GENERAL INFORMATION

Agency Name: _____United Way of West Florida_____

Agency Address: ___7100 Plantation Rd, Ste 18, Pensacola, FL 32504_____

_____

Program Name for which funding is being requested: _____211 Northwest Florida_____

Amount Requested: $_____$25,000_____

Program Contact: Jessica Johnson_____

Contact Email: ____jessica.johnson@uwwf.org_____ Contact Phone: (_850_) 912-_8195__

Description of Program: 211 is a free information and referral service that connects individuals in need with resources that may be able to help them. 211 operates 24/7 and supports Escambia County during Emergency Operations Center activations.

How many years has your organization provided services in the County? _101_____

How many years has your organization received funding from the County? __14+ years_____

Explain how receiving County funds would impact your organization: Funds from Escambia County will provide support for 211 Northwest Florida. This service available by phone 24/7 365 days a year, and by chat/text Monday through Friday, 8:00 am to 5:00 pm. This program works closely with the county to provide residents with important information about health and human service resources in the community. 211 is critically important during a disaster because survivors are triaged and connected with resources that can help respond quickly to their needs, as well as assist with long-term recovery. 211's presence in the community reduces non-emergency calls to 911, local law enforcement, and emergency management.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: $18,884_____

Briefly discuss how last year's funds were used? Last year's county funding helped maintain the vital operations of 211 Northwest Florida, an Inform USA accredited program. 211 is a single point of access for information on human services that meet a wide variety of needs, as well as access to the 988 Lifeline, the Florida Veteran Support Line, and AARP Unpaid Caregiver helpline.

County funding supported the salaries of the trained staff who manage and regularly update the database, and who answer the calls and respond to the texts, connecting people with the help they need.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? In 2026, 211 Northwest Florida took a total of 43,015 calls for the 10-county service area. In Escambia County, during that same time period, 211 took 18,095 calls. The total number of individuals impacted in Escambia County was 31,560. The top 4 reasons individuals called for assistance were rent/housing, utilities, healthcare, and food.

When individuals connect with basic needs resources, they can pay their bills, reduce the risk of becoming homeless, access health care, and find support for their families. We know that an eviction notice increases suicidal ideations by 4 times – the same with food insecurity. By connecting callers to basic needs assistance, 211 Northwest is reducing the likelihood of a mental health crisis for those callers. In addition, having 211 in the county reduces the number of non-emergency calls reaching 911 so those resources can be used for emergencies.

In 2025, Escambia County had the highest number of calls of the 10-county service area at approximately 70%. Bay County had the second highest number of calls at nearly 26%. Forty-four percent of individuals impacted in the 10-county area were from Escambia County.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? 211 Northwest Florida has been a critically important, continuous free service for the residents of Escambia County since 2010. The 211 database contains information on a multitude of services including medical, dental and prescription assistance; clothing; food; shelter/housing; mental health and substance abuse treatment; rent/mortgage/utilities assistance; and support groups. 211 Northwest Florida has trained and certified Call Specialists available 24/7 to connect local citizens to the resources they need.

Trained Call Specialists assess the needs of callers and based on the information obtained, provide guidance as to which local resource(s) may be of assistance and how to access those services. The 211 database has approximately 1800 active community and governmental resources. This information is updated at least annually, if not more frequently. As a member of Inform USA, 211 Northwest Florida has access to the National Data Platform which has over 1 million verified resources.

211 supports Escambia County during a disaster. 211 is present in the Emergency Operations Center during an activation. Call Specialists regularly update the database with information and helps connect affected citizens with information on safe shelter, food and water distributions sites, FEMA registration, tarps and more. 211 is part of a national network and as such can access back-up when call volume exceeds the capacity of 211 Northwest Florida. The program also serves as an integral part of the triage process to ensure survivor's needs are recorded and directed to the resources that can help them.

The funding from the county will be used to support the regular management and updating of the database; the trained staff who answer the calls and text messages; and staff training. The importance of access to a human being 24 hours a day 365 days a year cannot be overstated.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: 211 is not a governmental function or requirement per se, however providing constituents with up-to-date information on local resources is an essential function of local government, which 211 helps fulfill. 211 partners with local government, FEMA and other disaster relief and recovery organizations during times of nature and/or man-made disasters.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: There are no other organizations that provide this service.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program: 211 Northwest Florida is the only nationally accredited Information and Referral Service in the region. There is no other agency in the area that has a comprehensive database of community resources, operates round the clock every day of the year, or has an existing infrastructure in place with trained professionals. Since 2010, 211 has brought the community and local organizations together to help people efficiently access services that help meet their needs. The real time data captured are used to identify trends which highlight the greatest needs and reveal gaps in services in the county. This data is critical for agencies, local government and policy makers as they seek to improve services in the county and the lives of its residents.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: ____100___%
- Percentage for direct programming costs: _____%

If only a portion of your requested funding is granted, how will you offset the difference? If only a

portion of the requested funding is granted, UWWF will seek funding from other granting sources, as well as raise funds through individual donations to offset the difference.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: _____n/a_____

_____

_____

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. UWWF requests funding from Santa Rosa county for 211 Northwest Florida.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
United Way of West Florida, Inc.
Pensacola, Florida

Report of the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of United Way of West Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024 and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of West Florida, Inc. as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Way of West Florida, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of West Florida, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of West Florida, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the United Way of West Florida, Inc.'s 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 2, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of state earnings and schedule of program/cost center actual expenses and revenues are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2025, on our consideration of United Way of West Florida, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way of West Florida, Inc.'s internal control over financial reporting and compliance.

NOTE A - ORGANIZATION

United Way of West Florida, Inc. (the Organization) began as Greater Pensacola United Fund, Inc., in 1944, and as United Way of Escambia County, Inc., through May 28, 2019. The Organization increased its service area to include its neighboring county in 2019. A local volunteer Board of Directors governs the Organization. The mission of the Organization is uniting our community and leveraging resources to improve lives.

The Organization works with community partners, including a network of partner agencies, businesses, schools, governments, and other funding sources to raise funds through an annual campaign to raise support for participating agencies.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Financial Statement Presentation - The Organization reports information regarding its financial position and activities according to two classes of net assets.

   Net Assets Without Donor Restrictions - not subject to donor-imposed stipulations.
   Net Assets With Donor Restrictions - subject to donor-imposed stipulations.

   Net assets are classified based on externally imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time.

2. Basis of Accounting - The Organization prepares its financial statements on the accrual basis of accounting, following accounting principles generally accepted in the United States of America for nonprofit organizations.

3. Cash and Cash Equivalents - For the purposes of the statements of cash flows, the Organization considers investments in highly liquid debt instruments with original maturities of three months or less to be cash equivalents. The Organization does not include cash held within its separate investment accounts (see note D) as cash and equivalents.

4. Contributions - The Organization records contributions as with or without restrictions, depending on the existence and/or nature of any donor restrictions. Donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without restrictions and are reported as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same fiscal year are reported as net assets without restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Pledges Receivable - Pledges receivable are unconditional promises to give. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Conditional promises to give are not included as support until such time as the conditions are substantially met. There were no conditional promises made to the Organization during the year ended June 30, 2024. An allowance for uncollectible pledges receivable is provided based on management's estimate using prior collection history and current economic conditions.

6. Grant Receivable - Grants receivable represents amounts receivable from grantor agencies for allowable expenses incurred on or before the end of the year. Management believes all expenses are allowable under the grant requirements and are fully collectible. As such, no allowance for doubtful accounts is considered necessary.

7. Investments - Investments are stated at fair value. Donated investments are recorded at fair value at the date of the gift as contributions of financial assets.

8. Property and Equipment - Property and equipment are carried at cost or, if donated, at fair market value on date of gift. The Organization capitalizes asset acquisitions over $5,000. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	15 - 39 years
Furniture and fixtures	5 - 10 years
Equipment	5 - 7 years

9. Program Revenue - Revenue related to exchange transactions is recognized as goods and/or services are provided and is based on the amount expected to be received in exchange for those goods and/or services. The Organization recognizes client service revenue in the period in which performance obligations under its contracts are satisfied by transferring services to clients. The Organization measures the performance obligation on the date the services are provided to clients and third-party payers are sent.

10. Impairment of Long-Lived Assets - Management reviews asset carrying amounts whenever events or circumstances indicate that such carrying amounts may not be recovered. If such assets are considered impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair market value of the assets. As of June 30, 2024, none of the Organization's long-lived assets were considered to be impaired.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Due to Designated Agencies - Donors contributing to the Organization may choose to designate that all or part of their contributions be distributed to specific agencies. These transactions are reported in the statement of activities as part of the Organization's campaign results and are then deducted to arrive at the net campaign revenue. Amounts deducted are carried as liabilities, net of an estimated allowance for uncollectible amounts, until paid to the designated agencies.

12. Donated Services and Materials - During the year ended June 30, 2024, 1,159 individuals volunteered from employers or local workplaces and unaffiliated volunteers participating in various volunteer activities, including but not limited to: Day of Caring, Stuff the Bus, Communities Caring at Christmas, Miracle on Palafox, the United Way Community Investment Process, and the United Way Ambassador Program. No value has been recognized for these volunteer hours in the financial statements, because the criteria established by the Financial Accounting Standards Board (FASB) for recognition of such volunteer efforts have not been satisfied.

    Nonfinancial assets are reported on a separate line item in the statement of activities, apart from contributions of cash or other financial assets.

    Donated services including media space (television and radio airtime and newspaper print space) are recorded if the services received created or enhanced long-lived assets, or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

    Donated materials and supplies are recorded at fair value at the date of donation.

13. Grants - The Organization records grant revenue over the period of the award and the performance obligations outlined by the grant provisions determine the timing of the revenue recognition. The transaction price is determined by provider agreement based on services to be rented. The unearned portion is recorded as deferred grant revenue on the statement of financial position. Deferred grant revenue totaled $64,158 at June 30, 2024.

14. Sublease Rental Income - Sublease rental income is recognized on a straight-line basis based on the aggregate minimum rental payments outlined in the lease agreements over the applicable lease terms as per ASU 2016-02.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. Allocation of Functional Expenses - The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been estimated and allocated among the programs and supporting services benefited based on management's judgement and other nonfinancial measures, trends, and time spent by function.

16. Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

17. Income Taxes - United Way of West Florida, Inc. is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been recognized. The Organization annually files federal information returns (Form 990), which are subject to possible examination by the taxing authorities until the expiration of the related statute of limitations, which is generally three years, for the years ended June 30, 2022, through 2024.

    Management believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and no returns are currently under examination.

18. Comparative Financial Information - The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

    Certain accounts and activities in the prior year information have been reclassified to conform to the presentation in the current year financial statements. Opening balances of net assets with donor restriction and net assets without donor restriction were restated to reflect restrictions of $67,014 that were met in the year ended June 30, 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

19. Leases - Leases are recognized on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than twelve months. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will continue to primarily depend on its classification as a finance or operating lease. The Organization recorded a "right to use" operating asset and operating lease liability.

20. Events Occurring After the Reporting Date - The Organization has evaluated events and transactions that occurred between June 30, 2024 and March 20, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE C - PLEDGES RECEIVABLE

NOTE D - INVESTMENTS

The Fair Value Measurements (FASB Accounting Standards Codification 820-10) provides a framework for measuring fair value under generally accepted accounting principles. Fair Value Measurements establishes a fair value. This hierarchy consists of three broad levels; Level 1 consists of unadjusted quoted prices in active markets for identical assets and has the highest priority; Level 2 consists of observable inputs other than quoted prices for identical assets; and Level 3 consists of significant unobservable inputs and have the lowest priority. The Organization measures fair value using Level 1 inputs; there were no Level 2 or Level 3 inputs at June 30, 2024.

Fair value of assets measured on a recurring basis at June 30, 2024, are as follows:

	Fair Value	Level 1

NOTE G - OPERATING LEASE

The Organization recognizes right-of-use assets and lease liabilities for leases with terms greater than twelve months or for leases that contain a purchase option that is reasonably certain to be exercised. The Organization used one or more practical expedients, including short-term leases with terms twelve months or less to remain off the Organization's Statement of Financial Position. Leases are classified as either finance or operating leases. This classification dictates whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease.

The Organization maintains an operating lease agreement for office equipment. Obligations under operating leases are recorded in the statement of activities. The monthly operating lease payments are $110 per month through August 1, 2025.

Any market declines below the original contributions are shown as a reduction in net assets without restrictions.

NOTE M - RELATED PARTIES

Due to designated agencies represents the amount of contributions pledged and designated to other non-profit organizations, including the Organization's member agencies.

The Organization is required to make payments for membership privileges to the related national organization. For the year ended June 30, 2024, payments to national were $20,596.

NOTE N - CONCENTRATION OF RISK

The Organization maintains its cash accounts with two separate financial institutions. Cash accounts at each bank are insured by the Federal Deposit Insurance Corporation ("FDIC") up to $250,000 per financial institution. At June 30, 2024 the Organization had cash balances held by financial institutions in excess of insured limits of $1,307,495.

The Organization's services are funded primarily with grants from the United States Department of Health and Human Services passed through the Florida Department of Children and Families and its managing entity, Big Bend Community Based Care, Inc. d/b/a NWF Health Network. These grants totaled $1,406,898 or 39% of total revenues; grants receivable from these sources totaled $234,483 or 76% of total receivables. The Organization's ability to continue to provide the same level of services is contingent on annual appropriations by federal and state legislative bodies.

NOTE O - RISKS AND UNCERTAINTIES

The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets.

NOTE O - RISKS AND UNCERTAINTIES (Continued)

Each year the Organization records a provision for uncollectible pledges which is estimated based on past collection experience and current economic conditions. It is at least reasonably possible that changes in this estimate in the near term could be material to the financial statements.

Expenditures incurred by the Organization and the providers are subject to audit and possible disallowances by federal and state Organization. The Organization would be responsible for recovery (reimbursement to the grantor Organization) of disallowed. It is the opinion of management that, if audited, any adjustment for disallowed expenses would be immaterial. Unspent grant funds payable to the grantor totaled $247,018 at June 30, 2024. The amount represents unspent grant funds.

NOTE P - LIQUIDITY AND AVAILABILITY

The Organization's primary source of support is income from contributions. The Organization has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that long-term operations will be maintained. The following table reflects the Organization's financial assets reduced by amounts not available for general expenditures within one year:

Financial Assets	
Cash and equivalents	$ 1,510,776
Receivables	697,419

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
United Way of West Florida, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of United Way of West Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 20, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered United Way of West Florida, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficient may exist that were not identified. Given these

limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way of West Florida, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances or other matters that are required to be reported under *Governmental Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2024-003.

United Way of West Florida, Inc.'s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida Inc.'s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. United Way of West Florida Inc.'s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
United Way of West Florida, Inc.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited United Way of West Florida, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of United Way of West Florida, Inc.'s major federal programs for the year ended June 30, 2024. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, United Way of West Florida, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of United Way of West Florida, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of United Way of West Florida, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to United Way of West Florida, Inc.'s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on United Way of West Florida, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about United Way of West Florida, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding United Way of West Florida, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of United Way of West Florida, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2024-003. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida, Inc.'s response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. United Way of West Florida, Inc.'s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-003 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida, Inc.'s response to the internal control over the compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. United Way of West Florida, Inc.'s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENTS FINDINGS

Finding 2024-001: Significant Deficiency: Untimely Completion of Monthly and Year-End Account Reconciliations, Resulting in Delayed Reporting and Discrepancies Between General Ledger and Subsidiary Ledgers

Criteria:
It is essential for the organization to reconcile its general ledger with subsidiary ledgers on a monthly and year-end basis. These reconciliations ensure that the financial records are complete and accurate, and that any discrepancies between the two ledgers are identified and corrected before financial statements are finalized. Reconciliation processes should be conducted in a timely manner and overseen by management to maintain the integrity of the financial reporting process.

Condition:
During the audit, it was found that the organization's general ledger accounts did not agree with the subsidiary ledgers, both for monthly and year-end account reconciliations and the reconciliations were not performed in a timely manner. The discrepancies between the two ledgers were not addressed in a timely manner, and the organization was unable to reconcile the accounts properly prior to closing the books at year-end. As a result, the financial statements required significant adjustment to account balances to accurately reflect the organization's financial position and activities.

Cause:
The discrepancies arose due to inadequate internal controls and insufficient review procedures in the financial statement close process. There was a lack of a formalized reconciliation process to ensure that monthly and year-end reconciliations were completed and reviewed in a timely and accurate manner. As a result, discrepancies between the general ledger and subsidiary ledgers were not identified and resolved before the year-end close.

SECTION II - FINANCIAL STATEMENTS FINDINGS (CONTINUED)

Effect:
As a result of this deficiency, the organization's financial statements were delayed, which could impair the decision-making ability of management and those charged with governance relying on timely and accurate financial information. The discrepancies between the general ledger and subsidiary ledgers suggest that the organization's financial records may not accurately reflect its true financial position.

Context:
This finding is part of the broader financial statement close process, where reconciling the general ledger with subsidiary ledgers is crucial to ensure accurate and timely financial reporting. The failure to complete these reconciliations as part of the regular monthly and year-end close processes indicates deficiencies in the organization's internal control environment and financial reporting procedures. These discrepancies have impacts on the reliability of the financial statements and the organization's ability to make informed financial decisions.

Recommendation:
It is recommended that the organization establish and implement a formalized reconciliation process for both monthly and year-end account reconciliations. This process should include clear guidelines and timelines for completing reconciliations, as well as regular monitoring to ensure compliance. Management should assign specific responsibilities for overseeing and reviewing the reconciliation process, ensuring that discrepancies between the general ledger and subsidiary ledgers are promptly identified and resolved. Additionally, stronger internal controls should be implemented to ensure that reconciliations are completed on time and are thoroughly reviewed for accuracy. Staff involved in the reconciliation process should receive adequate training to ensure they understand the importance of accurate and timely reconciliations. It is further recommended that the organization implements a formalized, ongoing training program for both accounting staff and oversight personnel focused on nonprofit accounting principles, regulatory requirements, and internal controls.

Views of Responsible Officials:
The responsible officials acknowledge the audit finding and agree that the discrepancies between the general ledger and subsidiary ledgers should have been identified and resolved in a timely manner and that the timely completion of monthly and year-end account reconciliations was not managed effectively. They recognize the importance of having a structured and consistent process in place for completing reconciliations and understand the impact that delayed reporting and discrepancies between the general ledger and subsidiary ledgers can have on the financial statements and decision-making. The organization is committed to strengthening its reconciliation process by implementing formalized procedures, including clear timelines and oversight responsibilities.

SECTION II - FINANCIAL STATEMENTS FINDINGS (CONTINUED)

The organization will provide additional training to staff and those with oversight to ensure adherence to the reconciliation process. Management will oversee this process more closely, ensuring that there is accountability at each stage of the financial close. The organization is committed to improving internal controls, training staff on best practices, and ensuring that these issues do not recur in future reporting periods.

Finding 2024-002: Significant Deficiency: Pledges Receivable and Allowance Not Reviewed or Adequately Adjusted

Criteria:
Pledges receivable and the related allowance for doubtful accounts must be periodically reviewed and adjusted for accuracy. The balances should reflect reasonable estimates of collectible amounts and must be reconciled to the trial balance at year-end.

Condition:
During the audit, it was found that the pledges receivable and the corresponding allowance for doubtful accounts were neither reviewed nor adequately adjusted at year-end. Furthermore, the balances did not agree with the trial balance as of the fiscal year-end.

Cause:
The underlying cause of this condition appears to be a lack of internal controls and oversight regarding the periodic review and reconciliation of pledges receivable and the allowance account. There may have been insufficient processes in place to ensure that adjustments were made in a timely manner or that the final balances matched the trial balance.

Effect:
As a result of this oversight, the financial statements may not accurately reflect the true value of pledges receivable and the corresponding allowance for doubtful accounts. This caused misstatement assets and income. The failure to reconcile these balances indicated a deficiency in internal controls over financial reporting.

Context:
The finding relates to the year-end financial close process, where proper reconciliation and review procedures were not followed. This resulted in discrepancies between the pledges receivable and the trial balance, which are critical to accurately presenting the organization's financial position in accordance with applicable accounting standards. This deficiency could potentially have a material impact on the financial statements.

SECTION II - FINANCIAL STATEMENTS FINDINGS (CONTINUED)

Recommendation:
It is recommended that the organization implement a formal process for the regular review and reconciliation of pledges receivable and the related allowance for doubtful accounts. This should include periodic evaluations to ensure the accuracy of the estimated collectability of pledges. Additionally, a review process should be established to ensure that these balances are accurately reflected in the trial balance at year-end, with appropriate adjustments made where necessary. The organization should also consider implementing stronger internal controls and oversight to ensure compliance with accounting standards and improve the accuracy of financial reporting.

Views of Responsible Officials:
The responsible officials acknowledge the finding and agree that the review and adjustment of pledges receivable and the related allowance for doubtful accounts should have been more thoroughly conducted. Going forward, the organization plans to implement a more structured process for reviewing and reconciling pledges receivable, including setting clear responsibilities for internal review, and will ensure that any necessary adjustments are made prior to finalizing the trial balance. The officials are committed to enhancing internal controls and will prioritize training staff to ensure that the financial close process is carried out with greater accuracy and compliance with applicable standards.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

UNITED WAY OF WEST FLORIDA, INC.

Year Ended June 30, 2024

SECTION III - FEDERAL AWARD FINDINGS

Finding 2024-003: Significant Deficiency: Inadequate Tracking of Unspent and Unearned Grant Funds Resulting in Amounts Due Back to the Grant Provider

Criteria:
Organizations must ensure accurate tracking of unspent and unearned grant funds. Unspent funds and unearned revenues should be properly identified and recorded in financial statements, and the organization must ensure compliance with grant terms, including returning any funds that were not spent or earned as required by the grant agreement. Failure to comply with these requirements can result in financial misstatements and the need to return funds to the grant provider.

Condition:
During the audit, it was identified that the organization did not adequately track unspent and unearned grant funds. As a result, certain amounts of unspent funds were not identified or reported in a timely manner, and the organization did not return these funds to the grant provider as required by the grant agreement until requested. This failure to properly track and report unspent funds led to the identification of amounts due back to the grant provider, which were not properly accounted for in the financial statements

Cause:
The cause of this deficiency appears to be the lack of a formalized tracking system for unspent and unearned grant funds. There were no clear processes in place to ensure that unspent or unearned funds were identified, monitored, and reported regularly. Additionally, there was insufficient oversight to ensure that grant conditions regarding the return of unspent funds were being met. The absence of a centralized system for tracking grant fund usage and compliance led to this oversight, and there was no clear process for notifying the responsible parties about amounts that needed to be returned.

Effect:
As a result of this deficiency, the organization failed to return unspent and unearned funds to the grant provider in accordance with the terms of the grant agreements. This could lead to potential non-compliance issues. The failure to track these funds also resulted in misstatements in the financial statements, as the amounts due back to the grant provider were not properly reflected.

Context:
This finding is part of the broader financial statement close process, with specific implications for the management of grant funds. It is essential to ensure that all unspent or unearned grant funds are properly tracked and returned when necessary. The failure to do so exposes the organization to financial, legal, and reputational risks that could affect its ability to secure future grants or maintain compliance with current grant conditions.

SECTION III - FEDERAL AWARD FINDINGS (CONTINUED)

Recommendation:
It is recommended that the organization implement a formalized process for tracking unspent and unearned grant funds. This process should include regularly reviewing grant agreements to ensure compliance with return provisions, setting up a system to track fund usage by grant, and identifying any unspent or unearned funds that need to be returned. The organization should assign responsibility for monitoring grant balances and ensure that regular reconciliations between general ledgers and grant tracking systems are performed. Management should also implement stronger oversight and internal controls to ensure that grant funds are tracked accurately, with designated staff ensuring compliance with all grant terms, including timely reporting and returning of unspent funds. Additionally, staff responsible for managing grants should receive training on proper tracking procedures, and a clear process should be developed for returning any unspent or unearned funds to the grant provider.

Views of Responsible Officials:
The responsible officials acknowledge the audit finding and agree that the failure to track unspent and unearned grant funds properly resulted in funds that should have been returned to the grant provider not being reported or remitted as required. They recognize the importance of adhering to grant terms and ensuring that unspent or unearned funds are properly monitored. The organization is committed to addressing this deficiency by establishing a formalized and centralized system for tracking all grant funds, including unspent or unearned amounts. The officials plan to implement a clear process for regularly reviewing grant status and ensuring compliance with all return provisions. They also recognize the need for improved internal controls and oversight to prevent similar issues in the future. Management is committed to enhancing its processes and will provide the necessary training to staff to ensure that these procedures are followed correctly moving forward.

SECTION II – FINANCIAL STATEMENT FINDING 2024-001

Finding 2024-001: Untimely Completion of Monthly and Year-End Account Reconciliations, Resulting in Delayed Reporting and Discrepancies Between General Ledger and Subsidiary Ledgers (Significant Deficiency)

Recommendation: It is recommended that the organization establish and implement a formalized reconciliation process for both monthly and year-end account reconciliations. This process should include clear guidelines and timelines for completing reconciliations, as well as
regular monitoring to ensure compliance. Management should assign specific responsibilities for overseeing and reviewing the reconciliation process, ensuring that discrepancies between the general ledger and subsidiary ledgers are promptly identified and resolved. Additionally, stronger internal controls should be implemented to ensure that reconciliations are completed on time and are thoroughly reviewed for accuracy. Staff involved in the reconciliation process should receive adequate training to ensure they understand the importance of accurate and timely reconciliations. It is further recommended that the organization implements a formalized, ongoing training program for both accounting staff and oversight personnel focused on nonprofit accounting principles, regulatory requirements, and internal controls

Corrective Action: We have hired an additional staff member for the Finance Department. This addition allows the Director of Finance to focus more on month-end and reconciliations processes. As work is distributed amongst the team, new, stronger internal controls are being developed.
We will find additional training through the United Way network to increase our knowledge of accurate and timely reconciliations, nonprofit accounting principles, regulatory requirements, and internal controls.

Person Responsible for Corrective Action: Director of Finance

Anticipated Completion Date for Corrective Action: We began to adjust month-end processes in January 2025. I anticipate having a full, in-depth process established and policy written by year-end, June 30, 2025. This will allow for multiple month-end cycles to ensure the process works. Training will begin in March 2025 and will be ongoing.

Finding 2024-002: Pledges Receivable and Allowance Not Reviewed or Adequately Adjusted (Significant Deficiency)

Recommendation: It is recommended that the organization implement a formal process for the regular review
and reconciliation of pledges receivable and the related allowance for doubtful accounts. This should include periodic evaluations to ensure the accuracy of the estimated collectability of pledges. Additionally, a review process should be established to ensure that these balances are accurately reflected in the trial balance at year-end, with appropriate adjustments made where necessary. The organization should also consider implementing stronger internal controls and oversight to ensure compliance with accounting standards and improve the accuracy of financial reporting.

Corrective Action: The Director of Finance and CEO established a write-off policy in February 2025. This policy has the team reviewing pledges receivable on a quarterly basis. This will show the development team who they need to follow up with for missing payments. This quarterly review will allow the Finance team to accurately reconcile the CRM to the GL.

Person Responsible for Corrective Action: Director of Finance, CEO, VP of Philanthropy and Communications

Anticipated Completion Date for Corrective Action: The corrective action will be immediately implemented in response to the auditors' recommendation.

Finding 2023-003: Inadequate Tracking of Unspent and Unearned Grant Funds Resulting in Amounts Due Back to the Grant Provider (Significant Deficiency)

Recommendation: It is recommended that the organization implement a formalized process for tracking unspent and unearned grant funds. This process should include regularly reviewing grant agreements to ensure compliance with return provisions, setting up a system to track fund usage by grant, and identifying any unspent or unearned funds that need to be returned. The organization should assign responsibility for monitoring grant balances and ensure that regular reconciliations between general ledgers and grant tracking systems are performed. Management should also implement stronger oversight and internal controls to ensure that grant funds are tracked accurately, with designated staff ensuring compliance with all grant terms, including timely reporting and returning of unspent funds. Additionally, staff responsible for managing grants should receive training on proper tracking procedures, and a clear process should be developed for returning any unspent or unearned funds to the grant provider.

Corrective Action: The Director of Finance created a new tracking spreadsheet to complete each month during the month-end process. This spreadsheet shows the monthly expenses for each grant and the total for the year. This allows us to monitor the grant funds closely. The information is shared with the board of directors in their financial statement reports.

Person Responsible for Corrective Action: Director of Finance

Anticipated Completion Date for Corrective Action: The corrective action was established in November 2024.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
United Way of West Florida, Inc.

Report of the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of United Way of West Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023 and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of West Florida, Inc. as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Way of West Florida, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of West Florida, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of West Florida, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the United Way of West Florida, Inc.'s 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 16, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of state earnings and schedule of program/cost center actual expenses and revenues are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 2, 2024, on our consideration of United Way of West Florida, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way of West Florida, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

UNITED WAY OF WEST FLORIDA, INC.

NOTE A - ORGANIZATION

United Way of West Florida, Inc. (the Organization) began as Greater Pensacola United Fund, Inc., in 1944, and as United Way of Escambia County, Inc., through May 28, 2019. The Organization increased its service area to include its neighboring county in 2019. A local volunteer Board of Directors governs the Organization. The mission of the Organization is uniting our community and leveraging resources to improve lives.

The Organization works with community partners, including a network of partner agencies, businesses, schools, governments, and other funding sources to raise funds through an annual campaign to raise support for participating agencies.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Financial Statement Presentation - The Organization reports information regarding its financial position and activities according to two classes of net assets.

   Net Assets Without Donor Restrictions - not subject to donor-imposed stipulations.
   Net Assets With Donor Restrictions - subject to donor-imposed stipulations.

   Net assets are classified based on externally imposed restrictions, if any, that may or may not be met by actions of management or by the passage of time.

2. Basis of Accounting - The Organization prepares its financial statements on the accrual basis of accounting, following accounting principles generally accepted in the United States of America for nonprofit organizations.

3. Cash and Cash Equivalents - For the purposes of the statements of cash flows, the Organization considers investments in highly liquid debt instruments with original maturities of three months or less to be cash equivalents. The Organization does not include cash held within its separate investment accounts (see note D) as cash and equivalents.

4. Contributions - The Organization records contributions as with or without restrictions, depending on the existence and/or nature of any donor restrictions. Donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without restrictions and are reported as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same fiscal year are reported as net assets without restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Pledges Receivable - Pledges receivable are unconditional promises to give. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Conditional promises to give are not included as support until such time as the conditions are substantially met. There were no conditional promises made to the Organization during the year ended June 30, 2023. An allowance for uncollectible pledges receivable is provided based on management's estimate using prior collection history and current economic conditions.

6. Grant Receivable - Grants receivable represents amounts receivable from grantor agencies for allowable expenses incurred on or before the end of the year. Management believes all expenses are allowable under the grant requirements and are fully collectible. As such, no allowance for doubtful accounts is considered necessary.

7. Investments - Investments are stated at fair value. Donated investments are recorded at fair value at the date of the gift.

8. Property and Equipment - Property and equipment are carried at cost or, if donated, at fair market value on date of gift. The Organization capitalizes asset acquisitions over $5,000. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	15 - 39 years
Furniture and fixtures	5 - 10 years
Equipment	5 - 7 years

9. Program Revenue - Revenue related to exchange transactions is recognized as goods and/or services are provided and is based on the amount expected to be received in exchange for those goods and/or services. The Organization recognizes client service revenue in the period in which performance obligations under its contracts are satisfied by transferring services to clients. The Organization measures the performance obligation on the date the services are provided to clients and third-party payers are sent.

10. Impairment of Long-Lived Assets - Management reviews asset carrying amounts whenever events or circumstances indicate that such carrying amounts may not be recovered. If such assets are considered impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair market value of the assets. As of June 30, 2023, none of the Organization's long-lived assets were considered to be impaired.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Due to Designated Agencies - Donors contributing to the Organization may choose to designate that all or part of their contributions be distributed to specific agencies. These transactions are reported in the statement of activities as part of the Organization's campaign results and are then deducted to arrive at the net campaign revenue. Amounts deducted are carried as liabilities, net of an estimated allowance for uncollectible amounts, until paid to the designated agencies.

12. Donated Services and Materials - During the year ended June 30, 2023, 993 individuals volunteered from employers or local workplaces and unaffiliated volunteers participating in various volunteer activities, including but not limited to: Day of Caring, Stuff the Bus, Communities Caring at Christmas, Miracle on Palafox, the United Way Community Investment Process, and the United Way Ambassador Program. No value has been recognized for these volunteer hours in the financial statements, because the criteria established by the Financial Accounting Standards Board (FASB) for recognition of such volunteer efforts have not been satisfied.

    Nonfinancial assets are reported on a separate line item in the statement of activities, apart from contributions of cash or other financial assets.

    Donated services including media space (television and radio airtime and newspaper print space) are recorded if the services received created or enhanced long-lived assets, or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

    Donated materials and supplies are recorded at fair value at the date of donation.

13. Grants - The Organization records grant revenue over the period of the award and the performance obligations outlined by the grant provisions determine the timing of the revenue recognition. The transaction price is determined by provider agreement based on services to be rented. The unearned portion is recorded as deferred grant revenue on the statement of financial position. Deferred grant revenue totaled $15,470 at June 30, 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Sublease Rental Income - Sublease rental income is recognized on a straight-line basis based on the aggregate minimum rental payments outlined in the lease agreements over the applicable lease terms as per ASU 2016-02, Leases, which was adopted during the year ended June 30, 2023.

15. Allocation of Functional Expenses - The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been estimated and allocated among the programs and supporting services benefited based on management's judgement and other nonfinancial measures, trends, and time spent by function.

16. Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

17. Income Taxes - United Way of West Florida, Inc. is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been recognized. The Organization annually files federal information returns (Form 990), which are subject to possible examination by the taxing authorities until the expiration of the related statute of limitations, which is generally three years, for the years ended June 30, 2021 through 2023.

    Management believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and no returns are currently under examination.

18. Comparative Financial Information - The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2022, from which the summarized information was derived.

    Certain accounts and activities in the prior year information have been reclassified to conform to the presentation in the current year financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

19. Recent Financial Accounting Pronouncements - During the year ended June 30, 2023, the Organization adopted ASU 2016-02, Leases which requires lessees to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than twelve months. The Organization reflected the impact of initially adopting ASC 842 as of the beginning of the year of adoption; therefore, prior comparative totals have not been adjusted and continue to be reported in accordance with the previous accounting guidance in ASC 840. The adoption of ASC 842 had a material impact on the statement of financial position but did not have a significant impact on the statement of activities and statement of cash flows. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will continue to primarily depend on its classification as a finance or operating lease. The Organization recorded a "right-of-use" operating assets and operating lease liability. The Organization used the modified retrospective approach. There was no change in net assets from the adoption. The lease asset and liability as of June 30, 2023 is presented on the Statements of Financial Position.

20. Events Occurring After the Reporting Date - The Organization has evaluated events and transactions that occurred between June 30, 2023 and July 2, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE D - INVESTMENTS

The Fair Value Measurements (FASB Accounting Standards Codification 820-10) provides a framework for measuring fair value under generally accepted accounting principles. Fair Value Measurements establishes a fair value. This hierarchy consists of three broad levels; Level 1 consists of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 consists of observable inputs other than quoted prices for identical assets; and Level 3 consists of significant unobservable inputs and have the lowest priority. The Organization measures fair value using Level 1 inputs; there were no Level 2 or Level 3 inputs at June 30, 2023.

Fair value of assets measured on a recurring basis at June 30, 2023, are as follows:

	Fair Value	Level 1

Mutual funds - fixed income	300,403	300,403
	$ 811,826	$ 811,826

NOTE F - DESIGNATIONS AND ALLOCATIONS PAYABLE

Due to designated agencies, allocations payable and custodial funds payable at June 30, 2023 represent either designations by donors or allocations payable as determined by the Organization. These amounts are all due and payable within one year.

NOTE G - OPERATING LEASE

The Organization recognizes ROU assets and lease liabilities for leases with terms greater than 12 months or for leases that contain a purchase option that is reasonably certain to be exercised. The Organization used one or more practical expedients, including short-term leases with terms twelve months or less to remain off the Organization's Statement of Financial Position. Leases are classified as either finance or operating leases. This classification dictates whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease.

The Organization maintains an operating lease agreement for office equipment. Obligations under operating leases are recorded in the statement of activities. The monthly operating lease payments are $110 per month through August 1, 2025.

During 2023, the Organization adopted ASU 2016-02 which resulted in the recognition of operating right-of-use assets as of June 30, 2023, totaling $2,735 and operating lease liabilities totaling $2,735.

NOTE L - EMPLOYEE BENEFIT PLAN

The Organization sponsors a 401K retirement plan through their employee leasing company. The plan covers substantially all the Organization's employees who have met certain service requirements. Employees' vesting is based on a five-year schedule. Employer contributions are 50% of employee contributions with a 3% cap on the employer match and totaled $16,609 during the year ended June 30, 2023.

NOTE M - RELATED PARTIES

Due to designated agencies represents the amount of contributions pledged and designated to other non-profit organizations, including the Organization's member agencies.

The Organization is required to make payments for membership privileges to the related national organization. For the year ended June 30, 2023, payments to national were $30,635.

NOTE N - CONCENTRATION OF RISK

The Organization maintains its cash accounts with two separate financial institutions. Cash accounts at each bank are insured by the Federal Deposit Insurance Corporation ("FDIC") up to $250,000 per financial institution. At June 30, 2023 the Organization had cash balances held by financial institutions in excess of insured limits of $1,413,154.

The Organization's services are funded primarily with grants from the United States Department of Health and Human Services passed through the Florida Department of Children and Families and its managing entity, Big Bend Community Based Care, Inc. d/b/a NWF Health Network. These grants totaled $1,018,170 or 24% of total revenues; grants receivable from these sources totaled $162,561 or 47% of total receivables. The Organization's ability to continue to provide the same level of services is contingent on annual appropriations by federal and state legislative bodies.

NOTE O - RISKS AND UNCERTAINTIES

The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets.

Each year the Organization records a provision for uncollectible pledges which is estimated based on past collection experience and current economic conditions. It is at least reasonably possible that changes in this estimate in the near term could be material to the financial statements.

Expenditures incurred by the Organization and the providers are subject to audit and possible disallowances by federal and state Organization. The Organization would be responsible for recovery (reimbursement to the grantor Organization) of disallowed. It is the opinion of management that, if audited, any adjustment for disallowed expenses would be immaterial.

Unspent grant funds payable to the grantor totaled $37,681 at June 30, 2023. The amount represents unspent grant funds.

NOTE P - LIQUIDITY AND AVAILABILITY

The Organization's primary source of support is income from contributions. The Organization has a policy to manage its liquidity following three guiding principles: operating within a prudent range of financial stability; maintaining adequate liquidity to fund near-term operations; and maintaining sufficient resources to provide reasonable assurance that long-term operations will be maintained. The following table reflects the Organization's financial assets reduced by amounts not available for general expenditures within one year:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
United Way of West Florida, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of United Way of West Florida, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 2, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered United Way of West Florida, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficient may exist that were not identified. Given these

limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2023-001, 2023-002, 2023-003, and 2023-004 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way of West Florida, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances or other matters that are required to be reported under *Governmental Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2023-005 and 2023-006.

United Way of West Florida, Inc.'s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida Inc.'s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. United Way of West Florida Inc.'s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
United Way of West Florida, Inc.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited United Way of West Florida, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of United Way of West Florida, Inc.'s major federal programs for the year ended June 30, 2023. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, United Way of West Florida, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of United Way of West Florida, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of United Way of West Florida, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to United Way of West Florida, Inc.'s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on United Way of West Florida, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about United Way of West Florida, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding United Way of West Florida, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of United Way of West Florida, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of United Way of West Florida, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2023-005 and 2023-006. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida, Inc.'s response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. United Way of West Florida, Inc.'s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-005 and 2023-006 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on United Way of West Florida, Inc.'s response to the internal control over the compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. United Way of West Florida, Inc.'s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENTS FINDINGS

Finding 2023-001: Documentation for Material Agreements and Documents (Significant Deficiency)

Criteria: Supporting documentation including grant agreements, deposit and check support, and other contracts must be maintained and stored in a adequate manner to ensure they are readily available when requested.

Condition: The Organization's grant agreements and supporting documentation were not provided in a timely manner, resulting in delayed reporting.

Cause: A combination of turnover in finance personnel within the Organization and a loss of financial data that had to be recreated from a prior year resulted in a delayed audit and late reporting.

Effect: As a result, additional time and hours were necessary for us to gather appropriate evidence to support our opinion on the Organization's financial statements.

Questioned Costs: None noted

Context: During our audit, we experienced difficulties in obtaining adequate supporting documents for material grant agreements and contracts.

Repeat Finding from Prior Year: No

Recommendation: We recommend the Organization obtain and retain signed contracts for all material transactions and that the documentation contain elements including dates the agreement covers, amounts, reporting requirements, compliance requirements, and the scope of the material or services to be provided. We also recommend filing and storing accounting records and Board minutes in a systematic manner, and specifying a process for retrieving and replacing documents in an orderly fashion so that they may be easily located when needed.

Views of Responsible Officials: Management is in agreement and will implement controls over documentation to remedy the deficiency.

Finding 2023-002: Financial Statement Close Process (Significant Deficiency)

Criteria: Monthly and year end account reconciliation and financial closing must be completed in a timely manner for appropriate board and management oversight and reporting.

Condition: The Organization's account reconciliations and financial records were not completed and closed in a timely manner, resulting in delayed reporting and ledger accounts that did not agree with subsidiary ledgers.

Cause: The organization did not reconcile accounts to financial records in a timely manner.

Effect: The lack of timely account reconciliations and closing of financial records resulted in delayed information provided to the Board of Directors, for the audit, and late filing to the Federal Audit Clearinghouse and necessary adjustments to the financial statements.

Questioned Costs: None noted

Context: Certain subsidiary ledgers were not in agreement with the general ledger.

Repeat Finding from Prior Year: No

Recommendation: We recommend a comprehensive checklist be prepared by the accounting department. The checklist should cover all procedures that the Organization determines need to be performed on a periodic basis including, but not limited to, month-end procedures such as bank reconciliations, and general ledger account analysis.

Views of Responsible Officials: Management is in agreement and will implement controls over the financial statement close process to reconcile accounts in a timely basis.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

UNITED WAY OF WEST FLORIDA, INC.

Year Ended June 30, 2023

Finding 2023-003: Control Blank Checks (Significant Deficiency)

Criteria: Internal control over cash is vital to all Organizations. Part of the internal controls over cash includes limiting the custody of blank checks to only certain finance personnel and preventing access to unauthorized individuals.

Condition: Blank checks are being stored in unsecured locations, such as a file drawer in the business manager's office.

Cause: The Organization did not have a system in place to securely store blank checks.

Effect: Although no fraudulent checks were noted during audit procedures, the Organization is more susceptible to fraud risk if blank checks are not securely stored.

Questioned Costs: None noted

Context: During the audit, it was noted that blank checks were not securely stored.

Repeat Finding from Prior Year: No

Recommendation: We recommend that blank checks be kept in a locked box or cabinet accessible only to those with proper authorization and that the checks periodically be accounted for. We noted that the supply of unused checks is not adequately safeguarded against possible misuse of the checks. We recommend that a responsible employee be charged with the responsibility for safeguarding and issuing unused checks.

Views of Responsible Officials: Management is in agreement and will keep blank checks secure.

Finding 2023-004 Reconciliation of Cash Accounts (Significant Deficiency)

Criteria: An adequate internal control environment ensures that there is no major finance function that does not have oversight or controls regarding custody, record keeping, and authorization of the appliable financial procedures.

Condition: The bank reconciliations are currently being performed by the same employee that opens the bank statements and has access to the accounting software.

Cause: The Organization does not have an adequate internal control system over the review of bank reconciliations.

Effect: The bank reconciliation were not completed in a timely manner and the lack of a review system creates additional risk to the Organization to be susceptible to fraudulent bank activity or other errors.

Questioned Costs: None noted

Context: During the audit, it was noted that the CFO opens the bank statements and performs the bank reconciliation without any other personnel reviewing the original bank statements. There was also not a timely review of the bank reconciliation from other management.

Repeat Finding from Prior Year: No

Recommendation: We recommend that a secondary member of management open the bank statements and review them for any unusual checks or other transactions before giving them to the CFO to perform the reconciliation. Management's multi-person review of the bank statement will better identify unusual items to investigate on a timely basis and provides additional process controls. We recommend that the reconciliations be signed as an indication of approval. Doing so would take little additional time and might even prevent time from being wasted by inadvertent review of reconciliations that had already been reviewed. We also recommend that the reconciliations be signed and dated by employees preparing them. As a prompt to the preparer and reviewer/approver to sign the reconciliation, preprinted reconciliation forms could include a signature block with space for the signatures, or a stamp with a signature block could be applied to the reconciliations.

Views of Responsible Officials: Management is in agreement and will implement controls over the bank reconciliation process to remedy the deficiency.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

UNITED WAY OF WEST FLORIDA, INC.

Year Ended June 30, 2023

SECTION III - FEDERAL AWARD FINDINGS

Finding 2023-005: Non-Compliance with Grant Agreement Reporting Deadlines (Significant Deficiency)

Criteria: 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards require compliance with federal and state contracts. The Organization's standard SAMH service provider contract, Big Bend Community Based Care, Inc. d/b/a NWF Health Network, required the Form CF-MH 1037 to be submitted by December 31, 2023.

Condition: During the audit, Form CF-MH 1037 Reconciliation Report for the fiscal year ending on June 30, 2023, was not timely available. It was noted that the form had not yet been sent to the grantor agency by the deadline of December 31, 2023.

Cause: Recent turnover in finance personnel within the Organization and an inadequate control system in place prevented the Organization from accurately tracking and reporting grant expenditures in a timely manner. The Organization is also having a single audit for the first time and did not have all control systems in place before the reporting deadline.

Effect: The Organization was listed as non-compliant on the grant confirmation as the required reports were not submitted before the deadline. Late filings of reports may jeopardize the organization's eligibility for future funding, potentially impacting its ability to fulfill its mission and objectives.

Questioned Costs: None noted

Context: The organization failed to submit required reports within the timeframe outlined in the grant agreement, resulting in non-compliance with the grant.

Repeat Finding from Prior Year: No

Recommendation: We recommend implementing a comprehensive framework for monitoring grant compliance, including clear procedures and responsibilities for tracking reporting deadlines and ensuring timely submissions.

Views of Responsible Officials: Management is in agreement and will implement procedures to meet reporting deadlines.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

UNITED WAY OF WEST FLORIDA, INC.

Year Ended June 30, 2023

Finding 2023-006: Reporting (Significant Deficiency)

Criteria: 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards require an audit be completed and the data collection form and reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period.

Condition: The audit and data collection form and reporting packages were not submitted to the Federal Audit Clearinghouse before the deadline.

Cause: The Organization did not submit their data collection form and reporting package to the Federal Audit Clearinghouse by March 31, 2024.

Effect: The Organization's audit was not complete until July 2024 due to recent turnover in the Organization's finance department resulting in accounts not being reconciled timely.

Questioned Costs: None noted

Context: The Organization's fiscal year end is June 30, 2023, therefore making their filing deadline to submit their audit to the Federal Audit Clearinghouse the earlier of 30 calendar dates after receipt of the auditor's report or March 31, 2024. Due to recent turnover with the Organization's finance department resulting in accounts not being reconciled timely, the Organization's audit was not completed until June 2024 resulting in a late filing with the Federal Audit Clearinghouse.

Repeat Finding from the Prior Year: No

Recommendation: We recommend that the Organization review its processes and procedures to ensure timely closing of the annual financial records, allowing for a timely audit and the timely submission of the data collection form and reporting package to the Federal Audit Clearinghouse.

Views of Responsible Officials: Management is in agreement and will implement procedures to meet reporting deadlines.

Description of Program: **BRACE serves as the coordinator for Escambia County's disaster preparedness, response, and recovery, leading the Long Term Recovery Group and Emergency Support Function 15**

How many years has your organization provided services in the County? **20**

How many years has your organization received funding from the County? **8**

Explain how receiving County funds would impact your organization: **Receiving County funds will sustain and strengthen BRACE's role in supporting Escambia County's disaster preparedness, response, and recovery. New for 2026, at the request of County Fire Chief Harrison, BRACE will introduce a countywide Fire Corps program to support Escambia County fire service operations. Fire Corps is a trained volunteer program in which community members provide on scene support to firefighters during extended incidents, including rehabilitation, hydration, and operational assistance. Fire Corps members also support community events such as the Blue Angels Air Show, and local runs, where they**

provide hydration and rehabilitation services. By integrating trained volunteers into fire service support roles, the program increases operational capacity, allows firefighters to remain focused on critical response functions, strengthens coordination across the county, and enhances overall community readiness.

BRACE serves in formal roles that support County operations, including fiscal agent for disaster related funds, lead organization for the Escambia Long Term Recovery Group, and coordinator of Emergency Support Function 15, which manages volunteers and donations. County funding also supports high impact programs, including Community Emergency Response Team (CERT) training for adults and the Disaster Defenders Teen CERT program, which graduated 792 high school students in the past year.

These responsibilities require maintained infrastructure, trained personnel, and established partnerships that must be sustained year-round to support effective coordination before, during, and after disasters. With County funding, BRACE maintains and expands this operational capacity by coordinating more than 500 partner organizations, supporting systems to manage volunteers and donated resources, and strengthening coordination across agencies following disasters.

County funding also supports disaster preparedness, response, and recovery efforts by equipping residents, businesses, and neighborhoods with practical tools to prepare for, respond to, and recover from disasters.

By investing in BRACE, Escambia County strengthens countywide disaster preparedness, improves coordination across agencies, and supports more organized recovery for County residents following disasters.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: **$50,000**

Briefly discuss how last year's funds were used? **Last year's County funds were used to support BRACE's countywide disaster coordination and preparedness work in Escambia County. Funding helped sustain staffing and systems that support Emergency Support Function 15 (Volunteers and Donations), partner coordination, volunteer management, preparedness workshops, and community outreach. These funds also supported coordination of the Escambia Long Term Recovery Group and helped BRACE maintain the year-round infrastructure needed to connect residents, agencies, and community partners before, during, and after disasters.**

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

For Escambia County's $50,000 investment in FY26, as of March 30th, 2026, BRACE has delivered 171 outreach and preparedness events, reached 8,714 residents through outreach, generated 59,339 social media preparedness contacts, trained 640 volunteers through 5,060 volunteer training hours, maintained capacity to engage up to 30,000 volunteers, and engaged 1,786 children and youth in preparedness activities. This return strengthened public readiness, expanded volunteer surge capacity, reduced strain on government resources, and improved countywide coordination before, during, and after disasters.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? **Requested County funding will sustain the operational capacity for BRACE to serve as a coordinated extension of Escambia County's disaster preparedness, response, and recovery system. Funds support the systems that coordinate partner organizations, manage volunteers and donated resources through Emergency Support Function 15, and lead the Escambia Long Term Recovery Group in addressing unmet needs after disasters.**
Funding also supports direct community training and education in disaster response and recovery. This includes Community Emergency Response Team (CERT) training for adults, the Disaster Defenders Teen CERT initiative, which engaged 792 high school students in the past year, and StormWise Disaster Preparedness Workshops. It also supports neighborhood preparedness workshops and outreach events such as the Disaster Services Expo, which connects residents with Long Term Recovery Group partners and local service providers before disasters occur.
This investment benefits Escambia County residents by helping individuals and families prepare in advance, respond safely during emergencies, and recover more quickly. It strengthens neighborhood readiness and connects residents to coordinated support before, during, and after disasters. It also reduces strain on public resources and improves recovery outcomes for impacted households.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: **Yes. BRACE supports governmental functions related to public safety and emergency management as defined by Escambia County's Comprehensive Emergency Management Plan (CEMP) and formal agreements with Escambia County. BRACE serves as the lead organization for Emergency Support Function 15 (Volunteers and Donations) under the CEMP, which assigns responsibility for coordinating volunteers and donated resources to support response and recovery operations. This role is further**

defined through a Memorandum of Understanding with Escambia County, under which BRACE manages volunteer coordination and disaster related donations on behalf of the County.

BRACE also supports Emergency Support Function 6 (Mass Care) as outlined in the CEMP by assisting with coordination efforts related to sheltering, feeding, and services for disaster survivors.

Through these designated roles, BRACE supports required emergency management functions by maintaining the systems, partnerships, and coordination capacity needed to assist Escambia County before, during, and after disasters.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations: **There are no other organizations in Escambia County that match the scope, structure, and coordination role that BRACE fulfills in disaster preparedness, response, and recovery. BRACE serves as a Community Organizations Active in Disaster (COAD) and plays a central role in coordinating voluntary, nonprofit, faith based, and private sector partners that support residents before, during, and after disasters.**

BRACE works closely with Escambia County, the City of Pensacola, and the Town of Century to support coordinated disaster operations. As the lead for Emergency Support Function 15 (Volunteers and Donations) under the County's Comprehensive Emergency Management Plan, BRACE manages volunteer and donated resource coordination during disasters and supports Emergency Support Function 6 (Mass Care) in coordination with the lead agency.

BRACE leads the Escambia Long Term Recovery Group, bringing together partner organizations to address unmet needs following disasters. BRACE maintains regular coordination with community partners and leads efforts to distribute community donations and disaster related grant funding, ensuring that all sectors of the community are fairly represented and that resources are used effectively.

A member of the Florida Voluntary Organizations Active in Disaster (Florida VOAD), BRACE maintains active engagement with more than 250 partner organizations through ongoing coordination and collaboration. This includes the Disaster Services RoundTable, a regional collaboration that brings together businesses, community partners, and service providers to strengthen preparedness education, coordination, and access to resources before and after disasters. Community events such as the Disaster Services Expo also connect residents directly with recovery partners and local service providers before a

disaster occurs.
Together, these partnerships strengthen coordination, improve access to resources, and support more effective outcomes for Escambia County residents before and after disasters.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. **BRACE's work differs from other organizations because it is not a single service provider, but a coordinating entity that connects, aligns, and supports the full network of agencies involved in disaster preparedness, response, and recovery. While many organizations deliver direct services, BRACE ensures these efforts are coordinated, resources are used effectively, and residents are connected to the appropriate support at the right time. Because of this role, BRACE is uniquely positioned to deliver this program in a way that no single service provider can.**
This role is reinforced by BRACE's formal responsibilities within Escambia County's Comprehensive Emergency Management Plan, including serving as the lead for Emergency Support Function 15 (Volunteers and Donations) and leading the Escambia Long Term Recovery Group. These responsibilities are supported by established systems, trained personnel, and long-standing partnerships that are actively maintained year-round and cannot be developed in the midst of a disaster.
With more than 20 years of experience supporting disaster operations in Escambia County, BRACE has built the relationships, infrastructure, and operational knowledge necessary to coordinate across government, nonprofit, faith based, and private sector partners. This continuity strengthens efficiency, reduces duplication of effort, and supports faster, more effective recovery for residents.
Because BRACE operates across the full disaster cycle, it strengthens preparedness before disasters occur, supports coordination during response, and leads recovery efforts that address unmet needs. This integrated approach improves coordination, reduces delays in service delivery, and supports more efficient use of community resources, making BRACE the most effective agency to deliver this work and a critical component of Escambia County's emergency management system.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: **10** **%**

- Percentage for direct programming costs: **90** %

If only a portion of your requested funding is granted, how will you offset the difference? **If only a portion of the requested funding is awarded, BRACE will prioritize sustaining its core coordinating role within Escambia County's disaster preparedness, response, and recovery system. This includes maintaining its role as the lead for Emergency Support Function 15 (Volunteers and Donations), continuing coordination of the Escambia Long Term Recovery Group, and sustaining essential partner engagement and preparedness activities that support the County's emergency management framework.**
To offset any funding gap, BRACE will pursue supplemental funding through grants, sponsorships, and community partnerships while continuing to leverage in kind support from partner organizations. These sources help extend capacity but are variable and cannot replace consistent local investment to sustain these functions.
BRACE will also adjust the scale and frequency of program delivery as needed, including reducing the number of community workshops, limiting expansion of outreach efforts, and delaying planned enhancements to training and resource materials in order to maintain continuity of core coordination functions.
Because BRACE's responsibilities are embedded within the County's emergency management framework and supported through established agreements and partnerships, available funding directly influences the level of service that can be delivered across the community, while core coordination functions remain in place.
Maintaining this coordinated system ensures that critical disaster coordination remains in place while recognizing that the level of service and community impact reflects the level of available resources.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

Based on the 792 Escambia County high school students who graduated from the Teen CERT Disaster Defender program during the 2024-2025 school year, requested $41,000 from Escambia Children's Trust for 350 students in the Teen CERT program and requested $34,000 United Way for an additional 350 students in the Teen CERT program.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37).

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Community Organizations Active in Disasters, Inc. and Subsidiary

Opinion

We have audited the accompanying consolidated financial statements of Community Organizations Active in Disasters, Inc. (a nonprofit organization) and Subsidiary (the Organization), which comprise the consolidated statement of financial position as of June 30, 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Community Organizations Active in Disasters, Inc. and Subsidiary as of June 30, 2024, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Organizations Active in Disasters, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Purpose

Community Organizations Active in Disasters, Inc. was formed in April 2006 as a nonprofit organization in the State of Florida. The Organization is made up of a local network that links community, governmental, and faith-based organizations, businesses, and volunteers during disasters to address emergency management issues. The Organization receives funding for its programs through governmental grants, reimbursable contracts, and financial and in-kind donations.

The consolidated financial statements include BRACE, LLC, a wholly owned subsidiary of Community Organizations Active in Disasters, Inc.

Both organizations will be referred to collectively as "the Organization" in these notes to the consolidated financial statements.

B. Basis of Accounting and Presentation

The accompanying consolidated financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) Topic 958, Not-for-Profit Entities. Under ASC 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. A description of the net asset categories are as follows:

Net assets without donor restrictions – The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors.

Net assets with donor restrictions – The part of net assets of a not-for-profit that is subject to donor-imposed restrictions. Some donors impose restrictions that are temporary in nature or purpose restricted. Other donors impose restrictions that are perpetual in nature that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. Purpose restricted net assets are deemed to be restricted for the donor-specified purpose by explicit donor stipulation. Once appropriated, purpose restricted assets are released to net assets without donor restrictions.

C. Principles of Consolidation

These consolidated financial statements include the balances and financial activities of Community Organizations Active in Disasters, Inc. and BRACE, LLC (the Organization). Significant intra-entity accounts and transactions have been eliminated in consolidation.

D. Cash and Cash Equivalents

The Organization considers all highly liquid investment instruments with original maturities of three months or less as cash equivalents. There were no cash equivalents at June 30, 2024.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Accounts Receivable

Accounts receivable is stated at unpaid balances and are presented net of an allowance for uncollectible accounts. The allowance for uncollectible accounts is based on historical experience, coupled with a review of the current status of existing receivables. Receivables will be charged off in the period in which management determines the receivable to be uncollectible. Recoveries of receivables previously charged off are recorded as income when received.

F. Property and Equipment

Acquisitions of furniture and equipment of $5,000 or more are capitalized at cost or, if donated, at estimated fair market value at the time of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support. Depreciation is provided on the straight-line basis over estimated useful lives of the assets as follows:

Furniture, equipment, and vehicles	5 – 7 years
Computer, software, and website	3 – 5 years

G. Grants

Public support revenue from local governments and government grants is recorded based upon the terms of the grantor allotment which generally provides that revenue is earned when the allowable costs of the specific grant provisions have been incurred or the performance of the services has been rendered.

H. Contributions

The Organization records contributions received as an increase in net assets without donor restrictions unless specifically restricted by the donor. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the same reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

I. In-kind Contributions

The Organization records various types of contributed nonfinancial assets (in-kind contributions) including wages, rent, goods, and services. Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Advertising Costs

Advertising costs are expensed as incurred. For the year ended June 30, 2024, marketing and promotion costs of $981 were incurred. They are recorded as marketing and promotions expense in the accompanying consolidated financial statements.

K. Income Taxes

Community Organizations Active in Disasters, Inc. and Subsidiary file a consolidated tax return. Community Organizations Active in Disasters, Inc. is exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code and contributions to it are tax deductible within the limitations prescribed by the Code. The Organization has been classified as a publicly supported entity, which is not a private foundation under Section 509(a) of the Code.

BRACE, LLC is a single member LLC as defined by Reg. 301.7701-3(b), and is a wholly owned subsidiary of Community Organizations Active in Disasters, Inc. Pursuant to this regulation, BRACE, LLC is disregarded as a separate entity and is treated as a component of Community Organizations Active in Disasters, Inc. Accordingly, no provision for income taxes is included in the consolidated financial statements.

L. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

M. Functional Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statement of activities and in the consolidated statement of functional expenses. Costs are charged to program services, general and administrative, and fundraising based on direct expenditures incurred. Expenses not directly chargeable to these functional categories have been estimated and allocated among the programs and supporting services benefited based on management's best judgment.

N. Subsequent Events

Management has evaluated subsequent events through November 19, 2024, the date which the consolidated financial statements were available for issue.

NOTE 2 – CERTIFICTATES OF DEPOSIT

Certificates of deposits (CDs) are recorded at cost plus accrued interest. The Organization has two certificates of deposit that mature within a year of June 30, 2024. All CDs that mature within a year are recorded as current assets.

NOTE 3 – PROPERTY AND EQUIPMENT

Property and equipment consist of the following for the year ended June 30, 2024:

Vehicles	$	59,796
Less: accum. depreciation		(16,942)
Property and equipment, net	$	42,854

Depreciation expense for the year ended June 30, 2024 was $11,959.

NOTE 4 – COMPENSATED ABSENCES

The Organization's policy is that employees can carry over up to 80 hours of accrued paid time off to the following year. Accrued vacation totaled $7,433 as of June 30, 2024.

NOTE 5 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions as of June 30, 2024 are restricted as follows:

Disaster relief	$	10,107
Salaries		5,243
Total net assets with donor restrictions	$	15,350

Net assets were released from donor restrictions by incurring expenses that satisfy the restricted purposes.

NOTE 6 – IN-KIND CONTRIBUTIONS

The value of in-kind contributions and services as revenue in the consolidated financial statements and the corresponding program expenses for the year ended June 30, 2024, are as follows:

	Revenue Recognized	Utilization	Valuation
In-kind rent	$ 16,764	G&A, Program	Estimated fair value based on comparable rent per square foot in the area
In-kind personnel	97,810	Program	Estimated fair value based on actual hourly rate
In-kind supplies	593	Program	Estimated fair value based on market value of supplies when received
Total	$ 115,167		

NOTE 6 – IN-KIND CONTRIBUTIONS (CONTINUED)

Additionally, a substantial number of volunteers donated significant amounts of time to the Organization in various capacities; however, these donated services are not reflected in the financial statements, since these services do not meet the criteria for recognition as contributed services.

NOTE 7 – CONCENTRATIONS

The Organization maintains cash and certificates of deposit in local banks, which are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per banking institution. As of June 30, 2024, the uninsured cash balance was $1,057,755.

Approximately 62% of total revenue for the year ended June 30, 2024 was provided by three donors.

NOTE 8 – AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Organization's financial assets as of June 30, 2024, reduced by amounts not available for general use within one year of the balance sheet date:

Financial assets:	
Cash	$ 53,924
Grants receivable	26,074
Certificates of deposit	1,303,625
Total financial assets at 6/30/2024	1,383,623
Less those unavailable for general expenditure within one year, due to:	
Donor restrictions	(15,350)
Financial assets available to meet cash needs for general expenditures within one year	$ 1,368,273

The Organization at times receives restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

COMMUNITY ORGANIZATIONS ACTIVE IN DISASTERS, INC. AND SUBSIDIARY

NOTE A - ORGANIZATION AND NATURE OF ACTIVITIES

Community Organizations Active in Disasters, Inc. was formed in April 2006, as a nonprofit organization in the State of Florida. The Organization is made up of a local network that links community, governmental, and faith-based organizations, businesses, and volunteers during disasters to address emergency management issues. The Organization receives funding for its programs through rental income, governmental grants, reimbursable contracts, and financial and in-kind donations.

The consolidated financial statements include BRACE, LLC, a wholly owned subsidiary of Community Organizations Active in Disasters, Inc. During the fiscal year ended June 30, 2010, BRACE, LLC purchased Heritage Oaks Mobile Home Park with funding received through Escambia County to assist in preserving and providing long-term affordable rental and privately owned residences for Escambia County, Florida residents. The mobile home park was sold in April 2022.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting - The Organization prepares their financial statements on the accrual basis of accounting, following accounting principles generally accepted in the United States of America for nonprofit organizations.

2. Principles of Consolidation - These consolidated financial statements include the balances and financial activities of Community Organization Active in Disasters, Inc. and BRACE, LLC (the Organization). All material inter-company balances and transactions are eliminated in the consolidation.

3. Financial Statement Presentation - The Organization is required to report information regarding its financial position and activities according to two classes of net assets:

   Without donor restrictions - Not subject to donor-imposed stipulations.

   With donor restrictions - Subject to donor-imposed stipulations.

4. Cash and Cash Equivalents - For the purposes of the statement of cash flows, the Organization considers all liquid investments with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2023 and 2022.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Accounts Receivable - Accounts receivable is stated at unpaid balances and are presented net of an allowance for uncollectible accounts. The allowance for uncollectible accounts is based on historical experience, coupled with a review of the current status of existing receivables. Receivables will be charged off in the period in which management determines the receivable to be uncollectible. Recoveries of receivables previously charged off are recorded as income when received.

6. Property and Equipment - Acquisitions of furniture and equipment of $5,000 or more are capitalized at cost or, if donated, at estimated fair market value at the time of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support. Depreciation is provided on the straight-line basis over estimated useful lives of the assets as follows:

Furniture, equipment, and vehicles	5 - 7 years
Computer, software, and website	3 - 5 years

7. Contingent Note Payable to Escambia County - As explained in Note E, the Organization has a contingent note payable to Escambia County for Neighborhood Stabilization Program (NSP) funds received from the County and used to acquire and operate Heritage Oaks Mobile Home Park in accordance with a Development Agreement between the County and the Organization.

   The Organization complied with all the requirements of the Development Agreement and the related mortgage note payable. The conditional note payable was non-interest bearing and was forgiven in the amount of $93,333, each year the Organization remained in compliance with the forgiveness terms. Beginning with the fiscal year ended June 30, 2012, the forgiven amount of $93,333 has been recorded as grant revenue, each year through June 30, 2022. The mobile home park was sold in April 2022 and the remaining balance of the conditional note was repaid, in full.

8. Contributions - Contributions made and received are recorded as with donor restricted or without donor restricted support depending on the existence and/or nature of any donor restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted for future periods or donor-restricted for specific purposes are reported as restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the contribution is reported as support without donor restriction.

When a donor-stipulated time restriction expires or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restriction.

9. Grants - The Organization records grant revenue over the period of the award and the provisions of the grant determine the timing of revenue recognition. Grant expenses are recognized when incurred. Amounts that have been awarded and earned but not received are recorded as grants receivable. Grant funds received and not yet earned are reported as deferred revenues on the statement of financial position.

10. Program Revenue - Revenue related to exchange transactions is recognized as goods and/or services are provided and is based on the amount expected to be received in exchange for those goods and/or services. The Organization recognizes client service revenue in the period in which performance obligations under its contracts are satisfied by transferring services to clients. The Organization measures the performance obligation on the date the services are provided and bills to clients and third-party payers are sent.

11. Advertising Expense - The Organization uses advertising to promote its programs among the audiences they service. The costs in purchasing advertising and promotions are expensed when incurred. The Organization expensed $1,843 and $1,045, for the fiscal years ended June 30, 2023 and 2022, respectively. These costs are recorded as marketing and promotions expense in the consolidated statement of functional expenses.

12. In-kind Contributions and Services - Contributed goods and services are reflected in the accompanying consolidated statement of activities at their estimated values on date of receipt.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

During the year ended June 30, 2022, the Organization adopted Accounting Standards Update (ASU) 2020-07, Presentation and Disclosures by Not-for-Profit Entities for nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. The standard also increased the disclosure requirement around contributed nonfinancial assets, including disaggregating by category the types of contributed nonfinancial assets a nonprofit entity has received. Adoption of this standard did not have a significant impact on the financial statements, with the exception of additional disclosures.

Donated services are recognized as contributions if the services create or enhance nonfinancial assets or require specialized skills, which are performed by people with those skills, and would otherwise be purchased by the Organization.

13. Allocation of Functional Expenses - The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statement of activities and in the consolidated statement of functional expenses. Costs are charged to program services, general and administrative, and fundraising based on direct expenditures incurred. Expenses not directly chargeable to these functional categories have been estimated and allocated among the programs and supporting services benefited based on management's best judgment.

14. Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

15. Income Tax - Community Organizations Active in Disasters, Inc. and Subsidiary file a consolidated tax return. Community Organizations Active in Disasters, Inc. is exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code and contributions to it are tax deductible within the limitations prescribed by the Code. The Organization has been classified as a publicly-supported entity, which is not a private foundation under Section 509(a) of the Code.

BRACE, LLC is a single member LLC as defined by Reg. 301.7701-3(b), and is a wholly owned subsidiary of Community Organizations Active in Disasters, Inc. Pursuant to this regulation, BRACE, LLC is disregarded as a separate entity and is treated as a component of Community Organizations Active in Disasters, Inc. Accordingly, no provision for income taxes is included in the consolidated financial statements.

Tax-exempt nonprofit entities such as Community Organizations Active in Disasters, Inc. may have tax positions that require evaluation for uncertainty. For example, a tax position might be the entity's status as tax exempt. In addition, a tax position might involve unrelated business income subject to income taxes. The Organization believes that any tax positions it has taken or expects to take that are more-likely-than-not sustainable, as described in the Codification, would not be material to the financial statements taken as a whole. Accordingly, no liability has been provided for unrecognized tax benefits, nor has any interest or penalty been accrued.

The Organization's information and tax returns for the years ended June 30, 2021 through 2023 are subject to examination by the Internal Revenue Service and state authorities, generally for three years after they were filed.

16. Recent Financial Accounting Pronouncements - During the year ended June 30, 2023, the Organization adopted ASU 2016-02, Leases (Topic 842) which requires lessees to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than twelve months. The Organization reflected the impact of initially adopting ASC 842 as of the beginning of the year of adoption; therefore, prior period amounts have not been adjusted and continue to be reported in accordance with the previous accounting guidance in ASC 840. The adoption of ASC 842 had a material impact on the statement of financial position but did not have a significant impact on the statement of activities and statement of cash flows. There were no changes in net assets as a result of the adoption. The most significant impact was the recognition of right-of-use assets under operating leases and operating lease liabilities for operating leases.

    The Organization elected the available practical expedients to account for its existing leases under the new guidance, without reassessing (a) whether any expired or existing contracts contain a lease, (b) whether classification of capital or operating leases would be different in accordance with the new guidance, or (c) whether the unamortized initial direct costs, if any, before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement.

17. Comparative Financial Information - Certain accounts and activities in the prior year information have been reclassified to conform to the presentation in the current year financial statements.

Events Occurring After the Reporting Date - The Organization has evaluated events and transactions that occurred between June 30, 2023 and April 3, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE C - PROPERTY AND EQUIPMENT

Major classifications of property and equipment at June 30, 2023 and 2022, were as follows:

	2023	2022
Furniture, equipment, and vehicles	$ 66,434	$ 6,638
Computer software and website	30,797	30,797
	97,231	37,435
Less accumulated depreciation	(42,418)	(37,297)
Property and equipment, net	$ 54,813	$ 138

Depreciation expense for the years ended June 30, 2023 and 2022 was $5,189 and $11,683, respectively.

NOTE D - PAYCHECK PROTECTION PROGRAM NOTE PAYABLE FORGIVENESS

The Organization received an SBA loan for $55,318 in April 2021 pursuant to the Paycheck Protection Program as part of the Consolidated Appropriations Act. The interest rate was 1% with repayment terms of 24 months with the first 6 months of principal and interest payments deferred with interest accruing, then converting to monthly principal and interest payments, amortized over 18 months, at 1%. The loan was forgiven in full in November 2021 and is included in other income on the Statement of Activities for the year ended June 30, 2022.

NOTE E - HERITAGE OAKS MOBILE HOME PARK

Heritage Oaks mobile home park was sold in April 2022 for $2,000,000, resulting in a gain of $965,677. Depreciation on the property held for lease during the fiscal years ended June 30, 2022 was $24,252.

Contingent Note Payable to Escambia County

Escambia County advanced Neighborhood Stabilization Program (NSP) funds to the Organization in accordance with a Development Agreement between the County and the Organization. The NSP funds were provided as long-term financing for the acquisition and management of Heritage Oaks Mobile Home Park, including the preliminary expenditures. This included outlays related to the negotiations in connection with the acquisition of the foreclosed property, as well as infrastructure improvements, and securing and transporting manufactured housing units to the Park.

NOTE E - HERITAGE OAKS MOBILE HOME PARK (Continued)

The County awarded NSP funds to the Organization in the amount of $1,400,000. The award was recognized by a note which was formally executed on September 16, 2010, for this amount, and was secured by Heritage Oaks Mobile Park. In the event of default of any terms or obligations pursuant to the mortgage, including the sale, conveyance, transfer, or assignment of any interest in the property referred to in the mortgage or the failure of the Organization to comply with the rental rates, occupancy restrictions and conditions specified in the mortgage, the total principal balance will be due and payable.

Each year the Organization was not in default of any terms or obligations of the mortgage within fifteen years, the principal balance was reduced by 6.666% of the original amount per year on the anniversary date of the note. On the fifteenth anniversary of the note, the balance due shall be reduced to zero. The note is noninterest bearing, except in the event of default as stipulated within the note.

Debt forgiveness on the contingent note payable to Escambia County totaled $93,333 during the year ended June 30, 2022. The balance due on the contingent note payable was repaid, in full, in April 2022 with the sale of Heritage Oaks Mobile Home Park.

Due to Escambia County
During March 2011, the Organization entered into an agreement with Escambia County to receive funding in the amount of $300,000 for ongoing renovations and infrastructure improvements to Heritage Oaks Mobile Home Park. The loan was refinanced in May 2013.

The loan was set to mature in May 2026, with interest at a rate of 3%, and was secured by Heritage Oaks Mobile Home Park real estate, buildings, improvements, and fixtures therein. Interest only payments in the amount of $750 were due each month beginning June 1, 2011, and a balloon principal payment at maturity in the amount of $300,000. The balance due to Escambia County at June 30, 2021 was $300,000. The loan was paid, in full, in April 2022 when the mobile home park was sold. Interest expenses totaled $9,000 for the year ended June 30, 2022.

NOTE F - GRANTS

During the year ended June 30, 2023, the Organization was awarded a grant from United Way of West Florida, Inc. in the amount of $45,830, a grant from AmeriCorps VISTA in the amount of $53,500, and grants from Florida-Bahamas Synod, ELCA to support unmet needs of eligible recipients for disaster assistance. During the year ended June 30, 2023, 84 percent of the Organization's grant revenues were from three providers. The unearned funds remaining in deferred grant revenues were repaid during 2023 and 2024.

NOTE F - GRANTS (Continued)

During the year ended June 30, 2022, the Organization was awarded a grant from United Way of West Florida, Inc. in the amount of $47,774, a grant from Escambia County in the amount of $95,000, and grants from Florida-Bahamas Synod, ELCA to support unmet needs of eligible recipients for disaster assistance.

NOTE G - DONATED SERVICES AND OTHER IN-KIND CONTRIBUTIONS

The value of in-kind contributions and services as revenue in the consolidated financial statements and the corresponding program expenses for the years ended June 30, 2023 and 2022 are as follows:

	Preparedness & Mitigation	Response	Recovery	Faith - Based	General & Administrative	Fundraising	Total
Personnel	$ 7,622	$ 107,352	$ 39,860	$ 3,970	$ -	$ -	$ 158,804
Direct assistance	-	7,545	-	-	-	-	7,545
2023 Total	$ 7,622	$ 114,897	$ 39,860	$ 3,970	$ -	$ -	$ 166,349

	Heritage Oaks	Preparedness & Mitigation	Response	Recovery	Faith - Based	General & Administrative	Fundraising	Total
Personnel	$ 9,424	$ 6,472	$ 98,928	$ 36,751	$ 3,913	$ -	$ -	$ 155,488
Direct assistance	2,238	-	-	-	-	-	-	2,238
2022 Total	$ 11,662	$ 6,472	$ 98,928	$ 36,751	$ 3,913	$ -	$ -	$ 157,726

Additionally, a substantial number of volunteers donated significant amounts of time to the Organization in various capacities; however, these donated services are not reflected in the financial statements, since these services do not meet the criteria for recognition as contributed services.

NOTE H - FINANCIAL ASSETS AVAILABLE FOR GENERAL EXPENDITURES

The following reflects the Organization's financial assets as of June 30, 2023, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of June 30, 2023.

	2023
Financial assets, at year-end	$ 1,674,277
Net assets with donor restrictions	-
Financial assets available to meet cash needs for general expenditures within one year	$ 1,674,277

The Organization at times receives restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

NOTE I - SUPPLEMENTAL DISCLOSURE OF CASH FLOW INFORMATION

Cash payments for interest for the years ended June 30, 2022 was $9,000.

Debt forgiveness on the contingent note payable to Escambia County totaled $93,333 during the year ended June 30, 2022.

NOTE J - LEASES

The Organization recognizes right-to-use lease assets and lease liabilities for leases with terms greater than 12 months or for leases that contain a purchase option that is reasonably certain to be exercised. The Organization used one or more practical expedients, including short-term leases with terms twelve months or less to remain off the Organization's Statement of Financial Position. Leases are classified as either finance or operating leases. This classification dictates whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease.

NOTE J - LEASES (Continued)

In 2011, the Organization entered into a lease for a facility in Pensacola under a month-to-month operating lease requiring annual rental payments of $15,840, half of which is an in-kind donation of rent to the Organization. Rent expense for the year ended June 30, 2023 and 2022 was $14,755 and $ $12,387 , respectively.

The Organization also entered into the storage lease agreements used in operations on a month-to-month or as needed basis. Total storage rent expense for the year ended June 30, 2023 was $3,715.

In June 2023, the Organization entered into an office equipment lease under a three-year operating agreement requiring annual rental payments of $1,619 through June 2026.

Explain how receiving County funds would impact your organization:

Escambia County funding is utilized to offset healthcare for uninsured Escambia County residents. The health center uses required IGT match to draw down Low Income Pool (LIP) federal program dollars to bring additional funds to our County to support healthcare services and initiatives for the uninsured.

PREVIOUS FISCAL YEAR FUNDING
(If none received, mark N/A and skip to next section.)
Amount received, if applicable: $603,309

Briefly discuss how last year's funds were used?

County funding of $603,309 for (FY 25/26) budget cycle was essential for the health center to leverage required IGT match to draw down additional funds to support care for the uninsured in our community. These additional funds assisted the health center to continue to fulfill its role as the largest safety net provider of outpatient healthcare services in the County. Funding from Escambia County BOCC was used to offset the cost of specific critical services, such as vital retinal/vision screenings for diabetic and chronic disease patients and laboratory tests for uninsured Escambia County residents.

IGT match was utilized during FY25/26 to offset primary care, behavioral health, and CORE visits for uninsured Escambia County residents in the same way it has in the past.

During Escambia County FY 25/26, Community Health Northwest Florida received $603,309.00 in Escambia County funding. The health center used $447,604.00 in Escambia County funds as required IGT match to draw down Low Income Pool (LIP) federal program dollars. The health center also received $155,645 in Escambia County funding from the Opioid Abatement Settlements Fund (non-tax collected funds).Throughout FY25/26, the health center continues to fulfil its role as the major safety-net outpatient primary care provider in our area. During CY 25 Community Health cared for a total of 48,371 unduplicated patients and 143,552 total patient visits (all payers and all counties). Escambia County residents with no insurance accounted for 34,626-outpatient medical, dental, social service, and behavioral health visits during CY 2025. The health center served 3,776 uninsured patients under the age of eighteen and 7,891 uninsured adults in Escambia County and are represented in the aforementioned visit count. The health centers cost of care is $320.00 per visit for these patients for a total value of care of $11,080,320.00.00.

The health center again this year utilized Escambia County funding to offset the cost of primary care visits for uninsured residents. During CY 2025, Community Health provided care for 2,343 unique homeless patients in Escambia County across dental, medical and behavioral health service lines. In support of care for the uninsured, Escambia BOCC funding was also allocated to offset the cost of laboratory tests. During CY 2025 Escambia County, funding provided 14,926 lab tests offsetting a total lab cost of $4,776,320.00 ($1,152,048 was uninsured lab test services in Escambia County). These laboratory tests help inform care decisions made by our providers and alert providers to significant chronic health conditions that require continued treatment and management, such as diabetes and hypertension. This includes emergent testing for persons who may have been exposed to sexually transmitted infections through consensual or non-consensual sexual contact. Because many insurance companies do not cover this special screening, the health center has absorbed the cost of the reading of the tests by Ophthalmologists.

The Health Center also provided 2,538 Mammograms to patients in the Escambia County. In response to the opioid epidemic, the health center provided medication assisted therapy (MAT) and interdisciplinary substance use care to 401 unique Escambia county residents in CY 2025. Of the 401 patients 24% are/where uninsured and represent a cost of care of $564,480.00. The health center does receive state/local CORE funding for substance use care for $504,000.00 during CY 2025 however as demonstrated it does not cover the cost associated with uninsured care within the program.

Additionally, Low Income Pool funds supported our homeless outreach and substance-use outreach services facilitated through the mobile medical unit. The mobile medical unit deployed bi-monthly to various homeless and substance use hotspots to provide health care and emergency room diversionary services. Finally, the mobile medical unit was an instrumental resource in the effort to decrease the numbers of unhoused persons in the county as demonstrated in our data related to number of unhoused persons in the community.

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

The average cost of the health center providing an uninsured/charity care visit is $320.00 for a total value of care of $11,080,320.00.00 directly associated with these 34,626 Escambia resident charity care/uninsured visits during CY 25.

During CY 25, Escambia County funding was used to offset Lab fees for uninsured Escambia County residents. 14,926 laboratory tests were performed at a total value of $1,152,048.

LIP funding drawn down helps to support the health centers response to the opioid epidemic. The health center provided substance use care to 98 uninsured Escambia county residents in CY 25 at a cost of approximately $564,480.00. The health center does receive state and local CORE funding for substance use care in the amount of $504,000.00 for CY 25 however as demonstrated it does not cover the cost associated with uninsured care within the program. The health center provided 490 prescriptions to uninsured persons within the CORE program at an average cost of $60.00 per prescription for a total unreimbursed cost of $29,400.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County?

County funding of $450,000.00 for this upcoming (FY26/27) budget cycle is essential for the health center to leverage required IGT match to draw down additional funds to support care for the uninsured in our community. These additional funds helps the health center to continue to fulfill its role as the largest safety net provider of outpatient healthcare services in the County. Funding from Escambia County BOCC is used to offset the cost of specific critical services, such as vital Substance use disorder care and chronic disease patients and laboratory tests for uninsured Escambia County residents.

IGT match will be utilized during FY26/27 to offset primary care, behavioral health, optometry and substance use care for uninsured Escambia County residents in the same way it has in the past. In the 25/26 Funding period, the amount received from AHCA for the LIP was approximately $386,985, or 14%, less than the Escambia County Funding. The amount of return is estimated due to the AHCA formula upon receiving funding from all sources for all health centers in the state of Florida. At this time, we expect the amount of LIP allocation to increase even more for the 26/27 funding cycle, but the formula has not been released by AHCA at this time.

Additionally, as the heath center continues to be responsive to the communities stated goals of addressing homelessness, mental health and substance use. The health center is actively expanding services in the aforementioned areas to include the sustainment of our justice involved persons program. This program will connect persons to healthcare and re-entry services prior to release from the Escambia County Jail. This project is receiving no current funding from the state of Florida or county however the fiscal savings impacts on recidivism and cost of emergent care will fully impact Florida and Escambia County. While the sustainment of the justice involved program is not utilizing any of these funds the receipt of county funding to support planned service expansion in mental health, homeless services, and substance use has enable the health center to carry the financial load.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: N/A

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

Community Health Northwest Florida is the only Federally Qualified Health Center and the largest provider of outpatient primary care in our area. We are the major provider of healthcare to the uninsured/charity care population. Community Health has worked together with smaller faith-based healthcare providers (St. Joseph's Clinic, Health and Hope Clinic) for many years to serve this vulnerable and medically needy population. We share a number of patients with these faith-based

providers, as many charity care patients may access care at faith-based clinics and at Community Health sites. Access to primary care by Community Health is always available to uninsured faith-based clinic patients from St. Joes, Health, and Hope Clinics. CHNWF tends to see a large number of faith based clinic patients at our walk-in location during the weekends, since we are open 80 hours per week and the faith-based clinics may only be open a few hours during weekdays. We have also worked in partnership with various social service agencies, organizations and faith based partners to serve the homeless. This was most impactful as the homeless population was relocated from the Beggs Lane encampment. As an active member of the HUD Continuum of Care, we are actively working with agencies to serve and provide healthcare services to this vulnerable population. This commitment of CHNWF is demonstrated by the launching of the PATH program in Q3 of 2026. PATH is a program that specifically serves unhoused persons who struggle with severe and persistent mental illness and substance use disorder by assisting them in obtaining Social Security benefits.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

Escambia Community Clinics, Inc. d/b/a Community Health Northwest Florida is the area's only Federally Qualified Health Center (FQHC) and the largest safety net provider of outpatient primary care in the area. The community health center has a thirty-four year history of providing comprehensive primary and preventive outpatient care to the medically needy, uninsured, underinsured, and working poor citizens of Northwest Florida (Escambia and Santa Rosa Counties and surrounding areas). With seventeen locations (sixteen of those in Escambia County) and three of which mobile dental and medical units for outreach. Community Health Northwest Florida provides a full range of primary care services including; adult primary care, urgent/walk in care, pediatric care, women's health services, behavioral health and wellness services, oral health/dental services for adults and children, optometry, laboratory, mammography, x-ray, pharmacy, healthcare for the homeless, case management, chronic disease management, health education, and other supportive services.

Founded in 1992, the organization received designation as a Federally Qualified Health Center by the Department of Health and Human Services, Health Resources and Services Administration in 2007. We have a thirty-four year history of service to the residents of our service area. Committed to assuring access to affordable, quality healthcare for the underserved, underinsured and uninsured population, the health center strives to treat each person with respect, dignity, and compassion regardless of age, gender, race, religion, circumstances or ability to pay. The health center is recognized as a Patient Centered Medical Home by the National Committee for Quality Assurance (NCQA), and is a Community Centered Health Home (CCHH) model, working together with a network of community-minded organizations to create mutually beneficial relationships that influences the lives of our citizens for the better.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

Percentage for salaries/administrative costs: 0%
Percentage for direct programming costs: 100%

If only a portion of your requested funding is granted, how will you offset the difference?

The health center can only use taxpayer monies within the LIP program. If the full amount is not realized the community would simply miss matching dollars from the federal government. The

health center has a robust history of responding to financial challenges as our mission of providing care to the uninsured bakes in that reality. However, CHNWF will continue to see patients and ensure our community has access to lifesaving healthcare.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

The Low Income Pool is a supplemental Medicaid funding program administered by the Florida Agency for Health Care Administration (AHCA). LIP was established to ensure continued government support for the provision of health care services to Medicaid, underinsured, and uninsured populations. Florida Agency for Health Care Administration

The federal government and local sources jointly fund LIP. Local governments and public entities contribute funds through Intergovernmental Transfers (IGTs), which are then matched with federal Medicaid dollars. CMS has granted authority to set the LIP allotment at over $2.16 billion for state fiscal years 2022–23 through 2026–27. Florida Agency for Health Care Administration
LIP funds may be used for health care expenditures including medical care costs or premiums that fall within the definition of medical assistance under federal law. Florida Agency for Health Care Administration

Payments flow to safety-net providers, including hospitals, Federally Qualified Health Centers (FQHCs), rural health clinics, medical school physician practices, and behavioral health providers essentially the facilities most likely to serve patients who are uninsured or unable to pay.
In short, LIP acts as a financial lifeline for Florida's safety-net health care system, channeling billions in combined state, local, and federal dollars to providers who absorb the cost of caring for the state's most vulnerable patients.

As of submission, AHCA has not released the latest LIP matching numbers however historically the match rate has been close to dollar for dollar.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

Data Audit Report

Table 4-Selected Patient Characteristics

Edit 06112: Migratory and Seasonal Agricultural Workers or Dependent patients in question - On Homeless Population - There was a (-77.89) % change in Migratory and Seasonal Agricultural Workers or Dependent patients this year compared to the prior year on Line 16. Please correct or explain.

Related Tables: Table 4(HCH)

Chandra Smiley (Health Center) on 02/02/2026 2:25 PM EST: Given state and federal policy changes and renewed DHS enforcement the population of seasonal and migrant workers has decreased in the community the health center serves. This drop is reflected in the health centers UDS data. This number is not accurate, as we truly see more patients via clinic and mobile outreach. Workflows have been improved to capture this data precisely going forward.

Edit 06108: Homeless patients in question - On Homeless Population - There was a (-74.67) % change in homeless patients this year compared to the prior year on Line 23. Please correct or explain.

Related Tables: Table 4(HCH)

Chandra Smiley (Health Center) on 02/02/2026 2:27 PM EST: Given state and federal policy changes and renewed DHS enforcement the population of seasonal and migrant workers has decreased in the community the health center serves. This drop is reflected in the health centers UDS data. This number is not accurate, as we truly see more patients via clinic and mobile outreach. Workflows have been improved to capture this data precisely going forward.

Edit 06100: Veterans in Question - On Homeless Population - There was a (-68.56)% change in veteran patients this year compared to the prior year on line 25. Please correct or explain.

Related Tables: Table 4(HCH)

Chandra Smiley (Health Center) on 02/02/2026 2:28 PM EST: Given state and federal policy changes and renewed DHS enforcement the population of seasonal and migrant workers has decreased in the community the health center serves. This drop is reflected in the health centers UDS data. This number is not accurate, as we truly see more patients via clinic and mobile outreach. Workflows have been improved to capture this data precisely going forward.

Table 4-Selected Patient Characteristics

Edit 03851: Inter-year change in patients - Proportion of patients at or below 100 percent of the federal poverty guidelines for this year (28.53) differs substantially from last year (15.79). Please correct or explain.

Related Tables: Table 4(UR)

Chandra Smiley (Health Center) on 02/02/2026 2:15 PM EST: The health center reconfigured workflows during 2025 to ensure that sliding fee scale data and accurate income/ housing information is collected on all patients without insurance. The result is that the health center has seen a significant drop in persons confirmed as unhoused and an increase of patients 100% or below the poverty line. The health center believes this is a direct result of persons finding housing but having low income.

Edit 04167: Patients Unknown Income in question - More than 50% of Total Patients are reported as having Unknown Income. Health centers are expected to collect income data on all patients. Please correct or describe your process for collecting income information. Total Patients (48731); Patients having Unknown Income (26428).

Related Tables: Table 4(UR)

Chandra Smiley (Health Center) on 02/02/2026 2:17 PM EST: The health center re-worked workflows in 2025 to, better capture this metric. As a result, the health center saw a significant increase in income capture rate when compared to 2024 UDS.

Edit 06115: Inter-year change in patients/ Uninsured in Question - The percentage of Uninsured patients to total patients has significantly increased when compared to prior year. Current Year =(32.80)%, (15983); Prior Year = (24.66)%, (12758). Please review the insurance reporting to ensure the information reported is patient's primary medical care insurance. Please correct or explain.

Related Tables: Table 4(UR)

Chandra Smiley (Health Center) on 02/02/2026 2:20 PM EST: The health center continues to see the impacts of federal and state policy decisions as related to payer mix. The increase in uninsured patients is a direct result of the aforementioned policy changes. Our EHR vendor does not include Dental Only patients who are Medicaid in the Medical Medicaid number, thus increasing the appearance of uninsured patients to total patients.

Edit 04162: Inter-year change in Medicaid patients - The proportion of Medicaid patients to total patients has significantly decreased when compared to prior year. Current Year ((40.90)% (19930)); Prior Year ((50.11)% (25931)). Please review the insurance reporting to ensure the information reported is patient's primary medical care insurance. Please correct or explain.

Chandra Smiley (Health Center) on 02/11/2026 2:05 PM EST: The health center diagnoses/ treats many behavioral health diagnoses, particular, “Attention Deficit and Disruptive Behavior Disorders” in the primary care/ pediatric setting (within scope of practice). Given UDS guidance, and the staffing of the health center, only patients who seek behavioral health therapy services at the health center count as Mental Health Patients. While the health center encourages/ refers all mental health patients to behavioral health therapy services, many decline care or seek care outside of the heath center. Access the mental health therapy service is an identified need in the community with a ratio of 1 behavioral health therapist to ever 466 residents. This shortage of providers is further reinforced by a HPSA score of 20 for the health center.

Related Tables: Table 6A(UR), Table 5(UR)

Chandra Smiley (Health Center) on 02/11/2026 2:05 PM EST: In response to the substance use and opioid use crisis within the community the health center has trained all providers to identify and diagnose persons with substance use disorder in the primary care setting. This workflow is in place so that the health center can provide substance use services when the patient chooses to seek care.

Because of the aforementioned workflow, the health center has identified many primary care patients with diagnosed substance use but who are not ready to seek care. Given UDS guidance, and the staffing of the health center, only patients who seek behavioral health therapy services at the health center count as Mental Health Patients. Additionally many substance use treatment services are provided in the primary care setting by providers with additional training/ certifications (within scope of practice) and those patients are counted under primary care (per UDS guidance). The health center is a member of the state of Florida CORE (substance use treatment) network and has expanded SUD services over the last two years seeing an over 100% growth in the program in the last two years.

Health Center

Chandra Smiley (02/02/2026 2:15:57 PM EST): The health center reconfigured workflows during 2025 to ensure that sliding fee scale data and accurate income/ housing information is collected on all patients without insurance. The result is that the health center has seen a significant drop in persons confirmed as unhoused and an increase of patients 100% or below the poverty line. The health center believes this is a direct result of persons finding housing but having low income.

The transient nature of the population and the expansion of unhoused healthcare services at two local free and charity clinics (Health & Hope Clinic; Saint Josephs Clinic) have further distorted this data metric. All of the previously mentioned factors have been exacerbated by local and state laws that have put pressure on the unhoused population fostering an environment of inherent distrust among the unhoused.

Health Center — Chandra Smiley (02/11/2026 2:05:00 PM EST): The health center diagnoses/ treats many behavioral health diagnoses, particular, “Attention Deficit and Disruptive Behavior Disorders” in the primary care/ pediatric setting (within scope of practice). Given UDS guidance, and the staffing of the health center, only patients who seek behavioral health therapy services at the health center count as Mental Health Patients. While the health center encourages/ refers all mental health patients to behavioral health therapy services, many decline care or seek care outside of the heath center. Access the mental health therapy service is an identified need in the community with a ratio of 1 behavioral health therapist to ever 466 residents. This shortage of providers is further reinforced by a HPSA score of 20 for the health center.

Health Center — Chandra Smiley (02/11/2026 2:05:27 PM EST): In response to the substance use and opioid use crisis within the community the health center has trained all providers to identify and diagnose persons with substance use disorder in the primary care setting. This workflow is in place so that the health center can provide substance use services when the patient chooses to seek care. Because of the aforementioned workflow, the health center has identified many primary care patients with diagnosed substance use but who are not ready to seek care. Given UDS guidance, and the staffing of the health center, only patients who seek behavioral health therapy services at the health center count as Mental Health Patients. Additionally many substance use treatment services are provided in the primary care setting by providers with additional training/ certifications (within scope of practice) and those patients are counted under primary care (per UDS guidance). The health center is a member of the state of Florida CORE (substance use treatment) network and has expanded SUD services over the last two years seeing an over 100% growth in the program in the last two years.

Due to this, the health center has implemented a new workflow to add in the “Childhood Development Screenings and Evaluations” (Z13.4) as a separate stand-alone assessment separating it out of our current workflow that includes the assessment in all of the health centers well visits. Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

We have further determined that you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in sections 509(a)(1) and 170(b)(1)(A)(iii).

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status. In the case of an amendment to your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, you should inform us of all changes in your name or address.

As of January 1, 1984, you are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

Donors may deduct contributions to you as provided in section 170 of the

Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of Code sections 2055, 2106, and 2522.

Contribution deductions are allowable to donors only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. See Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, which sets forth guidelines regarding the deductibility, as charitable contributions, of payments made by taxpayers for admission to or other participation in fundraising activities for charity.

In the heading of this letter we have indicated whether you must file Form 990, Return of Organization Exempt From Income Tax. If Yes is indicated, you are required to file Form 990 only if your gross receipts each year are normally more than $25,000. However, if you receive a Form 990 package in the mail, please file the return even if you do not exceed the gross receipts test. If you are not required to file, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally $25,000 or less, and sign the return.

If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of $10 a day is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed $5,000 or 5 percent of your gross receipts for the year, whichever is less. This penalty may also be charged if a return is not complete, so please be sure your return is complete before you file it.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

This determination is based on evidence that your funds are dedicated to the purposes listed in section 501(c)(3) of the Code. To assure your continued exemption, you should maintain records to show that funds are expended only for those purposes. If you distribute funds to other organizations, your records should show whether they are exempt under section 501(c)(3). In cases where the recipient organization is not exempt under section 501(c)(3), there should be evidence that the funds will remain

dedicated to the required purposes and that they will be used for those purposes by the recipient.

If distributions are made to individuals, case histories regarding the recipients should be kept showing names, addresses, purposes of awards, manner of selection, relationship (if any) to members, officers, trustees or donors of funds to you, so that any and all distributions made to individuals can be substantiated upon request by the Internal Revenue Service. (Revenue Ruling 56-304, C.B. 1956-2, page 306.)

If we have indicated in the heading of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

We have sent a copy of this letter to your representative as indicated in your power of attorney.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Paul Williams
District Director

ESCAMBIA COMMUNITY CLINICS INC

If your organization conducts fund-raising events such as benefit dinners, auctions, membership drives, etc., where something of value is received in return for contributions, you can help your donors avoid difficulties with their income tax returns by assisting them in determining the proper tax treatment of their contributions. To do this you should, in advance of the event, determine the fair market value of the benefit received and state it in your fund-raising materials such as solicitations, tickets, and receipts in such a way that your donors can determine how much is deductible and how much is not. To assist you in this, the Service has issued Publication 1391, Deductibility of Payments Made to Charities Conducting Fund-Raising Events. You may obtain copies of Publication 1391 from your local IRS Office. Guidelines for deductible amounts are also set forth in Revenue Ruling 67-246, 1967-2 C.B. 104 and Revenue Procedure 90-12, 1990-1 C.B. 471 and Revenue Procedure 92-49, 1992-26 I.R.B. 18.

The value of time or personal services contributed to your organization by volunteers is not deductible by those volunteers as a charitable contribution for Federal income tax purposes. You should advise your volunteers to this effect.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

Opinion

We have audited the accompanying financial statements of Escambia Community Clinics, Inc.,(d/b/a Community Health Northwest Florida) (a nonprofit organization), which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Escambia Community Clinics, Inc. as of December 31, 2024 and 2023, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Escambia Community Clinics, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Escambia Community Clinics, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Escambia Community Clinics, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Escambia Community Clinics, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of grants, contracts and reimbursements revenue, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 16, 2024 on our consideration of Escambia Community Clinics, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance, and the results of that testing, and not to provide an opinion on internal control over financial reporting nor on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Escambia Community Clinics, Inc.'s internal control over financial reporting and compliance.

ECC is a Federally Qualified Health Center (FQHC) that receives federal grant funds pursuant to Section 330 of the Public Health Service Act, 42 U.S.C. 254b, a program, which is administrated by the Bureau of Primary Health Care with the United States Department of Health and Human Services (DHHS). The mission of ECC is to provide quality outpatient primary and acute health care services to citizens of Escambia County and surrounding areas, with a special focus to provide access to care for the underinsured, uninsured, working poor and the medically needy, regardless of their ability to pay for services.

In 2024, the Board of Directors of ECC established the Community Health Northwest Florida Foundation, Inc (the Foundation). Although the Foundation did not engage in any activities during 2024, management expects it to commence operations in 2025.

Financial Statement Presentation

ECC is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions or without donor restrictions. Net assets are classified based on donor restrictions, if any, that may or may not be met by actions of management or by the passage of time. Currently, there are no net assets with donor restrictions.

Net Patient Service Revenue and Accounts Receivable

Patient care service revenue is reported at the amount that reflects the consideration to which ECC expects to be entitled in exchange for providing patient care. Patient receivables represent amounts due from patients and third-party payors (including health insurers and government payors).

ECC has agreements with third-party payors to charge rates at amounts different from its published rates. A summary of the payment arrangements with major third-party payors is as follows:

Medicaid – ECC, as an FQHC, receives reimbursement from Medicaid based upon its costs of providing services to Medicaid eligible patients. ECC is reimbursed for cost reimbursable items at a contracted rate with settlement determined on a quarterly basis after submission of wrap-around cost reports by ECC and audits thereof by the Medicaid fiscal intermediary. Additionally, ECC is paid a capitation payment from a managed care organization for a large portion of its Medicaid patients as a result of the state of Florida's reorganization of Medicaid.

Medicare – ECC is eligible for cost reimbursements from Medicare based upon its costs of providing services. Services rendered to Medicare patients are paid at a tentative rate with final settlement determined after submission of annual cost reports by ECC and audits thereof by the Medicare fiscal intermediary.

ECC reports patient accounts receivable for services rendered at net realizable amounts from third-party payors, patients and others. Net patient services revenue is recognized in the period services are provided at the estimated net realizable amount from Medicare, Medicaid, commercial insurers,

other third-party payors and patients. Established rates are maintained for patient services provided; however, actual collectible revenue is normally realized at a discount to these rates. Contractual adjustments represent the difference between the amounts billed for these services and the amounts that are reimbursable by third-party payors.

Generally, patients who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. ECC estimates the transaction price for patients with deductibles and coinsurance and for those who self-pay based on historical experience and current market conditions and reasonable and supportable forecasts. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts and implicit price concessions based on historical collection experience and reasonable and supportable forecasts. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change.

Subsequent changes that are determined to be the result of an adverse change in the patient's ability to pay are recorded as credit losses. There are various factors that can impact the collection trends, such as a change in the general economy, which in turn have an impact on unemployment rates and the number of uninsured and underinsured patients, the increased burden of copayments to be made by patients with insurance and business practices related to collection efforts. These factors continuously change and can have an impact on collection trends and the revenue estimation process. As a practical expedient, ECC applies a portfolio approach for the patient service revenue stream to group contracts with similar characteristics and analyze historical cash collections trends. The contracts within the portfolio share the characteristics conducive to ensuring that the results do not materially differ if it were to be applied to individual patient contracts related to each patient encounter.

For receivables associated with services provided to patients who have third-party coverage, which includes patients with deductible and copayment balances due from which third-party coverage exists for part of the bill, ECC analyzes contractually due amounts and provides an allowance for implicit price concessions and a provision for implicit price concessions, if necessary. For receivables associated with self-pay patients, ECC records a significant provision for implicit price concessions in the period of service on the basis of its past experience and reasonable and supportable forecasts, which indicates that many patients are unable to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for implicit price concessions. ECC does not maintain a material allowance for implicit price concessions from third-party payors, nor did it have significant write-offs from third-party payors.

Charity Care

Quality medical care is provided to all persons requiring treatment regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies of ECC. In assessing a patient's inability to pay, ECC utilizes the most recently published federal poverty income guidelines. In addition, charity services include charges for services provided to Medicaid patients less payments actually received. These charges are included in net patient service revenue. The cost of charity care provided by ECC for the years ended December 31, 2024 and 2023, was $8,630,691 and $9,234,818, respectively.

Grant and Contract Revenue
Revenue from government grants and contracts designated for specific activities is recognized in the period when expenditures have been incurred in compliance with the grantor's restrictions. Grants and contracts awarded for the acquisition of long-lived assets are reported as changes to net assets, in the absence of donor stipulations to the contrary, during the year in which the assets are acquired. Cash received in advance of revenue recognized is recorded as deferred revenue. Grant and contract receivables are reported at their outstanding unpaid balances.

Capitation Revenue
ECC has agreements with managed care organizations and the Department of Public Health to provide medical services to subscribing participants. Under these agreements, ECC receives monthly capitation payments based on the number of each plan's participants assigned to ECC, regardless of services actually performed by ECC.

Section 340B Program of the Public Health Service Act
ECC offers reduced price medications to low-income, uninsured patients through arrangements with contracted pharmacies. Revenue is earned as prescriptions are filled and provided to patients.

Long-Lived Assets
Long-lived assets that are subject to depreciation and amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairment losses were recorded for the years ended December 31, 2024 and 2023.

Property and Equipment
Property and equipment is stated at cost. ECC capitalizes all property and equipment purchases in excess of $5,000. Donated property and equipment are recorded at estimated fair market value at the date of the donation. Depreciation is calculated using the straight-line method over the following estimated useful lives:

Buildings	39 years
Improvements	15 years
Machinery and equipment	3-7 years
Vehicles	5-6 years
Software	3 years

Property and equipment acquired with Section 330 grant funds are considered to be owned by ECC. However, the funding source has a reversionary interest in the property, as well as the right to determine the use of any proceeds from the sale of assets purchased with their funds.

Goodwill
Goodwill consists of the excess of cost over the fair value of net assets acquired. Goodwill is amortized over a ten-year period from the asset purchase date.

Compensated Absences
ECC provides paid time off (PTO) benefits, which include vacation, holiday and sick time, for its full-time employees and some part-time employees who meet hourly work requirements. Employees are granted PTO benefits in varying amounts to specified maximums depending on tenure with ECC. Generally, after one year of service, employees are entitled to all accrued PTO upon termination or retirement up to 80 hours. A maximum accrual of PTO is limited to two times the annual accrual (or two years).

Donated Services
Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, which are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation, are recorded at fair value in the period received. Donated services totaled $51,583 and $5,933 for the years ended December 31, 2024 and 2023, respectively.

Income Taxes
ECC has been granted an exemption from income taxes under Internal Revenue Code, Section 501(c)(3) as a not-for-profit corporation. ECC is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with GAAP.

Functional Allocation of Expenses
The costs of providing the various programs and supporting activities have been summarized on a functional basis in the statements of activities. Accordingly, costs have been allocated among the program and supporting services benefited. The expenses that are allocated are compensation and benefits, which are allocated on the basis of estimates of time and effort; occupancy costs and depreciation, which are allocated on a square footage basis; and supplies, which are allocated based on average employee headcount.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues, expenses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Right-Of-Use Lease Assets and Lease Liabilities
Right-of-use assets and liabilities are initially measured at the present value of lease payments over the lease term, discounted using the interest rate implicit in the lease at the commencement date. Right-of-use assets are adjusted for any lease payments made prior to lease commencement, lease incentives, and accrued rent. If the rate implicit in the lease cannot be readily determined, the ECC will use the risk-free interest rate. ECC's leases may include options to extend or terminate the lease. When it is reasonably certain that ECC will exercise such option, the lease term includes those periods. Lease expense for operating leases is recognized on a straight-line basis over the lease term. Some of the lease agreements include variable rental payments that periodically adjust to rates and charges stated in the agreements.

Subsequent Events
Management has evaluated subsequent events for recognition or disclosure through June 17, 2025, the date the financial statements were available to be issued.

2. PATIENT SERVICES RECEIVABLE AND NET PATIENT SERVICE REVENUES

The opening balance of net accounts receivable was $823,737 at January 1, 2023. Accounts receivable recorded net of the allowance for implicit price concessions and allowance for contractual adjustments at December 31, 2024 and 2023, are as follows:

4. GOODWILL

In April 2019, ECC acquired the assets of two pharmacies, which have historically served the underinsured, uninsured and working poor citizens of Escambia County. The purchase price was approximately $850,000 and was allocated to the tangible and intangible assets acquired. ECC recorded goodwill of $788,618 as of December 31, 2019, that is being amortized over ten years.

In August 2021, ECC acquired the assets of a pharmacy. The purchase price was approximately $270,000 and was allocated to the tangible and intangible assets acquired. ECC recorded goodwill of $264,031 as of December 31, 2021, that is being amortized over ten years.

Amortization expense related to goodwill assets was $105,265 for the each of the years ending December 31, 2024 and 2023.

5. LINE OF CREDIT

ECC obtained a revolving line of credit (LOC) with a financial institution in the principal amount of $2,500,000. During 2024, ECC had outstanding borrowings of $2,000,000 under this LOC. The LOC is secured by property of ECC and bears interest at a variable rate based on the lender's prime rate.

ECC has certain financial covenants relating to its LOC. Management indicates it was in violation of these covenants as of December 31, 2024 and obtained a waiver of such violations from the financial institution. Subsequently, the LOC was further renewed through July 30, 2025 under similar terms.

6. NEW MARKET TAX CREDIT TRANSACTION

During 2016, ECC restructured operations and entered into transactions in order to make additional funds available through the New Markets Tax Credit (NMTC) Program. The additional funds were used to partially finance the construction of a new clinic, which was completed in January 2018.

In August 2023, the NMTC compliance period ended, and the Federal and State Investment Fund investors exercised their put option. As a result, ECC was able to gain control of and cancel the $6.4 million in notes payable, which is offset by its forgiveness of the $4.3 million note receivable from the State Investment Fund. For the year ended December 31, 2023, ECC recognized a net gain on the transaction of approximately $2.1 million.

7. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

ECC has a policy to manage its liquidity and reserves following three guiding principles: operating within a prudent range of financial stability, maintaining adequate liquidity to fund near-term operations, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged.

	2024	2023
Cash	$ 3,091,177	$ 681,594
Patient services receivable, net	761,784	1,076,876
Other receivables	3,307,626	4,376,341
Financial assets available to meet cash needs for expenditures within one year	$ 7,160,587	$ 6,134,811

8. RELATED PARTY TRANSACTIONS

ECC is a recipient of community benefit grant awards through agreements with Sacred Heart Health System, Inc. (SHH) and Baptist Hospital, Inc. (BH). The grant proceeds are to be used specifically to support the otherwise uncompensated costs (including general and administrative costs properly allocable under GAAP), which ECC reasonably projects it will incur in providing comprehensive, community-based, preventive and primary health and dental care, behavioral health services, related enabling services, outreach, health education and promotion, risk management and other appropriate services and programs that promote access to and availability of continuous care for the residents of the Escambia and Santa Rosa County service area. The Chairman and Vice Chairman positions of ECC's Board of Directors are held by executives from BH and SHH. The total amount of awards ECC received under these Community Benefit Grant Agreements for each of the years ended December 31, 2024 and 2023, was approximately $1,100,000.

9. RETIREMENT PLAN

ECC provides a 403(b)-retirement plan for its employees. ECC makes discretionary contributions up to 3% of the participant's elective deferral. Contributions were $547,752 and $1,054,562 for the years ended December 31, 2024 and 2023, respectively.

10. SELF-INSURANCE

ECC has in place a large deductible policy for health insurance for its employees and supplements the policy with reinsurance.

ECC is responsible for paying eligible claims up to the maximum deductible of $50,000 per employee, as well as the premium for the reinsurance. The maximum amount of losses for which ECC could be held responsible in any given policy period is $1,000,000. The insurance company administers the claims and payments as a third-party service provider.

ECC established reserves for open and expected claims of approximately $388,700 and $527,000 as of December 31, 2024 and 2023, respectively, which are included in accrued expenses in the accompanying financial statements. Further adjustments to the amounts recorded from estimates and final settlements will be recorded in the statements of activities when adjustments become known.

11. OPERATING LEASE LIABILITIES

ECC leases equipment, office and clinical space from various companies with lease terms that expire between 2025 through 2030. At December 31, 2024 and 2023, the weighted average discount rate was 1.89% and 1.76% respectively and the weighted average remaining term (in years) was 4.26 and 4.47, respectively. For the years ended December 31, 2024 and 2023, total operating lease costs were $1,476,054 and $1,426,401, respectively, and short-term lease

expenses were $130,097 and $323,362, respectively. The future minimum lease payment for each of the succeeding five years and thereafter, remaining under the noncancelable operating lease, consisted of the following:

Year Ending December 31,	Amount
2025	$ 913,013
2026	621,768
2027	403,778
2028	314,272
2029	320,558
Thereafter	381,206
Total minimum lease payments	2,954,595
Less imputed interest	(109,171)
Present value of operating lease liabilities	2,845,424
Less current portion of operating lease liabilities	(913,013)
Remaining balance of operating lease liabilities	$ 1,932,411

Total cash paid for operating lease liabilities for the years ended December 31, 2024 and 2023, were $1,451,550 and $1,412,146, respectively.

12. CONCENTRATIONS AND CREDIT RISK

Concentrations
ECC's primary operations and service area include most communities of Escambia County, Florida. ECC grants credit without collateral to its patients, who are uninsured, insured under third-party payor arrangements, primarily with Medicare, Medicaid and various commercial insurance companies.

The significant concentrations of patient services receivable at December 31, 2024 and 2023, were approximately:

	2024	2023
Medicare	10%	5%
Medicaid	71%	78%
Other	15%	13%
Self-pay	4%	2%
	100%	98%

Approximately 9% and 15% of ECC's total revenues in 2024 and 2023, respectively, were provided by grants through DHHS. ECC is economically dependent on this funding source.

Deposits
ECC occasionally maintains cash balances in excess of the insured limits provided by the Federal Deposit Insurance Corporation (FDIC). As of December 31, 2024 and 2023, deposits at financial institutions exceeded FDIC insured limits by approximately $3 million and $2 million, respectively.

13. MEDICAL MALPRACTICE CLAIMS COVERAGE

The Federally Supported Health Centers Assistance Act of 1992 and 1995 granted medical malpractice liability protection through the Federal Tort Claims Act to FQHCs. Under this legislation, ECC, employees and eligible contractors are considered federal employees immune from suit with the federal government acting as their primary insurer.

14. CONTINGENCIES

The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations is subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments for patient service previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects, if any, are not presently determinable.

During the normal course of business, ECC may become involved in various legal issues. In the opinion of management, any such matters will not have a material effect upon the financial position of ECC, and significant losses, if any, would be adequately covered by insurance.

15. SUBSEQUENT EVENTS

In 2025, ECC repaid $1 million towards the outstanding balance on the line of credit.

ESCAMBIA COMMUNITY CLINICS, INC. d/b/a
COMMUNITY HEALTH NORTHWEST FLORIDA
NOTES TO THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2024

1. BASIS OF PRESENTATION

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Since the schedule presents only a select portion of the operations of Escambia Community Clinics, Inc. (ECC), it is not intended to and does not present the financial position, changes in net assets or cash flows of ECC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal grant activity of ECC under programs of the federal government for the year ended December 31, 2024. Expenditures reported on the schedule are reported on the accrual basis of accounting. ECC did not elect to utilize the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. PROGRAM CLUSTERS

The U.S. Office of Management and Budget Compliance Supplement defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. There was one program that met this criterion for the current fiscal year, Assistance Listing Number 93.224/ 93.527 – Health Center Program Cluster.

4. CONTINGENCY

The grant revenue accounts are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such audit, any claim for reimbursement to the grant agencies would become a liability of ECC. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal laws and regulations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Escambia Community Clinics, Inc. (a nonprofit organization, ECC) (d/b/a Community Health Northwest Florida), which comprise the statement of financial position as of December 31, 2024, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 17, 2025.

Report on Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered ECC's internal control over financial reporting (internal control) as a basis for determining the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ECC's internal control. Accordingly, we do not express an opinion on the effectiveness of ECC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of ECC's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether ECC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ECC's internal control nor on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ECC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Escambia Community Clinics, Inc.'s compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Escambia Community Clinics, Inc.'s major federal program for the year ended December 31, 2024. Escambia Community Clinics, Inc.'s major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Escambia Community Clinics, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Escambia Community Clinics, Inc. and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Escambia Community Clinics, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Escambia Community Clinics, Inc.'s federal programs.

Auditors' Responsibilities for the Audit of Compliance
Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Escambia Community Clinics, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Escambia Community Clinics, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Escambia Community Clinics, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Escambia Community Clinics, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Escambia Community Clinics, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance
A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

Opinion

We have audited the accompanying consolidated financial statements of Escambia Community Clinics, Inc.,(d/b/a Community Health Northwest Florida) (a nonprofit organization) and subsidiaries, which comprise the consolidated statements of financial position as of December 31, 2023 and 2022, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Escambia Community Clinics, Inc. and subsidiaries as of December 31, 2023 and 2022, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Escambia Community Clinics, Inc. and subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Escambia Community Clinics, Inc. and subsidiaries' ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Escambia Community Clinics, Inc. and subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Escambia Community Clinics, Inc. and subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedules of grants, contracts and reimbursements revenue, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 16, 2024 on our consideration of Escambia Community Clinics, Inc. and subsidiaries' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance, and the results of that testing, and not to provide an opinion on internal control over financial reporting nor on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Escambia Community Clinics, Inc. and subsidiaries' internal control over financial reporting and compliance.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF ORGANIZATION

Description of Organization

Escambia Community Clinics, Inc. (ECC) (d/b/a Community Health Northwest Florida) is a not-for-profit health care corporation incorporated under the laws of the state of Florida in January 1992. ECC is a Federally Qualified Health Center (FQHC) that receives federal grant funds pursuant to Section 330 of the Public Health Service Act, 42 U.S.C. 254b, a program, which is administrated by the Bureau of Primary Health Care with the United States Department of Health and Human Services (DHHS). The mission of ECC is to provide quality outpatient primary and acute health care services to citizens of Escambia County and surrounding areas, with a special focus to provide access to care for the underinsured, uninsured, working poor and the medically needy, regardless of their ability to pay for services.

Principles of Consolidation and Basis of Accounting

In accordance with generally accepted accounting principles (GAAP), the accompanying consolidated financial statements include the financial activities of ECC and two subsidiaries. Escambia Community Holdings (ECH) is a wholly owned subsidiary of ECC. Community Clinics Services (CCS) is wholly owned by ECC and ECH. All significant intercompany transactions have been eliminated in the accompanying consolidated financial statements. The consolidated financial statements of ECC are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. As disclosed below, both ECH and CCS were dissolved as of November 30, 2023, therefore the accompanying financial statements include the operations of these subsidiaries from January 1, 2023 through November 30, 2023.

Escambia Community Holdings, Inc.

ECH, a subsidiary, was incorporated and formed in 2008 to support the establishment and the continuation of health care facilities to serve the medically underserved population. This entity had two members, Sacred Heart Health System, Inc. (SHH) and Baptist Hospital, Inc. (BH), related parties (see Note 9). ECH held cash and owned land and a building. The building was previously rented to and occupied by ECC. In 2014, the building was severely flooded and unable to be occupied. In March 2016, SHH and BH transferred their interest in ECH to ECC. The ECH Board of Directors consists of one representative from the ECC Board, along with two independent board members. The ECH acquisition was critical to the New Market Tax Credit transaction that occurred in 2016. In November 2023, as a result of the new market tax credit unwind transaction described in Note 6, ECH was dissolved, and all assets were transferred to ECC.

Community Clinics Services, Inc.

In 2016, ECC formed CCS to meet certain census tracking requirements related to the new facility under construction. ECC and ECH are the two members of CCS. The CCS Board of Directors is substantively the same as the ECC Board of Directors. CCS is a Qualified Active Low-Income Business (QALICB), receiving proceeds from the New Market Tax Credit transaction to fund the new facility project. In November 2023, as a result of the new market tax credit unwind transaction described in Note 6, CCS was dissolved, and all assets were transferred to ECC.

Financial Statement Presentation
ECC is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions or without donor restrictions. Net assets are classified based on donor restrictions, if any, that may or may not be met by actions of management or by the passage of time. Currently, there are no net assets with donor restrictions.

Net Patient Service Revenue and Accounts Receivable
Patient care service revenue is reported at the amount that reflects the consideration to which ECC expects to be entitled in exchange for providing patient care. Patient receivables represent amounts due from patients and third-party payors (including health insurers and government payors).

ECC has agreements with third-party payors to charge rates at amounts different from its published rates. A summary of the payment arrangements with major third-party payors is as follows:

Medicaid – ECC, as an FQHC, receives reimbursement from Medicaid based upon its costs of providing services to Medicaid eligible patients. ECC is reimbursed for cost reimbursable items at a contracted rate with settlement determined on a quarterly basis after submission of wrap-around cost reports by ECC and audits thereof by the Medicaid fiscal intermediary. Additionally, ECC is paid a capitation payment from a managed care organization for a large portion of its Medicaid patients as a result of the state of Florida's reorganization of Medicaid.

Medicare – ECC is eligible for cost reimbursements from Medicare based upon its costs of providing services. Services rendered to Medicare patients are paid at a tentative rate with final settlement determined after submission of annual cost reports by ECC and audits thereof by the Medicare fiscal intermediary.

ECC reports patient accounts receivable for services rendered at net realizable amounts from third-party payors, patients and others. Net patient services revenue is recognized in the period services are provided at the estimated net realizable amount from Medicare, Medicaid, commercial insurers, other third-party payors and patients. Established rates are maintained for patient services provided; however, actual collectible revenue is normally realized at a discount to these rates. Contractual adjustments represent the difference between the amounts billed for these services and the amounts that are reimbursable by third-party payors.

Generally, patients who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. ECC estimates the transaction price for patients with deductibles and coinsurance and for those who self-pay based on historical experience and current market conditions and reasonable and supportable forecasts. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts and implicit price concessions based on historical collection experience and reasonable and supportable forecasts. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change.

Subsequent changes that are determined to be the result of an adverse change in the patient's ability to pay are recorded as credit losses. There are various factors that can impact the collection trends, such as a change in the general economy, which in turn have an impact on unemployment rates and the number of uninsured and underinsured patients, the increased burden of copayments to be made by patients with insurance and business practices related to collection efforts. These factors continuously change and can have an impact on collection trends and the revenue estimation process. As a practical expedient, ECC applies a portfolio approach for the patient service revenue stream to group contracts with similar characteristics and analyze historical cash collections trends. The contracts within the portfolio share the characteristics conducive to ensuring that the results do not materially differ if it were to be applied to individual patient contracts related to each patient encounter.

For receivables associated with services provided to patients who have third-party coverage, which includes patients with deductible and copayment balances due from which third-party coverage exists for part of the bill, ECC analyzes contractually due amounts and provides an allowance for implicit price concessions and a provision for implicit price concessions, if necessary. For receivables associated with self-pay patients, ECC records a significant provision for implicit price concessions in the period of service on the basis of its past experience and reasonable and supportable forecasts, which indicates that many patients are unable to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for implicit price concessions. ECC does not maintain a material allowance for implicit price concessions from third-party payors, nor did it have significant write-offs from third-party payors.

Charity Care
Quality medical care is provided to all persons requiring treatment regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies of ECC. In assessing a patient's inability to pay, ECC utilizes the most recently published federal poverty income guidelines. In addition, charity services include charges for services provided to Medicaid patients less payments actually received. These charges are included in net patient service revenue. The cost of charity care provided by ECC for the years ended December 31, 2023 and 2022, was $9,234,818 and $8,196,772, respectively.

Grant and Contract Revenue
Revenue from government grants and contracts designated for specific activities is recognized in the period when expenditures have been incurred in compliance with the grantor’s restrictions. Grants and contracts awarded for the acquisition of long-lived assets are reported as changes to net assets, in the absence of donor stipulations to the contrary, during the year in which the assets are acquired. Cash received in advance of revenue recognized is recorded as deferred revenue. Grant and contract receivables are reported at their outstanding unpaid balances.

Capitation Revenue
ECC has agreements with managed care organizations and the Department of Public Health to provide medical services to subscribing participants. Under these agreements, ECC receives monthly capitation payments based on the number of each plan’s participants assigned to ECC, regardless of services actually performed by ECC.

Section 340B Program of the Public Health Service Act
ECC offers reduced price medications to low-income, uninsured patients through arrangements with contracted pharmacies. Revenue is earned as prescriptions are filled and provided to patients.

Long-Lived Assets
Long-lived assets that are subject to depreciation and amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairment losses were recorded for the years ended December 31, 2023 and 2022.

Property and Equipment
Property and equipment is stated at cost. ECC capitalizes all property and equipment purchases in excess of $5,000. Donated property and equipment are recorded at estimated fair market value at the date of the donation. Depreciation is calculated using the straight-line method over the following estimated useful lives:

Buildings	39 years
Improvements	15 years
Machinery and equipment	3-7 years
Vehicles	5-6 years
Software	3 years

Property and equipment acquired with Section 330 grant funds are considered to be owned by ECC. However, the funding source has a reversionary interest in the property, as well as the right to determine the use of any proceeds from the sale of assets purchased with their funds.

Goodwill
Goodwill consists of the excess of cost over the fair value of net assets acquired. Goodwill is amortized over a ten-year period from the asset purchase date.

Compensated Absences
ECC provides paid time off (PTO) benefits, which include vacation, holiday and sick time, for its full-time employees and some part-time employees who meet hourly work requirements. Employees are granted PTO benefits in varying amounts to specified maximums depending on tenure with ECC. Generally, after one year of service, employees are entitled to all accrued PTO upon termination or retirement up to 80 hours. A maximum accrual of PTO is limited to two times the annual accrual (or two years).

Donated Services
Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, which are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation, are recorded at fair value in the period received. Donated services totaled $5,933 and $43,523 for the years ended December 31, 2023 and 2022, respectively.

Income Taxes
ECC has been granted an exemption from income taxes under Internal Revenue Code, Section 501(c)(3) as a not-for-profit corporation. ECC is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with GAAP.

Functional Allocation of Expenses
The costs of providing the various programs and supporting activities have been summarized on a functional basis in the statements of activities. Accordingly, costs have been allocated among the program and supporting services benefited. The expenses that are allocated are compensation and benefits, which are allocated on the basis of estimates of time and effort; occupancy costs and depreciation, which are allocated on a square footage basis; and supplies, which are allocated based on average employee headcount.

Use of Estimates
The preparation of consolidated financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the consolidated financial statements, and the reported amounts of revenues, expenses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Right-Of-Use Lease Assets and Lease Liabilities
Right-of-use assets and liabilities are initially measured at the present value of lease payments over the lease term, discounted using the interest rate implicit in the lease at the commencement date. Right-of-use assets are adjusted for any lease payments made prior to lease commencement, lease incentives, and accrued rent. If the rate implicit in the lease cannot be readily determined, the ECC will use the risk-free interest rate. ECC's leases may include options to extend or terminate the lease. When it is reasonably certain that ECC will exercise such option, the lease term includes those periods. Lease expense for operating leases is recognized on a straight-line basis over the lease term. Some of the lease agreements include variable rental payments that periodically adjust to rates and charges stated in the agreements.

Recently Adopted Accounting Pronouncements
Effective January 1, 2023, ECC adopted Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments–Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*, which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model for all financial assets measured at amortized cost. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing a company's exposure to credit risk and the measurement of credit losses. Financial assets held by ECC that are subject to the FASB ASC 326 include accounts receivables. The impact of the adoption was not considered material to the consolidated financial statements and primarily resulted in new/enhanced disclosures only.

Reclassifications
Certain minor reclassifications have been made to the 2022 amounts to conform with the 2023 classifications.

Subsequent Events
Management has evaluated subsequent events for recognition or disclosure through July 16, 2024, the date the consolidated financial statements were available to be issued.

2. PATIENT SERVICES RECEIVABLE AND NET PATIENT SERVICE REVENUES

4. GOODWILL

In April 2019, ECC acquired the assets of two pharmacies, which have historically served the underinsured, uninsured and working poor citizens of Escambia County. The purchase price was approximately $850,000 and was allocated to the tangible and intangible assets acquired. ECC recorded goodwill of $788,618 as of December 31, 2019, that is being amortized over ten years.

In August 2021, ECC acquired the assets of a pharmacy. The purchase price was approximately $270,000 and was allocated to the tangible and intangible assets acquired. ECC recorded goodwill of $264,031 as of December 31, 2021, that is being amortized over ten years.

Amortization expense related to goodwill assets was $105,265 for the each of the years ending December 31, 2023 and 2022.

5. LONG-TERM DEBT

ECC has the following long-term debt:

	2023	2022
Loan from a financing institution used to fund a leveraged loan to Stonehenge Florida NMTC Investment Fund V, LLC (see Note 6). The loan requires monthly payments of $17,500, beginning on October 1, 2017. The loan has a variable interest rate of 3.25%, plus one month ICE LIBOR. 6. NEW MARKET TAX CREDIT TRANSACTION

During 2016, ECC restructured operations and entered into transactions in order to make additional funds available through the New Markets Tax Credit (NMTC) Program. The additional funds were used to partially finance the construction of a new clinic, which was completed in January 2018.

As a part of the restructuring, a new 501(c)(3) entity named CCS was created and used to construct the new facility and lease the facility to ECC upon completion. The NMTC Program permits taxpayers to claim a credit against federal, and sometimes state, income taxes for Qualified Equity Investments (QEIs) in designated Community Development Entities (CDEs). These CDEs must use substantially all (85%) of the proceeds to make Qualified Low-Income Community Investments (QLICIs). The investor is provided with a tax credit, which is claimed over a seven-year period. The federal credit is equal to 5% of the QEI over the first three years and 6% annually for the final four years, resulting in a total credit amount of 39%.

On March 31, 2016, ECH borrowed $4.2 million from a local bank, which along with other ECH funds, was used to make a leveraged loan of $4,316,554 to the Stonehenge Florida NMTC Investment Fund V, LLC (the State Investment Fund). The State Investment Fund also received equity totaling $2,100,540 from a tax credit investor and then made a QEI of $6,417,094 in Stonehenge Community Development 102, LLC, (the State CDE), of which the State Investment Fund owns 99.99%. The remaining .01% is owned by Stonehenge Community Development, LLC.

The State CDE made Loan D, totaling $3,417,094 to CCS, the QALICB. The remaining $3 million was used by the State CDE to make a $3 million leveraged loan to Twain Investment Fund, LLC (the Federal Investment Fund). The Federal Investment Fund also received equity totaling $270,427 from a tax credit investor and then made a QEI in Stonehenge Community Development 110, LLC, (the Federal CDE), of which the Federal Investment Fund owns 99.99%. The remaining .01% is owned by Stonehenge Community Development, LLC. The Federal CDE made three loans, loans A, B and C, totaling $3 million to CCS, (the QALICB).

ECH's leveraged loan receivable from the state investment fund earns interest at 1.40% per annum quarterly, with quarterly principal payments commencing January 20, 2024. Final maturity is October 2043. The loan receivable totals $4,316,554 as of December 31, 2022.

CCS's notes payable A, B and C require interest to be paid quarterly to Stonehenge Community Development 110, LLC (Lender) at 2.614% per annum, with quarterly principal payments commencing January 5, 2024. Final maturity is October 2050. Prepayments of principal are not allowed during the seven-year tax compliance period.

CCS's note payable D requires interest to be paid quarterly to Stonehenge Community Development 102, LLC (Lender) at 1.605% per annum, with quarterly principal payments commencing January 5, 2024. Final maturity is October 2050. Prepayments of principal are not allowed during the seven-year tax compliance period.

CCS pledged substantially all of its assets as collateral for Notes A, B and C. The Lender has a lien and security interest in the collateral.

In connection with making the loan, ECC entered into "put and call" agreements with the owners of the Federal and State Investment Funds. The agreement allows the owners to "put" their combined 100% interest in the Funds to ECC at the end of the seven-year tax credit investment period. If the owners exercise these puts, ECC will pay a purchase price of $1,000, plus any transfer or closing costs, to each owner. In the event the puts are not exercised, ECC can exercise "call" options to purchase the ownership interests in the Funds at amounts equal to the fair value of those ownership interests, as determined by an independent appraiser. No amounts have been recorded in these consolidated financial statements related to these put and call options.

In August 2023, the NMTC compliance period ended, and the Federal and State Investment Fund investors exercised their put option. As a result, ECC was able to gain control of and cancel the $6.4 million in notes payable, which is offset by its forgiveness of the $4.3 million note receivable from the State Investment Fund. For the year ended December 31, 2023, ECC recognized a net gain on the transaction of approximately $2.1 million.

7. INTEREST RATE SWAPS

ECC entered into an interest rate swap agreement on March 31, 2016, with a notional amount of $4,200,000 and maturing in September 2023. ECC entered into an additional interest rate swap agreement on April 9, 2018, with a notional amount of $1,500,000 and maturing in May 2025. ECC has an asset recorded for the net amount of the fair value of its interest rate swap on its consolidated statements of financial position, in the amount of approximately $79,400 as of December 31, 2022. The fair value has been categorized based on pricing inputs, which are observable from actively quoted midmarket values. All interest rate swap agreements are considered Level 2 assets because a quoted price can be obtained from a number of dealer counterparties and other market sources based on observable interest rates and yield curves for the full term of the asset. Both agreements were terminated in fiscal year 2023 when related debt was extinguished.

8. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

ECC has a policy to manage its liquidity and reserves following three guiding principles: operating within a prudent range of financial stability, maintaining adequate liquidity to fund near-term operations, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged.

	2023	2022
Cash	$ 681,594	$ 9,274,110
Patient services receivable, net	1,076,876	823,737
Other receivables	4,376,341	4,081,533
Financial assets available to meet cash needs for expenditures within one year	$ 6,134,811	$ 14,179,380

9. RELATED PARTY TRANSACTIONS

ECC is a recipient of community benefit grant awards through agreements with Sacred Heart Health System, Inc. (SHH) and Baptist Hospital, Inc. (BH). The grant proceeds are to be used specifically to support the otherwise uncompensated costs (including general and administrative costs properly allocable under GAAP), which ECC reasonably projects it will incur in providing comprehensive, community-based, preventive and primary health and dental care, behavioral health services, related enabling services, outreach, health education and promotion, risk management and other appropriate services and programs that promote access to and availability of continuous care for the residents of the Escambia and Santa Rosa County service area. The Chairman and Vice Chairman positions of ECC's Board of Directors are held by executives from BH and SHH. The total amount of awards ECC received under these Community Benefit Grant Agreements for each of the years ended December 31, 2023 and 2022, was approximately $1,100,000.

10. RETIREMENT PLAN

ECC provides a 403(b)-retirement plan for its employees. ECC contributes 3.5% of eligible compensation to eligible participants. ECC also makes discretionary contributions up to 3% of the participant's elective deferral. Contributions were $1,054,562 and $932,910 for the years ended December 31, 2023 and 2022, respectively.

11. SELF-INSURANCE

ECC has in place a large deductible policy for health insurance for its employees and supplements the policy with reinsurance.

ECC is responsible for paying eligible claims up to the maximum deductible of $50,000 per employee, as well as the premium for the reinsurance. The maximum amount of losses for which ECC could be held responsible in any given policy period is $1,000,000. The insurance company administers the claims and payments as a third-party service provider.

ECC established reserves for open and expected claims of approximately $527,000 and $102,000 as of December 31, 2023 and 2022, respectively, which are included in accrued expenses in the accompanying consolidated financial statements. Further adjustments to the amounts recorded from estimates and final settlements will be recorded in the consolidated statements of activities when adjustments become known.

12. OPERATING LEASE LIABILITIES

ECC leases equipment, office and clinical space from various companies with lease terms that expire between 2024 through 2030. At December 31, 2023 and 2022, the weighted average discount rate was 1.76% and 1.58% respectively and the weighted average remaining term (in years) was 4.47% and 5.13%, respectively. For the years ended December 31, 2023 and 2022, total operating lease costs were $1,426,401 and $1,352,475, respectively, and short-term lease expenses were $323,362 and $190,281, respectively.

The future minimum lease payment for each of the succeeding five years and thereafter, remaining under the noncancelable operating lease, consisted of the following:

Year Ending December 31,	Amount
2024	$ 1,362,822
2025	902,398
2026	612,910
2027	403,778
2028	314,272
Thereafter	679,910
Total minimum lease payments	4,276,090
Less imputed interest	(167,735)
Present value of operating lease liabilities	4,108,355
Less current portion of operating lease liabilities	1,362,822
Remaining balance of operating lease liabilities	$ 2,745,533

Total cash paid for operating lease liabilities for the years ended December 31, 2023 and 2022, were $1,325,614 and $1,289,192, respectively.

13. CONCENTRATIONS AND CREDIT RISK

Concentrations
ECC's primary operations and service area include most communities of Escambia County, Florida. ECC grants credit without collateral to its patients, who are uninsured, insured under third-party payor arrangements, primarily with Medicare, Medicaid and various commercial insurance companies.

The significant concentrations of patient services receivable at December 31, 2023 and 2022, were approximately:

	2023	2022
Medicare	5%	7%
Medicaid	77%	78%
Other	14%	13%
Self-pay	4%	2%
	100%	100%

Approximately 20% of ECC's total revenues in 2023 and 2022, respectively, were provided by grants through DHHS. ECC is economically dependent on this funding source.

Deposits
ECC occasionally maintains cash balances in excess of the insured limits provided by the Federal Deposit Insurance Corporation (FDIC). As of December 31, 2023 and 2022, deposits at financial institutions exceeded FDIC insured limits by approximately $2 million and $9 million, respectively.

14. MEDICAL MALPRACTICE CLAIMS COVERAGE

The Federally Supported Health Centers Assistance Act of 1992 and 1995 granted medical malpractice liability protection through the Federal Tort Claims Act to FQHCs. Under this legislation, ECC, employees and eligible contractors are considered federal employees immune from suit with the federal government acting as their primary insurer.

15. CONTINGENCIES

The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations is subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments for patient service previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects, if any, are not presently determinable.

During the normal course of business, ECC may become involved in various legal issues. In the opinion of management, any such matters will not have a material effect upon the financial position of ECC, and significant losses, if any, would be adequately covered by insurance.

COMMUNITY HEALTH NORTHWEST FLORIDA
NOTES TO THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2023

1. BASIS OF PRESENTATION

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Since the schedule presents only a select portion of the operations of Escambia Community Clinics, Inc. (ECC), it is not intended to and does not present the financial position, changes in net assets or cash flows of ECC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal grant activity of ECC under programs of the federal government for the year ended December 31, 2023. Expenditures reported on the schedule are reported on the accrual basis of accounting. ECC did not elect to utilize the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. PROGRAM CLUSTERS

The U.S. Office of Management and Budget Compliance Supplement defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. There was one program that met this criterion for the current fiscal year, Assistance Listing Number 93.224/ 93.527 – Health Center Program Cluster.

4. CONTINGENCY

The grant revenue accounts are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such audit, any claim for reimbursement to the grant agencies would become a liability of ECC. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal laws and regulations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Escambia Community Clinics, Inc. (a nonprofit organization, ECC) (d/b/a Community Health Northwest Florida), which comprise the consolidated statement of financial position as of December 31, 2023, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated July 16, 2024.

Report on Internal Control Over Financial Reporting
In planning and performing our audit of the consolidated financial statements, we considered ECC's internal control over financial reporting (internal control) as a basis for determining the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of ECC's internal control. Accordingly, we do not express an opinion on the effectiveness of ECC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of ECC's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item finding 2023-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters
As part of obtaining reasonable assurance about whether ECC's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

ECC's Response to Finding
Government Auditing Standards requires the auditor to perform limited procedures on ECC's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. ECC's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ECC's internal control nor on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ECC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Escambia Community Clinics, Inc.
d/b/a Community Health Northwest Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Escambia Community Clinics, Inc. and subsidiaries' compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Escambia Community Clinics, Inc. and subsidiaries' major federal program for the year ended December 31, 2023. Escambia Community Clinics, Inc. and subsidiaries' major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Escambia Community Clinics, Inc. and subsidiaries complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Escambia Community Clinics, Inc. and subsidiaries and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Escambia Community Clinics, Inc. and subsidiaries' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Escambia Community Clinics, Inc. and subsidiaries' federal programs.

Auditors' Responsibilities for the Audit of Compliance
Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Escambia Community Clinics, Inc. and subsidiaries' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Escambia Community Clinics, Inc. and subsidiaries' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Escambia Community Clinics, Inc. and subsidiaries' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Escambia Community Clinics, Inc. and subsidiaries' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Escambia Community Clinics, Inc. and subsidiaries' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance
A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

II. FINANCIAL STATEMENT FINDING

Finding 2023-001 Capital Asset Recognition (Significant Deficiency)

Criteria: ECC should have adequate procedures surrounding capital asset identification and tracking to ensure the capitalization threshold is properly and consistently applied.

Condition: During our review of ECC's capital asset accounts, we noted multiple intangible assets, related to new software expenses and warranty costs, that had been incorrectly capitalized and depreciated during the fiscal year ended December 31, 2023.

Cause: ECC has experienced turnover in staffing as well as increased capital asset activity over the past few years due to software upgrades and changes post COVID.

Effect: ECC reported capital assets that did not qualify for capitalization, therefore, overstating intangible capital assets and understating ECC's expenses.

Recommendation: We recommend ECC conduct additional staff training surrounding capitalization of capital asset policies and procedures.

Views of Responsible Officials and Planned Corrective Action: ECC will conduct additional training of staff during the coming fiscal year.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

We noted no findings or matters that are required to be reported in accordance with the Uniform Guidance.

IV. SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

There were no findings reported in the prior year report.

GENERAL INFORMATION

Agency Name: Council on Aging of West Florida, Inc.

Agency Address: 875 Royce Street, Pensacola, FL 32503

Program Name for which funding is being requested: Aging Adult Services

Amount Requested: $45,000

Program Contact: Laura M. Garrett

Contact Email : lgarrett@coawfla.org Contact Phone : (850) 432-1475

Description of Program: Through the provision of direct support services, COAWFLA assists adults aged 60 and older to function independently in their home environment versus premature institutionalization

How many years has your organization been providing services in the County? 53 years

How many years has your organization received funding from the County? 53 years

Explain how receiving funds from the County would have a significant impact on your organization: Funds requested will allow the preservation of services to aging adults who are identified as high-risk of nursing home placement if stabilization services are not received. The $45,000 requested is vital in acquiring and retaining more than $405,000 in state/federal funds for direct support services

PREVIOUS FISCAL YEAR FUNDING

(if none received, mark N/A and skip to next section)

Amount Received, if applicable: $40,500

Briefly discuss how last year's funds were used. The $40,500 received for 2025/26 was used to match $364,500 in state/federal funds requiring a 9:1 local match. Funds provided an array of services to aging adults with primary focus on Nutrition Programs. Matching funds received enabled COAWFLA to serve aging adults who are functionally impaired, poverty stricken, rural, and/or have Alzheimer's Disease/dementia.

Briefly discuss the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County? From 1/1/25-12/31/25: 684 individuals were served 80,240 meals at Senior Dining locations, 249 received 81,616 Meals-on-Wheels, 4,459 units of Nutrition Education were distributed to 670 clients, 2,463 hours of case management were provided to 223 clients, 13,057 hours of companionship were provided to 65 clients, 38,228 hours of in-home services (personal care, homemaking, shopping assistance, chore, respite) were provided to 133 clients, 1,473 consumable medical supplies delivered to 147 clients, 151 hours of screening/assessment were provided to 58 clients.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County? The proposed $45,000 in requested funding for 2026/27 will be used as match for state/federal funds requiring a 9:1 local match. The continuation of financial support from Escambia County will enable COAWFLA to continue to provide direct support services to more than 2,000 older adults residing in Escambia County. Funds requested allow for the preservation of services to those who are high-risk assessed in danger of nursing home placement if stabilization services are not received.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain: While not a government function/requirement, aging support services impact

Escambia County's budget by slowing matching costs required to support Medicaid nursing home placement. In Florida, it costs on average $115,000 per year per person for nursing home care. For those Long-Term Medicaid Managed Care eligible, Florida is required to provide matching funds. It costs on average $10,000 per year per person served under Community Care for the Elderly program savings $105,000 per person not placed in institutional care.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area and how have you partnered with those organizations: No other similar programs in the area.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program. Since 1972, COAWFLA has provided a continuity of care to functionally impaired aging adults to maintain independence. The agency's mission is "Dedicating each day to service, support and advocate for aging adults in Escambia and Santa Rosa Counties." No other non-profit in the community provides adults with services that promote independent living and reduce Medicaid supplemented nursing home care.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program are eligible for funding.

- Percentage for salaries/administrative costs: 5.10% (from IRS 990 for 2024 part IX)
- Percentage for direct programming costs: 94.90% (from IRS 990 for 2024 part IX)

If only a portion of your requested funding is granted, how will you offset the difference? Partial local match may result in the reduction of state/federal funding. Each reduction severely limits the availability of services to aging adults who are assessed as high-risk of institutional placement. Reduction/elimination of funds may result in aging adults with a documented need remaining on a wait list for services for a longer period or it may force those waiting into institutional care.

If the request funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: Older American's Act (federal funding): 9:1 match for $1,658,036. Community Care for Elderly (state funding): 9:1 match for $1,576,248, Americorps Seniors 9:1 match for $694,694 (federal) Total minimum match needed: $436,553.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those requested funds would be used for, and whether there is any duplication of funding. $25,000 for the Foster Grandparent Program was received for 2025/26 from United Way of Escambia County and $30,000 for the Escambia Children's Trust through United Way of Escambia County.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Council on Aging of West Florida, Inc., (a nonprofit organization), which comprise the statements of financial position as of December 31, 2024 and 2023, the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Council on Aging of West Florida, Inc. as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Council on Aging of West Florida, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council on Aging of West Florida, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council on Aging of West Florida, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council on Aging of West Florida, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The combining schedule of functional expenses, and the schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.650, Rules of the Auditor General, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 23, 2025, on our consideration of the Council on Aging of West Florida, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the Council on Aging of West Florida, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council on Aging of West Florida, Inc.'s internal control over financial reporting and compliance.

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

The Council on Aging of West Florida, Inc., (the Council) was incorporated as a Florida not-for-profit corporation in 1972. The Corporation has no paid-in capital or shareholders and the affairs are conducted by the board of directors, as elected by the general membership of the corporation.

The Council's primary purpose is to assist, encourage, and promote the well-being of aging individuals in Escambia and Santa Rosa Counties. The Council is funded by grants and contracts with the Northwest Florida Area Agency on Aging, Inc., the Florida Department of Elder Affairs (DOEA), the Corporation for National Community Service, and the United Way of West Florida. The Council also receives local financial support from Escambia County, church groups, civic clubs, program participants, foundations, and individuals.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Council have been prepared utilizing the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The Financial Accounting Standards Board (FASB) establishes GAAP in the Accounting Standards Codification (ASC). Updates to the ASC are done through the issuance of Accounting Standards Updates (ASU).

Basis of Presentation

The financial statements of the Council have been prepared in accordance with GAAP, which require the Council to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Council's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Council considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments

Authorized investments consist of mutual funds carried at fair value based on quoted market prices. Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities and changes in net assets.

Grants, Contracts, and Local Support Receivables

Grants, contracts, and local support receivables are stated at the amount management expects to collect from outstanding balances. As of December 31, 2024 and 2023, there were no accounts considered uncollectible.

Property and Equipment

Property and equipment are recorded at cost. Donated property and equipment are recorded at their estimated market value on the date of contribution. Expenditures which equal or exceed $1,000 that materially increase values, change capacities, or extend useful lives are capitalized. Repairs and maintenance costs are charged to operations when incurred.

Depreciation is computed using the straight-line method. Estimated useful lives of property and equipment range as follows:

Building and improvements	10 - 30 years
Furniture, fixtures, and equipment	5 - 10 years
Vehicles	5 years

Debt Issuance Costs

Debt issuance costs are presented as a reduction of the carrying amount of debt and are amortized over the term of the debt using the straight-line method. Amortization of debt issuance costs are reported as interest expense in the statements of activities and changes in net assets.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Contributions more often than not are recognized when the donation is received, however, if a donor makes a promise to give to the Council, that is, in substance, unconditional, management can record the contribution at the time of the pledge based on collectability. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Revenue Recognition

The Council's principal source of revenue is derived from federal and state grants, which are conditioned upon certain performance requirements and/or the occurrence of allowable qualifying expenditures. Amounts received are recognized as revenue when the Council has incurred expenditures in compliance with specific contract or grant provisions. Such revenue is subject to audit by the grantor, and if the examination results in a deficiency of allowable expenditures, the Council will be required to refund any deficiencies. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position.

Income Taxes

The Council is exempt from federal income taxes under Internal Revenue Service Code Section 501(c)(3). As a result, there is no provision for taxes in the accompanying financial statements.

Advertising Costs

Advertising costs are expensed when incurred.

Contributions of Nonfinancial Assets

The Council records various types of contributed non-financial assets. Contributed professional services are recognized if the services received create or enhance long-lived assets or require specialized skills and are provided by individuals possessing those skills and would typically need to be purchased if the services were not provided by donation. Contributions of tangible assets are recognized at fair market value when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor and are treated as in-kind support for purposes of meeting state matching requirements. The amounts reported in the accompanying financial statements as contributed non-financial assets are offset by like amounts included in expenses.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General and Administrative Expense Allocation

Management and general expenses are allocated to various programs based on each program's percentage of direct salaries and wages to total direct salaries and wages.

Facilities Repair and Maintenance Expense Allocation

Facilities repair and maintenance expenses are allocated to various programs based on each program's percentage of square footage occupied to total square footage of the facility.

NOTE 3 – INVESTMENTS

Investments consists of the following:

	Cost	Fair Value	Net Unrealized Gain
December 31, 2024			
Mutual funds	$ 438,291	$ 533,131	$ 94,840
December 31, 2023			
Mutual funds	$ 397,902	$ 470,256	$ 72,354

Investment return was as follows:

	2024	2023
Interest and dividend income	$ 50,426	$ 18,899
Net realized loss	(162)	(3,783)
Net unrealized gain	22,486	90,319
Investment return	$ 72,750	$ 105,435

The Council's investments are exposed to various risks such as interest rate, market, and credit risks. Therefore, the Council's investments may be subject to significant fluctuations in fair value. As a result, the investment balances reported in the accompanying financial statements may not be reflective of the fair value of the investments in subsequent periods.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring value. That framework provides a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Council has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Council's own assumptions about the assumptions the market participants would use in pricing an asset or liability.

The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Council's investments at fair value as of December 31, 2024 and 2023:

	Level 1	Level 2	Level 3	Value
December 31, 2024				
Mutual funds	$ 533,131	$ -	$ -	$ 533,131

NOTE 7 – LINES OF CREDIT

The Council has a line of credit with varying credit limits available with a financial institution which has no stated expiration date, has a variable rate of interest based on the Secured Overnight Financing Rate (7.01% at December 31, 2024), and is secured by deposits held at the financial institution. Borrowings under the line of credit totaled $184,462 and $77,150 as of December 31, 2024 and 2023, respectively.

In September 2023, the Council obtained an available line of credit with a financial institution of $150,000. The line of credit bears an interest rate based on the prime rate plus 1%, with a 7% floor and a 12% ceiling, and is secured by property and building. There were no outstanding borrowings under this line of credit as of December 31, 2024 or 2023.

NOTE 9 – RETIREMENT PLAN

On January 1, 2023, the Council established a 403(b) retirement plan (the Plan) covering all employees who have been employed for a specified length of continuous service. Participating employees contribute a percentage of their compensation to the Plan under an income tax deferred arrangement. The Council matches these contributions up to 6% of the employee's salary and the Council also makes non-elective contributions in the amount of 4% of the total compensation earned by all participating employees in the Plan. The Council's contributions to the Plan for the years ended December 31, 2024 and 2023 were $136,968 and $125,395, respectively.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Dependency on Government Support

The Council's services are funded primarily with grants from the United States Department of Health and Human Services and the State of Florida passed through the DOEA and the Northwest Florida Area Agency on Aging, Inc. A reduction in the level of future support from these agencies could have a substantial effect on the Council's programs and activities. As of December 31, 2024, management is unaware of any such reduction in future support.

(Continued)

NOTE 10 – COMMITMENTS AND CONTINGENCIES (Continued)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Council on Aging of West Florida, Inc.
Pensacola, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Council on Aging of West Florida, Inc. (the Council), which comprise the statement of financial position as of December 31, 2024, the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated May 23, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit on the financial statements we considered the Council's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE AND FLORIDA CHAPTER 10.650, RULES OF THE AUDITOR GENERAL

To the Board of Directors
Council on Aging of West Florida, Inc.
Pensacola, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

Opinion on Each Major Federal Program and State Financial Assistance Project

We have audited the Council on Aging of West Florida, Inc.'s (the Council) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the Council's major federal programs and state financial assistance projects for the year ended December 31, 2024. The Council's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Council complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program and State Financial Assistance Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.650, Rules of the Auditor General. Our responsibilities under those standards, the Uniform Guidance and Chapter 10.650, Rules of the Auditor General, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state financial assistance project. Our audit does not provide a legal determination of the Council's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Council's federal programs and state financial assistance projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Council's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.650, Rules of the Auditor General, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Council's compliance with the requirements of each major federal program and state financial assistance project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.650, Rules of the Auditor General, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Council's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Council's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Florida Department of Financial Services' *State Projects Compliance*, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.650, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Council on Aging of West Florida, Inc., (the "Council") (a nonprofit organization), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Council as of December 31, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with accounting principles generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with accounting principles generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2022 Financial Statements

The financial statements of the Council of Aging of West Florida, Inc. as of December 31, 2022 were audited by Saltmarsh, Cleaveland & Gund whose report dated June 1, 2023, expressed an unmodified opinion.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.650, Rules of the Auditor General, and the combining schedule of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other

additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Expenditures of Federal Awards and State Financial Assistance and the combining schedule of functional expense are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2024, on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council's internal control over financial reporting and compliance.

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

The Council on Aging of West Florida, Inc., (the "Council") was incorporated as a Florida not-for-profit corporation in 1972. The Corporation has no paid-in capital or shareholders and the affairs are conducted by the Board of Directors as elected by the general membership of the corporation.

The Council's primary purpose is to assist, encourage and promote the well-being of aging individuals in Escambia County and Santa Rosa County. The Council is funded by grants and contracts with the Northwest Florida Area Agency on Aging, Inc., the State of Florida, Department of Elder Affairs ("DOEA"), Department of Children and Families, the Corporation for National Community Service, and the United Way of West Florida. The Council also receives local financial support from Escambia County, church groups, civic clubs, program participants, foundations and individuals.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Council have been prepared utilizing the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP). The Financial Accounting Standards Board (FASB) establishes GAAP in the Accounting Standards Codification (ASC). Updates to the ASC are done through the issuance of Accounting Standards Updates (ASU).

Basis of Presentation

The financial statements of the Council have been prepared in accordance with GAAP, which require the Council to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Council's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Council considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments

Authorized investments consist of mutual funds carried at fair value based on quoted market prices. Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities and changes in net assets.

Grants, Contracts and Local Support Receivable

Grants, contracts and local support receivable are stated at the amount management expects to collect from outstanding balances. As of December 31, 2023 and 2022, there were no accounts considered uncollectible.

Property and Equipment

Property and equipment are recorded at cost. Donated property and equipment are recorded at their estimated market value on the date of contribution. Expenditures which equal or exceed $1,000 that materially increase values, change capacities, or extend useful lives are capitalized. Repairs and maintenance costs are charged to operations when incurred.

Depreciation is computed using the straight-line method. Estimated useful lives of property and equipment range as follows:

Building and improvements	10 - 30 years
Furniture, fixtures, and equipment	5 - 10 years
Vehicles	5 years

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Debt Issuance Costs

Debt issuance costs are presented as a reduction of the carrying amount of debt and are amortized over the term of the debt using the straight-line method. Amortization of debt issuance costs are reported as interest expense in the statements of activities and changes in net assets.

Contributions

Contributions more often than not are recognized when the donation is received, however, if a donor makes a promise to give to the Council, that is, in substance, unconditional, management can record the contribution at the time of the pledge based on collectability. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Revenue Recognition

The Council's principal source of revenue is derived from federal and state grants, which are conditioned upon certain performance requirements and/or the occurrence of allowable qualifying expenditures. Amounts received are recognized as revenue when the Council has incurred expenditures in compliance with specific contract or grant provisions. Such revenue is subject to audit by the grantor, and if the examination results in a deficiency of allowable expenditures, the Council will be required to refund any deficiencies. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position.

Income Taxes

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions of Nonfinancial Assets

The Council records various types of contributed nonfinancial assets. Contributed professional services are recognized if the services received create or enhance long-lived assets or require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased if the services were not provided by donation. Contributions of tangible assets are recognized at fair market value when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor and are treated as in-kind support for purposes of meeting state matching requirements. The amounts reported in the accompanying financial statements as contributed nonfinancial assets are offset by like amounts included in expenses.

General and Administrative Expense Allocation

Management and general expenses are allocated to various programs based on each program's percentage of direct salaries and wages to total direct salaries and wages.

Facilities Repair and Maintenance Expense Allocation

Facilities repair and maintenance expenses are allocated to various programs based on each program's percentage of square footage occupied to total square footage of the facility.

(Continued)

NOTE 3 – INVESTMENTS (Continued)

The Council's investments are exposed to various risks such as interest rate, market, and credit risks. Therefore, the Council's investments may be subject to significant fluctuations in fair value. As a result, the investment balances reported in the accompanying financial statements may not be reflective of the fair value of investments in subsequent periods.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring value. That framework provides a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Council has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Council's own assumptions about the assumptions the market participants would use in pricing an asset or liability.

The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Bureau's investments at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Value
December 31, 2023

On January 1, 2023 the Council established a 403(b) retirement plan ("plan") covering all employees who have been employed for a specified length of continuous service. Participating employees contribute a percentage of their compensation to the plan under an income tax deferred arrangement. The Council matches these contributions up to 6% of the employee's salary and the Council also makes non-elective contributions in the amount of 4% of the total compensation earned by all participating employees in the plan. The Council's contributions to the plan for the year ended December 31, 2023 were $125,395.

During 2022, the Council had a Simplified Employee Pension Plan ("SEP") covering all employees who had been employed for a specific length of continuous service. The Council contributed 6% of the employee's salary to the SEP. The Council's contributions to the SEP for the year ended December 31, 2022 were $70,377.

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Dependency on Government Support

The Council's services are funded primarily with grants from the United States Department of Health and Human Services and the State of Florida passed through the DOEA and the Northwest Florida Area Agency on Aging, Inc. A reduction in the level of future support from these agencies could have a substantial effect on the Council's programs and activities. As of December 31, 2023, management is unaware of any such reduction in future support.

Depository Risk

The Council maintains cash balances with a financial institution and a brokerage firm. Demand deposit accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to certain limits. At December 31, 2023, the Council had $65,422 held by the financial institution in excess of insured limits.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Council on Aging of West Florida, Inc.
Pensacola, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Council of Aging of West Florida, Inc. (the "Council"), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated June 12, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit on the financial statements we considered the Council's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE AND CHAPTER 10.650, RULES OF THE AUDITOR GENERAL

To the Board of Directors
Council on Aging of West Florida, Inc.
Pensacola, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

Opinion on Each Major Federal Program and State Financial Assistance Project

We have audited the Council on Aging of West Florida, Inc.'s (the "Council") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the Council's major federal programs and state financial assistance projects for the year ended December 31, 2023. The Council's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Council complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended December 31, 2023.

Basis for Opinion on Each Major Federal Program and State Financial Assistance Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.650, Rules of the Auditor General. Our responsibilities under those standards, the Uniform Guidance and Chapter 10.650, Rules of the Auditor General, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Council and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state financial assistance project. Our audit does not provide a legal determination of the Council's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Council's federal programs and state financial assistance projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Council's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.650, Rules of the Auditor General, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Council's compliance with the requirements of each major federal program and state financial assistance project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.650, Rules of the Auditor General, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Council's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Council's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Florida Department of Financial Services' *State Projects Compliance*, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.650, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

Based on the information you submitted on your application, we approved your request for reinstatement under Section 7 of Revenue Procedure 2014-11. Your effective date of exemption, as listed at the top of this letter, is the submission date of your application.

Agency Name: Family Promise of Escambia County

Agency Address: 901 East Gadsden Street, Pensacola, FL 32501

Program Name for which funding is being requested: Eviction Prevention Program

Amount Requested: $50,000

Program Contact: Crystal Scott

Contact Email: director@fpesc.org Contact Phone: (205) 401-5855

Description of Program: Family Promise of Escambia County prevents and ends homelessness for families with children through a trauma-informed, community-based response. The Eviction Prevention Program keeps families housed through emergency rental assistance, case management, landlord mediation, and housing diversion. Since September 2023, the organization has served 593 children and families, housing 67 through prevention. The organization also operates a rotational Emergency Shelter Program across three homes with 25 faith community partners, maintaining an 88% national housing success rate.

How many years has your organization provided services in the County? **6 years** (established January 2020)

How many years has your organization received funding from the County? **N/A** — First-time applicant

Explain how receiving County funds would impact your organization: County funding would mark

Family Promise's first formal partnership with Escambia County after six years of service. More than 3,000 children experience homelessness in Escambia County annually. This $50,000 investment would expand our capacity to serve more families faster — at the earliest and least costly point of intervention. At $833 per family served, eviction prevention costs a fraction of emergency shelter ($35-$50/person/night). County investment also signals community confidence that unlocks national matching grants at 1:2 or 1:3 ratios, multiplying the investment well beyond $50,000.

PREVIOUS FISCAL YEAR FUNDING

(If none received, mark N/A and skip to next section.)

Amount received, if applicable: **N/A**

Briefly discuss how last year's funds were used? N/A — Family Promise of Escambia County has not previously received County funding. **This is a first-time application.**

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County?

N/A — First-time applicant. Projected ROI for FY2026-27: 60 families served at $833/family. Preventing one family from 30 days of emergency shelter saves the community over $2,000. County investment also positions Family Promise to access national matching grants.

CURRENT FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program.

The $50,000 will fund direct Eviction Prevention services: emergency rental assistance paid directly to landlords, prorated case management staff time for intake and stabilization, and landlord mediation coordination. 80% (~$40,000) for direct program costs; 20% (~$10,000) for staff time. This benefits Escambia County because a family that stays housed stays stable — children remain in school, parents maintain employment, emergency systems are not overwhelmed. At $833/family served (60-family target), this is among the most cost-efficient housing interventions available to the County.

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain:

No. Family Promise is a community-based 501(c)3 nonprofit. Our services complement but do not duplicate any governmental function. There is no statutory requirement obligating the County to provide this service directly — we do what government cannot, at a cost government cannot match.

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations:

- **Opening Doors Northwest Florida** (coordinated entry/referrals) Coordinates the Continuum of Care. Family Promise participates in coordinated entry and shares referral data to eliminate duplication of services and ensure families reach the right resource.

- **Catholic Charities Northwest Florida** (warm cross-referrals) Overlapping emergency services. We maintain a warm referral relationship and cross-refer clients based on eligibility and capacity.

- **Lakeview Center** (clinical co-referrals for families with mental health/substance use needs) Serves individuals with clinical mental health and substance use needs that intersect with housing instability. We refer clients requiring clinical services and accept referrals of families seeking housing stabilization.

- **Escambia County Housing Finance Authority** (permanent housing placement for stabilized families) Partners on longer-term affordable housing solutions for families who have stabilized and are ready for permanent placement.

- **Northwest Florida Legal Services** (eviction legal counsel) Collaborates on active eviction proceedings, providing legal counsel that complements our financial assistance and mediation work.

- **Pensacola Habitat for Humanity** (Habitat selected Family Promise as their first 2026 home sale partner, providing a 3BR/2BA home at discounted price with 0% interest mortgage — a formal institutional endorsement of our mission).

- **25 faith community partners** — Congregations across Escambia County provide shelter space, meals, and volunteer support through our rotational housing model — a community infrastructure that no other local organization has built.

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

Family Promise is the only organization in Escambia County focused exclusively on families with children facing eviction or homelessness. Our integrated model — combining financial assistance, case management, and landlord engagement in a single, relationship-based intervention — is not replicated elsewhere locally. We do not simply write a check or make a referral. We walk alongside families: negotiating with landlords, building a stability plan, teaching financial literacy through the Keys to Good Tenancy curriculum, and following up after the crisis has passed. We are backed by the Family Promise national network — 35+ years of experience, operations in 43 states, over 200 communities, and an 88% national housing success rate. No other local organization delivers this combination of direct service, community mobilization, and national infrastructure specifically to families with children.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

- Percentage for salaries/administrative costs: **20%**
- Percentage for direct programming costs: **80%**

If only a portion of your requested funding is granted, how will you offset the difference?

Family Promise will prioritize direct rental assistance payments first, maintaining highest impact per dollar. We will supplement with private donor support and foundation grants to bridge any shortfall. A partial award will not end the program — it will reduce the number of families we can serve.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio:

Yes. Enterprise Community Partners, NeighborWorks America, and regional foundations require local government co-investment. This $50,000 could unlock matching grants at 1:2 or 1:3 ratio ($100,000-$150,000 in additional funding). Match ratio: 1:2 minimum.

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding. Yes. FY2024 sources (per Form 990 Schedule B):

- **BRACE (Be Ready Alliance Coordinating for Emergencies)** — $92,366 — General operations and program support

- **Trinity Presbyterian Church (Pensacola)** — $50,000 — Program support
- **Central Christian Church** — $10,020 — Program support
- **Community Life Church** — $10,000 — Program support
- **Dr. Henry & Donna Pruett** — $10,018 — Individual gift
- **Sansing Foundation** — $10,000 — Foundation grant
- **Perdido Bay Methodist Church** — $7,000 — Program support
- **United Way of the National Capital** — $5,000 — Grant
- **Gentiva Foundation** — $5,000 — Foundation grant
- **Luke 16:11 LLC** — $5,000 — Business gift

None of these sources are directed specifically to the Eviction Prevention Program, and there is no duplication with this County funding request. County funds would represent a new, dedicated revenue stream for eviction prevention services not currently funded by any other source.

GOALS AND METRICS

Please provide "specific and measurable" metrics in the following three sections:

a) Please complete the Agency Metrics Scorecard below by listing up to three primary goals this program is targeting. For example, "reduce homelessness in Escambia County by "X"%." Provide three years of trends. If your Agency received funding the previous fiscal year, use the same metrics for consistent measurement. ALL agencies are required to fill out this template.

Goals & Metrics Scorecard	FY25	FY26	FY27	% Change
1. Reduce absenteeism in homeless children we serve by 10% year over year in FY26 and FY27	N/A	20	45	+%125
2. Provide the Keys to Good Tenancy course to all adults served	N/A	60	70	+17%

b) Please state the source used to provide your program metrics:

Internal case management records maintained by Program Director Clexton Middleton. Family Promise documents intake, assistance disbursements, and follow-up outcomes for every family served. School attendance data supporting Goal 1 is collected through direct family engagement during case management. Keys to Good Tenancy completion records are maintained in program files.

c) Please list up to three program goals by which your organization will measure the success of your program. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months utilizing County funding."

Program Goals	FY27
1. Successful shelter diversion for 8 families with a sustained housing situation for 1 year post assistance.	8
2. Successful school stability for the children associated with these 8 families.	12

d) Please list the actual baseline statistics/metrics for the performance measure(s) listed above. For example, "number of families successfully transitioned into permanent housing and stabilized for 6 months in previous fiscal year."

Baseline for Goals	FY26
1. Shelter diversion for 4 families	4
2. Successful school stabilization- children who were able to continue on in their school of choice due to housing stability	8

This asset ($136,154, financed at $135,000) is reflected on the FY2025 balance sheet as 3208 W Gadsden St and provides permanent organizational facilities, reducing long-term occupancy costs. It is not part of this grant request.

Please explain any request listed in the "Other Expenses" line item.

No significant other expenses beyond line items shown. Note: Insurance shows $0 projected for FY2026 — quotes are being obtained; coverage will be maintained.

BUDGET QUESTIONS

1. Does your agency operate on Calendar Year, State Fiscal Year, or Fiscal Year?

Calendar Year (January 1 – December 31).

2. Please explain any discrepancies in the Expense Table and your agency's Financial Statements. The budget table reflects full organizational financials as the Eviction Prevention Program is integrated into operations. Minor variances between this summary and attached

financial statements reflect reclassification of certain payroll and program costs between accounting periods. The attached Form 990 (2024), Statement of Activities (2024 and 2025), and Statement of Financial Position (2024 and 2025) are the controlling documents.

3. Please explain any Net Income (Revenue less Expense) represented in the Expense Table above on the bottom row. What is the planned use for these residual funds?
FY2024 net income of $83,791 was applied to organizational reserves and the FY2026 property acquisition. FY2025 loss of ($51,230) and projected FY2026 deficit of ($82,989) reflect deliberate investments: Program Director to full-time, active Development Director search, and Pensacola Habitat for Humanity's selection of Family Promise for their first 2026 institutional home sale (3BR/2BA, discounted price, 0% mortgage). Family Promise entered 2026 with $123,043 net equity and $98,129 liquid assets. County funding of $50,000 would reduce the projected deficit by more than half. Any net income in FY2026-27 will be retained for program sustainability.

4. Please list the salary of the top 5 employees, names and positions of your organization.

Name	**Position**	**Salary**
Clexton Middleton	Program Director	$58,000
Vacant	Development Director (Budgeted)	$54,000
Sandra Roche	Volunteer Coordinator	(Volunteer/Unpaid Position)

5. Please provide the total amount of cash and investments on hand. $105,000 total — $78,000 in checking/operations (PenAir Federal Credit Union); $27,000 in money market investments (Dunham 2001). Per Statement of Financial Position as of December 31, 2025.

6. Does your organization charge fees for services? If so, provide a list of fees charged.
No fees are charged for Eviction Prevention Program services. All eviction prevention assistance — emergency rental payments, case management, landlord mediation — is provided at no cost to qualifying families. A separate accountability fee applies only to families in the final two months of the rotational shelter model as a rent-readiness tool; this is unrelated

to this funding request.

7. Does your organization require background checks from volunteers and staff? Yes. Background checks are required for all paid staff and volunteers, processed through Gusto at $100/employee. FY2025: $611 employee background checks; $933 volunteer background checks.

8. What is the source of your reportable data? Internal case management records maintained by Program Director Clexton Middleton. Family Promise documents intake, assistance disbursements, and follow-up outcomes for every family served. Data is available for County quarterly reporting and annual review.

I hereby certify that the information provided above is a true and correct statement relating to the organization requesting funding named above.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

Description of Program: In collaboration with the Gulf Coast Veteran Health Care System, elected federal, state, and local government officials, family members, community service organizations, and the veterans themselves, our goal is to assist all veterans with emphasis on disabled veterans that can't help themselves. We facilitate programs to help homelessness or unhoused among veterans; our goal is to see that every veteran receives the mental and physical care they deserve; implement programs to help veterans reintegrate back into the community; develop programs for women veterans with services directed towards meeting their needs; establish intervention programs that prevent incarceration of veterans. Veteran's Benefits Program, a Veteran Resources Program, a Veteran's Court Program, an Opioid Prevention Program, a Veteran Stand Down Program, a Service Community Relations Program, and a Female Veterans Outreach Program

How many years has your organization provided services in the County? **19 Years**

How many years has your organization received funding from the County? **9 years**

Explain how receiving County funds would impact your organization:
Funds will be used to support programs such as Veteran Homeless Stand-down, Veterans Opioid Prevention Program, Women Veterans Program, Disabled Veteran Program, Veteran Memorial Service, Veteran Stand Down and the Veterans Day Parade, etc. Funds will support the cost of the programs and expenses that occurred during the operation and supplies needed for operation. The impact of receiving funding from the County has helped to sustain the continuing rise in the cost of services as well as operational costs to maintain productivity in services. Since the GCVAC is an all-unpaid volunteer organization and depends on funds from donations the funding will be used exclusively to pay the cost and expense of implementing all GCVAC programs and activities that directly help veterans

PREVIOUS FISCAL YEAR FUNDING

(If none received, .

mark N/A and skip to next section.) Amount received, if applicable: **$10,688**
Briefly discuss how last year's funds were used.
The funding was used to provide services at NAS Pensacola Barrancas National Cemetery on Memorial Day to pay respect to Veterans and their families of those who have given the ultimate sacrifice for this County. We held a Homeless Veterans Stand Down at Brownsville Community Center to provide services to Veterans with the support from the Community Business and Partners in conjunction of services from the Veterans Administration JACC with all their departments to include suicide prevention, Funds were also used to pay the expenses of the annual Veterans Day Parade held downtown on Veterans Day with all Veterans organization participating as well as other organizations and Community business and partners. Funds were used to help supplement materials and supplies for other Veteran programs initiatives. More importantly, we provided day-to-day service to Veterans with assistance on service-connected claims to the VA; we assisted in registering veterans in e-benefits, as well as helped veteran fight claims that were denied with supported documents. We assisted with health issues at the VA. Our goal is to see that every veteran receives the mental and physical care they deserve. We have trained and certified Veteran Service Officers to assist with Veteran's needs

Briefly describe the County's Return on Investment relative to last year's funding and the measurable impact your program had on the citizens of Escambia County

Since GCVAC is an all-unpaid volunteer organization and depends on funds from donations the funding will be used to pay the cost and expense of implementing all GCVAC programs that directly help veterans. Funds will be used to support programs such as Veteran Homeless Stand-down, Veterans Opioid Prevention Program, Women Veterans Program, Disabled Veteran Program, etc. Support of programs cost, and expenses occurred during the facilitation of cost of operation and supplies needed for operation for veterans' programs, events and services. Not only does GCVAC have programs and services for helping veterans but also conduct events in the community such as an annual Memorial Service at Barrancas National Cemetery, Veteran's Stand-down, and the Veteran Day Parade.

We respectfully request an increase in funds this year because of the soaring cost over the years. Since our initial request from the County in 2017, costs have risen about 50% to put on these annual events. Please seriously consider our requested increase Current FISCAL YEAR FUNDING REQUEST

Briefly explain how the requested funding will be used to support the program. Why is the program a benefit to the citizens of Escambia County

The funding was used to provide services at NAS Pensacola Barrancas National Cemetery on Memorial Day to pay respect to Veterans and their families of those who have given the ultimate sacrifice for this County. We held a Homeless Veterans Stand Down at Brownsville Community Center to provide services to Veterans with the support from the Community Business and Partners in conjunction of services from the Veterans Administration JACC with all their departments to include suicide prevention. Funds were also used to pay the expenses of the annual Veterans Day Parade held downtown on Veterans Day with all Veterans organizations participating as well as other organizations and Community business and partners. Funds were used to help supplement materials and supplies for other Veteran programs initiatives. More importantly, we provided day-to-day service to Veterans with assistance on service-connected claims to the VA; we assisted in registering veterans in e-benefits, as well as helped veteran fight claims that were denied with supported documents. We assisted with health issues at the VA. Our goal is to see that every veteran receives the mental and physical care they deserve. We have trained and certified Veteran Service Officers to assist with Veteran's needs

Is your program a governmental function or requirement? If so, please site regulatory/statutory requirement and explain**: No, N/A**

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies who provide similar services in the area, and how you have partnered with those organizations List any other public or private organizations/agencies that provide similar services and how have you partnered with those organizations in the area We have partnered with:

- Pensacola State College,
- H ER Foundation,
- Veteran Memorial Park,
- NAS Barrancas National Cemetery

Please differentiate your program from other similar programs and explain why you are the best agency to provide the program.

We have been serving this community for the past (19) years and are well respected by other veterans' organizations and are one of the leading organizations to assist Veterans' needs on a continuous basis.

We can partner with Escambia County Veterans Services and assist the County to serve more than 42,000 veterans and their families' county wide to help veterans obtain benefits, help with Veteran legal matters, and help with Veteran opioid prevention program, etc. The GCVAC has trained and certified Veteran Service Officers that can assist the County VSO with the overall County's Veterans program.

What we do differently than other veteran's programs are that we are 100% volunteer staffed, and receive support from the VA, DOD, all other veterans organizations, and community partners to help successfully expedite our programs. And most of our volunteers are veterans themselves.

What makes our program more successful than other peer agencies is that our focus is not on membership, but to assist the needs of all veterans that are members of other agencies, nonmembers of GCVAC, and we do not charge membership fees to be serviced by our organization.

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. NOTE: Only salaries directly related to the approved program/project are eligible for funding.

THERE ARE NO SALARY COSTS

- Percentage for administrative costs: 10%
- Percentage for direct programming costs: 90%

If only a portion of your requested funding is granted, how will you offset the difference?

We receive support and sponsorship donations directly from the public each year to assist along with the funding from the county to be used in our general funds. We request and receive donations from our corporate partners, local businesses, individuals, and volunteers who give out of pocket donations and community support.

If the requested funding can be used as a match for other funding, please provide the details below and include the amount and match ratio: N/A

Does your organization request funding from other governmental entities or non-profit agencies? If so, list each agency from which you request funds and the amount. Explain what those funds would be used for, and whether there is any duplication of funding.

There are no other non-profit donations. Since we are an all-donation funded organization, we solicit donations from the private sector and the community.

Dear Taxpayer:

This is in response to your Jan. 26, 2015, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in September 2010.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

CURRENT YEAR REQUEST

Briefly discuss how the funding you are currently requesting will be used. What does your program do and why is it an asset to the County? **HCO serves 3 different underserved/moderate to low-income communities within Escambia County. HCO's food distributions provide direct access to food in these communities where many have limited transportation. These communities have become dependent on the weekly food distributions which has given them security knowing food will be available week to week. HCO serves various ethic groups therefore has available a variety of food choices. There are a total of 4 distributions weekly. HCO has experienced an increase in the numbers served as well as an increase in the various ethnic groups served therefore must increase the variety of foods offered. HCO allows the people to choose food rather than a one box fits all approach. Fresh produce as well as meats are distributed at each food distribution, healthier food choices and ethnic foods are provided. Providing food security to these communities decreases the number of those who lack access to healthy foods within Escambia County**.

Is your program a governmental function or requirement? If a governmental request, please site regulatory/statutory requirement. Please explain: **N/A**

SIMILAR/PARTNER ORGANIZATIONS

List any other public or private organizations/agencies that provide similar services and how have you partnered with those organizations in the area**: HCO has collaborated with Bright Bridge Ministries without a formal partnership. Retail level pick-up from Wal-Mart is possible through a partnership with Feeding the Gulf Coast.**

Explain how you are the best partnering agency for your program. Please differentiate your program from a similar program. **Several organizations provide food distribution services in Escambia County, however, what differentiates HCO from others is that HCO conducts its food distributions weekly within the underserved communities, transports the food to the people. HCO serves within the walls of Oakwood Terrace housing Complex, on the grounds of the Homeless camp located off Massachusetts Ave, and within Oakwood Mobile Home Park as well as conducting a public distribution weekly on its main campus at 3990 Market Street, which is open to everyone. HCO provides pet food, basic household items, and through partnership with Next Step Distribution, offers new and gently used shoes and clothing during food distributions. Access to healthy food choices is ensured for individuals who lack the necessary transportation to reach designated food distribution locations.**

FUNDING

Will these funds be used for salaries/administrative costs or direct programming costs? Please provide a breakdown by percentage within each category. *NOTE: Only salaries directly related to the approved program are eligible for funding.*

- Percentage for salaries/administrative costs: **0 %**

- Percentage for direct programming costs: **100**%

If Escambia County funding can only fund a portion of your request, how will you offset the difference? **HCO will offset the difference if not totally funded through private donations and/or fund raising.**

If the funding you are applying for can be used as a match for other funding, please provide the details below and include the amount and match ratio**: N/A**

Is there a duplication of funding? Does your organization request funding from other local nonprofit agencies? If so, list each agency you request funds from and the amount. Explain what those requested funds would be used for; **N/A**

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.
