regarding its financial position and activities according to two classes of net assets:

   Without donor restrictions - not subject to donor-imposed stipulations.

   With donor restrictions - subject to donor-imposed stipulations.

   It is the policy of the Board of Directors of the Chamber and the Foundation to review the Organization's plans for future expenditures from time to time and to designate appropriate sums of net assets without donor restrictions to assure adequate financing.

5. Cash and Cash Equivalents - For the purposes of the consolidated statement of cash flows, management considers all highly liquid investment instruments with an original maturity when purchased of three months or less to be cash equivalents.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounts Receivable - Accounts receivable are recorded when earned and are presented in the consolidated statements of financial position net of allowance for credit losses, based on the adoption of ASU 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of credit losses on Financial Instruments*, adopted during 2024. There were no changes necessary to net assets as a result of adoption. Accounts receivable consists primarily of membership dues, and program and event fees. The receivables are stated at unpaid balances less an allowance for credit losses accounts, which is based on historical experience coupled with a review of the current status of the receivables. Receivables are charged off in the period in which management determines the receivable to be uncollectible.

7. Investments - The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the consolidated statements of financial position. Realized and unrealized gains and losses and income are reported as part of the deferred compensation investment and payable balances.

8. Fair Value of Financial Investments - Investments are measured at fair value by the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 consists of unadjusted quoted prices in active markets for identical assets and has the highest priority; Level 2 consists of observable inputs other than quoted prices for identical assets; and Level 3 consists of significant unobservable inputs and has the lowest priority. The Organization measures fair value using Level 1 and Level 3 inputs.

   Changes in the value of re-measurement are recorded in the period re-measured and may result in transfers in or out of an investment's assigned level as described above.

9. Property and Equipment - Property and equipment are stated at cost, if purchased, or estimated fair value, if donated, at the date of donation. Additions of $1,000 or more are capitalized, while maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed as incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Furniture, fixtures, and equipment	5 - 10 years
Computer equipment and software	3 - 5 years

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Membership Dues Paid In Advance - Membership dues are recorded as income in the month of the member's anniversary. Dues paid before the anniversary month are considered to be "membership dues paid in advance" and are not recognized as income until the anniversary date.

11. Deferred Revenue - Income from various dues and fees is deferred and recognized over the periods to which the dues and fees relate.

12. Program Revenue - Revenue related to exchange transactions is recognized as goods and/or services are provided and is based on the amount expected to be received in exchange for those goods and/or services. The Organization recognized program service revenue in the period in which performance obligations under its contracts are satisfied by transferring services. The Organization measures the performance obligations on the date the services are provided, and invoices are sent.

    Membership dues are recognized over the period of the membership. The transaction price is determined by the respective membership level selected by each member.

    Contract receivables, assets, and liabilities at October 1, 2022 were $49,554, $0, and $0, respectively.

13. Contributions - Contributions are recorded depending on the existence and/or nature of any donor-imposed stipulations and/or restrictions. Contributions are recognized when the donor makes an unconditional promise to give. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. When restrictions are met in the same period as the contribution is received, the Organization records the contribution revenue as without donor restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Nonfinancial Contributions - Donated property and equipment, and other noncash donations are recorded as nonfinancial contributions separately from cash contributions or other financial contributions at their fair values at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

    Donated services are recognized as contributions if the services; (a) create or enhance nonfinancial assets; or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization also receives donated services from other contributors and volunteers that are not measurable, and therefore, are excluded from the financial statements.

    Nonfinancial contributions received for the years ended September 30, 2024 and 2023 totaled $0 and $28,392, respectively, consisting of program expenses for Leadership Pensacola program services.

15. Advertising Costs - Advertising costs are expensed when incurred. Advertising costs for the years ended September 30, 2024 and 2023 were $23,728 and $11,920, respectively.

16. Allocation of Functional Expenses - Costs are charged to program services and management and generally based on direct expenditures incurred. Expenses not directly chargeable to these functional categories are allocated based on the number of personnel in each department. Management and general expenses include those expenses that are not directly attributable to any other specific function but provide for the overall support and direction of the Chamber.

17. Income Taxes - The Chamber is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code and is classified by the Internal Revenue Service as other than a private foundation; therefore, no provision for income taxes is recorded, except for taxes that may be due to unrelated business income derived from advertising and phone commissions. The Foundation is operating as a not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Organization believes that any tax positions it has taken or expects to take that are more-likely-than-not sustainable, as described in the Codification, would not be material to the consolidated financial statements taken as a whole. Accordingly, no

The Organization's information and tax returns for the years ended September 30, 2022 through 2024 are subject to examination by the Internal Revenue Service and state authorities, generally for three years after they were filed.

18. Comparative Financial Information - Certain accounts and activities in the prior year information have been reclassified to conform to the presentation in the current year financial statements.

19. Leases - Leases are recognized on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than twelve months. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will continue to primarily depend on its classification as a finance or operating lease. The Organization recorded a "right-of-use" operating assets and operating lease liability. The lease asset and liability as of September 30, 2024 and September 30, 2023 are presented on the Statements of Financial Position.

20. Recent Financial Accounting Pronouncements - During the year ended September 30, 2024, the Organization adopted ASU 2016-02, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, which required financial assets measured at amortized cost to be presented at the net amount expected to be collected. The Standard was applied retroactively to all years presented. There were no changes necessary to net assets as a result of the adoption.

21. Events Occurring After the Reporting Date - The Organization has evaluated events and transactions that occurred between September 30, 2024 and August 26, 2025, which is the date that the consolidated financial statements were available to be issued, for possible recognition or disclosure in the consolidated financial statements.

NOTE C - CERTIFICATE OF DEPOSIT

As of September 30, 2024, the Organization had a certificate of deposit recorded at cost of $9,152. The instrument bears interest at an annual rate of 0.03% and was renewed in January 2025.

A required by Internal Revenue Code Section 457, all a et are held in tru t for the exclu ive benefit of the participant .

NOTE - R VALUE SUREMENTS

The Organization' inve tment are reported at fair value in the accompanying con olidated tatement of financial po ition. The method u ed to mea ure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value . Furthermore, although the Organization believe it valuation method are appropriate and con i tent with other market participant , the u e of different methodologie or a umption to determine the fair value of certain financial in trument could re ult in a different fair value mea urement at the reporting date.

FASB Standard Codification 820, *Fair Measurements and Disclosures*, e tabli he a fair value hierarchy that prioritize the input to valuation technique u ed to mea ure fair value. Thi hierarchy con i t of three broad level ; Level 1 input con i t of unadju ted quoted price in active market for identical a et and have the highe t priority; Level 2 input con i t of ob ervable input other than quoted price for identical a et ; and Level 3 input con i t of ignificant unob ervable input and have the lowe t priority. When available, the Organization mea ure fair value u ing Level 1 input , becau e they generally provide the mo t reliable evidence of fair value. Level 3 input are only u ed when Level 1 or Level 2 input are not available. There were no Level 2 input during the year ended September 30, 2024 and 2023.
s

NOTE - FAIR VALUE MEASUREMENTS (Continued)

Investments in debt securities and certain equity securities are measured at fair value based on the quoted market price using Level 1 inputs. Gains and losses on investments are reported as increases or decreases in the deferred compensation investment and the deferred compensation payable balances.

The group annuity contract is valued at contract value and is classified as Level 3, since the valuation is based on significant unobservable inputs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract is backed by the general account of Principal Life Insurance Company. A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant account balances. For the years ended September 30, 2024 and 2023, the interest rates were 1.80% and 1.80%, respectively.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at September 30, 2024 and 2023 are as follows:

	Fair Value	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Asset (Level 1)	Fair Value Measurement Using Significant Unobservable Inputs (Level 3)
September 30, 2024:			
Equity securities -			
Mutual funds	$ 112,279	$ 112,279	$ -
Group annuity contract	28,858	-	28,858
	$ 141,137	$ 112,279	$ 28,858
September 30, 2023:			
Equity securities -			
Mutual funds	$ 102,344	$ 102,344	$ -
Group annuity contract	39,972	-	39,972
	$ 142,316	$ 102,344	$ 39,972

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

The following table presents a reconciliation of the beginning to ending balances of the fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract for the years ended September 30, 2024 and 2023, respectively:

	2024	2023
Balance, beginning of year	$ 39,972	$ 51,067
Earnings	872	905
Participant withdrawals	(11,986)	(12,000)
Balance, end of year	$ 28,858	$ 39,972

The Organization recognizes transfers of assets into and out of levels as of the date an event or change in circumstances causes the transfer. There were no transfers between levels in the years ended September 30, 2024 and 2023.

NOTE G - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of September 30, 2024 and 2023:

	2024	2023
Furniture, fixtures, and equipment	$ 69,029	$ 69,029
Computer equipment and software	111,144	111,144
	180,173	180,173
Less accumulated depreciation	(176,337)	(172,791)
	$ 3,836	$ 7,382

Depreciation expense for the years ended September 30, 2024 and 2023 was $3,546 and $4,343, respectively.

NOTE G - PROPERTY AND EQUIPMENT (Continued)

The Organization evaluates its long-lived assets for any events or changes in circumstances which indicate that the carrying amount of such assets may not be fully recoverable. The Organization evaluates the recoverability of long-lived assets by measuring the carrying amount of such assets against the estimated undiscounted future cash flows associated with them. At the time, such evaluation indicates that the future undiscounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values. As of September 30, 2024, none of the Organization's long-lived assets were considered to be materially impaired.

NOTE H - OPERATING LEASES

The Organization recognizes right-of-use assets and lease liabilities for leases with terms greater than twelve months or for leases that contain a purchase option that is reasonably certain to be exercised. The Organization used one or more practical expedients, including short-term leases with terms twelve months or less to remain off the Organization's Statement of Financial Position. Leases are classified as either finance or operating leases. This classification dictates whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease.

During August 2022, the Organization entered into a 36-month equipment lease requiring monthly rental payments of $360, expiring July 2025.

During 2024, the Organization entered into a 36-month mailing equipment lease requiring monthly rental payments of $86, expiring March 2027.

Rent expense for the years ended September 30, 2024 and 2023 for the equipment was $4,836 and $5,352, respectively.

The Organization commenced leasing new office space on West Garden Street in Pensacola in February 2021 under a five-year lease at a monthly rent of $4,481, ending on January 2026. This lease may be renewed at the expiration of the five years contingent upon agreeing to a new rental amount adjusted for inflation.

Rent expense for office space for the years ended September 30, 2024 and 2023 was $53,770 and $53,770, respectively.

NOTE H - OPERATING LEASES (Continued)

The following summarizes the line items in the statements of financial position which include amounts for operating leases as of September 30, 2024 and 2023:

	2024	2023
Right-of-use operating assets:		
Right-of-use operating assets	$ 76,364	$ 129,026
Operating lease current liabilities	$ 57,008	$ 55,107
Operating lease long-term liabilities	19,356	73,919
Total operating lease liabilities	$ 76,364	$ 129,026

There weighted average remaining lease term, weighted average discount rate, and related information for operating leases as of September 30, 2024 and 2023 are as follows:

	2024	2023
Average weighted-average term (months)	10	12
Average weighted-average discount rate	3.76%	3.00%
Average monthly payment	$ 1,642	$ 2,420
Average number of payments remaining	19	25
Average discount rate	3.76%	3.00%
Total cash paid	$ 58,606	$ 58,090

There were no lease assets obtained with lease liabilities during the years ended September 30, 2024 or 2023.

NOTE H - OPERATING LEASES (Continued)

At September 30, 2024 the Organization was obligated for minimum lease payments under the above operating leases having remaining terms in excess of one year for each of the next five years and in the aggregate as follows:

Year Ending September 30,	Operating
2025	$ 58,402
2026	18,955
2027	516
2028	-
2029	-
Thereafter	-
Total undiscounted cash flows	77,873
Less: present value discount	(1,509)
Total lease liabilities	$ 76,364

NOTE I - FINANCIAL ASSETS AVAILABLE FOR GENERAL EXPENDITURES

The following reflects the Organization's financial statements as of September 30, 2024, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of September 30, 2024.

Financial assets, at year-end	$ 1,053,369
Net assets with donor restrictions	(51,300)
Net assets with Board designations	(171,513)
Financial assets available to meet cash needs for general expenditures within one year	$ 830,556

The Organization at times receives restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Occasionally, the Board designates a portion of any operating surplus to its liquidity reserve.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors
Pensacola Bay Area Chamber of Commerce, Inc.
(d/b/a Greater Pensacola Chamber) and Affiliate
Pensacola, Florida

We have reviewed the accompanying consolidated financial statements of Pensacola Bay Area Chamber of Commerce, Inc. (d/b/a Greater Pensacola Chamber) and Affiliates (the Organization, a nonprofit organization), which comprise the consolidated statements of financial position as of September 30, 2023 and 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the Organization's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the consolidated financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Pensacola Bay Area Chamber of Commerce, Inc. and Affiliate and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

A ountant's Con lusion

ased on ou eview, we a e not awa e of an mate ial modifications that should be made to the accompan ing consolidated financial statements in o de fo them to be in acco dance c with accounting p inciples gene all accepted in the United States of me ica.

NOTE - ORGANTZ ON

Pensac la Bay Area Chamber f C mmerce, Inc. (d/b/a Greater Pensac la Chamber) (the "Chamber") is a Fl rida n npr fit charitable c rp rati n f rmed in 1992 f r the pr m ti n f business devel pment in the Pensac la area; its primary means f supp rt c mes fr m l cal businesses. The Pensac la Area Chamber F undati n, Inc. (the "F undati n") was created f r raising funds t supp rt and pr m te the Chamber.

NOTE B - SUMMARY OF S GN F NT OUNT NG PO ES

1. Basis f Acc unting - The Organizati n prepares its c ns lidated financial statements n the accrual basis f acc unting. Thus, revenues are rec gnized when services have been perf rmed, and expenses are rec gnized when a liability has been incurred.

2. Principles f C ns lidati n - The acc unts f the F undati n (the "Affiliate") are c ns lidated with the Chamber t present the c ns lidated financial statements f the Pensac la Bay Area Chamber f C mmerce, Inc. (d/b/a Greater Pensac la Chamber) and Affiliate (the "Organizati n"). All material balances and transacti ns am ng the entities have been eliminated in c ns lidati n.

3. Use f Estimates - The preparati n f financial statements in c nf rmity with acc unting principles generally accepted in the United States f America requires management t make estimates and assumpti ns that affect certain rep rted am unts and discl sures. Acc rdingly, actual results c uld differ fr m th se estimates.

4. Basis f Presentati n - The Organizati n rep rts inf rmati n regarding its financial o p siti n and activities acc rding t tw classes f net assets:

   Without donor restrictions - n t subject t d n r-imp sed stipulati ns.

   With donor restrictions - subject t d n r-imp sed stipulati ns.

   It is the p licy f the B ard f Direct rs f the Chamber and the F undati n t review the Organizati n's plans f r future expenditures fr m time t time and t designate appr priate sums f net assets with ut d n r restricti ns t assure adequate financing. o

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Cash and Cash Equivalents - For the purposes of the consolidated statement of cash flows, management considers all highly liquid investment instruments with an original maturity when purchased of three months or less to be cash equivalents.

6. Accounts Receivable - Accounts receivable consists primarily of membership dues, and program and event fees. The receivables are stated at unpaid balances less an allowance for doubtful accounts, which is based on historical experience coupled with a review of the current status of the receivables. Receivables are charged off in the period in which management determines the receivable to be uncollectible.

7. Investments - The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the consolidated statements of financial position. Realized and unrealized gains and losses and income are reported as part of the deferred compensation investment and payable balances.

8. Fair Value of Financial Investments - Investments are measured at fair value by the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets and has the highest priority; Level 2 consists of observable inputs other than quoted prices for identical assets; and Level 3 consists of significant unobservable inputs and has the lowest priority. The Organization measures fair value using Level 1 and Level 3 inputs.

   Changes in the value of re-measurement are recorded in the period re-measured and may result in transfers in or out of an investment's assigned level as described above.

9. Property and Equipment - Property and equipment are stated at cost, if purchased, or estimated fair value, if donated, at the date of donation. Additions of $1,000 or more are capitalized, while maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed as incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Furniture, fixtures, and equipment	5 - 10 years
Computer equipment and software	3 - 5 years

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Membership Dues Paid In Advance - Membership dues are recorded as income in the month of the member's anniversary. Dues paid before the anniversary month are considered to be "membership dues paid in advance" and are not recognized as income until the anniversary date.

11. Deferred Revenue - Income from various dues and fees is deferred and recognized over the periods to which the dues and fees relate.

12. Program Revenue - Revenue related to exchange transactions is recognized as goods and/or services are provided and is based on the amount expected to be received in exchange for those goods and/or services. The Organization recognized program service revenue in the period in which performance obligations under its contracts are satisfied by transferring services. The Organization measures the performance obligations on the date the services are provided, and invoices are sent.

    Membership dues are recognized over the period of the membership. The transaction price is determined by the respective membership level selected by each member.

    Contract receivables and liabilities at October 1, 2021 were $126,445 and $0, respectively.

13. Contributions - Contributions are recorded depending on the existence and/or nature of any donor-imposed stipulations and/or restrictions. Contributions are recognized when the donor makes an unconditional promise to give. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. When restrictions are met in the same period as the contribution is received, the Organization records the contribution revenue as without donor restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Nonfinancial Contributions - Donated property and equipment, and other noncash donations are recorded as nonfinancial contributions separately from cash contributions or other financial contributions at their fair values at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

    Donated services are recognized as contributions if the services: (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization also receives donated services from other contributors and volunteers that are not measurable, and therefore, are excluded from the financial statements.

    Nonfinancial contributions received for the year ended September 30, 2023 totaled $28,392 consisting of program expenses for Leadership Pensacola program services.

15. Advertising Costs - Advertising costs are expensed when incurred. Advertising costs for the years ended September 30, 2023 and 2022 were $23,728 and $11,920, respectively.

16. Allocation of Functional Expenses - Costs are charged to program services and management and generally based on direct expenditures incurred. Expenses not directly chargeable to these functional categories are allocated based on the number of personnel in each department. Management and general expenses include those expenses that are not directly attributable to any other specific function but provide for the overall support and direction of the Chamber.

17. Income Taxes - The Chamber is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code and is classified by the Internal Revenue Service as other than a private foundation; therefore, no provision for income taxes is recorded, except for taxes that may be due to unrelated business income derived from advertising and phone commissions. The Foundation is operating as a not-for-profit e organization under Section 501(c)(3) of the Internal Revenue Code.

NOTE B - SUMMARY OF S GNIF NT OUNT NG PO ES (ntinu d)

The Organization believes that any tax positions it has taken or expects to take that are more-likely-than-not sustainable, as described in the Codification, would not be material to the consolidated financial statements taken as a whole. Accordingly, no liability has been provided for unrecognized tax benefits, nor has any interest or penalty be n a crued.

T e Organization's in ormation nd t x returns for th ye rs nded Septemb r 30, 2021 through 2023 are subject to xamin tion by the Int rnal Revenue Service and state authorities, genera ly for thr e years after they were filed.

18. Comparative Financial Information - Certain accounts and activities in the prior year information have been reclassified to conform to the presentation in the current year financial statements.

19. Events Occurring After the Reporting Date - The Organization has evaluated events and transactions that occurred between September 30, 2023 and August 30, 2024, which is the date that the consolidated financial statements were available to be issued, for possible recognition or disclosure in the consolidated financial statements.

20. Recent Financial Accounting Pronouncements - During the year ended September 30, 2023, the Organization adopted ASU 2016-02, Leases which requires lessees to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than twelve months. The Organization reflected the impact of initially adopting ASC 842 as of the beginning of the year of adoption; therefore, prior comparative totals have not been adjusted and continue to be reported in accordance with the previous accounting guidance in ASC 840. The adoption of ASC 842 had a material impact on the statement of financial position but did not have a significant impact on the statement of activities and statement of cash flows. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will continue to primarily depend on its classification as a finance or operating lease. The Organization recorded a "right-of-use" operating assets and operating lease liability. The Organization used the modified retrospective approach. There was no change in net assets from the adoption. The lease asset and liability as of September 30, 2023 is presented on the Statements of Financial Position.

NOTES TO NSOLIDATED FINANCIAL STATEMENTS

PENSACOLA BAY AREA CHAMBER OF COMMERCE, INC. AND AFFILIATE

s

NOTE - OUNTS RECEIVABLE

Account receivable at September 30, 2023 and 2022, consist of the following:

	2023	2022
Due receivables	$ 84,327	$ 56,054
Less allowance for doubtful accounts	(6,500)	(6,500)
Net accounts receivable	$ 77,827	$ 49,554

NOTE - FERRED COMPENSATION PLAN

The Organization offers its chief executive officer and a select group of management a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan permits participants to defer a portion of their compensation until future years. The deferred compensation is not available until termination, retirement, death, or unforeseeable emergency. As required by Internal Revenue Code Section 457, all assets are held in trust for the exclusive benefit of the participants.

NOTE E - FAIR VALUE MEASUREMENTS

The Organization's investments are reported at fair value in the accompanying consolidated statement of financial position. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB Standards Codification 820, *Fair Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. When available, the Organization measures fair value using Level 1 inputs, because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 2 inputs during the years ended September 30, 2023 and 2022.

s

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

Investments in debt securities and certain equity securities are measured at fair value based on the quoted market price using Level 1 inputs. Gains and losses on investments are reported as increases or decreases in the deferred compensation investment and the deferred compensation payable balances.

The group annuity contract is valued at contract value and is classified as Level 3, since the valuation is based on significant unobservable inputs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract is backed by the general account of Principal Life Insurance Company. A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant account balances. For the years ended September 30, 2023 and 2022, the interest rates were 1.80% and 1.40%, respectively.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at September 30, 2023 and 2022 are as follows:

	Fair Value	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurement Using Significant Unobservable Inputs (Level 3)
September 30, 2023:			
Equity securities -			
Mutual funds	$ 102,344	$ 102,344	$ -
Group annuity contract	39,972	-	39,972
	$ 142,316	$ 102,344	$ 39,972
September 30, 2022:			
Equity securities -			
Mutual funds	$ 102,011	$ 102,011	$ -
Group annuity contract	51,067	-	51,067
	$ 153,078	$ 102,011	$ 51,067

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following table presents a reconciliation of the beginning to ending balances of the fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract for the years ended September 30, 2023 and 2022, respectively:

	2023	2022
Balance, beginning of year	$ 51,067	$ 62,269
Earnings	905	798
Participant withdrawals	(12,000)	(12,000)
Balance, end of year	$ 39,972	$ 51,067

The Organization recognizes transfers of assets into and out of levels as of the date an event or change in circumstances causes the transfer. There were no transfers between levels in the years ended September 30, 2023 and 2022.

NOTE F - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of September 30, 2023 and 2022:

	2023	2022
Furniture, fixtures, and equipment	$ 69,029	$ 69,029
Computer equipment and software	111,144	111,144
	180,173	180,173
Less accumulated depreciation	(172,791)	(168,448)
	$ 7,382	$ 11,725

Depreciation expense for the years ended September 30, 2023 and 2022 was $4,343 and $9,664, respectively.

NOTE F - PROPERTY AND EQUIPMENT (Continued)

The Organization evaluates its long-lived assets for any events or changes in circumstances which indicate that the carrying amount of such assets may not be fully recoverable. The Organization evaluates the recoverability of long-lived assets by measuring the carrying amount of such assets against the estimated undiscounted future cash flows associated with them. At the time, such evaluation indicates that the future undiscounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values. As of September 30, 2023, none of the Organization's long-lived assets were considered to be materially impaired.

NOTE G - OPERATING LEASES

The Organization recognizes ROU assets and lease liabilities for leases with terms greater than 12 months or for leases that contain a purchase option that is reasonably certain to be exercised. The Organization used one or more practical expedients, including short-term leases with terms twelve months or less to remain off the Organization's Statement of Financial Position. Leases are classified as either finance or operating leases. This classification dictates whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease.

During August 2022, the Organization entered into a 36-month equipment lease requiring monthly rental of $360, expiring July 2025.

Rent expense for the years ended September 30, 2023 and 2022 for the equipment was $5,352 and $6,281, respectively.

The Organization commenced leasing new office space on West Garden Street in Pensacola in February 2021 under a five-year lease at a monthly rent of $4,481, ending on January 2026. This lease may be renewed at the expiration of the five years contingent upon agreeing to a new rental amount adjusted for inflation.

Rent expense for office space for the years ended September 30, 2023 and 2022 was $53,770 and $53,770, respectively.

NOTE G - OPERATING LEASES (Continued)

The following summarizes the line items in the statements of financial position which include amounts for operating leases as of September 30, 2023:

Right-of-use operating assets:		
Right-of-use operating leases	$	129,026
Current liabilities	$	55,107
Operating lease long-term liabilities		73,919
Total operating lease liabilities	$	129,026

The weighted average remaining lease term, weighted average discount rate, and related information as of September 30, 2023 are as follows:

	Operating Leases
Weighted-average remaining lease term (months)	12
Weighted-average discount rate	3%
Operating lease monthly payment	$ 2,420
Operating lease number of payments remaining	25
Average discount rate	3%
Total right-of-use operating asset	$ 129,026
Total lease liability	$ 129,026
Total cash paid	$ 58,090

At September 30, 2023 the Organization was obligated for minimum lease payments under the above operating leases having remaining terms in excess of one year for each of the next five years and in the aggregate as follows:

Year Ending September 30,	Operating
2024	$ 58,090
2025	57,370
2026	17,923
2027	-
2028	-
Thereafter	-
Total undiscounted cash flows	133,383
Less: present value discount	(4,357)
Total lease liabilities	$ 129,026

NOTE G - OPERATING LEASES (Continued)

Future minimum lease payments under operating leases having initial terms in excess of one year at September 30, 2022, under previous accounting guidance under ASC 840, were $58,090 for years ending September 30, 2023 and 2024; $57,370 for the year ending September 30, 2025; and $17,923 for the year ending September 30, 2026.

NOTE H - FINANCIAL ASSETS AVAILABLE FOR GENERAL EXPENDITURES

The following reflects the Organization's financial statements as of September 30, 2023, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of September 30, 2023.

d

Financial assets, at year-end	$ 773,403
Net assets with donor restrictions	(51,300)
Net assets with Board designations d	(171,513)
Financial assets available to meet cash needs for general expenditures within one year	$ 550,590

The Organization at times receives restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Occasionally, the Board designates a portion of any operating surplus to its liquidity reserve.

NOTE - EMPLOYEE RETENTION CREDIT

The Organization determined it was eligible for the Employee Retention Credit and claimed the credit for the year ended September 30, 2021, totaling $116,792. The amount is included as a receivable on the statement of financial position and as income on the statement of activities for the year ended September 30, 2022. During the year ended September 30, 2023, the Organization received $65,148 which consisted of $57,033 for the credit and $8,115 of related interest income resulting in a remaining receivable of $59,759.

d

NOTE J - EMPLOYEE BENEFIT PLAN

The Chambe has a 401(k) Plan cove ing substantially all employees who have met ce tain se vice equi ements. Cont ibutions to the Plan amounted to $0 fo the yea s ended Septembe 30, 2023 and 2022.

NOTE K - ONCENTRATIONS OF E TO RISK

Financial inst uments that potentially subject the O ganization to concent ations of c edit isk consist p incipally of cash and t ade accounts eceivable. The O ganization maintains its cash at seve al local financial institutions. Deposits a e insu ed up to $250,000 pe deposito , by the Fede al Deposit Insu ance Co po ation (FDIC). The deposits at financial institutions exceeded the FDIC limit by $79,193 at Septembe 30, 2023.

NOTE - NT NGENC ES

In the past, the Chambe has eceived fede al and state g ants. The disbu sements of the funds eceived unde these p og ams is subject to eview and audit by g anto agencies. Any disbu sements disallowed by these agencies could become a liability of the Chambe . The Greater Pensacola Chamber and Pensacola Young Professionals collaborated to host the 'Pensacola's 4th of July' event on the waterfront of Pensacola Bay, attracting a large crowd of locals and visitors alike. The festivities kicked off at 4pm with a variety of food trucks and vendors lining Bayfront Parkway, offering a range of delicious cuisines to fuel the excitement for the evening's events.

The afternoon featured a Fourth of July Summer Celebration held at Blue Wahoos Stadium. As the sun began to set, the atmosphere was further enhanced by the Symphony Sparks and Stars event with the Pensacola Symphony at Community Maritime Park which provided a soundtrack of upbeat music to set the mood for the evening. Our continued partnership with Cat Country was a breathtaking fireworks show choreographed to a soundtrack of American favorites.

This year's show was again shot from the Port of Pensacola with the backdrop of the lighted Pensacola Bay Bridge. This was well received by the community, with many praising the improved visibility and overall quality of the show, combined with the red, white, and blue lights from the bridge. Many onlookers took advantage of the walk paths to view the fireworks from the bridge.

Thank you for the generous support from Escambia County, providing $96,000 in funding to ensure its success. This support was instrumental in bringing the community together for a memorable and successful celebration of Independence Day.

Overall, the 'Pensacola's 4th of July' event was a resounding success, providing a fun and entertaining evening for all who attended. The Greater Pensacola Chamber and Pensacola Young Professionals are already looking forward to next year's event and the opportunity to once again bring the community together for a memorable celebration. This event capped off the Fourth of July celebration and served as a draw for visitors to come to our community.

The bulk of the Tourism Development Tax dollars were spent on the actual fireworks show, but funds were also spent on marketing, insurance, and necessities for day-of activities. Tens of thousands of people lined Bayfront Parkway and set up in Maritime Park and other areas in Downtown Pensacola to enjoy the show.

As always, you can go to pensacolafireworks.com to find additional information complete with FAQs, maps, and sponsor information.

MEDIA COVERAGE

WEAR-TV https://weartv.com/news/local/pensacola-preps-for-gulf-coasts-biggest-july-4th-fireworks-with-30000-attendees-expected

PENSACOLA, Fla. -- Up to 30,000 people will show up to watch the 4th of July fireworks display in downtown Pensacola Friday.

It's the largest fireworks show on the Gulf Coast.

WEAR News was there as crews set up on Thursday. The crews shared what it takes to put on the display and the work they're already doing for next year.

"Honestly, being there, seeing the crowd and all of the families and people enjoying the show, there's just nothing more exciting and impactful than that moment," Pensacola Young Professionals president Anna Lochas said.

This show takes months to plan, weeks to coordinate the music, and days to set up.

"It's a lot of work, but it's pride taking, which is doing something for the hometown that we love to do," Cat Country, Afternoon Drive, and Production, Chris Clare, said.

The show costs about $65,000. It's set up at the port of Pensacola this year.

But now, with American Magic at the same spot, they're already working with the port to determine what this will look like next year.

"We have some initial plans in place, but as I mentioned, this is in general a 6-month preparation process," Pensacola Chamber of Commerce and incoming board chair, Ildi Hosman, said. "Now with that component to work with the new site configuration here at the port, there's additional work to be done."

Coordinators say the reaction and participation from those who come out for the big show make it all worth it.

The show itself starts at 9 pm, but you are encouraged to get there early.

Bayfront Parkway will be closed from Veterans Memorial Park to Bartram Park on Friday, starting around 2 pm.

There will be food trucks from 5 to 10 pm at both parks.

Of course, you can bring your own food, and you're encouraged to bring a radio to hear the music synchronized with the show by Cat Country.

PENSACOLA, Fla. (WKRG) — The pyro crew was hard at work Thursday, getting ready to light up the sky this Fourth of July.

“These guys bring us amazing fireworks. It’s just not some flashes and some booms but they are very artfully designed,” Dave Hoxeng, board member for the Greater Pensacola Chamber, said.

Thousands of fireworks were getting prepped and ready to go at the port of Pensacola.

For the Greater Pensacola Chamber & Pensacola Young Professionals who host the show, preparations have been underway for quite some time.

“We definitely start the day after planning for the next year, but we’ve really been working together heavily since January, just getting all of the paper work through, insurance, getting the fireworks, working with the city and county who are excellent partners,” Anna Lochas, president of PYP, said.

Tens of thousands are expected to head downtown and line Bayfront Parkway for a dazzling display of fireworks over Pensacola Bay.

“This year they brought 10 inchers. We have two at the beginning and two at the end as part of the finale and the ten inchers go up a thousand feet in the air and spread out a thousand feet. They are truly amazing,” Hoxeng said.

The show even has a synchronized soundtrack courtesy of Cat Country 98.7.

“It’s a mixture of everything. I know we’re Cat Country 98.7 we do have some country in there, but we also have a little classic rock and little pop and some traditional stuff including a nice montage celebration for our military,” Chris Clare, AKA ‘Captain Chris’ from Cat Country 98.7, said.

Spectators are encouraged to bring a radio to listen to, rather than their phone, to hear the show without any delay.

Bayfront Parkway will close to vehicle traffic at 1:30 Friday afternoon. The fireworks show starts at 9 p.m.

Food trucks will also be open at Veterans Memorial Park and Bartram Park.

Pensacola hosts festive Fourth of July with symphony and fireworks at Blue Wahoos Stadium

PENSACOLA, Fla. -- Downtown Pensacola was the place to be on Friday evening if you were celebrating the Fourth of July.

The Blue Wahoos Stadium has hosted its Fourth of July festivities since 2012.

In 2017, the Pensacola Symphony started hosting its Sparks & Stars event right behind the stadium.

Both events featured patriotic music, a tribute to military service members, and offered front row seats to a fireworks display over Pensacola Bay.

It's one of the best places in the country, I think," longtime Pensacola Symphony Sparks & Stars attendee Chris Gaskin said.

Hundreds of people came out to the Blue Wahoos stadium to enjoy old-fashioned hot dogs, baseball, and a fireworks show to be seen right from the field.

In previous years, attendance got up to 5,000 people.

"Our mission here is to create memorable experiences. This is memorable, "Pensacola Blue Wahoos president Jonathan Griffith said. "Many people are going to be here tonight, kids to adults that are going to watch, look at these pictures for years on out and remember, 'Oh, what a great time that we were with grandpa or grandma or little Johnny out here at the ballpark'. And

"Being able to make those types of memories every day is very important to us," he added. "It's why we do what we do here."

The Sparks and stars' performance has been the Gaskin family's tradition for the past three years.

"We love the symphony. We love music and our family," Pensacola Symphony Sparks & Stars attendee Heather Gaskin said.

They secured their spot four hours ahead of the symphony.

"I am in a church choir, so I just love music," Pensacola Symphony Sparks & Stars attendee Sarah Gaskin said.

The Gaskins say it's all bout the music and being with family.

"Well, I played in a band in high school and college, so I love the symphony," Chris Gaskin said. "I love the family atmosphere, and I love the fact that it's free. Can't beat that."

Katrina Maurer agrees, her entire family has been trying to come for four years, only two of them weren't cancelled by the weather.

"This is where we spent our first Fourth of July when we moved to Florida," Maurer said. "My cousin lives here and brought us here. We have a big family day here.

2026 Marketing Plan

Billboards

Since the Chamber and Pensacola Young Professionals began their collaboration in 2023, we have spent $5,000 a year on billboards throughout the county. We will continue that this year.

See the artwork from last year's logo. We anticipate using the same design with the only possible difference being sponsors added to the artwork as they come on board.

Radio/TV Advertising

As in previous years, Cat Country 98.7/NewsRadio 1620 will be providing in-kind radio advertising and WEAR-TV Channel 3 will provide in-kind TV ads. These will start running during the weeks leading up to July 4th.

Digital Marketing

We spend $1,500 a year on digital marketing leading up to the event with ADX Communications. We will continue that this year.

Social Media

Combined the Chamber and PYP have over 22,000 Facebook followers and over 8,000 Instagram followers. We will be advertising on these outlets throughout June leading up to the event.

Earned Media

Each year, WEAR-TV and the Pensacola News Journal do stories about the upcoming fireworks. Cat Country and NewsRadio will promote on their shows and the Chamber will dedicate a 30-minute Chamber Connection radio show to the Fourth of July Fireworks. Rick's Blog has already picked up our press releases for 2026.

Sponsorship Opportunities

The Greater Pensacola Chamber and the Pensacola Young Professionals are proud to partner once again to bring our community together for one of Pensacola's most anticipated traditions — the 2026 4th of July Fireworks Show.

This year's celebration carries special significance as our nation marks America's 250th Anniversary. This milestone offers a powerful opportunity for our community to gather in gratitude, pride, and unity while honoring the spirit that makes Pensacola and our country extraordinary.

The 4th of July Fireworks Show is one of the largest and most visible events in Pensacola, drawing thousands of residents and visitors to our waterfront for an evening of celebration, connection, and community pride. Your partnership will help us deliver a memorable, safe, and impactful experience worthy of this historic year.

By sponsoring this event, your organization will:

- Demonstrate visible support for a beloved community tradition
- Gain brand exposure before, during, and after one of Pensacola's largest public gatherings
- Align your organization with two of the region's leading civic organizations
- Be part of a once-in-a-generation 250th Anniversary celebration

We invite you to join us in lighting up the sky — and our community — this Independence Day.

Together, we can make 2026 unforgettable.

Sincerely,
The Greater Pensacola Chamber and the Pensacola Young Professionals

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Description of Program: __This program funds major fireworks events and a national airline conference welcome reception, driving tourism, boosting off-season travel, and supporting potential new direct flights to Pensacola Beach.

How many years has your organization provided services in the County? ___38_____

How many years has your organization received funding from the County? __4_____

Explain how receiving funds from the County would impact your organization:

Fireworks($107,575): Securing County funding for the New Year's Eve and Fourth of July fireworks would alleviate a substantial financial burden on the Chamber. Currently, these two events alone account for approximately one-quarter of our total annual budget. While they attract thousands of visitors and generate considerable economic impact for Pensacola Beach, the high cost limits our ability to expand other critical initiatives.

With county support, the Chamber would be able to reinvest resources into programs that

directly benefit our members and strengthen the local economy. This includes enhancing small business engagement and networking opportunities, expanding tourism marketing efforts, and developing additional off-season events that help drive year-round visitation.

Importantly, this funding would allow us to continue producing high-quality, nationally recognized fireworks displays without compromising other essential services. Without this support, rising production costs could hinder our ability to effectively serve our members and maintain Pensacola Beach's position as America's Best Beach

SEC-AAAE Conference Welcome Reception ($52,500): The Pensacola Beach Chamber of Commerce has been invited to host the official Welcome Reception for the Southeast Conference of the American Association of Airport Executives (AAAE), which will be held on Pensacola Beach for the first time. This reception will serve as the kickoff event for the organization's three-day conference, welcoming aviation and airline industry leaders from across the country to Escambia County and providing a first impression of Pensacola & Pensacola Beach as a premier coastal destination.

Receiving Tourist Development Tax (TDT) funding to support the SEC-AAAE Welcome Reception would have a meaningful and strategic impact on the Pensacola Beach Chamber of Commerce by enabling the successful execution of a high-profile, tourism-driven event that directly aligns with Escambia County's economic development and destination marketing goals.

The SEC-AAAE conference is expected to bring more than 600 aviation and airline industry professionals from across the United States to Escambia County for a multi-day event. These attendees will travel from outside the region and occupy a full host hotel, in addition to multiple overflow properties, generating significant overnight stays and bed tax revenue.

As the host of the official welcome reception, the Chamber has a unique opportunity to introduce these influential decision-makers to Pensacola Beach as a premier Gulf Coast destination. This audience includes airline and aviation leaders who play a direct role in shaping air service, route development, and travel accessibility—critical drivers of tourism growth for our region.

TDT funding would allow the Chamber to deliver a high-quality, immersive welcome experience that reflects the character, hospitality, and natural beauty of Pensacola Beach. Without this

support, the Chamber would be unable to execute an event at a level commensurate with the significance of this audience and opportunity.

Ultimately, this investment enables the Chamber to elevate Pensacola Beach on a national stage, strengthen relationships with key industry stakeholders, and support long-term tourism growth by fostering increased accessibility to the destination through expanded air service.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: __$93,500_____

Briefly describe how last year's funds were used? The funds were specifically designated to cover the remaining costs of the 2025-26 July 4th fireworks display and the total cost of the 2026 New Year's Eve fireworks display on Pensacola Beach, including the marketing & promotion of both displays.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? Across both the Fourth of July and New Year's Eve holiday periods, Pensacola Beach experiences near-full occupancy across its lodging inventory. With hotels and short-term rentals operating at 100% capacity for the Fourth of July and approximately 97% for New Year's Eve, these two events combined generate an estimated $8.7 million in lodging revenue and nearly $440,000 in Tourist Development Tax revenue. In addition to lodging, visitors contribute more than $1 million in local spending on dining, entertainment, and retail, bringing the total direct economic impact of these two events to nearly $10million.This level of return demonstrates that County investment in high-impact events like fireworks produces exceptional and measurable tourism revenue, supports local businesses and workforce stability, and reinforces Pensacola Beach as a premier destination for holiday travel.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the

program a benefit to the citizens of Escambia County? **Fireworks:** Funding from the Tourist Development Council (TDC) for New Year's Eve and Fourth of July fireworks will cover the funding gap for fireworks displays and promotional efforts, ensuring these high-impact events continue driving tourism to Pensacola Beach. Through contracts with PyroShows, the Chamber will secure professionally produced firework displays, delivering a spectacular experience for residents and visitors alike. Additionally, partnering with EW Bullock for marketing will maximize event visibility through strategic advertising, social media, and public relations efforts, attracting more visitors and boosting the local economy. As part of this funding request, $33,600 will cover the remaining expenses for the 2027 Fourth of July fireworks show, while $67,975 will fully fund the 2026-27 New Year's Eve fireworks show. Additionally, $6,000 would cover an event survey by Downs-St. Germain for both the 4th of July & NYE Firework displays. By securing this funding, the Chamber can continue hosting these signature events without straining our budget, allowing more resources to be allocated toward business engagement, tourism development, and community programs that further enhance Pensacola Beach's year-round appeal.

Welcome Reception: Funding request of $52,500 for the SEC-AAAE Welcome Reception scheduled for March 2027, hosting 500+ airline and aviation executives - will be used to directly support the execution and promotion of a high-impact tourism event designed to showcase Pensacola & Pensacola Beach to a national audience of airline and aviation industry leaders. A portion of the funding will be allocated toward targeted marketing and promotion of the event, working in partnership with professional event producers and the Pensacola International Airport event planning committee to ensure strong visibility and coordination with conference programming. These efforts will help position Pensacola & Pensacola Beach as a premier destination and reinforce the region's tourism brand among key industry decision-makers.

The majority of the funding will support direct event costs, specifically the provision of food and entertainment for an estimated 500-person reception hosted at a local, Gulf-front restaurant. This investment ensures a high-quality, immersive experience that highlights the area's culinary offerings, hospitality, and scenic coastal environment.

As part of a strong public-private partnership, the selected local venue has committed to waiving

the facility rental fee at no cost, further maximizing the impact of TDT funding and demonstrating community support for the event. By focusing funds on both promotion and direct visitor experience, this investment ensures that the reception delivers a meaningful first impression of Pensacola & Pensacola Beach while supporting local businesses and advancing long-term tourism growth opportunities_

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: _____NO_____

Is this a one-time request or a recurring request for funding? __Fireworks are a recurring request for funding. The SEC-AAAE Reception is a one-time request. _____

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:_ Pensacola Beach Chamber of Commerce is the only entity that provides fireworks on the 4th of July and New Year's Eve, however, there are local businesses that fund their own firework displays that also align with our other major community events like the Holiday Lighted Boat Parade. By working together, these businesses help spread out investment in things like fireworks, reducing the financial burden on any single entity while maximizing economic impact. This cooperative approach allows fireworks to coincide with key events like holiday celebrations and festivals, driving increased tourism, extended hotel stays, and higher local spending. As a result, the entire Pensacola Beach community prospers, with businesses benefiting from larger crowds, boosted revenue, overnight stays and heightened visibility.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

_ **Fireworks:** The Pensacola Beach Chamber of Commerce is the only organization on the island coordinating the 4th of July and New Year's Eve fireworks displays, ensuring these major community events are executed successfully. No other entity manages these large-scale

celebrations, making the Chamber the natural leader in organizing these events that drive tourism and benefit local businesses.

As the official community event organization for Pensacola Beach, our Chamber is responsible for planning and executing island-wide events that enhance the local economy and visitor experience. It makes the most sense for us to coordinate these fireworks displays, as we have the experience, partnerships, and infrastructure to effectively manage logistics, secure funding, and maximize community impact. By leading these efforts, we ensure Pensacola Beach remains a top destination for holiday celebrations, attracting visitors, supporting businesses, and strengthening the local economy.

SEC AAAE Welcome Reception: The Pensacola Beach Chamber of Commerce is uniquely qualified to serve as the lead partner for the Welcome Reception due to its established role as the primary organization responsible for coordinating and promoting major events on Pensacola Beach.

With decades of experience executing large-scale, tourism-driven events, the Chamber has strong relationships with local hospitality partners, venues, and vendors, ensuring seamless planning and delivery of a high-quality experience. The Chamber also works closely with key stakeholders such as the Pensacola International Airport and Escambia County, positioning it to align this event with broader tourism and economic development goals.

By leveraging its local expertise, established partnerships, and tourism-focused mission, the Chamber is well-positioned to deliver a memorable event that showcases Pensacola Beach while maximizing long-term benefits for Escambia County _

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: ____0_____%
- Percentage for direct programming costs: ___100_____%

If only a portion of your requested funding is granted, how will you offset the difference? __We would work to solicit additional sponsorships from the community, however, if additional funding is

not secured the Chamber is not financially solvent enough to cover the costs on its own. Therefore, the events would have to be canceled.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: __N/A_____

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding. There is no duplication of funding. The Chamber will receive $55,000 in restricted funds from the Santa Rosa Island Authority for the 2027 4th of July display.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Tourist/visitor numbers as measured by toll booth vehicle traffic day of Dec. 31st for New Year's Eve fireworks display	17,586	54,000	67,651	25%
2. Tourist/visitor numbers as measured by toll both vehicle traffic day of July 4th fireworks display	70,000	74,021	Projected 76,250	3%
3. Hotel occupancy rates: Dec. 31 July 4th	 90-95% 98-100%	 97% projected 100%	 100% projected 100%	0%

b) State the source used to provide your program metrics: We use the weekly supplied toll booth vehicle numbers provided by Escambia County as well as both Hotel & Short-Term Occupancy data provided directly to use from the hotels & property management companies on the Island.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1. Increased number of tourists/visitors measured by toll booth vehicle numbers	
2. Increased bed tax revenue as measured by hotel occupancy rates	
3. Increased local economic impact measured by reported sales increase/decrease %s from local business owners	

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY27
4. Increased number of tourists/visitors measured by toll booth vehicle numbers	NYE: 67,651 4th: 74,021
5. Increased bed tax revenue as measured by hotel occupancy rates	NYE: 100% 4th: 100%

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Pensacola Beach Chamber of Commerce

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) 501(c) 6 non-profit

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

6 City, state, and ZIP code

Pensacola Beach, FL 32561

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Internal Revenue Code
Section 501(c)(6)
Accounting Period Ending:
December 31
Form 990 Required:
Yes
Addendum Applies:
No

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(a) of the Internal Revenue Code as an organization described in the section indicated above.

Unless specifically excepted, you are liable for taxes under the Federal Insurance Contributions Act (social security taxes) for each employee to whom you pay $100 or more during a calendar year. And, unless excepted, you are also liable for tax under the Federal Unemployment Tax Act for each employee to whom you pay $50 or more during a calendar quarter if, during the current or preceding calendar year, you had one or more employees at any time in each of 20 calendar weeks or you paid wages of $1,500 or more in any calendar quarter. If you have any questions about excise, employment, or other Federal taxes, please address them to this office.

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status. In the case of an amendment to your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, you should inform us of all changes in your name or address.

In the heading of this letter we have indicated whether you must file Form 990, Return of Organization Exempt From Income Tax. If Yes is indicated, you are required to file Form 990 only if your gross receipts each year are normally more than $25,000. However, if you receive a Form 990 package in the mail, please file the return even if you do not exceed the gross receipts test. If you are not required to file, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally $25,000 or less, and sign the return.

If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of $10 a day

is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed $5,000 or 5 percent of your gross receipts for the year, whichever is less. This penalty may also be charged if a return is not complete, so please be sure your return is complete before you file it.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

If we have indicated in the heading of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

Because this letter could help resolve any questions about your exempt status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Paul Williams
District Director

Part II Declaration and Signature Authorization of Officer or Person Subject to Tax

Under penalties of perjury, I declare that ☒ I am an officer of the above entity or ☐ I am a person subject to tax with respect to (name of entity) _____, (EIN) _____ and that I have examined a copy of the 2024 electronic return and accompanying schedules and statements, and, to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the return to the IRS and to receive from the IRS **(a)** an acknowledgement of receipt or reason for rejection of the transmission, **(b)** the reason for any delay in processing the return or refund, and **(c)** the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the electronic return and, if applicable, the consent to electronic funds withdrawal.

TO: Tourism Community Partner

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director
Escambia County

FISCAL YEAR 2027

ESCAMBIA COUNTY
TOURISM PROMOTION
COMMUNITY PARTNER FUNDING APPLICATION

All agencies requesting Tourist Development Tax (TDT) funding from Escambia County must submit the below-listed information and complete the attached form. Failure to submit all required information or to complete the form will disqualify your organization from consideration for funding. Please submit the completed application packet electronically to **Budget@myescambia.com.**

DEADLINE - Monday, March 30, 2026

ELIGIBILITY CRITERIA:

Organizations eligible to apply for funding must:

- Indicate all funding amounts received from sources other than local governments.
- Qualify as: a) a municipality located in Escambia County; b) an organization designated tax exempt by the IRS and incorporated as a not-for-profit corporation with authorization to conduct business in the State of Florida; OR c) an organization incorporated as a for-profit corporation or organized as a limited liability company with authorization to conduct business in the State of Florida.
- Located in and serve residents of Escambia County.
- Provide at least 2 full years (24 months) of independently prepared, audited or reviewed financial statements or tax returns, unless organization was formed within the last 3 years.
- The Board of County Commissioners retains the right to waive the eligibility criteria.

APPLICANTS SHOULD:

- Explain why receiving funding would have a significant impact on their organization.
- Have a mission and programs or services that directly and primarily promote tourism.
- Plan to expend funds within 12 months.
- Plan to provide quarterly metric reports and an annual report. ****Please be able to provide the source of your data that will be used to quantify your request.**

Funds may be provided for programs, services, projects, activities, events or other initiatives that directly and primarily support tourism in Escambia County. Funds may be provided for facility and infrastructure projects subject to the additional eligibility requirements as provided in Escambia County's TDT Policies and Procedures.

Funds will not be provided for:

- debt reduction, operating deficits, interim or bridge funding or endowment funding,
- individuals or private foundations,
- activities that are religious or political in nature,
- fund drives, annual appeals, fundraising events or general capital campaigns, and
- salaries that do not directly impact the program unless mandated by statutory or regulatory requirement.

When submitting your completed application with all required documents, provide your documents in original Word format or a direct PDF of the Word document. **Please limit scanned documents as much as possible.**

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY 25	FY 26	FY27	% Change
1.Total Attending the Event			2500 outside	100 %
2.Total Non Residents				100 %
3.Room nights Generated			2.9 nights	100 %

b) State the source used to provide your program metrics: Majority Opinion Research Event Report was the source of my numbers in the past. Estimates based on similar festivals through out.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1.Move from inside to Outside to increase future numbers	2500 to 3000 +
2.Continue to draw more than 60% non residents	1800+
3.Increase my economic impact to	$300,000 +

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY27
1.Total Attending	2000 - 3000
2.Total Non Residents 55%	1100

3.Room Nights	2.5

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Michael Hall

2 Business name/disregarded entity name, if different from above.

Mike Hall Promotion

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☑ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director
Escambia County

GENERAL INFORMATION

Agency Name: **Pensacola Mardi Gras Foundation**

Agency Address: **124 E Wright Street, Suite B, Pensacola, FL 32501**

Program Name for which funding is being requested: **2027 Pensacola Mardi Gras Season**

Amount Requested: **$250,000.00**

Program Contact: **Danny Zimmern**

Contact Email: **pensacolamardigras@gmail.com** Contact Phone: **850-232-1944**

Description of Program: **Pensacola Mardi Gras is a multi-week series of coordinated events designed to drive tourism, increase overnight stays, and generate economic activity in Escambia County during the late winter season. The program includes large-scale public events such as parades, concerts, and community activations, as well as a broader ecosystem of krewe-hosted events and private functions that collectively attract visitors from across the region. Pensacola Mardi Gras Foundation serves as the central clearinghouse for Mardi Gras activity throughout Escambia County, coordinating event information, production support, and publicity efforts across the entire season. Through its marketing platforms and outreach, PMGF provides centralized access to event schedules, updates, and participating organizations, ensuring clarity, accessibility, and consistency. In addition to this role, PMGF directly produces and manages many of the largest and most highly attended events of the season, including major public celebrations, parades, and activations that serve as the foundation of the overall Mardi Gras experience. The 2027 season will build on sustained growth by expanding marketing reach, enhancing event programming, and increasing visitor engagement. Strategic marketing will target regional and drive-market audiences, while event activations will support local businesses and create a vibrant, destination-driven experience. The program also enhances quality of life for residents and contributes to long-term tourism growth through repeat visitation.**

How many years has your organization provided services in the County? **Over 25 years**

How many years has your organization received funding from the County? **Pensacola Mardi Gras has received funding support for a total of seven years, including five years through the Visit Pensacola Micro Marketing Grant program and two fiscal years (2024–2025 and 2025–2026) through the Escambia County Tourist Development Council (TDC) grant program.**

Explain how receiving funds from the County would impact your organization: **Funding from**

Escambia County allows Pensacola Mardi Gras to significantly expand its marketing reach and enhance its ability to attract visitors from outside the local area. These funds are used to support targeted advertising, media partnerships, and promotional efforts that position Pensacola as a regional Mardi Gras destination. The impact of this funding extends beyond marketing, as it enables the organization to scale event programming, improve overall event quality, and support consistent activation throughout the Mardi Gras season. This includes initiatives such as midweek activations, expanded event promotion, and increased coordination across participating krewes and venues. As a result, County funding directly contributes to increased visitation, higher overnight stays, and greater economic activity for local businesses. It also allows Pensacola Mardi Gras to continue building momentum as a premier regional event, generating measurable returns for the community and reinforcing the value of continued investment. This includes direct support of large-scale public event production in addition to marketing efforts, ensuring that increased visitation is matched by high-quality, well-executed programming.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: **$250,000.00**

Briefly describe how last year's funds were used? **Funds received from Escambia County were used to support both the production of major public events and a comprehensive marketing and promotional strategy designed to increase visitation to Pensacola during the Mardi Gras season. This included the planning, coordination, and execution of large-scale events such as parades, concerts, and public activations, as well as investments in television, radio, digital advertising, social media campaigns, print media, and outdoor advertising across key regional markets. Funding supported the full lifecycle of Pensacola Mardi Gras, from event production and logistics to strategic marketing and promotion. These efforts worked together to create high-quality, well-attended events while ensuring strong visibility and reach across target audiences. Additionally, funds supported centralized communication and information distribution, allowing Pensacola Mardi Gras Foundation to serve as the primary source for event schedules, updates, and programming details. This ensured that visitors, media, and the public had clear and consistent access to information, contributing to a more organized and accessible experience throughout the season.**

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? **The County's investment in Pensacola Mardi Gras continues to generate strong measurable returns in the form of increased visitation, economic activity, and regional exposure. For the 2026 season, attendance across major events exceeded 200,000 participants, with significant participation from out-of-town visitors contributing to hotel occupancy, restaurant activity, retail spending, and overall economic impact. At this time, Pensacola Mardi Gras Foundation is in the final stages of completing full economic impact analysis and marketing performance reporting for the 2026 season. While attendance figures and participation levels are well established, the comprehensive economic impact data and final marketing metrics are still being compiled through ongoing analysis, including third-party evaluation. Preliminary indicators reflect substantial reach and engagement across multiple marketing channels, with strong regional visibility and continued growth in audience engagement. Final reporting is expected to demonstrate significant economic contribution and expanded marketing impact consistent with, or exceeding, prior years. In addition to direct economic impact, the program provides meaningful benefits to the citizens of Escambia County by supporting local businesses, increasing downtown activity, and enhancing overall quality of life. Events create opportunities for community engagement, strengthen partnerships across organizations and krewes, and reinforce Pensacola Mardi Gras as a signature event that contributes to the identity and vitality of the region. The return on investment extends beyond a single season, as increased**

exposure and positive visitor experiences contribute to repeat visitation and continued economic benefit for Escambia County.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? **The requested funding will be used to support both the production of major public events and a comprehensive marketing and promotional strategy for the 2027 Pensacola Mardi Gras season. Funds will assist in the planning, coordination, and execution of large-scale events that serve as primary drivers of visitation, as well as targeted marketing efforts designed to attract visitors from regional and drive markets. Marketing investments will include television, radio, digital advertising, social media campaigns, and strategic media partnerships, all focused on increasing awareness of Pensacola as a Mardi Gras destination. At the same time, funding will support event production elements necessary to deliver high-quality, safe, and well-organized public events that can accommodate large audiences and create a positive visitor experience. Pensacola Mardi Gras Foundation will also continue to serve as the central clearinghouse for Mardi Gras activity throughout Escambia County, providing comprehensive and centralized information, scheduling, and promotional support for all participating organizations, krewes, and events. This ensures that visitors, media, and the public have clear, consistent access to information, enhancing overall participation and engagement. The program benefits the citizens of Escambia County by driving increased economic activity during a traditionally slower tourism season, supporting local businesses, and enhancing quality of life through a vibrant and highly anticipated annual event series. Additionally, by attracting out-of-town visitors and creating memorable experiences, the program contributes to repeat visitation and sustained long-term economic impact for the community.**

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: **No, Pensacola Mardi Gras is not a governmental function or statutory requirement. It is a community-based program operated by a nonprofit organization. However, the program aligns directly with the goals of Escambia County's tourism promotion efforts by driving visitation, increasing overnight stays, and generating measurable economic impact within the County. Local government entities, including the City of Pensacola, support the event through services such as public safety coordination and infrastructure assistance, recognizing the significant economic and community benefits generated by Mardi Gras. These contributions reflect a collaborative partnership rather than a mandated governmental function, with Pensacola Mardi Gras serving as a community-driven initiative that delivers measurable returns for the region.**

Is this a one-time request or a recurring request for funding? **This is a recurring request for funding; however, the long-term goal is to establish ongoing support as a recurring budget item that will allow for the continued growth and sustained success of the Pensacola and Escambia County Mardi Gras season.**

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: **Pensacola Mardi Gras Foundation works in collaboration with a wide range of organizations that contribute to the overall success of the Mardi Gras season. These include over 110 Mardi Gras krewes, Visit Pensacola, local chambers of commerce, downtown business associations, media partners, and numerous private sponsors and event venues. Each krewe and participating organization plays a role in hosting events, including parades, balls, and community**

gatherings, which collectively contribute to the broader Mardi Gras ecosystem. Pensacola Mardi Gras Foundation partners with these groups by providing centralized scheduling, coordinated marketing, promotional support, and logistical alignment to ensure that events are well organized and effectively promoted. Additionally, PMGF works closely with public agencies such as the City of Pensacola, Escambia County, and public safety departments to coordinate event planning, permitting, and operational logistics. Partnerships with media organizations and advertising platforms further extend the reach of Mardi Gras promotion, ensuring consistent messaging across regional markets.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. **Pensacola Mardi Gras Foundation is uniquely positioned as both the primary producer of the largest and most highly attended Mardi Gras events in Escambia County and the central coordinating body for the entire Mardi Gras season. Unlike any other organization, PMGF serves as the single point of organization, promotion, and information for Mardi Gras activities across the County. While individual krewes and organizations host their own events, PMGF provides the structure that brings all of these efforts together into a cohesive, marketable, and destination-driven experience. This includes centralized scheduling, unified marketing, consistent messaging, and comprehensive information distribution for all events throughout the season. In addition to this coordinating role, PMGF directly produces major events that serve as the cornerstone of the Mardi Gras season, driving the highest levels of attendance and visitor engagement. The organization's experience, established partnerships, and proven track record of growth and execution position it as the most capable and effective entity to deliver a program of this scale and impact. Pensacola Mardi Gras Foundation's ability to combine large-scale event production with coordinated marketing and community-wide collaboration ensures that the program delivers maximum benefit to Escambia County, making it the most qualified organization to provide and expand this program.**

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: **0%**
- Percentage for direct programming costs: **100%**

If only a portion of your requested funding is granted, how will you offset the difference? **If partial funding is awarded, Pensacola Mardi Gras Foundation will adjust the scope and scale of marketing and event production accordingly, prioritizing the most impactful initiatives that drive visitation and economic activity. The organization will seek to offset funding gaps through additional sponsorships, private contributions, and strategic reallocations within its operating budget. While the program will continue to move forward, reduced funding may limit marketing reach, decrease regional exposure, and impact the scale and quality of certain event elements, which could in turn affect overall visitation and economic impact.**

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: **The requested funding is leveraged alongside private sponsorships, media partnerships, and in-kind contributions that collectively enhance the overall reach and effectiveness of the program. While not structured as a formal matching grant with a fixed ratio, Pensacola Mardi Gras Foundation consistently utilizes County funding to attract and maximize additional investment from private and community**

partners, effectively multiplying the impact of public funds.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding. **Pensacola Mardi Gras Foundation has previously received support through the Visit Pensacola Micro Marketing Grant program and may pursue similar opportunities as available. These funds are typically used to support marketing and promotional efforts aligned with tourism development. In addition, the City of Pensacola provides in-kind support for Mardi Gras events, including public safety services and infrastructure such as police presence and barricades. These contributions reflect the City's recognition of the community and economic benefits generated by Pensacola Mardi Gras. All funding sources are carefully coordinated to ensure there is no duplication of funding. Each funding source is applied to distinct components of the overall program, with clear tracking and allocation of expenses. The organization maintains strict internal controls to ensure that all funds are used appropriately and in accordance with applicable guidelines.**

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Total event attendance	**185,000+**	**200,000+**	**210,000+**	**+5%**
2. Economic Impact	**Baseline study completed**	**Increased (study in progress)**	**Further increase projected**	**10-15%**
3. Marketing Reach / Impressions	**75,000,000 +**	**100,000,000 +**	**110,000,000 +**	**+10%**

Pensacola Mardi Gras Foundation projects a 10%–15% increase in overall economic impact and tourism-related activity for the 2026 Mardi Gras season, based on observed growth in attendance, expanded programming, and increased regional marketing reach. As reflected in prior reporting, including the 2025 Economic & Community Impact Study, Pensacola Mardi Gras has demonstrated consistent year-over-year growth in attendance, impressions, and visitor engagement. The 2026 season built upon this trend with expanded event offerings, including the addition of Second Line Tuesday activations and continued growth in core events. At the time of this application, the final economic impact percentage increase is still being evaluated as part of the ongoing 2026 study conducted by Downs & St. Germain Research. Data collection and analysis continue following the conclusion of the event season to ensure accuracy and consistency with prior reporting methodologies. The projected 10%–15% increase reflects current attendance trends, sponsor engagement, and observed tourism activity, and will be finalized upon completion of the independent economic impact study.

b) State the source used to provide your program metrics: **Program metrics are derived from multiple sources, including Pensacola Mardi Gras Foundation attendance estimates and event records, Ticketmaster and venue ticketing data, event production counts, public safety observations, hotel and airport feedback, website and social media analytics, media reporting, and business community input. Economic impact data is developed**

through independent third-party analysis conducted by Downs & St. Germain Research. The 2026 economic impact study is currently in progress, and final results will be incorporated upon completion. Where final third-party data is pending, Pensacola Mardi Gras Foundation utilizes the best available operational and market data to establish trends and projections.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1. Increase total attendance and visitation during the Pensacola Mardi Gras season, with continued growth in regional and out-of-town participation	210,000 – 220,000 total attendance
2. Increase overall economic impact generated by Mardi Gras events and related visitor activity, as measured by independent third-party analysis	17,000 – 20,000 hotel room nights
3. Expand marketing reach and audience engagement across regional markets to further position Pensacola as a premier Mardi Gras destination	110,000,000 – 120,000,000 impressions

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY27
1. 200,000+ total attendees (FY26)	210,000 – 220,000 total attendance
2. Economic impact study completed for prior season; 2026 study currently in progress	Projected increase consistent with 10-15% growth trend, to be finalized by Downs & St. Germain Study
3. 100,000,000+ marketing impressions across combined media platforms (FY26)	110,000,000 – 120,000,000 impressions

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

Please explain by fiscal year any amount listed in "County Funding by Other Source" line item. (Example: Commissioner Community Support funding, Sheriff's Office funding, etc.) **Although Pensacola Mardi Gras Foundation works closely with Visit Pensacola in promoting the Mardi Gras season, no direct funding was received through the Visit Pensacola Micro Marketing Grant Program during the fiscal years reflected in this application. All County funding received during this period was through the TDT/TDC/BCC grant program and is reflected separately in this application. As such, there are no amounts to report under "County Funding by Other Source" for these fiscal years.**

Please explain by fiscal year any amount listed in the "Other Income" line item. **PMGF receives support in the form of in-kind contributions, media trade value, and ancillary event-related support that is not categorized as direct cash income. These amounts vary annually based on partnership agreements and the overall scale of the Mardi Gras season. As these items do not represent direct financial transactions, they are not included in the Income Table, which is intended to reflect actual cash-based operations.**

Pensacola Mardi Gras Foundation operates as a volunteer-led organization and does not maintain full-time or part-time salaried staff. All leadership, planning, and execution of events are carried out by volunteers, supported by contracted professional services for specific functions such as event production, marketing, and administration. In prior fiscal years, the organization did have a full-time Executive Director that was a salaried position, however, the current operating model reflects a fully volunteer-led structure with no salaried employees.

Pensacola Mardi Gras operates on a seasonal calendar that does not align precisely with the County's fiscal year. A significant portion of marketing, planning, and production expenditures for each Mardi Gras season occur in the months leading up to the events, often spanning multiple fiscal periods. As a result, revenues and expenses reflected in any single fiscal year may include costs associated with both the prior and upcoming Mardi Gras seasons. This structure is necessary to ensure early and sustained marketing exposure, effective event planning, and overall program success. Accordingly, budget figures should be viewed within the context of a continuous, year-round operational cycle rather than a single fiscal year snapshot.

Please explain any capitalizable assets (vehicles, land, or equipment) contained in your request. **No capitalizable assets are included in this request. All requested funds are intended for direct program-related expenses, including event production and marketing.**

Please explain any request listed in the "Other Expenses" line item. **Other expenses include minor administrative and operational costs that do not fall within standard budget categories. These are minimal and not a primary component of the overall program budget.**

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year? **Pensacola Mardi Gras Foundation operates on a calendar year basis; however, the Mardi Gras season itself functions on a hybrid cycle that spans multiple calendar years and overlaps with Escambia County's fiscal year. Planning, marketing, and early expenditures for each season begin in the prior calendar year, while significant event production costs and reimbursements occur in the following calendar and fiscal periods. As a result, the program is best understood as operating on a hybrid seasonal and fiscal cycle rather than a single defined year.**

2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements. **Financial statements are maintained on a calendar year basis, while this application is presented using Escambia County's fiscal year framework. Because Mardi Gras is a seasonal program with substantial pre-season marketing and planning expenditures occurring in advance of the event cycle, expenses and revenues do not align perfectly within a single fiscal reporting period. Certain costs may be incurred in one calendar year while reimbursements or related revenues are recognized in a subsequent fiscal year. These timing differences can create variances between financial statements and the program budget tables, but all figures are tracked, documented, and reconciled through standard accounting practices.**

3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds? **At the time of this application, the most recent Mardi Gras season is still in the process of being**

fully reconciled, as final invoices are being received and reimbursements are still being processed. As a result, final net income figures are not yet fully determined. Historically, the organization operates with the goal of near break-even performance, with revenues reinvested directly into event production, marketing, and future program development. Due to the timing differences between calendar year expenditures and fiscal year reimbursements, it is not uncommon for temporary deficits or carry-forward balances to occur within a given reporting period. Any residual funds, if realized, are retained and reinvested into the subsequent Mardi Gras season to support continued growth, marketing reach, and event quality.

4. Please list the salary of the top 5 employees, names and positions of your organization.

   If there are multiple agencies funded by or through your agency allocation, please add

   those employees to this list by agency. **Pensacola Mardi Gras Foundation does not maintain full-time salaried employees. The organization operates through a combination of volunteer leadership, independent contractors, and event-specific professional services. The Foundation also benefits from volunteer support, including student interns from local institutions such as Pensacola State College and the University of West Florida, who assist with event coordination and operations. All staffing associated with event production, marketing, and operations is handled through contractual relationships or volunteer efforts, ensuring that available funding is directed primarily toward direct programming, event execution, and marketing initiatives rather than payroll overhead.**

Name	Position	Salary
No Employees		$0.00

5. Please provide the total amount of cash and investments on hand. **Pensacola Mardi Gras Foundation operates on a seasonal financial cycle that does not align with traditional fiscal year or tax reporting periods. The Mardi Gras season spans January through February, while TDT/TDC/BCC grant funding is partially advanced in November, with reimbursements occurring after the season once expenses are fully documented and submitted. At the time of this application, the Foundation has approximately $10,000 and is still in the process of finalizing post-season financial activity for the 2026 Mardi Gras season, including vendor payments, sponsorship collections, and grant reimbursements. As a result, cash on hand fluctuates significantly throughout this period and is not a meaningful standalone indicator of the organization's financial position at a single point in time. Consistent with the financial structure outlined in our Economic & Community Impact reporting, a complete and accurate assessment of cash position is only realized after all season-related revenues, expenses, and reimbursements have been fully processed and reconciled. Accordingly, the cash on hand at the time of this application is largely committed to outstanding expenses and pending reimbursements associated with the 2026 Mardi Gras season.**
6.
7. Does your organization charge fees for services? If so, provide a list of fees charged: **Pensacola Mardi Gras Foundation generates program-related revenue through a combination of event-based and sponsorship activities. These may include:**
   - **Ticket sales for select premium events, such as Pensacola Mardi Gras Mambo**
   - **Corporate sponsorships and partnership contributions**
   - **Parade entry fees, which vary based on participation type, including walking units, floats, additional floats, and vehicle entries**

- **Limited vendor or participation-related fees associated with specific events or programming elements**

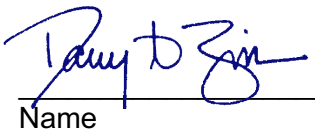
All major public events, including parades, are free and open to the public. This accessibility is a core component of the program's success, driving attendance, tourism, and community participation while supporting local businesses and the broader economy.

8. Does your organization require background checks from volunteers and staff? **Pensacola Mardi Gras Foundation does not maintain a formal, universal background check policy for all volunteers and participants. However, the organization exercises discretion and appropriate oversight based on the nature of each role and responsibility. Background checks are utilized where required through partner organizations, contracted service providers, or specific event-related needs. The organization prioritizes safety, accountability, and responsible oversight in all aspects of planning and execution.**

9. What is the **source** of your reportable data? **Program data is compiled from multiple verified sources to ensure accuracy and consistency. These sources include:**

- **Attendance estimates based on law enforcement, city coordination, and event operations data**
- **Ticketing and registration platforms for controlled-access events**
- **Marketing and media analytics, including digital, broadcast, and print performance reporting**
- **Third-party marketing and public relations partners, including Downs & St. Germain**
- **Internal tracking of sponsorship engagement, event participation, and program activity**
- **Regional tourism indicators, including hotel occupancy trends and visitor activity where available**

The organization is also implementing enhanced data collection methods for upcoming seasons, including geofencing and mobility tracking tools to better measure attendance patterns, visitor origin, and event impact during major public events. This data will be used in conjunction with existing sources to improve accuracy and validate reporting methodologies over time.



These combined data sources provide a comprehensive and evolving framework for measuring program performance, reach, and economic impact.

TOURISM PROMOTION AGENCIES

1. Please describe the marketing plan for your event or tourism related activity: **Pensacola Mardi Gras Foundation implements a comprehensive, multi-channel marketing strategy designed to drive regional visitation to Escambia County and increase overnight stays during the Mardi Gras season. The marketing plan is built around promoting the entire season as a unified destination experience, rather than isolated events, positioning Pensacola as a premier Gulf Coast Mardi Gras destination. Marketing efforts include coordinated campaigns across television, radio, digital advertising, social media platforms, print publications, and outdoor advertising in targeted drive markets throughout the Southeast. Messaging is designed to reach both first-time visitors and returning audiences, with an emphasis on accessibility, scale of events, and the unique structure of Pensacola's Mardi Gras season. A key component of the strategy is the centralized promotion of all Mardi Gras-related activities through Pensacola Mardi Gras Foundation as the primary clearinghouse for information, scheduling, and communication. This unified approach allows for consistent branding, efficient use of marketing dollars, and greater overall reach than fragmented, event-specific promotion.**

Gras programming, including the largest parades and public celebrations, remains free and open to the public. This approach maximizes attendance, encourages tourism, and supports widespread community participation while allowing sponsorships and select ticketed events to offset costs and enhance the overall quality of the season.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Annual Narrative Instructions for Organizations granted TDT Funds:

Your organization has received funds from Escambia County from the Tourist Development Tax (TDT) Fund. Florida law requires organizations who are granted these funds to provide the information below in an annual report regarding the expenditure of funds. Please provide the following information in your annual report:

1. The Basics:
Name of Organization (must match W9): **Pensacola Mardi Gras Foundation, Inc.**

Contact Name/Title: **Danny Zimmern**

Mailing Address: **124 E Wright Street, Suite B, Pensacola, FL 32501**

Funding Amount Received: **$250,000.00**

2. Introduction:
Brief description of the organization/event: **Pensacola Mardi Gras Foundation, Inc. is a nonprofit organization dedicated to producing, promoting, and supporting Mardi Gras-related events and programming throughout Escambia County. The organization serves both as a direct event producer and as a coordinating body for over 100 affiliated Krewes and community partners, creating a unified Mardi Gras season that drives tourism, economic activity, and community engagement across the region.**

Is this a new or recurring grant? **This is the third request, following the past 2 years grant awarded in the same amount. Each year has been the same, but this is a request for this upcoming fiscal years 2026 – 2027.**

If recurring, how many years? **This represents the continuation of prior year funding support through the TDT program. PMG received Visit Pensacola micromarketing grants for 5 years, and has received this same TDC / BCC grant for the past 2 years.**

If new, do you anticipate the organization/event becoming a recurring grant? **We would hope that the grant does eventually become a fixture on the annual TDT funding budget and not an annual application, thereby becoming a recurring grant.**

3. Narrative:

How did your organization/event benefit the tourism industry and/or promote tourism in Escambia County by increasing the number and quality of tourist related activities? **Pensacola Mardi Gras continues to serve as one of the largest recurring tourism drivers in Escambia County during the winter and early spring season. The program delivers a multi-week calendar of events that attracts both regional and out-of-market visitors, increasing overnight stays, restaurant activity, and overall economic impact during a traditionally slower tourism period.**

The organization's role as both a producer of signature events and a clearinghouse for coordinated Krewe activity ensures a consistent and elevated experience for visitors. By aligning event schedules, marketing efforts, and public engagement, Pensacola Mardi Gras

creates a destination-level experience that enhances both the number and quality of tourism-related activities throughout the County.

How were the TDT funds spent? **TDT funds were allocated exclusively toward marketing, promotion, and event-related programming expenses directly tied to increasing tourism visibility and attendance. No funds were used for salaries or general administrative overhead.**

Provide specific details on how TDT funds were spent. **TDT funds supported a comprehensive marketing and promotional strategy, including:**

- **Regional and local broadcast advertising (television and radio)**
- **Digital marketing campaigns, including social media, geotargeting, and remarketing**
- **Print media placements and tourism publications**
- **Outdoor advertising, including billboards and high-visibility placements**
- **Public relations efforts and earned media campaigns**
- **Event-related production elements that directly enhance visitor experience and attendance**

All expenditures were tracked and allocated to ensure compliance with TDT guidelines and to avoid duplication with any other funding sources.

Please provide the number of hotel/motel room nights generated from your event. What is the source of your data and metrics? **Hotel and lodging impact is measured using a combination of available data sources, including regional tourism indicators, hotel occupancy trends, event timing correlations, and third-party marketing analytics.**

In addition, Pensacola Mardi Gras Foundation engaged Downs & St. Germain to conduct a comprehensive, season-long study of attendance and visitor behavior. Their team deployed on-site personnel at multiple signature events produced by the organization, and also conducted field interviews with attendees at a variety of Krewe-hosted events throughout the Mardi Gras season.
The data collected through these direct observations and interviews is being analyzed and will be extrapolated into estimated hotel and motel room nights based on verified visitor origin, length of stay, and travel behavior patterns. This methodology is intended to provide a more data-driven and supportable estimate of tourism impact than prior years.

Due to the timing of the study and reporting cycle, final results are still being compiled; however, preliminary indicators reflect a significant positive impact on overnight stays during the Mardi Gras season, including a year over year increase in hotel nights driven by Pensacola Mardi Gras events. The organization will continue to refine and enhance its data collection methods in future reporting periods to further improve accuracy and consistency.

Please attach a copy of your completed Market Plan, and provide details regarding the success of

your plan.**The marketing plan incorporated a coordinated, multi-channel strategy designed to maximize reach, frequency, and regional penetration across key target audiences. The campaign included an integrated mix of paid, earned, and owned media across multiple platforms, including:**

- **Television advertising placements on regional broadcast networks, including targeted scheduling aligned with peak viewing periods**
- **Radio campaigns across multiple stations and formats through partnerships with established media groups**
- **Digital marketing initiatives, including social media advertising, geotargeted campaigns, retargeting strategies, and event-based promotional pushes**
- **Organic social media engagement across multiple platforms, including event announcements, Krewe participation highlights, and real-time event coverage**
- **Print media placements in local and regional publications, including tourism-focused outlets and community news platforms**
- **Outdoor advertising, including billboard placements and high-visibility signage in key traffic corridors**
- **Public relations efforts, including press releases, media outreach, and coordinated coverage through outlets such as television, radio, and online publications**
- **Strategic partnerships with marketing and public relations firms, including Downs & St. Germain, to enhance campaign reach, message consistency, and performance tracking**

The success of the plan is reflected in:

- **Increased event attendance across multiple signature events**
- **Expanded regional awareness and audience engagement across digital and traditional platforms**
- **Strong media coverage and earned media value across a wide range of outlets**
- **Continued growth in sponsorship participation and community involvement**
- **Increased consistency and visibility of the Pensacola Mardi Gras brand across all channels**

The plan successfully positioned Pensacola Mardi Gras as a premier regional event series, contributing to sustained tourism growth, expanded audience reach, and increased overall visibility for Escambia County as a destination.

How did you measure the success of your organization/event? What goals did you establish? Examples of goals may include the following: Attendance/Spectators; Ticket Sales; Number of Participants; Number of Vendors/Exhibitors; Sponsorship Support; Media Coverage; Website Visits; Social Media Engagement; Hotel/Motel Room Nights Generated.

Success was measured through a combination of quantitative and qualitative metrics, including:

- **Estimated attendance across all events**
- **Ticket sales for controlled-access events such as Pensacola Mardi Gras Mambo**
- **Number of participating Krewes, vendors, and sponsors**
- **Media impressions and marketing reach across all channels**

- **Social media engagement and digital performance metrics**
- **Regional tourism indicators, including hotel occupancy trends**

Goals were established to increase overall attendance, expand regional reach, enhance visitor experience, and strengthen Pensacola Mardi Gras as a consistent annual tourism driver. Based on available data, these goals were met or exceeded in key areas, with continued growth expected.

4. Quarterly Metrics Summary

Please provide the following quarterly metrics as approved by the BOCC:

Goals and Metrics Scorecard: Sample Organization FY 26-27	1st QTR	2nd QTR	3rd QTR	4th QTR
How many people attended/visited your organization/event?	1,000	175,000	0	0

How many nights did those people stay in area hotels/motels?	0	3+	0	0
On average, how much did each family spend at the organization/event?	$100	$1,000	$0	$0

5. Tourism Narrative Summary

Please provide a summary of your organization/event's success, the positive impact it created for the citizens of Escambia County, and overall impact to tourism. Pictures may be attached.

Pensacola Mardi Gras continues to deliver significant economic and community impact for Escambia County by driving tourism during a critical seasonal window. The program supports local businesses, increases overnight visitation, and enhances the overall cultural and entertainment landscape of the region.

Beyond the measurable economic impact, Mardi Gras season creates a unique and highly visible sense of energy throughout the entire community. Retail establishments incorporate themed merchandise and displays, restaurants and hospitality venues experience increased activity, and businesses across multiple sectors report a noticeable uplift in customer engagement and overall atmosphere. The season generates a sense of excitement, interaction, and shared experience that is felt by both residents and visitors alike.

The visual identity of Mardi Gras is also present throughout the community, with the colors of

purple, green, and gold displayed across storefronts, decorations, apparel, and event environments. This consistent and recognizable branding reinforces the sense of occasion and transforms the area into a cohesive and immersive destination experience.

Seasonal traditions further enhance both the cultural and economic impact. Mardi Gras-inspired foods such as king cake, seafood gumbo, étouffée, and other regional specialties drive increased activity in both restaurants and grocery retailers, expanding the reach of the event's economic influence while contributing to the authenticity of the visitor experience.

This elevated level of community energy and participation contributes to a more memorable and immersive visitor experience. Tourists are not simply attending individual events - they are experiencing a city-wide cultural activation that reflects positively on Pensacola as a destination. The combination of celebration, accessibility, and authentic local engagement encourages repeat visitation and strengthens long-term tourism loyalty.

As the Mardi Gras season bridges the transition from winter into spring, it plays an important role in activating the local economy during a traditionally slower period while setting a positive tone for the broader tourism season ahead.

Through a coordinated network of events, partnerships, and marketing efforts, the organization delivers a high-quality, accessible experience that benefits both residents and visitors. The continued growth and success of Pensacola Mardi Gras reinforces its role as a key tourism asset for the County and a meaningful contributor to the local economy.

PENSACOLA MARDI GRAS

Economic Impact Report

February 28 to March 4, 2025

By Downs & St. Germain Research

downs & st. germain RESEARCH

EXECUTIVE SUMMARY

Purpose

This study was conducted to measure the economic impact of the Mardi Gras celebration to the Pensacola area.

Total economic impact is a function of direct spending by **out-of-county visitors** in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars.

Direct spending by **out-of-county visitors** includes spending on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.

Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars.

Local spending does **not** affect total economic impact and is not included in the direct spending by visitors or the economic impact figure.

METHODOLOGY

Data Collection

177 interviews were completed in-person with visitors at Mardi Gras events between February 28 and March 4, 2025. Attendance figures from Pensacola Mardi Gras Foundation and an independent attendance estimate by Downs & St. Germain Research were used in this report.

Economic Impact

Total economic impact is a function of direct spending by visitors in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars.

Multiplier

Downs & St. Germain Research uses IMPLAN economic modeling to calculate the multiplier based on direct expenditure data collected from visitors to the Pensacola area. Agencies such as FEMA, EPA, Federal Reserve bank, and the Bureau of Land Management use IMPLAN modeling. Pensacola's multiplier is 1.53.

EXECUTIVE SUMMARY

- Pensacola Mardi Gras 2025 attracted **151,000 unique attendees**[1], 60,900 out-of-county attendees and 90,100 locals.
- **40%** of attendees were out-of-county visitors
- Out-of-county visitors spent **$5,095,200**[2] in the Pensacola area during this event, generating **$7,795,600 in economic impact**[3]
- Out-of-county visitors who attended Pensacola Mardi Gras 2025 generated **11,080** nights in paid accommodations in the Pensacola area
- The typical out-of-county attendee was **37** years old, earned **$58,600** per year and traveled in parties of **3.4 people**
- **23% of out-of-county visitors** chose to stay in overnight in **paid accommodations** while attending this event, staying an average of **3.7** nights
- **Over half** of Pensacola Mardi Gras out-of-county visitors said they **will definitely return**
- **Over 1 in 3** out-of-county visitors became aware of this event **through word of mouth from friends and family**
- **66%** of out-of-county visitors said this event was their main reason for coming to the Pensacola area

[1] Mardi Gras estimated attendance 197,500 (including participants). Downs & St. Germain Research determined that there were 151,000 unique attendees. "Unique" attendees are visitors who may attend more than one day of the event and is based on the total event attendee estimate divided by the average days of attendance. Economic Impact is calculated based on "unique" visitors rather than the full attendance estimate.
[2] Spending by **out-of-county visitors** on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.
[3] Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars. Local spending does not affect total economic impact.

Contact Phone: **(850)932-2257**

Description of Program:

The Pensacola Beach Air Show, hosted by the Santa Rosa Island Authority and headlined by the U.S. Navy Blue Angels, is a nationally recognized aviation event that serves as a cornerstone of community engagement, tourism, and regional economic development on Pensacola Beach. Held annually along the Gulf shoreline, this free public event attracts tens of thousands of residents and visitors, generating significant economic impact for local businesses, hospitality partners, and service providers.

How many years has your organization provided services in the County?

Since 1947 (79 years)

How many years has your organization received funding from the County?

SRIA received funding once for trolley operations in FY24 and beach nourishment in FY26.

Explain how receiving funds from the County would impact your organization:

Receiving Tourist Development Tax (TDT) funds as recommended by the Escambia County Tourist Development Council would significantly enhance the ability of the Santa Rosa Island Authority (SRIA) to deliver high-quality events and support the continued economic vitality of Pensacola Beach.

TDT funding would provide critical financial support for our nationally recognized event, the Pensacola Beach Air Show, which attracts tens of thousands of visitors annually. These visitors generate substantial economic impact for Escambia County through lodging, dining, retail, and recreational spending. With dedicated TDT support, SRIA could continue to enhance event safety, logistics, marketing, and visitor experience, ensuring this event remains a premier tourism driver that directly aligns with the purpose of the Tourist Development Tax.

Additionally, commercial leaseholders on Pensacola Beach are among the strongest contributors to the Tourist Development Tax, generating millions of dollars annually through hotel stays, vacation rentals, and other short-term accommodations. These businesses rely heavily on tourism-generating events and amenities supported by SRIA. Reinvesting a portion of these TDT revenues back onto Pensacola Beach through SRIA ensures that the very destination producing a significant share of the tax revenue continues to be maintained, improved, and promoted effectively.

Ultimately, receiving Tourist Development Tax funds would allow SRIA to sustain and expand tourism-driven initiatives, protect public safety during this large-scale event, maintain essential public assets, and support the commercial partners whose success directly fuels Escambia County's tourism economy. This reinvestment would uphold Pensacola Beach's position as the #1 premier destination in the country and ensure long-term economic benefits for Escambia County residents, businesses, and visitors alike.

PREVIOUS FISCAL YEAR FUNDING
(If none received, mark N/A and skip to next section.)

Amount received, if applicable:

$7.2M

Briefly describe how last year's funds were used?

The funds were used on the 2026 beach nourishment project.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

Pensacola Beach is Escambia County's economic engine and the funds received were used for erosion control to keep tourists and locals returning.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

TDT funding would be strategically used by the Santa Rosa Island Authority to enhance, sustain, and professionally execute the Pensacola Beach Air Show on Pensacola Beach; one of the region's largest tourism-driving events. These funds would be directly invested into essential operational, contractual, and promotional components that elevate the event's quality, safety, and economic impact. TDT funding would ensure the Pensacola Beach Air Show remains a safe, high-quality, and nationally recognized event. This investment directly benefits Escambia County citizens by strengthening the local economy, supporting jobs, increasing tourism revenue, and preserving a signature event that showcases the community on a national stage.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

N/A

Is this a one-time request or a recurring request for funding?

One-time request

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

The NAS Pensacola Blue Angels Homecoming Air Show is a two-day event held each November aboard Naval Air Station Pensacola. We work closely with their Air Operations team to help ensure a diverse lineup of high-quality aerobatic performers for both our shows. To support their operational needs, we provide the use of our barricades at no cost, assisting with securing the flight line and enhancing the safety measures in place for effective crowd control. Our continued collaboration with the U.S. Navy Blue Angels and NAS Pensacola Homecoming Air Show reflects a strong and mutually beneficial working relationship.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

The Santa Rosa Island Authority is the only agency that produces an air show on Pensacola Beach, offering a unique aerial experience over the Gulf.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

Percentage for salaries/administrative costs: **0%**

Percentage for direct programming costs: **100%**

If only a portion of your requested funding is granted, how will you offset the difference?

If only a portion of the requested funding is awarded, the Santa Rosa Island Authority will offset the difference by utilizing lease fees collected on Pensacola Beach. In addition, we will continue to actively pursue sponsorship opportunities and partnership funding at both the local and state levels to ensure the event is fully supported and successfully executed.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

BUDGET QUESTIONS

Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year?

SRIA operates on a fiscal year

Please explain any discrepancies in the Expense Table and your agency's Financial Statements.

The expense table only reflects the Pensacola Beach Air Show.

Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds?

The residual funds will be used toward the next year's air show.

Please list the salary of the top 5 employees, names and positions of your organization.

If there are multiple agencies funded by or through your agency allocation, please add those employees to this list by agency.

Name	Position	Salary

TOURISM PROMOTION AGENCIES

1. Please describe the marketing plan for your event or tourism related activity:

   The Pensacola Beach Air Show is promoted through an integrated marketing communications strategy focused on driving regional and national visitation and overnight stays. Promotion begins with the Blue Angels' annual schedule release and includes coordinated media outreach, website content, social media, and targeted email marketing through Visit Pensacola Beach channels. All impressions, engagement, and media value are tracked to document measurable tourism impact and ROI.

2. Please provide information regarding ticket sales or sponsorships for your event or tourism related activity:

   The Pensacola Beach Air Show is a free event open to the public and accessible for viewing by both land and sea from Pensacola Beach. Because the event is offered at no cost to attendees, ticket sales do not serve as a revenue source.

   The Authority actively seeks sponsorships and strategic partnerships with local and regional businesses that recognize the air show's significant economic and community impact. Through these efforts, the Authority has successfully secured sponsorship support from respected organizations such as Step One Automotive Group, PenAir Credit Union, Gerber Collision & Glass, Shaggy's, LeafFilter Gutter Protection, etc. These partnerships help offset operational expenses while providing valuable marketing exposure for participating businesses.

The Santa Rosa Island Authority values these collaborations and remains committed to expanding sponsorship opportunities with businesses that share a vested interest in promoting tourism, supporting the local economy, and sustaining Pensacola Beach's premier event.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)
Santa Rosa Island Authority

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) Govt

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

INDEPENDENT AUDITOR'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola Beach, Florida

Opinion

We have audited the accompanying financial statements of the business-type activities of Santa Rosa Island Authority, a component unit of Escambia County, Florida, (hereinafter referred to as "Authority"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of September 30, 2024, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independence of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedules of Proportionate Share of Net Pension Liability, and Schedules of Contributions, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in

accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Schedule of Revenue and Expenses – Budget and Actual is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Operating Revenue and Expenses – Budget and Actual is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Revenues and Expenses – Budget and Actual is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 30, 2025, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

NOTE 1: ORGANIZATION

The Santa Rosa Island Authority ("Authority"), exists pursuant to the provisions of Chapter 24500, Laws of Florida, Special Acts of 1947, as amended. The Authority is the governing body of a portion of Santa Rosa Island and consists of five members appointed by the Board of County Commissioners of Escambia County, and one member elected by the leaseholders of Santa Rosa Island. The Authority has been constituted a body corporate and an agency of Escambia County and, accordingly, meets the criteria of a component unit and will be included in the Basic Financial Statements of Escambia County, Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Authority maintains its books and records under the accrual method of accounting. Under this method, revenue is recognized when earned rather than when received, and related expenses are recognized when they are incurred rather than when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority classifies fund equity into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of fund equity consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same fund equity component as the unspent proceeds.

Restricted – This component of fund equity consists of constraints placed on fund equity imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of fund equity consists of fund equity that does not meet the definition of "restricted" or "net investment in capital assets".

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Authority complies with generally accepted accounting principles (GAAP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenue of the Authority are lease fees and related charges. Operating expenses of the Authority include personal services, contractual and professional services, supplies, utilities, advertising and promotion, capital outlay, other expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Restricted Assets

Certain assets of the Authority are restricted for use by agreements with third parties; therefore, they are not available to be used at management's discretion. These restrictions include assets restricted by outside parties for beach renourishment and certain capital improvements as further discussed in Note 7.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

General Budget Policies

Prior to the beginning of each fiscal year, the Executive Director submits an operating budget to the Authority Board. The budget includes proposed expenses necessary for operation of the Authority and estimated revenue available to finance those expenses. Once approved by the Authority Board, the budget is submitted for approval by the Board of County Commissioners of Escambia County. The legal level of budgetary control is by total expenditures. Any amendments that alter total expenditures must be approved by the Authority Board and the Board of County Commissioners of Escambia County. All appropriations lapse at year end.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The budget is prepared on a basis that differs from generally accepted accounting principles as follows:

A. The budget does not include a provision for depreciation expense or for gain or loss from disposal of capital assets.

B. The budget includes a provision for capital outlay, which is not included in the results of operations under generally accepted accounting principles, except for certain non-capital items expensed by the Authority. These non-capital items include dredging, renourishment and improvements to property not owned by the Authority.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding investments in the Local Government Surplus Funds Trust Fund Investment Pool.

Capital Assets

Capital assets are defined by the Authority as assets with an initial/individual cost of more than $1,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Upon being placed into service, property, plant and equipment of the Authority are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: transportation equipment, maintenance equipment, office equipment and miscellaneous: 3 – 10 years; and buildings and shelters: 10 – 40 years.

Compensated Absences

It is the Authority's policy to permit employees to accumulate a limited amount of earned but unused annual leave and, for those employees who have achieved retirement age or are entitled under a negotiated contract, a limited amount of earned but unused sick leave. Accordingly, the Authority records an accrual for earned but unused annual leave and sick leave.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Lease Fees

Lease fees, including consideration fees, are generally recognized as income over the lease term as it becomes due according to the provisions of the lease. Lease fees received but not yet earned according to the provisions of the lease are recorded as deferred revenue. The Authority has agreed to bill certain lease fees quarterly or monthly even though the full amount is due at the beginning of the renewal year. Amounts due from year-end through the lease renewal date are reflected as unbilled receivables on the accompanying Statement of Net Position.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting in this category are the items related to the pension and OPEB amounts reported in the Statement of Net Position. The deferred outflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has four items, deferred revenue, deferred consideration fees, and pension and OPEB amounts, which qualify for reporting in this category. Deferred revenue and deferred consideration fees result from the collection of revenues in advance of the year for which they are due. The deferred inflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

Other Post-Employment Benefits

The Authority utilizes uniform reporting standards for other postemployment benefit (OPEB) expense and related liabilities, note disclosures, and required supplementary information (RSI) in annual financial reports of governmental entities. See Note 11 for a description of the OPEB expenses and liabilities.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, January 30, 2025. See Note 14 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements

The GASB has recently issued several accounting pronouncements, including Statement No. 91, *Conduit Debt Obligations*; Statement No. 93, *Replacement of Interbank Offered Rates*; Statement No. 96, *Subscription-Based Information Technology Arrangements*; and Statement No. 100, *Accounting Changes and Error Corrections*. The Authority did not experience any significant impacts to its financial reporting as a result of implementing these Statements.

The GASB has issued statements that will become effective in future years, including Statement No. 101, *Compensated Absences*. The Authority is evaluating the requirements of the above statements and the impact, if any, on its financial reporting.

NOTE 3: CASH AND INVESTMENTS

The Authority maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all of the Authority's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3).*

The Authority is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U.S. Treasury; the Local Government Surplus Funds Trust Fund as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

In accordance with GAAP, certificate of deposits are considered a nonparticipating interest-earning investment contract and is appropriately reported in the financial statements at cost. The following is a summary of the Authority's investments:

September 30,	**2024**	**Credit Risk**	**Maturities**
Certificate of deposit	$ 587,629	not rated	03/20/25

NOTE 3: CASH AND INVESTMENTS (Continued)

Concentration risk – The Authority places no limit on the amount the Authority may invest in any one issuer.

Interest rate risk –The Authority does not have a formal policy for addressing interest rate risk; however, investments are made with discretion to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The Authority manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield rates.

Custodial credit risk – For an investment, custodial credit risk is the risk that the Authority will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Authority has no formal policy for custodial risk. None of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2024:

September 30,	**2023**	**Additions**	**Transfers and Retirements**	**2024**

Total capital assets, net	$ 598,638	$ 132,950	$ (814)	$ 730,774

NOTE 5: LONG-TERM LIABILITIES

The Authority has a compensated absence liability for unpaid leave.

Changes in long-term liabilities were as follows:

September 30,	2023	Additions	Reductions	2024	Amount Due Within One Year
Compensated absences	$ 150,154	$ -	$ (11,906)	$ 138,248	$ -
	$ 150,154	$ -	$ (11,906)	$ 138,248	$ -

NOTE 6: LEASING ACTIVITIES

Substantially all of the Authority's revenue is derived from leasing activities. The Authority leases the land of Santa Rosa Island to residents and businesses on the Island but does not convey ownership. The Authority's policy is to report all leases as operating leases since the land of the island is not recorded as an asset on the financial statements and the leases do not meet the criteria of a capital lease.

Most residential and many commercial leases are for a period of 99 years. Many of these 99-year leases have options to renew for another 99-year term. Some leases, particularly those for restaurants and concessions, are generally for a shorter period. Each lease provides that any construction on the premises must be performed within an established length of time, and detailed plans and specifications must be approved by the Authority before a building permit is issued. Failure to pay any rentals due or failure to comply with any other covenants of the lease constitutes a violation under the terms of the lease and the Authority may repossess the land and the improvements after required notice if the lessee fails to correct the default.

Certain leases have a provision that allows for an increase in minimum lease fees every five years in proportion to the consumer price index (CPI). In 2021, the Authority's Board approved a total increase of 7.7% for the lease years from 2021 – 2025. The Authority implemented increases of 1.7% in 2022 and 2% in 2023, and anticipated increases are as follows: 2024-2025: 2% each year.

NOTE 6: LEASING ACTIVITIES (Continued)

The following is a schedule of estimated future minimum rentals to be received under these leases for the periods ending September 30.

2025	$ 2,252,328
2026	2,252,328
2027	2,252,328
2028	2,252,328
2029	2,252,328

The following is a schedule of the number of residential and commercial leaseholders as of:

September 30,	2024
Residential	3,889
Commerical	174

NOTE 7: RESTRICTED NET POSITION

Restricted net position is comprised of two primary components: Portofino island improvement funds and certain claim proceeds related to the BP oil spill. The Portofino restricted funds are derived from a portion of the Portofino lease and must be used for future Island improvements. As of September 30, 2024, the restricted Portofino funds equal $1,836,142.

In addition, the Authority also considers certain funds received from BP in prior years relating to the Deepwater Horizon Oil Spill as restricted for the restoration of the Quietwater Beach area. These amounts total $175,379 at September 30, 2024.

The Authority also has certain funds set aside for maintaining Sabine Park and Morgan Park, including paying mitigation expenses. The other restricted balances totaled $49,160 and $35,873 at September 30, 2024 for Sabine Park and Morgan Park, respectively.

In addition to restricted net position, the Authority has also designated certain unrestricted net asset amounts for future contingencies and beach renourishment. These amounts total $7,221,089 as of September 30, 2024 and are included in unrestricted net position on the accompanying Statement of Net Position. At September 30, 2024, the Authority's unrestricted, undesignated net position totals approximately $4.9 million.

NOTE 8: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority has established a self-insurance program to cover its risk of loss related to general liability claims and natural disasters. As of September 30, 2024, the Authority has set aside $1,121,089 in contingency funds to cover any claims that may be filed or other emergencies for which cash flow, particularly in off-seasons, might not be sufficient to cover. This amount is included in the designated net position amount identified in Note 7.

The sovereign immunity limits of the State of Florida restrict general liability claims to $100,000. General liability claims above $100,000 would have to be approved by the State Legislature. The Authority participates in the Escambia County self-insurance program to cover its risks of loss related to workers' compensation claims. The Authority pays an annual premium to the program for its coverage. Details of this self-insurance program can be found in the Escambia County, Florida Comprehensive Annual Financial Report. The Authority continues to carry commercial insurance for risks of loss, including property insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: FEDERAL AND STATE GRANT PROJECTS

The Authority has entered into various grant agreements with the Federal Emergency Management Agency to fund the elevation of certain properties on Santa Rosa Island. The total of the award agreements approximates $2.4 million. During 2024, the Authority did not incur any expenses related to this program. Progress on the project for the final impacted property related to is pending resolution of disagreements between the homeowner and contractor. No revenue or expenses was recognized in the current year related to this transaction.

The Authority has been awarded grant funds from the State of Florida for beach re-nourishment and restoration. The maximum amount to be received under the three grants is $515,000. The grants require a match of $515,000. During 2024, the Authority incurred approximately $317,500 of expenses related to this program, of which 50% was paid back to the Authority by the State.

Revenue recognized under these federal and state grants totaled $158,748 for the year ended September 30, 2024.

NOTE 10: PENSION PLAN

Essentially all regular employees of the Authority are covered by the Florida Retirement System Pension Plan and Retiree Health Insurance Subsidy Program.

NOTE 10: PENSION PLAN (Continued)

Plan Descriptions, Membership and Plan Benefits, and Contribution Requirements

Plan Descriptions

The Florida Retirement System (FRS) is a cost-sharing, multiple-employer retirement system. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS, HIS, and INV are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS, HIS, and INV financial information is included in the Florida Retirement System (System) Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

NOTE 10: PENSION PLAN (Continued)

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the Authority, including regular class, senior management and DROP. Employees enrolled in the FRS prior to July 1, 2011, vest at six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service and are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS also includes an early retirement provision but imposes a penalty for each year a member retires before the normal retirement date. Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS plan. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $7.50. The minimum payment is $45 and the maximum payment is $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

NOTE 10: PENSION PLAN (Continued)

Contribution Requirements

Employer contributions rates are actuarially recommended but set, and may be amended, by the Florida Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

	Employee Required Contribution	Employer Required Contribution	Total Required Contribution
Regular employees:			
October 1, 2023 through June 30, 2024	3.00%	13.57%	16.57%
July 1, 2024 through September 30, 2024	3.00%	13.63%	16.63%
Employees in the Deferred Retirement Option Program (DROP):			
October 1, 2023 through June 30, 2024	n/a	21.13%	21.13%
July 1, 2024 through September 30, 2024	n/a	21.13%	21.13%
Senior Management Service Class (SMSC):			
October 1, 2023 through June 30, 2024	3.00%	34.52%	37.52%
July 1, 2024 through September 30, 2024	3.00%	34.52%	37.52%

Employer rates include 2.00 percent for the HIS program. In addition, regular employees are required to contribute an amount equal to 3% of their salary as retirement contributions. Members participating in the DROP are not required to make 3% contributions. The Authority's contributions to the Plan totaled $160,338 for the year ended September 30, 2024.

FRS and HIS Significant Assumptions and Rate of Return

Basis of Accounting

Information about the FRS and HIS assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position can be found in the System ACFR. The System ACFR is available online or can be obtained as mentioned previously The FRS and HIS fiduciary net position and additions to/deductions from the fiduciary net position have been determined based on the System's records, which utilize the flow of economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable. Investments are reported at fair value. Contributions are recognized as revenue when due, pursuant to statutory and contractual requirements. There have been no significant changes since the publication of the System ACFR.

NOTE 10: PENSION PLAN (Continued)

Actuarial Methods and Assumptions

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and long-term expected rate of return used for FRS investments is 6.7%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.93% was used to determine its total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table (refer to the valuation reports for more information).

As of June 30, 2024, the municipal rate used by HIS increased from 3.65 percent to 3.93 percent. In addition, Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2024 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

NOTE 10: PENSION PLAN (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.3%
Fixed Income	29.00%	5.7%
Global Equity	45.00%	8.6%
Real Estate (Property)	12.00%	8.1%
Private Equity	11.00%	12.4%
Strategic Investments	2.00%	6.6%
Total	100.00%	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan or assumed asset allocation.

District's Share of Net Pension Liability

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS net pension liability (NPL), deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2024. The underlying financial information used to prepare the pension allocation schedules is based on the same basis as mentioned previously.

At September 30, 2024, the Authority reported a liability of $900,772 for its proportionate share of the net pension liability of the FRS and HIS. The net pension liability was measured as of June 30, 2024, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024.

The Authority's proportionate share was calculated using the retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2024. The aggregate employer contribution amounts for the fiscal year ended June 30, 2024, in the pension allocation schedules agree to the total employer contribution amounts reported in the System ACFR.

For the year ended September 30, 2024, the Authority recognized pension expense of $25,730 related to the FRS and $8,195 related to the HIS.

NOTE 10: PENSION PLAN (Continued)

At September 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2024				
	FRS		HIS

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS

Plan Description: The Authority participates in the benefit plans and programs of Escambia County, Florida (the "County"). Pursuant to Section 112.0801 Florida Statutes, the Authority is required to provide eligible retirees (as defined in the County's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees. Eligible retirees must be drawing an immediate benefit from their respective pension plan and be enrolled in medical coverage prior to retirement. Surviving spouses of participants are allowed access to the Plan but must pay the full premium. Benefit provisions for the Plan were established by the County's Board of Directors and may only be amended by the County's Board of Directors. The County does not issue stand-alone financial statements for this Plan. All financial information related to the Plan is accounted for in the County's basic financial statements.

Funding Policy: The Authority is funding the post employee benefits on a pay-as-you-go basis. Contribution rates for the Plan are established by the County annually. For the fiscal year ended September 30, 2024, the Authority actuarily contributed approximately $5,000. Blended premium rates for active and retired employees combined provide an implicit subsidy for retirees because on actual basis, their current and future claims are expected to result in higher costs to the Plan than those of active employees. The current year contribution represents an estimate of this implied subsidy.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

Plan Membership: At October 1, 2024, OPEB membership consisted of the following:

	SRIA
Inactive members currently receiving benefits	11
Active members	7
Total	18

The Authority's covered payroll constituted approximately 0.72%, for the year ended September 30, 2024 of the total payroll costs for all entities included in the actuarial calculation. Accordingly, the County has allocated approximately 0.72% of the actuarially calculated amounts to the Authority in fiscal year 2024.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the September 30, 2024 actuarial assumptions and other inputs, applied to all period in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.40 percent to 7.80 percent, including inflation
Discount rate	4.63 percent
Health care cost trend rates	Getzen Model, with trend starting at 6.25% (0% for premiums to reflect actual increase)and gradually decreasing to an ultimate trend rate of 4.00%.

The discount rate was based on an index rate for 20-year tax-exempt general obligation municipal bonds with an average AA credit rating or higher.

Mortality rates were taken from adjusted Pub-2010 mortality tables published by the Society of Actuaries with generational mortality improvements using Scale MP-2018. They are based on the results of a stateside experience study covering the period 2013 through 2018.

At September 30, 2024, the Authority reported a net OPEB liability of $85,045. The GASB 75 information has been provided as of the September 30, 2023, measurement date.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The change in net OPEB liability for the year ended September 30, 2024 is as follows:

	Increase (Decrease) Net OPEB Liability
Balance as of September 30, 2023	$ 106,976
Changes for the year:	
Service cost	3,201
Interest	3,492
Changes of benefit terms	1,285
Difference between expected & actual experience	(11,989)
Changes in assumptions	(12,917)
Benefit payments	(5,003)
Net Change in OPEB	(21,931)
Balance as of September 30, 2024	$ 85,045

Changes in assumptions and other inputs reflect a change in the discount rate from 4.40% as of September 30, 2023 to 4.63% as of September 30, 2024. The methods, assumptions, and participant data used are detailed in the actuarial valuation report the fiscal year ended September 30, 2023. These calculations are based in the Entry Age Normal cost method required by GASB 75.

Sensitivity of the Net OPEB Liability: The following table represents the Authority's total and net OPEB liability calculated using the discount rate of 4.63%, as well as what the Authority's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.63%) or one percentage point higher (5.63%) than the current rate:

	1% Decrease (3.63%)	Discount Rate (4.63%)	1% Increase (5.63%)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended September 30, 2024, the Authority recognized OPEB expense of $2,000.

In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 16,995
Changes in assumptions and other inputs	8,875	25,506
Estimated benefits paid after the measurement date	3,326	-
Total	$ 12,201	$ 42,501

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The deferred outflows of resources related to OPEB, totaling $12,201 resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ending September 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in the expense as follows:

Fiscal Year Ending September 30,

NOTE 12: RELATED PARTY TRANSACTIONS

The Authority reimburses Escambia County for Pensacola Beach trolley services, which totaled $226,329 for the year ended September 30, 2024. In addition, the Authority pays Escambia County for its employees' workers' compensation insurance and health and life insurance. During the year ended September 30, 2024, the Authority expended $1,827 for workers' compensation insurance and $159,832 for health and life insurance. The Authority also reimbursed the County $206,000 for fire and rescue services during the year ended September 30, 2024. There were no amounts due to the County at September 30, 2024.

In May 2024, the Authority received a refund from Escambia County totaling $134,373, which represents the unused portion of island improvement funds for dune walkover projects that were provided by the County in the prior year. This refund is included in other operating revenue on the accompanying statement of activities.

In October 2023, Escambia County appropriated $250,000 from the County's Tourist Development Fund to the Authority for complimentary public transportation services on Pensacola Beach. The Authority incurred related expenses totaling $250,045, of which $226,329 is included in other operating expense and $23,716 is included in advertising and promotion on the accompanying statement of activities. The balance due to the Authority from the County for this agreement totaled $250,000 at September 30, 2024, which was received in October 2024.

NOTE 13: COMMITMENTS AND CONTINGENCIES

Grants Contingencies

The Authority has received federal and state financial assistance for costs related to capital improvements and disaster assistance on Santa Rosa Island. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Authority. In the opinion of management, any such claims should not have a material adverse effect on the financial statements.

Windstorm

The insurance policy for windstorm coverage includes a deductible amount for named hurricane storms estimated at approximately $63,000. In addition, the Authority's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Authority may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

Litigation

The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. In the opinion of management, the ultimate liability, if any, resulting from such litigation will not materially affect the financial position or results of operations of the Authority.

NOTE 14: SUBSEQUENT EVENT

In November 2024, the Board approved awarding a bid to a local construction company for the Pensacola Beach dune walkover project in the amount of $317,917. The project is expected to commence in January 2025, with substantial completion projected for March 2025.

NOTE 1: OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 11 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of September 30 measurement date prior to the fiscal year-end.

The schedule is intended to present ten years of data. Additional years of data will be presented as they become available.

The Authority has not presented a Schedule of Contributions since an actuarially determined contribution has not been calculated and there is no contractually or statutorily determined contribution applicable to the Authority.

NOTE 2: PENSION PLAN

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 10 to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

HIS: The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and a maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Santa Rosa Island AuthoritySanta Rosa Island Authority
Pensacola Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Santa Rosa Island Authority (hereinafter referred to as the "Authority"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated January 30, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, we identified a deficiency in internal control, described in the attached schedule of findings, as item 2024-01 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Authority's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Authority's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Santa Rosa Island Authority's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings
For the Year Ended September 30, 2024

Finding 2024-01: Federal and State Grant Receivables

Criteria: Rules 10.557(3)(i) and 10.556(3) of the Florida Auditor General, along with other rules and laws, require that the Authority's financial statements be in accordance with the GASB *Codification of Governmental Accounting and Financial Reporting Standards*. The statements should be prepared in accordance with generally accepted accounting principles (GAAP).

Condition: The Authority's accounting records did not include an accrual totaling $250,000 for a reimbursement from Escambia County related to an agreement for which the Authority had satisfied all requirements as of September 30, 2024. The funding was received in October 2024. The receivable and grant revenue should have been accrued at year-end in accordance with GAAP. In addition, a smaller amount of State grant assistance totaling approximately $13,000 should have been accrued.

Cause: The accrual of the grant amounts was overlooked as part of the Authority's financial close process.

Effect: The Authority's unadjusted receivable balances and non-operating revenue amounts were understated as of September 30, 2024.

Recommendation: The Authority should improve its year-end financial reporting procedures to ensure that all Federal, State and County grants and agreements are analyzed. Any year-end adjustments can be made as part of the process that currently involves an outside, third-party accounting firm.

Management's response: We have reviewed the results of the finding noted and concur with the issues identified. We have already started implementing improved procedures.

MANAGEMENT LETTER

To the Board of Directors and Chief Executive Officer
Santa Rosa Island AuthoritySanta Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Santa Rosa Island Authority ("Authority") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated January 30, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 30, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings or recommendations were made on the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor Authority's financial condition, and our financial condition assessment was based in part on representation made by management and review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. We recommend the Authority expense items less than its $1,000 capitalization threshold as well as those that do not significantly extend the useful life of an asset rather than capitalizing those items.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Santa Rosa Island Authority reported:

a. The total number of authority employees compensated in the last pay period of the authority's fiscal year as 13.
b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the authority's fiscal year as 50.
c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as $937,381.
d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as $45,247.
e. Each construction project with a total cost of at least $65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
    - Dune Walkover - $231,135
f. The Authority did not amend its final adopted budget under Section 189.016(6), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

We have examined Santa Rosa Island Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2024. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirement referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola Beach, Florida

Opinion

We have audited the accompanying financial statements of the business-type activities of Santa Rosa Island Authority, a component unit of Escambia County, Florida, (hereinafter referred to as "Authority"), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of September 30, 2025, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independence of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedules of Proportionate Share of Net Pension Liability, and Schedules of Contributions, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in

accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Schedule of Revenue and Expenses – Budget and Actual is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Operating Revenue and Expenses – Budget and Actual is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Revenues and Expenses – Budget and Actual is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 3, 2026, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

NOTE 1: ORGANIZATION

The Santa Rosa Island Authority ("Authority"), exists pursuant to the provisions of Chapter 24500, Laws of Florida, Special Acts of 1947, as amended. The Authority is the governing body of a portion of Santa Rosa Island and consists of five members appointed by the Board of County Commissioners of Escambia County, and one member elected by the leaseholders of Santa Rosa Island. The Authority has been constituted a body corporate and an agency of Escambia County and, accordingly, meets the criteria of a component unit and will be included in the Basic Financial Statements of Escambia County, Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Authority maintains its books and records under the accrual method of accounting. Under this method, revenue is recognized when earned rather than when received, and related expenses are recognized when they are incurred rather than when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority classifies fund equity into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of fund equity consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same fund equity component as the unspent proceeds.

Restricted – This component of fund equity consists of constraints placed on fund equity imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of fund equity consists of fund equity that does not meet the definition of "restricted" or "net investment in capital assets".

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Authority complies with generally accepted accounting principles (GAAP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenue of the Authority are lease fees and related charges. Operating expenses of the Authority include personal services, contractual and professional services, supplies, utilities, advertising and promotion, capital outlay, other expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Restricted Assets

Certain assets of the Authority are restricted for use by agreements with third parties; therefore, they are not available to be used at management's discretion. These restrictions include assets restricted by outside parties for beach renourishment and certain capital improvements as further discussed in Note 7.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

General Budget Policies

Prior to the beginning of each fiscal year, the Executive Director submits an operating budget to the Authority Board. The budget includes proposed expenses necessary for operation of the Authority and estimated revenue available to finance those expenses. Once approved by the Authority Board, the budget is submitted for approval by the Board of County Commissioners of Escambia County. The legal level of budgetary control is by total expenditures. Any amendments that alter total expenditures must be approved by the Authority Board and the Board of County Commissioners of Escambia County. All appropriations lapse at year end.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The budget is prepared on a basis that differs from generally accepted accounting principles as follows:

A. The budget does not include a provision for depreciation expense or for gain or loss from disposal of capital assets.

B. The budget includes a provision for capital outlay, which is not included in the results of operations under generally accepted accounting principles, except for certain non-capital items expensed by the Authority. These non-capital items include dredging, renourishment and improvements to property not owned by the Authority.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding investments in the Local Government Surplus Funds Trust Fund Investment Pool.

Capital Assets

Capital assets are defined by the Authority as assets with an initial/individual cost of more than $1,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Upon being placed into service, property, plant and equipment of the Authority are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: transportation equipment, maintenance equipment, office equipment and miscellaneous: 3 – 10 years; and buildings and shelters: 10 – 40 years.

Compensated Absences

It is the Authority's policy to permit employees to accumulate a limited amount of earned but unused annual leave and, for those employees who have achieved retirement age or are entitled under a negotiated contract, a limited amount of earned but unused sick leave. Accordingly, the Authority records an accrual for earned but unused annual leave and sick leave.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Lease Fees

Lease fees, including consideration fees, are generally recognized as income over the lease term as it becomes due according to the provisions of the lease. Lease fees received but not yet earned according to the provisions of the lease are recorded as deferred revenue. The Authority has agreed to bill certain lease fees quarterly or monthly even though the full amount is due at the beginning of the renewal year. Amounts due from year-end through the lease renewal date are reflected as unbilled receivables on the accompanying Statement of Net Position.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting in this category are the items related to the pension and OPEB amounts reported in the Statement of Net Position. The deferred outflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has four items, deferred revenue, deferred consideration fees, and pension and OPEB amounts, which qualify for reporting in this category. Deferred revenue and deferred consideration fees result from the collection of revenues in advance of the year for which they are due. The deferred inflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

Other Post-Employment Benefits

The Authority utilizes uniform reporting standards for other postemployment benefit (OPEB) expense and related liabilities, note disclosures, and required supplementary information (RSI) in annual financial reports of governmental entities. See Note 11 for a description of the OPEB expenses and liabilities.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, February 3, 2026. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements

GASB Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Authority implemented this statement in the current year. The implementation did not result in a restatement of beginning net position; however, additional accruals for short-term and long-term compensated absences were made at year-end.

NOTE 3: CASH AND INVESTMENTS

The Authority maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all of the Authority's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3).*

The Authority is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U.S. Treasury; the Local Government Surplus Funds Trust Fund as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

In accordance with GAAP, certificate of deposits are considered a nonparticipating interest-earning investment contract and is appropriately reported in the financial statements at cost. The following is a summary of the Authority's investments:

September 30,		**2025**	**Credit Risk**	**Maturities**
Certificate of deposit	$	612,168	not rated	03/20/26

NOTE 3: CASH AND INVESTMENTS (Continued)

Concentration risk – The Authority places no limit on the amount the Authority may invest in any one issuer.

Interest rate risk –The Authority does not have a formal policy for addressing interest rate risk; however, investments are made with discretion to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The Authority manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield rates.

Custodial credit risk – For an investment, custodial credit risk is the risk that the Authority will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Authority has no formal policy for custodial risk. None of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2025:

September 30,	2024	Additions	Transfers and Retirements	2025

NOTE 5: LONG-TERM LIABILITIES

The Authority has a compensated absence liability for unpaid leave.

Changes in long-term liabilities were as follows:

September 30,	2024	Additions	Reductions	2025	Amount Due Within One Year
Compensated absences	$ 138,248	$ 122,118	$ 59	$ 260,307	$ 21,534
	$ 138,248	$ 122,118	$ 59	$ 260,307	$ 21,534

NOTE 6: LEASING ACTIVITIES

Substantially all of the Authority's revenue is derived from leasing activities. The Authority leases the land of Santa Rosa Island to residents and businesses on the Island but does not convey ownership. The Authority's policy is to report all leases as operating leases since the land of the island is not recorded as an asset on the financial statements and the leases do not meet the criteria of a capital lease.

Most residential and many commercial leases are for a period of 99 years. Many of these 99-year leases have options to renew for another 99-year term. Some leases, particularly those for restaurants and concessions, are generally for a shorter period. Each lease provides that any construction on the premises must be performed within an established length of time, and detailed plans and specifications must be approved by the Authority before a building permit is issued. Failure to pay any rentals due or failure to comply with any other covenants of the lease constitutes a violation under the terms of the lease and the Authority may repossess the land and the improvements after required notice if the lessee fails to correct the default.

Certain leases have a provision that allows for an increase in minimum lease fees every five years in proportion to the consumer price index (CPI). In 2021, the Authority's Board approved a total increase of 7.7% for the lease years from 2021 – 2025. The Authority implemented increases of 1.7% in 2022 and 2% in 2023 - 2025. Subsequent to year end, the Authority's board voted not to implement a CPI increase for 2026.

In 2015, the Authority's Board approved a lease fee reduction policy to reduce all residential and commercial lease fees by 50% effective October 1, 2015. This reduction was approved in connection with Escambia County assuming responsibility for the public works and public safety departments on Santa Rosa Island. During the current year, the Board modified the lease fee reduction policy, effective October 1, 2025, to reduce all residential and commercial lease fees by establishing a collection rate of only 75% of the fees due.

NOTE 6: LEASING ACTIVITIES (Continued)

The resulting increase in lease fees is expected to be utilized to reimburse the County for all costs incurred for the provision of fire protection services. The policy is further contingent upon the County continuing to operate a fire station on Santa Rosa Island to provide full-time fire protection services and the County adopting a resolution to eliminate the apportionment of costs (fire assessment) for the provision of fire protection services on Pensacola Beach.

The following is a schedule of estimated future minimum rentals to be received under these leases for the periods ending September 30.

2026	$ 2,957,453
2027	2,957,453
2028	2,957,453
2029	2,957,453
2030	2,957,453

The following is a schedule of the number of residential and commercial leaseholders as of:

September 30,	2025
Residential	3,889
Commerical	172

NOTE 7: RESTRICTED NET POSITION

Restricted net position is comprised of two primary components: Portofino island improvement funds and certain claim proceeds related to the BP oil spill. The Portofino restricted funds are derived from a portion of the Portofino lease and must be used for future Island improvements. As of September 30, 2025, the restricted Portofino funds equal $2,101,673.

In addition, the Authority also considers certain funds received from BP in prior years relating to the Deepwater Horizon Oil Spill as restricted for the restoration of the Quietwater Beach area. These amounts total $175,379 at September 30, 2025.

The Authority also has certain funds set aside for maintaining Sabine Park and Morgan Park, including paying mitigation expenses. The other restricted balances totaled $38,888 and $34,553 at September 30, 2025 for Sabine Park and Morgan Park, respectively.

In addition to restricted net position, the Authority has also designated certain unrestricted net asset amounts for future contingencies and beach renourishment. These amounts total $9,221,089 as of September 30, 2025 and are included in unrestricted net position on the accompanying Statement of Net Position. At September 30, 2025, the Authority's unrestricted, undesignated net position totals approximately $5.6 million.

NOTE 8: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority has established a self-insurance program to cover its risk of loss related to general liability claims and natural disasters. As of September 30, 2025, the Authority has set aside $1,121,089 in contingency funds to cover any claims that may be filed or other emergencies for which cash flow, particularly in off-seasons, might not be sufficient to cover. This amount is included in the designated net position amount identified in Note 7.

The sovereign immunity limits of the State of Florida restrict general liability claims to $100,000. General liability claims above $100,000 would have to be approved by the State Legislature. The Authority participates in the Escambia County self-insurance program to cover its risks of loss related to workers' compensation claims. The Authority pays an annual premium to the program for its coverage. Details of this self-insurance program can be found in the Escambia County, Florida Comprehensive Annual Financial Report. The Authority continues to carry commercial insurance for risks of loss, including property insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: FEDERAL AND STATE GRANT PROJECTS

The Authority has entered into various grant agreements with the Federal Emergency Management Agency to fund the elevation of certain properties on Santa Rosa Island. The total of the award agreements approximates $2.4 million. During 2025, the Authority did not incur any expenses related to this program. Progress on the project for the final impacted property related to is pending resolution of disagreements between the homeowner and contractor. No revenue or expenses was recognized in the current year related to this transaction.

The Authority has been awarded grant funds from the State of Florida for beach re-nourishment and restoration. The original maximum amount to be received under the three grants totaled $515,000. During the year ended September 30, 2025, one of the grants was amended for an additional $15.195 million. The grants require a total match of approximately $15.6 million. During 2025, the Authority incurred approximately $267,000 of expenses related to this program, of which 50% was paid back to the Authority by the State.

Revenue recognized under these federal and state grants totaled $149,588 for the year ended September 30, 2025.

NOTE 10: PENSION PLAN

Essentially all regular employees of the Authority are covered by the Florida Retirement System Pension Plan and Retiree Health Insurance Subsidy Program.

Plan Descriptions, Membership and Plan Benefits, and Contribution Requirements

Plan Descriptions

The Florida Retirement System (FRS) is a cost-sharing, multiple-employer retirement system. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS, HIS, and INV are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS, HIS, and INV financial information is included in the Florida Retirement System (System) Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The System ACFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

NOTE 10: PENSION PLAN (Continued)

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the Authority, including regular class, senior management and DROP. Employees enrolled in the FRS prior to July 1, 2011, vest at six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service and are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS also includes an early retirement provision but imposes a penalty for each year a member retires before the normal retirement date. Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS plan. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $7.50. The minimum payment is $45 and the maximum payment is $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

NOTE 10: PENSION PLAN (Continued)

Contribution Requirements

Employer contributions rates are actuarially recommended but set, and may be amended, by the Florida Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

	Employee Required Contribution	Employer Required Contribution	Total Required Contribution
Regular employees:			
October 1, 2024 through June 30, 2025	3.00%	13.63%	16.63%
July 1, 2025 through September 30, 2025	3.00%	14.03%	17.03%
Employees in the Deferred Retirement Option Program (DROP):			
October 1, 2024 through June 30, 2025	n/a	21.13%	21.13%
July 1, 2025 through September 30, 2025	n/a	22.02%	22.02%
Senior Management Service Class (SMSC):			
October 1, 2024 through June 30, 2025	3.00%	34.52%	37.52%
July 1, 2025 through September 30, 2025	3.00%	33.24%	36.24%

Employer rates include 2% for the HIS program. In addition, regular employees are required to contribute an amount equal to 3% of their salary as retirement contributions. Members participating in the DROP are not required to make 3% contributions. The Authority's contributions to the Plan totaled $163,396 for the year ended September 30, 2025.

FRS and HIS Significant Assumptions and Rate of Return

Basis of Accounting

Information about the FRS and HIS assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position can be found in the System ACFR. The System ACFR is available online or can be obtained as mentioned previously The FRS and HIS fiduciary net position and additions to/deductions from the fiduciary net position have been determined based on the System's records, which utilize the flow of economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable. Investments are reported at fair value. Contributions are recognized as revenue when due, pursuant to statutory and contractual requirements. There have been no significant changes since the publication of the System ACFR.

NOTE 10: PENSION PLAN (Continued)

Actuarial Methods and Assumptions

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2025 for the period July 1, 2018, through June 30, 2023. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.50%. Both the discount rate and long-term expected rate of return used for FRS investments is 6.7%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 5.20% was used to determine its total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table (refer to the valuation reports for more information).

As of June 30, 2025, the municipal rate used by HIS increased from 3.93 percent to 5.20 percent.

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2025 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns but instead are based on a forward-looking capital market economic model.

NOTE 10: PENSION PLAN (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.2%
Fixed Income	29.00%	5.5%
Global Equity	45.00%	8.5%
Real Estate (Property)	12.00%	8.4%
Private Equity	11.00%	12.4%
Strategic Investments	2.00%	6.5%
Total	100.00%	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan or assumed asset allocation.

District's Share of Net Pension Liability

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS net pension liability (NPL), deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2025. The underlying financial information used to prepare the pension allocation schedules is based on the same basis as mentioned previously.

At September 30, 2025, the Authority reported a liability of $859,362 for its proportionate share of the net pension liability of the FRS and HIS. The net pension liability was measured as of June 30, 2025, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2025.

The Authority's proportionate share was calculated using the retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2025. The aggregate employer contribution amounts for the fiscal year ended June 30, 2025, in the pension allocation schedules agree to the total employer contribution amounts reported in the System ACFR.

For the year ended September 30, 2025, the Authority recognized pension expense of $38,867 related to the FRS and $10,348 related to the HIS.

NOTE 10: PENSION PLAN (Continued)

At September 30, 2025, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2025				
	FRS		HIS	
Description	Def Outflows	Def Inflows	Def Outflows	Def Inflows
Differences between expected and actual experience	$ 62,014	$ -	$ 1,664	$ 442
Changes of assumptions	67,423	-	2,467	67,425
Net difference between projected and actual investment earnings	-	96,937	-	232
Changes in proportion	102,621	62,279	16,937	4,212
Authority contributions subsequent to the measurement date	29,790	-	5,204	-
Total	$ 261,848	$ 159,216	$ 26,272	$ 72,311

Deferred outflows of resources of $34,994 are reported by the Authority for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025. Deferred outflows of resources of $40,123 for the year ended September 30, 2024, were recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025.

Other amounts reported as deferred outflows of resources and inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ending September 30,	FRS	HIS	Net
2025	$ 99,085	$ (11,092)	$ 87,993
2026	(14,100)	(14,110)	(28,210)
2027	(7,706)	(11,454)	(19,160)
2028	(4,437)	(8,981)	(13,418)
2029	-	(5,606)	(5,606)
Thereafter	-	-	-

NOTE 10: PENSION PLAN (Continued)

The following table presents information on the Authority's proportionate share of the FRS and HIS.

	FRS	HIS	Total
Proportionate Share of Net Pension:			
September 30, 2025	$ 580,602	$ 278,760	$ 859,362
Authority's proportion at September 30, 2025	0.001871%	0.002175%	

Discount Rate Sensitivity Analysis

The following tables demonstrate the sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact if the discount rate was 1 percent higher or 1 percent lower than the current discount rate at September 30, 2025.

FRS Net Pension Liability			HIS Net Pension Liability		
	Current			Current	
1% Decrease	Discount Rate	1% Increase	1% Decrease	Discount Rate	1% Increase

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS

Plan Description: The Authority participates in the benefit plans and programs of Escambia County, Florida (the "County"). Pursuant to Section 112.0801 Florida Statutes, the Authority is required to provide eligible retirees (as defined in the County's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees. Eligible retirees must be drawing an immediate benefit from their respective pension plan and be enrolled in medical coverage prior to retirement. Surviving spouses of participants are allowed access to the Plan but must pay the full premium. Benefit provisions for the Plan were established by the County's Board of Directors and may only be amended by the County's Board of Directors. The County does not issue stand-alone financial statements for this Plan. All financial information related to the Plan is accounted for in the County's basic financial statements.

Funding Policy: The Authority is funding the post employee benefits on a pay-as-you-go basis. Contribution rates for the Plan are established by the County annually. For the fiscal year ended September 30, 2025, the Authority actuarily contributed approximately $3,500. Blended premium rates for active and retired employees combined provide an implicit subsidy for retirees because on actual basis, their current and future claims are expected to result in higher costs to the Plan than those of active employees. The current year contribution represents an estimate of this implied subsidy.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

Plan Membership: At October 1, 2025, OPEB membership consisted of the following:

	SRIA
Inactive members currently receiving benefits	12
Active members	7
Total	19

The Authority's covered payroll constituted approximately 0.75%, for the year ended September 30, 2025 of the total payroll costs for all entities included in the actuarial calculation. Accordingly, the County has allocated approximately 0.75% of the actuarially calculated amounts to the Authority in fiscal year 2025.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the September 30, 2025 actuarial assumptions and other inputs, applied to all period in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.40 percent to 7.80 percent, including inflation
Discount rate	3.81 percent
Health care cost trend rates	Getzen Model, with trend starting at 6.25% (0% for premiums to reflect actual increase)and gradually decreasing to an ultimate trend rate of 4.00%.

The discount rate was based on an index rate for 20-year tax-exempt general obligation municipal bonds with an average AA credit rating or higher.

Mortality rates were taken from adjusted Pub-2010 mortality tables published by the Society of Actuaries with generational mortality improvements using Scale MP-2018. They are based on the results of a stateside experience study covering the period 2013 through 2018.

At September 30, 2025, the Authority reported a net OPEB liability of $91,929. The GASB 75 information has been provided as of the September 30, 2023, measurement date.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The change in net OPEB liability for the year ended September 30, 2025 is as follows:

	Increase (Decrease) Net OPEB Liability
Balance as of September 30, 2024	$ 85,045
Changes for the year:	
Service cost	2,843
Interest	2,796
Changes in assumptions	4,722
Benefit payments	(3,477)
Net Change in OPEB	6,884
Balance as of September 30, 2025	$ 91,929

Changes in assumptions and other inputs reflect a change in the discount rate from 4.63% as of September 30, 2024 to 3.81% as of September 30, 2025. The methods, assumptions, and participant data used are detailed in the actuarial valuation report the fiscal year ended September 30, 2025. These calculations are based in the Entry Age Normal cost method required by GASB 75.

Sensitivity of the Net OPEB Liability: The following table represents the Authority's total and net OPEB liability calculated using the discount rate of 3.81%, as well as what the Authority's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.81%) or one percentage point higher (4.81%) than the current rate:

	1% Decrease (2.81%)	Discount Rate (3.81%)	1% Increase (4.81%)
Net OPEB liability	$ 100,290	$ 91,929	$ 83,434

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The following table represents the Authority's total and net OPEB liability calculated using the health care cost trend rate of 6.25% decreasing to 4.00%, as well as what the Authority's net OPEB liability would be if it were calculated using a health care cost trend rate that is one percentage point lower (5.00% decreasing to 3.00%) or one percentage point higher (7.00% decreasing to 5.00%) than the current rate:

	1% Decrease (5.25% decreasing to 3.00%)	Healthcare Cost Trend (6.25% decreasing to 4.00%)	1% Increase (7.25% decreasing to 5.00%)
Net OPEB liability	$ 86,424	$ 91,929	$ 98,479

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended September 30, 2025, the Authority recognized OPEB benefit of $2,000.

In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 14,415
Changes in assumptions and other inputs	11,525	21,962
Estimated benefits paid after the measurement date	3,396	-
Total	$ 14,921	$ 36,377

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The deferred outflows of resources related to OPEB, totaling $3,396, which result from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ending September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in the expense as follows:

Fiscal Year Ending September 30,	
2026	$ (5,174)
2027	(4,002)
2028	(4,059)
2029	(4,078)
2030	(4,733)
Thereafter	(2,806)

NOTE 12: RELATED PARTY TRANSACTIONS

The Authority reimburses Escambia County for Pensacola Beach trolley services, which totaled $232,470 for the year ended September 30, 2025. In addition, the Authority pays Escambia County for its employees' workers' compensation insurance and health and life insurance. During the year ended September 30, 2025, the Authority expended $1,686 for workers' compensation insurance and $164,833 for health and life insurance. The Authority also reimbursed the County $206,000 for fire and rescue services during the year ended September 30, 2025. There were no amounts due to the County at September 30, 2025.

NOTE 13: COMMITMENTS AND CONTINGENCIES

Grants Contingencies

The Authority has received federal and state financial assistance for costs related to capital improvements and disaster assistance on Santa Rosa Island. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Authority. In the opinion of management, any such claims should not have a material adverse effect on the financial statements.

NOTE 13: COMMITMENTS AND CONTINGENCIES (Continued)

Windstorm

The insurance policy for windstorm coverage includes a deductible amount for named hurricane storms estimated at approximately $64,000. In addition, the Authority's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Authority may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

Litigation

The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. In the opinion of management, the ultimate liability, if any, resulting from such litigation will not materially affect the financial position or results of operations of the Authority.

NOTE 1: OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 11 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of September 30 measurement date prior to the fiscal year-end.

The schedule is intended to present ten years of data. Additional years of data will be presented as they become available.

The Authority has not presented a Schedule of Contributions since an actuarially determined contribution has not been calculated and there is no contractually or statutorily determined contribution applicable to the Authority.

NOTE 2: PENSION PLAN

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 10 to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

HIS: The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and a maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Santa Rosa Island Authority
Pensacola Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Santa Rosa Island Authority (hereinafter referred to as the "Authority"), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 3, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a deficiency in internal control, described in the accompanying schedule of findings as item 2025-01 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Santa Rosa Island Authority's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Authority's response to the findings identified in our audit and described in the accompanying schedule of findings. The Authority's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings
For the Year Ended September 30, 2025

Finding 2025-01: Completeness of Cash and Bank Accounts

Criteria: Rules of the Florida Auditor General (Chapter 10.550, Rules of the Auditor General) and generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB) require governments to maintain complete and accurate accounting records and adequate internal control over cash and other assets, including the recording and reconciliation of all bank accounts owned or controlled by the government. GASB standards require that cash and cash equivalents include all funds on deposit in financial institutions under the government's control, that cash receipts be recognized when received, and that transfers between bank accounts be recorded as transfers between cash accounts rather than through accounts receivable or revenue. These requirements are intended to ensure the completeness, accuracy, and transparency of financial reporting and the safeguarding of public funds.

Condition: During our audit, we noted that the Authority established a new Synovus bank account in February 2025 to facilitate online lease payments ("Online Synovus Account"). Lease payments received through the online payment platform are automatically deposited into this account. At various times, generally around mid-month, management transfers the accumulated balance from the Online Synovus Account to the Authority's primary Operating Synovus account.

We noted that the Online Synovus Account is not recorded in the Authority's general ledger. Additionally, cash receipts are recorded by debiting accounts receivable and crediting lease revenue when payments are received, and the subsequent transfer of funds from the Online Synovus Account to the Operating account is recorded as a reduction of accounts receivable rather than as a transfer between cash accounts.

Cause: The Authority implemented the new online payment system and the related bank account, but does not appear to have formal procedures to ensure new bank accounts are added to the accounting system and integrated into established cash receipt and reconciliation processes.

Effect: Although the net activity of the bank account is recorded as an outstanding deposit in the main account, the bank account balance is not separately reflected in the Authority's books and records. A clear and complete presentation of cash receipts and cash transfers is not present in the accounting records, increasing the risk of misstatement and reducing the effectiveness of internal controls over cash.

Recommendation: We recommend management record the Online Synovus Account in the general ledger as a separate cash account, record online lease payments as cash receipts when deposited into the Online Synovus Account (with a corresponding reduction of accounts receivable), and record transfers from the Online Synovus Account to the Operating Synovus Account as transfers between cash accounts, rather than as reductions of accounts receivable.

Management's response: We have reviewed the results of the finding noted and concur with the issues identified. We have already started implementing improved procedures.

MANAGEMENT LETTER

To the Board of Directors and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Santa Rosa Island Authority ("Authority") as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated February 3, 2026

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 3, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor Authority's financial condition, and our financial condition assessment was based in part on representation made by management and review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the Authority did not operate a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes within the Authority's geographical boundaries during the fiscal year under audit.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Santa Rosa Island Authority reported:

a. The total number of Authority employees compensated in the last pay period of the Authority's fiscal year as 13.
b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the authority's fiscal year as 16.
c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as $1,124,445.
d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as $236,530.
e. Each construction project with a total cost of at least $65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
    - 2026 Pensacola Beach Nourishment Project - $34 million
f. The Authority did not amend its final adopted budget under Section 189.016(6), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

We have examined Santa Rosa Island Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2025. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirement referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2025.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

EXECUTIVE SUMMARY

- The 2025 Blue Angels Air Show attracted **124,000 unique attendees**[1], 61,000 out-of-county attendees and 63,000 locals.
- **49%** of attendees were out-of-county visitors.
- Out-of-county visitors spent **$20,615,900**[2] in the Pensacola area during this event, generating **$31,542,400 in economic impact**[3].
- Out-of-county visitors who attended the 2025 Blue Angels Air Show generated **31,900 nights in paid accommodations** in the Pensacola area.
- The typical out-of-county attendee traveled in parties of **3.1 people** with an average length of stay of **2.1 nights**.
- **63% of out-of-county visitors** chose to stay overnight in **paid accommodations** while attending this event, staying an average of **3.7 nights**.
- **59%** of out-of-county visitors said this event was their main reason for coming to the area.
- On average, out-of-county visitor travel parties spent **$1,050** in the area while attending this event.

[1] The 2025 Blue Angels Air Show estimated attendance was 206,500. Downs & St. Germain Research determined that there were 124,000 unique attendees. "Unique" attendees are visitors who may attend more than one day of the event and is based on the total event attendee estimate divided by the average days of attendance. Economic Impact is calculated based on "unique" visitors rather than the full attendance estimate.
[2] Spending by **out-of-county visitors** on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.
[3] Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars. Local spending does not affect total economic impact.

ECONOMIC IMPACT METRICS

	2024	2025
Total Unique Attendees	129,200	124,000
Unique Out-of-Town Attendees	71,400	61,000
Unique Locals	57,800	63,000
Economic Impact[1]	$30,006,100	$31,542,400
Direct Spending[2]	$19,484,500	$20,615,900
Local Spending[3]	$2,562,000	$2,812,500
Room Nights	31,800	31,900

[1] Including indirect and induced effects of direct spending. Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars. Downs & St. Germain Research uses IMPLAN economic modeling to calculate the multiplier on direct expenditure data. Pensacola's multiplier is 1.53.

[2] For accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.

[3] Locals are defined as Escambia County residents.
Spending by locals does NOT directly affect economic impact.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)
Santa Rosa Island Authority

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) Govt

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

INDEPENDENT AUDITOR'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola Beach, Florida

Opinion

We have audited the accompanying financial statements of the business-type activities of Santa Rosa Island Authority, a component unit of Escambia County, Florida, (hereinafter referred to as "Authority"), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of September 30, 2025, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independence of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedules of Proportionate Share of Net Pension Liability, and Schedules of Contributions, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in

accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Schedule of Revenue and Expenses – Budget and Actual is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Operating Revenue and Expenses – Budget and Actual is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Revenues and Expenses – Budget and Actual is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 3, 2026, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

NOTE 1: ORGANIZATION

The Santa Rosa Island Authority ("Authority"), exists pursuant to the provisions of Chapter 24500, Laws of Florida, Special Acts of 1947, as amended. The Authority is the governing body of a portion of Santa Rosa Island and consists of five members appointed by the Board of County Commissioners of Escambia County, and one member elected by the leaseholders of Santa Rosa Island. The Authority has been constituted a body corporate and an agency of Escambia County and, accordingly, meets the criteria of a component unit and will be included in the Basic Financial Statements of Escambia County, Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Authority maintains its books and records under the accrual method of accounting. Under this method, revenue is recognized when earned rather than when received, and related expenses are recognized when they are incurred rather than when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority classifies fund equity into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of fund equity consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same fund equity component as the unspent proceeds.

Restricted – This component of fund equity consists of constraints placed on fund equity imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of fund equity consists of fund equity that does not meet the definition of "restricted" or "net investment in capital assets".

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Authority complies with generally accepted accounting principles (GAAP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenue of the Authority are lease fees and related charges. Operating expenses of the Authority include personal services, contractual and professional services, supplies, utilities, advertising and promotion, capital outlay, other expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Restricted Assets

Certain assets of the Authority are restricted for use by agreements with third parties; therefore, they are not available to be used at management's discretion. These restrictions include assets restricted by outside parties for beach renourishment and certain capital improvements as further discussed in Note 7.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

General Budget Policies

Prior to the beginning of each fiscal year, the Executive Director submits an operating budget to the Authority Board. The budget includes proposed expenses necessary for operation of the Authority and estimated revenue available to finance those expenses. Once approved by the Authority Board, the budget is submitted for approval by the Board of County Commissioners of Escambia County. The legal level of budgetary control is by total expenditures. Any amendments that alter total expenditures must be approved by the Authority Board and the Board of County Commissioners of Escambia County. All appropriations lapse at year end.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The budget is prepared on a basis that differs from generally accepted accounting principles as follows:

A. The budget does not include a provision for depreciation expense or for gain or loss from disposal of capital assets.

B. The budget includes a provision for capital outlay, which is not included in the results of operations under generally accepted accounting principles, except for certain non-capital items expensed by the Authority. These non-capital items include dredging, renourishment and improvements to property not owned by the Authority.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding investments in the Local Government Surplus Funds Trust Fund Investment Pool.

Capital Assets

Capital assets are defined by the Authority as assets with an initial/individual cost of more than $1,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Upon being placed into service, property, plant and equipment of the Authority are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: transportation equipment, maintenance equipment, office equipment and miscellaneous: 3 – 10 years; and buildings and shelters: 10 – 40 years.

Compensated Absences

It is the Authority's policy to permit employees to accumulate a limited amount of earned but unused annual leave and, for those employees who have achieved retirement age or are entitled under a negotiated contract, a limited amount of earned but unused sick leave. Accordingly, the Authority records an accrual for earned but unused annual leave and sick leave.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Lease Fees

Lease fees, including consideration fees, are generally recognized as income over the lease term as it becomes due according to the provisions of the lease. Lease fees received but not yet earned according to the provisions of the lease are recorded as deferred revenue. The Authority has agreed to bill certain lease fees quarterly or monthly even though the full amount is due at the beginning of the renewal year. Amounts due from year-end through the lease renewal date are reflected as unbilled receivables on the accompanying Statement of Net Position.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting in this category are the items related to the pension and OPEB amounts reported in the Statement of Net Position. The deferred outflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has four items, deferred revenue, deferred consideration fees, and pension and OPEB amounts, which qualify for reporting in this category. Deferred revenue and deferred consideration fees result from the collection of revenues in advance of the year for which they are due. The deferred inflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

Other Post-Employment Benefits

The Authority utilizes uniform reporting standards for other postemployment benefit (OPEB) expense and related liabilities, note disclosures, and required supplementary information (RSI) in annual financial reports of governmental entities. See Note 11 for a description of the OPEB expenses and liabilities.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, February 3, 2026. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements

GASB Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Authority implemented this statement in the current year. The implementation did not result in a restatement of beginning net position; however, additional accruals for short-term and long-term compensated absences were made at year-end.

NOTE 3: CASH AND INVESTMENTS

The Authority maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all of the Authority's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3).*

The Authority is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U.S. Treasury; the Local Government Surplus Funds Trust Fund as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

In accordance with GAAP, certificate of deposits are considered a nonparticipating interest-earning investment contract and is appropriately reported in the financial statements at cost. The following is a summary of the Authority's investments:

September 30,		**2025**	**Credit Risk**	**Maturities**
Certificate of deposit	$	612,168	not rated	03/20/26

NOTE 3: CASH AND INVESTMENTS (Continued)

Concentration risk – The Authority places no limit on the amount the Authority may invest in any one issuer.

Interest rate risk –The Authority does not have a formal policy for addressing interest rate risk; however, investments are made with discretion to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The Authority manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield rates.

Custodial credit risk – For an investment, custodial credit risk is the risk that the Authority will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Authority has no formal policy for custodial risk. None of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2025:

NOTE 5: LONG-TERM LIABILITIES

The Authority has a compensated absence liability for unpaid leave.

Changes in long-term liabilities were as follows:

September 30,	2024	Additions	Reductions	2025	Amount Due Within One Year
Compensated absences	$ 138,248	$ 122,118	$ 59	$ 260,307	$ 21,534
	$ 138,248	$ 122,118	$ 59	$ 260,307	$ 21,534

NOTE 6: LEASING ACTIVITIES

Substantially all of the Authority's revenue is derived from leasing activities. The Authority leases the land of Santa Rosa Island to residents and businesses on the Island but does not convey ownership. The Authority's policy is to report all leases as operating leases since the land of the island is not recorded as an asset on the financial statements and the leases do not meet the criteria of a capital lease.

Most residential and many commercial leases are for a period of 99 years. Many of these 99-year leases have options to renew for another 99-year term. Some leases, particularly those for restaurants and concessions, are generally for a shorter period. Each lease provides that any construction on the premises must be performed within an established length of time, and detailed plans and specifications must be approved by the Authority before a building permit is issued. Failure to pay any rentals due or failure to comply with any other covenants of the lease constitutes a violation under the terms of the lease and the Authority may repossess the land and the improvements after required notice if the lessee fails to correct the default.

Certain leases have a provision that allows for an increase in minimum lease fees every five years in proportion to the consumer price index (CPI). In 2021, the Authority's Board approved a total increase of 7.7% for the lease years from 2021 – 2025. The Authority implemented increases of 1.7% in 2022 and 2% in 2023 - 2025. Subsequent to year end, the Authority's board voted not to implement a CPI increase for 2026.

In 2015, the Authority's Board approved a lease fee reduction policy to reduce all residential and commercial lease fees by 50% effective October 1, 2015. This reduction was approved in connection with Escambia County assuming responsibility for the public works and public safety departments on Santa Rosa Island. During the current year, the Board modified the lease fee reduction policy, effective October 1, 2025, to reduce all residential and commercial lease fees by establishing a collection rate of only 75% of the fees due.

NOTE 6: LEASING ACTIVITIES (Continued)

The resulting increase in lease fees is expected to be utilized to reimburse the County for all costs incurred for the provision of fire protection services. The policy is further contingent upon the County continuing to operate a fire station on Santa Rosa Island to provide full-time fire protection services and the County adopting a resolution to eliminate the apportionment of costs (fire assessment) for the provision of fire protection services on Pensacola Beach.

The following is a schedule of estimated future minimum rentals to be received under these leases for the periods ending September 30.

2026	$ 2,957,453
2027	2,957,453
2028	2,957,453
2029	2,957,453
2030	2,957,453

The following is a schedule of the number of residential and commercial leaseholders as of:

September 30,	2025
Residential	3,889
Commerical	172

NOTE 7: RESTRICTED NET POSITION

Restricted net position is comprised of two primary components: Portofino island improvement funds and certain claim proceeds related to the BP oil spill. The Portofino restricted funds are derived from a portion of the Portofino lease and must be used for future Island improvements. As of September 30, 2025, the restricted Portofino funds equal $2,101,673.

In addition, the Authority also considers certain funds received from BP in prior years relating to the Deepwater Horizon Oil Spill as restricted for the restoration of the Quietwater Beach area. These amounts total $175,379 at September 30, 2025.

The Authority also has certain funds set aside for maintaining Sabine Park and Morgan Park, including paying mitigation expenses. The other restricted balances totaled $38,888 and $34,553 at September 30, 2025 for Sabine Park and Morgan Park, respectively.

In addition to restricted net position, the Authority has also designated certain unrestricted net asset amounts for future contingencies and beach renourishment. These amounts total $9,221,089 as of September 30, 2025 and are included in unrestricted net position on the accompanying Statement of Net Position. At September 30, 2025, the Authority's unrestricted, undesignated net position totals approximately $5.6 million.

NOTE 8: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority has established a self-insurance program to cover its risk of loss related to general liability claims and natural disasters. As of September 30, 2025, the Authority has set aside $1,121,089 in contingency funds to cover any claims that may be filed or other emergencies for which cash flow, particularly in off-seasons, might not be sufficient to cover. This amount is included in the designated net position amount identified in Note 7.

The sovereign immunity limits of the State of Florida restrict general liability claims to $100,000. General liability claims above $100,000 would have to be approved by the State Legislature. The Authority participates in the Escambia County self-insurance program to cover its risks of loss related to workers' compensation claims. The Authority pays an annual premium to the program for its coverage. Details of this self-insurance program can be found in the Escambia County, Florida Comprehensive Annual Financial Report. The Authority continues to carry commercial insurance for risks of loss, including property insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: FEDERAL AND STATE GRANT PROJECTS

The Authority has entered into various grant agreements with the Federal Emergency Management Agency to fund the elevation of certain properties on Santa Rosa Island. The total of the award agreements approximates $2.4 million. During 2025, the Authority did not incur any expenses related to this program. Progress on the project for the final impacted property related to is pending resolution of disagreements between the homeowner and contractor. No revenue or expenses was recognized in the current year related to this transaction.

The Authority has been awarded grant funds from the State of Florida for beach re-nourishment and restoration. The original maximum amount to be received under the three grants totaled $515,000. During the year ended September 30, 2025, one of the grants was amended for an additional $15.195 million. The grants require a total match of approximately $15.6 million. During 2025, the Authority incurred approximately $267,000 of expenses related to this program, of which 50% was paid back to the Authority by the State.

Revenue recognized under these federal and state grants totaled $149,588 for the year ended September 30, 2025.

NOTE 10: PENSION PLAN

Essentially all regular employees of the Authority are covered by the Florida Retirement System Pension Plan and Retiree Health Insurance Subsidy Program.

Plan Descriptions, Membership and Plan Benefits, and Contribution Requirements

Plan Descriptions

The Florida Retirement System (FRS) is a cost-sharing, multiple-employer retirement system. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS, HIS, and INV are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS, HIS, and INV financial information is included in the Florida Retirement System (System) Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

NOTE 10: PENSION PLAN (Continued)

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the Authority, including regular class, senior management and DROP. Employees enrolled in the FRS prior to July 1, 2011, vest at six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service and are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS also includes an early retirement provision but imposes a penalty for each year a member retires before the normal retirement date. Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS plan. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $7.50. The minimum payment is $45 and the maximum payment is $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

NOTE 10: PENSION PLAN (Continued)

Contribution Requirements

Employer contributions rates are actuarially recommended but set, and may be amended, by the Florida Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

	Employee Required Contribution	Employer Required Contribution	Total Required Contribution
Regular employees:			
October 1, 2024 through June 30, 2025	3.00%	13.63%	16.63%
July 1, 2025 through September 30, 2025	3.00%	14.03%	17.03%
Employees in the Deferred Retirement Option Program (DROP):			
October 1, 2024 through June 30, 2025	n/a	21.13%	21.13%
July 1, 2025 through September 30, 2025	n/a	22.02%	22.02%
Senior Management Service Class (SMSC):			
October 1, 2024 through June 30, 2025	3.00%	34.52%	37.52%
July 1, 2025 through September 30, 2025	3.00%	33.24%	36.24%

Employer rates include 2% for the HIS program. In addition, regular employees are required to contribute an amount equal to 3% of their salary as retirement contributions. Members participating in the DROP are not required to make 3% contributions. The Authority's contributions to the Plan totaled $163,396 for the year ended September 30, 2025.

FRS and HIS Significant Assumptions and Rate of Return

Basis of Accounting

Information about the FRS and HIS assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position can be found in the System ACFR. The System ACFR is available online or can be obtained as mentioned previously The FRS and HIS fiduciary net position and additions to/deductions from the fiduciary net position have been determined based on the System's records, which utilize the flow of economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable. Investments are reported at fair value. Contributions are recognized as revenue when due, pursuant to statutory and contractual requirements. There have been no significant changes since the publication of the System ACFR.

NOTE 10: PENSION PLAN (Continued)

Actuarial Methods and Assumptions

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2025 for the period July 1, 2018, through June 30, 2023. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.50%. Both the discount rate and long-term expected rate of return used for FRS investments is 6.7%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 5.20% was used to determine its total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table (refer to the valuation reports for more information).

As of June 30, 2025, the municipal rate used by HIS increased from 3.93 percent to 5.20 percent.

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2025 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns but instead are based on a forward-looking capital market economic model.

NOTE 10: PENSION PLAN (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.2%
Fixed Income	29.00%	5.5%
Global Equity	45.00%	8.5%
Real Estate (Property)	12.00%	8.4%
Private Equity	11.00%	12.4%
Strategic Investments	2.00%	6.5%
Total	100.00%	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan or assumed asset allocation.

District's Share of Net Pension Liability

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS net pension liability (NPL), deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2025. The underlying financial information used to prepare the pension allocation schedules is based on the same basis as mentioned previously.

At September 30, 2025, the Authority reported a liability of $859,362 for its proportionate share of the net pension liability of the FRS and HIS. The net pension liability was measured as of June 30, 2025, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2025.

The Authority's proportionate share was calculated using the retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2025. The aggregate employer contribution amounts for the fiscal year ended June 30, 2025, in the pension allocation schedules agree to the total employer contribution amounts reported in the System ACFR.

For the year ended September 30, 2025, the Authority recognized pension expense of $38,867 related to the FRS and $10,348 related to the HIS.

NOTE 10: PENSION PLAN (Continued)

At September 30, 2025, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2025				
	FRS		HIS	
Description	Def Outflows	Def Inflows	Def Outflows	Def Inflows
Differences between expected and actual experience	$ 62,014	$ -	$ 1,664	$ 442

Total	$ 261,848	$ 159,216	$ 26,272	$ 72,311

Deferred outflows of resources of $34,994 are reported by the Authority for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025. Deferred outflows of resources of $40,123 for the year ended September 30, 2024, were recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025.

Other amounts reported as deferred outflows of resources and inflows of resources related to pensions will be recognized as pension expense as follows:

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS

Plan Description: The Authority participates in the benefit plans and programs of Escambia County, Florida (the "County"). Pursuant to Section 112.0801 Florida Statutes, the Authority is required to provide eligible retirees (as defined in the County's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees. Eligible retirees must be drawing an immediate benefit from their respective pension plan and be enrolled in medical coverage prior to retirement. Surviving spouses of participants are allowed access to the Plan but must pay the full premium. Benefit provisions for the Plan were established by the County's Board of Directors and may only be amended by the County's Board of Directors. The County does not issue stand-alone financial statements for this Plan. All financial information related to the Plan is accounted for in the County's basic financial statements.

Funding Policy: The Authority is funding the post employee benefits on a pay-as-you-go basis. Contribution rates for the Plan are established by the County annually. For the fiscal year ended September 30, 2025, the Authority actuarily contributed approximately $3,500. Blended premium rates for active and retired employees combined provide an implicit subsidy for retirees because on actual basis, their current and future claims are expected to result in higher costs to the Plan than those of active employees. The current year contribution represents an estimate of this implied subsidy.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

Plan Membership: At October 1, 2025, OPEB membership consisted of the following:

	SRIA
Inactive members currently receiving benefits	12
Active members	7
Total	19

The Authority's covered payroll constituted approximately 0.75%, for the year ended September 30, 2025 of the total payroll costs for all entities included in the actuarial calculation. Accordingly, the County has allocated approximately 0.75% of the actuarially calculated amounts to the Authority in fiscal year 2025.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the September 30, 2025 actuarial assumptions and other inputs, applied to all period in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.40 percent to 7.80 percent, including inflation
Discount rate	3.81 percent
Health care cost trend rates	Getzen Model, with trend starting at 6.25% (0% for premiums to reflect actual increase)and gradually decreasing to an ultimate trend rate of 4.00%.

The discount rate was based on an index rate for 20-year tax-exempt general obligation municipal bonds with an average AA credit rating or higher.

Mortality rates were taken from adjusted Pub-2010 mortality tables published by the Society of Actuaries with generational mortality improvements using Scale MP-2018. They are based on the results of a stateside experience study covering the period 2013 through 2018.

At September 30, 2025, the Authority reported a net OPEB liability of $91,929. The GASB 75 information has been provided as of the September 30, 2023, measurement date.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The change in net OPEB liability for the year ended September 30, 2025 is as follows:

	Increase (Decrease) Net OPEB Liability
Balance as of September 30, 2024	$ 85,045
Changes for the year:	
Service cost	2,843
Interest	2,796
Changes in assumptions	4,722
Benefit payments	(3,477)
Net Change in OPEB	6,884
Balance as of September 30, 2025	$ 91,929

Changes in assumptions and other inputs reflect a change in the discount rate from 4.63% as of September 30, 2024 to 3.81% as of September 30, 2025. The methods, assumptions, and participant data used are detailed in the actuarial valuation report the fiscal year ended September 30, 2025. These calculations are based in the Entry Age Normal cost method required by GASB 75.

Sensitivity of the Net OPEB Liability: The following table represents the Authority's total and net OPEB liability calculated using the discount rate of 3.81%, as well as what the Authority's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.81%) or one percentage point higher (4.81%) than the current rate:

	1% Decrease (2.81%)	Discount Rate (3.81%)	1% Increase (4.81%)
Net OPEB liability	$ 100,290	$ 91,929	$ 83,434

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The following table represents the Authority's total and net OPEB liability calculated using the health care cost trend rate of 6.25% decreasing to 4.00%, as well as what the Authority's net OPEB liability would be if it were calculated using a health care cost trend rate that is one percentage point lower (5.00% decreasing to 3.00%) or one percentage point higher (7.00% decreasing to 5.00%) than the current rate:

	1% Decrease (5.25% decreasing to 3.00%)	Healthcare Cost Trend (6.25% decreasing to 4.00%)	1% Increase (7.25% decreasing to 5.00%)
Net OPEB liability	$ 86,424	$ 91,929	$ 98,479

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended September 30, 2025, the Authority recognized OPEB benefit of $2,000.

In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 14,415
Changes in assumptions and other inputs	11,525	21,962
Estimated benefits paid after the measurement date	3,396	-
Total	$ 14,921	$ 36,377

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The deferred outflows of resources related to OPEB, totaling $3,396, which result from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ending September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in the expense as follows:

Fiscal Year Ending September 30,	
2026	$ (5,174)
2027	(4,002)
2028	(4,059)
2029	(4,078)

Thereafter	(2,806)

NOTE 12: RELATED PARTY TRANSACTIONS

The Authority reimburses Escambia County for Pensacola Beach trolley services, which totaled $232,470 for the year ended September 30, 2025. In addition, the Authority pays Escambia County for its employees' workers' compensation insurance and health and life insurance. During the year ended September 30, 2025, the Authority expended $1,686 for workers' compensation insurance and $164,833 for health and life insurance. The Authority also reimbursed the County $206,000 for fire and rescue services during the year ended September 30, 2025. There were no amounts due to the County at September 30, 2025.

NOTE 13: COMMITMENTS AND CONTINGENCIES

Grants Contingencies

The Authority has received federal and state financial assistance for costs related to capital improvements and disaster assistance on Santa Rosa Island. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Authority. In the opinion of management, any such claims should not have a material adverse effect on the financial statements.

NOTE 13: COMMITMENTS AND CONTINGENCIES (Continued)

Windstorm

The insurance policy for windstorm coverage includes a deductible amount for named hurricane storms estimated at approximately $64,000. In addition, the Authority's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Authority may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

Litigation

The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. In the opinion of management, the ultimate liability, if any, resulting from such litigation will not materially affect the financial position or results of operations of the Authority.

NOTE 1: OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 11 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of September 30 measurement date prior to the fiscal year-end.

The schedule is intended to present ten years of data. Additional years of data will be presented as they become available.

The Authority has not presented a Schedule of Contributions since an actuarially determined contribution has not been calculated and there is no contractually or statutorily determined contribution applicable to the Authority.

NOTE 2: PENSION PLAN

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 10 to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

HIS: The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and a maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Santa Rosa Island Authority
Pensacola Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Santa Rosa Island Authority (hereinafter referred to as the "Authority"), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 3, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a deficiency in internal control, described in the accompanying schedule of findings as item 2025-01 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Santa Rosa Island Authority's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Authority's response to the findings identified in our audit and described in the accompanying schedule of findings. The Authority's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings
For the Year Ended September 30, 2025

Finding 2025-01: Completeness of Cash and Bank Accounts

Criteria: Rules of the Florida Auditor General (Chapter 10.550, Rules of the Auditor General) and generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB) require governments to maintain complete and accurate accounting records and adequate internal control over cash and other assets, including the recording and reconciliation of all bank accounts owned or controlled by the government. GASB standards require that cash and cash equivalents include all funds on deposit in financial institutions under the government's control, that cash receipts be recognized when received, and that transfers between bank accounts be recorded as transfers between cash accounts rather than through accounts receivable or revenue. These requirements are intended to ensure the completeness, accuracy, and transparency of financial reporting and the safeguarding of public funds.

Condition: During our audit, we noted that the Authority established a new Synovus bank account in February 2025 to facilitate online lease payments ("Online Synovus Account"). Lease payments received through the online payment platform are automatically deposited into this account. At various times, generally around mid-month, management transfers the accumulated balance from the Online Synovus Account to the Authority's primary Operating Synovus account.

We noted that the Online Synovus Account is not recorded in the Authority's general ledger. Additionally, cash receipts are recorded by debiting accounts receivable and crediting lease revenue when payments are received, and the subsequent transfer of funds from the Online Synovus Account to the Operating account is recorded as a reduction of accounts receivable rather than as a transfer between cash accounts.

Cause: The Authority implemented the new online payment system and the related bank account, but does not appear to have formal procedures to ensure new bank accounts are added to the accounting system and integrated into established cash receipt and reconciliation processes.

Effect: Although the net activity of the bank account is recorded as an outstanding deposit in the main account, the bank account balance is not separately reflected in the Authority's books and records. A clear and complete presentation of cash receipts and cash transfers is not present in the accounting records, increasing the risk of misstatement and reducing the effectiveness of internal controls over cash.

Recommendation: We recommend management record the Online Synovus Account in the general ledger as a separate cash account, record online lease payments as cash receipts when deposited into the Online Synovus Account (with a corresponding reduction of accounts receivable), and record transfers from the Online Synovus Account to the Operating Synovus Account as transfers between cash accounts, rather than as reductions of accounts receivable.

Management's response: We have reviewed the results of the finding noted and concur with the issues identified. We have already started implementing improved procedures.

MANAGEMENT LETTER

To the Board of Directors and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Santa Rosa Island Authority ("Authority") as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated February 3, 2026

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 3, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor Authority's financial condition, and our financial condition assessment was based in part on representation made by management and review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the Authority did not operate a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes within the Authority's geographical boundaries during the fiscal year under audit.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Santa Rosa Island Authority reported:

a. The total number of Authority employees compensated in the last pay period of the Authority's fiscal year as 13.
b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the authority's fiscal year as 16.
c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as $1,124,445.
d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as $236,530.
e. Each construction project with a total cost of at least $65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
    - 2026 Pensacola Beach Nourishment Project - $34 million
f. The Authority did not amend its final adopted budget under Section 189.016(6), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

We have examined Santa Rosa Island Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2025. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirement referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2025.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola Beach, Florida

Opinion

We have audited the accompanying financial statements of the business-type activities of Santa Rosa Island Authority, a component unit of Escambia County, Florida, (hereinafter referred to as "Authority"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of September 30, 2024, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independence of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedules of Proportionate Share of Net Pension Liability, and Schedules of Contributions, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in

accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Schedule of Revenue and Expenses – Budget and Actual is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Operating Revenue and Expenses – Budget and Actual is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Revenues and Expenses – Budget and Actual is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 30, 2025, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements.

NOTE 1: ORGANIZATION

The Santa Rosa Island Authority ("Authority"), exists pursuant to the provisions of Chapter 24500, Laws of Florida, Special Acts of 1947, as amended. The Authority is the governing body of a portion of Santa Rosa Island and consists of five members appointed by the Board of County Commissioners of Escambia County, and one member elected by the leaseholders of Santa Rosa Island. The Authority has been constituted a body corporate and an agency of Escambia County and, accordingly, meets the criteria of a component unit and will be included in the Basic Financial Statements of Escambia County, Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Authority maintains its books and records under the accrual method of accounting. Under this method, revenue is recognized when earned rather than when received, and related expenses are recognized when they are incurred rather than when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority classifies fund equity into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of fund equity consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same fund equity component as the unspent proceeds.

Restricted – This component of fund equity consists of constraints placed on fund equity imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of fund equity consists of fund equity that does not meet the definition of "restricted" or "net investment in capital assets".

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Authority complies with generally accepted accounting principles (GAAP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenue of the Authority are lease fees and related charges. Operating expenses of the Authority include personal services, contractual and professional services, supplies, utilities, advertising and promotion, capital outlay, other expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Restricted Assets

Certain assets of the Authority are restricted for use by agreements with third parties; therefore, they are not available to be used at management's discretion. These restrictions include assets restricted by outside parties for beach renourishment and certain capital improvements as further discussed in Note 7.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

General Budget Policies

Prior to the beginning of each fiscal year, the Executive Director submits an operating budget to the Authority Board. The budget includes proposed expenses necessary for operation of the Authority and estimated revenue available to finance those expenses. Once approved by the Authority Board, the budget is submitted for approval by the Board of County Commissioners of Escambia County. The legal level of budgetary control is by total expenditures. Any amendments that alter total expenditures must be approved by the Authority Board and the Board of County Commissioners of Escambia County. All appropriations lapse at year end.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The budget is prepared on a basis that differs from generally accepted accounting principles as follows:

A. The budget does not include a provision for depreciation expense or for gain or loss from disposal of capital assets.

B. The budget includes a provision for capital outlay, which is not included in the results of operations under generally accepted accounting principles, except for certain non-capital items expensed by the Authority. These non-capital items include dredging, renourishment and improvements to property not owned by the Authority.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding investments in the Local Government Surplus Funds Trust Fund Investment Pool.

Capital Assets

Capital assets are defined by the Authority as assets with an initial/individual cost of more than $1,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Upon being placed into service, property, plant and equipment of the Authority are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: transportation equipment, maintenance equipment, office equipment and miscellaneous: 3 – 10 years; and buildings and shelters: 10 – 40 years.

Compensated Absences

It is the Authority's policy to permit employees to accumulate a limited amount of earned but unused annual leave and, for those employees who have achieved retirement age or are entitled under a negotiated contract, a limited amount of earned but unused sick leave. Accordingly, the Authority records an accrual for earned but unused annual leave and sick leave.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Lease Fees

Lease fees, including consideration fees, are generally recognized as income over the lease term as it becomes due according to the provisions of the lease. Lease fees received but not yet earned according to the provisions of the lease are recorded as deferred revenue. The Authority has agreed to bill certain lease fees quarterly or monthly even though the full amount is due at the beginning of the renewal year. Amounts due from year-end through the lease renewal date are reflected as unbilled receivables on the accompanying Statement of Net Position.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting in this category are the items related to the pension and OPEB amounts reported in the Statement of Net Position. The deferred outflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has four items, deferred revenue, deferred consideration fees, and pension and OPEB amounts, which qualify for reporting in this category. Deferred revenue and deferred consideration fees result from the collection of revenues in advance of the year for which they are due. The deferred inflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

Other Post-Employment Benefits

The Authority utilizes uniform reporting standards for other postemployment benefit (OPEB) expense and related liabilities, note disclosures, and required supplementary information (RSI) in annual financial reports of governmental entities. See Note 11 for a description of the OPEB expenses and liabilities.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, January 30, 2025. See Note 14 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements

The GASB has recently issued several accounting pronouncements, including Statement No. 91, *Conduit Debt Obligations*; Statement No. 93, *Replacement of Interbank Offered Rates*; Statement No. 96, *Subscription-Based Information Technology Arrangements*; and Statement No. 100, *Accounting Changes and Error Corrections*. The Authority did not experience any significant impacts to its financial reporting as a result of implementing these Statements.

The GASB has issued statements that will become effective in future years, including Statement No. 101, *Compensated Absences*. The Authority is evaluating the requirements of the above statements and the impact, if any, on its financial reporting.

NOTE 3: CASH AND INVESTMENTS

The Authority maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all of the Authority's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3).*

The Authority is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U.S. Treasury; the Local Government Surplus Funds Trust Fund as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

In accordance with GAAP, certificate of deposits are considered a nonparticipating interest-earning investment contract and is appropriately reported in the financial statements at cost. The following is a summary of the Authority's investments:

September 30,	**2024**	**Credit Risk**	**Maturities**
Certificate of deposit	$ 587,629	not rated	03/20/25

NOTE 3: CASH AND INVESTMENTS (Continued)

Concentration risk – The Authority places no limit on the amount the Authority may invest in any one issuer.

Interest rate risk –The Authority does not have a formal policy for addressing interest rate risk; however, investments are made with discretion to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The Authority manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield rates.

Custodial credit risk – For an investment, custodial credit risk is the risk that the Authority will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Authority has no formal policy for custodial risk. None of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2024:

September 30,	**2023**	**Additions**	**Transfers and Retirements**	**2024**
Other capital assets:

Total capital assets, net	$ 598,638	$ 132,950	$ (814)	$ 730,774

NOTE 5: LONG-TERM LIABILITIES

The Authority has a compensated absence liability for unpaid leave.

Changes in long-term liabilities were as follows:

September 30,	2023	Additions	Reductions	2024	Amount Due Within One Year
Compensated absences	$ 150,154	$ -	$ (11,906)	$ 138,248	$ -
	$ 150,154	$ -	$ (11,906)	$ 138,248	$ -

NOTE 6: LEASING ACTIVITIES

Substantially all of the Authority's revenue is derived from leasing activities. The Authority leases the land of Santa Rosa Island to residents and businesses on the Island but does not convey ownership. The Authority's policy is to report all leases as operating leases since the land of the island is not recorded as an asset on the financial statements and the leases do not meet the criteria of a capital lease.

Most residential and many commercial leases are for a period of 99 years. Many of these 99-year leases have options to renew for another 99-year term. Some leases, particularly those for restaurants and concessions, are generally for a shorter period. Each lease provides that any construction on the premises must be performed within an established length of time, and detailed plans and specifications must be approved by the Authority before a building permit is issued. Failure to pay any rentals due or failure to comply with any other covenants of the lease constitutes a violation under the terms of the lease and the Authority may repossess the land and the improvements after required notice if the lessee fails to correct the default.

Certain leases have a provision that allows for an increase in minimum lease fees every five years in proportion to the consumer price index (CPI). In 2021, the Authority's Board approved a total increase of 7.7% for the lease years from 2021 – 2025. The Authority implemented increases of 1.7% in 2022 and 2% in 2023, and anticipated increases are as follows: 2024-2025: 2% each year.

NOTE 6: LEASING ACTIVITIES (Continued)

The following is a schedule of estimated future minimum rentals to be received under these leases for the periods ending September 30.

2025	$ 2,252,328
2026	2,252,328
2027	2,252,328
2028	2,252,328
2029	2,252,328

The following is a schedule of the number of residential and commercial leaseholders as of:

September 30,	2024
Residential	3,889
Commerical	174

NOTE 7: RESTRICTED NET POSITION

Restricted net position is comprised of two primary components: Portofino island improvement funds and certain claim proceeds related to the BP oil spill. The Portofino restricted funds are derived from a portion of the Portofino lease and must be used for future Island improvements. As of September 30, 2024, the restricted Portofino funds equal $1,836,142.

In addition, the Authority also considers certain funds received from BP in prior years relating to the Deepwater Horizon Oil Spill as restricted for the restoration of the Quietwater Beach area. These amounts total $175,379 at September 30, 2024.

The Authority also has certain funds set aside for maintaining Sabine Park and Morgan Park, including paying mitigation expenses. The other restricted balances totaled $49,160 and $35,873 at September 30, 2024 for Sabine Park and Morgan Park, respectively.

In addition to restricted net position, the Authority has also designated certain unrestricted net asset amounts for future contingencies and beach renourishment. These amounts total $7,221,089 as of September 30, 2024 and are included in unrestricted net position on the accompanying Statement of Net Position. At September 30, 2024, the Authority's unrestricted, undesignated net position totals approximately $4.9 million.

NOTE 8: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority has established a self-insurance program to cover its risk of loss related to general liability claims and natural disasters. As of September 30, 2024, the Authority has set aside $1,121,089 in contingency funds to cover any claims that may be filed or other emergencies for which cash flow, particularly in off-seasons, might not be sufficient to cover. This amount is included in the designated net position amount identified in Note 7.

The sovereign immunity limits of the State of Florida restrict general liability claims to $100,000. General liability claims above $100,000 would have to be approved by the State Legislature. The Authority participates in the Escambia County self-insurance program to cover its risks of loss related to workers' compensation claims. The Authority pays an annual premium to the program for its coverage. Details of this self-insurance program can be found in the Escambia County, Florida Comprehensive Annual Financial Report. The Authority continues to carry commercial insurance for risks of loss, including property insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: FEDERAL AND STATE GRANT PROJECTS

The Authority has entered into various grant agreements with the Federal Emergency Management Agency to fund the elevation of certain properties on Santa Rosa Island. The total of the award agreements approximates $2.4 million. During 2024, the Authority did not incur any expenses related to this program. Progress on the project for the final impacted property related to is pending resolution of disagreements between the homeowner and contractor. No revenue or expenses was recognized in the current year related to this transaction.

The Authority has been awarded grant funds from the State of Florida for beach re-nourishment and restoration. The maximum amount to be received under the three grants is $515,000. The grants require a match of $515,000. During 2024, the Authority incurred approximately $317,500 of expenses related to this program, of which 50% was paid back to the Authority by the State.

Revenue recognized under these federal and state grants totaled $158,748 for the year ended September 30, 2024.

NOTE 10: PENSION PLAN

Essentially all regular employees of the Authority are covered by the Florida Retirement System Pension Plan and Retiree Health Insurance Subsidy Program.

NOTE 10: PENSION PLAN (Continued)

Plan Descriptions, Membership and Plan Benefits, and Contribution Requirements

Plan Descriptions

The Florida Retirement System (FRS) is a cost-sharing, multiple-employer retirement system. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS, HIS, and INV are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS, HIS, and INV financial information is included in the Florida Retirement System (System) Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The System ACFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

NOTE 10: PENSION PLAN (Continued)

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the Authority, including regular class, senior management and DROP. Employees enrolled in the FRS prior to July 1, 2011, vest at six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service and are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS also includes an early retirement provision but imposes a penalty for each year a member retires before the normal retirement date. Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS plan. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $7.50. The minimum payment is $45 and the maximum payment is $225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

NOTE 10: PENSION PLAN (Continued)

Contribution Requirements

Employer contributions rates are actuarially recommended but set, and may be amended, by the Florida Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

	Employee Required Contribution	Employer Required Contribution	Total Required Contribution
Regular employees:			
October 1, 2023 through June 30, 2024	3.00%	13.57%	16.57%
July 1, 2024 through September 30, 2024	3.00%	13.63%	16.63%
Employees in the Deferred Retirement Option Program (DROP):			
October 1, 2023 through June 30, 2024	n/a	21.13%	21.13%
July 1, 2024 through September 30, 2024	n/a	21.13%	21.13%
Senior Management Service Class (SMSC):			
October 1, 2023 through June 30, 2024	3.00%	34.52%	37.52%
July 1, 2024 through September 30, 2024	3.00%	34.52%	37.52%

Employer rates include 2.00 percent for the HIS program. In addition, regular employees are required to contribute an amount equal to 3% of their salary as retirement contributions. Members participating in the DROP are not required to make 3% contributions. The Authority's contributions to the Plan totaled $160,338 for the year ended September 30, 2024.

FRS and HIS Significant Assumptions and Rate of Return

Basis of Accounting

Information about the FRS and HIS assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position can be found in the System ACFR. The System ACFR is available online or can be obtained as mentioned previously The FRS and HIS fiduciary net position and additions to/deductions from the fiduciary net position have been determined based on the System's records, which utilize the flow of economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable. Investments are reported at fair value. Contributions are recognized as revenue when due, pursuant to statutory and contractual requirements. There have been no significant changes since the publication of the System ACFR.

NOTE 10: PENSION PLAN (Continued)

Actuarial Methods and Assumptions

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and long-term expected rate of return used for FRS investments is 6.7%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.93% was used to determine its total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table (refer to the valuation reports for more information).

As of June 30, 2024, the municipal rate used by HIS increased from 3.65 percent to 3.93 percent. In addition, Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2024 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

NOTE 10: PENSION PLAN (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.3%
Fixed Income	29.00%	5.7%
Global Equity	45.00%	8.6%
Real Estate (Property)	12.00%	8.1%
Private Equity	11.00%	12.4%
Strategic Investments	2.00%	6.6%
Total	100.00%	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan or assumed asset allocation.

District's Share of Net Pension Liability

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS net pension liability (NPL), deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2024. The underlying financial information used to prepare the pension allocation schedules is based on the same basis as mentioned previously.

At September 30, 2024, the Authority reported a liability of $900,772 for its proportionate share of the net pension liability of the FRS and HIS. The net pension liability was measured as of June 30, 2024, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024.

The Authority's proportionate share was calculated using the retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2024. The aggregate employer contribution amounts for the fiscal year ended June 30, 2024, in the pension allocation schedules agree to the total employer contribution amounts reported in the System ACFR.

For the year ended September 30, 2024, the Authority recognized pension expense of $25,730 related to the FRS and $8,195 related to the HIS.

NOTE 10: PENSION PLAN (Continued)

At September 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2024				
	FRS		HIS	
Description	Def Outflows	Def Inflows	Def Outflows	Def Inflows
Differences between expected and actual experience	$ 59,222	$ -	$ 3,037	$ 604

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS

Plan Description: The Authority participates in the benefit plans and programs of Escambia County, Florida (the "County"). Pursuant to Section 112.0801 Florida Statutes, the Authority is required to provide eligible retirees (as defined in the County's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees. Eligible retirees must be drawing an immediate benefit from their respective pension plan and be enrolled in medical coverage prior to retirement. Surviving spouses of participants are allowed access to the Plan but must pay the full premium. Benefit provisions for the Plan were established by the County's Board of Directors and may only be amended by the County's Board of Directors. The County does not issue stand-alone financial statements for this Plan. All financial information related to the Plan is accounted for in the County's basic financial statements.

Funding Policy: The Authority is funding the post employee benefits on a pay-as-you-go basis. Contribution rates for the Plan are established by the County annually. For the fiscal year ended September 30, 2024, the Authority actuarily contributed approximately $5,000. Blended premium rates for active and retired employees combined provide an implicit subsidy for retirees because on actual basis, their current and future claims are expected to result in higher costs to the Plan than those of active employees. The current year contribution represents an estimate of this implied subsidy.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

Plan Membership: At October 1, 2024, OPEB membership consisted of the following:

	SRIA
Inactive members currently receiving benefits	11
Active members	7
Total	18

The Authority's covered payroll constituted approximately 0.72%, for the year ended September 30, 2024 of the total payroll costs for all entities included in the actuarial calculation. Accordingly, the County has allocated approximately 0.72% of the actuarially calculated amounts to the Authority in fiscal year 2024.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the September 30, 2024 actuarial assumptions and other inputs, applied to all period in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.40 percent to 7.80 percent, including inflation
Discount rate	4.63 percent
Health care cost trend rates	Getzen Model, with trend starting at 6.25% (0% for premiums to reflect actual increase)and gradually decreasing to an ultimate trend rate of 4.00%.

The discount rate was based on an index rate for 20-year tax-exempt general obligation municipal bonds with an average AA credit rating or higher.

Mortality rates were taken from adjusted Pub-2010 mortality tables published by the Society of Actuaries with generational mortality improvements using Scale MP-2018. They are based on the results of a stateside experience study covering the period 2013 through 2018.

At September 30, 2024, the Authority reported a net OPEB liability of $85,045. The GASB 75 information has been provided as of the September 30, 2023, measurement date.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

The change in net OPEB liability for the year ended September 30, 2024 is as follows:

	Increase (Decrease) Net OPEB Liability
Balance as of September 30, 2023	$ 106,976
Changes for the year:	
Service cost	3,201
Interest	3,492
Changes of benefit terms	1,285

Changes in assumptions	(12,917)
Benefit payments	(5,003)
Net Change in OPEB	(21,931)
Balance as of September 30, 2024	$ 85,045

Changes in assumptions and other inputs reflect a change in the discount rate from 4.40% as of September 30, 2023 to 4.63% as of September 30, 2024. The methods, assumptions, and participant data used are detailed in the actuarial valuation report the fiscal year ended September 30, 2023. These calculations are based in the Entry Age Normal cost method required by GASB 75.

Sensitivity of the Net OPEB Liability: The following table represents the Authority's total and net OPEB liability calculated using the discount rate of 4.63%, as well as what the Authority's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.63%) or one percentage point higher (5.63%) than the current rate:

	1% Decrease (3.63%)	Discount Rate (4.63%)	1% Increase (5.63%)

NOTE 12: RELATED PARTY TRANSACTIONS

The Authority reimburses Escambia County for Pensacola Beach trolley services, which totaled $226,329 for the year ended September 30, 2024. In addition, the Authority pays Escambia County for its employees' workers' compensation insurance and health and life insurance. During the year ended September 30, 2024, the Authority expended $1,827 for workers' compensation insurance and $159,832 for health and life insurance. The Authority also reimbursed the County $206,000 for fire and rescue services during the year ended September 30, 2024. There were no amounts due to the County at September 30, 2024.

In May 2024, the Authority received a refund from Escambia County totaling $134,373, which represents the unused portion of island improvement funds for dune walkover projects that were provided by the County in the prior year. This refund is included in other operating revenue on the accompanying statement of activities.

In October 2023, Escambia County appropriated $250,000 from the County's Tourist Development Fund to the Authority for complimentary public transportation services on Pensacola Beach. The Authority incurred related expenses totaling $250,045, of which $226,329 is included in other operating expense and $23,716 is included in advertising and promotion on the accompanying statement of activities. The balance due to the Authority from the County for this agreement totaled $250,000 at September 30, 2024, which was received in October 2024.

NOTE 13: COMMITMENTS AND CONTINGENCIES

Grants Contingencies

The Authority has received federal and state financial assistance for costs related to capital improvements and disaster assistance on Santa Rosa Island. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Authority. In the opinion of management, any such claims should not have a material adverse effect on the financial statements.

Windstorm

The insurance policy for windstorm coverage includes a deductible amount for named hurricane storms estimated at approximately $63,000. In addition, the Authority's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Authority may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

Litigation

The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. In the opinion of management, the ultimate liability, if any, resulting from such litigation will not materially affect the financial position or results of operations of the Authority.

NOTE 14: SUBSEQUENT EVENT

In November 2024, the Board approved awarding a bid to a local construction company for the Pensacola Beach dune walkover project in the amount of $317,917. The project is expected to commence in January 2025, with substantial completion projected for March 2025.

NOTE 1: OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 11 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of September 30 measurement date prior to the fiscal year-end.

The schedule is intended to present ten years of data. Additional years of data will be presented as they become available.

The Authority has not presented a Schedule of Contributions since an actuarially determined contribution has not been calculated and there is no contractually or statutorily determined contribution applicable to the Authority.

NOTE 2: PENSION PLAN

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 10 to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

HIS: The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

Chapter 2023-193, Laws of Florida (Senate Bill 7024), increased the level of monthly benefits from $5 times years of service to $7.50, with an increased minimum of $45 and a maximum of $225. This change applies to all years of service for both members currently receiving benefits and members not yet receiving benefits.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Santa Rosa Island AuthoritySanta Rosa Island Authority
Pensacola Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Santa Rosa Island Authority (hereinafter referred to as the "Authority"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated January 30, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, we identified a deficiency in internal control, described in the attached schedule of findings, as item 2024-01 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Authority's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Authority's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Santa Rosa Island Authority's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Santa Rosa Island Authority
(A Component Unit of Escambia County, Florida)
Schedule of Findings
For the Year Ended September 30, 2024

Finding 2024-01: Federal and State Grant Receivables

Criteria: Rules 10.557(3)(i) and 10.556(3) of the Florida Auditor General, along with other rules and laws, require that the Authority's financial statements be in accordance with the GASB *Codification of Governmental Accounting and Financial Reporting Standards*. The statements should be prepared in accordance with generally accepted accounting principles (GAAP).

Condition: The Authority's accounting records did not include an accrual totaling $250,000 for a reimbursement from Escambia County related to an agreement for which the Authority had satisfied all requirements as of September 30, 2024. The funding was received in October 2024. The receivable and grant revenue should have been accrued at year-end in accordance with GAAP. In addition, a smaller amount of State grant assistance totaling approximately $13,000 should have been accrued.

Cause: The accrual of the grant amounts was overlooked as part of the Authority's financial close process.

Effect: The Authority's unadjusted receivable balances and non-operating revenue amounts were understated as of September 30, 2024.

Recommendation: The Authority should improve its year-end financial reporting procedures to ensure that all Federal, State and County grants and agreements are analyzed. Any year-end adjustments can be made as part of the process that currently involves an outside, third-party accounting firm.

Management's response: We have reviewed the results of the finding noted and concur with the issues identified. We have already started implementing improved procedures.

MANAGEMENT LETTER

To the Board of Directors and Chief Executive Officer
Santa Rosa Island AuthoritySanta Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Santa Rosa Island Authority ("Authority") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated January 30, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 30, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings or recommendations were made on the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor Authority's financial condition, and our financial condition assessment was based in part on representation made by management and review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. We recommend the Authority expense items less than its $1,000 capitalization threshold as well as those that do not significantly extend the useful life of an asset rather than capitalizing those items.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Santa Rosa Island Authority reported:

a. The total number of authority employees compensated in the last pay period of the authority's fiscal year as 13.
b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the authority's fiscal year as 50.
c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as $937,381.
d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as $45,247.
e. Each construction project with a total cost of at least $65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:
    - Dune Walkover - $231,135
f. The Authority did not amend its final adopted budget under Section 189.016(6), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

We have examined Santa Rosa Island Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2024. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirement referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

- On average, out-of-county visitor travel parties spent **$1,050** in the area while attending this event.

[1] The 2025 Blue Angels Air Show estimated attendance was 206,500. Downs & St. Germain Research determined that there were 124,000 unique attendees. "Unique" attendees are visitors who may attend more than one day of the event and is based on the total event attendee estimate divided by the average days of attendance. Economic Impact is calculated based on "unique" visitors rather than the full attendance estimate.
[2] Spending by **out-of-county visitors** on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.
[3] Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars. Local spending does not affect total economic impact.

ECONOMIC IMPACT METRICS

	2024	2025
Total Unique Attendees	129,200	124,000
Unique Out-of-Town Attendees	71,400	61,000

TO: Tourism Community Partner

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director

Description of Program: _

Visit Pensacola is the Official Destination Marketing Organization for Escambia County and the lead organization for building tourism as an economic engine in Escambia County. We create and implement programs of work to increase visitation to the county, resulting in spending by the visitors in the local economy, supporting local jobs and contributing to the local government tax base.

How many years has your organization provided services in the County? 12 years

How many years has your organization received funding from the County? 12 years

Explain how receiving funds from the County would impact your organization:

As the Official Destination Marketing Organization for Escambia County, Visit Pensacola's primary purpose is tourism promotion. Our main objective is to increase the economic impact of visitors to our community; collaborate with local entities (business and governmental) for the development of tourism; raise the quality of life for community residents; and continue fostering cooperation amongst organizations, governmental entities, and community members.

With a collaborative approach, we maximize the limited TDT dollars we receive to get the best return on investment for the County. TDT dollars are the primary revenue stream for Visit Pensacola to fund its tourism promotions. We could not provide destination marketing services without it.

If we did not receive our full request, we would re-evaluate all areas of our business to determine what areas will need to be cut or reduced. While we generate private revenue through various other means (membership, cooperative advertising, and events) it is not enough to make up for any loss of TDT revenue. Private revenue is used for expenses that are non-reimbursable from tourism tax dollars requirements, i.e. gratuities, expenses above GSA allowances, denied expenses by the County Comptroller Office, etc.

PRIOR YEAR FUNDING

(if none received, mark N/A and skip to next section)

Amount Received Last Year, if applicable: $13,028,258.00

Briefly discuss how last year's funds were used

Visit Pensacola is Escambia County's designated Destination Marketing Organization, promoting Pensacola, Pensacola Beach and Perdido Key as a world-class destination to travelers nationally and internationally. The investment in Visit Pensacola by Escambia County allowed us to take a multi-faceted and unified approach to build awareness of the Pensacola Bay Area's unique and diverse offerings for the traveling public. While our primary focus is leisure travel, we also bring meetings & conferences, reunions, group tours, sports events, weddings, festivals and major events. The funding received for the Unified Budget is distributed between Visit Pensacola (74.25%) and ACE (14.75%)

80% of Visit Pensacola expenses are Direct Programming, 15% Personnel and 5% operations.

Advertising/Media represents 72.4% of the Direct Programming Budget which includes the work of Showcase Pensacola. Direct Sales efforts are 9.5%, Customer Acquisition at 7.2%, Public Relations at 3.4%, Research at 3.7% and Festival/Events at 3.7% which includes the event grant program which provides marketing funds to help festivals and events grow in FY2026 and will do so again in FY2027.

Our primary campaign, "The Way To Beach" is our central brand campaign and the basis upon which niche campaigns are built. Our "drive market" focus is a radius of 350 - 500 miles which includes 24 of the top 25 DMAs that book overnight stays in Escambia County.

We increased advertising in successful campaigns including Direct Flight Markets, Winter Travelers (Snowbirds), and interest markets including fishing, diving, foodies, craft beer, birding enthusiasts, sports, African American, Hispanic and LGBTQ+. Our "While You're Here" campaign delivers digital ads to visitors while they are in-market to showcase Visit Pensacola partners, arts and culture, festivals and events, history and outdoor activities.

Our TV and Radio Campaigns included partnership with New Orleans Saints, Georgia PBS, Alabama Football, SEC Football promotion, the Hallmark Channel, and a cooperative regional TV campaign through Visit Florida. Broadcast TV campaigns including lifestyle shows targeted Nashville, Dallas, Houston, Atlanta, Memphis, Baton Rouge and New Orleans.

Connected TV 15 second spots ran year-round in 38 DMAs on YouTube, Netflix, hulu, Prime Video, Disney+, Paramount+, DirectTV, HBOMAX, and peacock.

Activations included three Travel & Adventure Shows (Dallas, Denver, Atlanta), and two tradeshows with Northwest Florida Beaches in New York and Toronto.

We fund and contribute staff time to expand the ROI of the Sun Belt Conference Basketball Championships. We work in cooperation with Visit Florida on cooperative advertising opportunities to include a TV Campaign, Media FAMs, tradeshows, print advertising, and Visitor Guide.

Sales efforts were expanded to capture the return of group business including meetings, group tours, reunions, and weddings.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

Visit Pensacola's layered approach includes Advertising, Direct Sales, Public Relations, Promotions, Research and servicing the visitor (information centers). After large gains in FY21 and FY22, we were able to retain most of that growth in 2023, 2024, and 2025 only dropping 1%. In FY25, TDT collections were up 1%, establishing a new record for TDT collections exceeding $22 Million ($22,048,835). This was accomplished while peer destinations in Northwest Florida had flat growth or decreases in collections.

Our research has shown that we have grown Total Visitors by 2.3% to 2.54 Million people, increased Visitor Spending to $1,345,497,200 (up 0.4%), and an overall economic impact of to $2,018,313,000 (down 0.5% due to a change in the economic impact IMPLAN multiplier decreasing from 1.54 in FY24 to 1.53 in FY25).

Tourism represents 18,700 jobs in Escambia County. Visitors to Escambia County save local residents $513 in county taxes per household each year. 63% of visitor spending is outside of lodging and spent in local businesses including retail, restaurants, attractions, grocery stores and gas stations.

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

Visit Pensacola is the umbrella organization that positions Escambia County as "The Way To Beach"…an authentic, must-see beach destination. To gain the desired positioning, Visit Pensacola brings together a wide variety of organizations, businesses, and interests and provides a leadership role in unifying these assets within the destination to market as one. Visit Pensacola is requesting funds to support the marketing and sales efforts to attract visitors for leisure, meetings, weddings, reunions etc. and act as an outlet to provide information to potential visitors. Our request is part of a greater request as a unified budget that includes Art, Culture and Entertainment (ACE).

Visit Pensacola started receiving funding in 2014 and has contributed to a 6.5% - 9.1% growth in TDT receipts every year since then through 2019. Visit Pensacola and the Unified Budget played a critical role in rebounding quickly from the COVID pandemic in 2020 and recording record TDT receipts in 2021. TDT receipts in FY21 increased by 26.1% and 44.6% in FY22. While TDT receipts in FY23 were down slightly by 1.1%, they increased by 2.3% in FY24 setting a new TDT collections record of $22,034,319 and by 1% in FY25 to $22,048,835.

Through the efforts of the Unified Budget, tourism supports local businesses, creates jobs, generates additional LOST revenue for Escambia County and adds to the quality of life for county residents.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

For those counties who have enacted the tourist development tax (TDT), it is a requirement that they have a Tourist Development Council (TDC). The efforts of Visit Pensacola and the Unified Budget, while serving at the pleasure of Escambia County and the TDC, are directed by a Board of Directors comprised of industry and community stakeholders.

Is this a one-time request or a recurring request for funding?

Recurring request for funding

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

Visit Pensacola is unique in its role as a Destination Marketing Organization. Our sole reason for existence is to focus on increasing tourism, which includes both visitor volume and economic impacts. With a collaborative approach we maximize the limited TDT dollars we receive to get the best return on investment for the County.

We share similar goals with Chambers of Commerce in helping local businesses be successful in Escambia County. Tourism also plays a role in attracting businesses and employees to the county. We meet regularly and collaborate with the Pensacola Chamber of Commerce, Perdido Key Chamber of Commerce, and Pensacola Beach Chamber of Commerce, Gulf Coast Minority Chamber of Commerce, and Florida West Economic Development Alliance to promote their programs and events, education, and networking opportunities

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

Visit Pensacola is the recognized Destination Marketing Organization for Escambia County. It has established a track record of success over the last 11 years and is the fiduciary agent for the Unified Budget that includes ACE (Arts, Culture and Entertainment). Visit Pensacola's sole purpose is to be focused on increasing tourism. With a collaborative approach with the county, state and national levels to successfully promote Escambia County, we maximize the TDT dollars we receive to get the best return on investment for the County.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: 20%
- Percentage for direct programming costs: 80%

If only a portion of your requested funding is granted, how will you offset the difference?

TDT dollars are the primary revenue stream for Visit Pensacola's tourism promotions and if we did not receive our full request, we would re-evaluate all areas of our business to determine what areas will need to be cut or reduced. While we generate private revenue through various other means (membership, cooperative advertising and events), it is not enough to make up for any loss of TDT revenue. The limited private revenue generated is used for expenses that are non-reimbursable from TDT.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

As a partner with Visit Florida (the State's tourism marketing agency) and Brand USA (United States tourism marketing agency) we can partner with them on qualified marketing programs. Typically, these programs require a 1:1 match and are specific to destination marketing. Past programs have included medical tourism, air service development, international marketing, and a domestic TV advertising campaign. Investment by Visit Pensacola varies from year to year depending on available programs and has ranged from $50,000 to $500,000. On behalf of Escambia County, Visit Pensacola will contribute $57,500 for a regional match from the Northwest Florida Tourism Council and Visit Florida for a Triumph Gulf Coast Grant for $3.5 Million a year for three years.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

Visit Pensacola does not request funding from other local non-profit agencies.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

2025 ANNUAL REPORT

THE WAY TO BEACH™

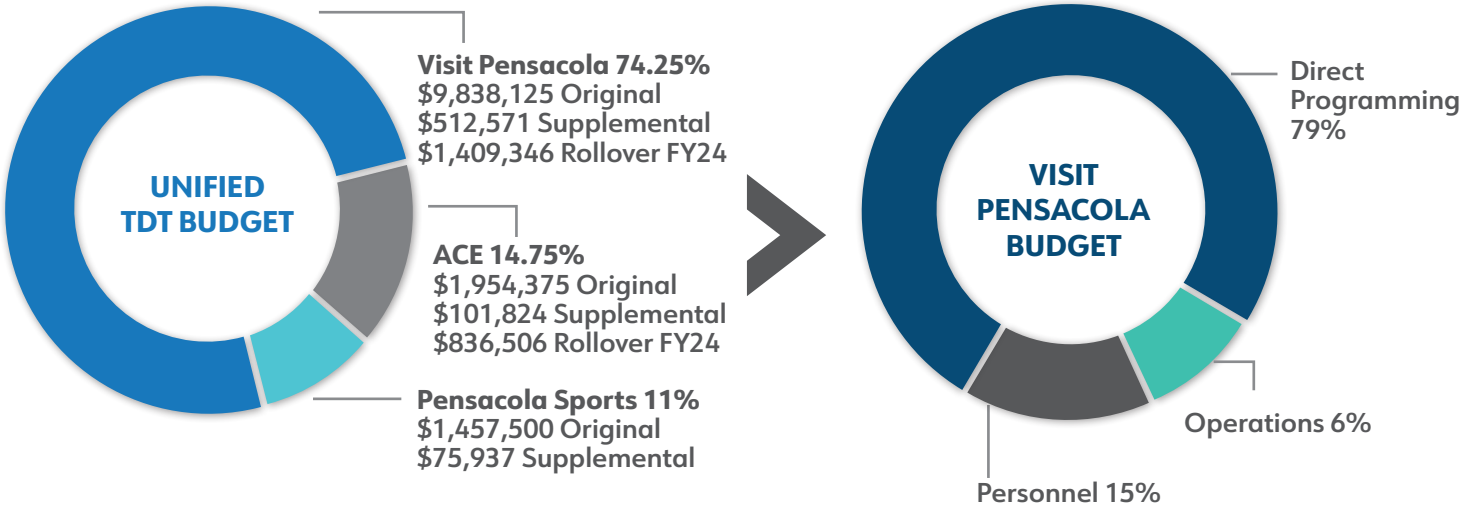
LETTER FROM THE PRESIDENT

To our partners and stakeholders,

Visit Pensacola's mission is to lead, connect, collaborate and communicate to champion tourism as a vital economic force for our community. We are dedicated to sharing Pensacola's story, continuously communicating the importance of and impact of tourism throughout the region.

In another outstanding year, Pensacola welcomed nearly 2.5 million visitors, reflecting the strength of our destination and the collective efforts of our partners. Our goal remains clear- to stay top of mind with travelers by engaging them through creative, meaningful messaging that positions Pensacola as The Way To Beach™ .

Our signature campaign The Way To Beach™ invites visitors to unwind on our beautiful white sand while discovering the rich beyond-the-beach experiences that make Pensacola truly unforgettable. Time and again, research confirms what our guests already know - that our natural beauty, welcoming spirit and laid back coastal vibe create the perfect setting for the vacation they seek.



This year, we proudly shared that story across 49 markets, reaching travelers more than 520 million times throughout the southeast and beyond. Building on past successes, we explored new ways to connect with audiences, telling fresh stories, showcasing authentic experiences, and sharing the beauty of our destination across digital and social platforms. All this combined to deliver strong results through collaboration with our local partners.

Visit Pensacola continues to amplify our message, attract group and leisure business and host media who help share our story with the world. These collective efforts have generated over $22 million in vital TDT revenue, fueling continued growth and prosperity in our community.

Thank you to everyone who helps tell the story of why Pensacola is and will always be The Way To Beach™!

FY24/25 ANNUAL CHALLENGES

Increased Lodging Inventory

The addition of new hotels and vacation rentals in FY25 continues to increase competition and impact key metrics like occupancy and average daily rate (ADR) in certain geographic areas of Escambia County. According to the December 2025 Smith Travel Research (STR) Report, supply grew by 3.4%. That is in addition to a 3.9% increase in 2024 and a 3.5% increase in 2023.

Additionally, Key Data reports that vacation rentals and online travel agency (OTA) listings grew by 4.2% in 2025, increasing from 8,567 to 8,924 units between January and December. This growth in lodging options provides visitors with more choices, but it creates challenges for existing properties trying to maintain profitability.

Corporate Travel

Transient corporate travel in 2025 showed a mix of steady growth and increased caution, characterized by more intentional, purposeful trips, shorter durations (averaging 2.5 days), and heightened cost-control measures. While 70% of companies resumed travel, the overall incidence rate dropped, as companies optimized budgets, often targeting hotel rates and scrutinizing trip necessity. Single-day travel accounted for 23.6% of all business trips.

Limited Group Facilities

Face-to-face engagement remained a top priority in 2025, with approximately 65% of business travelers expected to attend at least one conference and 59% of travel buyers reported an increase in employees attending meetings in person.

Visit Pensacola has been successful in booking group business but continues to be challenged by the lack of conference space capable of hosting large scale events for 500 or more attendees. Proposed additions/renovation of the Pensacola Bay Center could provide conference space that is desperately needed in Escambia County.

External Influences

External challenges that impacted tourism for Escambia County during FY25 included a decline in international visitors, economic conditions, political factors, and the ever-present weather/ hurricane perceptions.

Pensacola tourism saw a decline in Canadian, international, and regional traffic. Canadian tourism to Florida has dropped 15.5%, driven by unfavorable exchange rates, tariffs, politics, and safety concerns. Furthermore, warm weather in northern cities reduced the incentive to travel to Florida. Nationally, international visitor arrivals dropped for eight consecutive months in 2025.

Economic factors, such as inflation and rising household debt, resulted in less disposable income for both residents and visitors. Less discretionary spending and rising travel costs (airfare and lodging) have changed how visitors are spending their time and dollars in Pensacola.

Some travelers, including certain LGBTQ+ visitors, reportedly reconsidered Florida as a destination due to the state's political climate.

Marketing Budget Disparity

With travelers having more options than ever, Pensacola competes with nearby destinations like Destin, Panama City Beach, and Gulf Shores, which benefit from larger marketing budgets. This disparity continues to challenge efforts to attract travelers.

FY24/25 SOLUTIONS

Here is a short synopsis of the programs and campaigns that were implemented:

The Way To Beach™

October 2024 – September 2025

This always-on, over-arching campaign message generates traveler awareness, interest, consideration, and bookings by positioning the Pensacola Bay Area as The Way To Beach™ for travelers. Under this umbrella, we expand and tell the whole story with other campaigns. In FY25, the campaign delivered over 285,000 room nights, more than 24,000 flights, and over 152,000 travelers.

Fly Market Support

October 2024 - September 2025

Connecting with Pensacola's direct flight markets landed almost 10,000 passengers. Chicago, Dallas and Nashville delivered nearly 50% of these passengers.

Interest Marketing

October 2024- September 2025

This native advertising effort lets history lovers, foodies, fishing enthusiasts, divers, and birders know they can explore their specific interests here. At $186.58, this campaign's Average Daily Rate (ADR) for FY25 was 30% higher than the average for all campaigns.

Multi-Market Outdoor Campaign

October 2024 - September 2025

This multi-market billboard campaign featured unique messages promoting Pensacola in seven strategic locations. The locations spanned Interstate 10 from Baton Rouge to Baldwin County, AL with two additional locations on I-65 enticing southbound drivers approaching Pensacola. The campaign delivered more than 65.8 million annual impressions.

Reported room nights, traveler counts, and similar metrics are based on sampled data attributed to selected digital ad impressions and do not represent the total numbers.

FY24/25 SOLUTIONS

Partner Bonus Campaign

October 2024 - July 2025

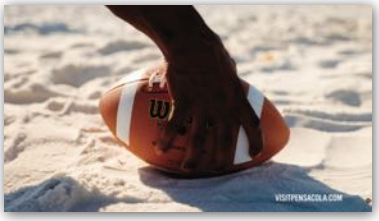
This social media campaign delivered ads to in-market visitors, highlighting the broad scope of experiences available while they're here. Ads pointed them to information on events, history, dining, outdoors, and arts & culture and generated more than 71,000 page views.

International Campaigns

October 2024 - September 2025

Visit Pensacola uses carefully curated media opportunities targeted to Canadian and UK audiences, many in conjunction with Visit Florida. A partnership with Magic Torch PR helped build awareness with UK audiences.

Alabama Football Promotion



October 2024

This upper-funnel effort targeted Alabama football fans with an in-stadium promotion, digital, print, and radio advertising. It enhanced the SEC efforts and increased overall radio advertising recall.

The Way To Beach - SEC Promotion

August 2024 - January 2025

Audience research showed our target audience loves SEC football. Broadcast TV, CTV, online video, and digital display put beautiful Pensacola footage in front of these fans. Teaming with the SEC and ACC networks helped reach 121 million households during afternoon and prime-time football games.

The Saints "Way To Beach" - Promotion

October 2024 - September 2025

Year two of Visit Pensacola's three-year partnership with the New Orleans Saints delivered strong regional visibility, reaching more than **4.5 million fans** across Louisiana, Mississippi, and South Alabama. The campaign included in-game signage, weekly sponsorship of the Saints Coaches Show, radio advertising, and a season-long social media presence across the Saints' **8.8 million followers,** reinforcing Pensacola's position as a preferred Gulf Coast destination and a **"Proud Beach of the New Orleans Saints."**

Reported room nights, traveler counts, and similar metrics are based on sampled data attributed to selected digital ad impressions and do not represent the total numbers.

FY24/25 SOLUTIONS

Carvertise –New Orleans

October '24 - February '25
August - September '25
This campaign combined the power of on-the-ground presence with digital retargeting in New Orleans.
Results: 6.6 million impressions.

Winter Visitor Campaign

October 2024 - January 2025
Inviting Snowbirds (Sunshine Seniors), empty nesters, and others to exchange their cold-weather homes for an extended stay here brought more than 8,000 travelers to the area.The multi-tactic campaign used print, digital, cable TV, OTT, and social media advertising to connect with potential travelers in Illinois, Indiana, Michigan, Minnesota, Missouri, Ohio, and Wisconsin.

Sun Belt Basketball Championship Promotion

January - March 2025
In 2025 Pensacola hosted the fifth year of a five-year commitment to host the Sun Belt Basketball Championship. This seven-day tournament brings in men's and women's teams from the 14 conference schools. The promotion plan combined digital and social advertising with television, radio, outdoor and print advertising to draw out-of-market and local fans to the games. The campaign helped drive 8,100 room nights and $3.4 million in visitor spending.

Influencer Marketing

October 2024 - September 2025
Eleven social media influencers visited Pensacola with each promoting a central theme: food, winter travel, outdoor adventure, etc. The campaign delivered 2.3 million views valued at more than $142,800 in earned media value.

Meetings, Incentives, Conventions & Events Targeting

October 2024 - September 2025
Connecting with meeting and travel professionals on LinkedIn and in the digital ad space generated website traffic and engagement. Over 7,000 users visited the site. LinkedIn had an engagement rate over 22%.

Reported room nights, traveler counts, and similar metrics are based on sampled data attributed to selected digital ad impressions and do not represent the total numbers.

FY24/25 SOLUTIONS

Social Inclusion Campaign

October 2024 - September 2025

Combining The Way To Beach™ messaging with contextual targeting to connect with LGBTQ+ and African American travel-intenders generated almost 24,000 room nights and a 30x ROI.

Scuba Diving Promotion

October 2024 - September 2025

Print, digital, and social content marketing in partnership with *Scuba Diving Magazine* highlighted the area's robust diving opportunities and delivered more than 695,000 impressions.

Garden & Gun Seafood Rodeo

June 2025

This integrated promotion included a half-day fishing trip for guests, alongside three local chefs, and was followed by a ticketed dinner for 90 people where the fresh catch was prepared for each guest. The promotion was supported by in-magazine content and ads, as well as email, digital and social media promotion. The event was a sell-out and delivered more than 14.7 million impressions elevating Pensacola's culinary scene.

Early Bird Winter Visitor Campaign

August – September 2025

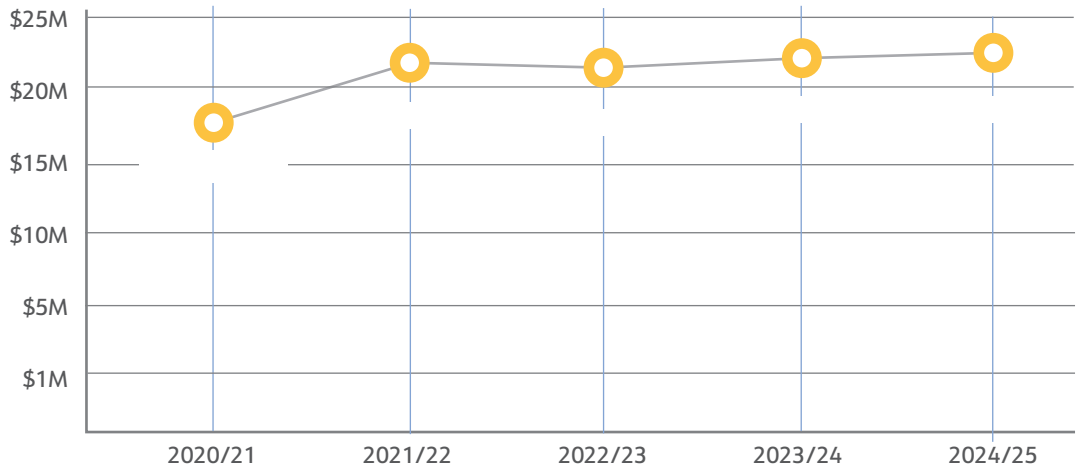
Historical booking data indicates that our winter visitors begin making their plans much sooner than the traditional beachgoer. A multi-touch campaign captured the attention of those cold-climate dwellers early in their planning process. In two months, over 8,000 room nights and 1,500 flights were booked.

Reported room nights, traveler counts, and similar metrics are based on sampled data attributed to selected digital ad impressions and do not represent the total numbers.

FY24/25 MARKET PERFORMANCE

TOURISM DEVELOPMENT TAX (TDT)

Tourism Development Tax collections increased in FY 24/25, in part due to an increase in ADR, occupancy and REV PAR.



Pensacola visitors generated 2,503,400 room nights in paid accommodations, a 0.8% increase from FY24.

37% of overnight visitors stayed in hotel/motel/resort properties and 23% stayed in vacation rental homes.

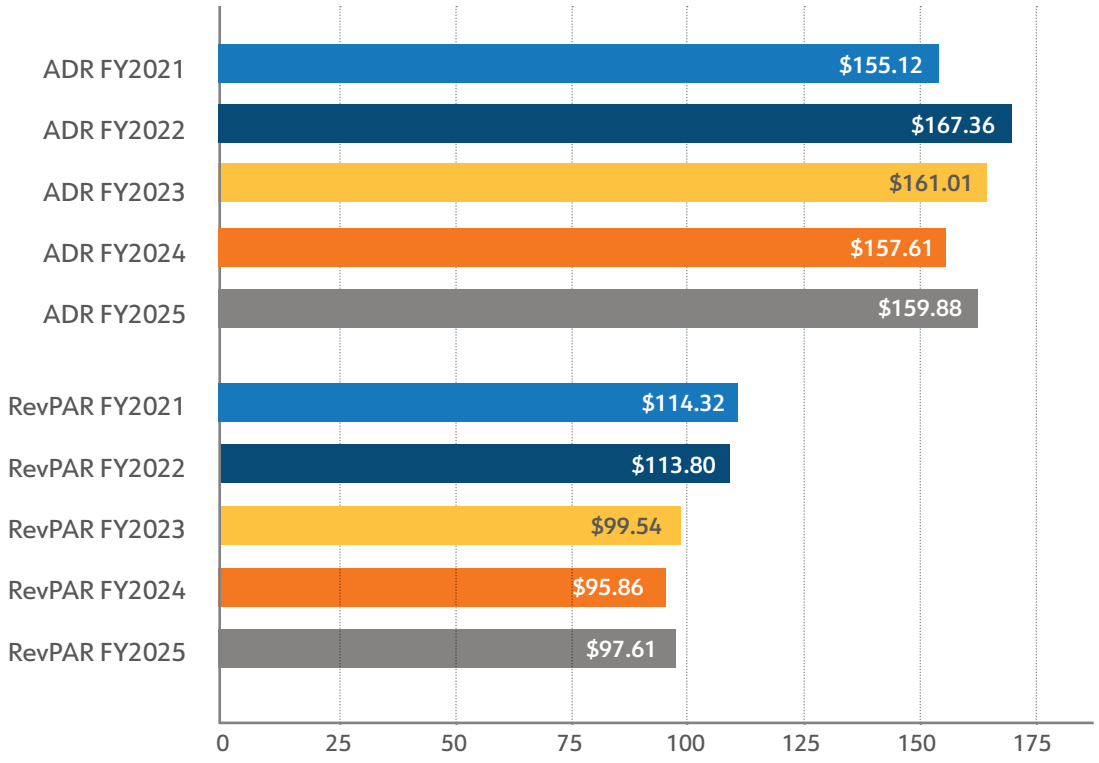
The record increase in FY 2020/2021 was due, in part, to the implementation of the fifth cent of TDT tax. The one cent hike began in May 2021.

*Calculating on 4¢
Note: FY21 tax rate was 4% through April 2021, then 5% through the end of FY21 and beyond. Increase in TDT for FY22 is calculated with TDT at 5%.

TDT Collections

- FY22 UP 23.3% over FY21*
- FY23 DOWN 1.1% from FY22*
- FY24 UP 2.9% over FY23*
- FY25 UP 0.1% over FY24*

FY24/25 MARKET PERFORMANCE



OCCUPANCY, ADR AND REVPAR

Escambia County saw increases in all lodging metrics.

Occupancy

- FY2021 - 73.7%
- FY2022 - 68.0%
- FY2023 - 61.8%
- FY2024 - 60.8%
- FY2025 - 61.1%

VISITPENSACOLA.COM

In FY25, VisitPensacola.com underwent a UX refresh, allowing us to tell the Pensacola story with a clean, modern look that connects users to the beauty of our destination. These changes allowed us to incorporate more of our beautiful photographs and videos, round out the corners of images, and use more of our brand colors. Along with these changes, we introduced video into our blog posts, expanded on our existing content, and, after the refresh, the website team updated each page, adding or updating photos and making SEO changes to boost our online presence. All these helped increase our website engagement rate by 5.3% over FY24.

ORGANIC SOCIAL MEDIA MARKETING

A robust organic social media marketing program is one of the key elements in Visit Pensacola's strategic marketing program. Over the past year, Visit Pensacola's owned social media channels attributed to 9% of travelers top trip planning sources.

The team leads with an expert mentality strategy focusing its channels on the brand's six core experiences, eight neighborhoods, over 370 partners, seasonality/time of year, events/holidays, core tourism initiatives, and stories and experiences that are unique to the area.

Visit Pensacola is one of the leading destination marketing organizations across Northwest Florida distributing 277 pieces of content across 9 social media channels.

In FY25 20% of visitors used their social media to help plan their trip. 35% of visitors had recently seen, read, or heard advertising, promotions, or travel stories about the Pensacola area.

Blogs

Visit Pensacola posted 29 new and 21 refreshed blogs in FY 25 to VisitPensacola.com. The team worked with numerous community members for a local's perspective to share insider tips for the best places to eat, do, stay, and more.

Video Blogs

New this year is adding videos to our existing blogs. This not only increases website engagement, but also increases our visibility on YouTube. The videos are another way we can utilize our existing videos to showcase our destination.

FY24/25 PR RECAP

PUBLIC RELATIONS OVERVIEW

PR 2025 Goals:

- Raise awareness and visibility of Pensacola's tourism offerings through national and regional public relations efforts
- Position Pensacola as the ideal vacation destination, leveraging The Way To Beach marketing campaign and messaging
- Secure coverage that highlights key destination pillars: America's Best Beaches, Art/Culture/Music, Family Travel, Dining & Cuisine, Nature, History and Military Attractions
- Generate impactful media coverage that drives visitation and revenue to the area
- Raise awareness for all of Pensacola's tourism assets including Pensacola, Pensacola Beach and Perdido Key, spotlighting lesser-known and "undiscovered" attractions
- Host journalists from national, regional and trade publications in-destination to tell the stories we want them to tell

Key Performance Indicators

- Host 35 or more quality and diverse journalists and content creators that align with brand values on individual or group press trips to Pensacola
- Secure coverage in at least 25% of media hot list outlets
- Maintain an average media impact score of 85 for earned media placements
- Generate at least 400 million earned media impressions
- Write and distribute at least two, tailored proactive pitches each month on behalf of Pensacola, in addition to ongoing direct media pitching, response to reactive leads and inclusion of the destination in agency roundups

PR Tactics:

- Press Materials: Draft pitches, media alerts and press releases for any important news and initiatives
- Media Lists: Update media lists tailored for Visit Pensacola (with regional, national and international outlets, trade publications, in-flight magazines, target market publications)
- Direct Pitches: Draft a variety of pitches showcasing Pensacola to capture media interest, including adventure travel, parks/outdoors, family travel deals, national holidays, local festivals, once-in-a-lifetime opportunities and more
- TV Segments: Book appropriate segments to promote tourism, travel trends, upcoming events, major openings and more in Escambia County
- Desksides and media hostings: Coordinate media desksides for Visit Pensacola during travel and tourism-related conferences. Invite press to visit Pensacola, Perdido Key and Pensacola Beach for hostings when possible
- Profile Pieces: Set up interviews with appropriate spokespersons in preparation for profile stories (i.e. Chefs, travel officials, Darien)
- Events: Assist with conceptualization and coordination of out of market media events to promote Visit Pensacola

FY24/25 COMMUNITY ENGAGEMENT RECAP

Community engagement was a priority for Visit Pensacola in FY 24/25

Here are a few highlights of our accomplishments:

Museum Plaza Cube
October 2025
This interactive art installation is designed to generate awareness and excitement among locals and in-market visitors about the county's primary areas of interest and overall brand position. Downtown Pensacola's Museum Plaza features multiple eight-foot cubes, each with four original murals. These easily accessed, permanent art pieces engage visitors and provide colorful photo backdrops. Visit Pensacola received one of these structures. This four-sided canvas offered a rich opportunity to share Pensacola's multi-faceted story.

Sun Belt Basketball Championship Fan Fest
March 2025
Visit Pensacola spearheaded organizing the Fan Fest for the 2025 Sun Belt Basketball Championship. The team organized vendor booths, games and entertainment to help draw crowds and drive attendance.

FY24/25 RESEARCH AND STRATEGIC PARTNERSHIPS

UK & IRELAND MARKET SUMMARY

Magic Torch PR & Trade Representation

In FY24/25, Visit Pensacola's UK and Ireland marketing efforts delivered strong visibility, increased trade engagement, and measurable booking growth in one of Florida's most valuable international markets.

Despite economic pressures impacting UK travelers, Florida remained the top long-haul destination, and Pensacola continued to gain traction through a targeted strategy focused on public relations, trade development, and consumer conversion.

Key Results

- 49 pieces of earned media coverage
- 8.6 million total impressions
- $465,560 in earned media value
- ROI of $15 for every $1 invested
- 279% increase in UK bookings
- 347,000+ consumer and trade touchpoints

by JONATHAN THOMPSON

Coverage appeared in leading outlets including *The Times, The Independent, Daily Mail, Travel Weekly,* and *Wanderlust,* reinforcing Pensacola's position as an appealing alternative to more crowded Florida destinations.

Trade & Sales Impact

The program emphasized strong relationships with tour operators and travel agents to drive long-term growth:

- 247 UK travel agents trained
- 82 trade meetings conducted
- New and expanded packages with **Hays Travel, USAir Tours, Silver Travel Advisor, and Travel Planners**
- Increased distribution through major bedbanks including Hotelbeds and Stuba

These efforts resulted in increased product availability and meaningful gains in bookings to Pensacola.

Campaign Performance

Targeted digital and social campaigns delivered strong engagement and return:

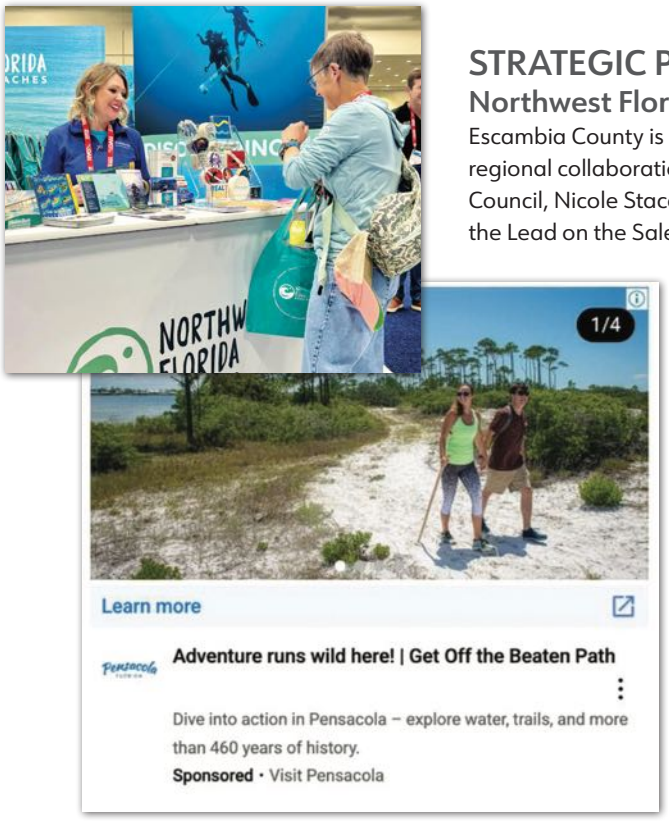
- High-performing paid and organic social campaigns
- Strong click-through rates and engagement
- Over $10,000 in added value generated from a $3,000 investment
- Estimated visitor spend exceeding $5,500 from campaign activity

The UK and Ireland market continues to show strong momentum. With increased trade penetration, growing consumer awareness, and proven ROI, this market remains a key component of Visit Pensacola's international growth strategy.

FY24/25 RESEARCH AND STRATEGIC PARTNERSHIPS

RESEARCH

Consumer research continues to be a key focus area for Visit Pensacola in FY24/25:



Visitor Insight Surveys

October 2024 - September 2025

In this ongoing research initiative 300 surveys are conducted each month at key locations and events throughout Escambia County.

Research reports can be found at visitpensacola.com/industry/reports/

STRATEGIC PARTNERSHIPS

Northwest Florida Tourism Council

Escambia County is represented by Visit Pensacola in this eight county regional collaboration. Darien Schaefer serves as the Chair for the Council, Nicole Stacey is Co-Lead on the Brand Team and Kaya Man is the Lead on the Sales Team.

Visit Pensacola's partnership with Northwest Florida Beaches expanded the destination's reach through a coordinated, multi-market digital campaign designed to grow awareness, extend seasonality, and encourage travel beyond peak summer months. Pensacola's custom Spring and Fall placements complemented the broader regional effort, driving traffic directly to VisitPensacola.com while highlighting outdoor adventure, history, and "off-the-beaten-path" experiences. The campaign generated 67 million impressions and more than 423,000 clicks, exceeding performance benchmarks and driving strong engagement in priority domestic markets as well as the UK.

Economic Impact & Visitor Tracking Study

FISCAL YEAR 2025

OCTOBER 2024 – SEPTEMBER 2025

Pensacola FLORIDA THE WAY TO BEACH™

downs & st. germain RESEARCH

METHODOLOGY

DATA COLLECTION

Interviews were completed in-person and online with **4,441** visitors between **October 1, 2024 and September 30, 2025**.

In-person surveying location included:

- Downtown Pensacola
- The Historic Village
- Pensacola Beach
- Perdido Key
- Pensacola International Airport

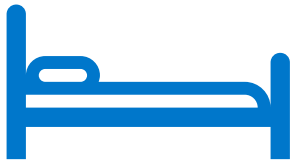
- National Aviation Museum
- Veterans Memorial Park
- Events

ECONOMIC IMPACT

Total economic impact is a function of direct spending by visitors in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars.

The economic impact analysis process has been updated to align more closely with current IMPLAN data models. As a result, previous years' figures have been revised using the updated methodology. IMPLAN models are based on government data sources (e.g., BEA, BLS, Census, etc.) that lag behind this report's calendar year, therefore future updates may occur as newer datasets become available. This Economic Impact analysis accounts for leakage outside of Escambia County (i.e., the cost of wholesale and retail trade services that do not continue to circulate within the county's economy).

MULTIPLIER



Downs & St. Germain Research uses IMPLAN economic modeling to calculate the multiplier based on direct expenditure data collected from visitors to the Pensacola area. Agencies such as FEMA, EPA, Federal Reserve Bank, and the Bureau of Land Management use IMPLAN modeling. Pensacola's multiplier is 1.53.

downs & st. germain RESEARCH

ANNUAL SNAPSHOT: FISCAL YEAR 2025

Direct spending increased slightly (+1.8%) compared to FY 2024 despite a **shorter length of stay** (4.2 vs 4.3 in FY 2024) and decrease in visitation.

Smaller travel party sizes (2.8 vs 3.0 in FY 2024) and fewer visitors staying with friends/relatives or in a personal second home contributed to the **decrease in overall visitation** (-2.8%).

With a slight increase in lodging **occupancy** (+0.4%) and **ADR** (+1.4%), **RevPAR** was up **+1.8%** compared to FY 2024. **Accommodation units** also saw a slight increase (+0.4%), leading to an increase in **room nights** (+0.8%) and **TDT** (+0.1%).

Visitors have a **longer trip planning window** of about **61 days** in advance (+4 days).

Consistent with last year, the **top trip planning sources** were **search sites** and **friends/family**. According to Phocuswright, this aligns with national trends as friends/family, general search, and online travel agencies are the most relied upon resources. More visitors utilized **VisitPensacola.com** (+4% points) and **friends/family** (+5% points) to plan their trip.

Visitors were more likely to view the **Visitor Guide** online (+6% points) prior to visiting the Pensacola area.

Consistent with last year, the **main reasons for visiting** to the Pensacola area included going to the **beach**, **relaxing and unwinding**, and **visiting friends/relatives**.

More visitors **recalled advertising** about the Pensacola area (+7% points). Top ad recall sources included VisitPensacola.com, personal social media, and television. Compared to FY 2024, visitors were more likely to see an ad on **VisitPensacola.com** (+11% points), **traveler reviews/blogs** (+7% points), **rental agencies/booking websites** (+6% points), and **weather apps** (+5% points). Advertising influenced **17% of all visitors** to come to the Pensacola area (+5% points).

There was an increase in visitors from the **Southeast** (+6% points), not including Florida, specifically from Alabama, Louisiana, and Mississippi. Mobile remains the top market.

Nearly half of visitors **traveled with children** under the age of 20 (+5% points). According to Hilton, 70% of global travelers who travel with children pick the destination based on the kids' needs/interests.

While there was a decrease in first time visitors (-4% points), there was an **increase in repeat visitors** as **31%** have visited the Pensacola area more than 10 times (+5% points).

The top visitor activities remained the same as visitors enjoy **dining out**, **relaxing and unwinding**, **visiting the beach**, and **shopping**. More visitors engaged in **shopping** (+10% points), **bars/nightclubs** (+6% points), and **special events** (+6% points) while visiting the Pensacola area.

Note: Airbnb (effective April 30, 2025) and Vrbo (effective May 30, 2025) have updated how rates are quoted through their platforms. The ADR now includes cleaning fees, platform service fees, and applicable discounts (e.g., weekly or monthly stay discounts). Therefore, the **ADR of vacation rentals may appear inflated** in YOY comparisons now that Key Data is capturing the inclusive price (excluding taxes) rather than the base accommodation rate.

Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III ☐

1 Briefly describe the organization's mission:

To promote the common business interests of Escambia County, Florida's tourism industry, and to unify the private sector, visitor, tourism, meeting and convention interests of the various incorporated and unincorporated areas of Escambia County.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses $ including grants of $) (Revenue $)

Our research has shown fiscal year 2022 increases across the board in total visitors of 2,509,100 people (up 1.1%), visitor spending of $1,309,013,600 (up 4.4%) and economic impact of $2,011,337,500 (up 3.9%). For every dollar ($1) invested in our tourism marketing, $29.28 is returned to local businesses through visitor spending and $1.76 is returned to Escambia County government in tax revenue. Tourism represents 22,000 jobs in Escambia County.

INDEPENDENT AUDITORS' REPORT

To the Finance Committee and Board of Directors
Visit Pensacola, Inc.

Opinion

We have audited the accompanying financial statements of Visit Pensacola, Inc. (a 501(c)(6) nonprofit organization, hereinafter referred to as VPI), which comprise the statements of financial position as of September 30, 2024 and 2023, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VPI as of September 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VPI and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VPI's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Visit Pensacola, Inc. (VPI) was formed in 2013, as a Florida not-for-profit corporation to promote the common business interests of the tourism industry in Escambia County, Florida, and to unify the private sector, visitor, tourism, meeting and convention interests of the various incorporated and unincorporated areas of Escambia County, in order to speak with a collective, focused voice of authority on issues that affect the tourism industry.

In August 2024, VPI amended its bylaws regarding dissolution. Upon dissolution, public Tourism Development Tax (TDT) funds and all remaining assets will be distributed according to a plan approved by the board of directors by an affirmative majority vote, exclusively to the Escambia County Board of Commissioners. Private funds from tourism partner dues will be returned pro rata to each partner for the current fiscal year. Private funds held in reserve will be distributed to tourism-related nonprofit or educational organizations. No part of the funds or net earnings will benefit or be distributed to members, directors, officers or other private persons.

Basis of Accounting and Presentation

The financial statements of VPI have been prepared on the accrual basis of accounting and in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP), which require that VPI report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes in net assets therein are classified as follows:

Net Assets Without Donor Restrictions – Net assets that are available for general use and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature and may, or will, be met either by passage of time or the events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. VPI did not have any net assets at September 30, 2024 and 2023, where the donor imposed restrictions.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with U.S. GAAP. These estimates and assumptions affect the amounts reported in the financial statements and the note disclosures. Actual results could vary from these estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, if applicable, VPI considers highly liquid debt instruments purchased within three months of maturity to be cash equivalents.

Investment in Certificate of Deposit

The certificate of deposit is an investment that matured in 2024.

Accounts Receivable
Stated at face amount with no allowance for credit losses. Management evaluates the status of unpaid accounts and adjusts the allowance as necessary through a provision for bad debt expense. No provision for credit losses had been established as of September 30, 2024 and 2023, as accounts receivable are considered to be fully collectible.

Revenue Recognition
Revenues are reported as increases in net assets without donor restrictions, unless their use is limited by donor-imposed restrictions. Under accounting standards, earned revenue measurement is driven via a principles-based process that requires the entity 1) identify the contract with the customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to the performance obligations; and 5) recognize revenue when (or as) performance obligations are satisfied. Contributed support follows different standards. A summary of each of the revenue and support flows are as follows:

The primary source of revenue is a portion of the local option tourist development tax imposed and collected on short-term lodging by the Escambia County Board of County Commissioners (the County). In accordance with the agreement with the County, VPI receives funding on a reimbursement basis from the County as expenditures are incurred in carrying out its mission.

Gifts and grants, including unconditional promises to give, are recognized as revenues as either without or with donor restrictions in the period verifiably committed by the donor. Gifts and grants of assets other than cash are recorded at their estimated fair value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows using a risk adjusted discount rate depending on the time period involved. Amortization of the discount is included in gift and grant revenue in accordance with the donor-imposed restrictions, if any, on the gifts or grants. Gifts or grants with donor-imposed restrictions that can be met through the passage of time or upon the incurring of expenses consistent with the purposes are recorded as net assets with donor restrictions and reclassified to net assets without donor restrictions when such time or purposes restriction has been satisfied.

Gifts of property and equipment are recorded as without donor restrictions, unless the donor explicitly states how such assets should be used. Gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. VPI reports expirations of donor restrictions when the donated or acquired long-lived asset is placed into service.

Conditional contributions are recorded as revenue when such amounts become unconditional, which generally involves the overcoming of a barrier to entitlement. This can include items like meeting a matching provision, incurring specified allowable expenses in accordance with a framework of allowable costs or other barriers. Contributions received pending designation by the donor are considered to be net assets with donor restrictions until donor stipulations are clarified at which time such are reclassified, if required.

Partnership dues represent revenues from businesses with interests in Escambia County that wish to support VPI's efforts to promote tourism within Escambia County. Partnership dues are recognized ratably on a monthly basis over the partnership period as the performance obligations are satisfied. Management believes that recognizing revenue over time is the best measure of services rendered based on the length of the partnership. Management does not consider there to be significant judgment involved in the timing of satisfaction of performance obligations as those are directly linked to the length of the partnership.

Inventories
Inventories consist primarily of souvenirs and promotional goods, including maps, brochures and postcards, and are valued at estimated cost.

Equipment
VPI capitalizes all expenditures in excess of $1,000 for equipment at cost. Repairs and maintenance costs are expensed as incurred. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Equipment is depreciated over five to seven years.

Donated Assets and Use of Facilities
Donated equipment and other noncash donations are valued at estimated fair value at the date of donation. VPI uses certain equipment which was acquired and paid for by Escambia County. Title vests with the County and such assets are not recorded as assets of VPI. The County does not charge VPI for the use of the equipment. The estimated fair market value of the use of these assets is recorded as in-kind income and related equipment and building repairs in the statements of functional expenses. Effective July 2020, VPI occupies space at the Pensacola Visitor Information Center under a lease agreement with the City of Pensacola for $10 annually. The lease term is 15 years unless otherwise terminated pursuant to the agreement. The estimated fair value of the use of these facilities is recorded as in-kind income and rent expense in the statements of functional expenses.

Unearned Revenue
Unearned revenue consists of partnership dues and advertising income, which were received in advance. The revenue will be recognized over the terms of the partnerships or once the advertisement occurs.

Compensated Absences
The liability for compensated absences of $78,816 and $70,002 as of September 30, 2024 and 2023, respectively, is included in accrued payroll and expenses in the statements of financial position. This represents amounts owed to employees under VPI's paid time off policy.

Functional Allocation of Expenses
The costs of providing the program and supporting activities of VPI have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated by management among the program and supporting activities based on time and effort or occupancy costs.

Advertising
The primary purpose of VPI is to promote and advertise the local community. Purchased advertising media is expensed when the related media is published or broadcast. Costs incurred in advance of an advertising program, such as printing and production, are recorded as prepaid expenses until the corresponding media is published or broadcast, at which time it is expensed.

Income Taxes
The Internal Revenue Service has granted VPI exemption from federal income tax under Section 501(c)(6) of the Internal Revenue Code. VPI is subject to taxation only on income from any business unrelated to its exempt purposes. VPI is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with U.S. GAAP.

Subsequent Events
VPI has evaluated events and transactions that occurred between September 30, 2024 and June 18, 2025, which is the date that financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Accounts receivable	$ 2,984,386	$ 1,802,408

3. LINE OF CREDIT

VPI has a revolving line of credit with Regions Bank in the amount of $500,000. The interest rate is Prime plus 0.50%, with a floor of 4.75%. The line of credit matures on October 15, 2025, and is secured by inventory, accounts, equipment, general intangibles and fixtures. At September 30, 2024 and 2023, there was no outstanding balance on the line of credit.

In October 2024, VPI borrowed $500,000 on the line of credit and fully repaid it in December 2024.

4. LIQUIDITY AND AVAILABILITY

VPI regularly monitors liquidity to meet its operating needs and other contractual commitments. VPI has various sources of liquidity at its disposal including cash, receivables and a line of credit. For purposes of analyzing resources available to meet general expenditures over a 12-month period, VPI considers all expenditures related to its ongoing activities of its mission, as well as the conduct of services undertaken to support those activities, to be general expenditures.

The following table shows the total financial assets held by VPI as of September 30, 2024 and 2023, and the amounts of those financial assets available within one year of the date of the statement of financial position to meet general expenditures.

	2024	2023
Financial assets at year-end:		
Cash	$ 469,621	$ 479,090
Certificate of deposit	-	250,000
Accounts receivable	2,984,386	1,802,408
Total financial assets available to meet general expenditures over the next 12 months	$ 3,454,007	$ 2,531,498

5. CONCENTRATIONS OF RISK

VPI's activities are primarily funded by a discretionary appropriation of the Escambia County local option tourist development tax. VPI's ability to continue to operate at current levels is dependent on continued funding from this source.

VPI maintains cash balances at a financial institution, which at times, may exceed federally insured limits. The balances held with the financial institution are insured by the Federal Deposit Insurance Corporation up to $250,000. VPI's cash balances, before outstanding checks and the certificate of deposit, exceeded federally insured limits by $385,695 and $716,115 at September 30, 2024 and 2023, respectively. VPI has not experienced any losses in such accounts and believes it is not exposed to any significant risk.

6. SUBRECIPIENT EXPENSE

VPI is the fiscal agent for Art, Culture and Entertainment, Inc. (ACE) and Pensacola Sports Association, Inc. (PSA). In accordance with the Miscellaneous Appropriations Agreements between the County and VPI (the Agreement), VPI accepts tourism development revenue from the County on behalf of ACE and PSA. As fiscal agent for ACE and PSA, VPI is responsible for administering the funding and ensuring it is spent in accordance with the Agreement.

In accordance with U.S. GAAP, this arrangement does not meet the criteria of being an agency transaction; therefore, the expenses incurred by each entity and reimbursed by VPI are recorded as subrecipient expense in the statements of functional expenses.

Subrecipient expenses for the year ended September 30, 2024, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 1,940,019	$ 777,143	$ 2,717,162
Operations expense	-	96,270	96,270
Personnel expense	-	450,972	450,972
Total subrecipient expense	$ 1,940,019	$ 1,324,385	$ 3,264,404

Subrecipient expenses for the year ended September 30, 2023, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 1,811,425	$ 683,616	$ 2,495,041
Operations expense	-	76,960	76,960
Personnel expense	-	353,486	353,486
Total subrecipient expense	$ 1,811,425	$ 1,114,062	$ 2,925,487

7. RELATED PARTY TRANSACTIONS

VPI enters into certain promotional partnership and marketing transactions with organizations that may be affiliated with members of VPI's board of directors. These transactions are conducted at arms-length and are in the normal course of business.

8. RETIREMENT PLAN

VPI administers a 401(k) plan for the benefit of its employees. All employees are eligible to participate if they have completed one year of service and are at least 21 years of age. The plan provides for a safe harbor matching employer contribution equal to 100% of salary deferrals that do not exceed 6% of compensation for each payroll period. The matching contributions totaled $40,259 and $34,157 for the years ended September 30, 2024 and 2023, respectively.

9. SUBSEQUENT EVENT

Effective October 1, 2024, the allocation from Escambia County's local option tourist development tax to VPI will be reduced as PSA is designated as a tourist bureau and will receive funding directly from Escambia County going forward.

INDEPENDENT AUDITORS' REPORT

To the Finance Committee and Board of Directors
Visit Pensacola, Inc.

Opinion

We have audited the accompanying financial statements of Visit Pensacola, Inc. (a 501(c)(6) nonprofit organization, hereinafter referred to as VPI), which comprise the statements of financial position as of September 30, 2023 and 2022, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VPI as of September 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VPI and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VPI's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Visit Pensacola, Inc. (VPI) was formed in 2013, as a Florida not-for-profit corporation to promote the common business interests of the tourism industry in Escambia County, Florida, and to unify the private sector, visitor, tourism, meeting and convention interests of the various incorporated and unincorporated areas of Escambia County, in order to speak with a collective, focused voice of authority on issues that affect the tourism industry.

Basis of Accounting and Presentation

The financial statements of VPI have been prepared on the accrual basis of accounting and in accordance with the accounting principles generally accepted in the United States of America (US GAAP) which require that VPI report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes in net assets therein are classified as follows:

Net Assets Without Donor Restrictions – Net assets that are available for general use and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature and may, or will, be met either by passage of time or the events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. VPI did not have any net assets at September 30, 2023 and 2022, where the donor imposed restrictions.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. These estimates and assumptions affect the amounts reported in the financial statements and the note disclosures. Actual results could vary from these estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, if applicable, VPI considers highly liquid debt instruments purchased within three months of maturity to be cash equivalents.

Investment in Certificate of Deposit

The certificate of deposit is an investment maturing in 2024.

Accounts Receivable

Accounts receivable are reported at unpaid balances less an allowance for doubtful accounts, if applicable. Management evaluates the status of unpaid accounts and adjusts the allowance as necessary through a provision for bad debt expense. No provision for uncollectible accounts had been established as of September 30, 2023 and 2022, as accounts receivable are considered to be fully collectible.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenue Recognition

Revenues are reported as increases in net assets without donor restrictions, unless their use is limited by donor-imposed restrictions. Under accounting standards, earned revenue measurement is driven via a principles-based process that requires the entity: 1) identify the contract with the customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to the performance obligations; and 5) recognize revenue when (or as) performance obligations are satisfied. Contributed support follows different standards. A summary of each of the revenue and support flows are as follows:

The primary source of revenue is a portion of the local option tourist development tax imposed and collected on short-term lodging by the Escambia County Board of County Commissioners (the County). In accordance with the agreement with the County, VPI receives funding on a reimbursement basis from the County as expenditures are incurred in carrying out its mission.

Gifts and grants, including unconditional promises to give, are recognized as revenues as either without or with donor restrictions in the period verifiably committed by the donor. Gifts and grants of assets other than cash are recorded at their estimated fair value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows using a risk adjusted discount rate depending on the time period involved. Amortization of the discount is included in gift and grant revenue in accordance with the donor-imposed restrictions, if any, on the gifts or grants. Gifts or grants with donor-imposed restrictions that can be met through the passage of time or upon the incurring of expenses consistent with the purposes are recorded as net assets with donor restrictions and reclassified to net assets without donor restrictions when such time or purposes restriction has been satisfied.

Gifts of property and equipment are recorded as without donor restrictions, unless the donor explicitly states how such assets should be used. Gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. VPI reports expirations of donor restrictions when the donated or acquired long-lived asset is placed into service.

Conditional contributions are recorded as revenue when such amounts become unconditional, which generally involves the overcoming of a barrier to entitlement. This can include items like meeting a matching provision, incurring specified allowable expenses in accordance with a framework of allowable costs or other barriers. Contributions received pending designation by the donor are considered to be net assets with donor restrictions until donor stipulations are clarified at which time such are reclassified, if required.

Partnership dues represent revenues from businesses with interests in Escambia County that wish to support VPI's efforts to promote tourism within Escambia County. Partnership dues are recognized ratably on a monthly basis over the partnership period as the performance obligations are satisfied. Management believes that recognizing revenue over time is the best measure of services rendered based on the length of the partnership. Management does not consider there to be significant judgment involved in the timing of satisfaction of performance obligations as those are directly linked to the length of the partnership.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Inventories
Inventories consist primarily of souvenirs and promotional goods, including maps, brochures and postcards, and are valued at estimated cost.

Equipment
VPI capitalizes all expenditures in excess of $1,000 for equipment at cost. Repairs and maintenance costs are expensed as incurred. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Equipment is depreciated over five to seven years.

Donated Assets and Use of Facilities
Donated equipment and other noncash donations are valued at estimated fair value at the date of donation. VPI uses certain equipment which was acquired and paid for by Escambia County. Title vests with the County and such assets are not recorded as assets of VPI. The County does not charge VPI for the use of the equipment. The estimated fair market value of the use of these assets is recorded as in-kind income and related equipment and building repairs in the statements of functional expenses. Effective July 2020, VPI occupies space at the Pensacola Visitor Information Center under a lease agreement with the City of Pensacola for $10 annually. The lease term is 15 years unless otherwise terminated pursuant to the agreement. The estimated fair value of the use of these facilities are recorded as in-kind income and rent expense in the statements of functional expenses.

Unearned Revenue
Unearned revenue consists of partnership dues and advertising income, which were received in advance. The revenue will be recognized over the terms of the partnerships or once the advertisement occurs.

Compensated Absences
The liability for compensated absences of $70,002 and $59,229 as of September 30, 2023 and 2022, respectively, is included in accrued payroll and expenses in the statement of financial position. This represents amounts owed to employees under VPI's paid time off policy.

Functional Allocation of Expenses
The costs of providing the program and supporting activities of VPI have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated by management among the program and supporting activities based on time and effort or occupancy costs.

Advertising
The primary purpose of VPI is to promote and advertise the local community. As such, all program expenses are considered to be either direct or indirect forms of advertising. Such costs are expensed as incurred.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Income Taxes
The Internal Revenue Service has granted VPI exemption from federal income tax under Section 501(c)(6) of the Internal Revenue Code. VPI is subject to taxation only on income from any business unrelated to its exempt purposes. VPI is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with US GAAP.

Reclassification
Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Subsequent Events
VPI has evaluated events and transactions that occurred between September 30, 2023 and February 20, 2024, which is the date that financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. ACCOUNTS RECEIVABLE

Accounts receivable at September 30, 2023 and 2022, consisted of the following:

	2023	2022
Tourism development tax receivable	$ 1,798,633	$ 1,870,635
Partnership dues	3,775	-
Other	-	80
Accounts receivable	$ 1,802,408	$ 1,870,715

3. LINE OF CREDIT

VPI has a revolving line of credit with Regions Bank in the amount of $500,000. The interest rate is Prime plus 0.50%, with a floor of 4.75%. The line of credit matures on October 15, 2023, and is secured by inventory, accounts, equipment, general intangibles and fixtures. At September 30, 2023 and 2022, there was no outstanding balance on the line of credit.

In October 2023, the line of credit was renewed through October 15, 2024.

4. LIQUIDITY AND AVAILABILITY

VPI regularly monitors liquidity to meet its operating needs and other contractual commitments. VPI has various sources of liquidity at its disposal including cash, receivables and a line of credit. For purposes of analyzing resources available to meet general expenditures over a 12-month period, VPI considers all expenditures related to its ongoing activities of its mission, as well as the conduct of services undertaken to support those activities, to be general expenditures.

The following table shows the total financial assets held by VPI as of September 30, 2023 and 2022, and the amounts of those financial assets available within one year of the date of the statement of financial position to meet general expenditures.

	2023	2022
Financial assets at year end:		
Cash	$ 479,090	$ 885,086
Certificate of deposit	250,000	-
Accounts receivable	1,802,408	1,870,715
Total financial assets available to meet general expenditures over the next 12 months	$ 2,531,498	$ 2,755,801

5. CONCENTRATIONS OF RISK

VPI's activities are primarily funded by a discretionary appropriation of the Escambia County local option tourist development tax. VPI's ability to continue to operate at current levels is dependent on continued funding from this source.

VPI maintains cash balances at a financial institution, which at times, may exceed federally insured limits. The balances held with the financial institution are insured by the Federal Deposit Insurance Corporation up to $250,000. VPI's cash balances, before outstanding checks and the certificate of deposit, exceeded federally insured limits by $716,115 and $808,594 at September 30, 2023 and 2022, respectively. VPI has not experienced any losses in such accounts and believes it is not exposed to any significant risk.

6. SUBRECIPIENT EXPENSE

VPI is the fiscal agent for Art, Culture and Entertainment, Inc. (ACE) and Pensacola Sports Association, Inc. (PSA). In accordance with the Miscellaneous Appropriations Agreements between the County and VPI (the Agreement), VPI accepts tourism development revenue from the County on behalf of ACE and PSA. As fiscal agent for ACE and PSA, VPI is responsible for administering the funding and ensuring it is spent in accordance with the Agreement.

In accordance with US GAAP, this arrangement does not meet the criteria of being an agency transaction; therefore, the expenses incurred by each entity and reimbursed by VPI are recorded as subrecipient expense in the statements of functional expenses.

Subrecipient expenses for the year ended September 30, 2023, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 1,811,425	$ 683,616	$ 2,495,041
Operations expense	-	76,960	76,960
Personnel expense	-	353,486	353,486
Total subrecipient expense	$ 1,811,425	$ 1,114,062	$ 2,925,487

Subrecipient expenses for the year ended September 30, 2022, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 1,250,000	$ 620,009	$ 1,870,009
Operations expense	-	88,335	88,335
Personnel expense	-	351,234	351,234
Total subrecipient expense	$ 1,250,000	$ 1,059,578	$ 2,309,578

7. RELATED PARTY TRANSACTIONS

VPI enters into certain promotional partnership and marketing transactions with organizations that may be affiliated with members of VPI's board of directors. These transactions are conducted at arms-length and are in the normal course of business.

8. RETIREMENT PLAN

VPI administers a 401(k) plan for the benefit of its employees. All employees are eligible to participate if they have completed one year of service and are at least 21 years of age. The plan provides for a safe harbor matching employer contribution equal to 100% of salary deferrals that do not exceed 6% of compensation for each payroll period. The matching contributions totaled $34,157 and $28,231 for the years ended September 30, 2023 and 2022, respectively.

INDEPENDENT AUDITORS' REPORT

To the Finance Committee and Board of Directors
Visit Pensacola, Inc.

Opinion

We have audited the accompanying financial statements of Visit Pensacola, Inc. (a 501(c)(6) nonprofit organization, hereinafter referred to as VPI), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VPI as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VPI and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VPI's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Visit Pensacola, Inc. (VPI) was formed in 2013, as a Florida not-for-profit corporation to promote the common business interests of the tourism industry in Escambia County, Florida, and to unify the private sector, visitor, tourism, meeting and convention interests of the various incorporated and unincorporated areas of Escambia County, in order to speak with a collective, focused voice of authority on issues that affect the tourism industry.

Basis of Accounting and Presentation

The financial statements of VPI have been prepared on the accrual basis of accounting and in accordance with the accounting principles generally accepted in the United States of America (US GAAP) which require that VPI report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes in net assets therein are classified as follows:

Net Assets Without Donor Restrictions – Net assets that are available for general use and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature and may, or will, be met either by passage of time or the events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. VPI did not have any net assets at September 30, 2022 and 2021, where the donor imposed restrictions.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. These estimates and assumptions affect the amounts reported in the financial statements and the note disclosures. Actual results could vary from these estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, if applicable, VPI considers highly liquid debt instruments purchased within three months of maturity to be cash equivalents.

Accounts Receivable

Accounts receivable are reported at unpaid balances less an allowance for doubtful accounts, if applicable. Management evaluates the status of unpaid accounts and adjusts the allowance as necessary through a provision for bad debt expense. No provision for uncollectible accounts had been established as of September 30, 2022 and 2021, as accounts receivable are considered to be fully collectible.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenue Recognition

Revenues are reported as increases in net assets without donor restrictions, unless their use is limited by donor-imposed restrictions. Under accounting standards, earned revenue measurement is driven via a principles-based process that requires the entity: 1) identify the contract with the customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to the performance obligations; and 5) recognize revenue when (or as) performance obligations are satisfied. Contributed support follows different standards. A summary of each of the revenue and support flows are as follows:

The primary source of revenue is a portion of the local option tourist development tax imposed and collected on short-term lodging by the Escambia County Board of County Commissioners (the County). In accordance with the agreement with the County, VPI receives funding on a reimbursement basis from the County as expenditures are incurred in carrying out its mission.

Gifts and grants, including unconditional promises to give, are recognized as revenues as either without or with donor restrictions in the period verifiably committed by the donor. Gifts and grants of assets other than cash are recorded at their estimated fair value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows using a risk adjusted discount rate depending on the time period involved. Amortization of the discount is included in gift and grant revenue in accordance with the donor-imposed restrictions, if any, on the gifts or grants. Gifts or grants with donor-imposed restrictions that can be met through the passage of time or upon the incurring of expenses consistent with the purposes are recorded as net assets with donor restrictions and reclassified to net assets without donor restrictions when such time or purposes restriction has been satisfied.

Gifts of property and equipment are recorded as without donor restrictions, unless the donor explicitly states how such assets should be used. Gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. VPI reports expirations of donor restrictions when the donated or acquired long-lived asset is placed into service.

Conditional contributions are recorded as revenue when such amounts become unconditional, which generally involves the overcoming of a barrier to entitlement. This can include items like meeting a matching provision, incurring specified allowable expenses in accordance with a framework of allowable costs, or other barriers. Contributions received pending designation by the donor are considered to be net assets with donor restrictions until donor stipulations are clarified at which time such are reclassified, if required.

Partnership dues represent revenues from businesses with interests in Escambia County that wish to support VPI's efforts to promote tourism within Escambia County. Partnership dues are recognized ratably on a monthly basis over the partnership period as the performance obligations are satisfied. Management believes that recognizing revenue over time is the best measure of services rendered based on the length of the partnership. Management does not consider there to be significant judgment involved in the timing of satisfaction of performance obligations as those are directly linked to the length of the partnership.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Inventories
Inventories consist primarily of souvenirs and promotional goods, including maps, brochures and postcards, and are valued at estimated cost.

Equipment
VPI capitalizes all expenditures in excess of $1,000 for equipment at cost. Repairs and maintenance costs are expensed as incurred. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Equipment is depreciated over five to seven years.

Donated Assets and Use of Facilities
Donated equipment and other noncash donations are valued at estimated fair value at the date of donation. VPI uses certain equipment which was acquired and paid for by Escambia County. Title vests with the County and such assets are not recorded as assets of VPI. The County does not charge VPI for the use of the equipment. The estimated fair market value of the use of these assets is recorded as in-kind income and related equipment and building repairs in the statements of functional expenses. Effective July 2020, VPI occupies space at the Pensacola Visitor Information Center under a lease agreement with the City of Pensacola for $10 annually. The lease term is 15 years unless otherwise terminated pursuant to the agreement. The estimated fair value of the use of these facilities are recorded as in-kind income and rent expense in the statements of functional expenses.

Unearned Revenue
Unearned revenue consists of partnership dues and advertising income, which were received in advance. The revenue will be recognized over the terms of the partnerships or once the advertisement occurs.

Compensated Absences
The liability for compensated absences of $59,229 and $44,913 as of September 30, 2022 and 2021, respectively, is included in accrued payroll and expenses in the statement of financial position. This represents amounts owed to employees under VPI's paid time off policy.

Functional Allocation of Expenses
The costs of providing the program and supporting activities of VPI have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated by management among the program and supporting activities based on time and effort or occupancy costs.

Advertising
The primary purpose of VPI is to promote and advertise the local community. As such, all program expenses are considered to be either direct or indirect forms of advertising. Such costs are expensed as incurred.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Income Taxes
The Internal Revenue Service has granted VPI exemption from federal income tax under Section 501(c)(6) of the Internal Revenue Code. VPI is subject to taxation only on income from any business unrelated to its exempt purposes. VPI is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with US GAAP.

Subsequent Events
VPI has evaluated events and transactions that occurred between September 30, 2022, and May 12, 2023, which is the date that financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. ACCOUNTS RECEIVABLE

Accounts receivable at September 30, 2022 and 2021, consisted of the following:

	2022	2021
Tourism development tax receivable	$ 1,870,635	$ 1,465,730
Partnership dues	-	4,461
Other	80	220
Accounts receivable	$ 1,870,715	$ 1,470,411

3. LINE OF CREDIT

VPI has a revolving line of credit with Regions Bank in the amount of $500,000. The interest rate is Prime plus 0.50%, with a floor of 4.75%. The line of credit matures on October 15, 2022, and is secured by inventory, accounts, equipment, general intangibles and fixtures. At September 30, 2022 and 2021, there was no outstanding balance on the line of credit.

In October 2022, the line of credit was renewed through October 15, 2023. VPI borrowed $300,000 from the line of credit in October 2022, which was fully repaid in December 2022.

4. PAYCHECK PROTECTION PROGRAM LOAN

In February 2021, VPI obtained a loan (the Loan) from Regions Bank in the amount of $203,237 under the Paycheck Protection Program (PPP) established by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Under the terms of the PPP, up to 100% of the loan and related interest may be forgiven if the proceeds are used for covered expenses, and certain other requirements related to wage rates and maintenance of full-time equivalents are met. VPI applied for forgiveness and received forgiveness of $203,237 from the Small Business Administration (SBA) on November 2021.

5. GRANT INCOME

During the year ended September 30, 2021, VPI received $500,000 in CARES Act Coronavirus Relief Funds from the County. Under the terms of the CARES Agreement, the County reimbursed VPI $500,000 for CARES Act eligible expenses incurred through December 30, 2020.

6. LIQUIDITY AND AVAILABILITY

VPI regularly monitors liquidity to meet its operating needs and other contractual commitments. VPI has various sources of liquidity at its disposal including cash, receivables and a line of credit. For purposes of analyzing resources available to meet general expenditures over a 12-month period, VPI considers all expenditures related to its ongoing activities of its mission, as well as the conduct of services undertaken to support those activities, to be general expenditures.

The following table shows the total financial assets held by VPI as of September 30, 2022 and 2021, and the amounts of those financial assets available within one year of the date of the statement of financial position to meet general expenditures.

	2022	2021
Financial assets at year end:		
Cash	$ 885,086	$ 905,230
Accounts receivable	1,870,715	1,470,411
Total financial assets available to meet general expenditures over the next 12 months	$ 2,755,801	$ 2,375,641

7. CONCENTRATIONS OF RISK

VPI's activities are primarily funded by a discretionary appropriation of the Escambia County local option tourist development tax. VPI's ability to continue to operate at current levels is dependent on continued funding from this source.

VPI maintains cash balances at a financial institution, which at times, may exceed federally insured limits. The balances held with the financial institution are insured by the Federal Deposit Insurance Corporation up to $250,000. VPI's cash balances, before outstanding checks, exceeded federally insured limits by $808,594 and $1,232,879 at September 30, 2022 and 2021, respectively. VPI has not experienced any losses in such accounts and believes it is not exposed to any significant risk.

8. SUBRECIPIENT EXPENSE

VPI is the fiscal agent for Art, Culture and Entertainment, Inc. (ACE) and Pensacola Sports Association, Inc. (PSA). In accordance with the Miscellaneous Appropriations Agreements between the County and VPI (the Agreement), VPI accepts tourism development revenue from the County on behalf of ACE and PSA. As fiscal agent for ACE and PSA, VPI is responsible for administering the funding and ensuring it is spent in accordance with the Agreement.

In accordance with US GAAP, this arrangement does not meet the criteria of being an agency transaction; therefore, the expenses incurred by each entity and reimbursed by VPI are recorded as subrecipient expense in the statements of functional expenses.

Subrecipient expenses for the year ended September 30, 2022, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 1,250,000	$ 620,009	$ 1,870,009
Operations expense	-	88,335	88,335
Personnel expense	-	351,234	351,234
Total subrecipient expense	$ 1,250,000	$ 1,059,578	$ 2,309,578

Subrecipient expenses for the year ended September 30, 2021, consisted of the following:

	ACE	PSA	Total
Direct programming expense	$ 944,576	$ 352,084	$ 1,296,660
Operations expense	-	59,252	59,252
Personnel expense	-	243,590	243,590
Total subrecipient expense	$ 944,576	$ 654,926	$ 1,599,502

9. RELATED PARTY TRANSACTIONS

VPI enters into certain promotional partnership and marketing transactions with organizations that may be affiliated with members of VPI's board of directors. These transactions are conducted at arms-length and are in the normal course of business.

10. RETIREMENT PLAN

VPI administers a 401(k) plan for the benefit of its employees. All employees are eligible to participate if they have completed one year of service and are at least 21 years of age. The plan provides for a safe harbor matching employer contribution equal to 100% of salary deferrals that do not exceed 6% of compensation for each payroll period. The matching contributions totaled $28,231 and $21,833 for the years ended September 30, 2022 and 2021, respectively.

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Description of Program: **To attract cultural tourism to Escambia County by supporting arts and cultural programming non-profit organizations in Escambia County through general operating grants. In addition, to attract and broaden the base of tourists through the Vacation Artfully cultural tourism marketing campaign and the annual Foo Foo Festival grant program and marketing campaign**.

How many years has your organization provided services in the County? **17 years.**

How many years has your organization received funding from the County? **17 years.**

Explain how receiving funds from the County would impact your organization:

We serve as Escambia County's designated Local Arts Agency and partner with Visit Pensacola to maximize the effective use of TDT funds in reaching cultural tourists. No other agency in Escambia County provides this same service. Local arts and cultural nonprofits rely on ACE grants to promote their programs to cultural visitors.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: **For fiscal year 2025-2026, ACE was awarded a total of $2,159,227 (base of $2,122,956 and a supplemental of $36,271).**

Briefly describe how last year's funds were used? **The funds supported arts and cultural organizations through a general operating grant program and the annual Foo Foo Festival grant program, both designed to strengthen and expand cultural tourism. ACE also carried out two annual marketing campaigns—Vacation Artfully and Foo Foo Festival—through agreements with Hummingbird Ideas and Giant Noise.**

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

In addition to the funds provided directly to local arts and culture non-profit organizations through the operating grant program and the positive impact their programming has for our area and in driving tourism, ACE's annual 12-day Foo Foo Festival celebration generated $5,162,000 in out-of-county visitor spending and had an estimated economic impact of $7,878,800. Escambia County also welcomed a variety of visitors from across the country with most out-of-county visitors being from the Southeast including, Florida, Alabama, Georgia, Louisiana, and Mississippi. Escambia County also welcomed international visitors from Denmark and the United Kingdom. Foo Foo Festival had a total attendance of 75,100 and generated 5,735 nights in paid accommodations in the Pensacola area.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

Funds requested for Fiscal Year 2026-2027 will be used for continued support of our General Operating Grant Program supporting our local non-profit arts organizations, Foo Foo Festival Grant Program, and cultural marketing through two annual campaigns: Foo Foo Festival and Vacation Artfully. There is no other cultural tourism marketing program being executed in Escambia County. The grant programs and marketing campaigns also improve the standard of living for the Citizens of Escambia County.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

The program is not a governmental function in Escambia County. It should be a requirement for the County to invest in the arts and provide cultural tourism marketing through a partner agency like ACE, but it is not.

Is this a one-time request or a recurring request for funding? **Recurring request**.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area,

and how you have partnered with those organizations: **None**.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

We are a Designated Local Arts Agency for Escambia County and work with Visit Pensacola to ensure the greatest and most efficient use of the TDT to market to the broadest number of prospective cultural tourists. There is no other agency doing the work we do in Escambia County.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: **0%**
- Percentage for direct programming costs: **100%**

  ACE has no paid employees and is operated on a volunteer basis. As a result, 100% of the funds received for fiscal year 2026-2027 will be used to support direct programming costs.

If only a portion of your requested funding is granted, how will you offset the difference?

ACE will have to look for an alternative funding source, scale back the programs, or cancel them.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: **N/A**.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

ACE also requests funds from the City of Pensacola to support these same programs and initiatives. ACE received $125,000 from the City of Pensacola for fiscal years 2024 and 2025. Of the funds received, $100,000 supported the General Operating Grant Program and $25,000 supported the Foo Foo Festival. ACE also receives funds from The Florida Arts License Plate Program. The amount varies but is on average about $7,500 per year. The funds from the Floria Arts License Plate Program are used to support ACE's mini grant program. There is no duplication of funding for the mini grant program.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this

program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Increase the number of out-of-town visitors during Foo Foo Fest	35,966	24,800	26,040	5%
2. Increase overall attendance at Foo Foo Fest	90,000	75,100	78,855	5%
3.Increase overall economic impact of Foo Foo Fest in Escambia County	$27MIL	$,7,878,000	$8,271,900	5%

b) State the source used to provide your program metrics:

HAAS Economic Impact Report (2024) and Downs and St. Germaine Economic Impact Report (2025).

Please note that ACE changed its vendor for the economic impact survey in 2026. The 2026 report uses different models and metrics than the 2025 report to measure attendance and economic output and should therefore be considered the new baseline for all future comparisons.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1.Increase the number of out-of-town visitors to Escambia County	27,040
2.Increase the overall attendance at Foo Foo Fest	78,855
3.Increase overall economic impact of Foo Foo Fest	$8,271,900

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY27
1.Increase the number of out-of-town visitors to Escambia County	24,800

2.Increase overall attendance at Foo Foo Fest	75,100
3.Increase overall economic impact of Foo Foo Fest	$7,868,000

TOURISM PROMOTION AGENCIES

1. Please describe the marketing plan for your event or tourism related activity:

   In 2025, ACE continued to work closely with Hummingbird Ideas and Giant Noise to showcase Pensacola and Escambia County as a premier arts and culture destination in the Southeast region of the country. We increased our efforts in core drive and fly markets like Nashville, Dallas, Atlanta, and Mobile, and on a national level revisited partnerships with publications like Artful Living.

   In 2026, we look forward to the opportunity to expand upon these efforts, continuing our immersion into core and developing markets like Austin, Tallahassee, Jacksonville, and Houston to further raise awareness of our area's art and culture scene and tell the stories of our culture-filled community.

2. Please provide information regarding ticket sales or sponsorships for your event or tourism related activity:

   ACE does not sell tickets or have sponsors. Each grant recipient is responsible for ticket sales and sponsorship for their grant funded events and programming.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

List any other public or private organizations/agencies who provide similar services in the area,

and how you have partnered with those organizations: **None**.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

We are a Designated Local Arts Agency for Escambia County and work with Visit Pensacola to ensure the greatest and most efficient use of the TDT to market to the broadest number of prospective cultural tourists. There is no other agency doing the work we do in Escambia County.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: **0%**
- Percentage for direct programming costs: **100%**

  ACE has no paid employees and is operated on a volunteer basis. As a result, 100% of the funds received for fiscal year 2026-2027 will be used to support direct programming costs.

If only a portion of your requested funding is granted, how will you offset the difference?

ACE will have to look for an alternative funding source, scale back the programs, or cancel them.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: **N/A**.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

ACE also requests funds from the City of Pensacola to support these same programs and initiatives. ACE received $125,000 from the City of Pensacola for fiscal years 2024 and 2025. Of the funds received, $100,000 supported the General Operating Grant Program and $25,000 supported the Foo Foo Festival. ACE also receives funds from The Florida Arts License Plate Program. The amount varies but is on average about $7,500 per year. The funds from the Floria Arts License Plate Program are used to support ACE's mini grant program. There is no duplication of funding for the mini grant program.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this

program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Increase the number of out-of-town visitors during Foo Foo Fest	35,966	24,800	26,040	5%
2. Increase overall attendance at Foo Foo Fest	90,000	75,100	78,855	5%
3.Increase overall economic impact of Foo Foo Fest in Escambia County	$27MIL	$,7,878,000	$8,271,900	5%

b) State the source used to provide your program metrics:

HAAS Economic Impact Report (2024) and Downs and St. Germaine Economic Impact Report (2025).

Please note that ACE changed its vendor for the economic impact survey in 2026. The 2026 report uses different models and metrics than the 2025 report to measure attendance and economic output and should therefore be considered the new baseline for all future comparisons.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1.Increase the number of out-of-town visitors to Escambia County	27,040
2.Increase the overall attendance at Foo Foo Fest	78,855
3.Increase overall economic impact of Foo Foo Fest	$8,271,900

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY27
1.Increase the number of out-of-town visitors to Escambia County	24,800

2.Increase overall attendance at Foo Foo Fest	75,100
3.Increase overall economic impact of Foo Foo Fest	$7,868,000

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

TOURISM PROMOTION AGENCIES

1. Please describe the marketing plan for your event or tourism related activity:

   In 2025, ACE continued to work closely with Hummingbird Ideas and Giant Noise to showcase Pensacola and Escambia County as a premier arts and culture destination in the Southeast region of the country. We increased our efforts in core drive and fly markets like Nashville, Dallas, Atlanta, and Mobile, and on a national level revisited partnerships with publications like Artful Living.

   In 2026, we look forward to the opportunity to expand upon these efforts, continuing our immersion into core and developing markets like Austin, Tallahassee, Jacksonville, and Houston to further raise awareness of our area's art and culture scene and tell the stories of our culture-filled community.

2. Please provide information regarding ticket sales or sponsorships for your event or tourism related activity:

   ACE does not sell tickets or have sponsors. Each grant recipient is responsible for ticket sales and sponsorship for their grant funded events and programming.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Annual Narrative Instructions for Organizations granted TDT Funds:

Your organization has received funds from Escambia County from the Tourist Development Tax (TDT) Fund. Florida law requires organizations who are granted these funds to provide the information below in an annual report regarding the expenditure of funds. Please provide the following information in your annual report:

1. The Basics:
Name of Organization (must match W9):

Contact Name/Title:

Mailing Address:

Funding Amount Received:

2. Introduction:
Brief description of the organization/event:

Is this a new or recurring grant?

If recurring, how many years?

If new, do you anticipate the organization/event becoming a recurring grant?

3. Narrative:
How did your organization/event benefit the tourism industry and/or promote tourism in Escambia County by increasing the number and quality of tourist related activities?

How were the TDT funds spent?

Provide specific details on how TDT funds were spent.

Please provide the number of hotel/motel room nights generated from your event. What is the source of your data and metrics?

Please attach a copy of your completed Market Plan, and provide details regarding the success of your plan.

How did you measure the success of your organization/event? What goals did you establish? Examples of goals may include the following: Attendance/Spectators; Ticket Sales; Number of Participants; Number of Vendors/Exhibitors; Sponsorship Support; Media Coverage; Website Visits; Social Media Engagement; Hotel/Motel Room Nights Generated.

4. Quarterly Metrics Summary

Please provide the following quarterly metrics as approved by the BOCC:

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

ART, CULTURE, AND ENTERTAINMENT, INC.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

6 City, state, and ZIP code

PENSACOLA, FL 32502

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Art, Culture and Entertainment, Inc.

Opinion

We have audited the accompanying financial statements of Art, Culture and Entertainment, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2024, and the related statements of changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Art, Culture and Entertainment, Inc. as of September 30, 2024, and the changes in its net assets, functional expenses, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Art, Culture and Entertainment, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting

from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Art, Culture and Entertainment, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Art, Culture and Entertainment, Inc.'s 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 12, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The summary of cash receipts and disbursements on page 12 is presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Purpose

Art, Culture and Entertainment, Inc. (ACE), is a non-profit organization organized exclusively for charitable and educational purposes, including for such purposes, the making of distributions to art institutions, cultural events, and community entertainment organizations that have been in existence for at least 24 months and qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue code or to Florida Non-Profits with the primary location in Escambia County, FL. ACE will receive federal, state, county, city, and personal funds to disperse through an equitable granting process to arts, culture, and entertainment organizations.

B. Basis of Accounting and Presentation

The accompanying financial statements of Art, Culture and Entertainment, Inc. have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Under ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. A description of the net asset categories are as follows:

Net assets without donor restrictions – The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors. Board-designated net assets may be earmarked for future programs, investments, contingencies, purchases or construction of fixed assets, or other uses. Some governing boards may delegate decisions to internal management. Such designations are considered to be included in board-designated net assets.

Net assets with donor restrictions - The part of net assets of a not-for-profit that is subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants). Some donors impose restrictions that are temporary in nature or purpose restricted. Other donors impose restrictions that are perpetual in nature that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. Purpose restricted net assets are deemed to be restricted for the donor-specified purpose by explicit donor stipulation. In addition, investment returns from net assets that are perpetual in nature or purpose restricted are classified as net assets with donor restrictions until appropriated for expenditure. Once appropriated, purpose restricted assets are released to net assets without donor restrictions. The Organization did not have any restricted net assets that were perpetual in nature for the years presented.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of short-term, highly liquid investments which are readily convertible into cash within ninety (90) days of purchase. Carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Revenue Recognition

The Organization analyzed the provisions of the FASB's ASC Topic 606, *Revenue from Contracts with Customers,* and has concluded that no changes are necessary to conform to the new standard. The Organization has no contracts with customers. All revenue is from grants and contributions.

E. Grants

Support from government grants is recorded based upon the terms of the grantor allotment which generally provides that revenue is earned when the allowable costs of the specific grant provisions have been incurred or the performance of the services has been rendered. Such revenue is subject to audit by the grantor and if the examination results in a deficiency of allowable expenses, the Organization will be required to refund any deficiencies.

F. Refundable Grant Payable

According to the grant agreements, any residual program funds that remain unspent or unencumbered by any existing (not contingent) legal obligations will be returned in the form of a negotiable instrument not later than sixty (60) days after the expiration of the agreement which the funds relate. The amount to be refunded to the grantors totaled $54,639 and $8,262 as of September 30, 2024 and 2023.

G. Contributions

Contributions are recognized in the period received or pledged unconditionally. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for a specific purpose or time period are reported as with donor restrictions. Amounts required to be maintained in perpetuity by the donor are reported as with donor restrictions and disclosed as perpetual. A donor restriction expires when a time restriction ends or when the purpose for which it was intended is satisfied. When a restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and are reported in the Statement of Activities as net assets released from restrictions.

H. Contributed Services

The directors of the Board have made significant contributions of their time to run the operations of the organization. The value of the contributed time is not reflected in the financial statements because these services did not create or enhance a nonfinancial asset, nor did they require specialized skills that would need to be purchased if not donated.

I. Advertising and Marketing Costs

Advertising and marketing costs are expensed as incurred. Advertising and marketing expenses amounted to $731,850 and $755,200 for the years ended September 30, 2024 and 2023, respectively.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Income Taxes

The Organization is exempt from payment of income taxes under Section 50l(c)(3) of the Internal Revenue Code as a nonprofit organization. Therefore, no provision for income taxes has been made in the accompanying financial statements. The Organization is required to file a Form 990 to the Internal Revenue Service.

K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L. Subsequent Events

ACE has evaluated events and transactions that occurred between September 30, 2024 and August 25, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

M. Functional Expense Allocation

The costs of providing the various programs and other activities have been detailed in the Statement of Functional Expenses and summarized on a functional basis in the Statement of Changes in Net Assets. Expenses directly related to a program or supporting services are charged to that program or supporting service.

NOTE 2 – RESTRICTED CASH

Cash is restricted for the following purposes as of September 30, 2024 and 2023:

	2024	2023
Private donor contributions for cultural tourism	$ 9,864	$ 9,864
State license plate fund	14,688	7,172
Refundable grant payable	54,639	8,262
Restricted cash	$ 79,191	$ 25,298

NOTE 3 – DONOR RESTRICTED NET ASSETS

Net assets with donor restrictions as of September 30, 2024 and 2023 are as follows:

	2024	2023
Cultural tourism & marketing	$ 9,864	$ 9,864
State license plate fund	14,688	7,172
Net assets with donor restrictions	$ 24,552	$ 17,036

NOTE 3 – DONOR RESTRICTED NET ASSETS (CONTINUED)

ACE received $7,516 for the year ended September 30, 2024 from the State of Florida as the local arts agency recognized by Escambia County, FL to receive the county's share of the Florida Arts Specialty License Plate Fund. These funds are required to be distributed to qualifying organizations who meet the criteria described in Note 1 (A) above. ACE distributed $-0- in state funds for the fiscal year. The amount that remains restricted under this program totaled $14,688 and $7,172 at September 30, 2024 and 2023, respectively.

NOTE 4 – CONCENTRATIONS

ACE received approximately 99% of its funding from public funds for the years ended September 30, 2024 and 2023, respectively. This public funding represents a significant portion of ACE's annual operating revenue. ACE has been approved to receive funding from all agencies for the year ended September 30, 2025. There is no significant doubt about the entity's ability to continue as a going concern for the immediate fiscal year.

NOTE 5 – RELATED PARTIES

For the years ended September 30, 2024 and 2023, contributions of $8,500 and $8,000, respectively, were received from Board members.

NOTE 6 – AVAILABILITY OF FINANCIAL ASSETS

ACE's primary source of support is income from local grants. ACE has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that long-term operations will be maintained. The following table reflects ACE's financial assets reduced by amounts not available for general expenditures within one year:

Financial assets:	
Cash	$ 97,341
Less those unavailable for general expenditure within one year, due to:	
Donor restrictions	(24,552)
Refundable grant payable	(54,639)
Financial assets available to meet cash needs	$ 18,150

NOTE 7 – CHANGE IN ACCOUNTING ESTIMATE

During the years ended September 30, 2024 and 2023, ACE had unspent grant funds. ACE recorded the grant as donor restricted income in the year received. For the year ending September 30, 2024, management contacted the grantor about the funds and determined that these unspent funds have to be returned.

NOTE 7 – CHANGE IN ACCOUNTING ESTIMATE (CONTINUED)

The change in revenue recognition for these grant funds had the following effect on the September 30, 2023 financial statements:

	9/30/23 Before Change	Change	9/30/23 After Change
Liabilities:			
Refundable grant payable	$ -	$ 8,262	$ 8,262

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Art, Culture and Entertainment, Inc.

Opinion

We have audited the accompanying financial statements of Art, Culture and Entertainment, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2023 and 2022, and the related statements of changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Art, Culture and Entertainment, Inc. as of September 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Art, Culture and Entertainment, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Art, Culture and Entertainment, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The summary of cash receipts and disbursements on page 11 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the summary of cash receipts and disbursements is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Purpose

Art, Culture and Entertainment, Inc. (ACE), is a non-profit organization organized exclusively for charitable and educational purposes, including for such purposes, the making of distributions to art institutions, cultural events, and community entertainment organizations that have been in existence for at least 24 months and qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue code or to Florida Non-Profits with the primary location in Escambia County, FL. ACE will receive federal, state, county, city, and personal funds to disperse through an equitable granting process to arts, culture, and entertainment organizations.

B. Basis of Accounting and Presentation

The accompanying financial statements of Art, Culture and Entertainment, Inc. have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Under ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. A description of the net asset categories are as follows:

Net assets without donor restrictions – The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors. Board-designated net assets may be earmarked for future programs, investments, contingencies, purchases or construction of fixed assets, or other uses. Some governing boards may delegate decisions to internal management. Such designations are considered to be included in board-designated net assets.

Net assets with donor restrictions - The part of net assets of a not-for-profit that is subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants). Some donors impose restrictions that are temporary in nature or purpose restricted. Other donors impose restrictions that are perpetual in nature that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. Purpose restricted net assets are deemed to be restricted for the donor-specified purpose by explicit donor stipulation. In addition, investment returns from net assets that are perpetual in nature or purpose restricted are classified as net assets with donor restrictions until appropriated for expenditure. Once appropriated, purpose restricted assets are released to net assets without donor restrictions. The Organization did not have any restricted net assets that were perpetual in nature for the years presented.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of short-term, highly liquid investments which are readily convertible into cash within ninety (90) days of purchase. Carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Contributions Receivable

Contributions receivable are stated at the amount management expects to collect from outstanding balances. ACE uses the direct write-off method to write-off bad debts.

E. Contributions

Contributions are recognized in the period received or pledged unconditionally. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for a specific purpose or time period are reported as with donor restrictions. Amounts required to be maintained in perpetuity by the donor are reported as with donor restrictions and disclosed as perpetual. A donor restriction expires when a time restriction ends or when the purpose for which it was intended is satisfied. When a restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and are reported in the Statement of Activities as net assets released from restrictions.

F. Accounting for Capital Assets

Capital assets are recorded at historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Donated capital assets are to be capitalized at estimated fair market value on the date donated. The minimum capitalization threshold is any individual item with a total cost greater than $250 and a useful life of one year or more.

Depreciation and/or amortization will be provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Computer Programs/Website Design	3 – 5 years
Furniture & Fixtures	5 – 7 years
Office Equipment	5 – 7 years

G. Contributed Services

The directors of the Board have made significant contributions of their time to run the operations of the organization. The value of the contributed time is not reflected in the financial statements because these services did not create or enhance a nonfinancial asset, nor did they require specialized skills that would need to be purchased if not donated.

H. Advertising and Marketing Costs

Advertising and marketing costs are expensed as incurred. Advertising and marketing expenses amounted to $755,200 and $370,000 for the years ended September 30, 2023 and 2022, respectively.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Income Taxes

The Organization is exempt from payment of income taxes under Section 50l(c)(3) of the Internal Revenue Code as a nonprofit organization. Therefore, no provision for income taxes has been made in the accompanying financial statements. The Organization is required to file a Form 990 to the Internal Revenue Service.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. Subsequent Events

ACE has evaluated events and transactions that occurred between September 30, 2023 and August 12, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

L. Functional Expense Allocation

The costs of providing the various programs and other activities have been detailed in the Statement of Functional Expenses and summarized on a functional basis in the Statement of Changes in Net Assets. Expenses directly related to a program or supporting services are charged to that program or supporting service.

NOTE 2 – DONOR RESTRICTED NET ASSETS

Net assets with donor restrictions as of September 30, 2023 and 2022 are as follows:

	2023	2022
Cultural tourism & marketing	$ 18,777	$ 9,864
State license plate fund	7,172	13,800
Net assets with donor restrictions	$ 25,949	$ 23,664

ACE received $8,372 for the year ended September 30, 2023 from the State of Florida as the local arts agency recognized by Escambia County, FL to receive the county's share of the Florida Arts Specialty License Plate Fund. These funds are required to be distributed to qualifying organizations who meet the criteria described in Note 1 (A) above. ACE distributed $15,000 in state funds for the fiscal year. The amount that remains restricted under this program totaled $7,172 and $13,800 at September 30, 2023 and 2022, respectively.

NOTE 3 – CONCENTRATIONS

ACE received approximately 99% of its funding from public funds for the years ended September 30, 2023 and 2022, respectively. This public funding represents a significant portion of ACE's annual operating revenue. ACE has been approved to receive funding from all agencies for the year ended September 30, 2024. There is no significant doubt about the entity's ability to continue as a going concern for the immediate fiscal year.

NOTE 4 – AVAILABILITY OF FINANCIAL ASSETS

ACE's primary source of support is income from local grants. ACE has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that long-term operations will be maintained. The following table reflects ACE's financial assets reduced by amounts not available for general expenditures within one year:

Financial assets:	
Cash	$ 46,176
Less those unavailable for general expenditure within one year, due to:	
Donor restrictions	(25,949)
Financial assets available to meet cash needs	$ 20,227

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Art, Culture and Entertainment, Inc.

Opinion

We have audited the accompanying financial statements of Art, Culture and Entertainment, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Art, Culture and Entertainment, Inc. as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Art, Culture and Entertainment, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

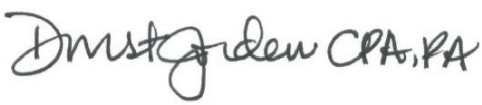
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.



In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Art, Culture and Entertainment, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Art, Culture and Entertainment, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The summary of cash receipts and disbursements on page 11 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the summary of cash receipts and disbursements is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Purpose

Art, Culture and Entertainment, Inc. (ACE), is a non-profit organization organized exclusively for charitable and educational purposes, including for such purposes, the making of distributions to art institutions, cultural events, and community entertainment organizations that have been in existence for at least 24 months and qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue code or to Florida Non-Profits with the primary location in Escambia County, FL. ACE will receive federal, state, county, city, and personal funds to disperse through an equitable granting process to arts, culture, and entertainment organizations.

B. Basis of Accounting and Presentation

The accompanying financial statements of Art, Culture and Entertainment, Inc. have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Under ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. A description of the net asset categories are as follows:

Net assets without donor restrictions – The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors. Board-designated net assets may be earmarked for future programs, investments, contingencies, purchases or construction of fixed assets, or other uses. Some governing boards may delegate decisions to internal management. Such designations are considered to be included in board-designated net assets.

Net assets with donor restrictions - The part of net assets of a not-for-profit that is subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants). Some donors impose restrictions that are temporary in nature or purpose restricted. Other donors impose restrictions that are perpetual in nature that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. Purpose restricted net assets are deemed to be restricted for the donor-specified purpose by explicit donor stipulation. In addition, investment returns from net assets that are perpetual in nature or purpose restricted are classified as net assets with donor restrictions until appropriated for expenditure. Once appropriated, purpose restricted assets are released to net assets without donor restrictions. The Organization did not have any restricted net assets that were perpetual in nature for the years presented.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of short-term, highly liquid investments which are readily convertible into cash within ninety (90) days of purchase. Carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Contributions receivable are stated at the amount management expects to collect from outstanding balances. ACE uses the direct write-off method to write-off bad debts.

E. Contributions

Contributions are recognized in the period received or pledged unconditionally. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for a specific purpose or time period are reported as with donor restrictions. Amounts required to be maintained in perpetuity by the donor are reported as with donor restrictions and disclosed as perpetual. A donor restriction expires when a time restriction ends or when the purpose for which it was intended is satisfied. When a restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and are reported in the Statement of Activities as net assets released from restrictions.

F. Accounting for Capital Assets

Capital assets are recorded at historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Donated capital assets are to be capitalized at estimated fair market value on the date donated. The minimum capitalization threshold is any individual item with a total cost greater than $250 and a useful life of one year or more.

Depreciation and/or amortization will be provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Computer Programs/Website Design	3 – 5 years
Furniture & Fixtures	5 – 7 years
Office Equipment	5 – 7 years

G. Contributed Services

The directors of the Board have made significant contributions of their time to run the operations of the organization. The value of the contributed time is not reflected in the financial statements because these services did not create or enhance a nonfinancial asset, nor did they require specialized skills that would need to be purchased if not donated.

H. Advertising and Marketing Costs

Advertising and marketing costs are expensed as incurred. Advertising and marketing expenses amounted to $370,000 and $367,067 for the years ended September 30, 2022 and 2021, respectively.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Income Taxes

The Organization is exempt from payment of income taxes under Section 50l(c)(3) of the Internal Revenue Code as a nonprofit organization. Therefore, no provision for income taxes has been made in the accompanying financial statements. The Organization is required to file a Form 990 to the Internal Revenue Service.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. Subsequent Events

ACE has evaluated events and transactions that occurred between September 30, 2022 and April 11, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

L. Functional Expense Allocation

The costs of providing the various programs and other activities have been detailed in the Statement of Functional Expenses and summarized on a functional basis in the Statement of Changes in Net Assets. Expenses directly related to a program or supporting services are charged to that program or supporting service.

M. Recent Accounting Pronouncements

Revenue recognition: On October 1, 2020, the Organization adopted ASU 2014-09, *Revenue from Contracts with Customers (Topic 606),* which is effective for annual reporting periods beginning after December 15, 2019. The new revenue recognition guidance requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation.

NOTE 2 – CASH

At September 30, 2022 and 2021, ACE held deposits in the bank of $43,453 and $399,057 (before outstanding checks and deposits in transit). However, several checks were written on September 30, 2021 that were held until October and November 2021 resulting in negative cash. Checks written in excess of cash totaled $70,900 on September 30, 2021.

NOTE 2 – CASH (CONTINUED)

Cash is restricted for the following purposes as of September 30, 2022:

Private donor contributions for cultural tourism	$	9,864
State license plate fund		13,800
Returned Foo Foo grant funds		1,685
Restricted cash	$	25,349

NOTE 3 – CONCENTRATIONS

ACE received approximately 99% of its funding from public funds for the years ended September 30, 2022 and 2021, respectively. This public funding represents a significant portion of ACE's annual operating revenue. ACE has been approved to receive funding from all agencies for the year ended September 30, 2023. There is no significant doubt about the entity's ability to continue as a going concern for the immediate fiscal year.

NOTE 4 – DONOR RESTRICTED NET ASSETS

Net assets with donor restrictions as of September 30, 2022 and 2021 are as follows:

		2022		2021
Cultural tourism	$	9,864	$	49,864
State license plate fund		13,800		6,671
Net assets with donor restrictions	$	23,664	$	56,535

ACE received $7,129 for the year ended September 30, 2022 from the State of Florida as the local arts agency recognized by Escambia County, FL to receive the county's share of the Florida Arts Specialty License Plate Fund. These funds are required to be distributed to qualifying organizations who meet the criteria described in Note 1 (A) above. ACE distributed $-0- in state funds for the fiscal year. The amount that remains restricted under this program totaled $13,800 and $6,671 at September 30, 2022 and 2021, respectively.

NOTE 5 – AVAILABILITY OF FINANCIAL ASSETS

As of September 30, 2022, the Organization's unrestricted cash balance of $18,104 represents the financial assets available for general use within one year of the balance sheet date.

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

METHODOLOGY

DATA COLLECTION

781 interviews were completed in-person and online between October 30 and November 17, 2025. Grant events distributed the survey online via email. Attendance figures based on reported attendance from grant events and an independent attendance estimate by Downs & St. Germain Research were used in this report.

ECONOMIC IMPACT

Total economic impact is a function of direct spending by **out-of-county visitors** in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars.

Direct spending by **out-of-county visitors** includes spending on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and “other” expenses.

Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars.

Local spending is **not** included in the total economic impact calculations. Economic impact measures only spending by visitors from outside the area, as this represents new money brought into the local economy. Spending by residents typically replaces other local purchases (e.g., groceries, dining, entertainment) and therefore does not create a net increase in economic activity.

Downs & St. Germain Research uses IMPLAN economic modeling to calculate the multiplier based on direct expenditure data collected from visitors to the Pensacola area. Agencies such as FEMA, EPA, Federal Reserve Bank, and the Bureau of Land Management use IMPLAN modeling. Pensacola’s multiplier is 1.53.

TO: Tourism Community Partner

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director
Escambia County

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly discuss how the requested funding will be used to the support the program. Why is the program a benefit to the citizens of Escambia County?

Pensacola Sports will continue to focus on creating and attracting new sporting activities, assisting in facility development, developing marketing strategies, administering the sports tourism grant program, and growth of existing sporting events to increase tourism and overnight stays in Escambia County. These efforts create a positive impact to county residents by generating new, outside dollars to enhance the local economy, job growth and economic development.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

Pensacola Sports is a part of the tourism promotion effort with Visit Pensacola and ACE which functions under the unified budget created under the direction of the Tourist Development Council and the Board of County Commissioners.

Is this a one-time request or a recurring request for funding? Recurring/annual request

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies that provide similar services and how have you partnered with those organizations in the area: Pensacola Sports is the official sports tourism bureau of Escambia County. In addition to our efforts, we partner with Visit Pensacola and other organizations to maximize the return on investment to Escambia County and its residents.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

Pensacola Sports has been the sports marketing and tourism agent for Escambia County for over 25 years with a successful record of producing room nights and positive economic impact through sporting events. Pensacola Sports is recognized on the state and national level as a leader in the sports tourism industry.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. *NOTE: Only salaries directly related to the approved program are eligible for funding.*

- Percentage for salaries/administrative costs: 38 % *(32% salaries & 6% operations)*
- Percentage for direct programming costs: 62 %

If Escambia County funding can only fund a portion of your request, how will you offset the difference? Sports tourism efforts are dependent on Escambia County funding; any shortfall in funding from the county will result in a proportionate decrease in sports tourism marketing efforts.

If the funding you are applying for can be used as a match for other funding, please provide the details below and include the amount and match ratio: Some of the funding from Escambia County could be used as a match for event-related funding from the Florida Sports Foundation. For example, to receive a 5K grant we would have to show a 10K expenditure (2-to-1 match ratio).

Does your organization request funding from other local non-profit agencies? If so, list each agency you request funds from and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

No

Please describe and provide your marketing plan for your event or tourism related activity. (TDT Tourism funding applicants only)

Pensacola Sports works with a local marketing agency and Visit Pensacola to create marketing plans to attract more sports tourism to Escambia County by leveraging the area's growing reputation for hosting diverse sporting events and scenic destination. Pensacola Sports geographic focus is in the southeast and nationally for high-profile events. Promoting Escambia County as a place where athletes can compete and train while enjoying pristine beaches and unique culture increases length of stay and visitors. This is accomplished by offering not just sporting events, but also entertainment, food, and cultural attractions. Through targeted marketing, strategic partnerships, and effective event promotion, we can ensure sustained growth in sports tourism, contributing to Escambia County's overall tourism revenue and local economic development. Marketing efforts are coordinated with other area hospitality partners to maximize visitation for the entire county and opportunities to bring more visitors when needed most by our partners and the entire community.

Please provide the detail and information regarding ticket sales or sponsorships for your tourism event or activity: (TDT Tourism funding applicants only)

The revenue generated from ticket sales and sponsorships associated with sports tourism events in Escambia County serves as a vital income stream to help offset disallowable TDT expenses. These revenues help ensure that the overall costs of hosting large-scale sporting events are met while minimizing the burden on Pensacola Sports private funds and TDT funds, which are typically restricted to specific types of eligible expenses. Depending on the event hosting agreement, a portion or all of the ticket and/or sponsorship revenue may be shared with tourism partner agencies, the facility, event rights holders, or governing bodies of the event.

GOALS AND METRICS

Provide "Specific and Measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals that this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If you are an Agency that received funding the prior year use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Dear Sir or Madam:

This letter is in response to your request for a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued in September 1981 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(3).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than $25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of $20 a day, up to a maximum of $10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Pensacola Sports Association Foundation, Inc.
59-2113050

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. If your organization had a copy of its application for recognition of exemption on July 15, 1987, it is also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of $20 a day for each day you do not make these documents available for public inspection (up to a maximum of $10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts

	☐ 4947(a)(1) nonexempt charitable trust treated as a private foundation
	☐ 501(c)(3) taxable private foundation

Check if your organization is covered by the **General Rule** or a **Special Rule.**
Note: Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

☒ For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling $5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

☐ For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of **(1)** $5,000; or **(2)** 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Underpayment of Estimated Tax by Corporations

Attach to the corporation's tax return. FORM 990-PF

Go to www.irs.gov/Form2220 for instructions and the latest information.

OMB No. 1545-0123

2023

Name: PENSACOLA SPORTS ASSOCIATION, INC. F/K/A PENSACOLA SPORTS ASSOCIATION FOUNDATION

Employer identification number: 59-2113050

Note: Generally, the corporation is not required to file Form 2220 (see Part II below for exceptions) because the IRS will figure any penalty owed and bill the corporation. However, the corporation may still use Form 2220 to figure the penalty. If so, enter the amount from page 2, line 38, on the estimated tax penalty line of the corporation's income tax return, but **do not** attach Form 2220.

Part I Required Annual Payment

1	Total tax (see instructions)	1	1,645.
2a	Personal holding company tax (Schedule PH (Form 1120), line 26) included on line 1 — 2a		
b	Look-back interest included on line 1 under section 460(b)(2) for completed long-term contracts or section 167(g) for depreciation under the income forecast method — 2b		
c	Credit for federal tax paid on fuels (see instructions) — 2c		
d	**Total.** Add lines 2a through 2c	2d	
3	Subtract line 2d from line 1. If the result is less than $500, **do not** complete or file this form. The corporation does not owe the penalty	3	1,645.
4	Enter the tax shown on the corporation's 2022 income tax return. See instructions. **Caution:** If the tax is zero or the tax year was for less than 12 months, skip this line and enter the amount from line 3 on line 5	4	998.
5	**Required annual payment.** Enter the **smaller** of line 3 or line 4. If the corporation is required to skip line 4, enter the amount from line 3	5	998.

Part II Reasons for Filing - Check the boxes below that apply. If any boxes are checked, the corporation **must** file Form 2220 even if it does not owe a penalty. See instructions.

6 ☐ The corporation is using the adjusted seasonal installment method.

7 ☐ The corporation is using the annualized income installment method.

8 ☐ The corporation is a "large corporation" figuring its first required installment based on the prior year's tax.

Part III Figuring the Underpayment

		(a)	(b)	(c)	(d)
9	**Installment due dates.** Enter in columns (a) through (d) the 15th day of the 4th (**Form 990-PF filers:** Use 5th month), 6th, 9th, and 12th months of the corporation's tax year	02/15/24	03/15/24	06/15/24	09/15/24
10	**Required installments.** If the box on line 6 and/or line 7 above is checked, enter the amounts from Sch A, line 38. If the box on line 8 (but not 6 or 7) is checked, see instructions for the amounts to enter. If none of these boxes are checked, enter 25% (0.25) of line 5 above in each column	250.	249.	250.	249.
11	Estimated tax paid or credited for each period. For column (a) only, enter the amount from line 11 on line 15. See instructions	453.			
	Complete lines 12 through 18 of one column before going to the next column.				
12	Enter amount, if any, from line 18 of the preceding column		203.		
13	Add lines 11 and 12		203.		
14	Add amounts on lines 16 and 17 of the preceding column			46.	296.
15	Subtract line 14 from line 13. If zero or less, enter -0-	453.	203.	0.	0.
16	If the amount on line 15 is zero, subtract line 13 from line 14. Otherwise, enter -0-		0.	46.	
17	**Underpayment.** If line 15 is less than or equal to line 10, subtract line 15 from line 10. Then go to line 12 of the next column. Otherwise, go to line 18		46.	250.	249.
18	**Overpayment.** If line 10 is less than line 15, subtract line 10 from line 15. Then go to line 12 of the next column	203.			

Go to Part IV on page 2 to figure the penalty. Do not go to Part IV if there are no entries on line 17 - no penalty is owed.

Part IV Figuring the Penalty

		(a)	(b)	(c)	(d)
19 Enter the date of payment or the 15th day of the 4th month after the close of the tax year, whichever is earlier. **(C corporations with tax years ending June 30 and S corporations:** Use 3rd month instead of 4th month. **Form 990-PF and Form 990-T filers:** Use 5th month instead of 4th month.) We have audited the accompanying financial statements of Pensacola Sports Association, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2025 and 2024, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pensacola Sports Association, Inc. (the Association) as of September 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Pensacola Sports Association, Inc. (the Association), is a not-for-profit corporation organized under the laws of the state of Florida. Effective October 2024, the Association is designated by Escambia County Board of County Commissioners (the County) as a tourist bureau. The Association's purpose is to promote regional economic development through the organization of amateur and professional sports events in Northwest Florida.

Basis of Accounting

The Association follows standards of accounting and financial reporting prescribed for nonprofit organizations using the accrual basis of accounting.

Net Asset Classifications

The Association's net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – net assets available for use in general operations and not subject to donor or grantor restrictions.

Net Assets With Donor Restrictions – net assets subject to donor or grantor-imposed restrictions. Donor or grantor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates

The preparation of financial statements under generally accepted accounting principles requires the use of estimates. This will affect the reported amounts of assets, liabilities, disclosures and contingent items at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may vary from these estimates, and the variances may be material.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers all highly liquid investments purchased within three months of maturity to be cash equivalents.

Investments

Investments consist primarily of equity securities and stocks and are reported at their readily determinable fair values, which is based on quoted market prices in active markets. Realized and unrealized gains and losses are reported in the statements of activities. The Association does not have any investments without readily determinable fair values.

Accounts Receivable
Stated at face amount with no allowance for credit losses. Management evaluates the status of unpaid accounts and adjusts the allowance as necessary through a provision for bad debt expense. No provision for credit losses had been established as of September 30, 2025 and 2024, as accounts receivable are considered to be fully collectible.

Revenue Recognition
Under accounting standards, earned revenue measurement is driven via a principles-based process that requires the entity 1) identify the contract with the customer, 2) identify the performance obligations in the contract, 3) determine the transaction price, 4) allocate the transaction price to the performance obligations, and 5) recognize revenue when (or as) *performance obligations are satisfied.*

The primary source of revenue is a portion of the local option tourist development tax imposed and collected on short-term lodging by the County. In accordance with the agreement with the County, the Association receives funding on a reimbursement basis from the County as expenditures are incurred in carrying out its mission.

Program and membership fees are recognized as services are performed or by the passage of time. Advance fees for programs are reported as deferred revenue and are recognized as program fee revenue when the performance obligation is satisfied, which is the date of the program. Contributions are recognized as revenues in the period verifiably committed by the donor.

Property and Equipment
Property and equipment are recorded at the cost of acquisition for purchased items. Donated assets are recorded at the estimated fair market value. Expenditures for additions and major renewals are capitalized. Expenditures for maintenance and repair are expensed. Depreciation is calculated using the straight-line method based on the estimated useful lives of the individual assets. Estimated useful lives are:

Vehicles	5 - 7 years
Office equipment	5 - 7 years
Sports marketing equipment	5 years
Leasehold improvements	5 - 15 years

Functional Allocation of Expenses
The costs of program and supporting services have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Expenses, which are directly related to the various programs or supporting services, are charged directly against the related program or service and are shown as program related expenses. General and administrative expenses include those expenses not directly identifiable to a specific program or event. Payroll and payroll tax expenses are allocated on the basis of estimates of time and effort.

Donated Materials and Services
Donated materials and services are reflected in the financial statements at the fair market value of the services rendered. The contributions of services are recognized if the services received create or enhance assets, require specialized skills that are provided by individuals possessing those skills, are objectively measurable, and would typically need to be purchased if not provided by donation. The Association receives in-kind donations for advertising, supplies, and non-skilled services from volunteers at sponsored events.

Reclassifications
Certain prior period financial statement amounts have been reclassified to conform to current period presentation.

Income Taxes
The Association qualifies as an organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code as a private foundation. Accordingly, no provision for federal or state income taxes has been recorded. Under present regulations the Association does not have any unrelated business income and is not subject to income tax. The Association is required to file an annual information return, Form 990PF, with the IRS and is subject to excise tax on investment income. The Association is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with accounting principles generally accepted in the United States of America.

In December 2020, Pensacola Sports Association merged with Pensacola Sports Foundation. Pensacola Sports Foundation is currently operating under the 60-month termination period described in Internal Revenue Code (IRC) §507(b)(1)(B). During this period, the Foundation is treated as a publicly supported organization, and its activities will continue to be monitored until the transition period is complete.

Subsequent Events
The Association has evaluated events and transactions that occurred between September 30, 2025, and March 24, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. INVESTMENTS

Generally accepted accounting principles require not-for-profit corporations to report investments at fair value, which is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price), in the principal or most advantageous market for the item in an orderly transaction between market participants on the measurement date. The fair value standards also establish a fair value hierarchy, which requires an organization to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A fair market value hierarchy prioritizes the inputs used to measure fair value.

Three levels of inputs that may be used to measure fair value are as follows:

Level 1 – Inputs utilize quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs utilize data points that are observable such as quoted prices and interest rates. Level 2 inputs include, but are not limited to, quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets in markets that are not active.

Level 3 – Inputs are unobservable data points for the asset and liability and include situations where there is little, if any, market activity for the asset or liability.

The fair values of the Association's investments have been determined based on quoted market price of identical assets (Level 1). The fair market values of the investments held by the Association as of September 30, 2025 and 2024, were:

	2025	2024
Equity securities	$ 1,283,626	$ 1,111,081
Fixed income	34,233	34,810
Stocks	568,796	596,369
	$ 1,886,655	$ 1,742,260

3. TOURIST DEVELOPMENT REVENUE

Prior to October 1, 2024, the Association participated in a grant agreement with Visit Pensacola, Inc., as Visit Pensacola was the fiscal agent for the Association. The Association was reimbursed $1,313,990 in expenses under the grant as of September 30, 2024. Effective October 1, 2024, the Association entered into a Miscellaneous Appropriations Agreement with the County. In accordance with the Agreement between the County and the Association, the Association accepts tourism development revenue from the County directly. The Association was reimbursed $1,355,331 in expenses under the agreement as of September 30, 2025.

A separate bank account is maintained for all tourist development funds received and disbursed as of September 30, 2025 and 2024. This bank account is included in the cash and cash equivalents line of the accompanying statements of financial position.

4. PROPERTY AND EQUIPMENT

Major classifications of property and equipment are summarized as follows:

	2025	2024
Vehicles	$ 51,613	$ 60,546
Office Equipment	63,109	62,390
Sports Marketing Equipment	2,089	-
Leasehold Improvements	1,136,680	1,131,365
	1,253,491	1,254,301
Accumulated depreciation	(139,072)	(50,036)
Property and equipment, net	$ 1,114,419	$ 1,204,265

Depreciation expense for the years ended September 30, 2025 and 2024, was approximately $97,000 and $28,000, respectively.

5. IN-KIND CONTRIBUTIONS

The following is a summary of in-kind contributions which are recorded as revenue and related expenses in the financial statements for the years ended September 30:

	2025	2024
Advertising	$ 30,000	$ -
Supplies	44,825	51,500
Labor	1,500	-
	$ 76,325	$ 51,500

6. CONCENTRATIONS AND CREDIT RISK

Economic Dependency
The Association receives substantial amount of its support from the County. During 2025 and 2024, 60% and 62%, respectively, of the Association's total support and revenues were from TDT funding. If a significant reduction in the level of tourist TDT collected by the County or a severe economic downtown on businesses in Northwest Florida tourism industry occurred, this may have an adverse effect on the Association's programs and activities.

Credit Risk
The Association maintains cash balances at banks and a brokerage house. Bank deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. As of September 30, 2025 and 2024, cash deposits at the bank did not exceed this amount.

Brokerage accounts are insured by the Securities Investors Protection Corporation (SIPC) up to $500,000. SIPC coverage only protects the Association against broker error or fraud, not a loss of the underlying investment.

7. RELATED PARTY

During the fiscal year ended September 30, 2024, the Organization engaged in construction services with Hanto & Clarke general contractors, a company affiliated with a member of the Board of Directors. Total payments made to the company during the year ended September 30, 2024, totaled $1,091,373. Total payments made from the company during the year ended September 30, 2025, totaled $7,500.

The Board member affiliated with Hanto & Clake did not participate in any decisions related to the selections of the vendor or the approval of the related expenditures. Management believes the terms of the transactions were equivalent to those that would have been obtained in an arm's-length transaction.

8. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Association regularly monitors the liquidity required to meet its operating needs and other contractual commitments. In addition to financial assets available to meet general expenditures over the next 12 months, the Association anticipates collecting sufficient revenue to cover general expenditures. The following reflects the Association's financial assets as of each statement of financial position date, available for general use within one year.

	2025	2024
Cash and cash equivalents	$ 276,980	$ 179,384
Accounts receivable, collected in less than one year	170,870	150,779
Financial assets available to meet cash needs for expenditures within one year	$ 447,850	$ 330,163

RE: Sun Belt Conference (SBC) Partnership Proposal – 5-Year Opportunity

Dear Members of the Tourist Development Council,

On behalf of Pensacola Sports, I am pleased to submit a strategic partnership opportunity between Escambia County and the Sun Belt Conference (SBC) that aligns with our shared vision to enhance destination exposure, grow economic impact through sports tourism, and increase year-round visibility for our community.

The attached 5-year sponsorship proposal outlines a robust package to position Escambia County as the Presenting sponsor of the SBC Football Championship and the Title sponsor for the SBC Basketball Championships, replacing their previous partner, Hercules Tires.

Additionally, we've included actual earned media impact reports compiled by Game Day Communications for Hercules Tires during one year of their football and basketball sponsorships. These reports demonstrate a strong national media value of nearly $4M combined, brand impressions, and a broadcast reach that can now be leveraged to highlight Escambia County.

Benefits of the proposed partnership that were not included in the Hercules Tires agreement increasing the earned media potential for Escambia County:

- The SBC Football Championship is moving to a different date than the SEC Football Championship, now projecting up to 1.5 M viewers.
- Two 15 second spots in every SBC ESPN+ broadcast, over 1,500 events annually. These broadcasts reached 6.8 M homes in 2024-2025.

Pensacola Sports has a strong working relationship with the Sun Belt Conference. Our organization is uniquely positioned to serve as a liaison, ensuring this partnership not only delivers results, but also reflects the goals of our tourism stakeholders.

We believe this is a high-return opportunity to secure national exposure for our destination while reinforcing Escambia County's position as a leading sports tourism market.

Thank you for your thoughtful consideration.
Sincerely,

Ray Palmer, STS
President/CEO
Pensacola Sports

About Sports ETA 9

Dear Pensacola Sports Colleagues,

I am thrilled to present your Sports ETA Earned Media Report leveraging our Earned Media Calculator. This report represents an additional tool your organization can use in reporting your metrics to key stakeholders in your community.

The Sports ETA Earned Media Calculator provides the industry's only tool developed to track, report and analyze earned media through three metrics: Advertising Value Equivalency, Impressions-based Calculator and Social Media Reach Calculator. Our proprietary approach and reporting was developed in partnership with Game Day, a media and marketing agency, our long-time partner.

For the first time ever, we have incorporated invaluable insights for our members to use to track and report their earned media coverage ranging from events, thought leadership and industry news.

Our intention is that you share this report with your event rights holder partners, elected officials, funding partners and the stakeholders of your organization.

Within the pages of this report, you will discover a wealth of detailed information, including total earned media value, total media impressions, Top 10 media stories by reach and how to best share this report to show the continued success of your earned media program.

I extend my deepest gratitude to you for your unwavering support and commitment to the sports events and tourism industry.

Yours in Sport,

Description of Program: _The UWF Historic Trust operates Historic Pensacola Village, the Pensacola Children's Museum, Voices of Pensacola Multicultural Center, the Pensacola Museum of History, and the Pensacola Museum of Art. We also assist in the preservation, interpretation and sharing the stories of many of our historic cemeteries within the community. In prior years, our funding allocation was awarded to us for UWFHT operations only. Per the county's request, in recent years we have combined our ask with the cemeteries who also previously received funding in order to streamline operations and administration of these sites.

How many years has your organization provided services in the County? ____50 plus_____

How many years has your organization received funding from the County? ___50 plus _____

Explain how receiving funds from the County would impact your organization: The funding we receive allows us to continue the support of the over fifty-year partnership between the UWF Historic Trust and Escambia County for the preservation of our local cultural resources including local historic cemeteries. In particular the funds allow us to market the historic, cultural, and artistic assets that we manage as well as insure them. Without funding we would see a significant decrease in visitation which would adversely affect our local economy that depends heavily on tourism. It would also not be possible to maintain the cemeteries included in this request nor preserve Escambia County history.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: __$265,000_____

Briefly describe how last year's funds were used? The funds we received last year were used to continue the support of the over fifty-year partnership between the UWF Historic Trust and Escambia County for the preservation of our precious cultural resources. These resources, which serve as a cultural heritage tourism engine, attracted over 212,000 visitors and 8,000 schoolchildren last year. Our visitation continues to grow each year. Funding for historic cemeteries primarily supports landscaping, ensuring these sites remain accessible for both local residents and national visitors, including those seeking family history and participating in cemetery tourism. While each of our historic cemeteries has a different built environment, the economic impact of maintaining these spaces can generally be seen in the surrounding neighborhoods.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? The funds we received last year were used to continue the support of the over fifty-year partnership between the UWF Historic Trust and Escambia County for the preservation of our precious cultural resources. These resources, which serve as a cultural heritage tourism engine, attracted over 212,000 visitors and 8,000 schoolchildren last year. Our visitation continues to grow each year. While each of our historic cemeteries has a different built environment, the economic impact of maintaining these spaces can generally be seen in the surrounding neighborhoods.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? The requested funding will be used towards a) the costs of marketing our operation to both locals and tourists, b) the printing of brochures, rack cards, lesson plans, and other printed operational materials, c) the purchase of consumable office supplies used to conduct business and general site maintenance costs, and d) the expense of insuring the historic properties. We also have some administrative costs associated with assisting with the preservation, maintenance, interpretation, and marketing of some of our historic cemeteries as outdoor museums to our citizens and visitors promoting them as heritage tourism sites. **UWFHT will promote tourism by maintaining and promoting** Escambia County's historic properties. The historic sites that are under the management of UWFHT serve as Escambia County's number one cultural heritage tourism engine. These resources had over 212,000 site visitors and over 8,000 school children visits in 2024-2025.The requested funding will be used towards a) the costs of marketing our operation to both

locals and tourists, b) the printing of brochures, rack cards, lesson plans, and other printed operational materials, c) the purchase of consumable office supplies used to conduct business and general site maintenance costs, and d) the expense of insuring the historic properties. We also have some administrative costs associated with assisting with the preservation, maintenance, interpretation, and marketing of some of our historic cemeteries as outdoor museums to our citizens and visitors promoting them as heritage tourism sites. We are requesting a total of $290,000 which includes: $160k for the Historic Trust and 130k for the four cemeteries (budgeted at $30k for St. Michael's Cemetery, $40k for AME Magnolia Zion Cemetery, $30k for Mt. Zion Cemetery, and $30k for Good Hope Cemetery). This includes an increase of $5k per site to cover increased maintenance expenses.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: ___N/A_____
Is this a one-time request or a recurring request for funding? Recurring_____

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations. We make consistent efforts to collaborate and coordinate with local non-profits to develop and implement community programming and events. We have worked with organizations like the Public Library, the Symphony, Ballet Pensacola, the African American Heritage Society, Great Gulf Coast Arts Festival, Fiesta, and other similar groups.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. The UWF Historic Trust is the center of Pensacola's robust cultural ecosystem that is unique to our city. Our campus of museums and cultural entities are key economic drivers in addition to serving as a critical public space that connects the businesses and organizations in Pensacola's vibrant downtown thereby enhancing the City and Escambia County. Additionally, we are distinctive in that we coordinate clean-up and interpretation for the local historic cemeteries which also serve as public spaces for the community.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: ____0_____%
- Percentage for direct programming costs: ___100_____%

If only a portion of your requested funding is granted, how will you offset the difference? Reduced funding would severely limit our ability to market the historic, cultural, and artistic assets that we manage and well as limit our ability to insure them. It would not be possible to maintain the cemeteries included in this request nor preserve Escambia County history.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: ____All grants received for special projects and programs require varying amounts of cash match. The approximate estimate is 15% of our annual budget is bound by matching fund requirements, but we can match funds from operations income and will not rely on program funds for match. _____

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding. _____ City of Pensacola - $2,400.00 annual operating support

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
The education of Escambia County and regional schoolchildren and their families.	9,855	10,320	10,500	4.72 % based on 1st Q comparisons
Serving as an economic engine by attracting and sharing our art and history with a broader cultural heritage tourism audience.	151,778	197,311	200,000	30 % based on 1st Q comparisons
Collecting, preserving, interpreting, and sharing the art and history of Escambia County and the broader region Northwest Florida.	154/ 3,518	150/ 3,500	160 / 4,000	%

b) State the source used to provide your program metrics: Our visitation metrics based on sales and surveys.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
Measure the increase in the number of annual visitors to our site and track visitor profiles in order to determine tourism impact.	Goal of 5% Increase
Measure the increase in the annual number of schoolchildren served.	5%
Measure an increase in community engagement by increasing annual volunteer participation.	5%

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above.

Baseline for Goals	FY26
Hosted 150,000 plus site visitors. We can estimate that the cemeteries saw more than 4,000 visitors last year.	160,000 / 5,000
Over 9,000 schoolchildren visited our sites with school field trips last year. We are adding new programs and expect even more this next fiscal year.	10,000
UWFHT hosted 150 volunteers who donated thousands of hours and the three cemeteries combined had more than 50 volunteers donating time exceeding 500 hours.	150 / 3,500

INDEPENDENT AUDITOR'S REPORT

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

Opinion

We have audited the financial statements of the governmental activities and the entity-wide activities of West Florida Historic Preservation, Inc. d/b/a University of West Florida Historic Trust ("the Trust"), (a component unit of the University of West Florida), as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and the entity-wide activities of the Trust as of June 30, 2025 and 2024, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2025, on our consideration of the Trust's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2025 AND 2024

The following is a narrative overview and analysis of the West Florida Historic Preservation, Inc. d/b/a University of West Florida Historic Trust's ("the Trust") significant financial activities for the fiscal years ended June 30, 2025 and 2024.

Operational Highlights

- For the year ended June 30, 2024, we received $1,025,000 one-time funding in the year's state budget. The funds were awarded in the form of two grants, one for $275,000 and the second for $750,000. We were not allowed to proceed with spending the funds until we received the grant agreements. We received the agreement for the smaller grant in the Fall of 2023 but did not receive the agreement for the larger grant until July 2024. For the year ended June 30, 2025, we completed projects using the larger grant funds totaling $652,783. The remaining $97,217 will be spent in 2026.

- Our admissions continued to be strong with a slight increase of 3.34% from prior year. This is impressive as we have had several closed days due to snow this fiscal year. Museum store sales, both retail and wholesale, remain positive. Our special programs continue to provide additional income.

- Our parking management agreement with Premium Parking has generated an increase in parking revenues 50% over the budgeted amount.

- Overall visitation was down 15% but onsite sales increased by over 2%, special programs attendance increased by 31% and school children attendance increased by 16%.

- We were excited to receive a Foo Foo Festival grant for $100,000 in fiscal year 2024 for the Blue Trees: Environmental Art Installation held in fiscal year 2025.

- The Pensacola Museum of Art celebrated its 70th Anniversary with several events and publication of a catalog featuring seventy works from its permanent collection.

- We held our fourth annual Bootleg Ball fundraiser on January 25, 2025 at the Museum of Commerce and received over $23,000 in sponsorships.

- We were awarded a $100,670 IMPACT 100 Pensacola Bay Area grant to reinterpret the first floor and to add a sensory space on the second floor of the Pensacola Children's Museum.

- We completed a $99,200 boiler replacement at the Museum of History.

- We published our second edition of Historic Pensacola Magazine and have been placing copies in local hotels and businesses to spread awareness of our offerings and accomplishments. This will help increase visibility and attract new customers.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Trust's basic financial statements. They are: 1) entity-wide and governmental fund financial statements and 2) notes to the financial statements.

Entity-wide financial statements are designed to provide readers with a broad overview of the Trust's finances in a manner similar to a private-sector business. Governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found starting on page 9 of this report.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Purpose:

West Florida Historic Preservation, Inc. ("WFHPI"), formerly Historic Pensacola, Inc., was organized as a not-for-profit corporation under Section 266.0018, Florida Statutes, to engage in the restoration and exhibition of historical landmarks in the vicinity of Pensacola, Florida. In 2001, Section 266.0018, Florida Statutes was repealed, at which time the legislature transferred the historic preservation responsibilities to the University of West Florida ("UWF"). On July 1, 2001, WFHPI was designated as a direct support organization of UWF under Section 267.1732, Florida Statutes, in order to assist UWF in carrying out its dual historic preservation and historic preservation education purposes and responsibilities. In November 2013, West Florida Historic Preservation, Inc. changed its name to West Florida Historic Preservation, Inc., d/b/a University of West Florida Historic Trust ("the Trust").

The general operating authority of the Trust is contained in Section 267.1732, Florida Statutes (Chapter 2001-199, Laws of Florida). The Trust operates under an operating agreement with UWF and is considered a component unit of UWF.

Expenses paid by the Trust to renovate or modify property controlled by UWF and leased by the Trust are capitalized and reflected in buildings and improvements in these financial statements. The Trust assists UWF in operating, preserving and maintaining various historical properties owned by the State of Florida and controlled by UWF. Certain expenses related to these activities are directly paid by UWF and are not included in these financial statements. Those expenses, which are not reflected in these financial statements, are as follows:

	2025	2024
Telephone	$ 10,803	$ 11,386
Operating supplies	-	20,008
Office equipment rental	2,074	464

Totals	$ 225,920	$ 227,358

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Organization and Purpose (Continued):

Salaries of UWF employees who staff the Trust are paid directly by UWF. These in-kind salaries amounted to $1,438,636 and $1,265,373 for the years ended June 30, 2025 and 2024, respectively, and are not reflected in the books of the Trust. Additionally, UWF donates office space in the Bowden Building located at 120 Church Street in downtown Pensacola, Florida to the Trust. Management estimates the fair value of this donated office space to be $237,000 and $280,000 for the years ended June 30, 2025 and 2024, respectively. This donated office space is not reflected in the books of the Trust.

In November 2013, the Trust entered into a Memorandum of Understanding ("MOU") with the University of West Florida Foundation ("UWFF"), a direct service organization of UWF, where all membership income is collected and recorded by UWFF. Membership income held by UWFF amounted to $63,977 and $57,656 as of June 30, 2025 and 2024, respectively.

Each state university board of trustees is authorized to permit the use of property, facilities, and personal services at any state university by any university direct support organization per Section 1004.28, Florida Statutes. Administrative and fiscal services, office space, and other miscellaneous support services are provided to UWF direct support organizations by UWF at no cost. No value is assigned to administrative and fiscal services in the accompanying statements of activities and governmental fund revenues, expenditures, and changes in fund balance/net position.

Pensacola Museum of Art:

On July 1, 2016, the assets of the Pensacola Museum of Art ("PMA"), an independent not-for-profit corporation, became part of UWF. On that date, UWFF was gifted a historic building, land, a fine arts collection, furniture and equipment, cash and cash equivalents, a permanent endowment, and other current assets from the dissolving entity totaling approximately $4.2 million. UWFF transferred the historic building and land to UWF and the fine arts collection, furniture and equipment, and all other assets were transferred to the Trust, with the exception of the permanent endowment.

The Trust maintains a management agreement with UWF covering the preservation of historic properties for UWF. UWFF will continue to steward the endowment for purposes of the PMA, now a division of the Trust. The PMA division has a non-governing advisory board that reports to the Trust's board of directors. Under the agreement, UWFF will handle all and record all unified membership income for the PMA. PMA unified membership income collected by UWFF amounted to $71,916 and $15,094 as of June 30, 2025 and 2024, respectively.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

DeFuniak Springs Landmark:

On March 20, 2024, the Trust entered into a gift agreement with DeFuniak Springs Landmarks, Inc. ("Landmarks") and UWFF. Landmarks is a Florida not-for-profit corporation formed to preserve, protect and promote historic and cultural sites in the City of DeFuniak Springs, Florida. Upon dissolution of Landmarks, UWFF and the Trust were gifted all assets, cash and investments. UWFF maintains all cash and investments. The Trust began administration of Landmarks mission of public education, archeological study and research, and funding of historic preservation projects during fiscal year 2024.

Measurement Focus, Basis of Accounting and Financial Statement Presentation:

These financial statements have been prepared in conformity with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board ("GASB"). The Trust utilizes the following fund type:

- General Fund, a governmental fund, is used to account for all revenues and expenditures applicable to the general operations of the Trust that are not required either legally or by accounting principles generally accepted in the United States of America ("GAAP") to be accounted for in another fund.

Government-Wide Financial Statements:

The government-wide financial statements (i.e., the statements of net position and governmental fund balance sheets and the statements of activities and governmental fund revenues, expenditures, and changes in fund balance/net position) report information on all of the activities of the Trust. Governments typically report activities as either governmental activities, which are supported by grants and other intergovernmental revenues, or business-type activities, which rely to a significant extent on fees and charges for support. The Trust reports its activities as governmental activities.

Because the Trust reports only governmental activities and only one program, it is considered to be a special-purpose government for financial reporting purposes under GAAP. As such, the government-wide financial statements are presented together with the governmental fund financial statements with an adjustment column presented to reconcile the two sets of statements.

The Trust has one governmental fund type, which is the General Fund. The General Fund is used to account for all resources and operations. Governmental funds are accounted for on a "spending" or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements (Continued):

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Governmental Funds:

The General Fund is accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; that is, when they are measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Trust considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when the related liability is incurred. Primary revenues consist of charges for services, licenses, and permits. All of these revenues are susceptible to accrual.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Inventory:

Inventory consists of merchandise held for resale in the museum gift shops. Inventory is stated at lower of cost or market and is accounted for under the first-in, first-out method.

Capital Assets:

Property and equipment are recorded at cost. Donated capital assets are recorded at their estimated fair market value on the date of contribution. Expenditures which equal or exceed $5,000 that materially increase values, change capacities, or extend useful lives are capitalized. Repairs and maintenance costs are charged to operations when incurred.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued):

Depreciation is computed using the straight-line method. Estimated useful lives of property and equipment range as follows:

Buildings and improvements	10 - 40 years
Furniture, fixtures and equipment	5 - 10 years

Historical Properties, Antiques, and Collections:

Purchased historical properties, antiques, and collections that are held for educational and curatorial purposes are recorded at cost. Donated items are not capitalized but are recorded both as revenue and expense in the government-wide statement of activities. Whether purchased or donated, each item is cataloged, preserved, and cared for, and activities verifying their existence and assessing their condition are performed continuously.

Historical properties, antiques, and collections are acquired for purposes of preservation and display. Management considers these items to be historically significant and should be preserved perpetually. Accordingly, depreciation is not recorded for these items.

Program Revenue:

Program revenue from local governments and government grants is recorded based upon the terms of the grantor allotment which generally provides that revenue is earned when the allowable costs of the specific grant provisions have been incurred or the performance of the services has been rendered. Such revenue is subject to audit by the grantor. If the examination results in a deficiency of allowable expenses, the Trust will be required to refund any deficiencies.

Income Taxes:

The Trust is exempt from federal income taxes under Internal Revenue Service Code Section 501(c)(3). As a result, there is no provision for taxes in the accompanying financial statements.

Donated Services, Materials, and Facilities:

The Trust receives donated services from a variety of unpaid volunteers assisting in the museum and education programs. No amounts have been recognized in the accompanying statements of activities for these donated services.

As discussed previously, UWF pays certain expenses and donates office space to the Trust.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adjustments Between Governmental Fund Balance Sheets and Statements of Net Position:

Capital assets are not financial resources and therefore are not reported in the governmental fund. Adjustment is made to include capital assets in the entity-wide statements of net position.

Nonspendable fund balance represents amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. Nonspendable amounts are not reported in the entity-wide statements of net position, therefore, an adjustment is made to exclude the nonspendable fund balance category from the entity-wide statements of net position.

Adjustments Between Governmental Fund Statements of Revenue, Expenditures, and Changes in Fund Balances and Statements of Activities:

Because capital assets are not reported in the governmental fund, no depreciation is recognized in the governmental fund statements of revenues, expenditures, and changes in fund balances. Instead, capital outlays are reported as expenditures. Adjustment is made to include depreciation expense and remove capital outlays in the entity-wide statements of activities.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Trust's deposits and investments consist of demand deposits and certificates of deposit. The carrying amount of the Trust's deposits and investments at June 30, 2025 and 2024 was $703,932 and $537,403, respectively, and the bank balance was $746,258 and $555,806, respectively, all of which was held by a qualified public depository under Chapter 280, Florida Statutes. As such, these deposits are considered to be fully insured.

NOTE 3 - DUE FROM UWFF/UWF

In March 2013, the Trust entered into a MOU with UWFF, where the Trust may transfer current cash assets to UWFF to invest on the Trust's behalf. These funds are invested as a Quasi-Endowment with UWFF and are part of the overall investment pool subject to spending and investment policies of UWFF as agreed to in the MOU. The Trust's investment with UWFF amounted to $1,303,261 and $1,269,157 at June 30, 2025 and 2024, respectively.

NOTE 4 - CAPITAL ASSETS

	$ 3,792,264	$ 355,909	$ (51,628)	$ 4,096,545

Depreciation expense was $244,578 and $203,416 for the years ended June 30, 2025 and 2024, respectively.

NOTE 5 - DEFERRED REVENUE

Rental revenue is considered earned when the event has occurred or the performance of the services has been rendered. Amounts received by the Trust in advance of the date of the event or performance of services are recorded as deferred revenue until the event has occurred or services are rendered. Total deferred revenue amounted to $117,808 and $90,154 at June 30, 2025 and 2024, respectively.

NOTE 6 - FUND BALANCE/NET POSITION

In the financial statements, fund balances/net position are classified as follows:

Nonspendable Fund Balance:

Nonspendable fund balance represents amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact. Nonspendable fund balances as of June 30, 2025 and 2024 are presented as follows:

	2025	2024
Nonspendable -		
Inventory	$ 66,592	$ 67,763
Prepaid assets and deposits	18,266	15,904
Historical properties, antiques and collections	249,714	249,214
	$ 334,572	$ 332,881

Restricted Fund Balance / Reserved Net Position:

Restricted fund balance or reserved net position represent amounts that can be spent only for specific purposes required by law or other externally imposed conditions by grantors or creditors. Restricted fund balances/reserved net position as of June 30, 2025 and 2024 are presented as follows:

	2025	2024
Restricted -		
Old Christ Church fund	$ 100,042	$ 141,004
Kranc Property	57,500	57,500
Cemetery Projects	9,212	-
Restricted Donations	5,000	17,312
	$ 171,754	$ 215,816

Assigned Fund Balance / Designated Net Position:

Assigned fund balance or designated net position represent amounts that are designated by the Board of Directors, under authorization governed in the Trust's By-Laws, for a particular purpose but not spendable until a majority vote of approval by the Board of Directors. The assigned fund balance/designated net position of $38,805 and $38,798 as of June 30, 2025 and 2024, respectively, represents the remaining cash balance in the Veal Education Fund.

NOTE 6 - FUND BALANCE/NET POSITION (Continued)

Assigned Fund Balance / Designated Net Position (Continued):

PMA assigned fund balance or designated net position represents amounts that are designated by the Board of Directors but are not spendable until a majority vote of approval. In 2017, the Pensacola Museum of Art received a BP claim and the Board of Directors approved to designate these funds for future purchases of artwork and collections to be held at the museum. The assigned fund balance/designated net position of $33,966 as of June 30, 2025 and 2024, represents the remaining designated BP funds.

Use of Restricted Resources:

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Trust's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the Trust's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications, committed and then assigned fund balances, if any, before using unassigned fund balances.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Dependency on Government Support:

The Trust receives a substantial amount of support from UWF, and state and local government agencies. A reduction in the level of future support from these entities could have a substantial effect on the Trust's programs and activities.

UWF Agreement:

As discussed in Note 1, the Trust is committed to assist UWF under an operating agreement which extends for an indefinite term.

NOTE 8 - RISK MANAGEMENT

The Trust is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Trust is insured for these risks. There were no insurance losses related to these risks in excess of insurance coverage in any of the three prior fiscal years. The Trust is not aware of any liabilities related to these risks as of June 30, 2025.

OTHER REPORT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards"*), the financial statements of the governmental activities and the entity-wide activities of West Florida Historic Preservation, Inc., d/b/a University of West Florida Historic Trust ("the Trust"), (a component unit of the University of West Florida), as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements, and have issued our report thereon dated September 16, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Trust's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Trust's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

Opinion

We have audited the financial statements of the governmental activities and the entity-wide activities of West Florida Historic Preservation, Inc. d/b/a University of West Florida Historic Trust ("the Trust"), (a component unit of the University of West Florida), as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and the entity-wide activities of the Trust as of June 30, 2024 and 2023, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2024, on our consideration of the Trust's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024 AND 2023

The following is a narrative overview and analysis of the West Florida Historic Preservation, Inc. d/b/a University of West Florida Historic Trust's ("the Trust") significant financial activities for the fiscal year ended June 30, 2024.

Operational Highlights

- We will receive $1,025,000 one-time funding in this year's state budget. The funds were awarded in the form of two grants, one for $275,000 and the second for $750,000. We were not allowed to proceed with spending the funds until we received the grant agreements. We received the agreement for the $275,000 grant in January 2024 but didn't receive the agreement for the $750,000 grant until June 2024. Upon completion of grant deliverables, we will receive grant payment.

- Our parking management agreement with Premium Parking has generated increased parking revenues 50% over the budgeted amount.

- Visitation decreased by 15%, long-term rental income was 22% over the budgeted amount, and ticket sales were 5% over the budgeted amount.

- We held our third annual Bootleg Ball fundraiser on January 25th at the Museum of Commerce. After all expenses were covered, we made $5,026 and created a great deal of buzz which will help us with next year's event.

- In 2023, we received a $45,000 special category grant for window and door restoration at the Dorr House. We completed these repairs this year.

- We completed restoration of the #12 locomotive.

- We completed the train covering at the Museum of Industry.

- We completed the exterior restoration of the Pensacola Museum of Art.

- We completed all code required upgrades to the site elevators.

- We received insurance payout for roof repairs and replacement of damaged floors due to water damage at the Pensacola Museum of Art.

- We published our inaugural edition of Historic Pensacola Magazine. Copies have been placed in local hotels and businesses to spread awareness of all the happenings at the Trust. This will help increase visibility and drive in new customers.

- We underwent a risk assessment audit by the UWF internal auditors. This audit helped us identify potential risks and take corrective actions to ensure that potential risks were negated.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Trust's basic financial statements. They are: 1) entity-wide and governmental fund financial statements and 2) notes to the financial statements.

Entity-wide financial statements are designed to provide readers with a broad overview of the Trust's finances in a manner similar to a private-sector business. Governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found starting on page 9 of this report.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Purpose:

West Florida Historic Preservation, Inc. ("WFHPI"), formerly Historic Pensacola, Inc., was organized as a not-for-profit corporation under Section 266.0018, Florida Statutes, to engage in the restoration and exhibition of historical landmarks in the vicinity of Pensacola, Florida. In 2001, Section 266.0018, Florida Statutes was repealed, at which time the legislature transferred the historic preservation responsibilities to the University of West Florida ("UWF"). On July 1, 2001, WFHPI was designated as a direct support organization of UWF under Section 267.1732, Florida Statutes, in order to assist UWF in carrying out its dual historic preservation and historic preservation education purposes and responsibilities. In November 2013, West Florida Historic Preservation, Inc. changed its name to West Florida Historic Preservation, Inc., d/b/a University of West Florida Historic Trust ("the Trust").

The general operating authority of the Trust is contained in Section 267.1732, Florida Statutes (Chapter 2001-199, Laws of Florida). The Trust operates under an operating agreement with UWF and is considered a component unit of UWF.

Expenses paid by the Trust to renovate or modify property controlled by UWF and leased by the Trust are capitalized and reflected in buildings and improvements in these financial statements. The Trust assists UWF in operating, preserving and maintaining various historical properties owned by the State of Florida and controlled by UWF. Certain expenses related to these activities are directly paid by UWF and are not included in these financial statements. Those expenses, which are not reflected in these financial statements, are as follows:

	2024	2023
Telephone	$ 11,386	$ 10,345
Operating supplies	20,008	10,889

Other	-	1,545
Totals	$ 227,358	$ 459,058

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Organization and Purpose (Continued):

Salaries of UWF employees who staff the Trust are paid directly by UWF. These in-kind salaries amounted to $1,265,373 and $1,171,949 for the years ended June 30, 2024 and 2023, respectively, and are not reflected in the books of the Trust. Additionally, UWF donates office space in the Bowden Building located at 120 Church Street in downtown Pensacola, Florida to the Trust. Management estimates the fair value of this donated office space to be $280,000 and $241,984 for the years ended June 30, 2024 and 2023, respectively.

In November 2013, the Trust entered into a Memorandum of Understanding ("MOU") with the University of West Florida Foundation ("UWFF"), a direct service organization of UWF, where all membership income is handled and recorded by UWFF. Membership income held by UWFF amounted to $57,656 and $55,949 as of June 30, 2024 and 2023, respectively.

Each state university board of trustees is authorized to permit the use of property, facilities, and personal services at any state university by any university direct support organization per Section 1004.28, Florida Statutes. Administrative and fiscal services, office space, and other miscellaneous support services are provided to UWF direct support organizations by UWF at no cost. No value is assigned to administrative and fiscal services in the accompanying statements of activities and governmental fund revenues, expenditures, and changes in fund balance/net position.

Pensacola Museum of Art:

On July 1, 2016, the assets of the Pensacola Museum of Art ("PMA"), an independent not-for-profit corporation, became part of UWF. On that date, UWFF was gifted a historic building, land, a fine arts collection, furniture and equipment, cash and cash equivalents, a permanent endowment, and other current assets from the dissolving entity totaling approximately $4.2 million. UWFF transferred the historic building and land to UWF and the fine arts collection, furniture and equipment, and all other assets were transferred to the Trust, with the exception of the permanent endowment. The Trust maintains a management agreement with UWF covering the preservation of historic properties for UWF. UWFF will continue to steward the endowment for purposes of the PMA, now a division of the Trust. The new PMA division has a non-governing advisory board that reports to the Trust's board of directors. Under the agreement, UWFF will handle all and record all unified membership income for the PMA. PMA unified membership income held by UWFF amounted to $15,094 and $19,054 as of June 30, 2024 and 2023, respectively.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

DeFuniak Springs Landmark:

On March 20, 2024, the Trust entered into a gift agreement with DeFuniak Springs Landmarks, Inc. ("Landmarks"), and UWFF. Landmarks is a Florida not-for-profit corporation formed to preserve, protect and promote historic and cultural sites in the City of DeFuniak Springs, Florida. Upon dissolution of Landmarks, UWFF and the Trust will be gifted all assets, cash and investments. UWFF will maintain all cash and investments. The Trust began administration of Landmarks mission of public education, archeological study and research, and funding of historic preservation projects during fiscal year 2024.

Measurement Focus, Basis of Accounting and Financial Statement Presentation:

These financial statements have been prepared in conformity with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board ("GASB"). The Trust utilizes the following fund type:

- General Fund, a governmental fund, is used to account for all revenues and expenditures applicable to the general operations of the Trust that are not required either legally or by accounting principles generally accepted in the United States of America ("GAAP") to be accounted for in another fund.

Government-Wide Financial Statements:

The government-wide financial statements (i.e., the statements of net position and governmental fund balance sheets and the statements of activities and governmental fund revenues, expenditures, and changes in fund balance/net position) report information on all of the activities of the Trust. Governments typically report activities as either governmental activities, which are supported by grants and other intergovernmental revenues, or business-type activities, which rely to a significant extent on fees and charges for support. The Trust reports its activities as governmental activities.

Because the Trust reports only governmental activities and only one program, it is considered to be a special-purpose government for financial reporting purposes under GAAP. As such, the government-wide financial statements are presented together with the governmental fund financial statements with an adjustment column presented to reconcile the two sets of statements.

The Trust has one governmental fund type, which is the General Fund. The General Fund is used to account for all resources and operations. Governmental funds are accounted for on a "spending" or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements (Continued):

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Governmental Funds:

The General Fund is accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; that is, when they are measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Trust considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when the related liability is incurred. Primary revenues consist of charges for services, licenses, and permits. All of these revenues are susceptible to accrual.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Inventory:

Inventory consists of merchandise held for resale in the museum gift shops. Inventory is stated at lower of cost or market and is accounted for under the first-in, first-out method.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets:

Property and equipment are recorded at cost. Donated capital assets are recorded at their estimated fair market value on the date of contribution. Expenditures which equal or exceed $5,000 that materially increase values, change capacities, or extend useful lives are capitalized. Repairs and maintenance costs are charged to operations when incurred.

Depreciation is computed using the straight-line method. Estimated useful lives of property and equipment range as follows:

Buildings and improvements	10 - 40 years
Furniture, fixtures and equipment	5 - 10 years

Historical Properties, Antiques, and Collections:

Purchased historical properties, antiques, and collections that are held for educational and curatorial purposes are recorded at cost. Donated items are not capitalized but are recorded both as revenue and expense in the government-wide statement of activities. Whether purchased or donated, each item is cataloged, preserved, and cared for, and activities verifying their existence and assessing their condition are performed continuously.

Historical properties, antiques, and collections are acquired for purposes of preservation and display. Management considers these items to be historically significant and should be preserved perpetually. Accordingly, depreciation is not recorded for these items.

Program Revenue:

Program revenue from local governments and government grants is recorded based upon the terms of the grantor allotment which generally provides that revenue is earned when the allowable costs of the specific grant provisions have been incurred or the performance of the services has been rendered. Such revenue is subject to audit by the grantor. If the examination results in a deficiency of allowable expenses, the Trust will be required to refund any deficiencies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes:

The Trust is exempt from federal income taxes under Internal Revenue Service Code Section 501(c)(3). As a result, there is no provision for taxes in the accompanying financial statements.

Donated Services, Materials, and Facilities:

The Trust receives donated services from a variety of unpaid volunteers assisting in the museum and education programs. No amounts have been recognized in the accompanying statements of activities for these donated services.

As discussed previously, UWF pays certain expenses and donates office space to the Trust.

Adjustments Between Governmental Fund Balance Sheets and Statements of Net Position:

Capital assets are not financial resources and therefore are not reported in the governmental fund. Adjustment is made to include capital assets in the entity-wide statements of net position.

Nonspendable fund balance represents amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. Nonspendable amounts are not reported in the entity-wide statements of net position, therefore, an adjustment is made to exclude the nonspendable fund balance category from the entity-wide statements of net position.

Adjustments Between Governmental Fund Statements of Revenue, Expenditures, and Changes in Fund Balances and Statements of Activities:

Because capital assets are not reported in the governmental fund, no depreciation is recognized in the governmental fund statements of revenues, expenditures, and changes in fund balances. Instead, capital outlays are reported as expenditures. Adjustment is made to include depreciation expense and remove capital outlays in the entity-wide statements of activities.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Trust's deposits and investments consist of demand deposits and certificates of deposit. The carrying amount of the Trust's deposits and investments at June 30, 2024 and 2023 was $537,403 and $882,630, respectively, and the bank balance was $555,806 and $929,127, respectively. The Trust's cash balances held by financial institutions are insured by the Federal Deposit Insurance Corporation up to certain limits.

NOTE 3 - DUE FROM UWFF/UWF

In March 2013, the Trust entered into a MOU with UWFF, where the Trust may transfer current cash assets to UWFF to invest on the Trust's behalf. These funds are invested as a Quasi-Endowment with UWFF and are part of the overall investment pool subject to spending and investment policies of UWFF as agreed to in the MOU. The Trust's investment with UWFF amounted to $1,269,157 and $1,137,815 at June 30, 2024 and 2023, respectively.

NOTE 4 - CAPITAL ASSETS

Capital assets consist of the following:

June 30, 2024:	Beginning Balance	Increases	Decreases	Ending Balance
Historic Pensacola Village

	$ 3,809,884	$ (17,620)	$ -	$ 3,792,264

Depreciation expense was $203,416 and $260,923 for the years ended June 30, 2024 and 2023, respectively.

NOTE 5 - DEFERRED REVENUE

Rental revenue is considered earned when the event has occurred or the performance of the services has been rendered. Amounts received by the Trust in advance of the date of the event or performance of services are recorded as deferred revenue until the event has occurred or services are rendered. Total deferred revenue amounted to $90,154 and $91,572 at June 30, 2024 and 2023, respectively.

NOTE 6 - FUND BALANCE/NET POSITION

In the financial statements, fund balances/net position are classified as follows:

Nonspendable Fund Balance:

Nonspendable fund balance represents amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact. Nonspendable fund balances as of June 30, 2024 and 2023 are presented as follows:

	2024	2023
Nonspendable -		
Inventory	$ 67,763	$ 73,463
Prepaid assets and deposits	15,904	13,899
Historical properties, antiques and collections	249,214	249,214
	$ 332,881	$ 336,576

Restricted Fund Balance / Reserved Net Position:

Restricted fund balance or reserved net position represent amounts that can be spent only for specific purposes required by law or other externally imposed conditions by grantors or creditors. Restricted fund balances/reserved net position as of June 30, 2024 and 2023 are presented as follows:

	2024	2023
Restricted -		
Old Christ Church fund	$ 141,004	$ 140,949
Kranc Property	57,500	57,500
Cemetery Projects	17,312	12,000
	$ 215,816	$ 210,449

NOTE 6 - FUND BALANCE/NET POSITION (Continued)

Assigned Fund Balance / Designated Net Position:

Assigned fund balance or designated net position represent amounts that are designated by the Board of Directors, under authorization governed in the Trust's By-Laws, for a particular purpose but not spendable until a majority vote of approval by the Board of Directors. The assigned fund balance/designated net position of $38,798 and $38,790 as of June 30, 2024 and 2023, respectively, represents the remaining cash balance in the Veal Education Fund.

PMA assigned fund balance or designated net position represents amounts that are designated by the Board of Directors but are not spendable until a majority vote of approval. In 2017, the Pensacola Museum of Art received a BP claim and the Board of Directors approved to designate these funds for future purchases of artwork and collections to be held at the museum. The assigned fund balance/designated net position of $33,966 as of June 30, 2024 and 2023, represents the remaining designated BP funds.

Use of Restricted Resources:

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Trust's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the Trust's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications, committed and then assigned fund balances, if any, before using unassigned fund balances.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Dependency on Government Support:

The Trust receives a substantial amount of support from UWF, and state and local government agencies. A reduction in the level of future support from these entities could have a substantial effect on the Trust's programs and activities.

UWF Agreement:

As discussed in Note 1, the Trust is committed to assist UWF under an operating agreement which extends for an indefinite term.

NOTE 8 - RISK MANAGEMENT

The Trust is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Trust is insured for these risks. There were no insurance losses related to these risks in excess of insurance coverage in any of the three prior fiscal years. The Trust is not aware of any liabilities related to these risks as of June 30, 2024.

OTHER REPORT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities and the entity-wide activities of West Florida Historic Preservation, Inc., d/b/a University of West Florida Historic Trust ("the Trust"), (a component unit of the University of West Florida), as of and for the year ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements, and have issued our report thereon dated September 3, 2024, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Trust's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Trust's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Directors
West Florida Historic Preservation, Inc.
d/b/a University of West Florida Historic Trust
Pensacola, Florida

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL INFORMATION

Agency Name: Winterfest of Pensacola, Inc.

Agency Address: 226 E. Intendencia
Pensacola, FL 32501

Program Name for which funding is being requested: Winterfest

Amount Requested: $95,132.00

Program Contact: Denise Power

Contact Email: denisechenel@gmail.com Contact Phone: (850) 435-0914 or (850) 261-1365

Description of Program:

In Pensacola, Fla., a six-weeks-long festival has helped to ring in the holidays for almost 30 years. The city's historic downtown streets, aglow with holiday lights, form a magical backdrop for Winterfest, an iconic celebration that kicks off the weekend before Black Friday and ends on Christmas Eve. Spanning the holiday season, Winterfest offers an endless supply of live street performances, trolley tours, cascades of faux "snow," visits with Santa and more.

Winterfest entertains families and children of all ages and walks of life with both free and ticketed events and may be best known for its Trolley Performance Tours that bring classic holiday stories to life. The annual Winterfest Elf Parade is a free family event for all ages that brings up to 10,000 people to downtown Pensacola on Black Friday, many of whom come early and stay late to shop at local shops, restaurants, bars and galleries.

Winterfest's popular trolley tours routinely sell out—they are so popular in fact, that in 2017 Winterfest was recognized by *Coastal Living* magazine, *Southern Living* magazine, Trippin', Trip Smarter and others as one of the top things to do for the holidays. *Florida Travel + Life* Magazine has named Winterfest the top holiday attraction in Florida, and the Southeast Tourism Society lists Winterfest as one of the "Top 20 Events in the Southeast." Expedia included Winterfest as a top reason for listing Pensacola on its "Top 25 Christmas Destinations in the U.S."

How many years has your organization provided services in the County? 29 Years

How many years has your organization received funding from the County? One-time gift in 2006

Explain how receiving County funds would impact your organization:

Winterfest has grown into one of the Pensacola Bay Area's most beloved seasonal events, delivering a unique holiday experience that engages thousands of residents and visitors each year. However, current funding levels limit our ability to expand beyond a primarily local and regional audience, constraining both attendance growth and long-term organizational sustainability. Importantly, with a $10,000 marketing grant from Visit Pensacola in 2021, the resulting national public relations outreach helped us to increase out of market ticket sales by nearly 10% (*Winterfest ticket sales data).

Receiving County funding would directly strengthen Winterfest's capacity to grow as an organization. It would enable the implementation of a targeted national advertising and public relations campaign, increasing brand visibility, expanding audience reach, and attracting new out-of-market visitors. This growth would translate into increased ticket sales and stronger attendance across all programming.

Expanded marketing would also elevate Winterfest's overall brand positioning, allowing the organization to attract national media attention. This increased visibility strengthens Winterfest and supports long-term financial sustainability.

In addition, increased attendance and broader geographic reach would support enhancements to programming, visitor experience, and operational scale—allowing Winterfest to hire more local performers and continue improving the quality and impact of the event each year.

While the primary impact of this funding is organizational growth, the benefits also extend to Escambia County. Increased out-of-market visitation during November and December would contribute to higher hotel occupancy, increased visitor spending, and additional bed tax revenue during one of the area's lowest-performing tourism periods.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: N/A

Briefly discuss how last year's funds were used? N/A

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? N/A

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

Expanded marketing outside the region is expected to generate measurable economic impact while strengthening Winterfest's role as a major destination event. The requested funding will support a targeted national marketing and promotion strategy designed to attract out-of-market visitors from Escambia County's key feeder markets and direct flight markets. This includes an Expedia digital partnership (June–October) targeting travelers in key feeder and direct flight markets actively searching for November–December trips ($45,000), coordinated Meta and Google advertising. ($21,000), in-market Beach TV placements to drive repeat visits from summer travelers staying in local hotels and condos ($9,132), and a strategic national public relations campaign ($20,000). The PR effort includes direct outreach to targeted national media and is projected to generate up to $250,000 in earned media value. We expect the Expedia digital campaign to net 1,124 directly-attributable room nights.

Visit Pensacola research supports Winterfest's ability to attract high-value visitors. According to the 2021 Winterfest Economic Impact Study, the typical out-of-county Winterfest visitor is 44 years old, earns approximately $116,300 annually, and travels in larger parties (4.3 people), with 83% traveling with children. By comparison, the broader Pensacola visitor profile reflects a median household income of $86,700 and an average party size of 2.8. These findings indicate that Winterfest attracts a higher-spending, family-oriented visitor segment. The same study documented $484,000 in direct spending and $726,000 in total economic impact from 2,940 out-of-county visitors — an average of $165 per visitor for their entire stay, or approximately $1,532 per overnight travel party based on the study's documented average stay of 2.2 nights. Adjusted for cumulative inflation of 20.6% (Bureau of Labor Statistics CPI, 2021–2026), these figures represent an estimated $199 per visitor and $1,850 per overnight party in 2026 dollars.

Importantly, this model uses general Pensacola visitor benchmarks rather than a Winterfest-adjusted premium, despite evidence that Winterfest attracts higher-income, larger-party travelers. As a result, the projected economic impacts are intentionally conservative. The actual return on this investment, accounting for Winterfest's documented higher-income, larger-party visitor profile, is likely meaningfully higher.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: No

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: No other organizations / agencies provide similar services in our area.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. There are no similar events that we are aware of in this market. We have successfully grown Winterfest for nearly three decades, even during major economic downturns due to the BP Horizon oil spill, the 2020 COVID crisis and others.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to

the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 0%
- Percentage for direct programming costs: 100%

If only a portion of your requested funding is granted, how will you offset the difference? We will continue to market Winterfest locally with our current marketing budget with no change to our programming and use the approved amount for out of market outreach.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. None; Winterfest in the past has received event grants from Visit Pensacola.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Increase total out-of-county Winterfest attendees by 5%	1,651	2,094	2,303	10%
2. Increase in overall ticket sales	9,509	9,342	9,996	7%
3. Number of room nights booked	N/A	N/A	1,124*	Unknown
4. Earned media value	N/A	N/A	$250,000	Unknown

b) Please state the source used to provide your program metrics: Ticket sales are tracked through our website back-end; Expedia's platform directly tracks and reports bookings, room nights, and revenue attributed to the campaign. *Conservative estimate based on results of a previous Expedia campaign. Earned media will be tracked using ad values for like space in individual media that cover our event.

While we expect the Expedia digital campaign to net 1,124 room nights, not all users will book via Expedia, so we anticipate additional bookings not directly attributable on the Expedia site.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Number of out of market individuals served/booked	2,303
2. Number of total individuals served/booked	9,996
3. Number of room nights booked through this promotion	1,124

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1. Number of out of market tickets sold in FY2026	2,094
2. Number of total individuals served/booked in FY2026	9,342
3. Number of room nights booked through Expedia	1,124

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

RESEARCH

EXECUTIVE SUMMARY

Winterfest 2021

Purpose

This study was conducted to measure the economic impact of the Pensacola Winterfest 2021 to the Pensacola area

Total economic impact is a function of direct spending by **out-of-county visitors** in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars

Direct spending by **out-of-county visitors** includes spending on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses

Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars

Local spending does **not** affect total economic impact and is not included in the direct spending by visitors or the economic impact figure

METHODOLOGY

Data Collection

222 interviews were completed in-person with visitors to the Pensacola Winterfest 2021 event on November 21st – December 24th, 2021. Attendance figures from the Pensacola Winterfest and an independent attendance estimate by Downs & St. Germain Research were used in this report.

Economic Impact

Total economic impact is a function of direct spending by visitors in the Pensacola area, as well as the indirect and induced effects of this spending, such as increased business and household spending generated by tourism dollars.

Multiplier

Downs & St. Germain Research uses IMPLAN economic modeling to calculate the multiplier based on direct expenditure data collected from visitors to the Pensacola area. Agencies such as FEMA, EPA, Federal Reserve bank, and the Bureau of Land Management use IMPLAN modeling. Pensacola's multiplier is 1.5.

EXECUTIVE SUMMARY

- The Pensacola Winterfest 2021 attracted **7,390**[1] unique attendees, 2,940 out-of-county attendees and 4,450 locals
- **40%** of attendees were out-of-county visitors
- Out-of-county visitors spent **$484,000**[2] in the Pensacola area during this event, generating **$726,000 in economic impact**[3]
- Out-of-county visitors who attended Pensacola Winterfest 2021 spent **695** nights in paid accommodations in the Pensacola area
- The typical out-of-county attendee was **44** years old, earned **$116,300** per year and traveled in parties of **4.3 people**
- **49% of visitors** chose to stay in overnight accommodations while attending this event, staying an average of **2.2** nights, and **nearly 9 in 10 were very satisfied** with their stay
- **Nearly half** of attendees became aware of this event through **word of mouth from friends and family** and **nearly 1 in 4** became aware through **Visit Pensacola social media**
- **70%** of out-of-county visitors said this event was their main reason for coming to the Pensacola area

[1] The Pensacola Winterfest estimated attendance 10,400. Downs & St. Germain Research determined that there were 7,390 unique attendees. "Unique" attendees are visitors who may attend more than one day of the event and is based on the total event attendee estimate divided by the average days of attendance. Economic Impact is calculated based on "unique" visitors rather than the full attendance estimate.
[2] Spending by **out-of-county visitors** on accommodations, restaurants, groceries, transportation, attractions, entertainment, tickets, shopping, and "other" expenses.
[3] Indirect effects are increased business spending resulting from tourism dollars. Induced effects are increased household spending resulting from tourism dollars.
Local spending does not affect total economic impact.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

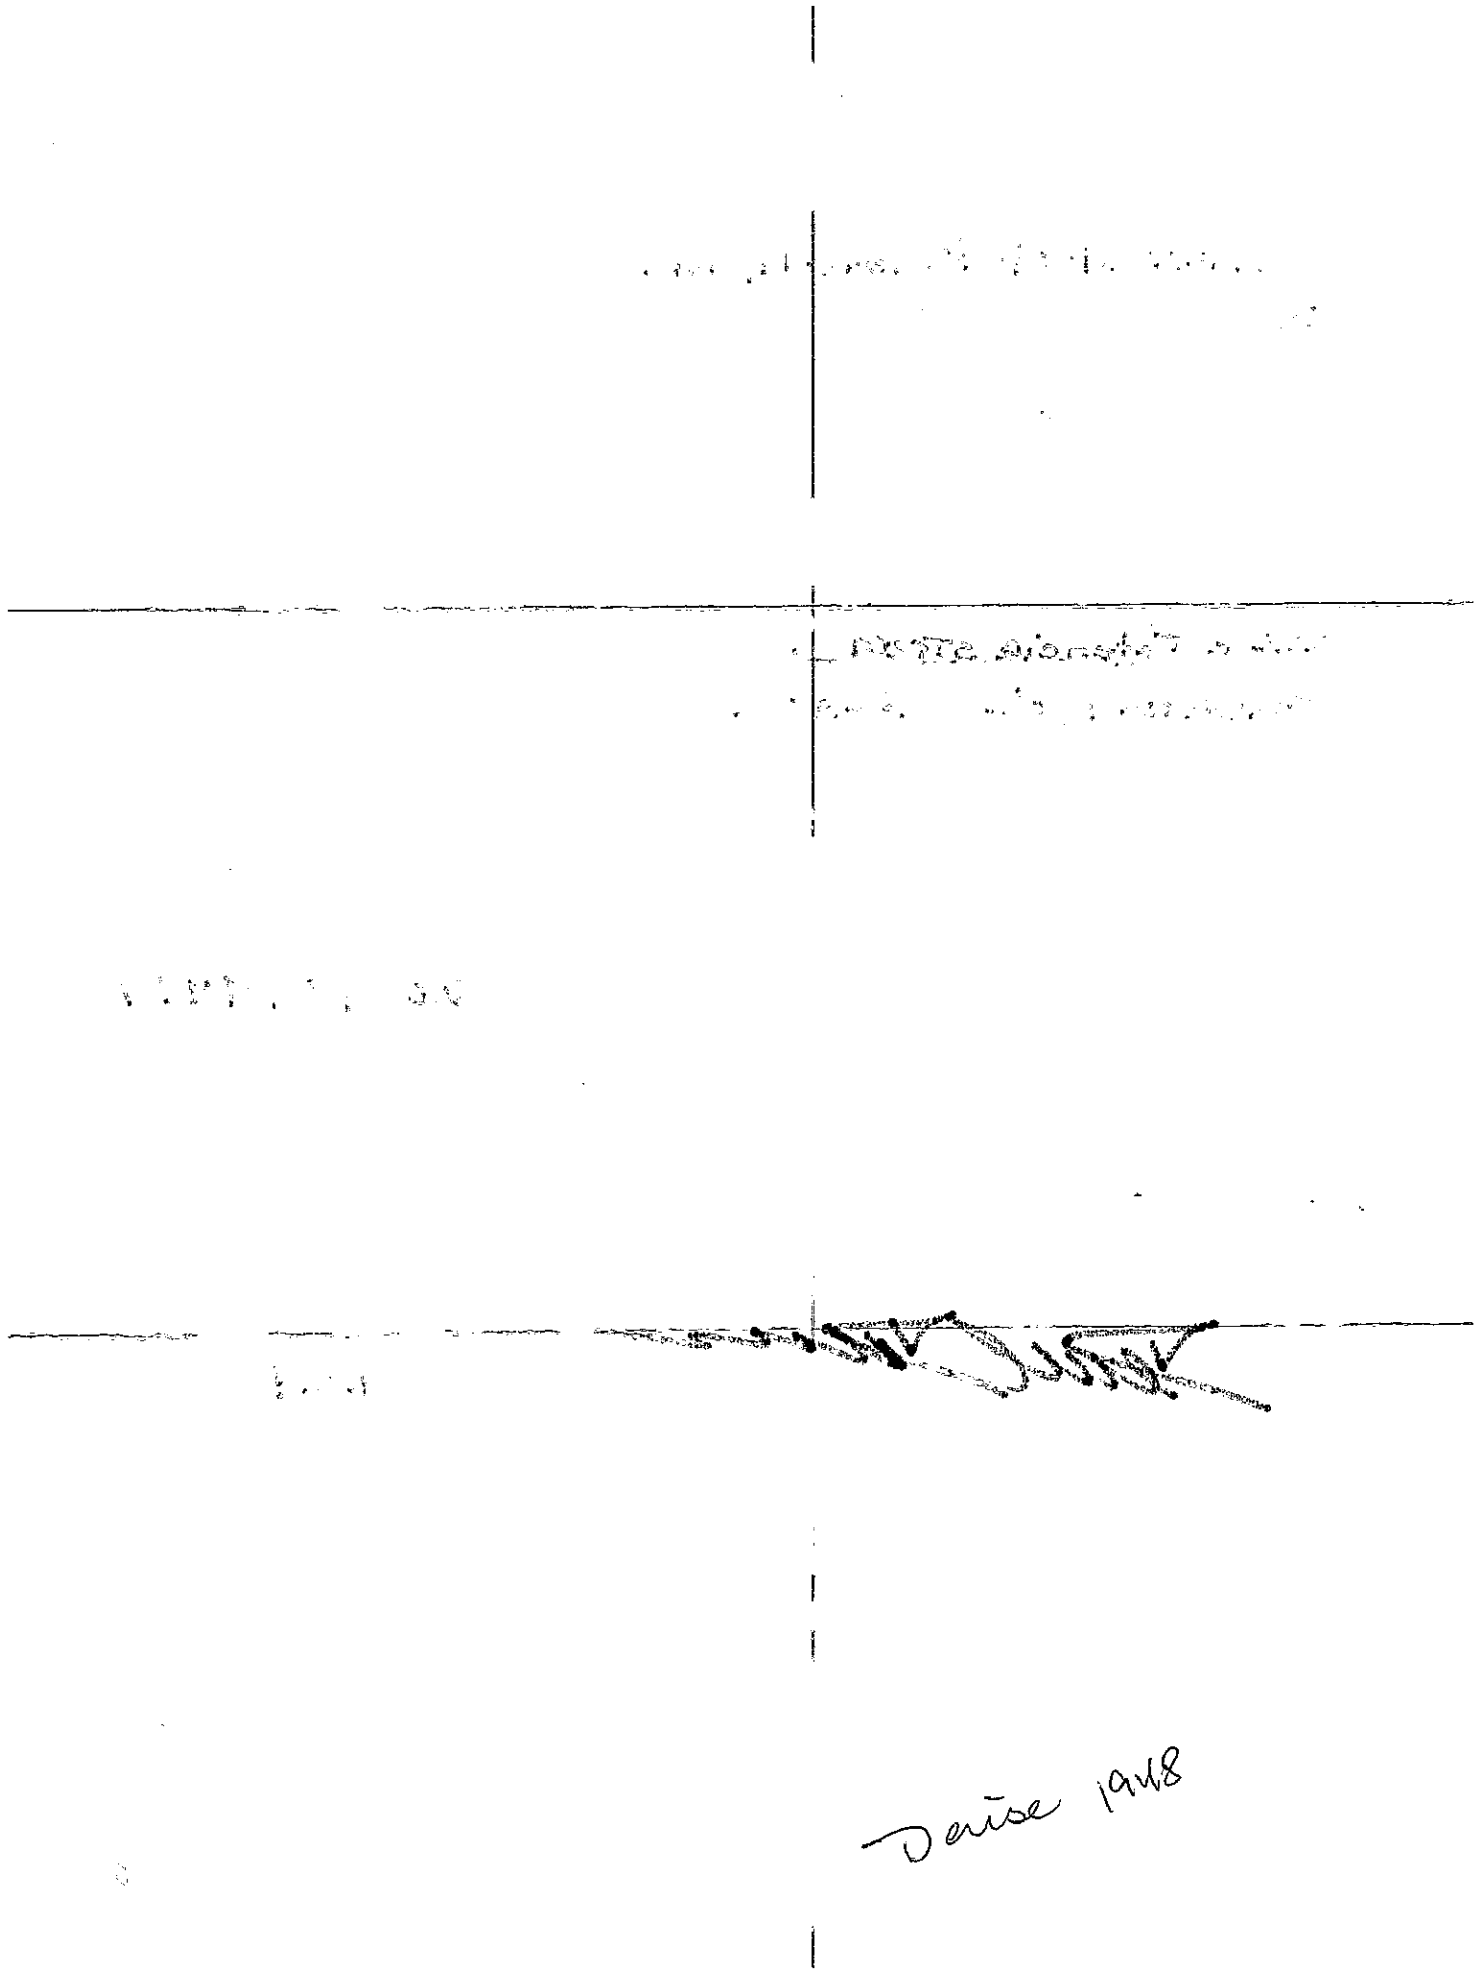
General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*



Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

TO: Tourism Community Partner

RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Important Note: As a requirement to receive County TDT grant monies, your organization will be required to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the Attachment A "Annual Narrative Form", attached to this application and are due post event or at the end of the Fiscal Year, whichever date is earliest.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Finance Director
Escambia County

GENERAL INFORMATION

Agency Name: _William Banks Enterprise, Inc.

Agency Address: 1372 Buttonwillow Trl.

Pensacola, FL 32506

Program Name for which funding is being requested: 2027 Gulf Coast Summerfest Jazz Edition

Amount Requested: $_275,000.00

Program Contact: _William "Cadillac" Banks

Contact Email: _banksenterprise@bellsouth.net Contact Phone: (850) 393 - 3028

Description of Program: _William Banks Enterprise, Inc., proudly produces one of the top 4 night/3day festivals in the country, headlined by national top billboard smooth jazz artists. The event boosts tourism by attracting jazz lovers from all over the United States and abroad to Escambia County for 4 nights/3 days .

How many years has your organization provided services in the County? _15

How many years has your organization received funding from the County? _10

Explain how receiving funds from the County would impact your organization:

Receiving funding from Escambia County would hel secure the best of the best top smooth jazz artists to compete with he talent line-up of the Seabreeze Jazz Festival in Panama City.

The Gulf Coast Jazz Festival has been successful in capturing tourism tax dollars that would otherwise have been spent in other counties with music festivals. Production osts for the Jazz Festival rise every year 20-30% over the previous year. Without the assistance of the County, it would be a struggle to engage the high-quality talent that the Gulf Coast Jazz Festival has traditionally provided. Even though the production costs rise significantly every year, the economic impact of the festival on Escambia County outpaces the rise in production costs.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: _2026 ($200,000)

Briefly describe how last year's funds were used? _The funds were specifically spent to

_ssecure artists contracts, service contracts, venue rentals and marketing and promotional efforts.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? _The funds for 2027

_will be used to produce the Jazz Festival per the funding agreement. These funds will secure

_artists' contracts, venues, and other service contracts.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? _The fund for 2027 will be used partly to

_produce the jazz festival in accordance with the funding agreement.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: _No

Is this a one-time request or a recurring request for funding? _Recurring.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: Escambia County does not have any other public or private organizations/agencies who provide similar service in the area compared to the Gulf Coast Summerfest Jazz Edition. However, we do have a competitor 100 miles away – the Seabreeze Jazz Festival.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. The Gulf Coast Jazz Festival is unique. There is not similar musical event in Escambia County for jazz lovers.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: 0 %
- Percentage for direct programming costs: 100 %

If only a portion of your requested funding is granted, how will you offset the difference? We would work to solicit additional sponsorships from the community or resort toa shorter event in an effort to cut costs without cancelling the event all together.

.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year? Calendar
2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements. Discrepancies between the financial statements and the Expenses Table are because the Expenses are programmatic while the tax returns are for the organization.
3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds? All net income was into 2025 and 2026 event production.
4. Please list the salary of the top 5 employees, names and positions of your organization.

If there are multiple agencies funded by or through your agency allocation, please add those employees to this list by agency.

5.Please provide the total amount of cash and investments on hand. $100,000

6. Does your organization charge fees for services? If so, provide a list of fees charged:

Projected ticket prices for the FY 27 event will range between $200-$400 depending on the cost to produce the event .

7. Does your organization require background checks from volunteers and staff? No

8. What is the **source** of your reportable data? Majority Research Opinion and Ticketmaster

TOURISM PROMOTION AGENCIES

1. Please describe the marketing plan for your event or tourism related activity

The Gulf Coast Jazz Festival marketing covers the outer market with social media, tv, radio, and a ground campaign. We run a full-page ad in the National Smooth jazz News. We specifically target the outer markets to further encourage tourism.

2. Please provide information regarding ticket sales or sponsorships for your event or tourism related activity: We utilize Ticket Master for our ticket sales. Tickets will range in price from $200-$400 – to be determined by the final costs of securing the talent, venues and insurance for the production of the show.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

2 Business name/disregarded entity name, if different from above.
William Banks Enterprise, Inc.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☑ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

Requester's name and address (optional)

6 City, state, and ZIP code
Pensacola, FL 32506

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

WELCOME TO LOC ®

Thank you for choosing H&R LOCK®. If you are having your taxes prepared, and you are at an office operated by HR Tax Group, Inc. ("HR "), your tax return will be prepared by HR . If you are at a franchised H&R LOCK® office, your return will be prepared by an independently owned and operated franchisee ("Franchisee"). In either case, this Client Service Agreement ("CSA") explains what to expect from your tax preparer and from other companies that may provide you products and services, and what is needed from you so they can provide great service. This CSA contains an Arbitration Agreement, the terms of which are set forth below.

If you are having your taxes prepared, your tax preparer will (1) interview you to learn details that affect your taxes, and (2) ask you for documents to help accurately record your income, credits or deductions. You agree to provide information related to all products and services you receive, including information that affects your tax situation, and to verify the accuracy of this information. If you discover that you did not provide complete and accurate information, you agree to file an amended return. Your tax preparer can prepare any amendment for you, but there may be an additional charge. The use and disclosure of information you provide to H&R LOCK® is governed by the Privacy Notice provided to you. You may request a copy of our most recent Privacy Notice from any office.

A IT ATION IF A DISPUTE A ISES ("A IT ATION AG REEMENT")

1. Scope of Arbitration Agreement. You and the H&R lock Parties agree that all disputes and claims between you and the H&R lock Parties shall be resolved through binding individual arbitration unless you opt out of this Arbitration Agreement using the process explained below. However, to the fullest extent permitted by applicable law, either you or the H&R lock Parties may elect that an individual claim be decided in small claims court, as long as it is brought and maintained as an individualized claim and is not removed or appealed to a court of general jurisdiction. All issues are for the arbitrator to decide, except that issues relating to the arbitrability of disputes and the validity, enforceability, and scope of this Arbitration Agreement, including the interpretation of and compliance with sections 2, 4, and 6 below, shall be decided by a court and not an arbitrator. The terms "H&R lock Parties" or "we" or "us" in this Arbitration Agreement include HR , Emerald Financial Services, LLC, and Franchisee, along with their predecessors, successors, and assigns, and each of the past, present, and future direct or indirect parents, subsidiaries, affiliates, officers, directors, agents, employees, and franchisees of any of them. The term "you" in this Arbitration Agreement includes the business/entity taxpayer and its predecessors, successors, officers, directors, agents, and employees.

Arbitration Opt Out: You may opt out of this Arbitration Agreement within 30 days after you sign this CSA by filling out the form at www.hrblock.com/goto/businessoptout, or by sending a signed letter to Arbitration Opt Out, P.O. ox 32818, ansas City, MO 64171. The letter should include your business/entity name, the name of your authorized representative submitting the opt out, the address of your principal place of business, the first five digits of your Federal Employer Identification Number, and the words " eject Arbitration." If you opt out of this Arbitration Agreement, any prior arbitration agreement shall remain in force and effect.

2. Commencing Arbitration. You or we may commence an arbitration proceeding only if you and we do not reach an agreement to resolve the dispute or claim during the Informal Resolution Period (defined below).

a. Pre-Arbitration Notice of Dispute. A party who intends to seek arbitration must first mail a written Notice of Dispute ("Notice") to the other party. The Notice to the H&R lock Parties should be addressed to: H&R lock-Legal Department, Attention: Notice of Dispute, One H&R lock Way, Kansas City, MO 64105. The Notice to you will be sent to the last known address on file with the H&R lock Parties. The Notice must be on an individual basis and include all of the following: (1) the claimant's name, address, telephone number, and e-mail address; (2) the nature or basis of the dispute or claim; (3) the specific relief sought; and (4) the claimant's authorized representative's signature.

b. Informal Settlement Conference. After the Notice containing all of the information required above is received, within 60 days either party may request an individualized discussion (by telephone or videoconference) regarding informal resolution

of the dispute ("Informal Settlement Conference"). If timely requested, the parties will work together in good faith to select a mutually agreea le time for the Informal Settlement Conference. You and our usiness representative must oth personally participate in a good-faith effort to settle the dispute without the need to proceed with ar itration. The requirement of personal participation in an Informal Settlement Conference may e waived only if oth you and we agree in writing. Any counsel representing you or us may also participate; however, if you have retained counsel, a signed statement is required y law to authorize the H&R Block Parties to disclose your confidential tax and account records to your counsel. Any applica le statute of limitations will e tolled for the claims and relief set forth in the Notice during the period etween the date that either you or we send the other a fully complete Notice, until the later of (1) 60 days after receipt of the Notice; or (2) if a Settlement Conference is timely requested, 30 days after completion of the Settlement Conference (the "Informal Resolution Period"). The parties agree that the existence or su stance of any settlement discussions are confidential and shall not e disclosed, except as provided y applica le law.

c. Enforcement of Pre-Arbitration Requirements. The Notice and Informal Settlement Conference requirements are essential so that you and we have a meaningful chance to resolve disputes informally efore proceeding to ar itration. A court b will have authority to enforce this section 2, including the power to enjoin the filing or prosecution of an ar itration or the assessment of or demand for payment of fees in connection with an ar itration, if the party who intends to seek ar itration does not first provide a fully complete Notice and participate in a timely requested Informal Settlement Conference. In addition, unless prohi ited y applica le law, the ar itration administrator shall not accept, assess or demand fees for, or administer an ar itration commenced during the Informal Resolution Period.

3. How Arbitration Works. Ar itration shall e conducted y the American Ar itration Association ("AAA") pursuant to its Consumer Ar itration Rules or (if applica le) Commercial Ar itration Rules ("AAA Rules"), as modified y this Ar itration Agreement. The AAA Rules are availa le on AAA's we site www.adr.org. If AAA is unavaila le or unwilling to administer the ar itration consistent with this Ar itration Agreement, the parties shall agree to, or the court shall select, another ar itration provider. Unless the parties agree otherwise, any ar itration hearing shall take place in the county of your principal place of usiness. The ar itrator will e either a retired judge or an attorney specifically licensed to practice law in the state of your principal place of usiness and selected y the parties from the ar itration provider's national roster of ar itrators. The ar itrator will e selected using the following procedure: (1) the ar itration provider will send the parties a list of five candidates meeting this criteria; (2) if the parties cannot agree on an ar itrator from the list, each party shall return its list to the ar itration provider within 10 days, striking up to two candidates, and ranking the remaining candidates in order of preference; (3) the ar itration provider shall appoint as ar itrator the candidate with the highest aggregate ranking; and (4) if for any reason the appointment cannot e made according to this procedure, the ar itration provider will provide the parties a new list of five candidates meeting the a ove criteria until an appointment can e made.

4. Waiver of Right to Bring Class Action and Representative Claims. All ar itrations shall proceed on an individual asis. The ar itrator is empowered to resolve the dispute with the same remedies availa le in court, including compensatory, statutory, and punitive damages; attorneys' fees; and declaratory, injunctive, and equita le relief. However, the ar itrator's rulings or any relief granted must e individualized to you and shall not apply to or affect any other client. The ar itrator is also empowered to resolve b the dispute with the same defenses availa le in court, including ut not limited to statutes of limitation. **ou and the H&R Block Parties also agree that each may bring claims against the other in arbitration only in your or their respective individual capacities and in so doing you and the H&R Block Parties hereby waive the right to a trial by jury, to assert or participate in a class action lawsuit or class action arbitration, to assert or participate in a private attorney general lawsuit or private attorney general arbitration, and to assert or participate in any joint or consolidated lawsuit or joint or consolidated arbitration of any kind.** If, after exhaustion of all appeals, a court decides that applica le law precludes enforcement of any of this section's limitations as to a particular claim or any particular request for a remedy for a claim (such as a request for pu lic injunctive relief), then the parties agree that the particular claim or the particular request for a remedy (and only that particular claim or particular request for a remedy) must remain in court and e severed from any ar itration. No ar itration shall proceed in any manner as a class action ar itration, private attorney general ar itration, or ar itration involving joint or consolidated claims, unless all parties consent in writing.

. Arbitration Costs. Payment of all filing, administrative, case-management, ar itrator, and hearing fees will e governed y AAA Rules, ut if you inform us that you cannot afford to pay your share of the fees, we will consider advancing those fees on your ehalf and will do so if required y applica le law. In addition, we will reim urse you for your share of the fees at the conclusion of the ar itration (regardless of who wins) so long as (i) you complied with sections 2 and 4 a ove and section 6 elow, and (ii) neither the su stance of your claim nor the relief you sought was determined to e frivolous or rought for an improper purpose as measured y the standards set forth in Federal Rule of Civil Procedure 11( ); otherwise, the payment of fees will e governed y AAA Rules and you agree to reim urse the H&R Block Parties for all fees advanced on your ehalf. b

6. Arbitration of Similar Claims. If 25 or more claimants submit Notices or seek to file arbitrations raising similar claims and are represented by t e same or coordinated counsel (regardless of w et er t e cases are submitted simultaneously), all of t e cases must be resolved in arbitration in stages using staged bellwet er proceedings if t ey are not resolved during t e Informal Resolution Period. You agree to t is process even t oug it may delay t e arbitration of your claim. In t e first stage, eac side s all select 15 cases (30 cases total) to be filed in arbitration and resolved individually by different arbitrators, wit eac case assigned to an arbitrator from t e state of t e claimant's principal place of business. In t e meantime, no ot er cases may be filed in arbitration, and t e AAA s all not accept, assess or demand fees for, or administer arbitrations t at are commenced in violation of t is section. T e arbitrators are encouraged to resolve cases wit in 120 days of appointment or as swiftly as possible, consistent wit principles of fundamental fairness. If t e remaining cases are unable to be resolved after t e conclusion of t e first stage bellwet er proceeding, t e process will be repeated until all claims are resolved t roug settlement or arbitration, wit two alterations. First, eac side s all select up to anot er 50 cases (100 cases total). Second, arbitrators w o were previously assigned cases may be appointed to new cases to t e extent required if t e AAA does not ave sufficient number of arbitrators available. If any claims remain after t e second stage, t e second stage process will be repeated until all claims are resolved t roug settlement or arbitration, exempt t at a total of 200 cases may be filed eac round (unless a ig er number of cases is mutually agreed upon in writing) and t e appointment of t e arbitrators s all be governed by t e AAA rules rat er t an section 3 above. If t is section 6 applies to a Notice, t e statute of limitations applicable to t e claims and relief set fort in t at Notice s all be tolled from t e beginning date of t e Informal Resolution Period until t at Notice is selected for a bellwet er proceeding, wit drawn, or ot erwise resolved. A court will ave aut ority to enforce t is section 6, including to enjoin t e filing, assessing or demanding fees for, administration of, or prosecution of arbitrations. To t e fullest extent permitted by applicable law, if t is section 6 applies to a Notice, you and H&R Block Parties consent to t e exclusive jurisdiction and venue of t e courts in Kansas City, Missouri, to enforce t e requirements of t is Arbitration Agreement, including t e interpretation of and compliance wit sections 2 and 6. Furt er, to t e fullest extent permitted by applicable law, if t is section 6 applies to a Notice, you and t e H&R Block Parties agree t at any of t e claimants or t e H&R Block Parties may bring a single court proceeding to enforce t e requirements of t is Arbitration Agreement as to all of t e cases t at qualify as similar claims under t is section 6.

7. Other Terms. T is Arbitration Agreement s all be governed by, and interpreted, construed, and enforced in accordance wit , t e Federal Arbitration Act and ot er applicable federal law. Except as set fort above in section 4, if any portion of t is Arbitration Agreement is deemed invalid or unenforceable, it will not invalidate t e remaining portions of t e Arbitration Agreement. No arbitration award or decision will ave any preclusive effect as to any issues or claims in any dispute, arbitration, or court proceeding w ere any party was not a named party in t e arbitration, unless and except as required by applicable law.

The Plan is separate from, and in addition to, the Block Standard Guarantee which reimburses penalties and interest resulting from a Block error in tax preparation and cannot be transferred by you to others.

1.0 BUSINESS TAX AUDIT SUPPORT SERVICES DESCRIPTION

1.1 Availability. The Plan is only available if you successfully file your entity federal income tax return or entity state income tax return or both using Block services. The Plan applies only to your 2024 entity federal and state tax return, and not to individual returns.

1.2 Services Description. Block will provide you with tax authority notice support and in-person audit support and representation (by an Enrolled Agent) for the life of the return.

1.3 Process. If a Revenue Authority sends a notice to you regarding a entity federal or state income tax return prepared and filed by Block, call 1-855-536-6504 within thirty (30) days of receiving notice from the Revenue Authority and a Block representative will assist you with responding to the notice and offer to provide you with a Block audit agent to represent you if you are audited. Audit agents do not provide legal representation. You may be required to grant a Power of Attorney to the audit agent in order to receive audit representation.

2.0 CLIENT RESPONSIBILITIES

2.1 Sign and Pay. The Plan is only available after you sign these terms and conditions and we receive payment for the Plan.

2.2 Provide Information. You are responsible for providing us accurate, complete, and consistent information that we require in order for us to provide or supply you with one or more of the services associated with the Plan. If we are unable to obtain the required information from you, or if you do not take required steps outlined below, we may not be able to provide you services through the Plan or such services may be limited or reduced.

2.3 Tax Payment. YOU HAVE THE OBLIGATION TO PAY ALL YOUR TAX LIABILITY FOR CURRENT AND FUTURE TAX YEARS, INCLUDING PAYMENT OF THE WITHHOLDINGS AND QUARTERLY ESTIMATED TAX PAYMENTS, AND TO COMPLY WITH ALL FILING REQUIREMENTS DURING AND SUBSEQUENT TO OUR PLAN SERVICES.

2.4 Request the Plan Services. Before you receive services from the Plan, you must request the services by performing the following:

a) Call us at 1-855-536-6504 within 30 days from the date of the initial notice of any government notice regarding such tax returns prior to any call, conference or audit with any government agency. **If you don't contact us within 30 days from the date of the first notice, your request may be denied.**

b) Promptly provide us with copies of your federal or state income tax return and any notice received from the IRS or a Tax Authority;

c) Provide us with proof of your purchase for the Plan; and

d) Notify Block.

3.0 BUSINESS TAX AUDIT SUPPORT SERVICES LIMITATIONS

3.1 No Transfer. The Plan services cannot be transferred to others.

3.2 Not Available. The Plan services are not available for:

a) Entity returns other than form 1065, 1120, or 1120S

b) If you are under eighteen (18) years of age.

3.3 Not Legal Advice or Representation. We are not attorneys or a law firm, and we do not provide legal advice or legal services as part of the Plan or otherwise. Our advice and services are not a substitute for the advice or services of an attorney or law firm, and you should consult an attorney where appropriate. Your purchase or use of the Plan, or any of G our products and services, is not intended to create an attorney-client relationship.

3.4 No Financial Advice or Investment Recommendations. We do not provide financial advice or investment recommendations, and neither we nor our services are a substitute for such advice or recommendations. You should consult with your own financial and investment advisors where appropriate.

3.5 No Guarantee. You understand and acknowledge that the Plan may not be sufficient to fully resolve your tax problems.

3.6 No Independent Verification. You understand that we are relying upon information provided by you and Tax Authorities, and we do not independently verify information provided by you or the Tax Authorities. However, we may ask you for further clarification and expect you to provide that clarification promptly and candidly.

3.7 Information not timely received. We assume no responsibility for adverse consequences due to your failure to provide information to us or the Tax Authority in a timely fashion.

3.8 Must perform duties. We are not responsible for providing any services under the Plan, or for providing a refund of amounts paid for the Plan, if you fail to fully comply with any of your Duties listed in Section 2.

4.0 DISCLAIMER OF WARRANTIES

UNLESS OTHERWISE EXPLICITLY STATED, THERE ARE NO EXPRESS, IMPLIED OR STATUTORY REPRESENTATIONS, WARRANTIES OR GUARANTEES IN CONNECTION WITH THE PLAN, RELATING TO THE QUALITY, SUITABILITY, TRUTH, ACCURACY OR COMPLETENESS OF ANY INFORMATION OR MATERIAL CONTAINED OR PRESENTED IN OR THROUGH THE PLAN. UNLESS OTHERWISE EXPLICITLY STATED, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE PLAN AND ANY INFORMATION OR MATERIAL CONTAINED OR PRESENTED THROUGH THE PLAN IS PROVIDED TO YOU ON AN "AS IS," "AS AVAILABLE," AND "WHERE-IS" BASIS WITH NO WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT OF THIRD-PARTY RIGHTS. WE DO NOT PROVIDE ANY WARRANTIES AGAINST VIRUSES, SPYWARE OR MALWARE THAT MAY BE INSTALLED ON YOUR COMPUTER. SOME STATES, INCLUDING NEW JERSEY, DO NOT ALLOW EXCLUSIONS OR LIMITATIONS OF IMPLIED WARRANTIES. IF YOU LIVE IN ONE OF THESE STATES, THE ABOVE LIMITATIONS DO NOT APPLY TO YOU, AND, IN SUCH CASE, ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE MINIMUM PERMISSIBLE TIMEFRAME UNDER APPLICABLE LAW FROM THE DATE YOU FIRST ACCESSED, USED OR ACQUIRED THE PLAN SERVICES.

6.0 BUSINESS TAX AUDIT SUPPORT SERVICES CANCELLATION AND RE UNDS

If for any reason you are not satisfied with the terms of this Plan, within seven (7) days from the date of purchase, you may cancel the Plan and obtain a full refund of the fee you paid for the Plan. Contact the manager of the Block office where your tax return was prepared to process this refund. Provisions **F** intended to survive the cancellation of the Plan will survive, including sections 4.0, 5.0 and 7.0.

7.0 ARBITRATION I A DISPUTE ARISES BETWEEN YOU AND BLOCK

If a dispute arises between you and Block, including any dispute that relates to the Plan, the dispute shall be settled by binding arbitration unless you opt-out of arbitration. The arbitration procedures, including the procedures for you to opt-out of arbitration, are set forth in the Client Service Agreement between you and Block in the section titled "ARBITRATION IF A DISPUTE ARISES." The "ARBITRATION IF A DISPUTE ARISES" section hereby is incorporated by reference.

My/our signature(s) below confirms that I/we understand and voluntarily agree to the terms, conditions and disclosures presented in this Plan, INCLUDING THE REQUIREMENT THAT ANY DISPUTE BETWEEN ME/US AND BLOCK BE SETTLED THROUGH BINDING ARBITRATION.

Declaration of Officer (see instructions) **Be sure to keep a copy of the corporation's tax return.**

A ☐ I consent that the corporation's refund be directly deposited as designated on the **Form 8050,** Direct Deposit of Corporate Tax Refund, or Form 8302, Electronic Deposit of Tax Refund of $1 Million or More, that will be electronically transmitted with the corporation's federal income tax return.

B ☒ I do not want direct deposit of the corporation's refund **or** the corporation is not receiving a refund.

C ☐ I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the corporation's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at **888-353-4537** no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment.

If the corporation is filing a balance due return, I understand that if the IRS does not receive full and timely payment of its tax liability, the corporation will remain liable for the tax liability and all applicable interest and penalties.

Under penalties of perjury, I declare that I am an officer of the above corporation and that the information I have given my electronic return originator (ERO), transmitter, and/or intermediate service provider (ISP) and the amounts in Part I above agree with the amounts on the corresponding lines of the corporation's federal income tax return. To the best of my knowledge and belief, the corporation's return is true, correct, and complete. I consent to my ERO, transmitter, and/or ISP sending the corporation's return, this declaration, and accompanying schedules and statements to the IRS. I also consent to the IRS sending my ERO, transmitter, and/or ISP an acknowledgment of receipt of transmission and an indication of whether or not the corporation's return is accepted, and, if rejected, the reason(s) for the rejection. If the processing of the corporation's return or refund is delayed, I authorize the IRS to disclose to my ERO, transmitter, and/or ISP the reason(s) for the delay, or when the refund was sent.
