How to use this Guide

How to Use the ECAT Ride Guide

For your convenience, ECAT has prepared this Ride Guide to assist you in your travel plans. Each route has its own map and corresponding schedule. When looking at the route schedule, you will see the major time points listed across the top of the schedule.

Above each time point is a number, which corresponds with a number on the route map to show you that time point's exact location. There are many more stops than those listed on the schedule and map, but by finding the nearest stop listed on the schedule, you can

estimate when the bus will reach your stop.

Note: Weekday bus routes and schedules may differ from Saturday and holiday routes and schedules. Should future schedule changes occur, such changes will be advertised with as much notice as possible in order for you to make convenient adjustments: Minor schedule changes will be made by public notice. Please call 850-595-3228 for more information.

The Eligibility Determination Categories

There are three different types of eligibility determinations when considering ADA Certification:

- **Unconditional** – eligible, with no restrictions, for all trips with ADA Transportation.
- **Conditional or Trip-by-Trip Basis** – eligible for certain trips or trip-by-trip basis with ADA Transportation based on trip type, time schedule or other limitations.

Escambia County Community Transportation will schedule and provide transportation to and from the interview, at no charge.

Determination of ADA Eligibility

Escambia County Community Transportation will send an Eligibility Determination Letter regarding your ADA eligibility within 21 days of receipt of the completed documents or your interview.

After notification, and if eligible, trips cannot be scheduled for the first 48 hours.

ECAT, not Escambia County Community Transportation, makes the final determination of eligibility certification in all cases.

ADA Eligibility Appeals Process

Federal law restricts eligibility for ADA transportation service to persons who cannot utilize fixed route transit services because of a disability. This determination applies only to our eligibility for ADA transportation offered by Escambia County Community Transportation, or ECCT.

Under provisions of the ADA Act of 1990, applicants have the right to appeal any determination stating that they are not eligible for ADA transportation service or any restrictions which may have been placed upon their use of the service. Appeals must be received within 60 days.

You have the right to an in-person hearing with the ADA Appeals Committee; however, you may waive your right to an in-person hearing and have the Committee review your case without your presence. You may also participate by telephone, a call in number will be provided if you elect to participate via telephone.

To request an appeal hearing you may:

- Call Escambia County Area Transit at (850) 595-3228, Monday - Friday 8 a.m. – 4 p.m.
- Complete and return the Notice of ADA Eligibility Appeal form included in your letter
- Write your own letter notifying ECAT of your intent to appeal

These are options and you do NOT have to

file a written appeal. All of these options provide an opportunity to be heard and to present information and arguments to why you believe your Eligibility should be approved or changed. If you decide to request an appeal hearing via mail or if you decide to submit additional documentation as part of you appeal, please send items to the following address:

Escambia County Area Transit
ADA Eligibility Appeals
1515 W Fairfield Drive
Pensacola, FL 32501

Or fax to (850) 595-3222

The decision of the ADA Appeals Committee is final. You have the right to use the service if the ADA Appeals Committee has not made a decision within 30 days of the completion of the appeal process.

Should you feel your case has not been treated objectively, you have the right to contact the Federal Transit Administration (FTA) to file a complaint.

You may re-apply for ADA Transportation Service after six (6) months from the date of the interview. Understand, however, that re-applying does not guarantee a change in your eligibility status. Eligibility is determined not by a disability, but by your capabilities of using fixed-route services.
