Section A. All Supporting Organizations

			Yes	No
1	Are all of the organization's supported organizations listed by name in the organization's governing documents? *If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.*	1		
2	Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? *If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).*	2		
3a	Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? *If "Yes," answer lines 3b and 3c below.*	3a		
b	Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? *If "Yes," describe in Part VI when and how the organization made the determination.*	3b		
c	Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? *If "Yes," explain in Part VI what controls the organization put in place to ensure such use.*	3c		
4a	Was any supported organization not organized in the United States ("foreign supported organization")? *If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.*	4a		
b	Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? *If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.*	4b		
c	Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? *If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.*	4c		
5a	Did the organization add, substitute, or remove any supported organizations during the tax year? *If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).*	5a		
b	**Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?	5b		
c	**Substitutions only.** Was the substitution the result of an event beyond the organization's control?	5c		
6	Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If "Yes," provide detail in Part VI.*	6		
7	Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? *If "Yes," complete Part I of Schedule L (Form 990).*	7		
8	Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? *If "Yes," complete Part I of Schedule L (Form 990).*	8		
9a	Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? *If "Yes," provide detail in Part VI.*	9a		
b	Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If "Yes," provide detail in Part VI.*	9b		
c	Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? *If "Yes," provide detail in Part VI.*	9c		
10a	Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If "Yes," answer line 10b below.*	10a		
b	Did the organization have any excess business holdings in the tax year? *(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)*	10b

a	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and 11c below, the governing body of a supported organization?	11a		
b	A family member of a person described on line 11a above?	11b		
c	A 35% controlled entity of a person described on line 11a or 11b above? *If "Yes" to line 11a, 11b, or 11c, provide detail in Part VI.*	11c		

Section B. Type I Supporting Organizations

			Yes	No
1	Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? *If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.*	1		
2	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? *If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.*	2		

Section C. Type II Supporting Organizations

			Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? *If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).*	1		

Section D. All Type III Supporting Organizations

			Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?	1		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? *If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).*	2		
3	By reason of the relationship described on line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? *If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.*	3		

Section E. Type III Functionally Integrated Supporting Organizations

1 *Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).*

a ☐ The organization satisfied the Activities Test. *Complete line 2 below.*

b ☐ The organization is the parent of each of its supported organizations. *Complete line 3 below.*

c ☐ The organization supported a governmental entity. *Describe in Part VI how you supported a governmental entity (see instructions).*

			Yes	No
2	Activities Test. *Answer lines 2a and 2b below.*			
a	Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? *If "Yes," then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.*	2a		
b	Did the activities described on line 2a, above, constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? *If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.*	2b		
3	Parent of Supported Organizations. *Answer lines 3a and 3b below.*			
a	Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? *If "Yes" or "No," provide details in Part VI.*	3a

TO: Community Partners
RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

GENERAL INFORMATION

Agency Name: Health and Hope Clinic

Agency Address: 1718 E. Olive Rd., Pensacola, FL 32514

Program Name for which funding is being requested: Free Access to Care

Amount Requested: $30,000

Program Contact: Sally Bergosh, Executive Director

Contact Email: sbergosh@healthandhopeclinic.org Contact Phone: (850) 748-4456

Description of Program: Health and Hope Clinic provides free comprehensive and preventative medical, dental, pharmacy, and mental health with wrap-around services to the uninsured and underserved for our local community.

How many years has your organization provided services in the County? 23 years

How many years has your organization received funding from the County? 5 years

Explain how receiving County funds would impact your organization:

Health & Hope Clinic is a uniquely comprehensive free clinic serving Escambia County's uninsured and medically underserved residents. County funding has a direct, immediate impact on our ability to meet one of the community's clearest public health needs. We provide free primary care, preventive care, specialty care, dental care, pharmacy support, and mental health services for adults who otherwise have few, if any, options for ongoing treatment. Because our patients are uninsured and financially vulnerable, Board of County Commissioners funding advances the County's public purpose in both community health and mental health by helping low-income adults access timely care, maintain needed medications, and avoid preventable emergency room visits and worsening illness. Health & Hope's services are provided at no cost, and the clinic's service model is built specifically to care for those who fall through the cracks of the traditional healthcare system.

The need for these services is substantial and well documented in Escambia County. The 2025 EscaRosa Community Health Needs Assessment reports that 14% of Escambia County residents are uninsured and 15% live in poverty. It also identifies mental health services as the number one service area that is difficult to obtain, while community leaders ranked mental health and access to health insurance among the county's top health concerns. The same assessment points to serious chronic disease pressures, including 10% diabetes prevalence and lower life expectancy than Florida

overall. These conditions create exactly the kind of demand a free clinic like Health & Hope is designed to address.

Health & Hope Clinic has already shown it can turn community support into measurable results. The clinic reports delivering millions of dollars in free healthcare services each year through a volunteer-driven model, and outside reporting reflects strong community capacity and sustained demand. County funding is essential to help cover the supplies, medications, and direct service costs needed to care for patients with chronic illness and mental health needs, including diabetes, hypertension, depression, and anxiety. Continued support from Escambia County will help the Clinic preserve free access to care, expand capacity, and strengthen a trusted local safety-net provider for residents with nowhere else to turn.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $25,650

Briefly discuss how last year's funds were used?
Last year's Escambia County funds were used entirely for direct program costs that supported patient care at Health & Hope Clinic, including medical and dental supplies, pharmaceuticals, vaccines, and expanded offerings at the new Health & Wellness Center. These investments strengthened the Clinic's ability to provide free, comprehensive care to uninsured and medically underserved residents while meeting growing demands. All BOCC funds were used in accordance with grant requirements, and expenditures were reviewed, documented, and submitted to the Board of County Commissioners as required.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

Escambia County received a strong return on its investment in Health & Hope Clinic last year. The County's FY2025-2026 Community Partners allocation to Health & Hope Clinic was $25,650, while the clinic reports delivering more than $6 million in free care. On that basis, the county's investment helped support roughly $210 in healthcare value for every $1 awarded.

The impact on Escambia County residents was substantial. Health & Hope served more than 2,148 patients, meaning the county's investment equated to about $13 per patient served. Those residents received access to free medical, dental, pharmacy, and mental health care they might otherwise have delayed or gone without, reducing reliance on higher-cost emergency care for preventable conditions. The clinic also stretches public dollars through a volunteer-powered model, with 390 volunteers contributing more than 46,000 hours of service each year, equating to $1.5 million dollars in cost savings.

In a county where 14% of residents are uninsured, 15% live in poverty, and mental health services are the most difficult health service to obtain, supporting Health & Hope Clinic delivers both immediate patient benefit and broader community value. County funding helps sustain a proven free-care provider that improves access, supports chronic disease and mental health treatment, and strengthens the local safety net for Escambia County's most vulnerable residents.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

The funding requested will support direct program costs for Health & Hope Clinic's core free services and the expansion of its Health & Wellness offerings, helping create a healthier community for Escambia County's most vulnerable residents. Funds will sustain free primary care, preventive care, specialty care, dental care, pharmacy services, mental health services, and growing optometry and dermatology access for uninsured residents. Funding will also help expand the Health & Wellness Center's services, including Zoom counseling, group support, cooking classes, smoking cessation, chronic disease management, and Food as Medicine programming. By providing both essential healthcare and whole-person wellness support, Health & Hope Clinic improves outcomes, expands access, and strengthens the county's safety net for residents with the greatest need.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

No, this program is not a governmental function or requirement. However, Health & Hope Clinic provides an important public benefit by serving uninsured, low-income residents who would otherwise have limited access to care and may rely on local emergency departments for non-emergent or preventable conditions. As a free clinic serving financially eligible uninsured patients, Health & Hope helps close a significant access gap in Escambia County and supports a healthier community through earlier intervention, chronic disease management, and mental health care. In doing so, the clinic helps reduce avoidable pressure on hospital emergency departments and may help limit higher downstream healthcare costs associated with delayed treatment and uncompensated care.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

Other organizations providing some similar services in the area include St. Joseph Medical Clinic and Community Health Northwest Florida. However, Health & Hope Clinic is a key differentiator in the local safety net because it provides FREE care for all patients and absorbs the full cost of services for eligible uninsured patients. Community Health Northwest Florida operates on a sliding fee scale, accepts Medicare and Medicaid, and costs $20 minimum per visit charge to patients. Health and Hope Clinic is the last safety net of care and partners with CHNWFL as a continuum of care for patients that DO qualify for Medicare and Medicaid. Health & Hope offers a broad range of integrated services in one single location for uninsured residents, including medical, dental, pharmacy, mental health, specialty, and wellness services. During the pandemic, Health & Hope absorbed many St. Joseph patients after that clinic lost much of its volunteer base and closed for over a year, and Health & Hope continues to serve as a partner when needed. This role reflects Health & Hope's value as both a direct provider and a dependable safety-net partner for Escambia County's most vulnerable residents.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

Health & Hope Clinic is differentiated from other providers because it is a comprehensive free clinic for uninsured, financially eligible residents and absorbs 100% of patient care costs, rather than charging fees or operating on a sliding scale. While Community Health Northwest Florida is an important community partner, it operates on a sliding fee scale for eligible patients, meaning cost can still be a barrier for the most vulnerable. Health & Hope removes that barrier entirely and provides a broad, more integrated continuum of care, including free primary care, specialty care, dental care, pharmacy support, mental health services, and expanding wellness services. This model makes Health & Hope especially effective for residents with chronic conditions, complex needs, or no realistic ability to pay for ongoing care.

Health & Hope is also the best agency to provide this program because it combines direct care with deep, countywide partnerships and a proven safety-net role. The clinic serves and supports other nonprofits and vulnerable populations across Escambia County, including organizations such as Teen Challenge, Charis House, Waterfront Rescue Mission, Bright Bridge Ministries, The Dream Center, The Favor House, The Charis House, and many others. Health & Hope Clinic also maintains strong working relationships with area hospitals and community partners, helping connect uninsured residents to care that is timely, coordinated, and free. The clinic's collaborative role in serving uninsured patients and working alongside surrounding hospitals and nonprofits is key to its success.

Another key differentiator is Health & Hope's public health impact. It's the only free clinic in the area offering free Narcan distribution to anyone in the community as well as many local non-profits. Furthermore, Health and Hope Clinic offers opioid overdose education alongside distribution. The clinic also offers vaccinations and immunizations to Escambia County residents and participates in community outreach and partnership-based events. These services strengthen the county's response to substance use, prevention, and community wellness in ways that go beyond a traditional clinic model.

Health & Hope is also uniquely positioned because it is building long-term community capacity, not just treating immediate needs. The clinic serves as a training site for students in medical, dental, mental health, pharmacy, and public health fields, giving local colleges and universities hands-on clinical experience while helping build the future healthcare workforce. At the same time, the clinic is expanding whole-person services through its Health & Wellness offerings, which strengthens outcomes for uninsured residents and helps create a healthier community for those most likely to fall through the cracks.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 0%
- Percentage for direct programming costs: 100%

If only a portion of your requested funding is granted, how will you offset the difference?

Complete funding is necessary to fully support the clinic's mission and to improve the health of Escambia County residents. Because the clinic absorbs the cost of care, the level of funding received directly affects the number of patients who can be served and the range of services that can be sustained. Health & Hope will continue leveraging its volunteer-driven model to stretch every dollar, and will continue to seek other funding opportunities to meet rising healthcare costs, but full funding is critical to meeting growing community needs.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. The United Way awarded the H&H Clinic in 2025-2026 $33,800 (which is $10,200 less than the previous year, yet the top awardee for 2025-2026). This funding is appropriated for the salary and wages to fund a Chief Clinical Officer position for oversight and quality control and to provide care for patients & the increased demand for services in our surrounding area. The H&H Clinic also received in 2023, $108, 364 from Impact 100 and a Fixed Capital Outlay appropriation administered by the FDOH to help with building costs of the clinic's new Health and Wellness Wing to accommodate the growing number of mental health needs in our area. There is ZERO duplication of funding from the above local funding requests and this request from BOCC.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1.Number of total patient visits	14,157	15,573	17,130	10%
2.Number of new patients enrolled for services	1,172	1,289	1,418	10%
3.Total dollar value of medical and dental care provided.	4,369,134	4,506,047	4,956,652	10%

b) Please state the source used to provide your program metrics: The clinic uses the electronic medical records (EMR) software, Athena. This is the source used to provide the data for our program metrics used for the BOCC.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1.Number of total medical and dental patient visits will increase by 10%	17,130
2.Number of new patients enrolled for services will increase by 10%	1,418
3.Total of medical care provided will increase by 10%	4,956,652

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1.Number of total medical and dental patient visits	15,573
2.Number of new patients enrolled for services	1,289
3.Total dollar value of medical care provided	$4,506,047

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year? Calendar

2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements. The financial statements submitted for 2025 represent cash basis financials that were reviewed by the board in January 2026. We are in the process of converting these financials to accrual. This accounts for the difference in income and expenses, specifically.

3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds? These residual funds will be used to fund additional expenses and payroll in 2026 that are not covered by grants.

4. Please list the salary of the top 5 employees, names and positions of your organization.
   If there are multiple agencies funded by or through your agency allocation, please add those employees to this list by agency.

Name	Position	Salary
Sally Bergosh	Executive Director	$120,000
Bonnie Rieland, APRN	Chief Clinical Officer/Provider	$150,000
Carla Davis, RN	Director of Education & Outreach	$150,000
Matea Suarez, LMHC	Behavioral Health Director	$55,000
Aschle Joassaint	Office Manager/Volunteer Coordinator	$52,000

5. Please provide the total amount of cash and investments on hand. $857,533

6. Does your organization charge fees for services? If so, provide a list of fees charged.
   No-all services provided are FREE.

7. Does your organization require background checks from volunteers and staff? Yes

8. What is the source of your reportable data? We use Athena Electronic Medical Records (EMR) and report data from their reports we run monthly, quarterly, and annually.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Dear Taxpayer:

We issued you a determination letter in July 2009, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(03).

Our records also indicate you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If a return is required, you must file Form 990, 990-EZ, 990-N, or 990-PF by the 15th day of the fifth month after the end of your annual accounting period. IRC Section 6033(j) provides that, if you don't file a required annual information return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

For tax forms, instructions, and publications, visit www.irs.gov or call 1-800-TAX-FORM (1-800-829-3676).

If you have questions, call 1-877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific Time).

Section A. All Supporting Organizations

			Yes	No
1	Are all of the organization's supported organizations listed by name in the organization's governing documents? *If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.*	1		
2	Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? *If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).*	2		
3a	Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? *If "Yes," answer lines 3b and 3c below.*	3a		
b	Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? *If "Yes," describe in Part VI when and how the organization made the determination.*	3b		
c	Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? *If "Yes," explain in Part VI what controls the organization put in place to ensure such use.*	3c		
4a	Was any supported organization not organized in the United States ("foreign supported organization")? *If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.*	4a		
b	Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? *If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.*	4b		
c	Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? *If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.*	4c		
5a	Did the organization add, substitute, or remove any supported organizations during the tax year? *If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).*	5a		
b	**Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?	5b		
c	**Substitutions only.** Was the substitution the result of an event beyond the organization's control?	5c		
6	Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If "Yes," provide detail in Part VI.*	6		
7	Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? *If "Yes," complete Part I of Schedule L (Form 990).*	7		
8	Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? *If "Yes," complete Part I of Schedule L (Form 990).*	8		
9a	Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? *If "Yes," provide detail in Part VI.*	9a		
b	Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If "Yes," provide detail in Part VI.*	9b		
c	Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? *If "Yes," provide detail in Part VI.*	9c		
10a	Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If "Yes," answer line 10b below.*	10a		
b	Did the organization have any excess business holdings in the tax year? *(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)*	10b		

Part IV Supporting Organizations *(continued)*

			Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?			
a	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and 11c below, the governing body of a supported organization?	11a		
b	A family member of a person described on line 11a above?	11b		
c	A 35% controlled entity of a person described on line 11a or 11b above? *If "Yes" to line 11a, 11b, or 11c, provide detail in Part VI.*	11c		

Section B. Type I Supporting Organizations

			Yes	No
1	Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? *If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.*	1		
2	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? *If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.*	2		

Section C. Type II Supporting Organizations

			Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? *If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).*	1		

Section D. All Type III Supporting Organizations

			Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?	1		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s), or (ii) serving on the governing body of a supported organization? *If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).*	2		
3	By reason of the relationship described on line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? *If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.*	3		

Section E. Type III Functionally Integrated Supporting Organizations

1 *Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).*

a ☐ The organization satisfied the Activities Test. *Complete line 2 below.*
b ☐ The organization is the parent of each of its supported organizations. *Complete line 3 below.*
c ☐ The organization supported a governmental entity. *Describe in Part VI how you supported a governmental entity (see instructions).*

			Yes	No
2	Activities Test. *Answer lines 2a and 2b below.*			
a	Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? *If "Yes," then in Part VI identify those supported organizations and explain* how these activities directly furthered their exempt purposes, *how the organization was responsive to each of its supported organizations, and how the organization determined that these activities constituted substantially all of its activities.*	2a		
b	Did the activities described on line 2a, above, constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? *If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.*	2b		
3	Parent of Supported Organizations. *Answer lines 3a and 3b below.*			
a	Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? *If "Yes" or "No," provide details in Part VI.*	3a		
b	Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? *If "Yes," describe in Part VI the role played by the organization in this regard.*	3b

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Health and Hope Clinic, Inc.

Opinion

We have audited the accompanying financial statements of Health and Hope Clinic, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2024, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Health and Hope Clinic, Inc. as of December 31, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Health and Hope Clinic, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Health and Hope Clinic, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Health and Hope Clinic, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Health and Hope Clinic, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Purpose

Health and Hope Clinic, Inc. (the Organization) is a Florida "not-for-profit" corporation dedicated to serve the uninsured and economically disadvantaged residents of Escambia County, Florida with free primary and specialty healthcare. The Organization operates under the Florida Volunteer Health Services Program which provides sovereign immunity protection to all licensed providers that volunteer at HHC. All patients treated by the Organization must be uninsured, at or below 200% of the Federal poverty line, and not have or be eligible for Medicare, Medicaid, or VA health benefits. Patients of HHC are not charged a fee for services. The Organization is headquartered in Pensacola, Florida. The Organization's day-to-day operations are under the supervision and direction of the Organization's Board of Directors.

B. Basis of Accounting

The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Under ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. A description of the net asset categories are as follows:

Net assets without donor restrictions – The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors. Board-designated net assets may be earmarked for future programs, investments, contingencies, purchases or construction of fixed assets, or other uses. Some governing boards may delegate decisions to internal management. Such designations are considered to be included in board-designated net assets.

Net assets with donor restrictions – The part of net assets of a not-for-profit that is subject to donor-imposed restrictions. Some donors impose restrictions that are temporary in nature or purpose restricted. Other donors impose restrictions that are perpetual in nature that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. Purpose restricted net assets are deemed to be restricted for the donor-specified purpose by explicit donor stipulation. Once appropriated, purpose restricted assets are released to net assets without donor restrictions.

C. Cash and Cash Equivalents

The Organization considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investments

Investments are made according to investment objectives and policies adopted by the Board of Directors. The current spending policy is determined by the Board and is based on the performance of the portfolio's market value. Distributions for investments are made on an as-needed basis to help fund the purpose of the Organization.

Because distributions are made on an as-needed basis, the Organization can accurately budget, spend the funds, and adequately plan for adjustments to future spending as market conditions change. Investments are initially recorded at fair value under the provisions of fair value measurement and disclosures codified in ASC 820, Fair Value Measurement. The Organization adjusts its investments to approximate fair value at each year-end. Cost of dispositions of securities is determined using the first-in, first-out method.

Securities which are traded on a national securities exchange or in the over-the-counter market are generally valued at the average bid price on the last business day of the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

E. Inventory

Inventory consists primarily of pharmaceuticals for distribution to qualified recipients based upon need. Pharmaceutical inventories on hand are valued using an estimated average generic dollar value per prescription. Management sets an obsolescence/expired goods reserve equal to 3.3% of total inventory value plus the valuation of donated pharmaceuticals that are expected to expire within the next accounting period.

F. Property and Equipment

Acquisitions of property and equipment greater than $2,500 with a useful life of one year or more are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets ranging from 5 to 10 years. When any asset is sold, retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the appropriate accounts and any gain or loss is recognized. Gifts of property are presented as unrestricted unless explicit donor stipulations specify how the donated asset must be used.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Contributions of Financial Assets

Contributions are recognized in the period received or pledged unconditionally. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. All contributions are considered unrestricted unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as net assets with donor restrictions. A donor restriction expires when a time restriction ends or when the purpose for which it was intended is satisfied. When a restriction expires, net assets with donor restrictions are released from restrictions.

H. Contributions of Nonfinancial Assets

Donated facilities, medical supplies, pharmaceuticals, and professional services are recorded in the financial statements at their estimated fair value on the date of gift according to provisions codified in ASC 820, *Fair Value Measurement*. Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. A number of volunteers donate a significant amount of their time to the Organization. The Organization's volunteer medical professionals operate under the immunity protection provided by the "Access to Health Care Act" Section 766.1115 Florida Statutes which created the Volunteer Health Services Program. Some donated services do not create or enhance nonfinancial assets and are not considered specialized skills that would have to otherwise be purchased. Therefore, some of the donated services have not been reflected in the financial statements. The amounts reflected in the accompanying financial statements as contributions of nonfinancial assets are offset by amounts included in expenses, other than the change in inventory during the year and those assets that have been capitalized in the property and equipment accounts. See additional information at **Note 6**.

I. Income Taxes

The Organization is organized under the laws of the State of Florida as a nonprofit corporation. The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization, which is not a private foundation. The Organization is required to file Form 990 to the Internal Revenue Service.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

K. Functional Expense Allocation

The costs of providing the various programs and other activities have been detailed in the Statement of Functional Expenses and summarized on a functional basis in the Statement of Activities. Expenses directly related to a program or supporting services are charged to that program or supporting service. Labor costs are allocated between program services and supporting services based on established percentages of actual labor hours worked.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Subsequent Events

The Organization has evaluated subsequent events for potential recognition and/or disclosure in the financial statements through September 8, 2025, the date the financial statements were available to be issued.

NOTE 2 – INVESTMENTS

The Organization's investment portfolio consisted of the following as of December 31, 2024:

	Market Value	Cost/Fair Value at Donation
Cash	$ 325,293	$ 325,293

Investment return for the year ended December 31, 2024 is summarized as follows:

Realized gain (loss) on sale of investments	$ (413)
Interest and dividend income	23,869
Net investment return	$ 23,456

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

(i) Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization can access.

(ii) Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

(iii) Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair values of the Organization's assets measured on a recurring basis and levels within the fair value hierarchy on December 31, 2024, were as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total Fair Value
Investments	$ 325,270	$ 325,270

NOTE 4 – GRANTS RECEIVABLE

At December 31, 2024, the $271,323 grant receivable was for operational and construction grant reimbursements which were spent in 2024, but not received until 2025.

NOTE 5 – PROPERTY AND EQUIPMENT

The following is a summary of property and equipment for the year ended December 31, 2024:

Office equipment	$ 31,223
Medical equipment	179,332
Furniture and fixtures	90,885
Leasehold improvement	592,685
Total property and equipment	894,125
Less accumulated depreciation	(98,275)
Total property and equipment (net)	$ 795,850

Depreciation charged to expense totaled $15,905 for the year ended December 31, 2024.

During the year, the Organization completed the construction of a separate mental health and wellness wing. This addition of $592,685 was added as a leasehold improvement as of December 31, 2024.

NOTE 6 – CONTRIBUTIONS OF NONFINANCIAL ASSETS

The Organization recognized contributed nonfinancial assets (in-kind contributions) within revenue. These contributed nonfinancial assets did not have donor-imposed restrictions.

Pharmaceuticals and medical supplies are donated from drug manufacturers, medical facilities, doctors, and health care providers.

A wide range of services including medical, pharmaceutical, dental, and administrative were provided by approximately 430 volunteers. Of the 430 volunteers, 410 were skilled volunteers that offered services that would typically need to be purchased if not provided by donation. These skilled volunteer hours were included in the donated medical services of $1,438,158 at year end.

NOTE 6 – CONTRIBUTIONS OF NONFINANCIAL ASSETS (CONTINUED)

The Organization operates in a building owned by Ministry Village at Olive, Inc., and the value for this space is based on comparable rents being charged for similar space in the area.

Contributions of nonfinancial assets were recognized in the accompanying Statement of Activities for the year ended December 31, 2024 as follows:

	Revenue Recognized	Utilization	Valuation
Pharmaceuticals	$ 2,009,312	Program	Estimated fair value based on average generic price per prescription
Medical services	1,438,158	Program	Estimated fair value based on rates mandated by the State of Florida through its Volunteer Health Services Program
Facilities	73,944	Program & general & administrative	Estimated fair value based on comparable rent per square foot in the area
Medical supplies	53,824	Program	Estimate fair value based on market value of supplies when received
Equipment	16,345	Program	Estimated fair value based on market value of equipment when received
Total	$ 3,591,583		

NOTE 7 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions as of December 31, 2024 are as follows:

Amgen program	$ 120,283
"Food as Medicine" program	5,000
Dental supplies	5,000
Net assets with donor restrictions	$ 130,283

During 2024, the Organization received a grant from Amgen, Inc. to elevate public awareness regarding the prevalence of heart disease as a leading cause of death in America. The remaining funds of $120,283 are purpose restricted for the Amgen Director's salary and program expenses.

The Organization received $5,000 which is purpose restricted for the "Food as Medicine" program.

NOTE 7 – NET ASSETS WITH DONOR RESTRICTIONS (CONTINUED)

The Organization received $5,000 which is purpose restricted for dental supplies.

NOTE 8 – CONCENTRATIONS

Cash in bank and investment accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per institution. At December 31, 2024, the Organization's bank balance was $79,730 over the insured amount. At December 31, 2024, the Organization's cash in the investment portfolio was $72,293 over the insured amount.

The Organization received $989,219 in grant funding from four grantors. These grants represent 20% of total revenue.

NOTE 9 – RELATED PARTY TRANSACTIONS

For the year ended December 31, 2024, contributions from board members totaled approximately $27,478.

NOTE 10 – AVAILABILITY OF FINANCIAL ASSETS

The Organization's primary sources of support are from contributions, grants, and special events. The Organization has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that the long-term operations will be maintained.

The following reflects the Organization's financial assets as of December 31, 2024, reduced by amounts not available for general use within one year of the balance sheet date:

Financial assets at 12/31/24:	
Cash	$ 347,344
Accounts receivable	2,000
Grants receivable	271,323
Investments	325,293
Less those unavailable for general expenditures within one year, due to:	
Net assets with donor restrictions	(130,283)
Financial assets available to meet cash needs for general expenditures within one year	$ 815,677

TO: Community Partners
RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

GENERAL INFORMATION

Agency Name: Lakeview Center, Inc.

Agency Address: 1221 W. Lakeview Avenue, Pensacola, FL 32506

Program Name for which funding is being requested: Central Receiving Facility (CRF)

Amount Requested: $397,265

Program Contact: Shawn Salamida, President, Lakeview Center, Inc.

Contact Email: shawn.salamida@lakeview-center.org Contact Phone: (850)-418-3463

Description of Program: The CRF serves as a single access point for adults in mental health crisis under the Baker Act or ex-parte Marchman Acts. The CRF is a secure facility that provides screening, triage and linkage to appropriate levels of care.

How many years has your organization provided services in the County? 72 Years

How many years has your organization received funding from the County? 3 Years

Explain how receiving County funds would impact your organization: The CRF is a critical need in our community, as more of our county's residents seek mental health treatment. Lakeview advocated and has received a recurring State appropriation to operate the adult CRF; that funding requires a 25% match. This support from the County would contribute to the match requirement and allow the State funds to be fully utilized.

PREVIOUS FISCAL YEAR FUNDING

Amount received, if applicable: $397,824

Briefly discuss how last year's funds were used? The funds provided the match required for the State appropriation.

Briefly describe the County's Return on Investment relative to last year's funding and the

measurable impact your program had on the citizens of Escambia County? The CRF has conducted an average of 300 screenings per month, the vast majority being brought to us by law enforcement officers. Average drop off time for law enforcement is under 15 minutes. This is compared to the lengthy wait times at hospital EDs prior to CRF opening. 50-55% of patients screened meet admission criteria for a crisis bed at Lakeview, Baptist, or HCA Florida West. 65% of individuals that are not admitted to a psychiatric bed receive a voluntary follow up service with Lakeview within 60 days.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? The funding will be used to support the Central Receiving Facility (CRF) in initial screenings, assessments, evaluations, and triage treatment, or stabilization of adult persons arriving at the facility under the Baker Act. Adults arrive at the CRF primarily via transport by law enforcement officers, although the CRF also serves walk-in referrals from licensed clinical staff. The CRF is operated by Lakeview Center and is staffed by behavioral health professionals including nurses, counselors, technicians and peer support specialists. Licensed clinicians will perform Baker Act screenings of all arrivals. If psychiatric admission is required. Lakeview Center staff will transport patients to Baptist Health Care of HCA Florida West, based upon a rotation system that considers patient preference and capacity. In the instance that uninsured or underinsured adults require admission, they may also be transferred to a Crisis Stabilization Unit operated by Lakeview Center, Inc.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: N/A

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: Baptist Healthcare and HCA Florida West are the 2 other designated receiving facilities serving Escambia County. In recent years, Baker Acts were brought by law enforcement to emergency departments at these hospitals. Law

enforcement officers often waited with Baker Act patients that were waiting to be seen. Both hospitals, as well as other key stakeholders, have been active participants in the implementation fo the CRF model. Now fully operation as of April 22, 2024, Lakeview Center serves as the central receiving facility for adult Baker Acts. The design of the CRF allows for law enforcement drop with a 10-15 minute drop off time, with a specialized environment to care for adults in behavioral health crisis. Baptist Hospital and HCA Florida West continue to provide the inpatient hospitalization when that is the appropriate level of care. Lakeview Center will diver to community-based services when that is appropriate.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. While there are systems in place in our community currently for Baker Act, there is no similar program to the CRF.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 16.70%
- Percentage for direct programming costs: 83.30%

(NOTE: This is Lakeview Center's federally approved indirect rate and includes administrative salaries as well as related operating expenses.)

If only a portion of your requested funding is granted, how will you offset the difference? The program will be funded through State appropriations as well as the DCF required 25% matching funds from appropriate sources.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: This request to the County would satisfy the match requirement of the State appropriation. The statutory requirement is a local match requirement of 25%.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds

would be used for, and whether there is any duplication of funding. There is no duplication of funding for this service. Lakeview does support services using complementary, but not overlapping, funding streams. Federal, state and local funds will support this program. There is potential for private insurance to also support but it is minimal and unpredictable based on clients presenting for services.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26 YTD Feb-26	FY27 Goal	% Change
1. Clients will maintain or improve their functioning as indicated by FARS (Functional Assessment Ratings Scale) scores.	82 %	85%	80%	-5%
2. Completion of SAFE-T (Suicide Assessment Five Step Evaluation and Triage) on clients admitted to treatment.	91 %	93%	90%	-3%

* Note * FY27 Goal reflects our contractual required performance outcome.

b) Please state the source used to provide your program metrics: Electronic Health Record and program tracking sheet as approved by Central Receiving Facility partner steering committee.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Maintain average screenings per month/average screenings per year.	300 per month/3,600 per year
2. Reduction of turnaround time for law enforcement in dropping off adults put under the Baker Act.	Below 15 minutes.

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1. Maintain average screenings per month/average screenings per year.	300 per month/3,600 per year
2. Reduction of turnaround time for law enforcement in dropping off adults put under the Baker Act.	Below 15 minutes.

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See **Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Lakeview Center, Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) ▶ NFP 501(C)3

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

1221 W Lakeview Ave

Requester's name and address (optional)

6 City, state, and ZIP code

Pensacola, FL 32501-1836

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Public Disclosure Copy

This public disclosure copy is being provided to the organization pursuant to Section 6104(e).

Tax-exempt organizations are required to make a copy of the annual information return, *e.g.*, Forms 990, 990-EZ, 990-PF, as well as Forms 990-T and 4720, if applicable, available for public inspection and to provide copies of such forms to individuals or organizations that request copies. The public inspection requirement applies to all required schedules and attachments of the annual information return. Most commonly, the public inspection copy redacts contributor information such as name and address from public record. The public inspection rules apply to annual information returns filed for the last three years. Failure to comply with disclosure requirements can result in an enforcement action by the IRS.

Where Must Information Be Provided?

Generally, an organization must make its documents available for public inspection at any location where it has three or more employees. If the only services provided at the site are in furtherance of exempt purposes and the site does not serve as an office for management staff, the documents are not required to be made available there. As an alternative to providing copies, an organization may provide access to these forms through the organization's website. The website must provide instructions for downloading the document(s). The information on the website must be in such a format that it may be accessed, downloaded, viewed, or printed in the same format as the actual documents. An organization would need to make the web address available to the general public.

How Quickly Must Organizations Reply?

Requests for copies can be made in person or in writing. When requests are made in person, the copies must generally be provided on the same business day. There are provisions for delays due to unusual circumstances. However, in no event may the period of delay exceed five business days. Unusual circumstances include times when those staff that are capable of fulfilling a request are absent. Requested copies generally must be mailed within 30 days from the date of the receipt of the written request. However, if the organization requires advance payment of a reasonable fee for copying and postage, it may provide the copies within 30 days from the date it receives payment rather than the date of the original request.

For more information about the IRS' public disclosure requirements, please visit:

https://www.irs.gov/charities-non-profits/exempt-organization-public-disclosure-and-availability-requirements

Please contact your Forvis Mazars advisor if you have questions about these rules.

Part II Declaration and Signature Authorization of Officer or Person Subject to Tax

Under penalties of perjury, I declare that ☑ I am an officer of the above entity or ☐ I am a person subject to tax with respect to (name of entity) _____, (EIN) _____ and that I have examined a copy of the 2023 electronic return and accompanying schedules and statements, and, to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the return to the IRS and to receive from the IRS (**a**) an acknowledgement of receipt or reason for rejection of the transmission, (**b**) the reason for any delay in processing the return or refund, and (**c**) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the electronic return and, if applicable, the consent to electronic funds withdrawal.

INDEPENDENT AUDITORS' REPORT

Management and the Board of Directors
LifeView Group, Inc. and Subsidiaries
Pensacola, Florida

Opinion

We have audited the accompanying consolidated financial statements of LifeView Group, Inc. and Subsidiaries (the Company), which comprise the consolidated balance sheets as of September 30, 2025 and 2024, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company at September 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The DUI School and Access Behavioral Health (Regulatory Basis) supplementary information are presented on pages 41 through 48 for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

The accompanying schedule of expenditures of federal awards and state financial assistance as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and by Chapter 10.650, *Rules of the Auditor General*, presented on pages 49 through 61 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

The accompanying schedule of functional revenues and expenses (regulatory basis), schedule of state earnings (regulatory basis), schedule of related-party transaction adjustments (regulatory basis) and schedule of bed-day availability payments are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management. The information has not been subjected to the auditing procedures applied in the audits of the consolidated financial statements, and, accordingly, we express no opinion on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated January 27, 2026 on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

1. Organization and Summary of Significant Accounting Policies

Organization

LifeView Group, Inc. (LGI or the Company), a nonprofit organization, was incorporated in 2021 to purchase Lakeview Center, Inc. (the Center) and its affiliates, Global Connections to Employment, Inc. (GCE), CMHC Hernandez House, Inc., Lakeview Place, Inc., Lakeview Villas, Inc. (the 3 collectively -HUDs). The Center was acquired pursuant to the Member Substitution Agreement. LGI is the sole member of GCE and the Center. The Center is the sole member of the HUDs. CMHC Hernandez House, Inc. is no longer active.

Lakeview Center, Inc., a nonprofit organization, was incorporated in 1954, as Community Mental Health Center of Escambia County, Inc. The mission of the Center, including all of its subsidiaries, is to help people through life's journey by providing behavioral health services, and child protective services. Lakeview Place, Inc. and CMHC Hernandez House, Inc. are U.S. Department of Housing and Urban Development (HUD) multi-unit dwellings owned by the Center that provide housing facilities and services to people diagnosed with mental illness. The contract for CMHC Hernandez House, Inc. ended September 30, 2021. Subsequent to September 30, 2021, the operations of CMHC Hernandez House, Inc. have been included in the Center operations. Lakeview Villa, Inc. is a HUD apartment complex owned by the Company that provides low-cost housing facilities and services to persons with chronic mental illness. Global Connections to Employment, Inc. is a nonprofit organization and its mission is to employ people with disabilities and provide vocational services.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of LifeView Group, Inc. and its related entities: Lakeview Center, Inc.; Global Connections to Employment, Inc.; Lakeview Villa, Inc.; and Lakeview Place, Inc. All inter-entity transactions have been eliminated in consolidation.

Operating and Nonoperating Activities

The Company's primary mission is to provide a broad range of behavioral health services, vocational services, and child protective services to citizens of the region and nationally, across 14 states and the District of Columbia. Activities directly associated with the furtherance of this purpose are considered to be operating activities. Other activities that result in gains or losses unrelated to the Company's primary mission are considered nonoperating.

Use of Estimates

The preparation of these consolidated financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions. These estimates and assumptions affect certain reported amounts of assets and liabilities at the date of the consolidated financial statements and revenues and expenses recognized during the reporting period. Accordingly, actual results may differ from those estimates.

1. Organization and Summary of Significant Accounting Policies (continued)

Net Assets

The Company reports information regarding financial position and activities according to two classes of net assets: with and without donor restriction. Net assets are classified based on the existence or absence of donor-imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time.

The net asset categories reflected in the accompanying consolidated financial statements are as follows:

- *Without donor restriction* – Net assets that are free of donor-imposed restrictions, including all revenues, expenses, gains, and losses that are not changes in net assets with donor restrictions.

- *With donor restriction* – Net assets whose use by the Company is limited by donor-imposed stipulations that may or may not expire by passage of time or that can or cannot be fulfilled or removed by action of the Company pursuant to those stipulations.

Contributions

The Company records contributions as being with or without donor restriction depending on the existence and/or nature of any donor or grantor restrictions.

Cash Equivalents

The Company considers all highly liquid investment instruments with maturities of three months or less when purchased to be cash equivalents. Cash deposits are federally insured in limited amounts. As of September 30, 2025 and 2024, LGI holds one certificate of deposit with an original maturity of 90 days that is classified within cash equivalents.

Net Client Service Revenue and Accounts Receivable

Accounts receivable relating to net client service revenue are based upon the estimated amounts expected to be paid from patients and third-party payors. Opening balances for client accounts receivable totaled $1,361 and $900 at October 1, 2024 and 2023, respectively.

1. Organization and Summary of Significant Accounting Policies (continued)

Allowance for Credit Losses

Accounts receivable are written off after collection efforts have been followed in accordance with the Company's policies. Accounts written off as uncollectible are deducted from the allowance for uncollectible accounts and subsequent recoveries are added. Periodically, management assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category, current conditions and reasonable and supportable forecasts. The results of this review are then used to make any modifications to the provision for credit losses to establish an appropriate allowance for uncollectible receivables.

Contract and Other Receivables

Receivables for contracted services are typically deemed wholly collectible as they are due from governmental units, grantors, and third-party paying agencies. Opening balances for contract and other accounts receivable totaled $33,919 and $25,113 at October 1, 2024 and 2023, respectively.

Inventories

Inventories (primarily pharmaceutical inventories) are stated at the lower of cost (average cost method) or net realizable value using the first-in, first-out method.

Property and Equipment

Property and equipment acquisitions are recorded at historical cost. Property and equipment donated to the Company are recorded at fair value at the date of receipt. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line- method. Estimated useful lives of depreciable assets are as follows:

Buildings	40 years
Building and land improvements	10–20 years
Furniture and equipment	3–7 years
Technology	5–10 years

Accrued Compensated Absences

Employees are entitled to accumulate a limited amount of earned but unused annual leave. Accordingly, the Company records an accrual for earned, unused, vested annual leave in accordance with the Company's policy. Upon separation from the Company, employees are entitled to this amount of unused vested leave.

1. Organization and Summary of Significant Accounting Policies (continued)

Net Client Service Fees

The Company has agreements with third-party payors that provide payments to the Company at amounts different from its established rates. Payment arrangements include prospectively determined rates per completion of service, reimbursed costs, and discounted charges. Net client service fees are reported at the estimated net realizable amounts from clients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. The Company accepts clients in immediate need of care, regardless of their ability to pay, and serves certain clients whose care costs are not paid at established rates, including those sponsored under government programs such as Medicare and Medicaid, those sponsored under private contractual agreements, charity clients, and other uninsured clients who have limited ability to pay. The Company recognizes client service fee revenue associated with clients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured clients who do not qualify for charity care, revenue is recognized on the basis of discounted rates in accordance with the Company's policy.

A summary of the payment arrangements with major third-party payors follows:

Medicare – Client services rendered to Medicare program beneficiaries are reimbursed under a fee-for-service methodology.

Medicaid – Client mental health and substance abuse services rendered to Medicaid program beneficiaries are reimbursed under a capitated arrangement.

Other – The Company has also entered into payment agreements with certain insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Company under these agreements includes prospectively determined rates and discounts from established charges.

Charity Care

Quality care is provided to all persons requiring immediate treatment regardless of their ability to pay. An individual is classified as a charity client by reference to certain established policies of the Company. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a client's ability to pay, the Company utilizes the most recently published federal poverty income guidelines, but also includes certain cases where incurred charges are significant when compared to income. These charges are subtracted in the net client service fees calculation.

The Company estimates the direct and indirect costs of providing charity care by applying a cost to gross charges ratio to the gross uncompensated charges associated with providing charity care to clients. The cost of providing charity care was $4,597 and $5,037 for the years ended September 30, 2025 and 2024, respectively.

1. Organization and Summary of Significant Accounting Policies (continued)

Medicaid Managed Medical Assistance Contract Revenue

The Company is licensed as a prepaid limited health services organization pursuant to Chapter 636, *Florida Statutes*. Effective August 1, 2014, the Company, doing business as Access Behavioral Health, was awarded contracts with the Medicaid Managed Medical Assistance Plan (the MMA Plan). The Company receives a per-member per-month rate to provide mental health and substance abuse services to an annual average of 97,313 Medicaid beneficiaries in Florida's Regions 1 and 2. Amounts received are recognized as contract revenue during the period in which the Company is obligated to provide services to beneficiaries. Approximately $25,020 and $31,054 was recognized as revenue under the MMA Plan during the years ended September 30, 2025 and 2024, respectively.

Medicaid Managed Medical Assistance Plan Costs

The Company is directly responsible for providing mental health and substance abuse services to beneficiaries residing in Escambia, Santa Rosa, and Walton counties, representing approximately 62% of the covered lives under the MMA Plan. The Company has entered into subcontracts with three comprehensive community mental health centers to provide mental health services to the MMA Plan beneficiaries residing in the other counties in these Regions. These subcontracts are typically on a full-risk capitated basis. The mental health services covered under the MMA Plan are generally the same as those covered under the Medicaid fee-for-service program. Covered services include inpatient psychiatric care, outpatient care, substance abuse, and physician services. The majority of services for which the Company is directly responsible are provided within its own service delivery system; however, some services are sub-contracted on a fee-for-service basis with local area hospitals and providers.

Income Taxes

The Company and its related entities are exempt from federal income taxes under Section 501(a) as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and are also exempt from state income taxes.

Cost Allocation

The Company uses several methods to allocate organization and overhead costs among program and support areas. Workers' compensation is allocated based on industry standard rates and salary expense. Unemployment and health plan expenses are allocated based on personnel cost and plan participation, respectively.

Administrative costs are allocated using the methodology for the federal indirect rate calculation. Property and auto insurances are allocated proportionately among those who benefit from the asset covered. General liability uses a staff-based allocation.

1. Organization and Summary of Significant Accounting Policies (continued)

Leases

The Company's leases are primarily for real estate and vehicles. The Company determines if an arrangement is a lease at contract inception. Lease assets and lease liabilities are recognized based on the present value of the lease payments over the lease term at the commencement date. Because most of the leases do not provide an implicit rate of return, the Company used a risk-free rate based on the daily treasury yield curve at lease commencement in determining the present value of lease payments.

Most leases include one or more options to renew, with renewal terms that can extend the lease term from months to years. The exercise of such lease renewal options is generally at the Company's sole discretion. For purposes of calculating lease liabilities, lease terms include options to extend or terminate the lease when it is reasonably certain that option will be utilized.

Leases with a lease term of 12 months or less at commencement are not recorded on the consolidated balance sheets. Lease expense for these arrangements is recognized on a straight-line basis over the lease term.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Cash and Investments

The composition of cash and short-term investments is as follows:

	September 30, 2025	September 30, 2024
Cash and cash equivalents	$ 36,109	$ 23,965

3. Concentrations of Credit Risk

Revenue and Accounts Receivable

The Company receives client service fees revenue from three primary sources: Medicaid and Medicare, other third-party payors, and client payments. The following indicates the applicable percentages of accounts receivable from those sources:

	September 30, 2025	September 30, 2024
Medicaid and Medicare	25%	32%
Other third-party payors	57%	58%
Client payments	18%	10%
	100%	100%

Depository Risk

The Company maintains cash balances with various financial institutions. Demand deposit accounts are insured by the Federal Deposit Insurance Corporation up to certain limits. At September 30, 2025, the Company had $36,533 held by financial institutions in excess of insured limits.

4. Property and Equipment

Major classifications of property and equipment are summarized as follows:

	September 30, 2025	September 30, 2024
Buildings and improvements	$ 27,386	$ 26,618
Furniture and equipment	796	2,910
Technology	9,051	8,832
	37,233	38,360
Less accumulated depreciation	(7,529)	(6,985)
	29,704	31,375
Land	2,445	2,445
Construction-in-progress	254	-
	$ 32,403	$ 33,820

Total depreciation expense amounted to $2,209 and $2,572 for the years ended September 30, 2025 and 2024.

5. Long-Term Debt

Long-term debt consists of the following**:**

	September 30, 2025	September 30, 2024
Note payable to HUD, interest at 9.0%, monthly payments of $5,000 including interest, secured by real property, maturing May 2032	$ 308	$ 340

Series 2021A Bonds payable, issued by Florida Development Finance Corp and purchased by Bank of America, interest at 6.0% on $7,790 and 6.25% on $14,120, maturity date August 2041 and 2051, respectively; interest payment of $1,350 to be paid semi-annually	21,910	21,910
Series 2021B Bonds payable, issued by Florida Development Finance Corp. under the Master Indenture and purchased by Baptist Health Care Corporation (BHCC), interest at 4.45% through September 30, 2026 and increasing thereafter, maturity date August 2031; interest payment of $634 to be paid semi-annually	13,500	13,500
Total debt	35,833	35,879
Less: unamortized issuance costs	(857)	(957)
Total debt, net of issuance costs	34,976	34,922
Less: current portion	(49)	(45)
Total long-term debt, net	$ 34,927	$ 34,877

5. Long-Term Debt (continued)

Following are maturities of long-term debt for each of the next five years ended September 30th and thereafter:

	Amount
2026	$ 49
2027	54
2028	59
2029	64
2030	70
Thereafter	35,537
Total	$ 35,833

The Series 2021A and 2021B bonds were issued under a Bond Trust Indenture dated as of September 1, 2021, by and between the Issuer and Regions Bank, as bond trustee. The Bond Trust Indenture requires certain covenants and reporting requirements to be met.

6. Leases

Operating leases consist of the following:

	September 30, 2025	September 30, 2024
Operating lease right-of-use (ROU) assets	$ 4,789	$ 3,785
Current portion of operating lease obligation	$ 1,606	$ 1,362
Operating lease obligation, less current portion	3,023	2,843
Total operating lease liabilities	$ 4,629	$ 4,205

6. Leases (continued)

Lease expense for lease payments is recognized on a straight-line basis over the lease term. The components of lease expense are as follows:

	Years Ended September 30,	
	2025	2024
Operating lease expense	$ 1,007	$ 1,054
Short-term lease expense	229	254
Total operating lease expense	$ 1,236	$ 1,308

Operating leases weighted-average remaining lease term and weighted-average discount rate are as follows:

	September 30,	
	2025	2024
Weighted-average remaining lease term	3.49 years	3.66 years
Weighted-average discount rate	1.35%	1.78%

The following table summarizes the maturity of lease liabilities under operating leases for the next five years and the years thereafter, as of September 30:

	Operating Leases

	2025	2024
Cash paid for amounts included in the measurement of finance lease liabilities:		
Financing cash flows from finance leases	$ 220	$ 220

Both operating and finance leases are included in the financial statement caption lease obligation.

7. Sources of Revenue

Federal, state, and local financial awards

The Company receives funding from several Government and other agencies to provide behavioral health and child protective services to clients in a four-county region. This revenue is predominantly deemed to be unconditional contribution revenue and not governed under the Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers* (Topic 606) (ASC 606) guidance. The contractual obligations with these payors are met as services are provided. These contracts are billed monthly. The Company expects to be paid for all services provided. Adjustments are made as they arise for any services that will not be reimbursed.

7. Sources of Revenue (continued)

Conditional Grant Obligations

The Company has two conditional capital grants to support its facilities and services:

Century Grant – a $2,000 grant from the Escambia County Health Facilities Authority received in August 2018 to expand the healthcare and mental health facility located in Century, Florida. The grant is conditional upon the organization providing enhanced healthcare and mental health services at the facility for a 10-year period. Revenue is recognized for the Century grant as services are performed.

State of Florida Grant – a $2,150 grant from the Department of Children and Families received in June 2024 to expand and renovate the Short-Term Residential Treatment (SRT) facility. The grant is conditional upon the organization providing psychiatric services at the facility for a 20-year period. Revenue is recognized ratably over the term as services are performed.

Both grants are recorded as deferred revenue in accordance with Accounting Standards Update No. 2018-08, Not-for-Profit Entities (Topic 958): *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (ASC 958-605) and are recorded within the financial statement caption accrued liabilities. For the years ended September 30, 2025 and 2024, the Company recognized $308 and $236 in revenue related to conditional grant obligations, respectively.

The Company remains obligated to meet the performance conditions for the duration of the respective grant terms. Failure to meet these conditions could result in repayment obligations as stipulated in the grant agreements.

Net Client Service Revenue

The Company's client service revenues are related to contracts with clients in which the performance obligation is to provide behavioral health care services. Revenues are recorded during the period when the obligations are satisfied. The obligations are generally satisfied over a day or more for residential or inpatient programs or less for outpatient services. The contractual relationships with clients often involve a third-party payor and the transaction prices for the services provided are dependent upon the terms provided by or negotiated with the third-party payors. The payment arrangements with third party payers for services provided to clients are typically for rates lower than the customary and standard fees. The differences in these rates are considered to be explicit price concessions.

7. Sources of Revenue (continued)

Net Client Service Revenue (continued)

Client service revenue is based upon the estimated amounts expected to be received from the clients and any third-party payors. Explicit price concessions are estimated at the time revenue is recorded and may be adjusted in future periods. The Company elected to use the portfolio approach to assess collectability due to the large volume of similar contracts with similar classes of customers. The effect of applying the portfolio approach to a group of contracts would not differ materially from considering each contract separately. Management's judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all contracts (which are at the patient level) by the particular payor or group of payors will result in the recognition of the same amount of patient service revenue as applying the analysis at the individual patient level.

Net client service fee revenue is not recognized for those clients that qualify for charity under the Company's charity care policies. For all others, service fee revenue, net of explicit price concessions and other deductions recognized from major payor sources is as follows:

	Years Ended September 30,	
	2025	2024
Third-party payors, net of deductions	$ 19,493	$ 18,436
Self-pay clients, net of deductions	3,263	3,658
	$ 22,756	$ 22,094

Revenues from the Medicare and Medicaid programs accounted for approximately 32% and 39% of the Company's net client service fees for the years ended September 30, 2025 and 2024, respectively. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the Center.

Vocational Service Contracts

The Company's vocational service revenues generally relate to contracts with federal, state or local customers in which the performance obligation is to provide various "bundled" type services to our customers. The Company has contractual obligations to provide services as outlined in the statement of work within each formal contract. Although the services within each business line are distinct, they are bundled services transferred consecutively on a monthly basis as a line of business. The lines of business consist of business services, custodial services, food services, facilities maintenance, health care, environmental services, information technology, as well as employment support services. The performance obligations for vocational contracts are spelled out in the contract either in the performance work statement or other applicable section of the contract.

7. Sources of Revenue (continued)

Vocational Service Contracts (continued)

These bundled services are invoiced each month at the contract price over the life of the contract period. Revenues for these services are recognized on a monthly basis as the services are performed.

Vocational service revenue from major payor source is as follows:

	Years Ended September 30, 2025	2024
Federal	$ 132,792	$ 112,130
State	2,137	1,952
Local	670	716
Other	64	49
	$ 135,663	$ 114,847

For vocational service revenue, each distinct service is satisfied over time and the measurement of progress toward satisfaction of the performance obligation is the same for each of the services in the series (monthly services) in accordance with the contracts in place. Each contract for the above series of services (business line) delivers the services over an annual or multi-year period and is measured monthly, consistent with the billing for these services. Each line of business is considered a series of distinct services performed and treated as a single performance obligation that is set each month as services are provided.

The monthly payment and methodology are fixed in each contract. All business lines and other services in each contract are valued at their standalone value of the service in the contract. There are no instances where a service or product is provided at no value or a value below its standalone value (discounted) as stated in a contract. Each business line has a fixed price that is recognized over the period the performance obligation is met. Contracts with time and materials (T&M) provisions have the hourly rate and materials recorded at their standalone value and are not discounted as a part of the overall contract. As nearly all contracts are with government/state organizations, collectability is assured as we have nearly no history of uncollectible amounts for services rendered. As such, no variable consideration is included in the determination of the transaction price for each contract.

Contract Revenue

The Company, as a managed care provider, receives payments under an agreement with Medicaid Managed Healthcare prepaid health plans (MMA plans), which obligates the Company to stand ready to provide or obtain services for qualified beneficiaries (individuals who enroll with an MMA plan). The qualified beneficiaries sign up with the MMA plans to participate in such a health plan. These payments are referred to as capitation fees. The payment is calculated using a per member per month rate (PMPM rate) for each qualified beneficiary.

7. Sources of Revenue (continued)

Contract Revenue (continued)

The Company has two performance obligations related to Managed Care contract revenue that are both paid through capitation revenues: administrative services and behavioral healthcare services.

The first is the administrative services component of the MMA Plan in the amount of 12.5% of the capitation revenue which is for the administrative, recordkeeping and other services of the plan activities. All these services are not considered distinct individually but are a series of services delivered simultaneously each month as a single performance obligation. Like the capitation revenue described above and below for providing healthcare services, the administrative services are also stand ready obligations recognized over time.

The second performance obligation is for healthcare services as detailed above. These are stand-alone performance obligations and although they may incorporate several different lines of services, they are deemed a single performance obligation delivered over time as measured each month.

Transaction price considerations include monthly capitation payment, retroactive adjustments, incentive payments and other risk pool adjustments.

The capitation fees do not vary with the volume of behavioral health services provided and are exclusive of any client copayments or deductibles under their respective plans. Therefore, the Company bears the risk of providing goods and services or contracting for services that the beneficiary is entitled to receive.

In addition to the capitation fees, the amount of contract revenue may be affected by factors such as reinsurance recoveries, retroactive adjustments for member eligibility, risk pools adjustments such as financial incentives and quality targets, and other adjustments. The Company has concluded that based on the immaterial nature of the adjustments no variable consideration need be included in the transaction price related to the capitation fees.

The contracts specify that 12.5% of the capitation fees are related to administrative services and 87.5% of the fees are related to the remaining healthcare services therefore the Company has allocated the transaction price to the two performance obligations based on the terms of the contract.

Capitation arrangements represent a stand-ready obligation to provide services to qualified beneficiaries. The Company recognizes monthly capitation fees as Managed Care contract revenue over time when the periods for which the qualified beneficiary is entitled to services are completed.

8. In-Kind Contributions

In-kind contributions and expenses represent the value assigned to donated prescription drugs from the State of Florida. In-kind contributions are recognized if the services or goods received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. In-kind contributions for the years ended September 30, 2025 and 2024 amounted to $188 and $167, respectively, and are included in other revenue and support, with related expenses in medical/pharmacy and donated items in the accompanying consolidated statement of operations and changes in net assets.

9. Retirement Plan

The Company provides a tax deferred annuity 403(b) retirement plan (Plan) to all eligible employees. Employees who work a minimum of 20 hours per week are eligible to participate in the Plan after completing one year of employment. Voluntary employee contributions are allowed to the extent permitted by law. The Company matched 50% of each eligible participant's pay period contribution to the Plan up to 3% of each eligible participant's compensation. In compliance with Internal Revenue Service regulations, employer contributions for eligible participants vest under a six-year graduated vesting schedule. Plan expense for the years ended September 30, 2025 and 2024 amounted to $1,497 and $1,341, respectively.

10. Support from the State of Florida Requiring Match

The Company received a substantial portion of its support from the state of Florida under grant contract number AO110 with the Big Bend Community Based Care, Inc. d/b/a NWF Health Network. This contract must be renegotiated annually. The contract required a 17.02% for 2025 and 13.87% for 2024 local match for certain community mental health services. This local match requirement has been met for 2025 and 2024.

11. Net Assets with Donor Restriction

Net assets with donor restrictions as of September 30, 2025 and 2024 were $1,421 and $1,444, respectively, the majority of which relate to crisis and children's services.

12. Commitments and Contingencies

The Company carries general and professional liability insurance from an unrelated commercial insurance carrier with coverage up to $2,000 per occurrence and $4,000 in the aggregate, on a claims-made basis, and employee benefits liability insurance with coverage up to $1,000 per occurrence and $1,000 in the aggregate. In addition, the Company has an excess coverage policy. The Company is involved in various lawsuits and claims incidental to the normal course of its operations. The Company may be liable for losses in excess of the amounts recorded at September 30, 2025; however, in the opinion of management, such potential losses would not be material to the consolidated financial statements.

12. Commitments and Contingencies (continued)

In 2021, GCE was served a Civil Investigative Demand (CID) by a U.S. Attorney's Office and a criminal matter grand jury subpoena, both related to GCE's contracts with the Department of Defense Manpower Data Center. GCE has cooperated in these matters by providing responses and documentation as requested. The Company continues to work toward resolution of this matter.

BHCC has retained certain liabilities related to the investigation to the extent they arose prior to the sale or arose from activity prior to the sale.

The Center is self-insured for employees' medical insurance claims. The Company carries stop-loss insurance coverage with annual limits of $300 per participant and $16,073 in the aggregate. GCE is fully insured for full-time employees and part time employees. It is the opinion of management that recorded reserves are adequate for existing and unreported claims.

The Company has established multiple irrevocable standby letters of credit: one in the amount of $185 with the Company's previous administrator for workers' compensation claims as the named beneficiaries; one each for $367 and $368 with the insurance providers for the Access Behavioral Health (ABH) managed medical advantage plan; and one for $1,675 with the Company's current administrator for workers' compensation claims as the named beneficiary. The Company, under its workers' compensation policies, is responsible to pay all individual claims up to $250 each, as well as certain administration costs to its claims administrators. Should the Company default on any of these payments, the letter of credit guarantees the claims administrators' payment of any outstanding amounts.

At September 30, 2025 and 2024 the Company has a line of credit arrangement of $10,000. The line of credit is secured by a parity Obligation issued under the Master Indenture related to the bonds issued. This line of credit has no outstanding balance as of September 30, 2025 and 2024.

The Company has received numerous federal and state grants. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Company. In the opinion of management, such claims, if any, should not have a material adverse effect on the consolidated financial position, results of operations, or cash flows of the Company.

The Company reports its wages to various states for unemployment compensation purposes, as a reimbursable employer if available. Reimbursable employers compensate prior employees only when a claim has been made with these states. In the opinion of management, no material claims were outstanding that had not been reserved for at September 30, 2025 and 2024.

13. Financial Assets and Liquidity Resources

The financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, scheduled principal payments on debt, and capital expenditures were as follows:

	September 30, 2025	September 30, 2024
Cash and cash equivalents	$ 36,109	$ 23,965

Less amounts unavailable for general expenditures:		
Cash and cash equivalents with donor restrictions	(1,421)	(1,444)
Financial assets available to meet general expenditures within one year	$ 65,765	$ 57,801

14. Functional Classification of Expenses

The Company provides human services, including inpatient, outpatient, long term and community-based behavioral health services, child protective services, and employment for people with disabilities within its region and nationally. Administrative services include administration, finance and accounting, information technology, human resources, and other functions. Organizational expenses are allocated to program and administrative services based on the benefit received in those areas while administrative services costs are allocated to program areas using the methodology for the federal indirect rate calculation.

14. Functional Classification of Expenses (continued)

Notes to Financial Statements
(Dollars in Thousands)

Years Ended September 30, 2025 and 2024

1. Summary of Significant Accounting Policies

The DUI School financial statements are prepared on the accrual basis of accounting. Significant accounting policies for the DUI School are the same as those described in Note 1 to the accompanying consolidated financial statements of LifeView Group, Inc. and Subsidiaries.

2. State Assessment Fee

As required by Section 322.293, *Florida Statutes*, each DUI program collects a $15 assessment fee on every client enrolling in its DUI program and remits the fee to the State of Florida. These and other fees collected and distributed to the State are summarized as follows:

	Years Ended September 30,	
	2025	2024
Fees collected during current year	$ 17	$ 16
Fees remitted during current year	17	16
Fees due to the state of Florida	$ -	$ -

Procedures have been established and maintained that adequately account for all fees received for the DUI program and for all receipts created and/or issued by the DUI program.

3. Other Program Costs for DUI (Non-Special Supervision Services (SSS) Expenses)

Other program costs for the DUI program, not including SSS, consist of the following:

	Years Ended September 30, 2025	2024
Copier costs	$ 2	$ 1
Membership dues	2	3
Office supplies	4	3
Telephone	3	1
Other	4	3
Program admin allocations	51	46
Total other program costs	$ 66	$ 57

4. Indirect Cost Allocations

LifeView Group, Inc. allocates administrative costs to its programs using the methodology for the federal indirect rate calculation. The methodologies used allow for the allocation of indirect costs across all appropriate components of operations and are in accordance with Florida Administrative Code 15A-10.014.

Note to Financial Statements (Regulatory Basis)

September 30, 2025 and 2024

1. Summary of Significant Accounting Policies

The Access Behavioral Health (ABH) financial statements are prepared on a regulatory basis of accounting in accordance with guidelines established by the State of Florida Office of Insurance Regulation. Significant accounting policies for ABH are the same as those described in Note 1 to the accompanying consolidated financial statements of LifeView Group, Inc. and Subsidiaries. Capitation revenue is based on a per-member per-month rate to provide services as a managed behavioral health organization. ABH provides these services for the Company and three comprehensive community mental health centers to provide mental health services to the MMA Plan beneficiaries residing in Regions 1 and 2 in Florida. Subcontracts with the Company are on a full-risk capitated basis and are reported as sub-capitation expense within the statements of operations for ABH.

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

Years Ended September 30, 2025 and 2024

1. Presentation and Basis of Accounting

The schedule of expenditures of federal awards and state financial assistance is prepared on the accrual basis in accordance with accounting principles generally accepted in the United States. It includes all the state and federal expenditures of LifeView Group, Inc. (the Company).

The Company allocates administrative costs to its federal and state programs using a step-down allocation methodology. The methodologies used allow for the allocation of administrative costs across all appropriate components of operations and are in accordance with Florida Administrative Code 15A-10.014. The Company has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance and instead adheres to an approved federal indirect rate or approved contract indirect rate.

2. Contingencies

The Company has received numerous federal and state grants. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Company. In the opinion of management, any such claims will not have a material adverse effect on the financial position of the Company.

3. Subrecipients

In order to fulfill contractual requirements for child protective services, behavioral health services, and vocational services, the Company subcontracts with various community agencies. The Company is responsible for compliance with the funds expended, but all regulatory and contractual obligations are passed to the subrecipients in their contracts.

OTHER REPORTS AND SCHEDULES

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

President/Chief Executive Officer
Chief Financial Officer
The Board of Directors
LifeView Group, Inc. and Subsidiaries

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the consolidated financial statements of LifeView Group, Inc. and Subsidiaries (the Company), which comprise the consolidated balance sheet as of September 30, 2025, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated January 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Company's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, SECTION 215.97, *FLORIDA STATUTES*, AND CHAPTER 10.650, *RULES OF THE AUDITOR GENERAL*

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

Opinion on Each Major Federal Program and State Project

We have audited LifeView Group, Inc. and Subsidiaries' (the Company)'s compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* and the requirements described in the Florida Department of Financial Services State Projects Compliance Supplement that could have a direct and material effect on each of the Company's major federal programs and state financial assistance projects for the year ended September 30, 2025. The Company's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Company complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2025.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*. Our responsibilities under those standards, the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program and state financial assistance project. Our audit does not provide a legal determination of the Company's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Company's federal programs and state financial assistance projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Company's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Company's compliance with the requirements of each major federal program and state financial assistance project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards,* the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Company's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the Company's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, Section 215.97, *Florida Statutes* and Chapter 10.650, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified. Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

Management and the Board of Directors
LifeView Group, Inc. and Subsidiaries
Pensacola, Florida

Opinion

We have audited the consolidated financial statements of LifeView Group, Inc. and Subsidiaries (the Company), which comprise the consolidated balance sheets as of September 30, 2024 and 2023, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended and the related notes (collectively referred to as the consolidated financial statements).

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company at September 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States *(Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The DUI School and Access Behavioral Health (Regulatory Basis) supplementary information are presented on pages 41 through 48 for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

The accompanying schedule of expenditures of federal awards and state financial assistance as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and by Chapter 10.650, *Rules of the Auditor General*, presented on pages 49 through 61 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

The accompanying schedule of functional revenues and expenses (regulatory basis), schedule of state earnings (regulatory basis), schedule of related-party transaction adjustments (regulatory basis) and schedule of bed-day availability payments are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management. The information has not been subjected to the auditing procedures applied in the audits of the consolidated financial statements, and, accordingly, we express no opinion on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated February 7, 2025 on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

1. Organization and Summary of Significant Accounting Policies

Organization

LifeView Group, Inc. (LGI or the Company), a nonprofit organization, was incorporated in 2021 to purchase Lakeview Center, Inc. (the Center) and its affiliates, Global Connections to Employment, Inc. (GCE), CMHC Hernandez House, Inc., Lakeview Place, Inc., Lakeview Villas, Inc. (the 3 collectively -HUDs). The Center was acquired pursuant to the Member Substitution Agreement. LGI is the sole member of GCE and the Center. The Center is the sole member of the HUDs. CMHC Hernandez House, Inc. is no longer active.

Lakeview Center, Inc., a nonprofit organization, was incorporated in 1954, as Community Mental Health Center of Escambia County, Inc. The mission of the Center, including all of its subsidiaries, is to help people through life's journey by providing behavioral health services, and child protective services. Lakeview Place, Inc. and CMHC Hernandez House, Inc. are U.S. Department of Housing and Urban Development (HUD) multi-unit dwellings owned by the Center that provide housing facilities and services to people diagnosed with mental illness. The contract for CMHC Hernandez House, Inc. ended September 30, 2021. Subsequent to September 30, 2021, the operations of CMHC Hernandez House, Inc. have been included in the Center operations. Lakeview Villa, Inc. is a HUD apartment complex owned by the Company that provides low-cost housing facilities and services to persons with chronic mental illness. Global Connections to Employment, Inc. is a nonprofit organization and its mission is to employ people with disabilities and provide vocational services.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of LifeView Group, Inc. and its related entities: Lakeview Center, Inc.; Global Connections to Employment, Inc.; Lakeview Villa, Inc.; and Lakeview Place, Inc.. All inter-entity transactions have been eliminated in consolidation.

Operating and Nonoperating Activities

The Company's primary mission is to provide a broad range of behavioral health services, vocational services, and child protective services to citizens of the region and nationally, across 14 states and the District of Columbia. Activities directly associated with the furtherance of this purpose are considered to be operating activities. Other activities that result in gains or losses unrelated to the Company's primary mission are considered nonoperating.

Use of Estimates

The preparation of these consolidated financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions. These estimates and assumptions affect certain reported amounts of assets and liabilities at the date of the consolidated financial statements and revenues and expenses recognized during the reporting period. Accordingly, actual results may differ from those estimates.

1. Organization and Summary of Significant Accounting Policies (continued)

Net Assets

The Company reports information regarding financial position and activities according to two classes of net assets: with and without donor restriction. Net assets are classified based on the existence or absence of donor-imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time.

The net asset categories reflected in the accompanying consolidated financial statements are as follows:

- *Without donor restriction* – Net assets that are free of donor-imposed restrictions, including all revenues, expenses, gains, and losses that are not changes in net assets with donor restrictions.

- *With donor restriction* – Net assets whose use by the Company is limited by donor-imposed stipulations that may or may not expire by passage of time or that can or cannot be fulfilled or removed by action of the Company pursuant to those stipulations.

Contributions

The Company records contributions as being with or without donor restriction depending on the existence and/or nature of any donor or grantor restrictions.

Cash Equivalents

The Company considers all highly liquid investment instruments with maturities of three months or less when purchased to be cash equivalents. Cash deposits are federally insured in limited amounts. As of September 30, 2024, LGI holds one certificate of deposit with an original maturity of 90 days that is classified within cash equivalents.

Short-Term Investments

Short-term investments consist of a certificate of deposit held by LGI that automatically renews every 182 days. Due to the short-term nature, the carrying amount reported in the consolidated balance sheet approximates the fair value as of September 30, 2023. During the year ended September 30, 2024, the certificate of deposit matured and was reinvested into a new certificate of deposit with an original maturity of 90 days, which is classified within cash equivalents.

Net Client Service Revenue and Accounts Receivable

Accounts receivable relating to net client service revenue are based upon the estimated amounts expected to be paid from patients and third-party payors. Opening balances for client accounts receivable totaled $900 and $728 at October 1, 2023 and 2022, respectively.

1. Organization and Summary of Significant Accounting Policies (continued)

Allowance for Credit Losses

Accounts receivable are written off after collection efforts have been followed in accordance with the Company's policies. Accounts written off as uncollectible are deducted from the allowance for uncollectible accounts and subsequent recoveries are added. Periodically, management assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category, current conditions and reasonable and supportable forecasts. The results of this review are then used to make any modifications to the provision for credit losses to establish an appropriate allowance for uncollectible receivables.

Contract and Other Receivables

Receivables for contracted services are typically deemed wholly collectible as they are due from governmental units, grantors, and third-party paying agencies. Opening balances for contract and other accounts receivable totaled $25,113 and $18,447 at October 1, 2023 and 2022, respectively.

Inventories

Inventories (primarily pharmaceutical inventories) are stated at the lower of cost (average cost method) or net realizable value using the first-in, first-out method.

Property and Equipment

Property and equipment acquisitions are recorded at historical cost. Property and equipment donated to the Company are recorded at fair value at the date of receipt. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line- method. Estimated useful lives of depreciable assets are as follows:

Buildings	40 years
Building and land improvements	10–20 years
Furniture and equipment	3–7 years
Technology	5–10 years

Compensated Absences

Employees are entitled to accumulate a limited amount of earned but unused annual leave. Accordingly, the Company records an accrual for earned, unused, vested annual leave in accordance with the Company's policy. Upon separation from the Company, employees are entitled to this amount of unused vested leave.

1. Organization and Summary of Significant Accounting Policies (continued)

Net Client Service Fees

The Company has agreements with third-party payors that provide payments to the Company at amounts different from its established rates. Payment arrangements include prospectively determined rates per completion of service, reimbursed costs, and discounted charges. Net client service fees are reported at the estimated net realizable amounts from clients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. The Company accepts clients in immediate need of care, regardless of their ability to pay, and serves certain clients whose care costs are not paid at established rates, including those sponsored under government programs such as Medicare and Medicaid, those sponsored under private contractual agreements, charity clients, and other uninsured clients who have limited ability to pay. The Company recognizes client service fee revenue associated with clients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured clients who do not qualify for charity care, revenue is recognized on the basis of discounted rates in accordance with the Company's policy.

A summary of the payment arrangements with major third-party payors follows:

Medicare – Client services rendered to Medicare program beneficiaries are reimbursed under a fee-for-service methodology.

Medicaid – Client mental health and substance abuse services rendered to Medicaid program beneficiaries are reimbursed under a capitated arrangement.

Other – The Company has also entered into payment agreements with certain insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Company under these agreements includes prospectively determined rates and discounts from established charges.

Charity Care

Quality care is provided to all persons requiring immediate treatment regardless of their ability to pay. An individual is classified as a charity client by reference to certain established policies of the Company. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a client's ability to pay, the Company utilizes the most recently published federal poverty income guidelines, but also includes certain cases where incurred charges are significant when compared to income. These charges are subtracted in the net client service fees calculation.

The Company estimates the direct and indirect costs of providing charity care by applying a cost to gross charges ratio to the gross uncompensated charges associated with providing charity care to clients. The cost of providing charity care was $5,037 and $4,693 for the years ended September 30, 2024 and 2023, respectively.

1. Organization and Summary of Significant Accounting Policies (continued)

Medicaid Managed Medical Assistance Contract Revenue

The Company is licensed as a prepaid limited health services organization pursuant to Chapter 636, *Florida Statutes*. Effective August 1, 2014, the Company, doing business as Access Behavioral Health, was awarded contracts with the Medicaid Managed Medical Assistance Plan (the MMA Plan). The Company receives a per-member per-month rate to provide mental health and substance abuse services to an annual average of 107,000 Medicaid beneficiaries in Florida's Regions 1 and 2. Amounts received are recognized as contract revenue during the period in which the Company is obligated to provide services to beneficiaries. Approximately $31,054 and $37,863 was recognized as revenue under the MMA Plan during the years ended September 30, 2024 and 2023, respectively.

Medicaid Managed Medical Assistance Plan Costs

The Company is directly responsible for providing mental health and substance abuse services to beneficiaries residing in Escambia, Santa Rosa, and Walton counties, representing approximately 62% of the covered lives under the MMA Plan. The Company has entered into subcontracts with three comprehensive community mental health centers to provide mental health services to the MMA Plan beneficiaries residing in the other counties in these Regions. These subcontracts are typically on a full-risk capitated basis. The mental health services covered under the MMA Plan are generally the same as those covered under the Medicaid fee-for-service program. Covered services include inpatient psychiatric care, outpatient care, substance abuse, and physician services. The majority of services for which the Company is directly responsible are provided within its own service delivery system; however, some services are sub-contracted on a fee-for-service basis with local area hospitals and providers. A provision has been made for these services rendered but not reported as of September 30, 2024 and 2023.

Income Taxes

The Company and its related entities are exempt from federal income taxes under Section 501(a) as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and are also exempt from state income taxes.

Cost Allocation

The Company uses several methods to allocate organization and overhead costs among program and support areas. Workers' compensation is allocated based on industry standard rates and salary expense. Unemployment and health plan expenses are allocated based on personnel cost and plan participation, respectively.

Administrative costs are allocated using the methodology for the federal indirect rate calculation. Property and auto insurances are allocated proportionately among those who benefit from the asset covered. General liability uses a staff-based allocation.

1. Organization and Summary of Significant Accounting Policies (continued)

Leases

On October 1, 2019, the Company adopted FASB's ASU 2016-02, *Leases*, electing to apply the optional transition method, which allows entities to forgo comparative reporting requirements. For leases that commenced before the effective date of ASU 2016-02, the Company elected the package of transition provisions available that allowed carryforward of the historical assessment of (1) whether contracts are or contain leases, (2) lease classification for any expired leases and (3) initial direct costs. In addition, the Company does not separate lease and non-lease components.

The Company's leases are primarily for real estate. The Company determines if an arrangement is a lease at contract inception. Lease assets and lease liabilities are recognized based on the present value of the lease payments over the lease term at the commencement date. Because most of the leases do not provide an implicit rate of return, the Company used a risk-free rate based on the daily treasury yield curve at lease commencement in determining the present value of lease payments.

Most leases include one or more options to renew, with renewal terms that can extend the lease term from months to years. The exercise of such lease renewal options is generally at the Company's sole discretion. For purposes of calculating lease liabilities, lease terms include options to extend or terminate the lease when it is reasonably certain that option will be utilized.

Leases with a lease term of 12 months or less at commencement are not recorded on the consolidated balance sheets. Lease expense for these arrangements is recognized on a straight-line basis over the lease term.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Cash and Investments

The composition of cash and short-term investments is as follows:

	September 30, 2024	September 30, 2023
Cash and cash equivalents	$ 23,965	$ 31,912
Short-term investments	-	277
	$ 23,965	$ 32,189

3. Concentrations of Credit Risk

Revenue and Accounts Receivable

The Company receives client service fees revenue from three primary sources: Medicaid and Medicare, other third-party payors, and client payments. The following indicates the applicable percentages of accounts receivable from those sources:

	September 30, 2024	September 30, 2023
Medicaid and Medicare	32%	41%
Other third-party payors	58%	45%
Client payments	10%	14%
	100%	100%

Depository Risk

The Company maintains cash balances with various financial institutions. Demand deposit accounts are insured by the Federal Deposit Insurance Corporation up to certain limits. At September 30, 2024, the Company had approximately $23,700 held by financial institutions in excess of insured limits.

4. Property and Equipment

Major classifications of property and equipment are summarized as follows:

	September 30, 2024	September 30, 2023
Buildings and improvements	$ 26,618	$ 21,561
Furniture and equipment	2,910	2,764
Technology	8,832	8,584
Land	2,445	2,445

	40,805	36,244
Less accumulated depreciation	(6,985)	(5,276)
	$ 33,820	$ 30,968

Total depreciation expense amounted to $2,572 and $2,531 for the years ended September 30, 2024 and 2023.

5. Long-Term Debt

Long-term debt consists of the following**:**

	September 30, 2024	September 30, 2023
Note payable to HUD, interest at 9.0%, monthly payments of $5,000 including interest, secured by real property, maturing May 2032	$ 340	$ 370

Series 2021A Bonds payable, issued by Florida Development Finance Corp and purchased by Bank of America, interest at 6.0% on $7,790 and 6.25% on $14,120, maturity date August 2041 and 2051, respectively; interest payment of $1,350 to be paid semi-annually	21,910	21,910
Series 2021B Bonds payable, issued by Florida Development Finance Corp. under the Master Indenture and purchased by Baptist Health Care Corporation (BHCC), interest at 4.45% through September 30, 2026 and increasing thereafter, maturity date August 2031; interest payment of $634 to be paid semi-annually	13,500	15,000
Total debt	35,879	37,420
Less: unamortized issuance costs	(957)	(1,057)
Total debt, net of issuance costs	34,922	36,363
Less: current portion	(45)	(41)
Total long-term debt, net	$ 34,877	$ 36,322

5. Long-Term Debt (continued)

Following are maturities of long-term debt for each of the next five years ended September 30th and thereafter:

	Amount
2025	$ 45
2026	49
2027	54
2028	59
2029	64
Thereafter	35,608
Total	$ 35,879

During the year ended September 30, 2024, the Company repaid $1,500 of principal on the Series 2021B Bonds through a non-cash settlement of accounts receivable owed to the Company by the lender. The Series 2021A and 2021B bonds were issued under a Bond Trust Indenture dated as of September 1, 2021, by and between the Issuer and Regions Bank, as bond trustee. The Bond Trust Indenture requires certain covenants and reporting requirements to be met.

6. Leases

Operating leases consist of the following:

	September 30, 2024	September 30, 2023
Operating lease right-of-use (ROU) assets	$ 3,785	$ 5,209
Current portion of operating lease obligation	$ 1,362	$ 1,557
Operating lease obligation, less current portion	2,843	4,119
Total operating lease liabilities	$ 4,205	$ 5,676

6. Leases (continued)

Lease expense for lease payments is recognized on a straight-line basis over the lease term. The components of lease expense are as follows:

	Years Ended September 30, 2024	2023
Operating lease expense	$ 1,054	$ 1,203
Short-term lease expense	254	270
Total operating lease expense	$ 1,308	$ 1,473

Operating leases weighted-average remaining lease term and weighted-average discount rate are as follows:

	September 30, 2024	2023
Weighted-average remaining lease term	3.66 years	4.38 years
Weighted-average discount rate	1.78%	1.77%

The following table summarizes the maturity of lease liabilities under operating leases for the next five years and the years thereafter, as of September 30:

	Operating Leases
2025	$ 1,424
2026	1,058
2027	784
2028	803
2029	270
Total lease payments	4,339
Less: imputed interest	(134)
Total operating lease liabilities	$ 4,205

2027	55
Total lease payments	495
Less: imputed interest	(7)
Total finance lease liabilities	$ 488

Supplemental cash flow information related to finance leases are as follows:

	Years Ended September 30, 2024	2023
Cash paid for amounts included in the measurement of finance lease liabilities:		
Financing cash flows from finance leases	$ 220	$ 220

Both operating and finance leases are included in the financial statement caption lease obligation.

7. Sources of Revenue

Federal, state, and local financial awards

The Company receives funding from several Government and other agencies to provide behavioral health and child protective services to clients in a four-county region. This revenue is predominantly deemed to be unconditional contribution revenue and not governed under the Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers* (Topic 606) (ASC 606) guidance. The contractual obligations with these payors are met as services are provided. These contracts are billed monthly. The Company expects to be paid for all services provided. Adjustments are made as they arise for any services that will not be reimbursed.

7. Sources of Revenue (continued)

Conditional Grant Obligations

The Company has two conditional capital grants to support it facilities and services:

Century Grant – a $2,000 grant from the Escambia County Health Facilities Authority received in August 2018 to expand the healthcare and mental health facility located in Century, Florida. The grant is conditional upon the organization providing enhanced healthcare and mental health services at the facility for a 10-year period. Revenue is recognized for the Century grant as services are performed.

State of Florida Grant – a $2,150 grant from the Department of Children and Families received in June 2024 to expand and renovate the Short-Term Residential Treatment (SRT) facility. The grant is conditional upon the organization providing psychiatric services at the facility for a 20-year period. Revenue is recognized ratably over the term as services are performed.

Both grants are recorded as deferred revenue in accordance with Accounting Standards Update No. 2018-08, Not-for-Profit Entities (Topic 958): *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (ASC 958-605) and are recorded within the financial statement caption accrued liabilities. For the years ended September 30, 2024 and 2023, the Company recognized $236 and $200 in revenue related to conditional grant obligations, respectively.

The Company remains obligated to meet the performance conditions for the duration of the respective grant terms. Failure to meet these conditions could result in repayment obligations as stipulated in the grant agreements.

Net Client Service Revenue

The Company's client service revenues are related to contracts with clients in which the performance obligation is to provide behavioral health care services. Revenues are recorded during the period when the obligations are satisfied. The obligations are generally satisfied over a day or more for residential or inpatient programs or less for outpatient services. The contractual relationships with clients often involve a third-party payor and the transaction prices for the services provided are dependent upon the terms provided by or negotiated with the third-party payors. The payment arrangements with third party payers for services provided to clients are typically for rates lower than the customary and standard fees. The differences in these rates are considered to be explicit price concessions.

7. Sources of Revenue (continued)

Net Client Service Revenue (continued)

Client service revenue is based upon the estimated amounts expected to be received from the clients and any third-party payors. Explicit price concessions are estimated at the time revenue is recorded and may be adjusted in future periods. The Company elected to use the portfolio approach to assess collectability due to the large volume of similar contracts with similar classes of customers. The effect of applying the portfolio approach to a group of contracts would not differ materially from considering each contract separately. Management's judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all contracts (which are at the patient level) by the particular payor or group of payors will result in the recognition of the same amount of patient service revenue as applying the analysis at the individual patient level.

Net client service fee revenue is not recognized for those clients that qualify for charity under the Company's charity care policies. For all others, service fee revenue, net of explicit price concessions and other deductions recognized from major payor sources is as follows:

	Years Ended September 30, 2024	2023
Third-party payors, net of deductions	$ 18,436	$ 17,750
Self-pay clients, net of deductions	3,658	4,571
	$ 22,094	$ 22,321

Revenues from the Medicare and Medicaid programs accounted for approximately 39% and 42% of the Company's net client service fees for the years ended September 30, 2024 and 2023, respectively. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the Center.

Vocational Service Contracts

The Company's vocational service revenues generally relate to contracts with federal, state or local customers in which the performance obligation is to provide various "bundled" type services to our customers. The Company has contractual obligations to provide services as outlined in the statement of work within each formal contract. Although the services within each business line are distinct, they are bundled services transferred consecutively on a monthly basis as a line of business. The lines of business consist of business services, custodial services, food services, facilities maintenance, health care environmental services, information technology, as well as employment support services. The performance obligations for vocational contracts are spelled out in the contract either in the performance work statement or other applicable section of the contract.

7. Sources of Revenue (continued)

Vocational Service Contracts (continued)

These bundled services are invoiced each month at the contract price over the life of the contract period. Revenues for these services are recognized on a monthly basis as the services are performed.

Vocational service revenue from major payor source is as follows:

	Years Ended September 30, 2024	2023
Federal	$ 112,130	$ 100,854
State	1,952	1,814
Local	716	628
Other	49	53
	$ 114,847	$ 103,349

For vocational service revenue, each distinct service is satisfied over time and the measurement of progress toward satisfaction of the performance obligation is the same for each of the services in the series (monthly services) in accordance with the contracts in place. Each contract for the above series of services (business line) delivers the services over an annual or multi-year period and is measured monthly, consistent with the billing for these services. Each line of business is considered a series of distinct services performed and treated as a single performance obligation that is set each month as services are provided.

The monthly payment and methodology are fixed in each contract. All business lines and other services in each contract are valued at their standalone value of the service in the contract. There are no instances where a service or product is provided at no value or a value below its standalone value (discounted) as stated in a contract. Each business line has a fixed price that is recognized over the period the performance obligation is met. Contracts with time and materials (T&M) provisions have the hourly rate and materials recorded at their standalone value and are not discounted as a part of the overall contract. As nearly all contracts are with government/state organizations, collectability is assured as we have nearly no history of uncollectable amounts for services rendered. As such, no variable consideration is included in the determination of the transaction price for each contract.

Contract Revenue

The Company, as a managed care provider, receives payments under an agreement with Medicaid Managed Healthcare prepaid health plans (MMA plans), which obligates the Company to stand ready to provide or obtain services for qualified beneficiaries (individuals who enroll with an MMA plan). The qualified beneficiaries sign up with the MMA plans to participate in such a health plan. These payments are referred to as capitation fees. The payment is calculated using a per member per month rate (PMPM rate) for each qualified beneficiary.

7. Sources of Revenue (continued)

Contract Revenue (continued)

The Company has two performance obligations related to Managed Care contract revenue that are both paid through capitation revenues: administrative services and behavioral healthcare services.

The first is the administrative services component of the MMA Plan in the amount of 12.5% of the capitation revenue which is for the administrative, recordkeeping and other services of the plan activities. All these services are not considered distinct individually but are a series of services delivered simultaneously each month as a single performance obligation. Like the capitation revenue described above and below for providing healthcare services, the administrative services are also stand ready obligations recognized over time.

The second performance obligation is for healthcare services as detailed above. These are stand alone performance obligations and although may incorporate several different lines of services are deemed a single performance obligation delivered over time as measured each month.

Transaction price considerations include monthly capitation payment, retroactive adjustments, incentive payments and other risk pool adjustments.

The capitation fees do not vary with the volume of behavioral health services provided and are exclusive of any client copayments or deductibles under their respective plans. Therefore, the Company bears the risk of providing goods and services or contracting for services that the beneficiary is entitled to receive.

In addition to the capitation fees, the amount of contract revenue may be affected by factors such as reinsurance recoveries, retroactive adjustments for member eligibility, risk pools adjustments such as financial incentives and quality targets, and other adjustments. The Company has concluded that based on the immaterial nature of the adjustments no variable consideration need be included in the transaction price related to the capitation fees.

The contracts specify that 12.5% of the capitation fees are related to administrative services and 87.5% of the fees are related to the remaining healthcare services therefore the Company has allocated the transaction price to the two performance obligations based on the terms of the contract.

Capitation arrangements represent a stand-ready obligation to provide services to qualified beneficiaries. The Company recognizes monthly capitation fees as Managed Care contract revenue over time when the periods for which the qualified beneficiary is entitled to services are completed.

8. In-Kind Contributions

In-kind contributions and expenses represent the value assigned to donated prescription drugs from the State of Florida. In-kind contributions are recognized if the services or goods received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. In-kind contributions for the years ended September 30, 2024 and 2023 amounted to $167 and $405, respectively, and are included in other revenue and support, with related expenses in medical/pharmacy and donated items in the accompanying consolidated statement of operations and changes in net assets.

9. Retirement Plan

The Company provides a tax deferred annuity 403(b) retirement plan (Plan) to all eligible employees. Employees who work a minimum of 20 hours per week are eligible to participate in the Plan after completing one year of employment. Voluntary employee contributions are allowed to the extent permitted by law. The Company matched 50% of each eligible participant's pay period contribution to the Plan up to 3% of each eligible participant's compensation. In compliance with Internal Revenue Service regulations, employer contributions for eligible participants vest under a six-year graduated vesting schedule. Plan expense for the years ended September 30, 2024 and 2023 amounted to $1,341 and $1,811, respectively.

10. Support from the State of Florida Requiring Match

The Company received a substantial portion of its support from the state of Florida under grant contract number AO110 with the Big Bend Community Based Care, Inc. d/b/a NWF Health Network. This contract must be renegotiated annually. The contract requires a 13.87% local match for certain community mental health services. This local match requirement has been met for 2024 and 2023.

11. Net Assets with Donor Restriction

Net assets with donor restrictions as of September 30, 2024 and 2023 were $1,444 and $1,430, respectively, the majority of which relate to crisis and children's services.

12. Commitments and Contingencies

The Company carries general and professional liability insurance from an unrelated commercial insurance carrier with coverage up to $2,000 per occurrence and $4,000 in the aggregate, on a claims-made basis, and employee benefits liability insurance with coverage up to $1,000 per occurrence and $1,000 in the aggregate. In addition, the Company has an excess coverage policy. The Company is involved in various lawsuits and claims incidental to the normal course of its operations. The Company may be liable for losses in excess of the amounts recorded at September 30, 2024; however, in the opinion of management, such potential losses would not be material to the consolidated financial statements.

12. Commitments and Contingencies (continued)

In 2021, GCE was served a Civil Investigative Demand (CID) by a U.S. Attorney's Office and a criminal matter grand jury subpoena, both related to GCE's contracts with the Department of Defense Manpower Data Center. GCE has cooperated in these matters by providing responses and documentation as requested. The Company continues to work toward resolution of this matter.

BHCC has retained certain liabilities related to the investigation to the extent they arose prior to the sale, or arose from activity prior to the sale.

The Center is self-insured for employees' medical insurance claims. The Company carries stop-loss insurance coverage with annual limits of $300 per participant and $14,840 in the aggregate. GCE is fully insured for full time employees and part time employees. It is the opinion of management that recorded reserves are adequate for existing and unreported claims.

The Company has established multiple irrevocable standby letters of credit: one in the amount of $250 with the Company's previous administrator for workers' compensation claims as the named beneficiaries; one each for $367 and $368 with the insurance providers for the Access Behavioral Health (ABH) managed medical advantage plan; and one for $1,675 with the Company's current administrator for workers' compensation claims as the named beneficiary. The Company, under its workers' compensation policies, is responsible to pay all individual claims up to $250 each, as well as certain administration costs to its claims administrators. Should the Company default on any of these payments, the letter of credit guarantees the claims administrators' payment of any outstanding amounts.

At September 30, 2024 and 2023 the Company has a line of credit arrangement of $10,000. The line of credit is secured by a parity Obligation issued under the Master Indenture related to the bonds issued. This line of credit has no outstanding balance as of September 30, 2024 and 2023.

The Company has received numerous federal and state grants. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Company. In the opinion of management, such claims, if any, should not have a material adverse effect on the consolidated financial position, results of operations, or cash flows of the Company.

The Company reports its wages to various states for unemployment compensation purposes, as a reimbursable employer if available. Reimbursable employers compensate prior employees only when a claim has been made with these states. In the opinion of management, no material claims were outstanding that had not been reserved for at September 30, 2024 and 2023.

13. Financial Assets and Liquidity Resources

The financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, scheduled principal payments on debt, and capital expenditures were as follows:

	September 30, 2024	September 30, 2023
Cash and cash equivalents	$ 23,965	$ 31,912
Short-term investments	-	277
Accounts receivable	35,280	26,013

14. Functional Classification of Expenses

The Company provides human services, including inpatient, outpatient, long term and community-based behavioral health services, child protective services, and employment for people with disabilities within its region and nationally. Administrative services include administration, finance and accounting, information technology, human resources, and other functions. Organizational expenses are allocated to program and administrative services based on the benefit received in those areas while administrative services costs are allocated to program areas using the methodology for the federal indirect rate calculation.

Expenses by functional classification for the years ended September 30, 2024 and 2023 consist of the following:

	Year Ended September 30, 2024

DUI School
Notes to Financial Statements
(Dollars in Thousands)

September 30, 2024 and 2023

1. Summary of Significant Accounting Policies

The DUI School financial statements are prepared on the accrual basis of accounting. Significant accounting policies for the DUI School are the same as those described in Note 1 to the accompanying consolidated financial statements of LifeView Group, Inc. and Subsidiaries.

2. State Assessment Fee

As required by Section 322.293, *Florida Statutes*, each DUI program collects a $15 assessment fee on every client enrolling in its DUI program and remits the fee to the State of Florida. These and other fees collected and distributed to the State are summarized as follows:

	Years Ended September 30,	
	2024	**2023**
Fees collected during current year	$ 16	$ 17
Fees remitted during current year	16	17
Fees due to the state of Florida	**$ -**	**$ -**

Procedures have been established and maintained that adequately account for all fees received for the DUI program and for all receipts created and/or issued by the DUI program.

3. Other Program Costs for DUI (Non-Special Supervision Services (SSS) Expenses)

Other program costs for the DUI program, not including SSS, consist of the following:

	Years Ended September 30, 2024	2023
Copier costs	$ 1	$ 2
Membership dues	3	-
Office supplies	3	3
Telephone	1	2
Other	3	9
Program admin allocations	46	48
Total other program costs	$ 57	$ 64

4. Indirect Cost Allocations

LifeView Group, Inc. allocates administrative costs to its programs using the methodology for the federal indirect rate calculation. The methodologies used allow for the allocation of indirect costs across all appropriate components of operations, and are in accordance with Florida Administrative Code 15A-10.014.

Note to Financial Statements (Regulatory Basis)

September 30, 2024 and 2023

1. Summary of Significant Accounting Policies

The Access Behavioral Health (ABH) financial statements are prepared on a regulatory basis of accounting in accordance with guidelines established by the State of Florida Office of Insurance Regulation. Significant accounting policies for ABH are the same as those described in Note 1 to the accompanying consolidated financial statements of LifeView Group, Inc. and Subsidiaries. Capitation revenue is based on a per-member per-month rate to provide services as a managed behavioral health organization. ABH provides these services for the Company and three comprehensive community mental health centers to provide mental health services to the MMA Plan beneficiaries residing in Regions 1 and 2 in Florida. Subcontracts with the Company are on a full-risk capitated basis and is reported as sub-capitation expense within the statements of operations for ABH.

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

Years Ended September 30, 2024 and 2023

1. Presentation and Basis of Accounting

The schedule of expenditures of federal awards and state financial assistance is prepared on the accrual basis in accordance with accounting principles generally accepted in the United States. It includes all the state and federal expenditures of LifeView Group, Inc. (the Company).

The Company allocates administrative costs to its federal and state programs using a step-down allocation methodology. The methodologies used allow for the allocation of administrative costs across all appropriate components of operations, and are in accordance with Florida Administrative Code 15A-10.014. The Company has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance and instead adheres to an approved federal indirect rate or approved contract indirect rate.

2. Contingencies

The Company has received numerous federal and state grants. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Company. In the opinion of management, any such claims will not have a material adverse effect on the financial position of the Company.

3. Subrecipients

In order to fulfill contractual requirements for child protective services, behavioral health services, and vocational services, the Company subcontracts with various community agencies. The Company is responsible for compliance with the funds expended, but all regulatory and contractual obligations are passed to the subrecipients in their contracts.

OTHER REPORTS AND SCHEDULES

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

President/Chief Executive Officer
Chief Financial Officer
The Board of Directors
LifeView Group, Inc. and Subsidiaries

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the consolidated financial statements of LifeView Group, Inc. and Subsidiaries (the Company), which comprise the consolidated balance sheet as of September 30, 2024, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated February 7, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Company's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, SECTION 215.97, FLORIDA STATUTES, AND CHAPTER 10.650, RULES OF THE AUDITOR GENERAL

President/Chief Executive Officer
Chief Financial Officer
The Board of Directors
LifeView Group, Inc. and Subsidiaries

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

Opinion on Each Major Federal Program and State Project

We have audited LifeView Group, Inc. and Subsidiaries' (the Company)'s compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* and the requirements described in the Florida Department of Financial Services State Projects Compliance Supplement that could have a direct and material effect on each of the Company's major federal programs and state financial assistance projects for the year ended September 30, 2024. The Company's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Company complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*. Our responsibilities under those standards, the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program and state financial assistance project. Our audit does not provide a legal determination of the Company's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Company's federal programs and state financial assistance projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Company's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Company's compliance with the requirements of each major federal program and state financial assistance project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards,* the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Company's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the Company's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, Section 215.97, *Florida Statutes* and Chapter 10.650, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified. Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Section 215.97, *Florida Statutes*; and Chapter 10.650, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

GENERAL INFORMATION

Agency Name: Pensacola Caring Hearts

Agency Address: 2105 W GREGORY ST. PENSACOLA FL 32505

Program Name for which funding is being requested: Pensacola Caring Hearts

Amount Requested: $42,000.00

Program Contact: Fannie Finkley

Email: FANNIEFINKLEY@pensacolacaringhearts.org

Contact Phone: (850) 375-1838

Description of Program: We operate mobile food pantry in Escambia County. We provide free food for anyone in need. Our food pantry is available on call 24/7. The $42,000 will be used to cover the direct cost of food for our mobile food trucks and food pantry.

How many years has your organization provided services in the County? 10

How many years has your organization received funding from the County? 9

Explain how receiving County funds would impact your organization:

If Pensacola Caring Hearts received $42,000, we would be able to provide more food and run additional mobile pantry routes for the hungry in Escambia County, thereby alleviating food scarcity in many Escambia County and Pensacola households.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $11,115.00

Briefly discuss how last year's funds were used? We provided and distributed free food to anyone in need. We conducted 24-hour mobile food pantries throughout Escambia County. We purchased 10-20 THOUSAND POUNDS of food for EACH month for the mobile pantry. We also used our Escambia County funding to cover operational costs such as rent and utilities.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? We fed every Escambia County resident that needed and requested food. The number of Escambia County Residents with food insecurity has continued to increase every year.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? Pensacola Caring Hearts feeds anybody in need of food. We facilitate the distribution of 20,000 – 40,000 pounds of food each month in various locations throughout Escambia County. The organization also maintains a food pantry that is accessible to those in need 24 hours a day/7 day a week. Pensacola Caring Hears facilitate the pack-up and delivery of food and individuals who need transportation to food distribution sites. The organization's volunteers also provide transportation for the elderly and homeless who are in need of food. Our organization has grown and our food giveaway has doubled, so we are in need of more food each month to meet the higher demand.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: Our program is not a governmental function or requirement.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: N/A – While there are other food banks in Escambia County, Pensacola Caring Hearts is the only food bank with a mobile pantry.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. As Pensacola Caring Hearts is the only food bank with a mobile pantry, we are the only food bank that can alternate pantry sites in order to serve the maximum number of citizens.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 10%
- Percentage for direct programming costs: 90%

If only a portion of your requested funding is granted, how will you offset the difference?

Pensacola Caring Hearts will offset the difference with donations and fund raisers.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A – there is no match.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

N/A

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. 1 Number of families receiving food from pantry or truck	50	70	75	7%
2. Number of pounds of food distributed	60,000	120,000	360,000	66%
3.. Number of community events to educate individuals on nutrition and to provide food to the hungry	12	12	18	33%

b) Please state the source used to provide your program metrics Program metrics are based on internal organizational records maintained by staff and volunteers, including intake logs, service delivery tracking sheets, distribution records, attendance/sign-in sheets, and financial documentation from fundraising and program operations. Additional data is collected through direct service reports from program participants, partner agency referrals, and monthly activity summaries compiled by program leadership.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Increase Food and Basic Needs Support	7,704 Households
2. Increase Household Stability and Resource Connection	7,704 Families
3. Increase Community Outreach and Program Involvement	18 Community Events

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6

months in previous fiscal year."

Baseline for Goals	FY26
1. 1. **Food and Basic Needs Support (Baseline)** o In FY 2024–25, the program served approximately **7,200 families** through food distribution and emergency assistance services. This included regular pantry distributions and community outreach efforts designed to address food insecurity and immediate household needs. 2. **Household Stability and Resource Connection (Baseline)** o During FY 2024–25, approximately **7,200 households (100% of served families)** received access to basic resource navigation support, with referrals provided as needed for housing assistance, utility assistance, and supplemental nutrition programs (SNAP). All service interactions were documented through intake and distribution tracking systems. 3. **Program Growth and Community Reach (Baseline)** o In FY 2024–25, the program distributed approximately **240,000 pounds of food** across **12 community events**, establishing a strong baseline for community engagement and food distribution capacity. These events served as key access points for families in need and reflected consistent outreach and service delivery throughout the fiscal year.

What is the source of your reportable data?

The reportable data for this program is collected and maintained through internal organizational tracking systems and documentation processes. Primary data sources include client intake forms, service logs, food distribution records, event attendance/sign-in sheets, and referral tracking documentation completed by program staff and volunteers. Financial data is supported by organizational accounting records, donation tracking reports, and funding award documentation. Additional program data is compiled from monthly and quarterly internal reports, which summarize service delivery outcomes, participation levels, and community outreach activities. All data is reviewed and verified by program leadership to ensure accuracy, consistency, and compliance with reporting requirements.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

PENSACOLA CARING HEARTS INC.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

TO: Community Partners
RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

GENERAL INFORMATION

Agency Name: Pensacola Caring Hearts

Agency Address: 2105 W GREGORY ST. PENSACOLA FL 32505

Program Name for which funding is being requested: Pensacola Caring Hearts

Amount Requested: $42,000.00

Program Contact: Fannie Finkley

Email: FANNIEFINKLEY@pensacolacaringhearts.org

Contact Phone: (850) 375-1838

Description of Program: We operate mobile food pantry in Escambia County. We provide free food for anyone in need. Our food pantry is available on call 24/7. The $42,000 will be used to cover the direct cost of food for our mobile food trucks and food pantry.

How many years has your organization provided services in the County? 10

How many years has your organization received funding from the County? 9

Explain how receiving County funds would impact your organization:

If Pensacola Caring Hearts received $42,000, we would be able to provide more food and run additional mobile pantry routes for the hungry in Escambia County, thereby alleviating food scarcity in many Escambia County and Pensacola households.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $11,115.00

Briefly discuss how last year's funds were used? We provided and distributed free food to anyone in need. We conducted 24-hour mobile food pantries throughout Escambia County. We purchased 10-20 THOUSAND POUNDS of food for EACH month for the mobile pantry. We also used our Escambia County funding to cover operational costs such as rent and utilities.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? We fed every Escambia County resident that needed and requested food. The number of Escambia County Residents with food insecurity has continued to increase every year.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? Pensacola Caring Hearts feeds anybody in need of food. We facilitate the distribution of 20,000 – 40,000 pounds of food each month in various locations throughout Escambia County. The organization also maintains a food pantry that is accessible to those in need 24 hours a day/7 day a week. Pensacola Caring Hears facilitate the pack-up and delivery of food and individuals who need transportation to food distribution sites. The organization's volunteers also provide transportation for the elderly and homeless who are in need of food. Our organization has grown and our food giveaway has doubled, so we are in need of more food each month to meet the higher demand.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: Our program is not a governmental function or requirement.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: N/A – While there are other food banks in Escambia County, Pensacola Caring Hearts is the only food bank with a mobile pantry.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. As Pensacola Caring Hearts is the only food bank with a mobile pantry, we are the only food bank that can alternate pantry sites in order to serve the maximum number of citizens.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 10%
- Percentage for direct programming costs: 90%

If only a portion of your requested funding is granted, how will you offset the difference?

Pensacola Caring Hearts will offset the difference with donations and fund raisers.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A – there is no match.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. 1 Number of families receiving food from pantry or truck	50	70	75	7%
2. Number of pounds of food distributed	60,000	120,000	360,000	66%
3.. Number of community events to educate individuals on nutrition and to provide food to the hungry	12	12	18	33%

b) Please state the source used to provide your program metrics Program metrics are based on internal organizational records maintained by staff and volunteers, including intake logs, service delivery tracking sheets, distribution records, attendance/sign-in sheets, and financial documentation from fundraising and program operations. Additional data is collected through direct service reports from program participants, partner agency referrals, and monthly activity summaries compiled by program leadership.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Increase Food and Basic Needs Support	7,704 Households
2. Increase Household Stability and Resource Connection	7,704 Families
3. Increase Community Outreach and Program Involvement	18 Community Events

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6

months in previous fiscal year."

Baseline for Goals	FY26
1. 1. **Food and Basic Needs Support (Baseline)** o In FY 2024–25, the program served approximately **7,200 families** through food distribution and emergency assistance services. This included regular pantry distributions and community outreach efforts designed to address food insecurity and immediate household needs. 2. **Household Stability and Resource Connection (Baseline)** o During FY 2024–25, approximately **7,200 households (100% of served families)** received access to basic resource navigation support, with referrals provided as needed for housing assistance, utility assistance, and supplemental nutrition programs (SNAP). All service interactions were documented through intake and distribution tracking systems. 3. **Program Growth and Community Reach (Baseline)** o In FY 2024–25, the program distributed approximately **240,000 pounds of food** across **12 community events**, establishing a strong baseline for community engagement and food distribution capacity. These events served as key access points for families in need and reflected consistent outreach and service delivery throughout the fiscal year.	

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

What is the source of your reportable data?

The reportable data for this program is collected and maintained through internal organizational tracking systems and documentation processes. Primary data sources include client intake forms, service logs, food distribution records, event attendance/sign-in sheets, and referral tracking documentation completed by program staff and volunteers. Financial data is supported by organizational accounting records, donation tracking reports, and funding award documentation. Additional program data is compiled from monthly and quarterly internal reports, which summarize service delivery outcomes, participation levels, and community outreach activities. All data is reviewed and verified by program leadership to ensure accuracy, consistency, and compliance with reporting requirements.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

PENSACOLA CARING HEARTS INC.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) 5

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

GENERAL INFORMATION

Agency Name: Wildlife Sanctuary of Northwest Florida

Agency Address: 105 North S Street, Pensacola, Florida 32505

Program Name for which funding is being requested: Wildlife Sanctuary of Northwest Florida, Inc.

Amount Requested: $43,250

Program Contact: Leah Schultz

Contact Email: outreach@pensacolawildlife.com

Contact Phone: (630) 352-9042

Description of Program:

- Gives wildlife a second chance by providing a safe haven for injured and orphaned wildlife. Promotes public awareness, appreciation, and preservation of wildlife through education, events, and programs.

How many years has your organization provided services in the County?

- 44

How many years has your organization received funding from the County?

- Since 1999

Explain how receiving County funds would impact your organization:

- Funding allows us to continue serving Escambia County to our full potential as a wildlife hospital, nursery, native animal sanctuary, and educational resource.

PREVIOUS FISCAL YEAR FUNDING

Amount received, if applicable: $33,250

Briefly discuss how last year's funds were used?

- The Wildlife Sanctuary of Northwest Florida accepted and cared for 4,029 injured and orphaned indigenous wildlife and provided care in a hospital setting by professionally trained staff. We also provided information, tours, presentations, events, and literature as a means of fostering public awareness, public safety, public health, and an appreciation of native wildlife. Education and a push for increased ecotourism in the community were also part of our daily operations. County funding assisted in staffing, printing of educational materials, and maintaining a proper facility which is open 7 days a week, 8am to 5pm year round.

Briefly describe the County’s Return on Investment relative to last year’s funding and the measurable impact your program had on the citizens of Escambia County?

- Funding allowed the Wildlife Sanctuary to care for 4,029 animals. Our volunteers contributed 7568.5 hours to support our mission. Our educational outreach efforts reached over 1,373,785 individuals about public safety, appreciation of wildlife, public health, habitat awareness and promoting coexistence with native wildlife.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

- The Wildlife Sanctuary will continue to accept and care for injured and orphaned wildlife gathered by the public and related professional entities, providing appropriate care in a hospital setting by professionally trained staff. As we continue our mission, we anticipate our admission numbers to continue in the 4,000+ range for injured and orphaned wildlife, following a multi-year increase of 500+ animals. We continue to provide the best care possible to our patients and are actively growing our education programs provided to the public. Due to standard changes, the increase in patient load, and the age of some of our units, it is necessary to modify the number of outdoor rehabilitation units and to provide repairs to our flight pens. With mandatory cost of living increases for staff, this has taken a major toll on our overall budget for animal food, supplies and utilities. With the resources that we provide to county organizations, local businesses, and the general public, any support provided is greatly appreciated to maintain the standards of the sanctuary through increased use.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

- No

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

- We are the only wildlife hospital, nursery, and educational facility open in Escambia County. We are open 7 days a week, 8am to 5pm year-round for injured and orphaned wildlife and Wednesday through Saturday from noon until 3:30 for visitors to enjoy free educational offerings.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

- We are the only wildlife hospital, nursery, and educational facility open in Escambia County. The Wildlife Sanctuary will continue to accept and care for injured and orphaned wildlife gathered by the public and related professional entities and provide appropriate care in a hospital setting by professionally trained staff. We continue to provide the best care possible to our patients and are actively growing our education programs provided to the public. Last year, the Wildlife Sanctuary cared for 4,029 animals, had volunteers contribute 7568.5 hours to support our mission, and reached over 1,373,785 individuals through our education and outreach programs.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: 80%
  - Accounting $4,600, Animal Care Staff Salaries $30,000
  - Supports daily wildlife intake, medical care, rehabilitation, and release efforts for 4,000+ animals annually
- Percentage for direct programming costs: 20%
  - Educational Materials $2,150, Outdoor Exhibits $6,500
  - Supports community education initiatives, including public programming and interpretive displays connecting residents to local wildlife and conservation

If only a portion of your requested funding is granted, how will you offset the difference?

- The Wildlife Sanctuary will continue to search for available funding through grant programming and public fundraising to off-set costs. The services we provide are an important aspect of public need and safety, we will always do everything we can to continue our mission.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

- We would be excited to apply to foundation matching grants to try to double this funding with county permission. We do not currently have one in mind, but would happily work for that opportunity.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

- No

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

1. Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Provide a hospital setting for rehab/assist of injured and orphaned native wildlife a. Number of animals helped	3,500	4,029	4,500	+29%
2. Volunteer Hours	6,000	7,568.5	8,325	+35%
3. Educate to foster public awareness, safety, and appreciation of wildlife. a. Individuals Reached	160,000	1,373,785	1,000,000	+525%

a. Please state the source used to provide your program metrics:

- Calculated using trends since FY23, with conservative projections. We are currently averaging a 500+ animal increase. Our volunteer hours are directly tied to these increases, with a conservative projection of 1.85 volunteer hours per animal. Our education increase is directly tied to the expansion of our education and outreach programming both in person and online.

2.Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Acting as a licensed/permitted wildlife hospital we provide for over 4,000 injured and orphaned indigenous wildlife with proper care using a professional and trained staff of wildlife rehabilitators.	4,500 animals
2. Engaging volunteers of all educations in wildlife care, education, event planning, social media management, administrative management, and other varying skills to achieve our mission, engage the community, and provide educational opportunities to the public.	8,325 hours
3. Educate residents and visitors annually, fostering public awareness, safety, and appreciation of wildlife through field trips, on-site events, off-site events, and online educational posts.	1,000,000 individuals

a. Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1. Over the past few years, we averaged over a 500 animal increase year over year, so this is a conservative projection following this trend.	4,029 animals
2. We have had a steady increase of the number of volunteer hours completed per animal. With a conservative projection of 1.85 hours per animal for the upcoming year, our baseline is on track with trends.	7,568.5 hours
3. Our programming is growing at a steady rate, with 6 large events occurring annually, field trips occurring each month, and our online presence expanding, our projection is conservative. We expect 1M to be our new baseline reach.	1,373,785 individuals

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Wildlife Sanctuary of Northwest Florida, Inc.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) Corporation Nonprofit 501c3

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Dear Sir or Madam:

This letter is in response to your request dated October 13,1998, for a copy of your organization's determination letter.

Our records indicate that a determination letter issued in January 1983 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than $25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of $20 a day, up to a maximum of $10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Independent Accountant's Review Report

To The Board of Directors
Wildlife Sanctuary of Northwest Florida, Inc.
Pensacola, Florida

We have reviewed the accompanying financial statements of Wildlife Sanctuary of Northwest Florida, Inc., (a nonprofit organization) which comprise the statement of financial position as of December 31, 2024, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of entity management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Wildlife Sanctuary of Northwest Florida, Inc., and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Note 1—Summary of Significant Accounting Policies

Organization and Program Activities

Wildlife Sanctuary of Northwest Florida, Inc., ("Sanctuary") is a Florida "not-for-profit" corporation formed September 23, 1982, to provide a safe haven for injured and orphaned wildlife, provide rehabilitation and release, when possible, and to foster public awareness and appreciation of wildlife.

The Sanctuary is open to the public and gives tours for adults and children so that they can learn about the animals and how to help protect them. Funds are collected from public contributions, tours of the facilities, special event fundraising activities and a local government grant.

Contributions

Contributions received are recorded with or without restrictions depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as an increase in net assets with donor restriction depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported as net assets released from restrictions.

Basis of Presentation

The Sanctuary reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Net assets are classified based on externally imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time. The Sanctuary does not have any net assets with donor restrictions as of December 31, 2024.

Note 1—Summary of Significant Accounting Policies *(continued)*

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in the checking and savings accounts.

Investments

Investments in marketable securities with readily determinable fair values are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

Fair Value of Financial Instruments

Generally accepted accounting principles define fair value and establish a framework for measuring fair value. The guidance applies to all assets and liabilities that are measured and reported on a fair value basis (see Notes 4 and 10).

The carrying amounts of financial instruments, including cash and accrued liabilities, approximate their fair value due to the short maturity of these instruments.

Property and Equipment

Property and equipment are stated at cost or, if donated, at fair market value on date of gift. The Sanctuary capitalizes all asset acquisitions costing $100 or more and with a useful life exceeding one year. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets as follows:

Furniture and equipment	5–10 years
Leasehold improvements	15–40 years

Note 1—Summary of Significant Accounting Policies *(continued)*

Donated Goods, Facilities and Services

The Sanctuary records various types of donated support including contributed facilities, goods and supplies. Donated building space is recorded at the fair rental value of comparable space. Contributions of tangible assets are recognized at their fair value when received. The in-kind amounts are reflected in the accompanying financial statements as "contributions" and are offset by amounts included in expenses, other than those assets that have been capitalized in the property and equipment accounts.

Contributed services are recorded in the financial statements to the extent that those services create or enhance a nonfinancial asset or meet the following criteria: (a) the service requires specialized skills, (b) the service is provided by individuals who possess those skills, and (c) the service would typically need to be purchased if not contributed. Management estimates the fair market value of animal care and veterinarian services to approximate $2,144. For the year ended December 31, 2024, there were also amounts that did not meet the criteria for recognition as described above despite the considerable value of donated time by volunteers to the mission of the Sanctuary.

Income Taxes

The Sanctuary is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been recognized. The House annually files federal information returns (Form 990), which are subject to possible examination by the taxing authorities until the expiration of the related statute of limitations, which is generally three years.

Management believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and no returns are currently under examination.

Note 1—Summary of Significant Accounting Policies *(continued)*

Functional Allocation of Expenses

Expenses that can be identified as program, administrative or fundraising are classified accordingly. Indirect costs are allocated to program, administrative and fundraising based on percentages developed by management.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Events Occurring After Reporting Date

The Sanctuary has evaluated events and transactions that occurred between December 31, 2024, and April 24, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Note 2—Concentration of Credit Risk

The Sanctuary maintains its cash at two separate financial institutions. Cash accounts at each institution are insured by the Federal Deposit Insurance Corporation ("FDIC") or National Credit Union Association ("NCUA") up to $250,000 per financial institution. At December 31, 2024, the Sanctuary had cash balances held by financial institutions in excess of insured limits of $915,969.

Note 3—Certificates of Deposits

The Sanctuary holds seven certificates of deposit. The certificates mature on dates in 2025. Interest is earned at rates between 3.69% and 4.93%. The carrying value of certificates of deposit approximate fair value since the interest rates offered currently approximate the rates obtained.

Note 4—Investments

Investments are carried at fair value as determined by quoted market prices. Unrealized gains and losses are reflected in the statements of activities.

The Sanctuary's investments at December 31, 2024, consist of the following:

	Cost	Fair Value	Unrealized Appreciation (Depreciation)
Mutual Funds	$ 87,527	$ 84,679	$ (2,848)

Dividend income for the year ended December 31, 2024, related to these investments was $4,238.

Note 5—Property and Equipment

Depreciation expense for the year ended December 31, 2024, was $9,299.

Management of the Sanctuary reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the assets to future net cash flows expected to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair market value of the assets. As of December 31, 2024, none of the Sanctuary's long-lived assets were considered to be materially impaired.

Note 6—Real Estate Held for Sale

The Sanctuary received by gift residential lots which are recorded at the amount the Sanctuary expects to realize when they are sold. Certain lots were sold in 2024.

Note 7—Board Designated Net Assets

Board designated funds at December 31, 2024, are available for the following purposes:

Building fund	$ 500,000
Emergency costs	60,000
	$ 560,000

Note 8—Building Lease

The value of land and buildings occupied or used by the Sanctuary for its offices and caring for wildlife are not included in the accompanying statement of financial position. Title to such property is held by Escambia County, Florida, who has agreed to provide such space at $1 per year. The sanctuary records in-kind contributions and rent expense each month in an amount estimated to be the fair value of the use of the property. Total rent expense recorded under this agreement for the year ended December 31, 2024, is $34,577.

Note 9—Donated Goods, Facilities and Services

Donated goods, facilities and services recorded for the period ended December 31, 2024, are as follows:

County facilities	$ 34,577
Operating supplies and feed	39,863
Animal care services	2,144
	$ 76,584

Note 10—Fair Value Measurements

Fair values for investment securities are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair values of assets measured on a recurring basis at December 31, 2024, are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)
Investments:	
Mutual funds	$ 84,679

Note 11—Liquidity and Availability of Financial Assets

The Sanctuary's primary source of support is income from contributions. The Sanctuary has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that long-term operations will be maintained. The following table reflects the Sanctuary's financial assets reduced by amounts not available for general expenditures within one year:

Financial Assets:	
Cash and equivalents	$ 175,475
Certificates of deposits	1,192,012
Investments	84,679
Total	$ 1,452,166
Less those unavailable for general expenditure within one year, due to:	
Board designated building fund	(500,000)
Board designated for emergencies	(60,000)

Independent Accountant's Review Report

To The Board of Directors
Wildlife Sanctuary of Northwest Florida, Inc.
Pensacola, Florida

We have reviewed the accompanying financial statements of Wildlife Sanctuary of Northwest Florida, Inc., (a nonprofit organization) which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of entity management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Wildlife Sanctuary of Northwest Florida, Inc., and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Contributions received are recorded with or without restrictions depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as an increase in net assets with donor restriction depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported as net assets released from restrictions.

Basis of Presentation

The Sanctuary reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Net assets are classified based on externally imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time. The Sanctuary does not have any net assets with donor restrictions as of December 31, 2023.

The goal of the program is to provide education and training to gain employment, build relationships for an independent future and increase self-confidence and advocacy skills. This includes resume development, interview skills, disability disclosure/reasonable accommodations, and ongoing peer support pre- and post-employment to improve retention outcomes.

How many years has your organization provided services in the County? _____46_____

How many years has your organization received funding from the County? _____6_____

Explain how receiving County funds would impact your organization: It allows us to conduct employment services for adults and youth with disabilities for success and independence. Employment readiness and economic opportunity in Escambia County furthers both our organization and Escambia County's goals for success.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $30,000

Briefly discuss how last year's funds were used? The funding for 2025-2026 is being used to operate the Employment Program for Adults and Youth with disabilities.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? We anticipated increasing our reach and conducting our program on a larger scale. We continue to nurture relationships with community agencies that could potentially make referrals. CILNWF has been very diligent in not using funds unnecessarily and will continue to be transparent in utilization of funding to meet programmatic needs.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? Adults and youth with disabilities will be trained to prepare for employment. Training will include resume building, soft skills training, disability disclosure, and requests for reasonable accommodation. Adults and youth with disabilities who gain these valuable skills are less likely to depend on public benefits as a means of support. The outcomes will lead to better utilization of public dollars.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: Youth transition is an unfunded requirement for Centers for Independent Living. People with disabilities having economic self-sufficiency is vital for the community. With the full amount of $60,000, we could hire a dedicated team member in an effort to reach our projected outcomes. We have been unable to expand the program staff with the approved appropriations in past years ($30,000).

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: We are a vendor under contract with Vocational Rehabilitation to provide Employment Training Services for adults and youth with disabilities.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. The Center is run BY and FOR people with disabilities. As peers,

we are uniquely qualified to assist people with disabilities with developing their abilities and help them gain confidence, as well as make sure they are aware of, educated about and given tools to navigate their rights as it relates to employment.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: ___40___%
- Percentage for direct programming costs: ___60___%

If only a portion of your requested funding is granted, how will you offset the difference? We will have to re-work our budget to run a smaller program.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: While not an official match, we continually seek additional funding from other sources to create a program that reaches a maximum number of participants. The current request will only pay for one position and some base program funding to support growth of employment services from CILNWF to Escambia County.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. No duplication of funding for the employment program. We do receive grant dollars from United Way of West Florida to support our assistive technology and durable medical equipment programs.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Number of individuals who completed pre-employment training	11	12 projected	20 projected	%

2.				%
3.				%

b) Please state the source used to provide your program metrics: CILNWF uses a case management database to track consumer services and outcomes.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. This program will strive to provide pre-employment training to 20 individuals with disabilities so they can gain the necessary skills and increase their opportunities to become gainfully employed.	20
2.	
3.	

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1. The planned number of individuals who successfully complete the pre-employment training program in the previous fiscal year.	12 projected
2.

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year? Calendar Year

2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements. The amounts shown in the revenue/expense tables are applicable to this program only and will not agree with the financial statements of CILNWF.

3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds? NA

4. Please list the salary of the top 5 employees, names and positions of your organization. If there are multiple agencies funded by or through your agency allocation, please add those employees to this list by agency.

Name	Position	Salary
Carolyn Grawi	Executive Director	$110,900
Deb Sizemore	Fiscal Manager	$63,617
Danny Broxson	Independent Living Specialist	$46,322
Diana Arnold	Administrative Assistant	$41,371
Karen Teamer	Independent Living Specialist	$40,019

5. Please provide the total amount of cash and investments on hand. $773,380 as of 02/28/2026

6. Does your organization charge fees for services? If so, provide a list of fees charged. No

7. Does your organization require background checks from volunteers and staff? Yes, Level II Screening

8. What is the source of your reportable data? CILNWF uses a case management database to track consumer services and outcomes.

ECONOMIC DEVELOPMENT AGENCIES

1. What is your agency's Strategic Plan? It is our purpose to encourage, motivate, train and guide consumers to achieve the highest level of independence possible that they choose. It is fundamental to the Independent Living Philosophy. It is important that people with disabilities have a foundation to improve quality of life, decreasing the potential for proverty, by teaching independent living and employment skills.

2. How many jobs were created this year over last year by zip code? NA. Two individuals have obtained employment during the present appropriation cycle. The path from skill training to employment is a multifaceted process that varies widely among individuals, shaped by the type and severity of disability, the responsiveness and flexibility of employers, and the presence of accessible supports and accommodations.

3. What is the net cost per job created? NA

ADDITIONAL QUESTIONS

1. How has your agency addressed "Pockets of Poverty" in Escambia County?

This program does not cover an entire population. We are working with one person at a time. When a person in our program becomes gainfully employed, we have given them the opportunity of address their own economic well-being. This program does not erase societal pockets of poverty as a whole.

2. Did your agency receive any grants? List the amount and a detailed use of the funds.
Our agency receives annual contracts/grants from the U.S. Department of Health and Human Services, Florida Department of Education-Division of Vocational Rehabilitation and the Florida Alliance for Assistive Services and Technology to conduct Centers for Independent Living programs and services.

3. Was there any increase in membership for the local chambers? CILNWF is a member of the Pensacola Area, Gulf Coast Minority and Perdido Key Chambers of Commerce.

4. What are your agency's statistics on business creation and minority businesses by zip code? NA

5. Can we reduce the taxpayer subsidy? Yes, providing citizens with the skills and abilities to lead an independent life reduces and/or eliminates their reliance on taxpayer subsidies.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Center for Independent Living of Northwest Florida, Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) **501(c)3 Non-Profit Corporation**

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

We have further determined that you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in section 170(b)(1)(A)(vi) & 509(a)(1).

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status. Also, you should inform us of all changes in your name or address.

Generally, you are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. If you have paid FICA taxes without filing the waiver, you should contact us. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

The box checked in the heading of this letter shows whether you must file Form 990, Return of Organization Exempt from Income tax. If Yes is checked, you are required to file Form 990 only if your gross receipts each year are normally more than $10,000. If a return is required, it must be filed by the 15th day of of the fifth month after the end of your annual accounting period. The law imposes a penalty of $10 a day, up to a maximum of $5,000, when a return is filed late, unless there is reasonable caus[illegible] the delay.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter, we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees.

If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Michael J. Murphy

Subject: Preparation of 2024 Tax Returns

Center For Independent Living Of NW FL Inc:

Thank you for choosing Kim K. Enikeieff, CPA to assist with the 2024 taxes for Center For Independent Living Of NW FL Inc. This letter confirms the terms of the engagement and outlines the nature and extent of the services we will provide.

We will prepare the 2024 federal and state income tax returns for Center For Independent Living Of NW FL Inc. We will depend on management to provide the information we need to prepare complete and accurate returns. We may ask management to clarify some items but will not audit or otherwise verify the data submitted.

We will perform accounting services only as needed to prepare the tax returns. Our work will not include procedures to find defalcations or other irregularities. Accordingly, our engagement should not be relied upon to disclose errors, fraud, or other illegal acts, though it may be necessary for management to clarify some of the information submitted. We will inform management of any material errors, fraud, or other illegal acts we discover.

The law imposes penalties when taxpayers underestimate their tax liability. Call us if there are any concerns about such penalties.

Should we encounter instances of unclear tax law, or of potential conflicts in the interpretation of the law, we will outline the reasonable courses of action and the risks and consequences of each. We will ultimately adopt, on the behalf of Center For Independent Living Of NW FL Inc, the alternative selected by management.

Our fee is based on the time required at standard billing rates plus out-of-pocket expenses. Invoices are due and payable upon presentation. All accounts not paid within thirty (30) days are subject to interest charges to the extent permitted by state law.

We will return the original records to management at the end of this engagement. Store these records, along with all supporting documents, in a secure location. We retain copies of your records and our work papers from your engagement for up to seven years, after which these documents will be destroyed.

If management has not selected to e-file the returns with our office, management will be solely responsible to file the returns with the appropriate taxing authorities. The tax matters representative should review all tax-return documents carefully before signing them. Our engagement to prepare the 2024 tax returns will conclude with the delivery of the completed returns to management, or with e-filed returns, with the tax matters representative's signature and our subsequent submittal of the tax return.

To affirm that this letter correctly summarizes the arrangements for this work, sign the enclosed copy of this letter in the space indicated and return it to us in the envelope provided.

Thank you for the opportunity to be of service. For further assistance with your tax return needs, contact our office at (251)591-1357.

Sincerely,

Kim K. Enikeieff

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Center for Independent Living of Northwest Florida, Inc.
Pensacola, Florida

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of Center for Independent Living of Northwest Florida, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Center for Independent Living of Northwest Florida, Inc. as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Center for Independent Living of Northwest Florida, Inc. and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Independent Living of Northwest Florida, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Independent Living of Northwest Florida, Inc.'s ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated May 2, 2025, on my consideration of Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Organization

The Center for Independent Living of Northwest Florida, Inc. (the "Organization") was incorporated in 1982. The Organization promotes, educates, facilitates, assists and advocates with and on behalf of people with disabilities, in partnership with their communities, to achieve their goals of independence. Funding is provided primarily by federal grants from the U.S. Department of Health and Human Services and the Social Security Administration received either directly or as pass-through grants through the State of Florida Department of Education and the State of Florida Department of Labor and Employment Security.

Summary of Significant Accounting Policies

Method of accounting

The financial statements of the Organization have been prepared utilizing the accrual basis of accounting.

Cash and cash equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with initial maturity of three months or less to be cash equivalents.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

The Organization values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy that prioritizes the inputs to valuation techniques is used to measure fair value. The hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The hierarchy is broken down into the following three levels, based on the reliability of the inputs:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date;

Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and

Level 3: Significant unobservable inputs for the asset or liability that reflect the reporting organization's own estimates about the assumptions that market participants would use in pricing the asset or liability.

Promises to give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Summary of Significant Accounting Policies (continued)

Accounts and grants receivable

All accounts and grants receivable are from federal, state, and local governmental agencies and are considered to be fully collectible. Accordingly, no allowance for doubtful accounts is considered necessary.

Property and equipment

Property and equipment are recorded at cost or, if donated, at the fair value at the date of donation. Property and equipment are depreciated over estimated useful lives using the straight-line method of depreciation. The Organization's policy is to capitalize capital acquisitions costing $1,000 or more. Depreciation expense was $32,781 and $12,262 in 2024 and 2023, respectively.

Income taxes

Income taxes are not provided for in the financial statements since the Organization is exempt from federal and state income taxes under section 501 (c)(3) of the Internal Revenue Code and similar state provisions. The Organization is not classified as a private foundation.

A policy for accounting for uncertainty in income taxes was adopted in prior years that require the Organization to determine whether it is more likely than not that a tax position will be sustained upon examination based on the technical merits of the position. The Organization has no uncertain tax positions that qualified for either recognition or disclosure in the financial statements at December 31, 2024 or December 31, 2023.

Grant and cooperative agreements

The Organization receives grants and contracts from federal and state agencies, as well as from private organizations, to be used for specific programs. The Organization’s costs incurred under its government grants and contracts are subject to audit by government agencies. Management believes that disallowance of costs, if any, would not be material to the financial position or changes in net assets of the Organization.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributed materials and services

Donated materials or equipment, when received, are reflected as contributions in the accompanying financial statements at their estimated fair market values at the date of receipt. No amounts have been reflected in the statements for donated services as no objective basis is available to measure the value of such services. Nevertheless, a substantial number of volunteers donated significant amounts of their time in the Organization’s program services.

Contributions

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any restrictions.

Significant Accounting Policies (continued)

Cost allocation

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include compensation and benefits, which are allocated on the basis of estimates of time and effort, as well as depreciation, occupancy and telephone costs which are allocated based on the ratio of program revenue to total revenue.

Comparative amounts

The financial statements include certain prior-year summarized comparative information in total but not by net asset class or functional expense category. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2023, from which the summarized information was derived.

Lease policies

Accounting Standards Update (ASU) 2016-02 requires that leases with a lease term of more than 12 months be classified as either finance or operating leases. Leases are classified as finance leases when the Organization expects to consume a major part of the economic benefits of the leased assets over the remaining lease term. Conversely, the Organization is not expected to consume a major part of the economic benefits of assets classified as operating leases. The lease classification effects both the pattern and presentation of expense recognized in the statement of activities, the categorization of assets and liabilities in the statement of financial position, and classification of cash flows in the statement of cash flows.

The Organization has made a policy election not to capitalize certain short-term leases with a lease term of 12 months or less.

For finance leases, total lease cost is recorded on an accelerated basis and consists of two components; amortization expense and the related write-off of right-of-use assets, and interest expense from lease obligations. Interest expense is recorded using the effective interest method and right-of use assets are amortized on a straight-line basis over the remaining lease term. For operating leases, total lease cost is measured and recorded on a straight-line basis over the lease term.

Non-lease components, such as common area maintenance (CAM) charges, are separated from lease components based on the terms of the related lease. Variable lease components consist of real estate taxes and insurance charges related to the real estate lease, and are recorded as lease expense as incurred.

Lease obligations are measured and recorded at the present value of future lease payments using a discount rate. Because the Organization generally does not have access to the rate implicit in each lease, lease obligations are measured using the incremental borrowing rate as the discount rate. The incremental borrowing rate is the rate that would be paid to borrow on a collateralized basis over a similar term and amount equal to the lease payments in a similar economic environment.

The Organization uses a portfolio approach to apply a single incremental borrowing rate of 4% to its equipment leases, real estate leases and finance leases.

Right-of-use assets are generally measured and recorded as the sum of the lease obligation, any initial direct costs to consummate the lease, and any lease payments made on or before the commencement date.

Significant Accounting Policies (continued)

Lease policies (continued)

No additional leases were capitalized in 2024.

Evaluation of subsequent events

The Organization has evaluated subsequent events through May 2, 2025, the date which the financial statements were available to be issued.

Lease liabilities:

	Operating Lease
Current portion	$ 95,188
Long-term portion	-
Total	$ 95,188

The Organization leases office space from a third party. The terms of the lease provide for annual base rent payments over three years in amounts ranging from $124,224 to $131,988 through 2025, with renewal options. In addition to base rent, the Organization pays a percentage of common area maintenance (CAM) charges, and real estate taxes and insurance. In the statement of functional expenses, CAM charges are classified as repairs and maintenance expense.

In the normal course of business, the Organization leases storage space as needed on a short-term basis, typically on an annual lease or a month-to-month basis. Short term lease expense amounted to $1,633 and $1,787 in 2024 and 2023, respectively.

The Organization leases certain equipment under monthly operating leases. The amount reported in rent expense was $6,578 and $5,635 for the years ended December 31, 2024 and 2023, respectively.

A summary of total lease cost, by component, and other lease information for the year ended December 31, 2024 follows:

Operating lease cost	$ 129,077
Short term lease cost	1,633
Total lease costs	$ 130,710

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Center for Independent Living of Northwest Florida, Inc.
Pensacola, Florida

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Center for Independent Living of Northwest Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated May 2, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control. Accordingly, I do not express an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Center for Independent Living of Northwest Florida, Inc.'s financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Center for Independent Living of Northwest Florida, Inc.
Pensacola, Florida

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of Center for Independent Living of Northwest Florida, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Center for Independent Living of Northwest Florida, Inc. as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Center for Independent Living of Northwest Florida, Inc. and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Independent Living of Northwest Florida, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Independent Living of Northwest Florida, Inc.'s ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated May 28, 2024, on my consideration of Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Organization

The Center for Independent Living of Northwest Florida, Inc. (the "Organization") was incorporated in 1982. The Organization promotes, educates, facilitates, assists and advocates with and on behalf of people with disabilities, in partnership with their communities, to achieve their goals of independence. Funding is provided primarily by federal grants from the U.S. Department of Health and Human Services and the Social Security Administration received either directly or as pass-through grants through the State of Florida Department of Education and the State of Florida Department of Labor and Employment Security.

Summary of Significant Accounting Policies

Method of accounting

The financial statements of the Organization have been prepared utilizing the accrual basis of accounting.

Cash and cash equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with initial maturity of three months or less to be cash equivalents.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

The Organization values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy that prioritizes the inputs to valuation techniques is used to measure fair value. The hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The hierarchy is broken down into the following three levels, based on the reliability of the inputs:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date;

Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and

Level 3: Significant unobservable inputs for the asset or liability that reflect the reporting organization's own estimates about the assumptions that market participants would use in pricing the asset or liability.

Promises to give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Summary of Significant Accounting Policies (continued)

Accounts and grants receivable

All accounts and grants receivable are from federal, state, and local governmental agencies and are considered to be fully collectible. Accordingly, no allowance for doubtful accounts is considered necessary.

Property and equipment

Property and equipment are recorded at cost or, if donated, at the fair value at the date of donation. Property and equipment are depreciated over estimated useful lives using the straight-line method of depreciation. The Organization's policy is to capitalize capital acquisitions costing $1,000 or more. Depreciation expense was $12,262 and $17,274 in 2023 and 2022, respectively.

Income taxes

Income taxes are not provided for in the financial statements since the Organization is exempt from federal and state income taxes under section 501 (c)(3) of the Internal Revenue Code and similar state provisions. The Organization is not classified as a private foundation.

A policy for accounting for uncertainty in income taxes was adopted in prior years that require the Organization to determine whether it is more likely than not that a tax position will be sustained upon examination based on the technical merits of the position. The Organization has no uncertain tax positions that qualified for either recognition or disclosure in the financial statements at December 31, 2023 or December 31, 2022.

Grant and cooperative agreements

The Organization receives grants and contracts from federal and state agencies, as well as from private organizations, to be used for specific programs. The Organization’s costs incurred under its government grants and contracts are subject to audit by government agencies. Management believes that disallowance of costs, if any, would not be material to the financial position or changes in net assets of the Organization.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributed materials and services

Donated materials or equipment, when received, are reflected as contributions in the accompanying financial statements at their estimated fair market values at the date of receipt. No amounts have been reflected in the statements for donated services as no objective basis is available to measure the value of such services. Nevertheless, a substantial number of volunteers donated significant amounts of their time in the Organization’s program services.

Contributions

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any restrictions.

Significant Accounting Policies (continued)

Cost allocation

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include compensation and benefits, which are allocated on the basis of estimates of time and effort, as well as depreciation, occupancy and telephone costs which are allocated based on the ratio of program revenue to total revenue.

Comparative amounts

The financial statements include certain prior-year summarized comparative information in total but not by net asset class or functional expense category. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2022, from which the summarized information was derived.

Lease policies

Accounting Standards Update (ASU) 2016-02 requires that leases with a lease term of more than 12 months be classified as either finance or operating leases. Leases are classified as finance leases when the Organization expects to consume a major part of the economic benefits of the leased assets over the remaining lease term. Conversely, the Organization is not expected to consume a major part of the economic benefits of assets classified as operating leases. The lease classification effects both the pattern and presentation of expense recognized in the statement of activities, the categorization of assets and liabilities in the statement of financial position, and classification of cash flows in the statement of cash flows.

The Organization has made a policy election not to capitalize certain short-term leases with a lease term of 12 months or less.

For finance leases, total lease cost is recorded on an accelerated basis and consists of two components; amortization expense and the related write-off of right-of-use assets, and interest expense from lease obligations. Interest expense is recorded using the effective interest method and right-of use assets are amortized on a straight-line basis over the remaining lease term. For operating leases, total lease cost is measured and recorded on a straight-line basis over the lease term.

Non-lease components, such as common area maintenance (CAM) charges, are separated from lease components based on the terms of the related lease. Variable lease components consist of real estate taxes and insurance charges related to the real estate lease, and are recorded as lease expense as incurred.

Lease obligations are measured and recorded at the present value of future lease payments using a discount rate. Because the Organization generally does not have access to the rate implicit in each lease, lease obligations are measured using the incremental borrowing rate as the discount rate. The incremental borrowing rate is the rate that would be paid to borrow on a collateralized basis over a similar term and amount equal to the lease payments in a similar economic environment.

The Organization uses a portfolio approach to apply a single incremental borrowing rate of 4% to its equipment leases, real estate leases and finance leases.

Right-of-use assets are generally measured and recorded as the sum of the lease obligation, any initial direct costs to consummate the lease, and any lease payments made on or before the commencement date.

Significant Accounting Policies (continued)

Lease policies (continued)

No additional leases were capitalized in 2023.

Evaluation of subsequent events

The Organization has evaluated subsequent events through May 28, 2023, the date which the financial statements were available to be issued.

Investments

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value

Deferred Revenue

Revenue from various grants and other sources are deferred and recognized as amounts are earned.

	2023	2022
State of Florida Department of Transportation	$ 882	$ 882
US Aging and Disability	90,570	-
Total	$ 91,452	$ 882

Leases

Amounts recognized as right-of-use assets related to operating leases are included in property, plant and equipment in the statement of financial position, while related lease liabilities are included in the current and long-term debt.

As of December 31, 2023 right-of-use assets and lease liabilities related to operating leases were as follows:

Right-of use assets:

	Operating Lease
Cost	$ 344,982
Less: accumulated amortization	(129,343)
Total	$ 215,639

Lease liabilities:

	Operating Lease
Current portion	$ 120,451
Long-term portion	95,188
Total	$ 215,639

The Organization leases office space from a third party. The terms of the lease provide for annual base rent payments over three years in amounts ranging from $124,224 to $131,988 through 2025, with renewal options. In addition to base rent, the Organization pays a percentage of common area maintenance (CAM) charges, and real estate taxes and insurance. In the statement of functional expenses, CAM charges are classified as repairs and maintenance expense.

In the normal course of business, the Organization leases storage space as needed on a short-term basis, typically on an annual lease or a month-to-month basis. Short term lease expense amounted to $1,787 and $2,088 in 2023 and 2022, respectively.

The Organization leases certain equipment under monthly operating leases. The amount reported in rent expense was $5,635 and $5,688 for the years ended December 31, 2023 and 2022, respectively.

Maturity analysis and reconciliation to the statement of financial position:

A summary of the future payments for operating leases reconciled to the lease liability recorded at December 31, 2023 follows:

	Operating Lease
2024	$ 129,076
2025	98,991
Total future lease payments	228,067
Less effects of discounting	12,428
Lease liability recorded at December 31, 2023	215,639
Less current portion	120,451
Long-term lease liability	$ 95,188

Concentration of Credit Risk

Services provided by the Organization are funded primarily with grants from the United States Department of Health and Human Services and the Social Security Administration passed through the Florida Department of Education and the Florida Department of Labor and Employment Security. The Organization's ability to continue to provide the same level of services is dependent on continued funding from these sources.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Center for Independent Living of Northwest Florida, Inc.
Pensacola, Florida

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Center for Independent Living of Northwest Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated May 28, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Center for Independent Living of Northwest Florida, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control. Accordingly, I do not express an opinion on the effectiveness of Center for Independent Living of Northwest Florida, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Center for Independent Living of Northwest Florida, Inc.'s financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

When submitting your completed application with all required documents, provide your documents in original Word format or a direct PDF of the Word document. **Please limit scanned documents as much as possible.**

APPLICATION CHECKLIST (Required)

_XX_ Submit a fully completed Agency Funding Request Application.

_XX_ Submit a copy of your organization's current W-9.

_XX_ Submit: a) Certificate of Status as a not-for-profit corporation with authorization to conduct business in the State of Florida and a Letter of Determination from the IRS confirming your organization's federally tax-exempt status; or b) Certificate of Status as an organization incorporated as a for-profit corporation or organized as a limited liability company with authorization to conduct business in the State of Florida.

**PLEASE SEE NOTE** Submit a copy of your organization's 2024 or 2025 tax return (Form 990 or 990-EZ with additional backup.

NOTE: I provided a copy of the Fiscal Year 2023 990-EZ Tax from 10/1/23 to 9/30/24. Per my accountant, the Fiscal Year 2024 Tax Return from 10/1/2024 to 9/30/2025 is not due until April 15, 2026 or October 15 2026 with an extension. The Tax Return is being worked on and will be available soon. Here's a copy of the information that I gathered.

The **tax deadlines for businesses with a fiscal year from October 2024 to September 2025** are as follows:

- **Sole Proprietors**: Due by **April 15, 2026** (original due date) or **October 15, 2026** (extended due date) if an extension is filed. 2
- **Partnerships**: Due by **March 16, 2026** (original due date) or **September 16, 2026** (extended due date) if an extension is filed. 2
- **S Corporations**: Due by **March 16, 2026** (original due date) or **September 16, 2026** (extended due date) if an extension is filed. 2
- **C Corporations**: Due by **April 15, 2026** (original due date) or **October 15, 2026** (extended due date) if an extension is filed. 2

These deadlines are important for ensuring compliance with IRS regulations and avoiding penalties.

_XX_ Submit a copy of your organization's most recent 2 years of financial statements, with audit if applicable. Updated financials may be requested by the County periodically including prior and subsequent to reward date.

3. What is the net cost per job created? _____ **ADDITIONAL QUESTIONS**

1. How has your agency addressed "Pockets of Poverty" in Escambia County?

_____

__Reduced chamber membership dues, free training sessions, creation of metrics to track details and involvement in local government vendor tables. I have the updated metrics from the County's Purchasing department. This Pockets of Poverty information would need to be obtained from the details that the businesses provide in the Vendor Registry to the county. As we work the new Purchasing leadership, the chamber will request research to verify if the demographic details can be added to Vendor Registry.

___The President/CEO is involved in numerous BODs to provide input to increase minority awareness and input. Included below is a list of the boards.

Brian Wyer, President/CEO, represents the chamber as a member of the following groups:

- Achieve Escambia Leadership Council – Secretary ○ Career Readiness Collective Action Network team ○ Early Childhood Learning Network

2. Did your agency receive any grants? List the amount and a detailed use of the funds.

N/A

3. Was there any increase in membership for the local chambers? _____ YES. I have made updates to our chamber website to better track our details but do not have information from the other local chamber. We use different methods and companies for our websites. As a general statement, the other chambers would most likely state an increase in their membership totals

4. What are your agency's statistics on business creation and minority businesses by zip code?

I am unaware of the location to obtain this information. From accessing the County Tax Collector's office, I am unable to determine the breakdown of Minority Businesses from this data. The chamber focuses on assisting businesses to improve and grow. For individuals with the desire to create business we provide guidance on the resources to create business such as referrals to the SBDC (Small Business Development Center), Sunbiz and community mentors

5. Can we reduce the taxpayer subsidy?

N/A

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

S.W.O.T. Analysis

Strengths	Weaknesses
• Brian's leadership • Basic membership • County connectivity • No cost office • Network • Community ties/support • Understanding of minority needs • Business development expertise • Partnerships • New board member involvement • Excitement/Desire • Strong supporters • Community relevance	• Dependence upon individual (Brian) • Lack of administrative resources • Lack of clear goals/plan • Not full representation of all minorities • Clear membership value proposition • Utilization of the board • Programs/membership personnel • Monthly financial reporting • Lack of external sponsorships • Visibility to general public • Limited funds in recruiting staff
Opportunities	**Threats**
• Expand to other minority groups (Latino, Vietnamese, etc.) • Grow membership • Sponsor/co-sponsor events/programs • Partner with other businesses • Branding • Additional funding • Differentiators for members • Leverage membership base to provide value-add leadership/mentorship to other members • Leverage technology • Enhance digital footprint	• Political environment related to inclusion – i.e. funding diminishes • Economic turndown affecting businesses • Other Chambers competing for members • Lack of overall funding • Sole reliance on Chamber President • Succession planning

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Gulf Coast Minority Chamber of Commerce, INC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

321 N. DeVilliers Street, Suite 104

Requester's name and address (optional)

6 City, state, and ZIP code

Pensacola, Florida 32501

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

GENERAL INFORMATION

Agency Name: **Pensacola – Escambia Promotion and Development Commission (PEDC)**
Agency Address: **3 West Garden Street Suite 618 Pensacola, FL 32502**
Program Name for which funding is being requested: **(PEDC) Funding Request FY 2027**
Amount Requested: **$600,000 – Local Option Sales Tax Economic Development Trust Fund.**
Program Contact: **Chris Platé and CC: Tabitha Lee tlee@floirdawesteda.com**
Contact Email: **cplate@floridawesteda.com** Contact Phone: **(850) 898-2201**
Description of Program:
PEDC is the County's economic development authority created by state statute in 1967 and operates via a contract with FloridaWest EDA for business development, existing industry expansion and retention, entrepreneurial development, asset development, workforce collaboration and promotion.

How many years has your organization provided services in the County? **Since 1967**
How many years has your organization received funding from the County? **Since 1967**
Explain how receiving funds from the County would impact your organization:
County funding provides the operational foundation that enables PEDC to carry out its statutory economic development mission under Florida Statute 125.045. These funds support business recruitment, existing industry expansion and retention, site and infrastructure development, and workforce alignment efforts that generate measurable job creation and private capital investment.

Without this funding, Escambia County's ability to compete for high-wage employers and major projects would be significantly reduced. Continued investment ensures sustained economic growth, expansion of the tax base, and increased household incomes for residents throughout the County.

PREVIOUS FISCAL YEAR FUNDING (If none received, mark N/A and skip to next section.)

Amount received, if applicable: **$600,000**

Briefly describe how last year's funds were used?

With a contribution of $600,000, Escambia County stands to gain an estimated $580,800 in new ad valorem tax revenue annually from projects secured in FY25. These revenues are recurring year-over-year, combined with previous years result in an annualized return on investment (CAGR) of greater than 18%—a strong fiscal return by any public investment standard. This does not include the other revenue to the school system, sheriff, etc. Total benefits to all taxing units is $1,179,508 of new revenue for FY25's activity.

Beyond the financial gains, these FY24 projects are projected to create 280 new jobs with an average annual wage exceeding the County's average wage, generating more than $15 million in new payroll each year. These high-quality, high-wage positions provide long-term economic stability for local families and drive secondary growth across the economy—including increased demand for housing, retail, and professional services.

Escambia County's investment in PEDC is not only self-sustaining—it serves as a catalyst for transformative economic growth, delivering measurable returns that benefit the entire community for years to come.

Announcements:

- **GE Vernova $70 million 40 jobs**
- **Jupiter Bach $ 6 million 100 jobs**
- **Tibbets $10 million 100 jobs**
- **AlgaPlast $0.5 million 10 jobs**
- **National Energy $1.3 million 15 jobs**

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

Escambia County's investment in PEDC and FloridaWest continues to generate measurable and compounding returns. Since 2014, the County has realized a cumulative return on investment (ROI) of 444%, with an annualized return (CAGR) of 18.47%, driven by new payroll and recurring ad valorem tax revenues generated through business recruitment and expansion efforts.

Relative to last year's funding, program activities resulted in 280 announced new jobs and $88 million in capital investment. The organization also maintains an active pipeline representing more than 2,701 potential jobs and over $3.31 billion in prospective capital investment, positioning the County for sustained future returns.

The measurable impact on Escambia County citizens includes increased access to high-wage employment opportunities, growth in household incomes, expansion of the local tax base to support essential public services, and greater economic diversification. The County's

investment in economic development is not simply an expenditure — it is a strategic, revenue-generating investment that strengthens long-term economic resilience and prosperity.

- **There is no external study, it was internal to FloridaWest EDA. We looked at all the capital investment generated by the EDA for each year, applied the appropriate depreciation schedules from Florida Department of Revenue, and applied that tax revenue against the dollars paid by the County only to the EDA.**

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

Yes. Pursuant to Florida Statute 125.045, "County Economic Development Powers," the Legislature declares it necessary and in the public interest to facilitate the growth and creation of business enterprises within Florida's counties. The requested funding supports this statutory mandate by enabling PEDC and FloridaWest to conduct business recruitment, existing industry retention and expansion, workforce collaboration, and strategic site development activities on behalf of Escambia County.

These activities directly benefit the citizens of Escambia County by creating high-wage employment opportunities, increasing private capital investment, and expanding the ad valorem tax base that funds essential public services. Through targeted industry recruitment and support of local employers, the program strengthens household incomes, promotes economic diversification, and enhances long-term economic resilience.

The requested funding ensures that Escambia County remains proactive and competitive in securing job-creating investment, consistent with the authority and public purpose outlined in Florida law.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

Yes. Economic development is an authorized governmental function under Florida law. Pursuant to Florida Statute 125.045, "County Economic Development Powers," the Legislature declares that it is necessary and in the public interest for counties to facilitate the growth and creation of business enterprises, promote job creation, and expand the tax base.

The statute expressly authorizes counties to expend public funds to attract and retain businesses, stimulate economic development, and improve economic prosperity. The Pensacola–Escambia Development Commission (PEDC), created by special act of the Florida Legislature, serves as Escambia County's designated economic development entity. Through its contract with FloridaWest Economic Development Alliance, PEDC implements the County's economic development strategy, including business recruitment, existing industry retention and expansion, workforce collaboration, and industrial site development.

These activities fulfill a recognized public purpose by generating employment opportunities, increasing private capital investment, and strengthening the County's ad valorem tax base to support essential governmental services. As such, the program operates within the statutory authority granted to counties and constitutes a valid and authorized governmental function.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

FloridaWest serves as the designated economic development organization for Escambia County through its contract with the Pensacola–Escambia Development Commission (PEDC). While no other organization in the area provides the same comprehensive economic development services—including targeted industry recruitment, existing industry retention and expansion, and industrial site development—economic growth is strengthened through strategic collaboration with numerous public and private partners.

We lead and facilitate the Entrepreneurial Ecosystem Group (EEG), a coordinated alliance of higher education institutions, business incubators, technical assistance providers, and funding organizations that support innovation and small business development throughout the County. This structure ensures alignment of services and avoids duplication of efforts.
FloridaWest collaborates closely with the Greater Pensacola Chamber and Visit Pensacola. We also maintain strong education-to-industry partnerships with Pensacola State College (PSC) and the University of West Florida (UWF) to align workforce development initiatives with targeted industry needs.

At the regional and state level, we work with the Florida Department of Commerce, SelectFlorida, Florida's Great Northwest, and the Northwest Florida Defense Coalition to enhance competitiveness, defend critical military assets, and promote long-term economic growth.

Through these partnerships, FloridaWest serves as both convener and implementer—bringing together key stakeholders, aligning resources, and driving coordinated economic development strategy for the benefit of Escambia County citizens.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

PEDC and FloridaWest EDA are uniquely positioned as Escambia County's most qualified and accountable partners for economic development. Unlike other business or community organizations that primarily serve members or specific constituencies, PEDC is an economic development authority established by Special Act Chapter 67-1365. Its governance structure includes representation from two Escambia County Commissioners, two Pensacola City Council members, and a representative from the Town of Century—ensuring direct public oversight, transparency, and alignment with countywide priorities.

PEDC's sole mission is to enhance and expand economic activity within Escambia County. To execute that mission, it contracts with FloridaWest, a dedicated public-private nonprofit economic development agency operating under a structured program of work grounded in the legislative intent of Florida Statute 125.045, which recognizes economic development as a governmental function.

Together, PEDC and FloridaWest focus exclusively on generating measurable outcomes that benefit the entire community—regardless of geography, income level, or affiliation. Unlike membership-based organizations, our work is not limited by dues or sponsorship structures; it is driven by data, strategy, and public purpose. From securing high-wage jobs and private capital investment to aligning workforce training with employer needs and advancing industrial site readiness, our efforts are designed to deliver long-term, inclusive economic growth for all residents of Escambia County.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: **85%**
- Percentage for direct programming costs: **15%**

The majority of funding supports salaries and benefits for professional staff directly responsible for delivering the County's economic development program, including business recruitment, existing industry retention and expansion, prospect management, and industrial site development coordination. These personnel costs are program-specific and directly tied to measurable outcomes.

The remaining portion supports direct programming expenses such as targeted marketing, prospect development, industry engagement, and strategic business recruitment activities.

If Escambia County funding is reduced, PEDC and FloridaWest would evaluate internal budget reallocations, increase private-sector fundraising efforts, and scale back certain marketing and recruitment activities. However, any reduction would directly impact the level of proactive economic development activity conducted on behalf of the County.

If only a portion of your requested funding is granted, how will you offset the difference? **100% of PEDC operational funding is provided through an Interlocal Agreement between Escambia County and the City of Pensacola. As such, County funding represents a foundational component of the County's economic development infrastructure.**

If funding is reduced, PEDC and its contract agency, FloridaWest EDA, would evaluate internal budget reallocations, adjust the scope and timing of certain marketing and recruitment initiatives, and seek additional private-sector support where feasible. However, any reduction would directly impact the level of proactive business recruitment, industry engagement, and site development coordination conducted on behalf of Escambia County.

Sustained funding is essential to maintain competitiveness, project momentum, and the measurable economic returns generated through the County's economic development program.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

PEDC and its partners regularly pursue Triumph Gulf Coast, state, and federal funding to support major strategic projects that drive economic growth in Escambia County.

Currently, PEDC receives approximately $500,000 from FDOT to support infrastructure and roadway improvements at The Bluffs. In FY24-25, PEDC also secured a $250,000 and an additional $125,000 in FY25-26 from the Florida Defense Reinvestment Grant to support job creation and infrastructure improvements associated with NAS Corry Station.

These external funds are restricted to capital and project-specific uses and cannot be applied to operational costs. The operational funding requested from Escambia County is not designated or committed as a required match for any specific state or federal grant program; therefore, there is no formal match ratio associated with this request.

While the requested operational funds are not used as direct matching dollars, they are critical to maintaining the organizational capacity necessary to pursue, secure, and administer larger project-based grants. In this way, County operational funding serves as the foundational investment that enables PEDC to leverage significant external capital into Escambia County.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

PEDC does not receive funding from other local nonprofit agencies. PEDC operational funding is provided through an Interlocal Agreement between Escambia County and the City of Pensacola. These funds support the core economic development operations of PEDC and its contract agency, FloridaWest Economic Development Alliance, including business recruitment, existing industry retention and expansion, strategic site development, and project management.

In addition to local operational funding, PEDC periodically pursues and administers state and federal project-specific grants, such as FDOT infrastructure funding and Florida Defense Reinvestment Grants. These funds are restricted to capital or project-specific purposes and cannot be used for general operations.

There is no duplication of funding. Each funding source serves a distinct purpose—local funding supports operational economic development activities, while state and federal funds are limited to specific infrastructure or programmatic initiatives.

GOALS AND METRICS

Provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Announced jobs from new and Expanding companies	**180**	**280**	**300**	**+7.14%**
2. Capital investment from new and expanding companies	**$78M**	**$88M**	**$90M**	**+2.27%**
3. Additional Payroll from new and expanding companies	**$10.75M**	**$15M**	**$15M**	**+0%**

b) State the source used to provide your program metrics:

Program metrics are derived from FloridaWest's Salesforce customer relationship management (CRM) system, which serves as the central tracking platform for all active prospects, announced projects, job creation commitments, capital investment projections, and existing industry engagement activities.

Data is compiled from company-submitted documentation, executed project agreements, and formal announcements, and is regularly reviewed and reported to the Pensacola–Escambia Development Commission (PEDC), Escambia County, and the City of Pensacola as part of ongoing performance reporting and accountability measures.

c) Please list up to three program goals by which your organization will measure the success of your program.

Program Goals	FY27
1. Additional jobs from expanding and new employers in primary business sectors	**300**
2. Capital investment from expanding and new employers in primary business sectors	**$90 Million**
3. Percentage of CO:LAB space Occupied by sustained entrepreneurial-driven companies	**80%**

d) Please list the actual baseline statistics/agency metrics for the performance measure(s) listed above.

Baseline for Goals	FY26
1. Additional jobs from expanding and new employers in primary business sectors	**280**
2. Capital investment from expanding and new employers in primary business sectors	**$88 million**
3. Percentage of CO:LAB space occupied by sustained entrepreneurial-driven companies	**72%**

BUDGET

Please fill out the requested information in its entirety for the program for which you are requesting funding. It is not necessary to fill out information for the agency as a whole; only for the program for which funding is requested. If this is a new program, you are not required to complete the information for the previous budget year. Please add any additional income or expense sources to the table as necessary to complete your budget application. **Please round figures to the nearest whole dollar.**

Please explain by fiscal year any amount listed in the "Other Income" line item.

- **$125,000 Florida Defense Reinvestment Grant** awarded to support infrastructure and job growth initiatives related to NAS Corry Station. This funding is restricted and administered as a pass-through grant.
- **$500,000 from the Florida Department of Transportation (FDOT)** for roadway improvements at The Bluffs Industrial Campus. This funding is restricted to capital improvements and is also administered as a pass-through grant.
- **$387,000 in rental income from Pegasus Laboratories** associated with property under PEDC management.
- **$1,000 in administrative fees generated through management of Escambia County's Foreign Trade Zone (FTZ #249)**, for which PEDC serves as the grantee. GE and SnackCrate are the primary FTZ users. These funds support project-specific and property-related activities and are not used for general operational expenses funded through Escambia County's direct contribution.

Please explain any capitalizable assets (vehicles, land, or equipment) contained in your request.
No capitalizable assets are included in this funding request. The requested County funding supports operational economic development activities, including staffing and program implementation. Capital projects such as land, buildings, roadway infrastructure, or equipment are funded separately through restricted state or federal grants and are not included in this operational funding request.

Please explain any request listed in the "Other Expenses" line item.

- **Grant expenditures associated with the Florida Defense Reinvestment Grant**, supporting infrastructure and job growth initiatives related to NAS Corry Station. These funds are restricted and administered as pass-through expenditures.
- **Grant expenditures associated with Florida Department of Transportation (FDOT) funding** for roadway improvements at The Bluffs Industrial Campus. These funds are restricted to capital infrastructure improvements and are administered as pass-through expenditures.
- **Debt service or loan-related expenses associated with the Pegasus Laboratories building**, where applicable.

These expenses are tied to specific capital or infrastructure projects and are not used for general operational activities funded through Escambia County's direct contribution.

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year?
   Fiscal Year (October 1st – September 30th)

2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements.
   Any differences between the Expense Table and PEDC's full Financial Statements are due to the scope of reporting. The Expense Table reflects only the specific program and operational activities for which funding is being requested. In contrast, the full PEDC Financial Statements include all agency-wide financial activity, including capital projects, restricted grant funds, debt service, and other project-specific transactions.
   The Expense Table is therefore a subset of the total financial activity reported in the audited financial statements and is limited to the operational program outlined in this application.

3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds?
   Any net income at the end of the fiscal year is allocated to reserves. These reserve funds are maintained to ensure financial stability and operational continuity and are strategically used to support unanticipated project-related expenses, including specialized professional services, due diligence costs, and upfront expenditures associated with reimbursable state or federal grants.

   Maintaining an adequate reserve allows PEDC and its contract agency, FloridaWest EDA, to respond quickly to competitive project opportunities and emerging economic development needs while ensuring responsible fiscal management.

4. Please list the salary of the top 5 employees, names and positions of your organization. If there are multiple agencies funded by or through your agency allocation, please add those employees to this list by agency.

Name	Position	Salary
Chris Platé	**Chief Executive Officer**	**$ 190,000**
Ashley Saba	**Director of New Business**	**$ 99,000**
Danita Andrews	**Senior Director of Existing Business and Retention**	**$99,395**
Tabitha Lee	**Manager, Administrative Operations**	**$76,650**
Patrick Rooney	**Director Of Entrepreneurial Development for CO:LAB**	**$76,920**

5. Please provide the total amount of cash and investments on hand. **$429,450**

6. Does your organization charge fees for services? If so, provide a list of fees charged:
PEDC does not charge fees for services.

7. Does your organization require background checks from volunteers and staff?
PEDC does not have any Employees, All FloridaWest Employees have background checks prior to employment. PEDC does not require background checks of its volunteer board members.

8. What is the source of your reportable data?

Reportable data is derived from FloridaWest Economic Development Alliance's Salesforce customer relationship management (CRM) system, which serves as the central platform for tracking active prospects, announced projects, job creation commitments, capital investment projections, and existing industry engagement activities.

Data is based on company-submitted documentation, executed project agreements, formal public announcements, and verified capital investment commitments. Metrics are regularly reviewed and reported to the Pensacola–Escambia Development Commission (PEDC), Escambia County, and the City of Pensacola to ensure accuracy, transparency, and accountability.

ECONOMIC DEVELOPMENT AGENCIES

1. What is your agency's Strategic Plan?

PEDC's Strategic Plan is centered on expanding Escambia County's tax base, increasing household incomes, and strengthening long-term economic resilience through targeted, measurable economic development initiatives.

In partnership with FloridaWest Economic Development Alliance, the strategy focuses on five core pillars:

1. **Targeted Industry Recruitment – Proactively recruit and secure high-wage employers in key sectors including aerospace and defense, advanced manufacturing, life sciences, maritime, and cybersecurity. Emphasis is placed on industries that diversify the local economy and offer wages above the County average.**
2. **Existing Industry Retention and Expansion (BRE) – Maintain regular engagement with existing employers to support expansion opportunities, address workforce or infrastructure challenges, and prevent job loss.**
3. **Industrial Site and Infrastructure Development – Advance site readiness through strategic planning, infrastructure improvements, and asset development, including The Bluffs Industrial Campus and other strategic properties, to remain competitive in site selection processes.**
4. **Workforce Alignment and Talent Development – Collaborate with CareerSource Escarosa, Escambia County School District, Pensacola State College, and the University of West Florida to align training programs with employer needs and ensure accessible career pathways for residents.**
5. **Entrepreneurial Development and Innovation – Support startup and small business growth through CO:LAB and the broader Entrepreneurial Ecosystem Group, fostering local business creation and long-term wealth development.**

Performance is measured through announced job creation, capital investment, additional annual payroll, project pipeline growth, and site occupancy rates. This data-driven strategy ensures accountability, transparency, and measurable return on investment for Escambia County taxpayers.

2. How many jobs were created this year over last year by zip code?

32502	**15**	**jobs**
32514	**140**	**jobs**
32526	**100**	**jobs**
32535	**25**	**jobs**

3. What is the net cost per job created?

For FY24-25, the county provided $600,000 and the organization announced 280 jobs. The cost per job is $2,143. However, the primary metric for the office is job creation and capital investment.

When accounting for the combined impact of increased wages and recurring ad valorem tax revenues, the County's investment has produced an annualized return (CAGR) exceeding 18.47%, with a cumulative return on investment (ROI) of approximately 444% since 2014.

This performance reflects a strategic, revenue-generating public investment that strengthens household incomes, expands the tax base, and enhances long-term economic resilience for Escambia County.

ADDITIONAL QUESTIONS

1. How has your agency addressed "Pockets of Poverty" in Escambia County?

PEDC, through its contract with FloridaWest Economic Development Alliance, addresses economically distressed areas of Escambia County by expanding access to high-wage employment opportunities, supporting workforce alignment, and strengthening local entrepreneurship.

Our primary strategy focuses on recruiting and expanding businesses in targeted industry sectors that offer wages above the County average. By increasing the availability of quality jobs, we create pathways to upward economic mobility and long-term financial stability for residents across all areas of the County, including historically underserved communities.

We work closely with workforce development partners such as CareerSource Escarosa, Escambia County School District, Pensacola State College, and the University of West Florida to align training and credentialing programs with employer demand. These partnerships help ensure residents have access to industry-recognized certifications, technical skills training, and career pathways connected directly to hiring employers.

Additionally, through CO:LAB, we support small business development and entrepreneurship by providing affordable workspace, mentorship, and technical assistance—creating opportunities for wealth creation and local job growth within the community.

By focusing on job creation, workforce access, and entrepreneurial support, PEDC's efforts contribute to reducing economic disparities and expanding opportunity throughout Escambia County.

2. Did your agency receive any grants? List the amount and a detailed use of the funds.

Yes. During the reporting period, PEDC received the following grant funding:

- **$125,000 Florida Defense Reinvestment Grant awarded by the Florida Department of Commerce. These funds support infrastructure improvements and job growth initiatives associated with NAS Corry Station. The grant is restricted to project-specific uses and is**

administered as a pass-through expenditure to support defense-related economic resilience and expansion activities.

- **$500,000 from the Florida Department of Transportation (FDOT) to support roadway and infrastructure improvements at The Bluffs Industrial Campus. These funds are restricted to capital improvements that enhance site readiness, improve transportation access, and increase the competitiveness of the industrial park for business recruitment and expansion projects.**

Both grants are project-specific and cannot be used for general operational expenses. They support strategic infrastructure investments that strengthen Escambia County's economic development capacity and long-term competitiveness.

3. Was there any increase in membership for the local chambers?

Not Applicable. PEDC was created by Florida State Statute with an appointed board structure.

4. What are your agency's statistics on business creation and minority businesses by zip code?

PEDC does not maintain business creation or minority-owned business statistics by zip code as part of its standard performance reporting. PEDC's mission is to support economic development through job creation, capital investment, and increased tax base across all of Escambia County. In evaluating projects and opportunities, PEDC focuses on the overall economic impact to the community rather than ownership demographics.

5. Can we reduce the taxpayer subsidy?

Economic development funding through PEDC is not structured as a subsidy, but as a strategic public investment authorized under Florida Statute 125.045 and supported by the voter-approved LOST IV referendum. Economic development is recognized as a core governmental function intended to expand the tax base, create jobs, and strengthen long-term fiscal stability.

Currently, 100% of PEDC's operational funding is provided through an Interlocal Agreement between Escambia County and the City of Pensacola. In FY25 alone, capital investment projects facilitated by PEDC and FloridaWest are projected to generate approximately $1,206,315 to all County taxing units, and $580,800 directly to Escambia County alone in new recurring annual ad valorem tax revenue for Escambia County—before accounting for depreciation. These revenues compound annually, positioning the program as a net generator of new public revenue rather than a cost center.

Since 2014, the County's investment has produced an annualized return (CAGR) exceeding 18.47%, with a cumulative return on investment (ROI) of approximately 444%, driven by new payroll and recurring tax revenues.

While operational efficiencies are continually evaluated, a significant reduction in funding would limit proactive business recruitment, site development, and industry engagement activities, potentially slowing future job creation, private capital investment, and tax base

growth. Sustained investment ensures the County remains competitive in attracting high-wage employers and securing long-term revenue growth.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

Opinion

We have audited the accompanying financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of September 30, 2025, and the changes in its financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2026, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

Pensacola-Escambia County Promotion and Development Commission
Management's Discussion and Analysis
For the Year Ended September 30, 2025

Our discussion and analysis of the financial performance of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") provides an overview of the Commission's financial activities for the fiscal year ended September 30, 2025. Please review it in conjunction with the Commission's financial statements.

FINANCIAL HIGHLIGHTS

- Total assets for the Commission decreased by $249,086 from 2024 primarily due to a decrease in rent receivable.
- Total liabilities decreased by $214,435 primarily due to a decrease in the note payable due to Pegasus.
- Deferred inflows of resources decreased by $263,873, which represents a reduction of unearned rent income resulting from the lease agreement with Pegasus.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 10-11) provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances.

Reporting on the Commission as a Whole

The Statement of Net Position and the Statement of Activities

Our analysis of the Commission as a whole begins on the following page. One of the important questions asked about the Commission's finances is "Is the Commission as a whole better off or worse as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Commission's net assets and changes in them. You can think of the Commission's net assets, the difference between assets, what the Commission owns, and liabilities, what the Commission owes, as one way to measure the Commission's financial health, or financial position. Over time, increases or decreases in the Commission's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as continuing local government support, to assess the overall health of the Commission.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide financial statements. The notes to the financial statements can be found on pages 13-20 of this report.

THE COMMISSION AS A WHOLE

Statement of Net Position

The Commission's total net position changed from a year ago, increasing from $5,045,472 to $5,274,694. The following schedule compares the assets, liabilities, deferred inflows of resources and net position for the current and previous year.

Table 1
Net Position

	2025	2024

Total liabilities, deferred inflows of resources and net position	$ 17,254,951	$ 17,504,037

The Commission's net position increased by $229,222 during fiscal year 2025 due to expenditures being less than expected.

Statement of Activities

The following schedule compares the revenues and expenditures for the current and previous fiscal year.

Table 2
Statement of Activities

	2025	2024
Revenues:		
Governmental	$ 775,000	$ 775,000

Net position, beginning of year	5,045,472	4,822,197
Net position, end of year	$ 5,274,694	$ 5,045,472

Prior year revenue totaled $1,881,654 versus current year revenue of $1,764,236. This decrease is primarily due to a decrease in the Bluffs project grant revenue.

Prior year expenditures totaled $1,658,379 versus current year expenditures of $1,535,014. This decrease is primarily due to a decrease in expenditures related to the Bluffs project.

During 2025, the final approved budget reflected $1,685,250 in revenues and $1,685,250 in expenditures. Actual expenditures were $150,236 less than budgeted expenditures. Additional budget to actual information for the Commission's General Fund is on page 12.

Pensacola-Escambia County Promotion and Development Commission
Management's Discussion and Analysis
For the Year Ended September 30, 2025

This Management Discussion and Analysis provides an overview of the Commission's activities, financial condition, and major initiatives during the fiscal year ended September 30, 2025. The report reflects continued collaboration between the Commission, FloridaWest Economic Development Alliance, Escambia County, and the City of Pensacola to promote economic growth, strengthen the industrial base, and enhance long-term competitiveness across Escambia County.

Economic Development Overview

The Commission continues to fulfill its statutory mission to promote, develop, and advance the economic growth and industrial development of Escambia County. The Commission again contracted with the Community Economic Development Association of Pensacola and Escambia County d/b/a FloridaWest Economic Development Alliance ("FloridaWest") to manage its staffing, operations, and program activities. This partnership provides a unified approach to economic development, marketing, and asset management for both entities.

Since the creation of FloridaWest, the combined efforts of both organizations have supported private-sector commitments totaling nearly 9,000 new and retained jobs, over $520 million in annual payroll, and approximately $900 million in new capital investment. These results demonstrate the long-term effectiveness of a coordinated strategy between public and private partners to grow the local economy.

During fiscal year 2024-2025, The Commission and FloridaWest announced five new projects, representing commitments for 280 new jobs, $15 million in annual payroll, and $88 million in new capital investment. These announcements occurred throughout Escambia County, furthering the overall impact of the economic development efforts for all the residents of the county.

For fiscal year 2024-2025, The Commission requested level funding from both Escambia County and the City of Pensacola. THE Commission received its full appropriation from Escambia County, and the City of Pensacola again split its funding contribution, providing a portion directly to The Commission and a portion to FloridaWest through a separate agreement to support city-specific economic development activities. These funds were used to sustain the Commission's operations, site development activities, and FloridaWest's broader mission as the community's economic development organization.

<u>Pensacola Technology Campus</u>
The Commission continues to own and manage the Pensacola Technology Campus, a property originally transferred by Escambia County and the City of Pensacola in 2008 for the purpose of creating a technology-focused employment center. Infrastructure improvements were completed in 2012, supported by a line of credit from Escambia County. Repayment of that line will occur through proceeds from lot sales, with future ad valorem revenues from the site dedicated to debt retirement once 80 percent of the developable property has been conveyed.

During fiscal year 2024-2025, The Commission advanced its marketing efforts for the Technology Campus, now strategically positioned within a growing innovation corridor anchored by The Institute for Human & Machine Cognition (IHMC) and the University of West Florida (UWF) and the downtown core. Several defense and technology companies expressed renewed interest in the property, and discussions continue regarding potential projects consistent with the site's intended high-tech and defense-related use.

The Bluffs Industrial Campus

Development of The Bluffs Industrial Campus remains a top strategic priority. From inception through the end of fiscal year 2024-2025, The Commission has administered approximately $9 million in funding from the Florida Department of Economic Opportunity (DEO) and the Florida Department of Transportation (FDOT). These funds have been used for engineering, design, and infrastructure improvements within the Lower Escambia River Basin to create large, fully served industrial sites.

During fiscal year 2025, design was completed for the new Bluffs Entrance and Transportation Corridor Improvements at the Ascend Performance Materials / Emerald Coast Utilities Authority / Chemstrand Road intersection. The project will enhance access and visibility for the region's premier industrial corridor and strengthen Escambia County's position to attract advanced manufacturing and maritime employers. In FY 2026, we anticipate bidding and beginning construction of the large roundabout section of the project.

Pegasus Laboratories Project

The Commission continues as Grantee for the $2,500,000 Triumph Gulf Coast grant supporting Pegasus Laboratories, Inc. at Ellyson Industrial Park. The project includes the acquisition and renovation of a 172,000-square-foot facility to support pharmaceutical manufacturing and research. Pegasus will create at least 63 new jobs averaging $61,204 annually and will invest $9.2 million in renovations and equipment. The project continues to progress successfully, reinforcing Escambia County's growing life-sciences cluster.

Foreign-Trade Zone #249

The Commission continues as the Grantee for Foreign-Trade Zone (FTZ) #249, serving Escambia, Santa Rosa, and Okaloosa Counties under the Alternate Site Framework. The expanded FTZ provides businesses across Northwest Florida with streamlined access to federal trade benefits, allowing new usage-driven sites to be activated in as little as 120 days. The Commission maintains compliance through annual reporting to the U.S. Department of Commerce with assistance from its designated consultant. FTZ #249 remains an important asset for global competitiveness and export expansion throughout the region.

Outlook for Fiscal Year 2025-2026

The Commission enters fiscal year 2025-2026 with strong momentum and a robust project pipeline. Continued collaboration among The Commission, FloridaWest, and its public and private partners will remain essential as the organization advances initiatives in site readiness, industrial recruitment, and innovation-driven development. Strategic focus will continue positioning Escambia County as a premier destination for advanced manufacturing jobs within the cyber/AI, aerospace, maritime, life sciences, and defense employers, ensuring that future growth delivers measurable returns in jobs, payroll, and investment.

Request for Information

This report is intended to provide a general overview of the Commission's financial activities and to inform stakeholders of major accomplishments and commitments. Questions or requests for additional information regarding this report should be directed to the FloridaWest Economic Development Alliance, 3 W. Garden Street, Suite 618, Pensacola, Florida 32502.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

The Pensacola-Escambia County Promotion and Development Commission ("the Commission") was established by the Legislature of the State of Florida to promote and develop tourism and industry in Escambia County and in the City of Pensacola. The Commission is governed by a nine-member board consisting of representatives of the Board of County Commissioners of Escambia County, the City of Pensacola City Council, the Town of Century and the Greater Pensacola Chamber. The Commission is a joint venture of Escambia County and the City of Pensacola and is economically dependent on funding from these entities.

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Commission.

The basis of accounting refers to when revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

There are no material differences between the accrual basis of accounting and the modified accrual basis of accounting in the Commission's financial statements. Accordingly, separate financial statements have not been prepared for the General Fund.

The Commission reports the following fund:

Governmental Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. General Budget Policies

The Board approves total budget appropriations only. Management is authorized to transfer budget amounts between department and object codes. However, any revisions that alter the total appropriations must be approved by the Board. Therefore, the level of budgetary responsibility is by total appropriations. The operating budget amounts are supported by revenue estimates and take into account re-appropriations of accumulated surpluses to the extent necessary.

Formal budgetary integration is employed as a management device during the year.

D. Budgetary Basis of Accounting

The budget is prepared in accordance with generally accepted accounting principles.

The budget amounts shown in the financial statements are the final authorized amounts as amended during the year.

E. Restricted and Unrestricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed. Within the unrestricted category, committed resources are used first, then assigned resources, if any, followed by unassigned resources as needed. The Commission establishes (and modifies or rescinds) net asset commitments by passage of a Board of Directors resolution.

F. Assets, Liabilities, and Deferred Inflows of Resources

Rent Receivable

Rent receivable is stated at the amount the Commission is entitled to under the agreement for property held for resale further described in Note 4. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of the receivables. If any portion of the rent due under the agreement is still outstanding after management has used reasonable collection efforts, such amount will be written off through a charge to the valuation allowance and a credit to the applicable rent receivable account. As of September 30, 2025, management believes all amounts are collectible and therefore has not reserved an allowance for uncollectible rent.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Assets, Liabilities, and Deferred Inflows of Resources (Continued)

Refundable Advance

The Commission recognizes assets and liabilities associated with voluntary nonexchange transactions when all applicable eligibility requirements are met or the resources are received, whichever is first. When resources are received in advance of eligibility requirements being met, the Commission records such funding as a refundable advance until all eligibility requirements and stipulations associated with the funding have been met, at which point in time, the funding is recognized as revenue.

Deferred Inflows of Resources

The Commission has implemented the provisions of GASB Statement Nos. 63 and 65. Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides financial reporting guidance for deferred outflows and inflows of resources, originally introduced and defined in GASB Concepts Statement No. 4, *Elements of Financial Statements*, as an acquisition or consumption, respectively, of net assets applicable to a future reporting period. Further, Concepts Statement No. 4 also identifies net position as the residual of all other elements presented in a Statement of Net Position. Statement No. 65, *Items Previously Reported As Assets and Liabilities*, reclassifies and recognizes certain items that were formerly reported as assets and liabilities as one of the four financial statement elements, (1) deferred outflows of resources, (2) outflows of resources, (3) deferred inflows of resources, and (4) inflows of resources. Concepts Statement No. 4 requires that deferred outflows and deferred inflows be recognized only in those instances specifically identified in GASB pronouncements. Statement No. 65 provides that guidance.

The Commission reports increases and decreases in net position that relate to future periods as deferred inflows of resources and deferred outflows of resources, respectively, in a separate section of the statement of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

The investment of surplus funds is governed by the provisions of Section 218.415, Florida Statutes, as to the types of investments that can be made. Investments authorized by the statute include:

(a) The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01.
(b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
(c) Interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02.
(d) Direct obligations of the U.S. Treasury.

The Commission has no investment policy that would further limit its investment choices.

Deposits:

Chapter 280, Florida Statutes, provides that deposits must be placed in a depository designated under the provisions of Chapter 136 and the regulations of the Department of Banking and Finance as a qualified public depository. As such, these deposits are considered to be fully insured.

The Commission's deposits at year end were entirely covered by federal depository insurance or pooled collateral held by the State Treasurer under the provisions of Chapter 280, Florida Statutes. At September 30, 2025, the carrying amount and bank balance of the Commission's deposits was $1,110,908.

NOTE 3 - TECHNOLOGY PARK

In 2008, the Commission entered into an interlocal agreement (the "Agreement") with Escambia County (the "County"), the City of Pensacola (the "City") and the Community Redevelopment Agency ("CRA") of the City of Pensacola to develop a Technology Park in downtown Pensacola. Pursuant to the Agreement, the County and the City conveyed certain property to the Commission with a fair value of $6,900,000 and $1,425,000, respectively. The development of the Technology Park has been completed, and the property is now considered to be held for resale. During the year ended September 30, 2013, the Commission recorded a fair value adjustment of $5,718,106 to account for a decrease in fair value of the Technology Park property.

Under the Agreement, this property was conveyed to the Commission subject to a right of re-entry if certain goals were not met. The County provided a line of credit to fund development of the Technology Park infrastructure. Also, the County and City were to receive 83% and 17%, respectively, of the proceeds from sales of lots in the Technology Park after the County was reimbursed for all funding provided with the line of credit.

During 2013, the Agreement was amended so that County and City no longer require the Commission to reimburse the respective property interests conveyed unto it. The forgiveness of debt totaling $4,069,512 was recorded in the statement of activities. Net proceeds from the sale of lots will be applied to the County line of credit until the line of credit is repaid in its entirety, at which time any additional proceeds from the sale of lots will remain with the Commission for future economic development projects. See Note 8 for further information.

Once eighty percent of the developable square footage of the Technology Park has been conveyed by the Commission to a third party, the net ad valorem property tax received by the City and by the County from the properties within the Technology Park shall be applied to repayment of any remaining balance on the line of credit.

Infrastructure costs of $3,243,106 have been capitalized, of which $1,926,938 were funded by the County. The remaining infrastructure costs of $1,316,168 were funded by a grant.

NOTE 3 - TECHNOLOGY PARK (Continued)

The following is a summary of the carrying value of the Technology Park property and the associated liability due to the County as of September 30, 2025:

	County	City	Total
Initial land conveyance	$ 6,900,000	$ 1,425,000	$ 8,325,000
Infrastructure funded by County	1,926,938	-	1,926,938
Infrastructure funded by grant	1,316,168	-	1,316,168
Technology Park property at cost	$ 10,143,106	$ 1,425,000	11,568,106
Fair value adjustment			(5,718,106)
Technology Park property at fair value			5,850,000
Accrued interest and other			862,885
Forgiveness of debt			(4,069,512)
Technology Park payable			$ 2,643,373

The Technology Park payable accrues interest at the monthly yield rate required by the State Board of Administration for inter-fund loans and the County Investment Policy (4.39% at September 30, 2025).

NOTE 4 - PROPERTY HELD FOR RESALE

During the year ended September 30, 2022, the Commission entered into a collaborative agreement with Pegasus Laboratories, Inc. ("Pegasus") to finance the purchase of land and a warehouse for $8.4 million from a third-party for use by Pegasus. The purchase was partially financed by the Commission with Triumph grant funding in the amount of $2.5 million, with the remaining $5.9 million financed by a promissory note payable to Pegasus. The Commission will retain ownership of the warehouse and will lease the space to the Pegasus throughout the incentive period of the grant, at which point the Commission will transfer ownership of the facility to Pegasus, if certain conditions have been met.

The warehouse is classified by the Commission as property held for resale, and as such, the facility will not be depreciated. As of September 30, 2025, the Commission had rent receivable and deferred inflows of resources representing unearned rent revenue, each in the amount of $2 million, relating to the arrangement. The Commission also had an outstanding note payable of $5.5 million due under the promissory note due to Pegasus as of September 30, 2025. In addition, the $2.5 million Triumph grant funding is considered a refundable advance within the statement of net position until certain conditions of the grant agreement have been satisfied.

NOTE 5 - NOTE PAYABLE

The note payable is summarized as follows:

Note payable to private company, monthly payments of $30,184 including interest at 2.12%, matures April 1, 2032	$ 5,060,535

Scheduled maturities of the note payable are as follows:

Year ending September 30,	Principal	Interest
2026	257,411	104,792
2027	262,922	99,281
2028	268,550	93,653
2029	274,299	87,904
2030	280,171	82,032
2031 - 2032	3,717,182	478,334
	$ 5,060,535	$ 945,996

NOTE 6 - NET POSITION

Restricted net position includes $61,198 contributed by the Emerald Coast Utilities Authority, which is restricted for economic development in the General Fund.

Committed net position includes $52,309 of funds for future commerce park marketing and/or improvements.

NOTE 7 - RISK MANAGEMENT

The Commission is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. To mitigate some of those risks, the Commission maintains a directors and officers liability policy and a commercial general liability policy. There have been no losses for these risks in any of the prior three fiscal years, and the Commission is not aware of any material liabilities related to these risks as of September 30, 2025.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

FloridaWest Promotion Commitment:

The Commission has engaged the Community Economic Development Association, Inc. d/b/a FloridaWest Economic Development Alliance to promote economic development for the year ending September 30, 2026, for a fee of $675,000.

Bluffs Contract Commitments:

The Commission has outstanding contract commitments relating to the Bluffs Project totaling $663,355.

Triumph Gulf Coast Grant:

As described in Note 4, the Commission has received grant funding relating to an economic development incentive project upon which certain conditions must be met in order for the Commission to recognize revenue and retain the funds. The funding has been recorded in the statement of net position as a refundable advance. As of September 30, 2025, the Commission has not yet met those conditions. In the event conditions are not met, the Commission will have to return the $2.5 million of funding received.

Technology Park Agreement:

As discussed in Note 3, the Commission entered into, and later amended, the "Agreement with the County, the City and the CRA of the City to develop a Technology Park in downtown Pensacola". Under the amended agreement, the City and County have a right of re-entry on the property if the Commission does not sell at least one lot or enter into a long-term lease, not less than 15 years in duration, of at least one lot by September 6, 2016. As of September 30, 2025, the Commission has not yet sold or entered into a long-term lease for any of the Technology Park lots. However, neither the County nor the City had indicated that they will exercise their right of re-entry.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated January 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control that we consider to be material weaknesses.

Finding 2025-01: Bookkeeping and Accrual Accounting

During the audit, we noted multiple areas where adjustments were needed in order for the financial statements to be presented in accordance with U.S. GAAP:

- Opening net position was misstated by $4,988 when compared to the audited balance for the year ended September 30, 2025 due to audit entries not posted.

- The amount due to the County under the Technology Park line of credit had not been updated to include $97,380 in interest expense incurred during the year.

- Pegasus rent receivable was misstated by $1,336, deferred revenue was misstated by $9,730, and revenue was misstated by $8,394.

- Entry was needed to adjust $6,565 overpayment of sales tax by Pegasus out of income and into accounts payable.

The above discrepancies resulted in $1,336 in overstated assets, $94,215 in understated liabilities, $4,988 in overstated net position, $6,817 in understated revenues, and $97,380 in understated expenses.

We recommend that all supporting schedules for accounts on the statement of net position are reconciled to the general ledger on a regular basis and errors are remedied before year-end. We further recommend reviewing revenue and expenditure accounts at year-end to determine whether all necessary adjustment entries have been recorded.

Management's Response:

In response to the bullet points noted in the Audit Findings above:

- These audit entries were missed during the transition of the CFO service firms. Management will enter all adjusting entries when they are received, and the net position will be reconciled monthly.

- Management will obtain an updated amortization schedule from the County and will use to verify and record interest balance monthly. The annual interest amount will be verified with the County as part of the annual closing procedures to ensure that they are reported accurately.

- Management will obtain a detailed amortization schedule supporting the Pegasus lease. Going forward, management will reconcile rent receivable, deferred revenue, and rental revenue to the amortization schedule on a monthly basis and as part of year-end closing procedures to ensure balances are accurate and properly recorded in future periods.

- Pegasus continued to remit their previous rental payment amount following the reduction in the sales tax rate. The resulting excess sales tax collected was recorded in a separate sales tax income line item. We have since reimbursed Pegasus for all overpaid amounts. We no longer collect sales tax on this lease, so there will be no further issues going forward.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pensacola-Escambia County Promotion and Development Commission's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Commission's response to the findings identified in our audit and described previously. The Commission's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

INDEPENDENT ACCOUNTANT'S REPORT
ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

Board of Directors
Pensacola-Escambia County Promotion
And Development Commission
Pensacola, Florida

We have examined Pensacola-Escambia County Promotion and Development Commission's (the "Commission's") compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2025. Management is responsible for the Commission's compliance with those requirements. Our responsibility is to express an opinion on the Commission's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such procedures as we considered necessary in the circumstances. We believe that our examination provided a reasonable basis for our opinion. Our examination does not provide a legal determination on the Commission's compliance with specified requirements.

In our opinion, the Commission complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2025.

This report is intended solely for the information and use of the Commission and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

To the Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission"), as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated January 27, 2026.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 27, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Presented below is the status of the prior-year audit findings and recommendations.

Finding 2024-01 identified several bookkeeping and accrual-related issues that required significant year-end adjustments in order for the financial statements to conform to U.S. GAAP. To address these issues, we recommended that all supporting schedules for accounts on the statement of net position be reconciled to the general ledger on a regular basis and errors are remedied before year-end. We further recommended reviewing revenue and expenditure accounts at year-end to determine whether all necessary accrual entries have been recorded.

As noted in our current-year report on internal control and compliance, similar issues were identified during the 2025 audit and are presented in Finding 2025-01 in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The official title for the Pensacola-Escambia County Promotion and Development Commission is disclosed in the notes to the financial statements. The Pensacola-Escambia County Promotion and Development Commission was established by Chapters 67-1365 and 89-481, Laws of Florida. There are no component units.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Commission has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Commission did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Section 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Commission. It is management's responsibility to monitor the Commission's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations, except as reported in Finding 2025-01 in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.

Specific Information - Dependent Special District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Commission reported:

a. The total number of Commission employees compensated in the last pay period of the district's fiscal year as zero (0).

b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Commission's fiscal year as zero (0).

c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as $0.

d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as $0.

e. There were no construction projects with a total cost of at least $65,000 approved by the Commission that are scheduled to begin on or after October 1 of the fiscal year being reported.

f. The Commission's budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported did not differ from the final adopted budget.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

Opinion

We have audited the accompanying financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of September 30, 2024, and the changes in its financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 13, 2025, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

Pensacola-Escambia County Promotion and Development Commission
Management's Discussion and Analysis
For the Year Ended September 30, 2024

Our discussion and analysis of the financial performance of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") provides an overview of the Commission's financial activities for the fiscal year ended September 30, 2024. Please review it in conjunction with the Commission's financial statements.

FINANCIAL HIGHLIGHTS

- Total assets for the Pensacola-Escambia County Promotion and Development Commission decreased by $58,100 from 2023 primarily due to a decrease in rent receivable offset by an increase in cash and cash equivalents and grant receivable.
- Total liabilities decreased by $17,493 primarily due to a decrease in the note payable due to Pegasus offset by an increase in Technology Park payable – County.
- Deferred inflows of resources decreased by $263,882, which represents a reduction of unearned rent income resulting from the lease agreement with Pegasus.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 10-11) provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances.

Reporting on the Commission as a Whole

The Statement of Net Position and the Statement of Activities

Our analysis of the Commission as a whole begins on the following page. One of the important questions asked about the Commission's finances is "Is the Commission as a whole better off or worse as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Commission's net assets and changes in them. You can think of the Commission's net assets, the difference between assets, what the Commission owns, and liabilities, what the Commission owes, as one way to measure the Commission's financial health, or financial position. Over time, increases or decreases in the Commission's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as continuing local government support, to assess the overall health of the Commission.

Reporting the Commission's Funds

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide financial statements. The notes to the financial statements can be found on pages 13-20 of this report.

THE COMMISSION AS A WHOLE

Statement of Net Position

The Commission's total net position changed from a year ago, increasing from $4,822,197 to $5,045,472. The following schedule compares the assets, liabilities, deferred inflows of resources and net position for the current and previous year.

Table 1
Net Position

	2024	2023
Cash and cash equivalents	$ 1,081,482	$ 988,553
Rent receivable	2,051,291	2,298,025

Total net position	5,045,472	4,822,197
Total liabilities, deferred inflows of resources and net position	$ 17,504,037	$ 17,562,137

The Commission's net position increased by $223,275 during fiscal year 2024 primarily from increased Bluffs project grant revenue.

Statement of Activities

The following schedule compares the revenues and expenditures for the current and previous fiscal year.

Table 2
Statement of Activities

	2024	2023
Revenues:		
Governmental	$ 775,000	$ 775,000

Net position, beginning of year	4,822,197	4,568,263
Net position, end of year	$ 5,045,472	$ 4,822,197

Prior year revenue totaled $1,300,158 versus current year revenue of $1,881,654. This increase is primarily due to an increase in the Bluffs project grant revenue.

Prior year expenditures totaled $1,046,224 versus current year expenditures of $1,658,379. This increase is primarily due to an increase in expenditures related to the Bluffs project.

During 2024, the final approved budget reflected $1,685,250 in revenues and $1,685,250 in expenditures. Actual expenditures were $26,871 less than budgeted expenditures. Additional budget to actual information for the Commission's General Fund is on page 12.

ECONOMIC FACTORS

The economic development mission of the Commission remains constant. The Commission contracted with the Community Economic Development Association of Pensacola and Escambia County d/b/a FloridaWest Economic Development Alliance ("FloridaWest") for all its staffing and operational activities again this past year. This includes performing management duties on behalf of the Commission, economic development, and marketing. Since the creation of FloridaWest, the combined efforts of both organizations have supported a commitment from private companies to create/retain 8,549 jobs, $498 million in annual payroll, and $831 million in new capital investments. The Commission requested level funding from Escambia County and the City of Pensacola for the fiscal year 2023/2024. The funds were used for the activities of the Commission as well as for Florida West's public funding contribution. Escambia County granted the funding request to the Commission. Half of the funding request from the City of Pensacola came to the Commission and the other half of the funding for economic development came to FloridaWest under a separate agreement.

The Commission took ownership of property from Escambia County and the City of Pensacola for the purpose of developing it into a Technology Campus during 2008. Construction of the initial infrastructure for the Campus, partially funded with a line of credit from Escambia County, was completed in June 2012. In December 2012, the Commission sought to re-appraise the Technology Campus value to more accurately reflect the current market value of the property. Also, in fiscal year 2013 the Commission approved an updated version of the Inter-local Agreement between the Commission, City of Pensacola, Escambia County and the Community Redevelopment Agency ("CRA"), which included both City and County forgiveness of debt for the Technology Campus property and the ability to market and sell or lease the property independently of City or County approval. The line of credit from Escambia County will be paid for using proceeds from the sale of the lots on the Technology Campus. Once eighty percent of the developable square footage of the Technology Campus has been conveyed by the Commission to a third party, the net ad valorem property tax received by the City and by the County from the properties within the Campus shall be applied to repayment of the line of credit.

The letter of interest from a private company to construct a multi-tenant facility previously received by the Commission has expired. The Commission continues to work to identify the right project that has the highest and best use for the park.

The development of the "Bluffs" continues to be a high priority project for the Commission. Beginning in fiscal year 2014/2015 to the end of fiscal year 2023/2024, the Commission has received and spent approximately $9 million from the Department of Economic Opportunity ("DEO") and the Florida Department of Transportation ("FDOT"). The Commission was appropriated legislative funding from the State of Florida for fiscal year 2023 in the amount of $5,000,000 for a transportation infrastructure project from FDOT. All funding is associated with developing sites along the Lower Escambia River Basin into major industrial sites to target high-energy, aerospace, or other industrial-manufacturing businesses to boost economic development and job growth. All grant contracting and work with this phase is associated with the Bluffs Entrance at Ascend Performance Materials/Emerald Coast Utilities Authority/Chemstrand Road Intersection. Planning, engineering, design and construction for the entrance to The Bluffs Industrial Corridor and Transportation Upgrades at the multi-leg intersection of New Chemstrand Road, Old Chemstrand Road, Emerald Coast Utilities Authority's entrance drive and Ascend Performance Materials entrance drive(s).

The Commission was awarded a grant for up to $6,000,000 from Triumph Gulf Coast in March 2024 to provide partial funding for construction of a 38,750+- sq. ft. building to be constructed by Space Florida, at Pensacola State College's main campus to house offices and research and development activities of American Lightweight Materials Manufacturing Innovation Institute ("ALMMII"),d/b/a LIFT, a Michigan corporation as part of the Manufacturing USA network. The estimated total cost of the project is $21,000,000 with the Triumph Gulf Coast grant providing up to $6,000,000, and match requirements provided by Space Florida (of not less than $8,000,000) and LIFT providing not less than $7,000,000. This project will catalyze establishment of the institute, and upon completion of the facility will create 36 new jobs paying an average wage of $113,083 per year and will enable $32 million in competitively awarded federal research grants and contracts focused on next-generation materials within aerospace and defense, automotive, ship-building and the advanced manufacturing cluster; as well as providing substantial, collaborative, assistance and convening experts in manufacturing and innovation, to mentor a minimum of 100 companies and entrepreneurs within the NW Florida area. This type of research and development project is expected to seed the acceleration of advanced manufacturing capabilities, thereby strengthening resiliency of the manufacturing cluster in Pensacola, Escambia County and throughout Northwest Florida as a whole. No expenditures were incurred related to this project as of September 30, 2024.

The Commission continues as Grantee of the $2,500,000 Triumph Gulf Coast grant to provide partial funding to acquire land and renovate a 172,000+- square foot building at Ellyson Field Industrial Park in Pensacola, Florida, which Property was then leased by the Commission to Pegasus Laboratories, Inc. ("Pegasus"), a Missouri corporation. Pegasus will create at least sixty-three new jobs at an average wage of not less than $61,204. Pegasus will also invest $3,800,000 in renovation (buildout to suit their specialized operation) and approximately $5,465,000 for necessary R&D and manufacturing equipment.

The Commission remains the Grantee for Foreign-Trade Zone ("FTZ") #249 and continues to fulfill all its responsibilities as the designated grantee for FTZ #249. On October 21, 2021, the U.S. Department of Commerce, Foreign Trade Zone Board approved application to reorganize and expand FTZ #249 under the alternate site framework (ASF) with a service area of Escambia County, Santa Rosa and Okaloosa Counties. The expanded FTZ #249 territory extends advantages to serve companies located anywhere within the 3-county area and under the ASF; new Usage-Driven sites can be approved in as little as 120 days. The Commission, with the assistance of its QAD consulting company, submits its annual FTZ #249's activity to the Foreign Trade Zone Board.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

The Pensacola-Escambia County Promotion and Development Commission ("the Commission") was established by the Legislature of the State of Florida to promote and develop tourism and industry in Escambia County and in the City of Pensacola. The Commission is governed by a nine member board consisting of representatives of the Board of County Commissioners of Escambia County, the City of Pensacola City Council, the Town of Century and the Greater Pensacola Chamber. The Commission is a joint venture of Escambia County and the City of Pensacola and is economically dependent on funding from these entities.

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Commission.

The basis of accounting refers to when revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

There are no material differences between the accrual basis of accounting and the modified accrual basis of accounting in the Commission's financial statements. Accordingly, separate financial statements have not been prepared for the General Fund.

The Commission reports the following fund:

Governmental Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. General Budget Policies

The Board approves total budget appropriations only. Management is authorized to transfer budget amounts between department and object codes. However, any revisions that alter the total appropriations must be approved by the Board. Therefore, the level of budgetary responsibility is by total appropriations. The operating budget amounts are supported by revenue estimates and take into account re-appropriations of accumulated surpluses to the extent necessary.

Formal budgetary integration is employed as a management device during the year.

D. Budgetary Basis of Accounting

The budget is prepared in accordance with generally accepted accounting principles.

The budget amounts shown in the financial statements are the final authorized amounts as amended during the year.

E. Restricted and Unrestricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed. Within the unrestricted category, committed resources are used first, then assigned resources, if any, followed by unassigned resources as needed. The Commission establishes (and modifies or rescinds) net asset commitments by passage of a Board of Directors resolution.

F. Assets, Liabilities, and Deferred Inflows of Resources

Rent Receivable

Rent receivable is stated at the amount the Commission is entitled to under the agreement for property held for resale further described in Note 4. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of the receivables. If any portion of the rent due under the agreement is still outstanding after management has used reasonable collection efforts, such amount will be written off through a charge to the valuation allowance and a credit to the applicable rent receivable account. As of September 30, 2024, management believes all amounts are collectible and therefore has not reserved an allowance for uncollectible rent.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Assets, Liabilities, and Deferred Inflows of Resources (Continued)

Refundable Advance

The Commission recognizes assets and liabilities associated with voluntary nonexchange transactions when all applicable eligibility requirements are met or the resources are received, whichever is first. When resources are received in advance of eligibility requirements being met, the Commission records such funding as a refundable advance until all eligibility requirements and stipulations associated with the funding have been met, at which point in time, the funding is recognized as revenue.

Deferred Inflows of Resources

The Commission has implemented the provisions of GASB Statement Nos. 63 and 65. Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides financial reporting guidance for deferred outflows and inflows of resources, originally introduced and defined in GASB Concepts Statement No. 4, *Elements of Financial Statements*, as an acquisition or consumption, respectively, of net assets applicable to a future reporting period. Further, Concepts Statement No. 4 also identifies net position as the residual of all other elements presented in a Statement of Net Position. Statement No. 65, *Items Previously Reported As Assets and Liabilities*, reclassifies and recognizes certain items that were formerly reported as assets and liabilities as one of the four financial statement elements, (1) deferred outflows of resources, (2) outflows of resources, (3) deferred inflows of resources, and (4) inflows of resources. Concepts Statement No. 4 requires that deferred outflows and deferred inflows be recognized only in those instances specifically identified in GASB pronouncements. Statement No. 65 provides that guidance.

The Commission reports increases and decreases in net position that relate to future periods as deferred inflows of resources and deferred outflows of resources, respectively, in a separate section of the statement of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

The investment of surplus funds is governed by the provisions of Section 218.415, Florida Statutes, as to the types of investments that can be made. Investments authorized by the statute include:

(a) The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01.
(b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
(c) Interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02.
(d) Direct obligations of the U.S. Treasury.

The Commission has no investment policy that would further limit its investment choices.

Deposits:

Chapter 280, Florida Statutes, provides that deposits must be placed in a depository designated under the provisions of Chapter 136 and the regulations of the Department of Banking and Finance as a qualified public depository. As such, these deposits are considered to be fully insured.

The Commission's deposits at year end were entirely covered by federal depository insurance or pooled collateral held by the State Treasurer under the provisions of Chapter 280, Florida Statutes. At September 30, 2024, the carrying amount and bank balance of the Commission's deposits was $1,081,482.

NOTE 3 - TECHNOLOGY PARK

In 2008, the Commission entered into an interlocal agreement (the "Agreement") with Escambia County (the "County"), the City of Pensacola (the "City") and the Community Redevelopment Agency ("CRA") of the City of Pensacola to develop a Technology Park in downtown Pensacola. Pursuant to the Agreement, the County and the City conveyed certain property to the Commission with a fair value of $6,900,000 and $1,425,000, respectively. The development of the Technology Park has been completed and the property is now considered to be held for resale. During the year ended September 30, 2013, the Commission recorded a fair value adjustment of $5,718,106 to account for a decrease in fair value of the Technology Park property.

Under the Agreement, this property was conveyed to the Commission subject to a right of re-entry if certain goals were not met. The County provided a line of credit to fund development of the Technology Park infrastructure. Also, the County and City were to receive 83% and 17%, respectively, of the proceeds from sales of lots in the Technology Park after the County was reimbursed for all funding provided with the line of credit.

During 2013, the Agreement was amended so that County and City no longer require the Commission to reimburse the respective property interests conveyed unto it. The forgiveness of debt totaling $4,069,512 was recorded in the statement of activities. Net proceeds from the sale of lots will be applied to the County line of credit until the line of credit is repaid in its entirety, at which time any additional proceeds from the sale of lots will remain with the Commission for future economic development projects. See Note 8 for further information.

Once eighty percent of the developable square footage of the Technology Park has been conveyed by the Commission to a third party, the net ad valorem property tax received by the City and by the County from the properties within the Technology Park shall be applied to repayment of any remaining balance on the line of credit.

Infrastructure costs of $3,243,106 have been capitalized, of which $1,926,938 were funded by the County. The remaining infrastructure costs of $1,316,168 were funded by a grant.

NOTE 3 - TECHNOLOGY PARK (Continued)

The following is a summary of the carrying value of the Technology Park property and the associated liability due to the County as of September 30, 2024:

	County	City	Total
Initial land conveyance	$ 6,900,000	$ 1,425,000	$ 8,325,000
Infrastructure funded by County	1,926,938	-	1,926,938
Infrastructure funded by grant	1,316,168	-	1,316,168
Technology Park property at cost	$ 10,143,106	$ 1,425,000	11,568,106
Fair value adjustment			(5,718,106)
Technology Park property at fair value			5,850,000
Accrued interest and other			765,505
Forgiveness of debt			(4,069,512)
Technology Park payable			$ 2,545,993

The Technology Park payable accrues interest at the monthly yield rate required by the State Board of Administration for inter-fund loans and the County Investment Policy (5.25% at September 30, 2024).

NOTE 4 - PROPERTY HELD FOR RESALE

During the year ended September 30, 2022, the Commission entered into a collaborative agreement with Pegasus Laboratories, Inc. (“Pegasus”) to finance the purchase of land and a warehouse for $8.4 million from a third-party for use by Pegasus. The purchase was partially financed by the Commission with Triumph grant funding in the amount of $2.5 million, with the remaining $5.9 million financed by a promissory note payable to Pegasus. The Commission will retain ownership of the warehouse and will lease the space to the Pegasus throughout the incentive period of the grant, at which point the Commission will transfer ownership of the facility to Pegasus, if certain conditions have been met.

The warehouse is classified by the Commission as property held for resale, and as such, the facility will not be depreciated. As of September 30, 2024, the Commission had rent receivable and deferred inflows of resources representing unearned rent revenue, each in the amount of $2 million, relating to the arrangement. The Commission also had an outstanding note payable of $5.5 million due under the promissory note due to Pegasus as of September 30, 2024. In addition, the $2.5 million Triumph grant funding is considered a refundable advance within the statement of net position until certain conditions of the grant agreement have been satisfied.

NOTE 5 - NOTE PAYABLE

The note payable is summarized as follows:

Note payable to private company, monthly payments of $30,184 including interest at 2.12%, matures April 1, 2032	$ 5,312,552

Scheduled maturities of the note payable are as follows:

Year ending September 30,	Principal	Interest
2025	$ 252,016	$ 110,187
2026	257,411	104,792
2027	262,922	99,281
2028	268,550	93,653
2029	274,299	87,904
2030 - 2032	3,997,354	560,366
	$ 5,312,552	$ 1,056,183

NOTE 6 - NET POSITION

Restricted net position includes $61,198 contributed by the Emerald Coast Utilities Authority, which is restricted for economic development in the General Fund.

Committed net position includes $52,309 of funds for future commerce park marketing and/or improvements.

NOTE 7 - RISK MANAGEMENT

The Commission is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. To mitigate some of those risks, the Commission maintains a directors and officers liability policy and a commercial general liability policy. There have been no losses for these risks in any of the prior three fiscal years, and the Commission is not aware of any material liabilities related to these risks as of September 30, 2024.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

FloridaWest Promotion Commitment:

The Commission has engaged the Community Economic Development Association, Inc. d/b/a FloridaWest Economic Development Alliance to promote economic development for the year ending September 30, 2025, for a fee of $675,000.

Bluffs Contract Commitments:

The Commission has outstanding contract commitments relating to the Bluffs Project totaling $1,010,275.

Triumph Gulf Coast Grant:

As described in Note 4, the Commission has received grant funding relating to an economic development incentive project upon which certain conditions must be met in order for the Commission to recognize revenue and retain the funds. The funding has been recorded in the statement of net position as a refundable advance. As of September 30, 2024, the Commission has not yet met those conditions. In the event conditions are not met, the Commission will have to return the $2.5 million of funding received.

Technology Park Agreement:

As discussed in Note 3, the Commission entered into, and later amended, the "Agreement with the County, the City and the CRA of the City to develop a Technology Park in downtown Pensacola". Under the amended agreement, the City and County have a right of re-entry on the property if the Commission does not sell at least one lot or enter into a long-term lease, not less than 15 years in duration, of at least one lot by September 6, 2016. As of September 30, 2024, the Commission has not yet sold or entered into a long-term lease for any of the Technology Park lots. However, neither the County nor the City had indicated that they will exercise their right of re-entry.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated January 13, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control that we consider to be material weaknesses.

Finding 2024-01: Bookkeeping and Accrual Accounting

During the audit, we noted several areas where adjustments were needed in order for the financial statements to be presented in accordance with U.S. GAAP:

- Accounts payable had a $7,589 balance due to the Florida Department of Revenue ("FDOR") that was over 90 days outstanding due to three payments made to FDOR recorded to sales tax income rather than as reductions to sales tax payable.

- Opening net position was off $2,850 compared to the audited balance for the year ended September 30, 2023, due to audit entries not posted.

- The amount due to the County under the Technology Park line of credit had not been updated to include $115,291 in interest expense incurred during the year.

- Entries to adjust the Pegasus note payable and rent receivable had been posted to the incorrect accounts within the statement of net position.

- Vendor liabilities and the associated expenditures for August and September 2024 were not recorded. Unrecorded liabilities included seventeen invoices totaling $58,961 due for legal fees, Tech Park landscaping, the Bluffs project master planning and the Bluffs project management.

- Revenue and receivables totaling $121,264 for the Bluffs project was not recorded for several months of 2024.

The above discrepancies resulted in $111,442 in understated assets, $156,792 in understated liabilities, $2,850 in understated net position, $128,750 in understated revenues, and $176,950 in understated expenses.

As bookkeeping duties are transitioned to the newly retained accounting firm, we recommend that all supporting schedules for accounts on the statement of net position are reconciled to the general ledger on a regular basis and errors are remedied before year-end. We further recommend reviewing revenue and expenditure accounts at year-end to determine whether all necessary accrual entries have been recorded.

Management's Response:

PEDC management acknowledges the multiple findings related to bookkeeping errors, including inaccurate journal entries, untimely reconciliations, and inconsistencies in financial reporting. We recognize that these issues stem from a need for enhanced training, updated procedures, and improved oversight.

To address these concerns, the organization has taken the following actions:

- Changed accounting firms providing bookkeeping services.
- The new firm is assisting PEDC to update and document bookkeeping procedures, emphasizing timelines, review protocols, and proper documentation standards.
- PEDC has implemented software tools to automate routine bookkeeping tasks and reduce the risk of manual errors, for example the organization is now utilizing BILL.com and DEXT software to better track expenditures and pay vendors in a timely manner.
- These actions will be completed by the team at the new accounting firm with direct communication with the organization's CEO.

PEDC is committed to resolving these issues promptly and preventing similar occurrences in the future.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pensacola-Escambia County Promotion and Development Commission's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Commission's response to the findings identified in our audit and described previously. The Commission's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

Board of Directors
Pensacola-Escambia County Promotion
And Development Commission
Pensacola, Florida

We have examined Pensacola-Escambia County Promotion and Development Commission's (the "Commission's") compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2024. Management is responsible for the Commission's compliance with those requirements. Our responsibility is to express an opinion on the Commission's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such procedures as we considered necessary in the circumstances. We believe that our examination provided a reasonable basis for our opinion. Our examination does not provide a legal determination on the Commission's compliance with specified requirements.

In our opinion, the Commission complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

This report in intended solely for the information and use of the Commission and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

To the Board of Directors
Pensacola-Escambia County Promotion
and Development Commission
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Pensacola-Escambia County Promotion and Development Commission (the "Commission"), as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated January 13, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 13, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Board of Directors
Pensacola-Escambia County Promotion
and Development Commission

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The official title for the Pensacola-Escambia County Promotion and Development Commission is disclosed in the notes to the financial statements. The Pensacola-Escambia County Promotion and Development Commission was established by Chapters 67-1365 and 89-481, Laws of Florida. There are no component units.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Commission has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Commission did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Section 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Commission. It is management's responsibility to monitor the Commission's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations, except as reported in Finding 2024-01 in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

PROJECT PURPOSE

Escambia County is fortunate to be a desirable community, known for its downtown revitalization, industrial assets, a skilled workforce deep with military and defense expertise and unmatched infrastructure. From a wide range of natural and cultural amenities to a diverse variety of industry sectors, the community is primed for continued growth.

To continue its momentum, it was time to develop a new strategic plan to guide FloridaWest's efforts, measure progress and celebrate success for the next five years. The strategic plan on the following pages will allow FloridaWest, along with its local partners, to increase its competitive position to attract and retain quality, higher-paying jobs and support and maintain an ecosystem of entrepreneurship and new business development.

Meaningful alignment, collaborative action and measurable results are built on a foundation of clarity around what is of fundamental importance to FloridaWest, its stakeholders and the community at large.

FIRST IMPRESSIONS

Communities experience difficulties seeing their surroundings as clients, guests, prospective industries and newcomers to the area see them. The information below outlines impressions as perceived by a site selector. Note that these impressions from visiting a community are often the second impression, the first impression a site selector sees is a community's data.

SYSTEMS

Much has changed in the market, in economic development and in the region over the last five years. The community is rich with programs, but stakeholders and leadership want FloridaWest to take a more proactive and coordinated approach in landing job creation projects. Without making changes, funding challenges could arise.

PRODUCT

The community currently has The Bluffs, the tech park and an industrial park, but each face challenges. Additionally, there appears to be waning interest in industrial development at the Port or OLF-8. As a result, the community has limited product to market but stakeholders, and likely the public, have limited desire to consider new properties before the issues at the current sites are resolved. Investors want to see progress and ROI on existing assets.

INNOVATION

Community and education leaders along with elected officials have expressed a strong commitment to entrepreneurship and innovation. Given the success of several local start-ups, many would like to see additional efforts to support this key sector. Success surrounding innovation and entrepreneurship shows a more immediate ROI as compared to traditional competitive project wins.

DATA AT-A-GLANCE

Prior to the pandemic, when site selectors, companies or entrepreneurs were evaluating a community, they considered basic demographic and employment information. But in today's ever-changing economy, a more robust and holistic picture is needed to evaluate the potential of a location effectively. Key metrics such as population growth, labor force participation rate, commuting patterns and educational attainment will always be critical. However, it is also imperative to consider social markers such as poverty, housing costs and utility rates. Finally, given the tight labor market, identifying untapped labor pools such as exiting military, single mothers and persons with disabilities can also shape workforce and talent programs. The figures on the following pages provide a snapshot of key data points. VisionFirst compiled data from numerous trusted sources.

FIGURE 1: POPULATION SNAPSHOT

Population Annual Average Growth[4]	0.8%	1.3%	1.4%	0.6%
People per Square Mile	484.9	301.3	400.5	92.9

In looking at the data in Figure 1, there are several points worth noting in positioning FloridaWest's efforts in promoting the county.

- The average age of the county is younger than the comparison locations and nearly 60 percent of the population is under the age of 44.
- The community is becoming more diverse with nearly 23 percent of the population Black or African American, three percent Asian and 5.7 percent Hispanic or Latino.
- While the population growth is not as significant as the MSA or the state, it is greater than the national average.
- The county is very densely populated at nearly 485 people per square mile, significantly higher than the rest of the comparison regions.

FIGURE 2: LABOR FORCE SNAPSHOT

Public Sector[2]	25.0%	24.9%	28.0%	35.5%

1. *Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from composing counties*
2. *2020; Current Population Survey, unionstats.com, and Chmura; county- and zip-level data are best estimates based upon industry-, MSA-, and state-level data*

When considering the labor force snapshot in Figure 2, several points stand out.

- While slightly lower than the national average, the labor force participation rate for those over 16 is higher than both the MSA and state. The prime age rate is slightly lower than the state and the nation. Compared to many other communities, a participation rate of 80 percent is considered near full employment, meaning workforce and education officials will need to identify untapped labor pools to meet employer needs.
- Given the region's military installations, it is important to consider veterans, exiting military and armed forces labor. The county has a sizable armed forces labor pool at 3.6 percent and veterans make up more than 10 percent. However, the participation rate for veterans ages 18-64 is lower than the MSA, state and nation.
- A significant majority of residents work in the county – nearly 90 percent, commuting an average of 23 minutes.
- Union rates across all sectors are lower than state and national averages, allowing companies to become employers of choice if they offer competitive wages and benefits.

FIGURE 3: EDUCATION SNAPSHOT

	Escambia County	Pensacola Ferry Pass Brent, FL MSA	Florida	USA
Educational Attainment, Age 25 64				
No High School Diploma	8.8%	8.6%	10.7%	10.9%

2. *National Center for Education Statistics, 2018-19, based on data for reported units.*
3. *National data is the aggregate of each state's most recently available data*

- In looking at educational attainment of the workforce, the county has a high percentage of the population with an associate's degree or higher with 40.3 percent at the county level compared to 41.4 percent in the MSA, 41.3 percent in the state and 42.6 percent in the nation.
- In addition, teacher ratios and spending per pupil are also closely aligned with the comparison areas. Demonstrating programmatic and academic achievement within the public-school systems will also need to be a critical component in selling the county to potential employers.

1. *Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from composing counties.*
2. *Disconnected youth are 16-19 years old who are (1) not in school, (2) not high school graduates, and (3) either unemployed or not in the labor force.*

Today's economic environment as a result of the pandemic has created a series of social disruptions from supply chain challenges, skyrocketing housing costs, record inflation and childcare shortages. Each impacts the workforce and the ability to retain employees. In looking at the housing and social indicators:

- Escambia County has slightly higher poverty rates and households receiving food stamps than the nation at 14 percent and 14.1 percent, respectively.
- Children in single parent families is also considerably higher than the comparison regions at 43 percent. As employers look to attract more people to the workforce, taking the challenges single parents face such as school times and daycare shortages into consideration will be important to retain employees.

THE DISCOVERY PROCESS

Stakeholder Key Findings »

In Your Words – VisionFirst interviewed more than 55 stakeholders over several days with elected officials, existing business leaders, entrepreneurs, young professionals and community members.

Every stakeholder meeting produced productive dialogue about the county's future, identifying both critical issues and attainable opportunities. The interviews sought to gather candid observations, feedback and ideas from the community to help direct focus and prioritize our analysis.

During the conversations, VisionFirst sought answers to questions centered on such topics as:

- What is the definition of economic development for Escambia County?
- What are the barriers to success?
- Who are the partners for the county's economic development efforts?
- What belongs to the FloridaWest?
- What does success look like for FloridaWest and economic development overall over the next five years?
- How will the organization measure success?

Through synthesis, VisionFirst identified the strongest themes, insights and supporting details to use in analysis and ideation of goals and tactics.

Key findings from the meetings are presented in aggregate on the following pages and have been grouped by the main themes that resulted from the stakeholder conversations. Although the meetings focused on FloridaWest and its role in leading local economic development, the discussion also covered the needs in the broader community.

The comments listed are a sampling of the meeting outcomes from local leaders and do not reflect VisionFirst's opinion.

INNOVATION LED ECONOMIC DEVELOPMENT //

- "Programs rich, systems poor."
- It is difficult to navigate the resources available both at the industry level and the entrepreneurial level.
- There is an opportunity to better grow local businesses using innovative and entrepreneurial resources in the community.
- Questions exist around targeting cybersecurity and if the industry is truly a fit for the community without additional resources such as Sensitive Compartmented Information Facility (SCIF) space.
- There is a need to better leverage organizations to create a holistic ecosystem to foster and facilitate innovation.

EDUCATIONAL PROGRAMMING //

- The changes in the administration of the school system with an appointed superintendent offer promise, but stakeholders are anxious to see the results.
- There is a need for more rapid credentialing as well as a satellite campus that is closer to targeted populations.
- The George Stone location is not centralized near the populations and employers that need it and would benefit from a satellite campus location.
- Facilitating the creation of skilled trade interns would be helpful to employers.
- There are limited craftsman programs and employers would like to see National Center for Construction Education and Research (NCCER) certifications.
- There is awareness of the career academies in the school systems, but stakeholders are unsure of the results or success of the programs.
- Area higher educational partners are willing to be more engaged in economic development efforts and could be utilized more.

INVESTMENT IN PRODUCT //

- FloridaWest and the community have invested heavily in product in both the tech park as well as The Bluffs, and some stakeholders are concerned about the lack of projects in both.
- There has been legislative support for investments in infrastructure at The Bluffs but there is a greater need.
- There is a desire by residents for more retail, recreational amenities and housing growth that are limiting the ability to locate industry at OLF-8.
- There is little product for manufacturing projects especially considering the ample sites in the surrounding region in both Florida and Alabama.

ENTREPRENEURIAL FOCUS //

- The community has launched several efforts to support entrepreneurs at all levels with incubators, co-working spaces and programs, but many believe there are still gaps.
- There are opportunities for greater entrepreneurial support in minority communities.
- Industry recruitment and entrepreneurial support should not be mutually exclusive.
- The attractiveness of Pensacola has increased, and more emphasis should be placed on selling the community to entrepreneurs and remote workers.

GREATER ORGANIZATIONAL CAPACITY //

- Each organization has its own vision and plan when it comes to small business and growth which has led to siloed efforts.
- The splintering of organizations and efforts has caused some confusion as to who is taking the lead on initiatives such as cybersecurity, entrepreneurism and workforce development.
- Stakeholders want to see FloridaWest take a more diversified approach to economic development.
- FloridaWest should advocate for quality of place components and market it to businesses.

SWOT ANALYSIS

Based on the conversations with stakeholders along with labor and industry research, VisionFirst identified the community's strengths, weaknesses, opportunities and threats regarding economic development efforts as well as the area's competitiveness overall. This analysis relied on qualitative input as well as industry knowledge.

FIGURE 5: SWOT ANALYSIS

STRENGTHS

- Interested and engaged stakeholders
- Belief in the value of job creation projects
- Strong commitment to building innovation and entrepreneurship
- Robust existing industry community
- Exiting military talent and career academies
- Regional value to companies

WEAKNESSES

- "Programs rich, systems poor"
- Lack of coordination between community entities
- Limited ability to influence military contracts/spending
- Questions surrounding the K-12 system
- Workforce housing and rising costs
- Need more infrastructure in the limited product available

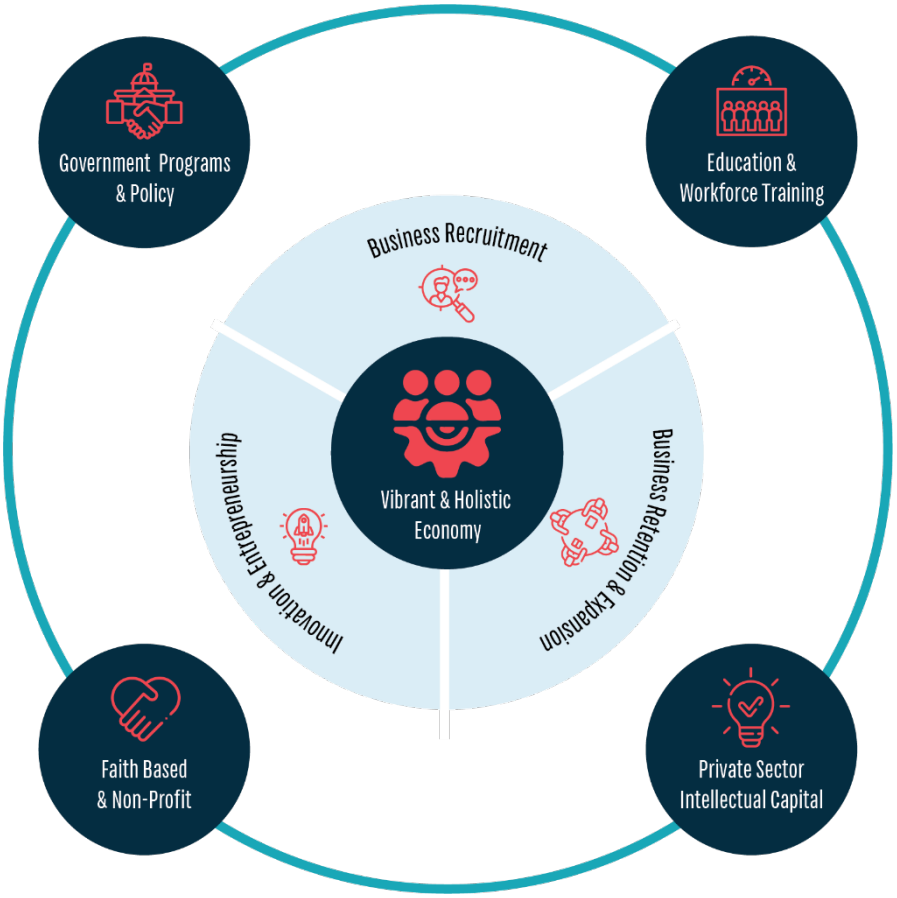
OPPORTUNITIES

- Downtown revitalization to attract new workforce
- Remote workers - especially with exiting military and trailing spouses
- Align programs with meaningful metrics to define success
- Innovation-led industry and deployment of AI technologies
- PEDC structure is underutilized
- Emerging cluster of cyber security businesses

THREATS

- Lack of product and public options on product
- Alignment of organization with strategy
- Belief that winning competitive projects must be the central part of the strategy
- Organization is heavily reliant on public funding
- Limited capital investment back into the community by existing industry

STRATEGIC GOALS



The plan's goals, rationale and approaches are designed to build connectivity among stakeholders and guide the trajectory of economic development and community success. It builds upon previous plans and actions taken by FloridaWest. Each goal aims to serve as a road map to move the organization forward in addressing the opportunities and challenges of economic development in the county, region and state.

In addition, VisionFirst reviewed FloridaWest's current organizational structure to assess effectiveness in aligning assets, talent and resources to be competitive for jobs and investment compared to the needs and priorities of the county.

The three goals are supported by its own rationale and approaches.

1. **Business Recruitment:** Develop a systematic approach to business development and recruitment that aligns with industry assets, intellectual capital and existing product.
2. **Business Retention & Expansion:** Refine and deliver a robust BR&E program that is built upon ongoing customer feedback, market intelligence and data, leading to an existing industry base that continually invests in the location and its workforce.
3. **Innovation & Entrepreneurship:** Facilitate programmatic solutions that support innovation and entrepreneurship utilizing existing spaces, programs, partners and initiatives.

With each of the strategic goals is the need for coordination between FloridaWest and its community partners. A cross-cutting strategy along all three strategic goals is **Strengthened Organizational Capacity.**

GOALS, RATIONALE & APPROACHES

PREPARE, PURSUE & PARTNER //

In developing the goals and approaches, they have been segmented into three categories – prepare, pursue and partner.

- **Prepare** represents the foundational items that need to be aligned before outreach and engagement.
- **Pursue** represents the tools and partners needed to be successful in achieving the desired outcomes.
- **Partner** represents the entities FloridaWest should coordinate with to eliminate silos and create transformations.

Goal 1: Business Recruitment »

Develop a systematic approach to business development and recruitment that aligns with industry assets, intellectual capital and existing product.

RATIONALE //

A foundational pillar of FloridaWest's activities is the recruitment of new companies, jobs and capital investment in the county. While business recruitment strategies and the partners involved may vary widely from one location to the next, the main tenants of any recruitment approach remain the same. A community must know its product, that product must be relentlessly marketed, and the community must deliver a sales-focused, customer-centric approach.

However, the pandemic changed the way businesses approach site selection. From supply chain to talent evaluation, there is significant uncertainty affecting the deployment of capital. While access to talent and speed to market remain consistent drivers to the process, risk or perhaps even more important, perceived risk of a project location, is often the measuring stick between competitive locations.

In addition, access to information on sites, products and assets must be readily available for prospective companies. This means more options are being considered and those regions that are not laser focused will be less competitive. Therefore, a clearly defined business recruitment strategy centered around the community's target industries and assets is critical for Escambia County to win competitive project locations.

APPROACHES //

Considering FloridaWest's targeted industries and assets, business recruitment approaches are categorized by sectors: Information Technology & Cyber Security, Aerospace & Defense and Heavy Manufacturing & Chemicals.

The Information Technology and Cybersecurity sector remains a prime target for job creation and capital investment. In October 2017, a report called A Cybersecurity Strategic Plan for Pensacola was produced for FloridaWest with a goals and strategies matrix. While much of this plan is being implemented, stakeholders have no regular communication about the activities, progress and success of the efforts being undertaken. In considering how to best approach the industry over the next three to five years, a priority should be placed on developing a collaborative approach, focused on the intended audiences utilizing proactive outreach.

PREPARE: EXISTING ASSETS & RESOURCES

- Foster information sharing by companies within the existing cybersecurity cluster. Currently, FloridaWest supports this through an informal gathering coordinated by its consultant. To supplement these conversations, a formal regional effort should be developed utilizing roundtable discussions. The focus of conversation should be the needs of the cluster and procurement opportunities.
- Create a regional procurement initiative to increase the opportunities for regional IT and cybersecurity firms to participate in federal initiatives and compete for procurement opportunities.
- Engage Florida congressional delegation in the discussion by coordinating regional trips to Washington, D.C. to advocate for opportunities and enhance missions in Northwest Florida.

PREPARE: PRODUCT

- Pursue the feasibility of adding office space near Corry Station for cybersecurity companies.
- Devise a strategy to provide access to a Sensitive Compartmented Information Facility (SCIF) in the region.
- Aggressively explore federal funding opportunities to utilize the Tech Park for supporting the cluster. **Best Practice:** Maryland Opportunity Zone Enhancement Program for cybersecurity companies.
- For new and existing product, ensure that FloridaWest has local control or options to mitigate risk and timelines for prospects.

PREPARE: TALENT

- Expand cyber programs in middle schools and high schools in the county along with UWF's cyber summer camp program as well as into higher education, creating a visible education ladder. Ensure outreach is placed on developing coding skills in students, specifically those in underserved and underrepresented populations. **Best Practice:** CyberNYC
- Leverage federal digital literacy funding to target minority populations to help expand existing cyber programs.
- Advocate for a workforce program to assist exiting military members who may already have certifications and security clearances to transition to the civilian cyber workforce. Explore using the DOD SkillBridge program.
- Enhance communications by developing a schedule for discussion with participants of ITEN Wired about regional talent recruitment opportunities in the industry.

PURSUE: INNOVATION

- Connect with UWF and military partners to identify opportunities for innovative solutions through procurement opportunities.
- Engage Navy Federal Credit Union to identify opportunities to design creative programs in the Fintech sector that utilize cybersecurity skills and companies in the region.

- Continue to engage Northwest Florida's legislative leadership to secure a cybersecurity center to support Florida Digital Service in the State of Florida Department of Management Services.

PURSUE: MARKETING & COMMUNICATIONS

- Create a marketing initiative in cooperation with existing industry to target talent in high-cost locations that would consider moving to the region for a job in the sector.
- Communicate to prospective companies the number of graduates from UWF and PSC programs that accept employment in Escambia County or Northwest Florida in targeted marketing materials.
- Redesign the Cyber Coast website to align with targeted objectives specifically focus on the intended audience. **Best Practice:** Cyber Huntsville, a Tennessee Valley Initiative
- Develop an online resource guide that provides inventories of assets to support the industry and current job openings in the industry to the region.
- Enhance communication and outreach about the opportunity for IT/cybersecurity companies to use Co:Lab to transition into the region.

Given the military presence in Escambia County and the region, Aerospace & Defense should be a primary targeted industry. Pensacola International Airport is home to ST Engineering, which operates a maintenance, repair and overhaul (MRO) facility on site while other companies such as Boeing, BAE Systems, Leonardo DRS and Vertex Aerospace have significant investment in Northwest Florida. Within proximity to Pensacola are four others in the top 10 in revenue growth for aerospace and defense companies in 2021: Raytheon, Airbus, Northrop Grumman and Lockheed Martin, the largest defense employer in the state.[1] Escambia County's location on I-10 also makes the sector a desirable target with large defense companies and military assets along a 200 mile stretch from Walton County, Florida to Harrison County, Mississippi.

PREPARE: EXISTING ASSETS & RESOURCES

- Maintain and expand relationships with large aerospace and defense companies in the region and state. As the commercial aviation sector grows along with the increased demand for newer more efficient aircraft, the Airbus facility in Mobile offers supplier opportunities surrounding the A320 and A220 series aircraft for the Pensacola region.

[1] 2022 PwC's Global Aerospace and Defense: Annual Industry Performance and Outlook

- Identify opportunities to support the Air Force's KC-Y refueling tanker competition. Lockheed Martin is partnering with Airbus to provide an aircraft version built from a modified A330 which will provide additional opportunities in the Mobile market.

PREPARE: PRODUCT

- Promote sites within the 300 remaining acres at Pensacola International Airport specifically to aerospace and defense companies, highlighting the assets that position the area above other locations.
- Expand investment in additional sites and buildings along I-10 to attract the sector.
- Explore opportunities for light manufacturing defense projects at the OLF-8 site such as drones, navigation systems, satellites, etc.
- Explore foreign direct investment opportunities and projects with companies like Israel Aerospace Industries.

PREPARE: TALENT

- Expand career pathway opportunities to MRO jobs in public school systems and colleges. Advocate for the development of trailing locations throughout the county to eliminate transportation barriers to programs.
- Asset map the existing workforce programs for strengths and gaps in programs and trainings to support retention and expansion.
- Leverage the Governor's $20 million in state funding for upskilling for veterans and support aviation, aerospace and defense industries.

PURSUE: INNOVATION

- Facilitate conversations with military assets regarding research laboratories such as the US Naval Research Laboratory and AFWERX to explore opportunities for partnerships and events around remote sensing, space science, ocean sciences and more.

PURSUE: MARKETING & COMMUNICATIONS

- Coordinate with Florida's Great Northwest to create detailed reports to show the availability and skills of exiting military in the region.
- Partner with state veteran organizations along with workforce and business officials to host a regional veteran and military spouse career fair. **Best Practice:** Fairfax County Economic Development Authority
- Attend targeted conferences and events to promote Escambia County's aviation and defense cluster and associated assets and sites with a goal of at least two each year.

Chemical products are essential to the production of a myriad of manufacturing goods and supply chains. According to the Office of Energy Efficiency & Renewable Energy, more than 96 percent of all manufactured goods are directly touched by the chemicals industry. Given that most production of basic chemicals is concentrated along the Gulf Coast, where petroleum and natural gas feedstocks are available in refineries, FloridaWest has the opportunity for additional expansion in the industry given its existing cluster and the potential for location within The Bluffs.

PREPARE: EXISTING ASSETS & RESOURCES

- Identify and target industry sectors that are large users of water in a process such as painting/coatings, electrical components and agricultural chemical.

Goal 2: Business Retention & Expansion »

Refine and deliver a robust business retention and expansion (BR&E) program that is built upon ongoing customer feedback, market intelligence and data, leading to an existing industry base that continually invests in the location and its workforce.

RATIONALE //

The health of a community's existing industry has long been a leading indicator of the overall state of that local economy. If local businesses are growing, the economy will soon follow suit. Increased existing industry outreach, at its core, will invariably lead to three main benefits:

1. **Business Intelligence.** FloridaWest will become aware of issues and obstacles early in its relationship with the company, allowing time to address any challenges. The same can be said of opportunities for growth.
2. **Community Evaluation.** Valuable information related to business climate and labor supply will be provided. For example, a company's struggles can help provide a roadmap for Escambia County to remain competitive in the market.
3. **Location Marketing.** FloridaWest will establish positive relationships with local company officials and will create community business ambassadors to a host of potential prospects augmenting FloridaWest's limited staff.

At the end of a successful BR&E strategy is an improved business climate for the existing industry. Their challenges become the community's challenges, but so do their opportunities. Not every company they are competing with in the market has that kind of support structure in the local community. Having local leadership engaged will ultimately help to make the company become more competitive in its own industry.

- Conduct 50 annual one-on-one visits with businesses utilizing a survey tool to focus on the needs of the company and its employees. Identify and address companies at risk and potential expansion opportunities. It must be designed to elicit honest feedback that can be used to help both the company and the community. The results of the survey will be confidential and analyzed only by the FloridaWest. All results should be recorded in the CRM system leading to a database of business intelligence.
- Analyze all data and develop action plans to define the priorities as it relates to existing business. Allocate resources to address concerns.
- Host employer roundtable with agendas designed to maximize dialogue leading to specific action items that provide long term value to participants. Consider breaking the events into CEO, plant manager and human resource professional sessions to provide maximum coordination and information flow.

- Create monthly confidential forum for key leadership of major employers to create information exchanges on topics such as workforce training, hurricane preparedness, COVID-19 recovery, tax changes, etc.

Goal 3: Innovation & Entrepreneurship »

Facilitate programmatic solutions that support innovation and entrepreneurship utilizing existing spaces, programs, partners and initiatives.

RATIONALE //

The city and the county have benefited greatly with the efforts of the Studer Community Institute and other private investors creating an entrepreneurial culture for downtown. With that success several programs have been developed to support business formation from idea to start-up. While successful, there remains a disconnect to how a person with an idea can enter the system and utilize the resources available. **FloridaWest's role in fostering this ecosystem is threefold:**

1. **Facilitate the continued ecosystem for business formation,**
2. **Drive innovation to support target industries and**
3. **Recruit talent through remote work**

Entrepreneurship

Pensacola and Escambia County have an abundance of programs and resources to support the entrepreneur; however, stakeholder interviews revealed confusion on when and where someone would engage in the system.

FloridaWest should champion the current entrepreneurship structure and articulate the value of a culture of business formation. Government plays a tremendous role in start-up culture by providing clear pathways to obtaining permits, licenses and other regulatory requirements to do business there. The focus should be building a clear understanding of what is required and approval timeline when all documentation is provided. The biggest barrier to private capital is risk. Without clear pathways, the amount of risk to a startup is enhanced.

Innovation

FloridaWest can support its targeted industries of cybersecurity, aerospace & defense and advanced manufacturing through focused innovation initiatives.

As mentioned earlier in the plan, federal procurement and increasing military readiness programs are central to success. This also provides an opportunity to encourage startup innovation to support not only the information technology and cybersecurity sectors but others as well. FloridaWest should proactively seek federal designations such as hub zones and opportunity zones to entice investment in this sector.

Another critical component of this strategy is engaging Florida's congressional delegation in seeking federal opportunities as it relates to supply chain and national security needs. With increased US Department of Defense and NATO funding, Escambia County is well positioned to take advantage of these efforts.

PREPARE: EXISTING ASSETS & RESOURCES

- Expand the asset map of the entrepreneurial resources that demonstrate entry points and a timeline for use. Each partner within the ecosystem should utilize the same asset map as potential investors, entrepreneurs and existing small businesses may enter the system from a variety of points. The Spring has a strong asset map already in place but could be expanded to include links to partner websites. The map should also include the very early entry point when an idea is just forming – be it a small market driven business or innovative start-up.

PREPARE: PRODUCT

- Form a coalition to conduct an asset/product review as it relates to entrepreneurial endeavors and identify where opportunities and challenges exist. The group should meet at least twice a year with an action-based agenda and a timeline for deliverables.

PREPARE: TALENT

- Explore a remote worker incentive program. According to a recent report by the Florida Department of Economic Opportunity, the three key county characteristics identified to incentivize remote workers to relocate include having a nearby metropolitan area close to the beach with high-speed internet, a cost of living lower than the national average and the need for population or labor force growth. Many remote workers that currently reside within Florida are located within counties that border either the Atlantic Ocean or the Gulf

of Mexico and where more than 90 percent of the county has high speed internet coverage of at least 100 megabits per second.[4] **Best Practice:** Remote Shoals

PURSUE: INNOVATION

- To increase economic opportunity in certain areas of the county, consider the development of a local innovation zone that would leverage community assets such as the redevelopment of the former Baptist Hospital campus. The zone should provide increased economic opportunity for underrepresented populations and focus on increased educational opportunities and entrepreneurship outreach. **Best Practice:** Although a state program, consider Maryland's RISE Zone Program.

PURSUE: MARKETING & COMMUNICATIONS

- Update marketing tools to specifically target remote workers for skills needed to support its targets and existing industries. The COVID pandemic caused great disruption in the workforce and accelerated the trend of working from home. This has resulted in states like Florida benefiting from gains in migration of people and wealth where each remote worker is predicted to spend about $31,850 annually towards various service industries and about $15,990 in the durable and non-durable goods industries each year according to the DEO report. With an estimated 22.25 million residents as of April 1, Florida continues to see population increases equivalent to adding a city the size of Orlando each year, according to a recent state report.

CROSS-CUTTING: ORGANIZATIONAL CAPACITY

Establishing the strategic vision of an economic development organization is a critical step to its success. Understanding the world of possibilities and the strategies and tactics that will be required to realize that vision is paramount in FloridaWest's ability to achieve the long-term goals of the organization. But even the most forward-thinking strategic plan or vision is utterly dependent on the organizations ability to execute at a high level and for an extended period.

In defining the goals and approaches necessary to continue to move FloridaWest forward, it was important to review the organization's capacity to implement and execute the plan. To establish greater efficiencies of output, VisionFirst reviewed the organizational structure, hierarchy and internal processes. **It is important to note that this assessment considers only the position and not the individuals of the organization.** The review only seeks to determine what steps could be taken to improve output and not make judgments based on individual talents or acumen.

Current Organizational Structure »

FIGURE 6: CURRENT ORGANIZATIONAL STRUCTURE

According to the 2014 articles of incorporation, FloridaWest is a 501(c)(6) not-profit whose central purpose is to promote industry and commerce, enhance the business climate and stimulate economic prosperity, support workforce development, promote community development and encourage political action.

The organization is governed by a board of directors with a combination of public and private funding and represents the economic interests of a county of more than 316,000 residents. Currently, FloridaWest has six full time employees responsible for fostering new business recruitment and existing industry retention along with workforce development and business formation. While on par with most economic development organizations in similar sized counties from a staffing standpoint, the current expectations of stakeholders place a premium on process efficiency.

EXISTING POSITIONS

As discussed previously, the organization is currently expected to engage in a multitude of activities, either directly or indirectly associated with the mission of building, growing and sustaining the economic potential and prosperity of Northwest Florida.

The structure and operation have by all intents and purposes allowed the organization to excel in the completion of its mission objectives. The positions represent clearly defined roles and responsibilities capable of implementing the six overarching strategies established in the previous plan. This combined with a flat organizational structure promotes limited hierarchy/bureaucracy preventing potential operational challenges.

Even without significant changes to the structure, the organization would be able to continue to execute at an elevated level. But given recent departures along with the changing global landscape it is important to identify potential challenges and opportunities as it pertains to the FloridaWest structure.

Operational Challenges »

SILOED DIVISIONS

There are always a number of challenges that originate in how unique and specialized many economic development efforts can be from one division to the next. For example, the drivers that govern business recruitment activity do not always align with entrepreneurship efforts which can lead to a lack of communication between the divisions. This is exacerbated by remote working and multiple office locations. Conversely, one of the benefits of a traditionally flat organization is the sharing of information without hierarchical boundaries. Unfortunately, that advantage has not been realized to its fullest extent. **Foster an approach that uses weekly touch points to share approaches and brainstorm best practices across multiple platforms.**

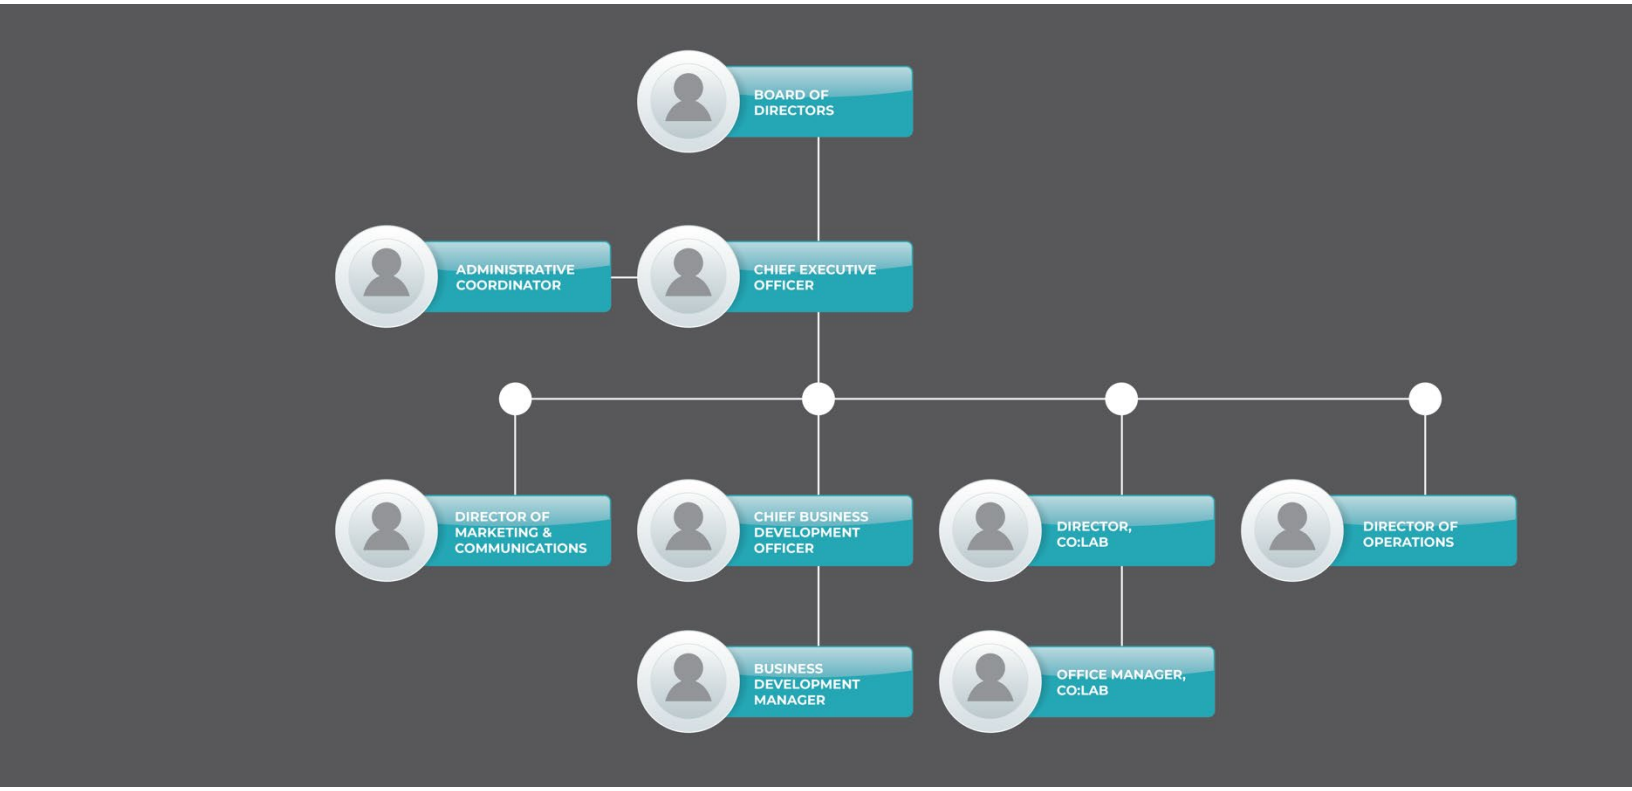
BUSINESS DEVELOPMENT CAPACITY

Currently, there is only one position responsible for new business recruitment and outreach. And while the existing industry outreach is shared among the team, a successful new business recruitment strategy cannot realize its full potential without being fundamentally intertwined with the local existing industry. Existing industry visits should be used to develop new business outreach and identify opportunities as well as challenges. One position responsible for these activities in a county the size of Escambia County is a challenge. That combined that with the demand to be “in market” to conduct successful lead generation leads to a capacity issue. **Repurpose existing positions to address business development capacity challenges.**

ADMINISTRATIVE ASSISTANCE

As with any high performing organization, individuals tend to overcome obstacles to execution by increasing hours and output. While this is admirable, it is simply not sustainable. FloridaWest is in good company with this challenge. Rarely is there not some aspect to this in every economic development organization. But to move to where FloridaWest expects to be, steps must be steps taken to increase efficiency across the organization. From the CEO to the rest of the staff, there is no dedicated administrative function which means each position is responsible for increased efforts that take away from the focus of each position. **Add an administrative position that focuses on the entirety of the organization to increase the efficiency and effectiveness of every other position.**

OPERATIONAL REDUNDANCY



The adage “everything is economic development” is not only accurate, but it creates significant challenges for an organization like FloridaWest. When the mission speaks to fostering economic opportunities for Escambia County residents there is very little that would not fall into that category. But to be successful in its mission, distinctions must be made in what the organization will own and what it will facilitate. As mentioned in the goals, there are many stakeholders and partners in the region that must be utilized to provide extended capacity to the efforts outside of those that are owned specifically by the organization. As an example, workforce and talent are keys to almost every effort in successful economic development, but this cannot be an initiative Florida West owns as it requires direct partnership from workforce partners like CareerSource, Achieve Escambia along with the local school districts and technical centers for the region to be successful.

With local government partners, First Place Partners, Enterprise Florida and DEO, there is no shortage of stakeholders in the region and state. To take advantage of this FloridaWest must ensure their efforts are complimentary and not redundant. **Facilitate a retreat that develops a customer needs matrix for optimizing programs and initiatives while eliminating duplication of efforts.**

Proposed Structure Changes »

To enhance the organization's effectiveness, a revised structure is outlined below. This structure change is designed to provide additional capacity to meet the growing needs of the organization by providing much needed administrative capabilities across the organization and additional business development capacity as it relates to new business recruitment, existing industry outreach and talent coordination.

FIGURE 7: REVISED ORGANIZATIONAL STRUCTURE

POSITIONS & RESPONSIBILITIES //

While not all reflected on the organizational chart above, the following positions would represent shifts in responsibilities and/or new positions that would help achieve the goals of the board as well as key community stakeholders. To facilitate operational enhancement, the board also has a role, therefore onboarding as well as annual training/brainstorming should take place. Recommendations are included later in this section.

Chief Executive Officer: A critical component to success is the ability of an economic development organization to articulate a vision. It serves as the North Star for the economic development efforts performed by government leaders, investors, stakeholders and employees of FloridaWest. Key to this messaging is the CEO's ability to develop and maintain relationships with community leaders. These relationships are used to share the vision and why FloridaWest is relevant to obtaining that vision. Building these relationships with stakeholders both in and out of market require significant organizational changes to maximize outreach opportunities.

Administrative Coordinator: This position would provide administrative support to not only the CEO but the other members of the team as well. Having a dedicated position to assist with scheduling, planning, event coordination and travel would provide significant support to all team members. Additionally, the position would provide the CEO with additional connectivity to the team.

This would be a new position and would require additional funding and most likely board approval. However, there is ample justification for the creation of this position as it is a staple in most similar sized organizations and there was virtually unanimous feedback from the team as to its need.

This position is different than the operations manager whose functions go beyond an executive assistance managing budgets, board meetings, real estate functions, accounting and project management.

Business Development Manager: This position would assist the Chief Business Development Officer with business recruitment, retention and expansion activities. The position would assist in lead generation, project management, existing industry outreach and talent coordination. Additional capacity in business development would allow the organization to set significant metrics in terms of lead generation and project activity.

It is suggested that this position would replace the unfilled workforce innovation position as there would be no additional funding required. However, the facilitation role in terms of talent and workforce development would remain a critical role.

Marketing & Communications Director: Previously the organization had a director of communications focusing on traditional public relations and outreach. However, in an economic development organization it is critical for messaging be targeted to both internal and in-market stakeholders as well as external, out-of-market potential customers. In filling this position, FloridaWest should consider repurposing the position as a marketing and communications director seeking a person with advertising, marketing and digital media experience as well as traditional communications and public relations skills such as traditional media management, press release writing and dissemination, talking point development and event management.

Deputy Director: As discussed, a flat organization has its advantages in terms of direct reporting and lack of hierarchical hurdles. But given the current competitive landscape, it can

also pose certain challenges for the CEO. Current expectations revealed from stakeholder interviews show a considerable desire for the CEO position to take a much more proactive and aggressive path in terms of external communication and outreach. Given the current involvement required in the management of the team, this demand could prove challenging.

If the CEO is to prioritize these external activities over internal management, then some level of middle management must be considered. A position that serves either formally or informally as a "lieutenant or deputy director" would provide management, coaching and oversight to the staff as a whole, freeing up the CEO to focus on outward facing engagements and not be bogged down in the day-to-day activities of the organization. Ultimately, the position would report directly to the CEO with oversight over the other team members. The challenge is to determine whether an existing position can be repurposed into this role, or if a new position is to be created.

This leadership position can be created by elevating any existing position or creating a new role entirely. As the leadership explores these options there are multiple actions that can be taken. The key for future success of the organization is a well-defined hierarchical structure that promotes a culture of performance and teamwork.

Many of these proposed changed will require additional budgetary considerations. In today's environment that is always a challenge. But in the quest for continuous improvement, it is important for the FloridaWest leadership team to consider some version of these proposed changes. The good news is FloridaWest has a strong organizational structure that can be adapted and repurposed to accomplish its goals. However, with just a few small adjustments the organization can become a leader in the economic development landscape moving forward.

BOARD ENGAGEMENT //

An effective board is an informed and engaged board. Board members should be the organization's biggest cheerleaders as advocates and ambassadors for the organization. The program of work should include annual and quarterly training sessions for both new and existing board members and can also be expanded to other community leaders. The orientation should include the mission and history of the organization and a description of board member duties and expectations, as well as a list of the names and bios of the staff and board.

Components of the orientation should include, but not limited to, the following components:

• Ethics policy	• Overall value proposition of past projects
• Role of the board & staff	• Product overview
• Financial overview	• Confidentiality

Additionally, each board member, whether new or existing, should sign a board member agreement and confidentiality agreement. They should also review and complete the conflict-

of-interest policy and questionnaire. Board members should receive financial reports and audited financials as well as the organization's bylaws.

Just as important as a clear onboarding and orientation process is how to engage board members at each meeting. Too often board meetings become formulaic in nature and are based on reporting. While there should always be an education component of these meetings, engagement is key. Developing concise agendas with select outcomes and deliberate conversations in mind can be invaluable to FloridaWest moving forward.

Meaningful engagement results in a board that can not only provide input regarding today's opportunities and challenges but is also visionary in reaching future objectives all while aligning resources to meet such goals.

- Create an internal objectives scorecard showing progress in reaching strategic initiatives on the agenda to be reviewed and discussed at every meeting.
- After the business agenda, allow time for brief "visioning" discussions to capture ideas to help support the organization and advance efforts in the region.
- Provide board members speaking points on key issues and opportunities (cleared for public release) so that each may act as surrogates in spreading FloridaWest's message and accurately answer questions.
- Host an annual strategic retreat to develop action items in coordination with the recommendations of the strategic plan. Each board member should lead the discussion of a specific topic assisted by a staff member to facilitate conversations and ideas.

METRICS

While the achievements of FloridaWest team may be recognized by those engaged in the organization's efforts, there is often much more that has taken place than what is included in project announcements or board meetings.

The economic development world is growing more competitive by the day and the factors that determine the location and growth of a business are often beyond the control of one economic development organization. From logistics to infrastructure, there is no one factor that will determine a location. Often communities do everything in their power to reach a positive location decision only to miss the opportunity based on something outside their control. From location bias to market factors, a project can be lost for any number of reasons.

With that in mind, FloridaWest should not just be measured on the announcement of new jobs and capital investment as it does not take into consideration other factors as noted in the approaches above – the preparation and the pursuit of making the community more competitive in targeted industry sectors and overall business-friendly.

In considering the approaches offered within each of the strategic goals, a series of metrics are suggested on the following pages. **While numbers are provided, a baseline should be established between staff and the board to ensure measurement is meaningful and accurate.** The staff and board should consider a working group meeting to determine which metrics are most important and how to best present progress on a quarterly basis using a dashboard or report card format.

When considering the approaches and associated metrics consider if the staff of FloridaWest implement, facilitate or advocate to achieve measurable success.

- **Implement:** FloridaWest to undertake, coordinate and implement directly.
- **Facilitate:** FloridaWest to work in conjunction with partners to develop and implement.
- **Advocate:** FloridaWest to advocate to city, county, regional and state leaders to undertake and/or implement.

Breaking down the metrics further by assessing if they are:

- **Engagement-based:** Engagement-based metrics measure the degree of commitment and the level of interaction with key stakeholders to achieve outcome-based metrics.
- **Process-based:** Process-metrics are the specific steps in a process that lead — either positively or negatively — to a particular outcome-based metric.
- **Outcome-based:** Outcome-based metrics provide a way of measuring effectiveness and determining success from the point of view of businesses, investors and stakeholders.

It is important to understand all the activities that are undertaken to compete to measure performance. Many factors will be essential to the success of the organization, and as such the following measurements have been outlined, but the numbers for each should be developed with the staff and board in collaboration.

In developing specific targets, the percentage metrics should align with realistic measures. The goal is to evaluate these elements along with the creation of jobs and investment to paint a clear picture of how well the organization is representing Escambia County.

TO: Economic Development Community Partners
RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

GENERAL INFORMATION

Agency Name: Northwest Florida Dense Coalition

Agency Address: 127 South Palafox Place; Suite 200; Pensacola, FL 32502

Program Name for which funding is being requested: Northwest Florida Defense Coalition

Amount Requested: $100,000.00

Program Contact: Charles “Rick” Byars

Contact Email: rickbyars@cox.net Contact Phone: (850)572-7449

Description of Program: Military advocacy efforts for the protection, retention and growth of the three military bases and their ancillary locations within the counties of Escambia and Santa Rosa Counties. These efforts are to seek military construction funding from State and Federal resources.

How many years has your organization provided services in the County? 2.5 years

How many years has your organization received funding from the County? 2 years

Explain how receiving funds from the County would impact your organization:
Funding will support the continued efforts of this organization with one outside consultant, and services of a uniquely experienced DC consultant with targeted travel focusing specifically on issues in support of local military missions, personnel, and dependents.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark "N/A" and skip to next section.)

Amount received, if applicable: $100,000.00

Briefly describe how last year's funds were used. Funds were used to support the former executive director and development of briefing and advocacy materials to support the Defense Coalition efforts.

Briefly describe the County's Return on Investment relative to last year's funding, and the measurable impact your program had on the citizens of Escambia County? The Defense Coalition was able to work with their DC consultant to secure all the funding for the new 143MM hangar at Whiting Field. The Coalition also secured 12MM for hangar repairs of B-3260, which houses the Blue Angels and Training Wing 6.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County. The Northwest Florida Defense Coalition has been working with stakeholders and Federal leadership to advocate for funding for critical infrastructure and mission needs for NAS Pensacola. As DoD is more than 50% of the economic impact for Escambia County, these efforts are directly related to the viability of our community We are especially concentrating our efforts on securing an additional $30MM in hangar repairs for B-3260 and $1MM for repairs to the Naval Resue Training Pool.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: **NO** or

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: **None**

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. **None**

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please

provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: 75%
- Percentage for direct programming costs: 25%

If only a portion of your requested funding is granted, how will you offset the difference?

We are a public-private entity committed to expanding our private funding in order to fulfil the objectives of the Defense Coalition.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

The funds may potentially be used as a match for the State of Florida's Defense Reinvestment

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for and whether there is any duplication of funding.

This funding will be combined with investments from 6 other local governmental agencies, potential State grants, and private funds, but no other nonprofit agencies. There is no duplication of funding as the investments offset specific expense requirements.

GOALS AND METRICS

Provide "specific and measurable" metrics in the following sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. Provide three years of trends. If your agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

TO: Community Partners
RE: Requests for funding for Fiscal Year (FY) 2027

Dear Potential Funding Recipient:

Attached please find the Escambia County Community Partner Funding Request Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 30, 2026

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is appreciated. If you need more space, please reference the appropriate question for your answers on any additional documentation.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is **an application check list** to ensure all required documents are submitted. **Please check each box to confirm all required documents are included with your new funding request application.**

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,

Stephan Hall

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. Keep Pensacola Beautiful brings extensive experience in delivering these services and has the infrastructure and resources needed to successfully complete the assigned tasks. With a strong commitment to maintaining a clean and beautiful community, Keep Pensacola Beautiful is dedicated to ensuring these efforts are carried out efficiently and effectively year after year.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: ____65_____%
- Percentage for direct programming costs: ____35_____%

If only a portion of your requested funding is granted, how will you offset the difference? __Keep Pensacola Beautiful will have to eliminate any services that are unfunded or seek additional resources from private companies/organizations.____

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: _Some funding can be applied as a match for a grant from the Florida Department of Transportation. FDOT requires a dollar-for-dollar match._____

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. Keep Pensacola Beautiful requests funding for our other events and annual programming, but there is no overlap for these particular services as these are unique to Escambia County. KPB does receive funds from other non-profit agencies but not for these specific program costs. In the current FY, we received $6,000 from the Surfing's Evolution and Preservation Foundation.We also received a grant of $15,000 from FDOT. These funds are used for promotional items, certain business expenses and travel.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change**
1. Pounds of roadside litter removed	182,092	146,645*	190,000	4%
2. Total Number of Hosted or Facilitated Cleanups	44	16*	50	14%
3. Number of students educated	123	144*	200	39%

* actual numbers as of 3/10/26

** percentage change calculated between FY 25 and FY 27 projected

b) Please state the source used to provide your program metrics: Source of roadside litter data is from scale receipts from the landfill and number of bags collected for small roadside debris. Source of data for cleaups is completed sign-in waivers. Source of data for educated students is a combination of hold harmless forms and observed headcounts during the presentations.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Pounds of litter removed from county roadsides	190,000
2. Total Number of Hosted or Facilitated Cleanups	50
3. Number of students educated	200

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY25
1. Pounds of litter removed from county roadsides	182,092
2. Number of hosted or facilitated cleanups	44

Form 990 required: Yes

Dear Taxpayer:

We're responding to your request dated Feb. 06, 2020, about your tax-exempt status.

We issued you a determination letter in December, 1979, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(03).

We also show you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If you're required to file a return, you must file one of the following by the 15th day of the 5th month after the end of your annual accounting period:

- Form 990, Return of Organization Exempt From Income Tax
- Form 990EZ, Short Form Return of Organization Exempt From Income Tax
- Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required to File Form 990 or Form 990-EZ
- Form 990-PF, Return of Private Foundation or Section 4947(a)(1) Trust Treated as Private Foundation

According to IRC Section 6033(j), if you don't file a required annual information return or notice for 3 consecutive years, we'll revoke your tax-exempt status on the due date of the 3rd required return or notice.

You can get IRS forms or publications you need from our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions, call 877-829-5500 between 8 a.m. and 5 p.m.,

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Keep Pensacola Beautiful Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) **501(c)(3) Corporation**

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

TO: Tourist Promotion Partners
RE: Requests for funding for Fiscal Year (FY) 2026

Dear Potential Funding Recipient:

Attached please find the Escambia County Tourism Promotion Agency Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 31, 2025

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is required. If you need more space, please reference the appropriate question for your answers on any additional documentation. This information does not take the place of the requirements of the Tourist Development Council for TDC grant recipients.

Important Note: As a requirement to receive County TDT grant monies, your organization will be **required** to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the **Attachment A** "Annual Narrative Form", attached to this application.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is an application check list to ensure all required documents are submitted. Please check each box to confirm that these items are included with your funding request application.

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,
Stephan Hall
Finance Director

FISCAL YEAR 2026

ESCAMBIA COUNTY
AGENCY FUNDING REQUEST APPLICATION

All agencies requesting funding from Escambia County must submit the below-listed information and complete the attached form. Failure to submit all required information or to complete the form will remove your organization from consideration for funding. Please submit the completed application packet electronically to **Budget@myescambia.com**.

DEADLINE - Monday, March 31, 2025

ELIGIBILITY CRITERIA:

Organizations eligible to apply for funding must:

- Demonstrate funding received from sources other than local governments in an amount at least equal to the amount requested from Escambia County.
- Tax-exempt under Section 501(c)(3) of the Internal Revenue Code, independent of a financial sponsor (local affiliates may apply under the 501(c)(3) of the national organization).
- Located in and serve residents of Escambia County.
- Provide at least 3 full years (36 months) of independently prepared, audited or reviewed financial statements or tax returns, unless organization was formed within the last 3 years.
- Not a recipient of Community Partner funding for more than 3 fiscal years unless the organization serves a government purpose OR for years 4 and beyond, funding must reduce at rate of at least 5% per year.
- The Board of County Commissioners retains the right to waive the eligibility criteria.

APPLICANTS SHOULD:

- Explain why receiving funding would have an especially significant impact on their organization.
- Have a mission and programs or services that serves a governmental program or citizen focused mission.
- Submit a proposed budget where government funding does not exceed 50% of annual operating budget unless in first 3 years of operation or mandated by statutory or another regulatory requirement.
- Plan to expend funds within 12 months.

Funds may be provided for programs, services, necessary infrastructure or other initiatives that support the organization's core mission. **Funds will not be provided for:**

- debt reduction, operating deficits, interim or bridge funding or endowment funding,
- individuals or private foundations,
- activities that are religious or political in nature,
- fund drives, annual appeals, fundraising events or general capital campaigns, and
- salaries that do not directly impact the program unless mandated by statutory or regulatory requirement.

When submitting your completed application with all required documents, provide your documents in original Word format or a direct PDF of the Word document. **Please limit scanned documents as much as possible.**

25-Word Description of Program: _____

Foiling Week promotes tourism by staging World Class foiling sailing events in Pensacola, attracting hundreds of international tourists and sailing enthusiasts for up to 10 days to the area, generating significant local economic impact. Foiling Week is planned exclusively in Pensacola and aims to become one of the 2 largest multiclass foiling events globally.

How many years has your organization been providing services in the County? 1 – Under the name Sail Pensacola

How many years has your organization received funding from the County? 1 – Under the name Sail Pensacola

Explain how receiving funds from the County would have a significant impact on your organization:

This funding will be used by Foiling Events US Inc. to stage a sailing event that has proven extremely

successful in the first year (2025) in Pensacola. This event will continue to grow, more than doubling the number of participants for year two (2026), thanks to careful planning and established relations with the sailing global governing body, the sailing classes and the sailors. The event has seen the participation of nearly 20 countries, bringing a wide variety of new visitors to Pensacola. Furthermore the event has connected the global foiling industry with the US foiling industry and the Pensacola based American Magic, UWF and IHMC

PRIOR YEAR FUNDING

(if none received, mark N/A and skip to next section)

Amount Received Last Year, if applicable: _____$315,000_____

Briefly discuss how last year's funds were used? These funds were not given directly to Foiling Events US but to Sail Pensacola as the funded party. This year we are looking to grow on the first year that was catalyzed by Sail Pensacola and its mission to continue this project and grow in size and number. The funding was spent on the following key areas - Global Marketing and promotion. Key team members and logistics. Broadcast and distribution. Race Management and stakeholder engagement.

Briefly discuss the County's Return on Investment relative to last year's funding? In other words, what impact did your program have on the citizens of Escambia County? Please see the attached event report which includes key metrics, numbers and activations.

CURRENT YEAR REQUEST

Briefly discuss how the funding you are currently requesting will be used. What does your program do and why is it an asset to the County? **This event will generate direct benefits in the form of tourist visitation for the nine days and nights of the event. The resulting economic impact will be appreciable and will occur at the end of March, guaranteeing mid-week occupancy. Foiling Events Us Inc intends to continue operating annually with growth in scope and attendance associated with steady expansion of economic impact over multiple years.** This event will distinguish Pensacola among North American cities for hosting world-class sailing events attracting a completely new demographic with high spending capacity.

Is your program a governmental function or requirement? If a governmental request, please site regulatory/statutory requirement. Please explain: ___No_____

GOALS AND METRICS

Provide "Specific and Measurable" metrics in the following three sections:

1. Please complete the Agency Metrics Scorecard below by listing up to three primary goals that this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If you are an Agency that received funding the prior year use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY23-24	FY24-25	FY25-26	% Change
1. Number of event attendees (competitors) for Foiling Week		181	400/450	250%

2. Please list the goal performance measure(s) by which your organization will measure the success of your program if funding is received. Maximum of three. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY26
1. Number of National/Continental Competitive Sailing Events	6 (2 Special Events – GWA and Foiling Week, 1 world title)
2. Competitors (Entries)	300+

3. Total Equivalent Media Value (Tracked by Icarus and Mention tracking)	$3mil+

3. Please list the actual baseline statistics/agency metrics for the performance measure(s) as listed on the previous question on the application. Maximum of three. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY25
1. Number of National/Continental Competitive Sailing Events	2 US Nationals (2 World Sailing Special Event GKA and Foiling Week)
2. Competitors (Entries)	181
3. Total Equivalent Media Value (Icarus Media Assessment and Mention)	2.225M

To the Attention of the TDC Board Members
Re: Clarifications on Foiling Week Pensacola Application
Date: August 1st 2025

Dear Board Members,

Following the questions raised during the TDC Board meeting on June 17th, please find below our official responses and clarifications. We appreciate your attention to detail and the opportunity to address the items brought forward.

We would also like to note that, based on the nature of several questions, it appears the updated application documents — sent on Monday, May 19th — may not have been shared with the full Board prior to the meeting. These included the revised FY2025 budget, updated narrative, and supporting materials. For ease of reference, we are reattaching the original email and all associated files with this letter.

We are planning a visit to Pensacola next week to meet with city and county officials to discuss the project in more detail. We will make every effort to be present — either in person or remotely — at the meeting on the 17th.

Should you have any questions or comments, we would be happy to respond.

Best regards,

Luca and Scott

1. **Was the City of Pensacola consulted in advance regarding infrastructure and public safety needs?**
   The original date for Foiling Week 2025 was proposed by Visit Pensacola. Only in January 2025 did we become aware of a scheduling overlap with Mardi Gras. We immediately engaged with Mardi Gras organizers to coordinate joint promotions (e.g., their mascot was a "foiling dog") and ensure alignment on public safety.
   To reduce strain on city services, the event village operated only for the weekend, and we provided additional support to local police, fire, and ambulance services.
   The process is further detailed in the attached letter from Guess Consulting. For the 2026 edition, the Foiling Week team has already scheduled several planning meetings with City officials and local stakeholders to define infrastructure and public safety coordination, plus we already filed application permit for the park on April 15th 2025 (Document attached)

2. What is the current legal and fiscal structure of Foiling Week Pensacola? Is there now a domestic entity?

Yes. We have established **Foiling Events US**, a dedicated legal entity in the United States to support our long-term commitment to the region. The entity has now received official recognition as a **charitable organization under IRS code 501(c)(3)**. (Copy of the recognition letter is attached.)

We are actively working to build partnerships with local and national organizations, including—but not limited to—Sail Pensacola, Pensacola Beach Yacht Club (PBYC), Performance Regattas, the Gulf Yachting Association (GYA), and U.S. Sailing.

3. "$315,000 was spent on 'key team members' and logistics." What does that mean?

As stated on **page 5** of the application, prior-year funding was allocated across the following five categories:

– Global marketing and promotion
– Key team members and logistics
– Broadcast and distribution
– Race management
– Stakeholder engagement

4. How were room nights calculated?

We use a common metric known as **person-nights** (or guest-nights), calculated by multiplying the number of people by the number of nights stayed (e.g., two people staying three nights = six person-nights).

This data was collected through post-event attendee surveys and on-site interviews. For example, although VIP attendance was estimated at **421**, we accounted for only **216 room nights**, as many VIPs were local. All the core numbers are actual and not estimated. Spectators' numbers are based on surveys conducted during the week, and the questions included if they stayed one or two nights or more.

5. Why was the FY25 budget omitted from the application?

The **FY2025 budget is included** in the updated application submitted on **May 19th**. We believe the confusion stems from the fact that this updated version may not have been distributed to all TDC board members in time. We are happy to re-send all relevant documents upon request.

6. Who qualifies as a VIP, and what role or compensation do they receive?

VIPs include national and international stakeholders from industry, government (including representatives from the PNS), sponsors, public figures, and other key partners who contribute to the success and visibility of the event.

VIPs are not compensated, though some hospitality-related costs (e.g., transport or lodging) may be covered, as is standard practice.

7. Is there any formal relationship with American Magic or other high-profile partners?

There is currently no formal agreement in place with American Magic. However, the team actively participated in the Foiling US Industry Congress and hosted attendees during a technical visit that was part of the event program.

We maintain a positive dialogue and are continuing to work toward further cooperation. Most members of the American Magic sailing team took part in both Foiling Week Pensacola and Foiling Week Malcesine (Lake Garda) in 2025.

Foiling Week is, in any case, a World Sailing Special Event, with ties not only to World Sailing but also to US Sailing (see attached). We also have a close and active relationship with both the SailGP and America's Cup ecosystems, including their respective teams, many of whom regularly participate in our events and initiatives.

Needless to say, we will continue our collaboration with several local partners, including Sail Pensacola, Performance Regattas, PBYC, and others

8. What is the real number of event participants expected—300 or 450?
On **page 9** of the application, the reference to **"300+"** represents the base threshold for success. The higher estimate of **400–450** is what we are really aiming for.
In year one, we forecasted **180 competitors** and recorded **181**, confirming the reliability of our forecasting approach.

9. Were all 478 staff members compensated, or were volunteers included in that figure?
The figure "478" refers to **room nights**, not to the number of staff.
The actual operational team consists of approximately **40 individuals** over a **12-day period**, including a mix of paid professionals, part-time contractors, and volunteers.
The total **room nights** is the result of a simple calculation:
40 people × 12 days = 480 room nights,
rounded to **478** based on actual accommodation durations and shifts in team presence.
So the 478 figure does not refer to headcount, but rather to the **accumulated number of nights** staff and collaborators stayed during the event.

10. They list $30,000 of "other income" with no explanation.
As stated on **page 12, paragraph (b)** of the application, this line item refers to projected revenue sources including:
– Sponsorships
– VIP hospitality packages
– Grants from national and international associations
– Referral fees and business introductions

Subject: Foiling Events US revision requested

Dear Allyson,

I hope this message finds you well.

I'm writing on behalf of Luca, who is currently in Genoa managing a major event as part of the Foiling Summit. He has asked me to respond in his absence.

Thank you for your clear and comprehensive summary of the revisions requested. We appreciate the guidance and believe we have addressed the majority of the items outlined.

Please find the following documents attached for your review:

- **Updated post-event report**, including confirmed **bedroom night figures** - these are the figures being used in the EI report calculation.
- **Media Valuation Report**, as referenced within the post-event report.
- **Draft Marketing Plan** for the upcoming edition.
- **W9** - Foiling Events US Inc.
- **501(c)(3)** receipt
- **Updated TDC Application** based on feedback
- Most recent Article from an interview with the Major - HERE

We are currently awaiting the full economic impact calculations from our third-party provider and will share that as soon as it is available.

We were, however, a little confused by the query regarding the **Budget Expenses Expense Table** section. I think we were a bit confused here, as we had entered the 2025 event figures, these are now removed and only the 2026 Figures for the fore coming event in 2026 will be used. We've entered figures based on actual spend (nothing in 2025) forecast this year and projections for the next (where the bulk of the spend will be), so we would appreciate a quick clarification today if possible to help us resolve this properly ahead of your deadline. The table now shows the $68 net income (Revenue - Expense). Sorry for any misunderstanding we would really like to get this resolved but need a bit of help. Happy to have a call if it is easier.

Should you have any additional questions or require clarification on any of the enclosed items, please don't hesitate to let us know. We remain committed to supporting Escambia County's tourism goals and value your partnership.

Warm regards,

Scott

Hello Mr. Rizotti,

We have completed the review of your FY 25-26 Tourist Promotion application. Although you did a nice job on the application, we would like to request the following revisions and documentation.

On page three is a list of required documentation. I do not have a W9, your tax returns, nor do I have any financials.

Also on page 3, in your 25 Word Description, please make promoting tourism your number one goal. You can add something like "which will bring "X" many tourists and sailing enthusiasts to Escambia County to enjoy the events and spend their money." to the last sentence.

Your organization provided services for 1 year – under the name "Sail Pensacola"

Your organization received funding from the County for 1 year - under the name "Sail Pensacola"

On page 6, there is a request for a marketing plan. **Please attach to your application.**

On page 6, please answer the question regarding ticket sales or sponsorships for your tourism event.

On page 7, please move your FY 25 number to the FY 24 column and supply fresh numbers for this year.

On page 7 in your Goals and Metrics chart, what is "TBC" or did you mean TBD? If that is a typo, and you meant TBD (to be determined) – you will need to supply a hard number or delete the metric.

Please provide the source used to collect your event metrics and add that information to the application.

On page 7, Question 2 on your Program Goals chart (starts on page 7) what is "Total equivalent Media Value" and how is it a goal? How will it be tracked?

On page 8, Question 3, same question as above on the Baseline for Goals chart.

On page 9, your Income Table has mathematical errors. The total for FY 25 is $816,250 and for FY 26 is $1,050,250.

On page 10, please answer question (b). You have $30,000 listed as "Other Income".

On page 12, there are mathematical errors. For FY 25, Total Expenses are $3576.46. (However – this number needs to be revised. There were more expenses in FY 25 than $3576.46.) Even if you don't revise that number, your Net Income line is wrong. Currently for FY 25 you have $812,673.54 (you show $939.17) and for FY 26 you have ($34,032) (you show $782)

There may be more revisions necessary once we receive your financials.

Please make these revisions and return to me as soon as possible. The Budget Workshop for TDC is May 20th, and the Board will need an opportunity to review your application before that date.

Sincerely,

Allyson Parden

Hi Allyson,

Please see attached the amended version with 2025 numbers. We were initially slightly confused as the 2025 application was done by Sail Pensacola so didn't know if this was a continuation of the application or a fresh.

I hope this now makes sense.

Many thanks,

Scott

Good Morning Scott,

Regarding your Income Table and Expenses Chart:

Use Sail Pensacola's numbers for FY 24-25 (middle column) and Foil Events numbers for FY 25-26 (last column) on the Expense Table. FY 25-26 will be your best estimate, but you should have decent hard numbers for FY 24-25 from Sail Pensacola.

In all tables, FY 24-25 numbers will be based on what Sail Pensacola did last year. while FY 25-26 numbers are based on what you hope to achieve over FY 24-25 numbers. Does that help?

Thanks,

TO: Tourist Promotion Partners
RE: Requests for funding for Fiscal Year (FY) 2026

Dear Potential Funding Recipient:

Attached please find the Escambia County Tourism Promotion Agency Application, which will be used for budget allocation purposes for the upcoming fiscal year.

The deadline to submit completed applications is Monday, March 31, 2025

The application provides you with adequate space to list all your organization's sources of revenue and your major categories of expenditures. When preparing the requested narratives, a clear and concise response is required. If you need more space, please reference the appropriate question for your answers on any additional documentation. This information does not take the place of the requirements of the Tourist Development Council for TDC grant recipients.

Important Note: As a requirement to receive County TDT grant monies, your organization will be **required** to submit both quarterly metrics and an annual report. Your required metrics report will be derived from the metric information within your application. Specific instructions to complete your annual report are included in the **Attachment A** "Annual Narrative Form", attached to this application.

Applications must be submitted electronically. When submitting your application, please follow all instructions and fill out the questions clearly. There is an application check list to ensure all required documents are submitted. Please check each box to confirm that these items are included with your funding request application.

Escambia County is committed to making information accessible. As part of that effort, documents delivered to Escambia County as part of this project are to meet website guidelines for accessible design set forth by the U.S. Department of Justice under the Title II of the Americans with Disabilities Act (ADA) and web content accessibility guidelines. For this reason, please submit Word format documents if ADA guidelines cannot be met.

We look forward to learning how Escambia County may be able to support your organization to maximize outreach to the citizens of our great county!

Sincerely,
Stephan Hall
Finance Director

Foiling Week promotes tourism by staging World Class foiling sailing events in Pensacola, attracting hundreds of international tourists and sailing enthusiasts for up to 10 days to the area, generating significant local economic impact. Foiling Week is planned exclusively in Pensacola and aims to become one of the 2 largest multiclass foiling events globally.

How many years has your organization been providing services in the County? 1 – Under the name Sail Pensacola

How many years has your organization received funding from the County? 1 – Under the name Sail Pensacola

Explain how receiving funds from the County would have a significant impact on your organization:

This funding will be used by Foiling Events US Inc. to stage a sailing event that has proven extremely

successful in the first year (2025) in Pensacola. This event will continue to grow, more than doubling the number of participants for year two (2026), thanks to careful planning and established relations with the sailing global governing body, the sailing classes and the sailors. The event has seen the participation of nearly 20 countries, bringing a wide variety of new visitors to Pensacola. Furthermore the event has connected the global foiling industry with the US foiling industry and the Pensacola based American Magic, UWF and IHMC

PRIOR YEAR FUNDING

(if none received, mark N/A and skip to next section)

Amount Received Last Year, if applicable: _____$315,000_____

Briefly discuss how last year's funds were used? These funds were not given directly to Foiling Events US but to Sail Pensacola as the funded party. This year we are looking to grow on the first year that was catalyzed by Sail Pensacola and its mission to continue this project and grow in size and number. The funding was spent on the following key areas - Global Marketing and promotion. Key team members and logistics. Broadcast and distribution. Race Management and stakeholder engagement.

Briefly discuss the County's Return on Investment relative to last year's funding? In other words, what impact did your program have on the citizens of Escambia County? Please see the attached event report which includes key metrics, numbers and activations.

CURRENT YEAR REQUEST

Briefly discuss how the funding you are currently requesting will be used. What does your program do and why is it an asset to the County? **This event will generate direct benefits in the form of tourist visitation for the nine days and nights of the event. The resulting economic impact will be appreciable and will occur at the end of March, guaranteeing mid-week occupancy. Foiling Events Us Inc intends to continue operating annually with growth in scope and attendance associated with steady expansion of economic impact over multiple years.** This event will distinguish Pensacola among North American cities for hosting world-class sailing events attracting a completely new demographic with high spending capacity.

Is your program a governmental function or requirement? If a governmental request, please site regulatory/statutory requirement. Please explain: ___No_____

Please provide the detail and information regarding ticket sales or sponsorships for your tourism event or activity: (TDT Tourism funding applicants only). Ticket sales will be made for on water ferries at $150 pppd, and we will look to run 2 ferries per day for 2 days with up to 100 guests. The race village will not be ticketed and free to enter. Regarding Sponsorship, we will target international companies that are looking to setup in Pensacola / US. We will also look to engage local businesses and industry that can

take advantage of the international exposure and global reach. These packages are yet to be defined and will be sold after from July onwards after the Italian event has concluded.

GOALS AND METRICS

Provide "Specific and Measurable" metrics in the following three sections:

1. Please complete the Agency Metrics Scorecard below by listing up to three primary goals that this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If you are an Agency that received funding the prior year use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY23-24	FY24-25	FY25-26	% Change
1. Number of event attendees (competitors) for Foiling Week		181	400/450	250%
2.Hotel stays (nights) for Foiling Week		10243	21608	211%

2. Please list the goal performance measure(s) by which your organization will measure the success of your program if funding is received. Maximum of three. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY26
1. Number of National/Continental Competitive Sailing Events	6 (2 Special Events – GWA and Foiling Week, 1 world title)
2. Competitors (Entries)	300+

3. Total Equivalent Media Value (Tracked by Icarus and Mention tracking)	$3mil+

3. Please list the actual baseline statistics/agency metrics for the performance measure(s) as listed on the previous question on the application. Maximum of three. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY25

FOILING WEEK Pensacola

EVENT REPORT
2025

Summary

Foiling Week Pensacola is the first "World Sailing Special Event" to be hosted in Pensacola, showcasing, at its inaugural edition, the largest Waszp event in North American history, two North American Championships, 176 boats and boards racing on the water (the first edition of Foiling Week Malcesine had 60...), a downwind board race, and a host of other board events.

All of this was combined with a free to enter Race Village in downtown Pensacola, the first Foiling Week edition to open its doors to spectators on this scale.

The event also featured a wide range of activities outside of racing, including a beach clean-up with BioDesign Foundation and Ocean Hour Foundation, activities with the Satori Foundation for the Dixon School, and the first continental edition of the Foiling Film Festival, celebrating the stories and adventures of foiling.

Foiling industry leaders and US entrepreneurs gathered at The Foiling Organization's inaugural United States Foiling Business Forum to discuss the future of the industry and explore new economic development opportunities for the City of Pensacola.

The Foiling Organization also signed a Memorandum of Understanding with the FloridaWest Economic Development Alliance to position Pensacola as a leading global hub for foiling innovation, sustainable marine technology and economic growth.

Foiling Week Pensacola – Comprehensive Marketing Plan (FY2026)- DRAFT

Submission to Pensacola Tourist Development Council (TDC)

Foiling Week Pensacola is a premier international hydrofoil sailing festival and World Sailing Special Event poised to establish Pensacola as the "Foiling Capital" of the United States. Following a highly successful inaugural edition in 2025, this marketing plan outlines a strategic roadmap for growing the event's tourism impact, global reach, and community integration in 2026 and beyond. It maintains the core goals and strategies of the original plan while incorporating updated elements – including featuring the World Foiling Series in 2026 – to ensure Pensacola continues to shine on the world stage of sailing.

Goals

- **Elevate Pensacola as a Global Foiling Destination:** Position Pensacola Bay as a world-class venue for hydrofoil sailing. In 2026, Foiling Week Pensacola will be a key stop of the World Foiling Series, attracting elite sailors and enthusiasts from around the globe. The event's prestigious status as a World Sailing Special Event underscores Pensacola's prominence on the international sailing calendar.
- **Drive Tourism and Economic Impact:** Leverage the event to generate substantial tourism benefits for Escambia County, particularly in the spring shoulder season. Our goal is to exceed the 10,243 hotel room nights **(2025 actual)** achieved in the first year by at least 75% in 2026, filling hotels and boosting local businesses during a traditionally off-peak period. The nine-day event is strategically scheduled in late March to extend visitor stays over weekdays, increasing mid-week occupancy. We aim for **300+ competitors** (more than doubling 2025's ~180) and thousands of spectators, resulting in appreciable direct spending on lodging, dining, and attractions in the Pensacola area.
- **Expand Participation and Audience Reach:** Grow both the participant base and the spectator/online audience annually. Foiling Week Pensacola 2025 saw 176 foiling boats and boards on the water, representing 18 countries across five continents – the largest gathering of foiling craft ever in North America. Building on this, our 2026 goal is to attract an even broader international field and greater out-of-state attendance. We will amplify global media exposure from the **90.4 million** potential reach achieved in 2025, targeting over 100 million in 2026 with enhanced broadcast distribution. The event's media coverage and content will be leveraged to achieve an **equivalent advertising value** exceeding $3 million (2025 baseline: $630,000), delivering outstanding ROI in global visibility for Pensacola.
- **Community Integration and Legacy:** Ensure the event benefits and engages the local community, leaving a lasting positive legacy. This includes robust educational outreach to local youth and students, partnerships with area institutions and businesses, and volunteer opportunities. A core aim is to inspire the next generation of sailors and innovators in Pensacola by showcasing cutting-edge sailing technology and fostering skills that can lead to marine industry jobs. The event will continue to offer free public

access to the Race Village and integrate with local culture (as seen in 2025's alignment with downtown festivals), solidifying community support and pride in Pensacola's status as a hub of innovation and sport.

Target Audiences

Our marketing efforts will focus on several key target segments to maximize participation and tourism inflow:

- **Competitive Sailing Community (Domestic & International):** Competitive dinghy, skiff, and board sailors worldwide who are active in foiling classes. This includes professional and amateur sailors from North America, Europe, Oceania, South America, and Asia. These athletes are primary participants, and we will reach them through sailing federations, class associations, regatta circuits, and international sailing media. **Goal:** Drive strong registration numbers (300+ competitors) by promoting Pensacola as a must-visit venue on the global foiling circuit (especially as part of the World Foiling Series).
- **Recreational Water Sports Enthusiasts:** Broader sailing and boating enthusiasts, kiteboarders, windsurfers, and fans of high-performance water sports. This group includes individuals and families who may travel to Pensacola to watch the races, enjoy the foiling technology displays, or even participate in amateur clinics. We target these visitors through digital advertising on sailing/outdoor adventure platforms, social media campaigns, and partnerships with clubs and coastal tourism boards. **Goal:** Boost spectator travel and local attendance, aiming to surpass the ~6,600 visitors who attended the 2025 race village, thereby increasing tourist spend in the region.
- **Local and Regional Community:** Residents of Pensacola and the broader Gulf Coast region (Florida Panhandle, Alabama, Mississippi) who can easily attend and contribute to the event atmosphere. Marketing to this audience will emphasize the free downtown **Foiling Village** experience – including food, live music, and hands-on activities – positioning it as a family-friendly festival and a source of community pride. **Goal:** Achieve strong local turnout and volunteer engagement, fostering community ownership of the event and support for it becoming an annual tradition.
- **Youth, Students, and STEM Enthusiasts:** A critical audience for our educational outreach initiatives. This includes school-aged children, high school and college students (especially those in STEM programs), and youth sailors in training. We will coordinate with schools, youth sailing programs, University of West Florida (UWF), and the Institute for Human and Machine Cognition (IHMC) to involve students in event activities, tech talks, and on-water clinics. **Goal:** Engage hundreds of local youths through field trips, demonstrations, and internship/volunteer roles, using the excitement of foiling to spark interest in science, engineering, and sailing.
- **Tourism & Business Stakeholders (Secondary Audience):** While not the direct consumer of event promotions, this group – including local hospitality businesses, potential sponsors, and travel operators – is crucial for amplifying our marketing reach. We will keep hoteliers, restaurants, and tour providers informed and involved so they become event ambassadors (offering package deals, displaying posters, etc.). We'll also communicate the event's successes to sponsors and the Pensacola business community to encourage investment and partnerships. **Goal:** Strengthen stakeholder buy-in and

collaborative marketing (e.g., cross-promotion through Visit Pensacola and partner channels), ensuring the event's growth is supported by the wider community and private sector.

Multi-Channel Marketing Strategy

Foiling Week Pensacola will execute a robust multi-channel marketing campaign to reach these audiences and achieve our growth objectives. Each channel is tailored to engage the target demographics most effectively, while a cohesive message ties all channels together: Pensacola is the premier place in the U.S. to witness and experience the future of sailing. Key components of our strategy include:

Digital Marketing

- **Website & Email Marketing:** Maintain and regularly update the official Foiling Week website (and dedicated Pensacola event pages) with 2026 event details, schedules, and registration information. Utilize email newsletters to past participants, class associations, and mailing lists from sailing organizations to announce the 2026 event and provide ongoing updates (registration opening, travel info, etc.). Clear calls-to-action ("Register Now", "Plan Your Visit") will drive conversions. We will also leverage the Pensacola Beach and Visit Pensacola websites for event promotion and tourism information, ensuring prospective visitors have easy access to accommodation and destination guides.
- **Social Media Campaigns:** Expand our social media presence to build excitement both locally and internationally. A content calendar will deliver engaging posts across **Instagram, Facebook, YouTube, and TikTok** (the latter two to tap into younger and broader audiences). Content will include high-impact visuals from the 2025 event (foiling boats soaring above the water, crowds at the race village), athlete spotlights, behind-the-scenes looks at preparations, and Pensacola destination highlights (beautiful bay scenery, local attractions). We will use event-specific hashtags (e.g. **#FoilingWeekPensacola**) alongside popular sailing tags to amplify reach. In 2025, our social media team produced over 100 posts and stories (115 Instagram stories, 59 IG posts, 40 FB posts), resulting in widespread engagement. For 2026, we plan targeted social media ad buys (Facebook/Instagram) focused on sailing interests and travel intenders in key markets (major U.S. sailing hubs, Europe, Australia/NZ), to convert interest into event registrations and travel bookings. We will also foster online community by interacting with followers, answering questions about Pensacola travel, and sharing user-generated content from participants.
- **Online Video & Streaming:** Capitalize on the spectacular nature of foiling through video. In the lead-up, we will release teaser videos and athlete interviews on YouTube and social channels. During the event, live streaming of races or highlights will be broadcast on platforms like YouTube or Facebook Live, allowing global fans to follow the action in Pensacola. We will collaborate with **Foiling Week's global media team** to ensure high production quality; in 2025 our media crew generated ~8.5 hours of edited video (including daily highlight reels and news releases). For 2026, these videos will be strategically distributed through World Sailing and international sailing websites as part of the World Foiling Series promotion, further increasing Pensacola's exposure.

- **Virtual Engagement:** Continue the successful **Virtual Regatta** online game integration. In 2025, over 8,000 unique players participated in a virtual sailing race mirroring Foiling Week Pensacola, which kept remote audiences engaged and thinking about Pensacola. We plan to expand virtual racing challenges in 2026 and incorporate real-time data from the actual races, if possible, to enhance the interactive fan experience. Additionally, we will explore augmented reality (AR) filters on Instagram/Snapchat (for example, a filter that places a foiling boat in the user's environment with Pensacola branding) to create buzz and encourage shares.

Broadcast & Traditional Media

- **Press Releases & News Media:** Issue a series of press releases to local, national, and international media at key milestones: event announcement (mid-2025), registration opening, major sponsorships or partnerships, and a pre-event media advisory highlighting story angles (e.g. local hero stories, technological innovations, human-interest pieces such as an inspiring youth competitor). In 2025, we secured coverage through at least 7 global press releases and earned media interviews (including TV news features and radio spots). For 2026, our goal is to broaden media pickup by pitching to travel writers and sports journalists, positioning Foiling Week Pensacola as a unique tourism draw (combining world-class racing with a festival atmosphere and Pensacola's charm). We will emphasize that Pensacola is hosting a **World Foiling Series** event – a distinction that adds newsworthiness – and leverage World Sailing's publicity channels for additional reach.
- **Television & Radio:** Work closely with local TV stations and radio to promote the event in the region. We will schedule interviews and segments with event representatives, sailing athletes, and local stakeholders in the weeks leading up to the event to drive community awareness. In 2025, coverage included a TV interview with America's Cup sailor **Riley Gibbs** (training in Pensacola) alongside a former Blue Angels pilot, creatively linking Pensacola's naval aviation heritage with the "flying boats" of foiling. We plan similar media opportunities highlighting Pensacola's unique story: for example, a feature on how the presence of the American Magic sailing team and the foiling event series is transforming Pensacola into a high-tech sailing hub. Live radio broadcasts (such as morning shows on event days) and on-site reporting from the Race Village will be arranged to capture the event's excitement and encourage any last-minute attendees.
- **Event Broadcast & Highlight Shows:** For a broader audience, we intend to produce a post-event televised highlight program (or digital video series) summarizing the week's races and festival activities. This could be offered to sailing-oriented TV networks or content partners (e.g., CBS Sports Network's sailing segments, Olympic Channel, or streamed on YouTube Sailing channels). The aim is to package Pensacola's event as compelling content that showcases both the sport and the destination, thereby reaching viewers who may then plan to attend in future years. Additionally, as part of the World Foiling Series, there may be opportunities to collaborate on a series-wide broadcast package – we will actively pursue inclusion of Pensacola's stop in any global broadcast arrangements.
-

Influencer and Ambassador Engagement

- **Sailing Influencers & Athletes:** Engage prominent figures in the sailing and foiling world to act as ambassadors for Foiling Week Pensacola 2026. This includes champion sailors, America's Cup team members training in Pensacola (American Magic athletes), and social media influencers known in the sailing community. We will invite these individuals to share their experiences and excitement about Pensacola – for instance, through short testimonial videos or takeover posts on our channels. By highlighting that world-class competitors are coming (and love the venue), we build credibility and buzz among competitive sailors and fans. We also plan to feature diverse voices (including top female foilers and youth champions) as influencers to broaden the appeal and inspire new audiences.
- **Local and Regional Influencers:** Partner with travel and lifestyle influencers in the Southeast U.S. to promote the event as a must-visit experience. We will host a few influential bloggers/vloggers during the event for first-hand coverage (offering them unique experiences like a ride on a chase boat to film the action, or an insider tour of the event operations). Their content (blogs, Instagram stories, YouTube vlogs) will highlight Pensacola's attractions – from the thrilling foiling races to our beaches, seafood, and downtown scene – reaching audiences that follow general travel and boosting Pensacola's profile.
- **Cross-Promotion with Partners:** Utilize the networks of our partners and sponsors. For example, coordinate with American Magic to share event announcements on their channels (they have a significant following of sailing enthusiasts who are likely interested in foiling events). We will also seek co-marketing with World Sailing and class associations: e.g., have the **foiling classes (moth, kitefoil, wingfoil, etc.)** share Pensacola event content with their memberships. These collaborations significantly extend our reach with authentic endorsements.
- **Community Champions:** Identify local "champions" – respected figures in Pensacola (business leaders, educators, or even the Blue Angels team members) – who can advocate for the event in community meetings, tourism forums, and on personal social media. Their support can galvanize local interest and lend a hometown pride angle to promotions ("Pensacola is hosting a world-class event, come be part of it!"). We will provide these ambassadors with talking points, promotional materials, and perhaps a special role during the event (such as emceeing a ceremony or leading a welcome for international guests).

Travel Packages & Tourism Promotions

- **Collaborations with Visit Pensacola and Hotels:** Work hand-in-hand with Visit Pensacola to develop attractive travel packages for participants and spectators. We are negotiating special **hotel rates** and blocks during the event week to ensure availability and affordability, with a focus on downtown and beach accommodations. These will be promoted on event and tourism websites ("Book your Foiling Week stay – partner hotels offering 20% off for attendees") and through direct outreach to registered sailors. In addition, we will encourage hotels to create **Foiling Week Pensacola** packages (including perks like shuttle service to the venue or breakfast vouchers) to enhance visitor

experience. Our goal is to smoothly convert interest into actual trip bookings, contributing to our target of >20,000 room nights in 2026.

- **Air Travel and Transportation:** Although Pensacola International Airport offers convenient access, we will explore partnerships with airlines (for example, a discount code or group rate for event attendees coming from key hubs like NYC, LA, London). We will also coordinate with rental car agencies or rideshare companies for any event-week promotions. These efforts will be communicated on our website's "Plan Your Trip" section, making it easy for international visitors to find travel information.
- **Experience Packages:** Develop themed experience packages that bundle the event with local attractions to entice visitors to extend their stay. For instance, a "Foiling + Fishing Adventure" package could combine attending the regatta with a charter fishing trip, or a "Foiling Week Family Fun" package could include tickets or discounts to the Pensacola aviation museum, beach activities, or eco-tours in addition to event access. By highlighting the full range of activities Pensacola offers, we not only draw more visitors but also spread economic benefits across different local businesses. These packages will be marketed via tourism outlets and social media (e.g., "Make it a vacation: Enjoy world-class sailing and a beach getaway in one trip!").
- **Regional Outreach:** Promote the event in drive markets (within a few hours' drive of Pensacola). We will run targeted ads and PR in cities like New Orleans, Atlanta, Tampa, and throughout the Florida Panhandle, emphasizing the unique spectacle of Foiling Week and Pensacola's attractions. Weekend getaway pitches will be used (e.g., "Come for the foiling races, stay for the beach sunsets and seafood"). Partnerships with regional travel bloggers or inclusion in regional event calendars will support this outreach. The intent is to draw not only hardcore sailing fans but general tourists looking for an exciting event to attend during spring.

Educational Outreach & Community Engagement

- **Schools and Youth Programs:** Expand our partnership with local schools and youth organizations to make Foiling Week an educational opportunity. In 2025, a **Foiling Symposium** at the Race Village featured discussions on foiling technology and sustainability (#Regeneration theme), which several school groups attended. For 2026, we will formalize a "Schools Day" during the event week: inviting area schools (middle, high school, and college STEM clubs) to attend the Race Village in a guided program. This may include Q&A sessions with engineers and sailors, demonstrations of how hydrofoils work, and interactive exhibits (possibly with IHMC showcasing related tech or UWF engineering students presenting projects). We will provide teachers with pre-event educational materials to tie into science and physics curricula, so the field trip has clear learning outcomes.
- **Try Sailing / Try Foiling Clinics:** Continue and grow the popular **"try out" sessions** for the public. In the 2025 Race Village, visitors could try boards and small foiling craft under instructor supervision – an initiative that demystified the sport and encouraged new people to get involved. In 2026, we plan to offer more extensive clinics: a beginner sailing afternoon where local youth (especially from underrepresented communities) can learn basics on a simulator or in a stable foiling dinghy, supervised by certified coaches. We'll work with organizations like **Sail Pensacola (the local non-profit)** to recruit

participants and instructors. This not only builds grassroots sailing interest but also connects the event to community health by promoting outdoor recreation.

- **University and Institute Collaboration:** Deepen our integration with UWF and IHMC. For example, we will invite IHMC researchers to present at the Foiling Symposium on topics like aerodynamics or human-performance aspects of foiling, bridging the gap between sport and science. We also intend to offer internship roles to UWF hospitality and sports management students, letting them gain experience in event operations/marketing as part of Foiling Week. Such involvement strengthens community ties and builds local expertise for sustaining the event in future years.
- **Volunteer Program:** A strong volunteer base is key to community integration. We will launch a volunteer recruitment drive in late 2025, targeting local sailing club members, university students, and civic groups. Volunteers will be involved in various aspects (race management support, visitor assistance at the village, environmental cleanup teams, etc.). We plan to host volunteer orientation sessions that double as community social events (e.g., a kickoff BBQ) to foster a sense of ownership and excitement among locals. Recognizing volunteers publicly (thanking them in media, providing certificates or event-branded apparel) will further cement goodwill.
- **Legacy and Sustainability Initiatives:** Emphasize that Foiling Week Pensacola is not just a one-off event but part of a long-term vision for Pensacola. We will communicate how the event, with TDC support, contributes to the **Pensacola/Escambia County Strategic Plan** by attracting international visitors and high-tech sports, inspiring youth, and even potentially incubating a local marine tech industry. Our 2026 event will again champion sustainability (building on the 2025 theme of "#Regeneration"). We'll implement eco-friendly measures (e.g., beach clean-ups, single-use plastic reduction, carbon offset for event operations) and highlight them in marketing—appealing to environmentally conscious audiences and aligning with the community's values.

Budget and ROI Overview

Budget Strategy: The marketing budget for Foiling Week Pensacola 2026 is designed to efficiently deploy both TDC funds and private sponsorship contributions to maximize promotional impact and visitor yield. Below is an overview of the planned allocation of the ~$1,000,000 total program budget (with a request of $500,000 from TDC, matched by other sources):

- **Digital Marketing & Media Production – $250,000:** This covers content creation (professional photography/videography, social media content production), digital advertising buys, website management, and live streaming infrastructure. A significant investment here is justified by the global online reach; for example, our 2025 digital content yielded an estimated $630k in media value from social and news mentions, a figure we plan to substantially increase with boosted investment.
- **Broadcast, PR & Influencer Initiatives – $150,000:** Costs include PR agency support to secure media coverage, travel and hospitality for key influencers or media personnel (bringing in high-profile content creators or journalists to Pensacola), and production of a post-event highlight program for broadcast. By amplifying earned media and influencer word-of-mouth, we extend Pensacola's brand far beyond what paid ads alone could do.

- **Tourism Packaging & Hospitality – $50,000:** Budgeted to develop and promote travel packages (including any subsidies for hotel blocks, cooperative marketing with Visit Pensacola, and on-site hospitality events for travel industry reps). This investment is aimed at converting interest into actual visitation and ensuring a quality experience that encourages repeat tourism.
- **Community Outreach & On-Site Experience – $75,000:** This includes educational program materials, local advertising (billboards, local radio spots to drive community attendance), Race Village setup related to visitor experience (signage, interactive exhibit costs), and volunteer program expenses (training, uniforms, appreciation events). These efforts enhance on-site engagement and strengthen the community bond, which indirectly boosts word-of-mouth marketing and long-term support.
- **Event Operations (Marketing-Related) – $125,000:** Certain operational costs intersect with marketing objectives, such as the creation of a high-profile spectator venue and running safe, visually impressive races. This budget portion covers items like spectator viewing facilities at Maritime Park, audio-visual equipment for public commentary and presentations, safety measures that allow closer public access, and race management resources that ensure a thrilling but secure spectacle for attendees and media. While these are operational, they contribute directly to the marketability and positive impression of the event.
- **Contingency and Evaluation – $50,000:** A reserve for unplanned promotional opportunities (e.g., a chance to sponsor a segment on a national sports show, last-minute advertising boosts if registration is lagging in a certain demographic) and for post-event analysis (contracting a research firm to measure economic impact, visitor satisfaction surveys, etc.). Rigorous evaluation will help quantify the ROI to the county and inform marketing improvements for subsequent years.

Note: No funds are allocated to salaries of permanent staff – Foiling Events US Inc. operates with a lean structure and no full-time employees on payroll, instead contracting experts and agencies as needed. This ensures that TDC funding goes directly into program execution and promotion rather than overhead.

Return on Investment (ROI): The anticipated returns on this budget are significant for Pensacola and Escambia County, aligning with TDC's goals for tourism development:

- **Tourism Economic Impact:** With an expected **300+ competitors and their entourages, thousands of spectators, and 9 days of activity**, we project over 15,000 hotel room nights in 2026 (up from 10,243 in 2025). This translates to roughly $2.5–3 million in direct lodging revenue (estimating an average nightly rate), plus additional spending on food, entertainment, retail, and transportation. Conservative models suggest a total direct spend of **$5+ million** in the local economy from event-related tourism, which would yield a strong return in sales and bed tax revenues. For every $1 of TDC funding, the event could generate over $10 in direct visitor spending, not counting multiplier effects.
- **Media Value and Destination Branding:** The global media exposure from Foiling Week Pensacola functions as an extended advertising campaign for the destination. In 2025, coverage and content distribution reached an audience of over 90 million worldwide, with an estimated advertising value equivalency of ~$630,000. With the

enhancements in 2026 (World Foiling Series affiliation, increased media push), we aim to achieve **media impressions well into nine figures**, potentially worth **$3 million or more** in paid media value. This is visibility that the county gains in markets across Europe, Asia, and the Americas – branding Pensacola as a forward-looking, attractive place to visit. The long-term ROI of such branding is incalculable but real: it can stimulate future tourism outside the event dates and even interest in Pensacola as a venue for other international events.

- **Community and Social ROI:** While harder to quantify, the benefits to the local community are substantial. The event provides youth education opportunities, inspires local sailing and technology initiatives, and fosters civic pride. The partnership with local organizations and businesses ensures that a significant portion of event expenditures (vendors, services) recirculates in the local economy. Moreover, by developing a signature annual event, Pensacola strengthens its cultural and recreational offerings for residents. A successful 2026 event, supported by TDC funding, sets the stage for sustainable growth of Foiling Week Pensacola in subsequent years – moving towards self-sufficiency with increased sponsor revenue and possibly reducing the need for public funding as ROI accumulates.
- **Performance Metrics:** We will closely track key performance indicators to measure success and ROI, reporting these back to the TDC in our post-event report. Metrics include: number of participants (with breakdown of out-of-town vs local), hotel room nights and length of stay, estimated visitor spending, media impressions and AVE (Advertising Value Equivalency), social media engagement stats, and community engagement numbers (volunteers, students reached). All metrics will be compared against targets and 2025 baselines. For example, a target KPI is "Competitor count: 300+ (2025 baseline 176)" or "Social media reach: 20% increase from 2025." This data-driven approach ensures accountability and helps demonstrate the concrete returns on the TDC's investment.

Promotional Timeline & Key Milestones

A coordinated promotional calendar has been developed to roll out marketing activities in phases, maximizing momentum as the 2026 event approaches. Below is the timeline of key marketing initiatives and milestones:

- **Spring–Summer 2025 (Apr – Jul 2025): Post-Event Analysis & Early Outreach** – Immediately after the 2025 event, conduct debrief meetings and analyze survey feedback and metrics to refine marketing tactics. Secure 2026 event dates and World Foiling Series inclusion; announce the 2026 dates early (press release and website update by June 2025) to capture interest from international class schedules. Over the summer, our team will attend/promote at other major sailing events (e.g., Foiling Week Malcesine in Italy in June 2025) distributing Pensacola save-the-date flyers and networking with class leaders to seed the word globally. Initial outreach to potential sponsors and partners will also begin in this window, laying the groundwork for later announcements.
- **Fall 2025 (Aug – Oct 2025): Launch of Marketing Campaign** – Unveil the creative theme for 2026 and kick off digital campaigns. In August, release a teaser video ("Foiling Week Pensacola is back – Bigger in 2026!") across social media. September will see the

opening of competitor **registration** (timed roughly ~6 months out from event); a coordinated push will include an email blast to 2025 participants and class mailing lists, and targeted ads encouraging early sign-ups (perhaps with an early-bird entry incentive). Press release in early September to sailing media announcing that registration is open and highlighting the World Foiling Series aspect. By October, confirm any major international events (e.g., a world championship race or special exhibition) that will be part of Foiling Week 2026 and promote these in our materials to drive excitement. Locally, begin volunteer recruitment announcements through community channels.

- **Winter 2025/26 (Nov 2025 – Jan 2026): Building Momentum & Local Engagement** – As the new year approaches, intensify content releases and local promotions. November will feature the reveal of any high-profile athletes committed to attending ("Olympian X and World Champion Y will compete in Pensacola") via social posts and press notes. In December, run holiday-themed promotions (for example, "Give the gift of experience – a trip to Pensacola's Foiling Week 2026!") on social media and travel sites, capitalizing on people planning winter getaways. January 2026: conduct a **media tour** – invite local TV/radio to a "100 Days to Foiling Week" media day, possibly including a demo sail if weather permits or a tour of the American Magic training base to tie in the story. This will regenerate coverage after the holidays and keep the event in the public eye. Also in January, finalize and publish the **Event Schedule & Program** on the website, including details of the Foiling Village attractions, symposium topics, and any community events, so attendees can plan their visits.
- **February 2026: Intensive Promotion & Final Countdown** – With roughly one month to go, step up advertising and community touchpoints. Paid digital ads will peak in this period, retargeting anyone who has engaged with our content but not yet registered or booked (using pixels from our website). We'll also push out weekly content series: e.g., "Foil Facts Fridays" (educational snippets about foiling or Pensacola trivia to maintain interest) and "Competitor Spotlights" highlighting stories of a few sailors coming to the event. Mid-February, hold a press conference in Pensacola (potentially at City Hall or the Visitor Center) with city officials, organizers, and sponsors to underline community support and expected impact – invite media to ask questions, and use this platform to issue a final public call to action for attendance. Volunteer training sessions will occur in this month, generating additional local word-of-mouth. By late Feb, coordinate with Maritime Park and city services on installing signage and banners around town ("Welcome Foiling Week visitors!") to visually reinforce the upcoming event for residents and early arrivals.
- **Event Week (Late March 2026): On-Site Marketing & Live Coverage** – As Foiling Week unfolds, our marketing activity shifts to on-site engagement and real-time content. Each day of the event, our media team will produce **daily highlight videos and photo galleries** to post online by each evening, capturing dramatic race footage and festival scenes. These will be widely shared (and provided to media outlets for same-day use). We'll manage active social media live coverage: live-tweeting race results, Instagram Live tours of the Race Village, and responding to spectator posts. VIP and media hospitality events (such as a welcome reception with city dignitaries and key sponsors) will be held to strengthen relationships. We will also facilitate any **live broadcasts** (local radio doing a live show from the village, etc.) during peak weekend days. Importantly, we will gather data during the event – foot traffic counts at the village, monitoring of

social media mentions – to feed into post-event reports. Throughout the week, ensure that every success (record attendance numbers, notable visitors, any new records on the water) is quickly communicated via press release or social updates to keep positive news in circulation.

- **Post-Event 2026 (April – May 2026): Follow-up and Reporting** – Immediately after event conclusion, push out a comprehensive press release touting the event's successes: e.g., "Foiling Week Pensacola 2026 draws X sailors from Y countries, generates Z visitor nights and breaks attendance records." Include quotes from officials and participants praising the venue and experience. This not only cements the achievement publicly but also serves as an early promotion for the next edition. We will thank the community and partners on social media and share a recap video that can live on as a promotional tool. In April and May, focus on ROI documentation: work with Visit Pensacola and local hotels to gather actualized tourism stats, compile social/media analytics, and prepare the annual report for TDC (as required for grant recipients). An internal debrief will identify lessons learned. By early summer 2026, planning for 2027 will quietly begin, using 2026's outcomes to attract new sponsors and potentially bid for even larger events or championships to fold into Foiling Week Pensacola's schedule – keeping the virtuous cycle of growth in motion.

Creative Concepts and Messaging

The creative direction for Foiling Week Pensacola centers on the fusion of **high-tech excitement, Pensacola's coastal charm, and community inclusivity**. Our messaging will consistently highlight not just the races, but the *experience* of Foiling Week in Pensacola. Key creative concepts include:

- **"Where Flying on Water Becomes Reality" –** A tagline conveying the thrilling essence of foiling and connecting it to Pensacola. Many of our visuals and graphics will play on the idea of flight – a nod to Pensacola's Navy aviation heritage – showing hydrofoil sailboats seemingly flying above the bay. For instance, marketing imagery might feature a foiling catamaran airborne off a wave with the Pensacola skyline in the background, paired with the phrase "Come See the Future of Sailing Take Flight in Pensacola." This positions the city as the backdrop of something futuristic and exciting.
- **Pensacola as the Foiling Capital & Innovator –** We will brand Pensacola during the event as the **"Foiling Capital of the U.S."** – a place at the forefront of a new wave in sailing. This messaging will be reinforced by showcasing local contributions to innovation: for example, stories about collaboration with IHMC or the presence of American Magic's training camp, portraying Pensacola as a nexus for cutting-edge marine technology. In creative materials, we'll include logos of World Sailing and the World Foiling Series to emphasize the event's prestige, along with the Pensacola name/logo, effectively associating Pensacola with world-class sailing in all communications.
- **Visual Identity & Design Elements –** The event's visual identity will align with Foiling Week's global branding (modern, energetic graphics) while incorporating local flavor. Expect a color palette inspired by Pensacola's environment – emerald blue waters, sunsets, and white sands – alongside sleek graphic elements symbolizing foils/wings. The

2026 event poster, for example, will likely depict a collage of foiling craft (moth dinghies, kiteboards, foiling windsurfers) racing on Pensacola Bay with the tagline and event dates prominent. All creative outputs (posters, social media graphics, merchandise) will maintain this consistent branding for recognition. We will also produce **merchandise and collateral** (shirts, hats, stickers, brochures) that carry these designs, turning participants and volunteers into walking ambassadors for the Pensacola foiling brand.

- **Storytelling Themes –** Beyond taglines, our content will tell compelling stories: the international sailors coming to Pensacola (e.g. "Meet the Team from Spain – traveling 4,500 miles to foil on our bay!"), the local sailor making his/her debut, or the family that discovered Pensacola through last year's event and returned. We will weave human-interest angles into our media outreach and social narratives, which makes the marketing more relatable and shareable. A special emphasis will be on **youth and sustainability** themes, as these resonate widely: for instance, highlighting a junior foiling champion or how our event pledges environmental responsibility (continuing the #Regeneration theme in practical ways for 2026).
